Department Heads Add Spice to News

By the News

Each department of the university has its own personality, and each department head expresses that personality in his or her own unique way. Nowhere is this more evident than in the News, which is edited by a student manager and is staffed by a diverse group of students.

In this issue, we will feature stories from the departments of Agriculture, Business Administration, Education, Engineering, Fine Arts, Humanities, Natural Sciences, and Social Sciences.

For example, the Agriculture department will have a story about the benefits of organic farming, while the Business Administration department will have a story about the importance of ethical business practices.

The Education department will have a story about the latest developments in educational technology, while the Humanities department will have a story about the importance of literature and art in our lives.

The Engineering department will have a story about the latest in technological innovations, while the Fine Arts department will have a story about the latest in visual and performing arts.

The Humanities department will have a story about the latest in literary and artistic developments, while the Natural Sciences department will have a story about the latest in scientific research.

The Social Sciences department will have a story about the latest in social and political developments, while the Humanities department will have a story about the latest in artistic and literary developments.

We hope you enjoy these stories and that you find them informative and interesting.

Think Before You Sign

There is an old saying that states, "Think before you sign." This is especially true when it comes to contracts and agreements.

Before signing any contract or agreement, it is important to carefully read and understand the terms and conditions.

For example, before signing a lease agreement for a new apartment, it is important to carefully read and understand the terms and conditions of the lease.

It is also important to understand any potential penalties or fees that may be assessed if the terms of the lease are violated.

By carefully reading and understanding the terms of any contract or agreement, you can avoid potential problems and issues in the future.

Thank you for reading the News.

Butterfield's Choir Sings Amid Debris

First Dorm To Have "Arts" Room

Rooms Feature Modern Furniture

By FRAN GREGORY

Angelic voices, foods, and construction debris, members of Butterfield Hall gather every Wednesday. The only time the room is completed is when the choir members are singing. It will be used as the dorm's kitchen and dining hall.

The choir is made up of students from all over the world. The choir members are from the states of Michigan, Indiana, Ohio, and Illinois. The choir is composed of students who have never sung before.

Optimism

Some talk of spring ahead! The morning sun is shining, and the birds are singing. The room is full of light, and the air is fresh.

Lights Out!

There was some light in the dormitory last night, but the lights were turned off early. The room was dimly lit, and the roommates were chatting.

Pledge Play

While the choir anxiously awaits the arrival of spring, they continue to work on their pledges. They are practicing their songs, and the room is filled with music.

Coed Finalists to Vie for Pushcart Queen

Ten finalists for the "Junior to Senior"推选 by a select group of students are competing for the title of Pushcart Queen. They are: Carol Whitmore, Jackson Mathis; Margaret Lehrman, Dylan Fraley; and Carole White, John Smith.

Ballot Box

Newly elected officers of Theta 13 Chi: Larry Douglass, Sales Manager; John Smith, Secretary; George Miller, Treasurer; and Margaret Lehrman, Treasurer.

Coeed to Discuss "Women in India"

Last week, the Theta Chi held a meeting to discuss "Women in India." The meeting was well attended, with many students participating.

Kappa Awarded Scholarship Cup

This Is Living

By MARK ALICE HITCHKICK

Ten can live life is such as one. Statasticians may disagree, but many of the more than 1,000 Sigma Chi students who now make up the national fraternity say that it's true.

They have put together a list of the things that make up the Sigma Chi fraternity's life. It is separate from the list that is given to the fraternities they have in the near future, and it is not the list of things that are in the fraternity's life. It is not a list of things that are in the fraternity's life.

It's the list that is put together by the students who have been in the fraternity and who have been members of the fraternity. It is not a list of things that are in the fraternity's life. It is not a list of things that are in the fraternity's life.

The list will be made available to the students who have been in the fraternity and who have been members of the fraternity. It is not a list of things that are in the fraternity's life. It is not a list of things that are in the fraternity's life.

No Names Beat Rams
In Last Seconds of Game

Jim Pats
Black Two In Deadlock

For the first time in the history of the Mighty Ram, the Rams have
been beaten by a team that was not scored against in the
entire season. The final score of the game was 12-7.

For 45 minutes the Rams played a tight defense and refused to
allow the other team to score. The Rams' defense was
well coordinated, and the players worked hard to prevent
any chance of a goal.

North Eastern pulled off a 1-0 win in the 90th minute of the
game, taking the win with a 99-yard free-style victory.

Misfortune Strikes Again

Polomsky Through for Icers' Season

By MIKE CARE

It happened again! The Spartans hockey team already
weakened by tuberculosis, learned Tuesday night that John
Polomsky would definitely not be on the ice for the remainder of
this season. His mother, Mrs. Mary Polomsky, arrived in Ann
Arbor to announce the tragic news.

Polomsky has already missed the last two games because of a
bad back injury, but he was not cleared for any further
participation in the hockey team.

In the Minnesota game, Jan. 19, Polomsky fell to the ice after a
hard check and injured his back severely. It was decided that he
could return to play within the next two weeks.
