FIVE CENTS

Lantern Night Program Fetes 52 Senior Coeds in Music Aud

Sorority, Dorm Sing Winners Perform

By MARION FISHER

An estimated 600 coeds attended the 29th annual Lantern Night ceremony last night which was held in the Music Auditorium due to rain.

Mistress of ceremonies, Dorothy Glupker, graduating

Mortar Board president, introduced the winners of the sorority sing, Pi Beta Phi, led by Sue VanNoppen, Larchmont, N. Y., sophomore, who presented their winning selection, "Holiday for Strings."

President Hannah spoke to the assembled group and said that women should revert to their position of moral leadership and authority. "Women have been custodians of these virtues for centuries and it is for men to achieve those things which women hold to be valuable."

AWS Activities Board president, Olga Torsky, and AWS Judiciary Board president, Jeanne Bachelier, were installed. Tower Guard officers were announced: president, Alice Severance, East Lansing; vice president, Lou Ellen Miller, Williamston; Eugene Armstrong, Delmar, N. Y., secretary; Margaret Miller, Detroit, treasurer.

Mortar Board officers announced are: president, Joan McMahon, Pleasant Ridge; vice president, Donna Mathias, Royal Oak; secretary, Margaret Fuller, East Lansing; treasurer, Kay Hammerstrom, Highland Park; quarterly reporter, Kay Allezan; historian, Mickey Walter, Flint.

East Lansing, winner of the Inter-Dorm Sing, then presented their selections: "If There is Someone Lovelier Than You," "Ezekiel Saw the Wheel" led by See LANTERN, Page 6

Congress Members Honored

Hannah Delivers Banquet Address

Approximately 60 Congress members and guests attended last night's Student Congress banquet in the Union.

Reviewing the record of the outgoing Congress, President Hannah said, "You haven't accomplished all the things you've wanted and that I wanted you to accomplish, but you have made progress."

"The reason you haven't achieved your optimum is partly due to history," he added. "Each succeeding generation has had a new notion of what they would like in student government which has resulted in confusion."

"Under those circumstances, it's not surprising that the organization has not achieved all it could," he continued. Hannah said his main concern over the wave of raids on women's dorms which has swept the country is that the demonstrations play into the hands of critics of higher education.

Leslie Dobyns, executive secretary of the YMCA gave the invocation and Bob Hale, Congress representative from Lansing was master of ceremonies. Outgoing speaker Dave Miller and President Gaylord Sheets also addressed the group.

Walter Dienhart was given the retiring president's award for service.

Special guests besides Hannah and Dobyns included: East Lansing Mayor Cornelius Wagenvoord; Mrs. Maurice Gonon, Counselor for Women; Lyle Thorburn, Counselor for Men; Dean Emeritus Stanley Crowe; Controller Phillip May, and Nick Pagan, Assistant Counselor for Men.

Ad Forms Required Of AFROTC Seniors

Air Force ROTC seniors who are graduating this term or summer term are required to report to the Quonset Cafeteria Tuesday, May 27 at 3 p.m. Cadets will fill out administrative forms, according to Col. Graeme S. Bond, P.A.S. & T.

King to Decide Jailed Raiders' Punishment

The 47 students arrested in Wednesday's thwarted "panty raid" were turned over to Tom King, dean of students, for disciplinary action yesterday.

King said he would conduct an investigation of the riot and announce what action will be taken within a week or 10 days.

A possible loss of draft deferment and suspension from college faces the students that were arrested. "However, we will judge each case individually and treat the students as we would any that are up for disciplinary action," King added.

Pres. John A. Hannah praised the handling of the mob by Campus, East Lansing and State Police. Hannah said, "I am pleased with the way it was handled. I am also pleased that no larger number of students participated."

The only casualty of the night was Lt. Leon Fagan of the Campus Police Department, who was treated at the College Hospital for a badly bruised arm. Fagan was hurt when a student slammed a door on his arm as he chased a group of rioters into one of their own dormitories.

Plain-clothed police with walkie-talkie radios moved with the raiders and directed police radio cars to intercept the mass of men at strategic points on the campus.

Campus police picked up 25 students, East Lansing police arrested 15 and other law enforcement officers nabbed seven. Most of the arrested students were released shortly after 2 a.m.

Commencement Ducat Distribution To End Today

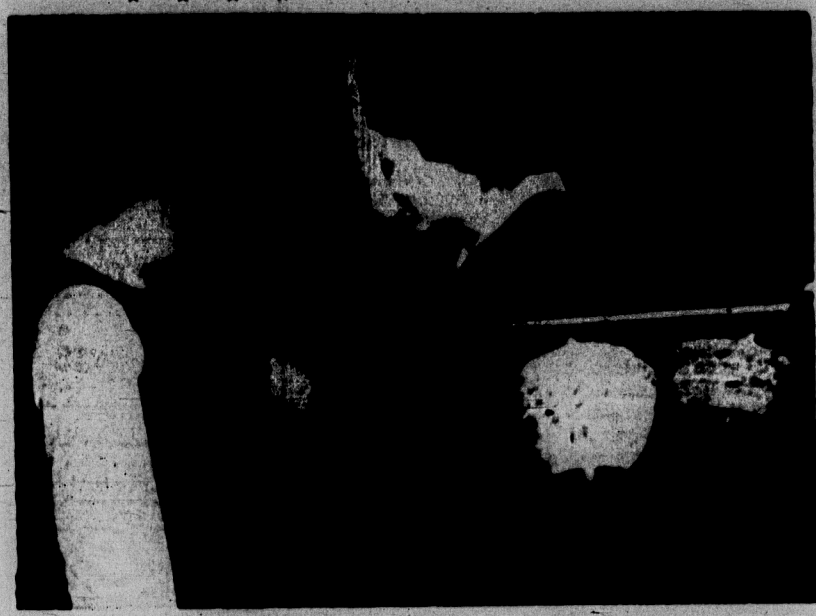

Today is the last day seniors can get tickets for commencement in Jensen Fieldhouse. Tickets, with commencement instructions, may be obtained at the Registrar's Record Office, 106 Administration Building. One additional ticket may be obtained by each senior starting Monday until the supply is exhausted, according to Lyle B. Leisnering, recorder.

The tickets will be used if Commencement is switched from Mackinac Stadium to Jensen Fieldhouse.

Two Psychology Talks Scheduled

Chairman of the Department of Psychology of Brooklyn College, Dr. Wayne Dennis, will speak on "Maturity and Old Age" at 7:30 p.m. today.

The second address by Dr. Dennis will be given Saturday at 10 a.m. in Room 17 Psychology Building. The subject will be "Animism in Children and Adults." All interested faculty and students are invited.

Dorothy Glupker, retiring Mortar Board president, installs Joan McMahon as the new president. The installation was a part of the Lantern Night ceremonies last night.

Seniors to Don Caps, Gowns Band to Lead Parade At Swingout Monday

Seniors will don caps and gowns for the Swingout next Monday.

Led by the MSC marching band, senior officers and council members, the parade will start from Ag Hall at 7:30 p.m., according to Bill Cass, Swingout chairman.

The parade will pick up class members in the approximate order of the establishment of their school. They will await the parade in front of their schools.

Agriculture and Forestry students will join the parade as it is organized at Ag Hall. Engineering graduates will be picked up at Olds Hall. The parade will then proceed to the Home Economics Building.

Business and Public Service graduates will join the parade at Morrill Hall.

The march will continue to the Natural Science Building for Science and Arts graduates and to the Veterinary Hospital for Veterinary School members. After all classes have joined the parade, it will move to Fairchild Theater for the program.

At Fairchild, seniors will hear addresses by President Hannah, Starr Kessler, director of alumni relations, and Cass President Gene Mellemott.

Also included in the program will be the announcement of 52 Club members and election of alumni officers.

In case of rain, seniors will go directly to Fairchild at 7:30 p.m.

Seniors who have ordered caps and gowns for the Swingout may pick them up at the Union Bookstore.

"A record number of students have ordered gowns for this year's Swingout. All indications point to the most successful participation in the event's 42-year history," Cass said.

Seniors who did not order caps and gowns for Swingout are urged to attend and may fall in behind the gowned students, Cass emphasized.

Class officers are expected to attend.

Plan for Next Term

Early Buying Advised by Bookstore

Plan ahead for next term and buy your books immediately after registering, warns Russell Villars, manager of the Union Bookstore.

Villars says that by waiting until after they have attended classes, students let themselves in for the familiar battle with the crowd, and the resulting frustration.

The Union Bookstore sells about 25,000 books each term, and keeps complete textbook lists. However, supplies can, and do, run out during rush periods.

Prices range from 10 cent pamphlets to \$11 technical books. The average cost of all books sold is about \$4.50, Villars says.

The Bookstore retains six full-time employees and 25 part-time student helpers throughout the school year. During the registration rush, 50 additional students are added on a temporary basis.

Because many students buy texts in the fall that are used during the following terms, the rush is generally greatest during the early part of that term. Villars feels it tapers off slightly during the succeeding terms.

GI Sentenced To Death by Court Martial

NUERNBERG, Germany (AP)—A U.S. Army court martial yesterday sentenced to death a 19-year-old American soldier for the high-way murder of two Germans he said he killed because a buddy "egged me on."

Sharp-faced little Pvt. John F. Vineault of Goffs Falls, N.H., described by the defense as a mental child too backward even to be allowed to target practice, with his fellow GIs took the sentence with no show of emotion.

He broke into sobs after he was led from the courtroom. Vineault is believed to be the first American to be sentenced to death for killing a German since the end of the war.

Although the 10-officer court did not specify, the usual Army method of carrying out the death sentence is on the gallows. As in all military court cases, however, the sentence is subject to review by higher authority and confirmation by the President of the United States.

Body Found in Car On Lansing Street

An Eaton Rapids man was found dead in his automobile on Lansing street on the outskirts of Lansing last night. Coroner Ray Gorsline pronounced the death a suicide.

The coroner said the man, Willis E. Boggs, 33, had been dead for about 12 hours. He added that a note was found addressed to Mrs. Boggs and that a hose led into the car from the exhaust.

Prof to Help Write Humanities Tests

Dr. Verdon E. Leichty, of the Department of Literature and Fine Arts, has been appointed a member of a five-man national educational committee to formulate a battery of aptitude and proficiency tests in the field of humanities.

The tests will be used to determine the aptitude of college seniors for work in the humanities. It is expected that the tests will be first used in the fall of 1954.

Educational Testing Service, Princeton, N.J., is sponsoring the research.

Aqua Show Balloon Idea Grounded

Air Stunt May Still Take Place

The Water Carnival Publicity Committee made plans for one of the greatest stunts that had ever hit the campus.

They procured one balloon, 30 feet in diameter, eight others seven to 10 feet in diameter, and 230 cubic feet of helium to fill them.

The Grounds Department agreed to sink moorings around the campus to hold them. Water Carnival slogans were to be painted on them. They were to be used to advertise the Carnival.

The great ascent was to take place Wednesday. But preparation for this goes back six months. The Physics Department was consulted to find the lifting force needed to keep the balloons in the air. After much calculation, it was determined how much helium was needed for the large one and the eight small ones.

The moorings were put in the ground, everything was ready. "Then, last week, the man in charge of the balloons left town unexpectedly. With him went the months of work on the balloons, the positions of the moorings, and the paint for the signs."

And what happened to the idea? Al Lustbader, publicity chairman for the Carnival, is still trying to get the balloons into the air. Maybe the greatest stunt the campus has seen will still get off the ground.

History Profs to Mull Problems of Europe

Three history professors will mull "America's Problem in Western Europe" during the weekly Current Affairs Forum broadcast over WKAR at 2:30 p.m. today.

Participating in the half-hour show will be Drs. Arthur Adam and John Harrison of the History Department and Dr. John Remond of the History of Civilization Department.

Physics Prof. Speaks At Western Reserve

Dr. E. A. Hiedemann, head of the Department of Physics and Astronomy spoke last night at a Symposium on "Acoustics in Chemistry" at Western Reserve University in Cleveland, O.

The talk was part of his role in the three-day symposium, sponsored by the Office of Naval Research in co-operation with Western Reserve.

Contrary to Common Belief . . .

South Campus Mink Not Used for Coats

The life of a mink—at MSC, at least—isn't all peaches and cream. Sometimes there isn't even the immortal glory of becoming a part of some lady's mink coat.

In the past three years, for instance, about 70 mink, enough for a full-length coat, have been taking part in experiments here.

The little creatures are kept in wire cages near the South Campus temporary class buildings, along with some raccoons and foxes.

The mink are from ranch-bred stock and are used in a feeding experiment conducted by the Michigan Experiment Station and Michigan Fur Breeders Association, under the direction of Roland Howell, research technician.

Dr. H. R. Hunt, zoology head, and Prof. C. G. Card, head of the Poultry Department, are in charge.

Since fall of 1949, seven basic rations have been fed the mink in an effort to find the one

which could supplant costly fresh meat and fish. The present ration, which resembles chicken mash, is fed the mink once a day. It contains 30 ingredients.

The present formula could be produced commercially, but work is being continued to make it more simple and less expensive. It may represent a considerable saving to the mink industry, which grossed \$2 million in Michigan alone, last year.

The results of the experiment can also be applied to the feeding of dogs and other carnivorous animals.

The mink are breeding now, with about four "kits" expected in each litter. At four months, the young mink are ready for pelting, but are kept instead as replacements for older members of the herd. (Mink no longer in the pink.)

Most of the original herd have been replaced by now.

—Photo by Ginny Wood
Levine, Brooklyn, N.Y., senior, and Tom Morrill, Detroit, tape record an interview with Suzanne Chubb, Romeo, at the Delta Zeta house last night. The interviews are used to provide future Water Carnival publicity committees with material to help plan better publicity campaigns.

Interviews

Students to Appraise Carnival Advertising

A student survey to evaluate Water Carnival advertising will start Monday, according to Al Levine, Brooklyn, N.Y., senior. Interviews will be tape recorded.

The purpose of the interviews is to discuss and compare present advertising and present advertising methods used by Carnival committees. This information is intended to benefit future committees in planning their campaign.

A research committee, headed by Levine, and advised by David J. Luck, of the General Business Department, will give the opinions. Students graduates will be contacted in the Carnival and for opinions.

At the Delta Zeta sorority house last night, Levine said, discussed: (1) aspects must about the show, (2) the they would attend and (3) the most attracting of advertising. Approximately 15 Delta Zetas asked these questions. A city replied they preferred attend the Saturday night and said that this year's in Berkeley Hall have been effective.

Party Planned for Retiring Dean Emmons

A party in honor of Dean and Lloyd C. Emmons will be held at the Delta Zeta house from 8 to 10 tonight. Emmons is the retiring head of the School of Science and Arts. The party will be held on the grounds of the Delta Zeta house. If it rains, the party will be moved to the Union

850 invitations have been sent to staff members of the School of Science and Arts, members of the faculty connected with athletic, the Admiration Group, the State of Agriculture and the Athletic Council.

Emmons plans to retire from his duty. However, he continues in his capacity as faculty representative to Western Conference at the Delta Zeta house. He has been at the School of Science and Arts since 1945 and head of the School of Liberal Arts and the college for 43 years.

Grant Given to Minister

Rev. J. Barbour Smith, a student in child development, has been awarded a fellowship by the Foundation for Economic Education of New York, N.Y. He will study in New York and then return to his school.

Smith, a Methodist minister, founded the church and St. Matthew's church in Detroit. He has been teaching at Olivet College.

Administration announces two changes in the building.

L. Dressel, chairman of Board of Examiners, has moved from Room 306 to a new office in Suite 5 in the East of Berkeley Hall.

NEWS IN BRIEF

House Slashes Foreign Aid Bill

WASHINGTON (AP)—The House slashed \$1.6 billion from President Truman's \$7.9 billion foreign aid program yesterday.

Russia Gives Iran Warning

LONDON (AP)—The Moscow radio said yesterday Russia has warned Iran against accepting American military aid. The broadcast said the Soviet Union charged that resumption of American military aid puts Iran's army "under the control of the United States government."

Koje Inmates Start to Weaken

KOJE ISLAND, Korea (AP)—Communist inmates retained control yesterday within the 17 barbed wire enclosures of this big POW camp, but were weakening under a firm show of force by battle-tired U.S. troops.

Senate OK's Immigration Bill

WASHINGTON (AP)—The Senate last night passed the bitterly-fought McCarran bill revising the nation's immigration and naturalization laws.

Student Government Ends First Year With New Setup

Campaign Brings Constitution Victory

Supporters Overcome Difficulties; Student Tax Goes into Effect

By ROY NORGREN

Although the present Student Government is but an interim, it has had its share of growing pains. Here is a recap of its long uphill struggle for recognition.

The Student Council approved the "new" Student Government constitution on May 15, 1951. This culminated two years' work by an executive Planning Committee in the constitution.

The constitution was approved by the Student Council on May 15, 1951. This culminated two years' work by an executive Planning Committee in the constitution.

On Nov. 27, the Congress felt that the student body was not well enough informed of the use of the tax, so the date of voting was moved up to Feb. 21. In the meantime, the Congress began distributing pamphlets explaining the Student Government and the tax.

The two letter word "or" which was omitted from Article 7, Section 1 of the constitution when it was misprinted left the Congress without power to hold a vote on the tax without first circulating a petition.

Without the "or" article read: "Amendments to this constitution may be proposed by the Student Congress by a petition signed by 10 per cent of the qualified voters of the student body." The crucial "or" should have appeared between "Congress" and "by."

Student Congress members began circulating petitions to get the required 1,300 signatures to put the amendment before the student body.

In a squabble with the Congress, the Judiciary said that it might not be necessary to circulate the petitions since the word "or" appeared in the original document.

The Judiciary finally decided to circulate petitions, and with only eight days remaining before the election on Feb. 21, congressmen hadn't enough signatures.

By Feb. 11, the congressmen had finally gotten together 1,652 names and the election was scheduled to go off as planned.

A majority of the student body would have to vote and a majority of those voting would have to vote "yes" in order for it to go through.

The tax amendment passed 3,422 to 2,437. The election wasn't even over before protests were being raised about certain irregularities in the voting procedure.

It was charged that some election boxes were left unprotected, that in certain fraternities the 10's hadn't been punched and the 10's hadn't been punched and the 10's hadn't been punched.

Criticism of the election procedure continued, and petitions began circulating which demanded another election.

The Student Congress decided to hold another election on March 10. The amendment passed by a 250 majority.

Spartan Story . . .

The man who named Michigan State athletic teams "The Spartans," George S. Alderton, sports editor of the Lansing State Journal, is writing a book on State's athletics to be called "The Spartan Story." It is timed for publication in 1955, Michigan State's centennial year.

C Directs Ten Convo

Activities of the Big Ten Conference will be discussed at a convocation of the Michigan State Athletic Association, which is being held at the Big Ten Hotel in Lansing.

Listening to the "call of the future" are Dorothy Mearns, Dearborn freshman and publicity chairman; Dale Rhodes (seated), Benton Harbor senior and Student Congress treasurer; and Bob Martin, Dearborn senior and Secretary of State Affairs. Martin points to the date next fall when the new Congress will officially open 1952-53 sessions.

Future Docket Planned Judiciary Pledges Service to Students

By DON SIMMONS

The court of students for students—MSC's Student Government All-College Judiciary—is bringing to a close its first year of work.

The student court is provided for under the Student constitution. It is intended for student use, according to justice Burt Spurrier, and has authority on the constitutionality of Student Government actions.

Seven members compose the Judiciary. The counselor for men and the counselor for women are the only non-student members of the body, and automatically assume their membership under the constitutional provision.

Men's Council and Women's Council appoint one student member apiece, and the remaining three positions are filled by appointments of the Student Government President with the approval of the Student Congress.

The President's appointees are called "members-at-large" and serve 12-month terms of office. A member-at-large will serve his third school term on the Judiciary as chairman, a position which has come to be called "chief justice."

The "chief justice" for the present term is Spurrier, a 4-Grosse Pointe senior.

The Judiciary, like the national Supreme Court, has both original and appellate jurisdiction. It has original jurisdiction over matters pertaining to actions of the Student Government. It has appellate jurisdiction over cases involving student infractions of college rules that are appealed to it from the Women's Judiciary or Men's Judiciary.

In such cases of appeal, the decision of the Judiciary constitutes the Student Government recommendation to the Dean of Students. The administration is not bound to act in accordance with this recommendation. Spurrier said, but to date has co-operated completely.

Men's Council representative is Bill Euler, West Orange, N.J. junior. Women's Council is represented by Rosalee Nash, Howell junior.

The other members-at-large besides Spurrier are Bob Horman and Dan Mitchell, both Lansing juniors.

Spurrier, a pre-law student, is working on a codification of College regulations and laws to help the Judiciary in its work.

Some hope has been expressed that lower courts might eventually be set up to handle minor cases before they are brought before the Supreme Court.

Bureau Aids MSC Clubs

Because of the growing number of campus organizations, the Department of Organizations was formed to aid and regulate the approximately 170 groups now in existence and to aid other groups which may wish to form.

This department is part of the executive branch of the Student Government and enforces all acts pertaining to organizations passed by the Congress.

Any constitutional changes organizations make must be submitted to the department for approval. It is the duty of the department to investigate all groups to see that they stick to their constitutions.

For any organization which does not adhere to the rules, the department has the power to recommend disciplinary action.

All new groups must have their petitions checked for constitutionality before they may request a charter. They must also have 13 members to be eligible to organize a group.

A new group is put on provisional status for one year, after Congress and Faculty approval. During this time they must report all their present activities and all plans for the future.

Chairman Bob Housedorf stressed that organization information sheets are due at the end of this week. These may be obtained in the Student Congress office, he said.

School Bureau 'Boosts' MSC

Promotion of MSC to high school students is the main task of the Student Government's high school co-operation division. Working with Dr. Guy Hill, MSC's representative to secondary schools, student workers strive to "sell" the college.

In addition to traveling with Dr. Hill and his staff, the group encourages students to take films home during vacation, to show high school students.

Students at Michigan State are also contacted by the group and urged to recommend the college to students at their high school alma maters.

New Congress to Seat More Representatives

The representation system for the Student Government has recently been amended in regards to proportionment. It is hoped that everyone will be equally represented.

Representatives to the Student Congress are: Jim Baker (Snyder); Robert Barker (West Shaw); Robert Bolo (East Lansing); Dick Bridges (West Shaw); Robert Bruce (Married); Roy Busch (West Yakely); John Cheney (West Shaw); Jerry Davis (Men's Co-op); John Davis (Mason); and Richard Davis (Married).

Others are Del Ehlers (North Campbell); Laurel Fountain (Women's Co-op); John Freese (East Shaw); Marc Gerth (Lansing); John Giddings (Lansing); Kies Haeckern (Abbot); William Harmon (Mason); Dorothy Hlavay (South Williams); Don Holland (East Shaw); Don Hsieh (Fraternities); and James Hurst (Married).

More representatives are Elaine Jennings (Lansing); Horatio Lewis (Snyder); Irene Magnel (West Lansing); Mary Jo Maguire (North Williams); Marilyn McBride (East Mayo); Ted McConnell (Phillips); Dave Miller (East Lansing); Lou Miller (East Lansing); George Monaghan (Married); Virginia Newman (West Mayo); and Lavonne Parker (Sororities).

Other representatives are Mary Pille (Wells); Paul Rabant (East Lansing); Ardeth Raymond (Gilechrist); DeWayne Schermerhorn (Phillips); Virginia Schaffer (East Yakely); and Richard Shaw (Fraternities).

Others are Bob Steele (Lansing); Jack Subar (Lansing); Harry Thuermer (Abbot); John Toben (East Lansing); Doug Van Zandt (East Shaw); Janet Wagner (Sororities); Richard Warren (Lansing); George Weeks (East Lansing); John Winkeljohn (Fraternities); and Georgia Zehn (East Lansing).

Groups Urged To Submit List Of Members

All campus organizations must turn in information sheets and membership lists by May 25 to the Student Congress office.

The information and membership forms are available at the Student Government office, third floor Union, according to Bob Housedorf, Ashbury, N.J., junior.

According to Student Congress ordinances, organizations that do not file this information will be automatically declared inactive.

Reception Planned For Arabian Students

A reception for Arabian students will be held Saturday at 8 p.m. at the International Center. President Horvath will attend.

Chairman of the event is Monstaha Zeidan, Beirut, Lebanon, graduate student.

**Be Happy-
GO LUCKY!**

At archery I am a whiz—
I hit just what I like,
But when I aim for better taste,
I smoke a Lucky Strike!

Judy Schlosser
Harvard College

In a cigarette, taste
makes the difference—
and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellower, more enjoyable taste of a Lucky . . . for two important reasons. First, L.S./M.F.T. Lucky Strike means fine tobacco . . . fine, mild tobacco that tastes better. Second, Luckies are made to taste better . . . proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that tastes better! Be Happy-Go Lucky! Buy a carton today!

Bums Drop Reds, Hold NL Lead; Indians Don't Back Lemon, Lose

BROOKLYN (AP)—Brooklyn's league-leading Dodgers snatched a game out of the fire yesterday, rallying for four runs in the eighth inning to overcome a three-run deficit and nip the Cincinnati Reds, 8-7. The triumph enabled the Dodgers to maintain their half-game edge over the New York Giants.

Roy Campanella, returning to the lineup after missing three games because of a swollen hand, struck the big blow for the Dodgers, a game-tying home run following singles by Pee Wee Reese and Jackie Robinson in the eighth inning.

Starter Frank Hiller was the victim of this blow but Frank

Smith came on to lose the game. Andy Pafko smacked Smith's first pitch into left field and by daring base running, made it a double. Duke Snider sacrificed and Gil Hodges drove in the winning run with a fly to Bob Borkowski in left field.

Joe Black, rookie righthander and fourth Brooklyn pitcher, was the winner. He took the mound in the eighth and allowed a single in two innings to be credited with his first major league triumph.

Clem Labine started for Brooklyn and gave up four runs in the third on one terrific blast, a grand slam homer by Joe Adcock into the centerfield stands. The Dodgers came back with three runs in the fifth on singles by Pafko, George Shuba and Bob Morgan plus an error by Grady Hatton.

Cincinnati 000 000 300—7 1 1 Brooklyn 000 030 100—8 10 1 Hiller, Smith (8) and Hemmick, Labine, Borkowski (6), Erskine (7), Black (8) and Campanella.

WP—Black, LP—Smith, HR—Cin-Adcock, Hatton, BB—Campanella.

MICKEY HURLS HITS

CLEVELAND (AP)—Maurice McDermott pitched and batted the Boston Red Sox to a 3-2 victory over the Cleveland Indians before 5,384 fans yesterday, giving them an even break in the two-game series.

With the score tied 2-2 in the ninth, McDermott lined a single to left, moved to second on a single by Johnny Pesky and slid home with the winning run on a single to right field by Billy Goodman.

Until the ninth, the Red Sox southpaw was deadlocked in a tight pitching duel with Bob Lemon, who had allowed only three hits and two runs, both unearned, in eight innings.

The Indians, who, like Boston, scored in the first and third, totaled seven hits off McDermott, who evened his record at 2-2. Lemon, whose record is now 4-3, permitted only six hits, but issued seven.

passes to six off McDermott. Both fanned four.

Boston 101 000 001—3 6 1 Cleveland 000 000—2 7 2 McDermott and Niarson; Lemon and Wagan.

SECOND SHUTOUT

PHILADELPHIA (AP)—Curt Simmons, Philadelphia Phillies' sensational lefthander, yesterday won his second consecutive shutout victory by defeating Pittsburgh 6 to 0 on three hits and belted an inside the park home run to augment his effort.

Simmons struck out eight Pirates, walked five, and was never in danger of even being scored upon. It was the lefthander's third win against one defeat.

Pittsburgh 000 000—0 3 1 Philadelphia 100 020—6 10 1 Mungar, Wilks (7) and McCullough; Simmons and Lopata, HR—Simmons.

NEW STARTER

NEW YORK (AP)—Monte Kennedy, second line New York hurler, won himself a regular starting turn yesterday by pitching the Giants to a 6-0 victory over the St. Louis Cardinals.

Kennedy yielded only four singles while his teammates routed Redbird ace Gerry Staley and two aides with an 11-hit attack that included a home run by Davey Williams and triples by Alvin Dark, Willie Mays and Don Mueller.

The victory gave the Giants the rubber of the three-game series with the Cards but it left them still in second place, a half game behind the Brooklyn Dodgers.

St. Louis 000 000—0 4 2 New York 010 020 120—6 11 7 Staley, Werle (6), Borkowski (8) and D. Rice; Kennedy and Westrum LP—Staley, HR—St. Williams.

BRAVES' CURS SPLIT

BOSTON (AP)—After Bob Rush cut down the Boston Braves with a four-hit pitching performance to give the Chicago Cubs a 3-0 triumph, the Tribesmen, Sam Jethroe and Bob Thorpe especially, rebounded to provide lefty Warren Spahn with a 5-0 shutout in the last half of yesterday's doubleheader.

The burly Rush never was in danger as he clicked off his fifth win, the last four in a row, against two losses. He also contributed to the Cubs' offense, collecting two of the nine hits against Vern Bickford and driving in the first Chicago run in the second inning.

Spahn's duel with the right-handed Johnny Kippstein was decided in the opening frame, when two runs were chalked up on Roy Hartsfield's single, Ed Mathews' double, a wild pitch and Sid Gordon's fly to right field.

Luke Just Lukewarm About Bums

BROOKLYN (AP)—Luke Sewall is not exactly the jealous type but he's a little miffed that Brooklyn is getting all the credit for that record-shattering 15-run first inning Wednesday.

"Cripes," he exclaimed, "the square-headed Reds manager yesterday after sleeping off the nightmare, 'Where do they get that murderers' row stuff? What's this about them knocking us dead with base hits?'

"Why we were as much responsible for that inning as they were. Just look at the play-by-play. What was it? Seven walks, wasn't it, and two hit batters. And Jackie Robinson got that hump-backed double and Al Walker hit a crazy bouncer that hopped over the infield."

Manager Chuck Dressen of the Dodgers was inclined to go along with Sewall and postpone any labelling of his hirings as the new fencebusting wonders of the game.

"It was just one of those things," commented Dressen. "I'm glad to see the boys snap out of it, and I hope it's more than a flash in the pan."

MSC Keglers Challenged; Bowl Sunday

After almost a month lay-off, the Michigan State bowling team returns to the alleys Sunday in answer to a challenge by the Cherry Pickers of the Intramural Independent League.

The match, slated for 8 p.m. in the Union Alleys, will pit the MSC team, second place finishers in the Big Ten, against one of the top fives in the Intramural League.

Bowling for the Spartans are team Capt. Ted Poniatowski, LeRoy Smith, Stan Kurzman, Don Siegan and Jack LaBelle.

Rolling for the Cherry Pickers will be Fred Miranda, LaVerne VanBeek, Bob Kutchins, Bill Knapp, Ron Grimm and Ed Courtemanche. Courtemanche, who is a member of the MSC team will be loaned to the Cherry Pickers for the match.

Making Critics Blush

Lawson Sparkles Now

Baseball Question: What Spartan pitcher is currently laughing up his sleeve at the critics who claimed he was washed up just a few short weeks ago?

Answer: If you didn't say Tom Lawson, you haven't been following the episodes of a ballplayer

er whose fortunes during a three-year career at Michigan State have rotated more than a Bing Lardner fictional character.

It was two years ago that Lawson, then a sophomore, made his debut as a Spartan hurler by striking out 50 batters and hurl-

ing 71 innings to become workhorse of a MSC mound that for the last few years been shy of neither talent

numbers. On the strength of this impressive beginning, great things predicted for Coach Koby find and the drum-beater him labeled for a banner in 1951.

All went well during Southern trip as the Lawson press was on the right track two quick victories. Then before the regular season the first detour appeared in success trail.

Never one to be satisfied the commonplace, Tom picked an unprecedented injury which collided head-on with the pole in Old College Field, shagging a fly during a pre-season. When the pieces put together the damage totaled as a torn knee cap and several stitches in the

The knee, slow in healing, hindered his progress the year and though he returned to take his turn as starter, his record of 2-1 considered a big disappointment.

This season, prospects even worse when Lawson lost the benefit of his start intra-squad games because teammates were needed, no puzzle whatsoever. Lawson treated him like a commoner, an avalanche of self-doubt.

Whispers spread that he no longer had the stuff. Lawson, who ranked as the team's outcher two years ago, was now practically a body as a senior veteran.

Kobs was plainly reluctant to even test his one time workhorse. Lawson still faced a single batter. His chance finally came in a losing relief chore and Iowa. Everyone was surprised when he yielded a hit or run in the brief

Next came another role against Notre Dame. time he went five frames and results were almost identical. two hits and no runs.

These two near-performances earned him his starting role against Michigan. The hard-hitting Wolverines had shown no mercy for any hurlers all season. Lawson, the 21-year-old right-hander, climaxed a long fight back to top.

In his last start against Indiana, Tom was scored upon the first time this season still handed the Hoosiers a loss with some crafty pitching.

Victory No. 3 will be today against Wisconsin, a pitcher who has remained as one of college baseball stars. It's been a long 62 days since Tom Lawson's still got it.

Host Purdue

Spartan Champs Set For Final Dual Meet

By BOB LEWIS

The Spartans will get their final look at Michigan State's tennis champion team this afternoon when the Spartans take on the Purdue Boilermakers at 3 on the tennis courts at Macklin.

The dual meets to date, state credit has an 8-1 record, including a 4-1 Big Ten record. The Spartans are seeking their first West-Indiana conference title in history.

The Spartans, 5-4, for one setback. The Boilermakers, who were 6-0 in state last year, are looking for their first Big Ten title.

The dual meets will play in the No. 2 pairing. The Spartans will play in the No. 1 position.

The dual meets will play in the No. 2 pairing. The Spartans will play in the No. 1 position.

Kobsmen Close Conference Play

Last Title Hopes Rest In Weekend Series

By JACK KOLE

Retaining but a slim chance to back into the Big Ten baseball title, the Spartans tangle with Wisconsin this afternoon to open a three-game road trip.

The Spartans will be out to break a third place deadlock with the Badgers today at Madison. Game time is 4:30 (EST).

Saturday, the MSC nine moves to Evanston for a double-header with sixth-place Northwestern. The Wildcats boast a 5-5 conference record.

If State loses today it will probably end any MSC title hopes, because first place Illinois, which boasts a 9-3 conference record, has two games with ninth place Iowa Saturday.

Second place Michigan can move into the top slot only if Illinois drops one of its three weekend tilts and the Wolverines sweep their three weekend games.

The Spartans' chances for the flag appear slim at best. Both Illinois and Michigan must lose two while MSC is making a clean sweep. Such a combination would give the Spartans a first place tie with the Illini.

Although their 2-5 record does not reflect the Spartans are in a more favorable position as far as team play hopes are concerned. By winning Michigan twice on Saturday, they can eliminate one contender, but they also need to combine this with a victory over the Spartans and two Illinois losses.

Tom Lawson, leading the Spartan staff with a 1-0 earned run average, will probably get Coach John Kobs' nod to hurl in today's game. Right-hander Lawson boasts two conference victories against no defeats.

For Wisconsin it probably will be Ron Unke, who possesses a 2-2 Big Ten record. The Badgers also have a number of hefty hitters to go along with a solid pitching staff.

Against Wisconsin over the years the Spartans retain a slight edge with 15 victories in 28 contests.

Roger Howard and southpaw Don Quasle will probably be on the mound against Northwestern, opposed by Buster Carlson with a 2-2 conference record.

Strikeout Ace Promoted

Class D Hitters Smile

BRISTOL, Tenn. (AP)—Just how good is Ron Neece, the fabulous strikeout king of the Bristol Twins?

The Pittsburgh Pirates, who own him, and all baseball would like to know.

Neece (pronounced netch-eye) has struck out 109 batters in winning four straight games for Bristol of the Class D Appalachian League.

The answer probably will not come until 19 year old "Rocket Ron" operates in a league where the batters have been blinding speed and good curves before.

The former Monongahela, Pa., sandlotter leaped into baseball's limelight May 13 when he tossed a 27 strikeout, 7-0 no-hitter.

Branch Rickey Jr., sent by Pittsburgh to look over the young star, said Neece will be promoted, maybe to the Pirates, but the final decision will be made by his father. Hollywood, the Pirates' Pacific Coast League farm, may get him.

Six MSC Boxers Among State's Olympic Hopes

DETROIT (AP)—Michigan will send 31 boxers to the central district Olympic trials at Toledo today and tomorrow, the Michigan Amateur Athletic Union announced yesterday.

Included will be five Michigan State boxers, 14 Detroit Golden Gloves youths, eight Flint Golden Gloves jabs, and four Kalamazoo Golden Gloves.

The Toledo qualifiers will move on to the June U.S. Olympic final trials at Kansas City. Chuck Speiser, 177-pound Michigan State, has already qualified for the finals by winning the NCAA title.

The Toledo entrants from MSC include Lefty Jeffrey, 119-pound Detroit freshman; Ernie Charbonneau, 112-pound Detroit graduate student; Jim Evans, 132-pound Saginaw freshman; Jed Black, 148-pounder from Jansville, Wis.; and Herb Odum, 155-pound Flint freshman.

Charbonneau and Black were former NCAA champs and Odum and Jeffrey former Michigan Golden Gloves titlists.

OPEN THURSDAY EVENINGS — 7-9

To Delta Theta Pi
Assemble ye promptly and harken to this proclamation which portends your impending doom!

The benevolence and tolerance of the august Lord of Delta Street has been taxed; it appears that the status of vassalage no longer satisfies the baronish bumpkin beta's Lord Phi Tau. Long recognized sovereign of Delta Street will be deposed to improve the realm, once again, with position occupied by the Delta sorcs.

Thus has it been — so shall it remain. If your common sense be overbalanced by futile pride and misdirected vaingloriousness, appear at the bridge as your challenger indicates. BUT REMEMBER: Impertinence and threats can result in subjugation and subversion at the hands of the loyal to the constituted authority of his majesty — Lord Phi Tau.

You have but to question this authority to seal your doom. By order of PHI KAPPA TAU, Lord of Delta Manor and all lands and subjects thereon residing.

Lantern

(Continued from Page 1.)

Ruth Anne Olson, Pittsford, N.Y., senior.

President, Hannah read the names of the 52 senior women as Mrs. Hannah presented white carnations to the coeds. Girls honored include: Helen Alexander, Bad Axe; June Anderson, St. Johns; Martha Atkins, Flint; Barbara Bashore, Pontiac; Dale Baum, Detroit; Beverly Bennett, St. Clair Shores.

Others are Mary Boyd, Royal Oak; Josie Bubolz, East Lansing; Mary Bromm, Saginaw; Beverly Cassidy, Royal Oak; Gladys Constantine, Grosse Pointe; Mary Dawson, Ferndale; Peg Deiss, Saginaw; Eleanor Dennis, Milford; Marilyn Dressel, Ann Arbor; Anita Doyle, Lowell; Mary Lou Folger, Hillsdale.

Open Air Concert Set for May 28

The Michigan State concert band under the direction of Prof. Leonard Falcone will give its annual spring concert in the Bandshell May 28.

The open air program will feature an original composition by Associate Prof. Owen H. Reed of the Music Department who will also direct the number.

The piece is based on an old square dance tune.

Style Show Planned By Spartan Wives

Play clothes, cottons and evening wear will be featured at the Spartan Wives' style show May 27 in Peoples' Church parlors.

The show will be presented in conjunction with the Town and College Shop.

Mrs. Joan Huss, Mrs. Barbara Earle, Mrs. Joyce Carlstrom and Mrs. Barbara Kaspa will model the fashions.

All student wives and their guests are invited, according to Mrs. Verna Roy, club president. Dessert will follow the program.

Federalist Group To Hear Smuckler Speak at Meeting

United World Federalists will hear Ralph H. Smuckler, instructor in political science and public administration, speak today on "Strengthening the Structure of the United Nations."

The meeting at 8 p.m. in the Guggenbom Room of Peoples' Church is open to the public. Dr. Robin Drews, president of the Lansing branch, said United World Federalists is a national organization supporting the reorganization of the UN into a world federal government.

Coed Singers Plan Concert

The Women's Glee Club, directed by Ethel Arneling, will present its annual concert June 3 in the Music Auditorium.

Marking its 25th season as an organization, it will present a varied program of religious and light pieces. Martha Hess, Dearborn freshman, and Betty Giagnoni, Farmington, Ill., senior, will be the pianists.

Brasms' "Ave Maria," "Agnus Dei" by Antonio Lotti, and "Ah Jesus Christ, My Lord Most Dear," a German folk song, are among the songs which will begin the program. A small ensemble will present a medley of songs for children.

Concentrating mightily on a "divining rod" are Lowell Levi, Saginaw Junior, of Phi Kappa Tau and "Red" McCullough, Delta Theta Pi freshman from Grosse Pointe. Each claimed the "magic stick" pointed to the other's fraternity as the one which would end up in the Red Cedar for Saturday's annual tug-o-war. The traditional pull is set for 10 a.m.

Animal X-Ray Unit Now in Use at MSC

Valuable Cancer Research To Aid Modern Medicine

MSC is one of five schools in the country which owns an X-ray therapy unit, used in treating animal ailments.

This \$15,000 machine was purchased by the School of Veterinary Medicine to aid in cancer treatments.

Purchased from General Electric, the unit's versatility has been increased by hanging it from the ceiling, enabling it to be turned in all directions.

All types of animals can be treated with the unit. At present about four are treated every day.

After the animal enters the hospital, X-rays are taken. Studies are then made and surgery determines if the case can be treated by the machine.

The therapy is given in series and the animals are anesthetized before each treatment.

If there is no reappearance of cancer for a year after the treatments, the animal is considered cured.

Juniors and seniors in radiology gain experience working with the X-ray unit. They may help with such things as positioning, preparing the patient, and loading and taking films.

However, Dr. Andrew C. Wheeler, radiologist, is the only person who operates the machine.

Dr. Wheeler is designing a table on which a variety of animals may be anesthetized for the treatment.

"Since there is no difference between cancer in animals and people, something may result from this study which will aid the total picture of cancer in the world," Wheeler says.

The Arctic ocean has a low salt content compared with other seas because of the many American and Asian rivers flowing into it.

MSC Station Photographed

Aerial photographs of the MSC-owned Dunbar Forestry Experiment Station are being taken by the Abrams Aerial Survey Co. of Lansing.

The experiment station is located in Chippewa County, south and east of Sault Ste. Marie.

In 1946 this 6,000 acre tract was photographed for MSC with infra-red film for the use of MSC forestry students. Using this type film, foresters can identify various types of trees and therefore evaluate the timber stand photographed.

Comp Permission

Students wishing to obtain permission to repeat Basic College term-end examinations must contact the Basic College Office by May 28, Joyce Holly, Board of Examiners recorder, said.

Got a Date Tonight?

Make it special... Dinner at the PAGODA.
Thick, juicy steaks... Fresh, delicious sea foods... Tender, golden brown chicken, and other dinners of your choice. All this plus entertainment at the...

Pagoda Restaurant

1824 E. Michigan Ave.

there'll be a...

MARCH IN JUNE

because...

Everyone will MARCH down to the Red Cedar to see "Film Antics" June 5, 6, and 7.

And what a show they'll see!!

The Carnival nights will be filled with songs, laughter, and... applause.

Will you join the MARCH in JUNE? Will you see the finest, funniest, and most fascinating show ever presented on this campus? Will you Laff and Smile "Film Antic" Style at the 1952 Water Carnival?
