### Hannah Given New Position MSC President to Serve On Joint Defense Board

President John A. Hannah will resign as assistant secretary of defense in charge of manpower by July 1 and receive full-time duties as MSC president, he said Friday.

### Carnival To Open Saturday

Calliope, Cars To Add Glitter

By MARIE BUCK  
State News Associate Editor

A carnival atmosphere will be in supreme at 7 p.m. Saturday when the doors open the 1954 Spartacade.

Issues the 29 booths entered the Spartacade competition by the students will be a special group of sports and experiential model cars on display.

Challenge loaned by a Detroit firm will add to the carnival spirit. Gobel added that a challenge will light the way to the entrance of Jenison Spartacade, an annual event.

The 1954 raises funds for campus Chest. Last year, Spartacade profits amounted to \$2,600.

Expectation that he expected a large turnout to attend this year's Spartacade.

Changes will be made to the program he said. To facilitate entrance into Spartacade, ticket booths will be set up.

The increase of four over last year's Spartacade, he said. The Spartacade has been boosted by the Spartacade program.

Dr. Hingra, chairman of Spartacade, announced that the Spartacade will be held in the gymnasium and non-participation will be judged by Linda Decker, MSC art department instructor, H. C. Gallipe, Lansing photographer, and Raymond Harold, window display director of a Lansing department store.

The Spartacade will make their booths in the gymnasium separately.

Three trophies for first, second and third place, in each of the classes will be awarded.

Another change in judging procedure was announced by Hingra. The continuous performance shows in the non-participation class will have 70 percent of their points awarded on the basis on art work.

### Blue Monday Chilly Morning To Greet First Spring Classes

Spartans may still need to "button up that overcoat" for 8 o'clock classes.

Although the Weather Bureau predicts "mostly cloudy and not so cold," a low of 25 degrees and a high of 42 is expected.

The mercury dropped to 16 degrees early Sunday morning.

### Spring Term Registration Hits 13,176

Registration figures showed 13,176 students were enrolled when the Auditorium closed Friday afternoon.

Registrar Robert S. Linton announced Sunday.

Linton estimated an increase to 13,400 by Monday, April 12, the last day latecomers will be allowed to register.

Late registration fees begin today with a charge of \$15. Tuesday's registrants will have to pay \$20 and those enrolling Wednesday or after will be charged \$25.

Total registration marks an increase of 386 students over enrollment for last spring term of 12,790.

As expected, however, the enrollment dropped 736 from winter term. Total drop from fall term is 1,432 students. This decrease is normal, Linton said.

At present the male-female ratio is 1.66 to 1 with late registrants expected to bring the figure back up to the 1.5 to 1 figure. According to Linton, 8,566 men and 4,610 women have enrolled.

Included in this total are 372 new students—321 undergraduates and 51 graduate students. Enrollment for night school is also figured in the total.

Of those registering under the GI Bill, 1,095 were Korean War veterans compared to 470 World War II veterans. Linton said the number of Korean vets at MSC is increasing while the total of World War II students is decreasing.

The new defense duties will require considerably less time away from campus, Dr. Hannah said. He has been returning to campus for most weekends, State Board of Agriculture meeting and major college events, including commencements.

### Ike to Present H-Bomb Talk

WASHINGTON (AP)—Democrats called on President Eisenhower Sunday to spell out in his radio-television report to the nation tonight how the United States proposes to meet the threat of hydrogen-bomb attacks on America.

Republicans generally applauded the President's decision to speak out to the people about their fears, domestic and international.

Eisenhower will speak from 8:30 to 9 p.m. (EST) on NBC, CBS and ABC television networks, with Dumont probably joining. The NBC, ABC and Mutual radio networks will carry the speech at the same time, and CBS from 10:30 to 11 p.m.

### 'Family-Style' Affair for Daddy

A new type of concert series—family style—was presented by the four children of President and Mrs. John A. Hannah Friday night.

Tommy, 9, Robert, 12, Mary Elizabeth, 14, and David, 5, performed in the first in a series of "musicales" announced for this spring by Miss Louise Freyhofer, their piano teacher.

To emphasize the family theme, Mrs. Hannah was "guest" musician, joining in a concluding trio number, "Stars and Stripes Forever," with Robert and Mary Elizabeth.

The only member of the family who remained in the audience was Dr. Hannah, decidedly a guest of honor since the recital was set at a date when he could be home for the occasion.

The young musicians have appeared many times in Freyhofer recitals, but this was their first performance together.

Tommy and Robert opened the program with a duet, "Air from Rinaldo" by Handel. Mary Elizabeth followed with a Bach work and the Haydn "Sonata in D Major" in three movements.

Celebrating the overwhelming passage of the student tax are Dave Hyman, government president; Janice Dempsey, elections commissioner; and Bill Hurst, secretary of state affairs.

### Drivers Warned

## Police to Ticket Unregistered Cars

Official action against students keeping unregistered automobiles began at midnight Sunday night.

The campus police warned students that they will be fined and referred to the Dean of Students unless they register their cars by midnight.

Parking unregistered cars in East Lansing will not prevent the student from being fined.

Dean King said that no student may keep a car while he is at MSC unless it is registered with the campus police.

According to campus and East Lansing police, residents of East Lansing have voiced complaints on the congested traffic and parking problems due to student driving.

The problem of student driving is being discussed between the several police departments and the administration.

Campus police reported the possibility that the East Lansing department would authorize them to enforce campus driving regulations in East Lansing.

Dean King admits that the college has no real right to deny a student the right to drive, but it does have the right to deny the student the privilege of remaining in college if he drives an unregistered car.

Students keeping unregistered cars while at college will be fined \$15 for the first warning, \$50 for the second, and another \$50 for the third warning, with the possibility that the student will be asked to leave school. In each case, the violation is referred to Dean King.

Reasons for the administration's attitude on student driving are that student automobiles have been involved in many disciplinary cases in the past years, and that students parking cars in East Lansing create a serious traffic problem for the city.

### Audio-Visual to Show Movies Wednesday

The Audio-Visual Center will show three films Wednesday afternoon from 3:30 to 5 in the Music Auditorium. The films are "The Golden Twenties, Part I"; "Communism"; and "Major Religions of the World."

## Registration Ballot Gives 4 1/2-1 Passage

Almost 8,000 Spartans put their stamp of approval on the student government tax at registration last week.

The tax passed by a ratio of approximately 4 1/2 to 1, 7,876 to 1,788 with 45 invalid votes.

According to Dave Hyman, government president, the 45 votes were not counted because they were not marked at all or were marked both yes and no.

In operation for the past two years on a temporary basis, the tax system is now permanent. After two elections in the spring of 1952, the tax was started with the stipulation that it be put to a vote two years later.

Under the measure, which is in the form of an amendment to the student government constitution, a maximum of 25 cents may be collected from each undergraduate student per term.

The money is used to operate the government and for direct benefits to students and campus organizations.

Clad as direct benefits in last year's campaign to sell the tax were pay raises, including the five Spartans Bursar which brought the Four Lads to MSC, and the small loan fund which grants \$15 to student applicants.

The vote was taken at two tables in the lobby of Fairchild Theater, the exit from registration. Student Congress organized the system, a new one at Michigan State, at a meeting last term. Reason for the registration ballot was to insure a majority of voters.

According to Hyman, the total vote, 9,789, was approximately 4,000 over the more than necessary majority since only about 16,000 students are undergraduates and eligible to vote.

Working in shifts at the registration tables were six student government representatives and eight impartial volunteers.

Votes were kept in locked ballot boxes until Friday night. Starting at 7 p.m. a crew of nine volunteers, four student government workers and two All-College Judiciary members counted the ballots. Within two hours all counting and tallying was finished, Hyman said.

Hyman said that members of campus organizations were invited to attend the counting session but only a few came.

"The government has done many things for the students in the past two years, but many should still be done. Now they can be done," Hyman said.

### King Suspends Lekenta for Spring Term

Eugene Lekenta, whose last-second field goal gave MSC a thrilling 17-14 victory over Oregon State College in 1952, has been suspended for spring term.

Dean Tom King said that Lekenta was suspended for "violation of disciplinary probation." A Grand Rapids junior, Lekenta was placed on probation last term.

Still pending is the trial of Lekenta and Thomas Svingen, Detroit freshman. The two were arraigned March 5 on charges of assault with intent to commit great bodily harm less than murder.

State Police charged that the pair assaulted Gerald Cunningham, East Lansing graduate student, Feb. 28.

King said Svingen had been allowed to register, but that his case was being studied for possible disciplinary action.

Five Lansing freshmen who were arraigned in Lansing municipal court March 10 on a charge of assault and battery were also allowed to register. King said that this case is also being studied. Court trial has been postponed indefinitely.

### Honorary Installs Purdue Chapter

The MSC chapter of Lambda Iota Tau, national literature and foreign language honorary, installed the Epsilon chapter at Purdue University on March 25. The installation address was delivered by W. L. Fleischauer of the English department.

A charter was granted to Harper College, New York University, Endicott, N. Y., on March 31. Ten chapters have affiliated with the honorary since its foundation at MSC on Dec. 2.

### Mob Assaults French Leaders

PARIS (AP)—A yelling mob, screaming hatred of the European army, Sunday kicked the shins of Premier Joseph Laniel and slapped the face and pulled the hair of defense Minister Rene Pleven.

The rioters burst police lines to attack France's top political figures during a solemn ceremony honoring the heroes of Dien Bien Phu.

### FDR Son Denied Party Support

WASHINGTON (AP)—National Chairman Stephen A. Sunday denied the Democratic party's support to James Roosevelt, suggesting that he get out of the race for a California seat.

## Tax to Pay Fulbright For Speech

Senator to Appear At May Program

A lecture by Sen. William Fulbright (D-Ark) heads the list of student government expenditure plans now that the tax is permanent.

Fulbright is scheduled to give an address in the Auditorium early in May. The program will be free for Michigan State students.

The Senator will come as a part of International Week festivities, May 9 to 15. The week is co-sponsored by the government and campus foreign student groups.

A former president of the University of Arkansas, Fulbright is the author of the Fulbright Scholarship program.

Under the plan American students may study for one year in the European country of their choice. European students can attend U. S. colleges for one year also.

Active in foreign affairs, Fulbright is a member of the Senate Foreign Relations Committee.

Dave Hyman, student government head, said that the Fulbright program was planned through Stephen Mitchell, chairman of the Democratic National Committee.

Other government plans for International Week include the first in a World Forum Series. Hyman said the government hopes to bring three well-qualified speakers to campus to discuss issues such as McCarthyism and the Point Four program.

He said that the first program would be during the International Week, probably at the Music Auditorium.

"If the program is successful, a series will be planned," Hyman said.

Tentative plans for a campus forum have also been discussed, according to Hyman. These programs would include either an all-student or an administration-student discussion with audience participation. He said radio or television presentation for the forum is possible.

## NEWS IN BRIEF

### Reds Retreat in Indochina

HANOI, Indochina (AP)—Stung by their heavy losses, the Communist-led Vietnamese forces began pulling back slightly from the Dien Bien Phu barricades Sunday night and a French spokesman said it was doubtful if they would be able to mount another heavy assault.

### GOP Predicts Tax Victory

WASHINGTON (AP)—Republican Senate leaders were reported increasingly confident Sunday they can turn back a Democratic drive to raise income tax exemptions for all taxpayers and their dependents, thus cutting their tax bills.

### Mob Assaults French Leaders

PARIS (AP)—A yelling mob, screaming hatred of the European army, Sunday kicked the shins of Premier Joseph Laniel and slapped the face and pulled the hair of defense Minister Rene Pleven.

### FDR Son Denied Party Support

# Big Job Lies Ahead The Tax and a New Era

The often-stormy controversy over the merits of the student tax has been settled by the 41-1 vote in favor of it. But now student administrators who worked so effectively to promote the tax have an even harder job on their hands.

It took foresight and courage for them to guide the tax proposal through its two-year trial period. And it's going to take more of the same qualities for up-coming students to plan expenditures well in order to better the lot of the students they represent.

Already, student government is drawing up plans for long-range programs to supplement MSC's educational diet and benefit students.

One committee is trying to engage Sen. William Fulbright as a speaker during International Week. Another is working on plans for a "World Forum Series" to be built along lines of "American Forum of the Air," in which experts in varied fields will present their views on controversial subjects.

It's especially gratifying to learn of proposed tax expenditures along such mature lines. Those who have steadfastly opposed the tax on grounds that the money would be spent frivolously will have to reconsider their stand if these and similar programs are put into effect.

An interesting sidelight to the vote was student government reaction to the 41-1 landslide in favor of the tax.

Dave Hyman, student government president, commented he had expected the tax to pass—but not by such an overwhelming margin.

The fact that more than 9,500 out of the 11,000 eligible students cast ballots also came as a surprise, perhaps even to the voters themselves, who have been bombarded with the pros and cons of the issue since it evolved more than two years ago.

With such a clear manifestation of student approval of the tax as the lopsided vote, student government can add a new feather to its cap.

But again, we'd like to caution members against resting on their laurels. They are to be congratulated on their fine work in promoting the tax.

But the big job lies ahead.

## Millard's Ruling Has Us Stumped

In issuing an opinion on MSC's desire to change its name, Attorney General Frank G. Millard has questioned previous actions by Michigan legislators.

Millard has ruled that the State Board of Agriculture governing body of MSU should change the college's name without legislative approval of a Constitutional amendment.

The long-awaited ruling was asked by Sen. George N. Higgins, Foristville Republican. It came Wednesday—more than six weeks after the articles abandoned the "MSU" battle.

MSU asked sponsors of the MSU bill to withdraw it in February after a hot committee session had reached state-wide proportions. Opponents of the name change had charged that the bill would infringe upon the name of the University of Michigan. Millard's opinion was expected when MSC threw in the towel, but was delayed so that time many legislators thought that MSC had anticipated Millard's decision as "unconscionable" and had acted accordingly.

The Attorney General's ruling does not eliminate the possibility of a name change. It does, however, limit the methods by which that change may be attained.

But the opinion also raised some doubt whether MSU's present name—Michigan State College of Agriculture and Wildlife Science—is legal in view of phrasing in the State Constitution providing for a "state agricultural college."

In the event of the change of the name, the State Agricultural College is determined to be the resignation and establishment of that name as the name of the agricultural college, then only the people could change the name.

In the event it is determined the action of the Legislature in 1909 and again in 1922 respectively, changing the name to Michigan Agricultural College and Michigan State College of Agriculture and Wildlife Science was invalid.

Frankly, we don't understand Millard's decision. In effect, by qualifying his statements with the words "in the event," he has confused the issue.

Because he has not issued a clear and definite statement, his opinion is actually ineffective.

The Constitution does not definitely state that this matter of changing names must be left up to the people. Theoretically, legislators are empowered as the voters to take care of matters such as this. Why Millard is qualifying this fundamental tenet of state government is a matter of mystery.

When the Legislature approved name changes in 1909 and 1925 there was no controversy. The reason is obvious. The requested names did not "conflict" with the University of Michigan. It has been charged that "Michigan State University" would cause a conflict.

The heated controversy forced a ruling from Millard. But he solved nothing. The State Board of Agriculture never attempted to change the name without legislative approval. Thus, Millard ruled out an action that has never been tried.

As for his other statements, the "in the event" must be clarified before the ruling can mean anything.

Carried to its fullest extent, the ruling could change MSC's name—not to MSU, but back to the State Agricultural College of Michigan.

Perhaps Millard hasn't heard of progress.

### Information Wanted

If campus organizations wish to publicize special activities or speakers, they will find a special outlet in the State News again this term.

A special section will be printed every Monday to explain in fuller detail the week's activities of organizations who wish such publicity. The deadline for information is Sunday at 3 p.m. All contributions must be in the State News office by that time.

The usual State News information column will be maintained for the publication of routine meetings. Deadline is 1 p.m.

### The New Look

Pat Dedek, Detroit Junior, pauses while painting murals on the south wall of the Union Grill during the spring-term break.

## Past and Present MSC Life Depicted In New Grill Murals

By LAURETTA PATERNOSTER

Students who returned with haircuts and new shoes won't be surprised to find the Union Grill, now sporting new decorations received during spring vacation.

Murals were painted on a Grill wall and a new lighted map was placed on the right side of the main door leading from the Concourse to the Grill.

## Construction To Start on Apartments

October Opening  
Planned for Units

Construction bids for the million-dollar apartment project for married students were accepted Friday by the State Board of Agriculture, governing body of the college.

The nine new units will be ready for occupancy by October, 1964, according to the contractor. The first three buildings will be completed in August, three more in September, with the remaining three finished early in October.

This will bring the number of new apartment buildings to 12, making a total of 144 apartments available. Included in these are the usual one-bedroom apartments will be 16 two-bedroom apartments, according to Emory G. Foster, dormitory manager.

The first three units were built as "pilot models" in 1953 with the idea of replacing the campus trailer village.

Secretary Karl McDonell told the board that \$912,000 would be spent on actual building with the rest of the money used in site development.

The Christian Co., of Lansing, bidding \$582,694, was low bidder on construction of the nine buildings, and was accepted by the board. Sabian, Inc., of Lansing, was low bidder on the sewer project for the new housing development, contracted by the board to be the job for \$55,355.01.

## Many Promoted Board of Agriculture Gives Appointments

The following staff changes were made by MSC's governing body, the State Board of Agriculture, at Friday morning's meeting:

Appointments include: Donald J. Leu, assistant professor of education administration and supervision; Dale Madson, assistant professor of dairy for research; Harold R. Henry and Tien-Haing Wu, assistant professors of civil and sanitary engineering; John E. Cantlon, associate professor of botany and plant pathology; Kathleen K. Donnelly, instructor in nursing education; James H. McKay, instructor in mathematics; and John W. Hanks, mental hygienist for the health service.

Staff promotions to professor include:

A. L. Keenworthy and A. F. Mitchell, horticulture; Kirkpatrick Lawton, soil science; M. J. Regal, social science; E. M. Macomber, general business; C. H. Gross, secondary education; C. L. Sherman, civil and sanitary engineering; B. H. Grigsby, botany and plant pathology; G. J. Wallace, zoology; J. M. Barbour, music; D. O. Bussell, speech; Paul A. Miller, zoology and anthropology; C. J. Cunningham, bacteriology, and W. D. Lindquist, bacteriology.

Promotions to associate professor are:

C. R. Nealand, agricultural economics; E. S. Nelson, farm crops; W. B. Lloyd, forest products; R. E. Ellis, forestry; A. T. Wilcox, land and water conservation; L. K. Dawson, poultry husbandry; A. F. Erickson, soil science.

Others are: G. E. Palmer, board of extension; C. M. Babcock and R. W. Starring, communication skills; J. M. Mason, natural science; J. M. Hunter, economics; J. A. Holbrook, English; A. McIntyre, journalism; H. J. Fisher, political science; Loraine V. Shears, elementary education; H. J. Montevie, physical education for men; M. F. Oberst, chemical engineering; Ian D. Ebert, electrical engineering; J. T. Anderson, mechanical engineering; Marjorie Eastman, textiles, clothing and related arts; Roberta B. Wray, foods and nutrition; H. C. Beeskov, botany; Ray L. Johns, economics; R. H. Manville, zoology; Harold Hart, chemistry; Henry Parkus, mathematics; Joseph Evans, music; John A. Waite, English; W. J. David, speech; J. A. Garaty, history; R. G. Schirmer, surgery and medicine; R. J. Klein, continuing education; Gordon Freudenberg and Rowland Pierson, counseling center.

Promoted to assistant professor are:

R. L. Maddox, agricultural engineering; G. M. Rosier, horticulture;

## State Board Accepts 31 New Grants

Cancer Society  
To Aid Research

MSC's governing body, the State Board of Agriculture, accepted 31 gifts and grants totaling \$80,487 at Friday morning's meeting.

Largest grant was \$12,000 from the National Institute of Health for basic research in high rate composting of organic wastes.

The grant will be directed by J. R. Snell, head of the department of civil engineering, and Robert F. McAnley, associate professor of civil engineering.

The Board accepted grants totaling \$14,000 from the American Cancer Society.

Prof. H. B. Tukey, head of the department of horticulture, and Prof. E. H. Lucas of the horticulture department, will use an \$8,000 grant to develop an assay for substances causing abnormal behavior of cells.

Prof. Allen S. Fox, department of zoology, will use a \$6,000 grant in a study of the relation of heredity to cancer.

A grant has been awarded for a research program into pinkeye in cattle, Swift and Co. announced. Ralph D. Barner, associate professor of animal pathology, will direct the program.

## Coghill Named New Lecturer

Nevill Coghill, professor at Oxford University and an outstanding Shakespearean scholar, will be the spring term distinguished visiting lecturer in the School of Science and Arts.

He will succeed Prof. Carleton J. H. Hayes, noted Columbia historian, winter term lecturer.

Prof. Coghill will conduct an advanced course in the study of Shakespeare and will produce the Shakespearean drama, "The Winter's Tale."

He has produced 12 Shakespearean dramas and several operas, mostly in England. He is the author of four books, and essays, and studies.

Tryouts for "The Winter's Tale" will be held today, Tuesday and Wednesday from 7-9:30 p.m. in 49 Auditorium.

## Violinist to Present Recital at Music Aud

Patricia Dangler, Saginaw senior, will present a recital Friday at 8 p.m. in the Music Auditorium. She will be accompanied by Alan Curtis, Mason junior. A string orchestra, conducted by Richard Goldswoorthy, Detroit graduate student, will play Haydn's "Concerto in C major."

Two Spartan Boxers Ruled Out of Tourney

The proverbial "bottom" fell out from under Michigan State's highly rated boxing team...

Taking it with an abundance of salt Coach George Makris said, "I had hoped that we might win the title this time, but with Tom and Choken out of it, I'm afraid it is impossible."

We will however, make a strong showing, Makris added. Herb O'Brien, 147-pounder from Flint Northern who tallied six wins and a draw over the regular season, will lead Michigan State's delegation of five in the tourney.

BOB HOKE, NCAA champ

Hoke, also in the preliminaries, scored his only fall of the year in top a undefeated record in reaching the finals he defeated his Big 10 win over Illinois' ace Larry TenPas.

Stratton, but only once, lost during the tourney in Michigan's preliminary matches in champion Tom Hoke's 117-pound weight class.

After his 150-pound Stratton was eliminated from the tourney and were declared ineligible for next week-end's NCAA Championship Tourney at Penn State.

Spartans Set State Indoor Relay Mark

A foursome of Michigan State track athletes in competition at the recent Chicago Daily News Relays turned in the best indoor two-mile relay effort any Spartan team ever has recorded.

The time will not go into the record book, however, as the Spartans ran second to a crack University of Michigan combination. In order that a time go into the records, it must be a winning effort.

A Spartan relay team of Lyle Garbo, Dave Hoke, John Cook and Dick Jarrett was timed in 7:35.8 while the winning Wolverine team was clocked in 7:33. The winning time set a new relay record.

Previous best for the event by a Spartan team was 7:40.2 in 1950 by the crew of Jack Druetler, Don Makielski, Warren Druetler and Bill Mack.

The Spartans were in the race until the last lap and a half when anchorman Jarrett tried unsuccessfully to pass Pete Gray of the Wolverines.

A Michigan State one-mile team finished third in the second section of the University mile-relay. It was made up of Ed Brabham, Hoke, Jarrett and Kevin Gosper.

Brabham and Travis Buggs competed in preliminary heats of the 50-yard dash but neither gained the final race, which was won by Willie Williams of Illinois.

High jumper Doug Stuart went out at 6-5 to take a fifth place. The winner was Ron Mitchell of Illinois, with a leap of 6-9 1/4.

Druetler, the Spartans' former NCAA mile champion, ran fifth in the Bankers' Mile which was won by Kansas' Wes Santee in 4:11.8.

Michigan State's wrestling mentor, Fendley Collins, has compiled a 647 winning percentage with the Spartans, winning 103 matches, losing but 56 and tying six over 23 seasons.

Michigan State sophomore Frank Chlad won first place in the Men's Junior figure skating competition at the 1953 Niagara International Skating contests held in Buffalo, N. Y.

# Rintz, Spartans Finish Fifth in NCAA Meet

## Penn State Retains Title In Gymnastics

**By DONN SHELTON**  
 Carl Rintz paced his gymnastic teammates to a fifth place in the NCAA meet held at Champaign, Illinois over the weekend.

CARL RINTZ leads gymnasts to fifth place.

Coach George Szypula said he was very pleased by the showing of the small Spartan squad.

Rintz failed in his attempt to defend the NCAA title on the side horse which he won as a sophomore last year. He finished second on the horse in a split decision that could very well have gone his way.

He also finished fifth on the all-around, fourth on the horizontal bars, fourth on the parallel bars and fifth on the flying rings.

Ken Cook was the only other Spartan to score. He finished ninth on the flying rings. He was performing in the manner that won him a tie with Rintz in the Big 10 finals when he faltered and finished near the end of the list.

Ben Gunning, Joe Staser and Bob Marsh failed to survive the Big 10 preliminaries. Penn State successfully defended their team title in the meet. They scored 137 points, 69 more than second place Illinois, Big 10 champion. Florida State third, UCLA fourth and MSC fifth.

## Gymnasts, Swimmers Get Awards

Gymnastics awards to 16 varsity and freshmen athletes and swimming awards to 15 similar Spartans have been announced by Michigan State athletic director Ralph H. Young.

### GYMNASTICS

**Varsity:** Arthur Bronson, Ottawa Lake; Kenneth Cook, Chicago, Ill.; John Furry, Bennington, Gunning, Carlton Rintz, Philadelphia, Pa.; and Richard Staser, Gibson City, Ill. In addition, Furry and Staser were authorized to receive special gold awards for having won three varsity letters each. Minor letters were awarded to Iraj Behbehani, Lansing; Gerald Gilmeister, Detroit; and Robert Marsh, Tecumseh.

### SWIMMING

**Varsity:** Bruce Aldrich, Charles Baldwin, Jack Beattie, Duke Decker, Robert Dust, John Hildegar, Robin Hesse, Lanny Johnson, Lewis Mihaert, Donald Meyer, Frank Paganini, Russell Palmer, Thomas Payette, and James Rickard. Special Gold Medal awards were earned by Aldrich and co-captains Baldwin and Hildegar. A minor award was given to Robert Wightman.

## Climate Against Them

# Golfers Cut Drills; Weather Too Cold

Cold weather forced the Spartan golf team to cut short their spring drills at the Boiling Springs Country Club in Lexington, Ky.

However, in spite of the cold, which handicapped the Spartan golfers, Coach Ben Van Alstyne said the team looked "promising."

The five-man team traveled to Lexington and Van Alstyne said the team looked "promising."

The five-man team traveled to Lexington in Van Alstyne's car and spent a week there.

Despite the cold, the team practiced every morning and played 18 holes in the afternoons.

No schedule was played, but the Spartans challenged the University of Kentucky in several matches. Although no official score was kept, State led its opponents.

Phil Albright, Ken Rodewald and Dave Mancour were all "hitting the ball right on the button," according to Van Alstyne.

The other two men on the squad were Dave Humes and Bill Diehrich. "When it got so cold that we couldn't grip the clubs, we packed up and came home," said Van Alstyne.

The first match for the Spartans will be at Western Michigan April 16. The University of Detroit will provide the opposition in the first home match, scheduled for April 19.

The Cleveland Indians didn't win the American League pennant in 1953 but six of their eight farm teams won flags in their respective leagues.

## 'Mural Sidelights

In last term's dorm bowling, Phillips finished on top with a total of 2,383 pins, followed by West Shaw 6 with 2,297 and Butterfield 8 with 2,266.

The deadline for intramural softball and independent bowling entries is Friday, April 9, at 5 p.m. If the weather permits the league softball games will begin Monday, April 12, with games at 5:30 and 6:30 p.m.

Officials are still needed for the softball games. Any one interested in officiating should contact Kay Wilson any time in the afternoon at the IM office in Jenison.

There will be a meeting for Spring football managers Wednesday at 7 p.m. in room 217 Jenison. Anyone interested in this position is requested to attend.

A freshman baseball meeting will be held on April 6, 4:30 p.m. in room 215 Jenison Fieldhouse. Wayne Lawrie, freshman baseball coach, requests that all candidates report for the meeting.

## One of Most Successful Mentors

# Mat Coach Collins Has 'Winning Habit'

Drawing basketball coach Mat Collins, now in his 29th year as Michigan State wrestling coach, is making winning a habit.

Now at San Diego, Calif., with four of his wrestlers, for the NAAU wrestling tournament, April 1-3, Collins has fast become one of the country's most successful mat coaches.

Since his appointment as head coach in September of 1935, the amiable Oklahoman has guided Michigan State mat squads to a dual meet record of 117 wins, 58 losses, and six ties for a .663 winning percentage.

Including the 157-pound NCAA title won by Bob Hoke, Oklahoma City, at Norman, Okla. March 27, Collins has trained and developed 18 Spartans who have won national championships, all of them since 1936.

In National Collegiate competition, his teams have consistently finished high in the standings, and although none have taken a meet championship, the 1941, 1942 and 1943 outfits were runners-up.

In four seasons of Western

Conference competition, Collins has come up with five individual champs and a second and three third spot showings.

It all stacks up to quite a coaching record for the Spartan head man, who was graduated from Oklahoma A&M in 1927. Even his own wrestling record is a good one.

Although the current MSC national champ, Hoke, is from Oklahoma, Collins no longer has to cast his eyes outside in search of good material. The Michigan state high school

wrestling picture has changed all that almost overnight.

For example, all four men making the trip to the NAAU meet are local athletes, all being products of Lansing high schools. Jim Sinadinos, a sophomore, and defending 125-lb NAAU titlist, is counted on to replace Hoke as the Spartans No. 1 winner next season. Two freshmen, Ken Maidlow and Norman Gill, both state high school champs, will have an opportunity to show Collins what they can do against ex-

perienced opposition. So Larry Fowler, another Lansingite, is the fourth man.

But whether the program comes from near or far, chances are good that Fen Collins will develop their talents as far as anyone is. The record speaks for itself.

Parents are encouraged to the MSC campus during the annual parents' weekend in Campus tours, sports events, houses and teas are held at time.

From Gettysburg Address

# Denison Announces Centennial Slogan

Michigan State's slogan for its 1955 Centennial was announced Saturday by James H. Denison, administrative assistant to President John A. Hannah in charge of public relations.

## British Film Opens Series

"White Corridors" and "Miss Julie" will provide two nights of Foreign Film series entertainment tonight and Tuesday at 7 and 9 p.m. showings in Fairchild Theatre.

The first, a British movie, stars George Withers, James Donald, Geoffrey Tearle, Barry Jones and Miles Lister in a hospital drama set in a small English town.

A Walt Disney short subject, "Water Birds," will also be shown tonight.

Tuesday's film, "Miss Julie," is Swedish with English sub-titles. Alita Brook is starred in the drama, centered around a love affair between a countess and her coachman.

"Olympic Elk," another Disney short, will also be shown.

## Gov. Williams Appoints Professors to Board

Prof. Edward W. Weston, chairman of the political science department, and Prof. Deane Cline of the economics department were appointed March 23 by Gov. G. Mennen Williams to a commission to study relationships between the state and federal government. The commission is scheduled to work with a similar federal group using Michigan as one of the test states for a nationwide survey.

The slogan, from Abraham Lincoln's Gettysburg Address, will be "It is for us the living . . . to be dedicated here to the unfinished work."

The winning phrase, submitted by Prof. H. J. Statseth, director of the division of biological science, was chosen from approximately 20 entries received by the Centennial Committee.

The slogan will be used on all official stationery, college vehicles, and souvenir items of various kinds, Denison said. The stationery to be used by college offices will be ready by April 20, he said.

"We feel that this slogan is particularly appropriate because our founding date, Feb. 12, is also Lincoln's birthday," Alvie L. Smith, centennial director, said. Lincoln signed the Morrill Act in 1862, setting up a national system of colleges based on the pattern established at MSC.

The college centennial seal, depicting Beaumont Tower, was designed by Miss Barbara Brown, staff artist for the Information Services.

The seal and slogan will be used on all official stationery, college vehicles, and souvenir items of various kinds, Denison said. The stationery to be used by college offices will be ready by April 20, he said.

THE CENTENNIAL SEAL announced with slogan . . .

## New Era

(Continued from Page 2.)

- 8. The feud between U of M and MSC will get an added push along the middle of April.
  - 9. The State News will reach the dormitories on time each day.
  - 10. Recent tax cuts will not be carried out at all the surrounding theaters.
  - 11. Married housing will become a strong district in student government discussions.
  - 12. I'll probably be hooted out of office for making these statements.
- Now I've done it. But—the limb is cracking beneath me. So, as I grab hastily for a supporting twig—remember—YOU HEARD IT HERE FIRST.

# The Bells Ring Out Carillonneur Plans Beaumont Music

An author, musician, inventor and arranger is Wendell Westcott, who for 13 years has played the carillon in Beaumont Tower.

Westcott does most of his arranging since very little music has been written especially for the carillon—and almost every carillon differs in the number of bells and tonal possibilities.

He plays each day at 8 a.m. and at 5 p.m. He gives Sunday recitals at 2 p.m. which are followed by a tour of the bell chamber.

But Westcott does not practice for he has no practice keyboard. He has written a pioneer book called "Introduction to Carillon Technique and Arranging," which is soon to be published.

His invention is a set of ceramic bells played by a light touch of the fingers. It's a new instrument. Its sounds are too delicate for large concerts.

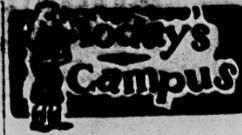

Westcott has an average of 12 visitors to Beaumont each day. His guest book has been signed by persons from 40 states and 21 foreign countries. But only a few students have climbed the circular stairway leading to the recital room in the tower.

The best listening spot, Westcott says, is 200 to 500 feet away from the tower. There are no large buildings close enough to obstruct the flow of tones and the wooded areas enhance the setting, he said.

Those who have never watched a carillonneur play would be amazed to see how difficult the art actually is. He must use both hands and feet simultaneously and with a great deal of force.

His hands would soon be battered and blistered if he did not wear half-gloves, which are lined with foam rubber over his fourth and little fingers.

Westcott played his 20th carillon just last month in Houston, Tex., at a dedicatory recital of a newly installed instrument. Westcott has been so honored 10 times.

## ...Peter Piper

Probably nobody but Professor Fabian (and a few of us pickie eaters) cares, but the National Pickle Packers (pronounced that one fast) Association says Americans ate 20,000,000 cases of pickles last year.

## ...Hello

And just the parting comment that this "Hello Week" (where everyone would wear a name-tag) isn't a bad idea. Might put an end to this "Hello, ahhh, (mumble)," name-forgetting business.

## Maxwell Named Head Of Education Group

Lele Maxwell, chairman of the department of business education and secretarial studies, was named president of the Michigan Business Education Association at the annual convention held in Muskegon on March 27.

# Ike, Dulles Praise Freedom of NATO

WASHINGTON (AP)—President Eisenhower said Sunday the North Atlantic Treaty Organization "symbolizes the unity of free men in the age of peril" and Secretary of State Dulles expressed confidence that Russia will fail in efforts to disrupt it.

Both spoke out—Eisenhower in a statement and Dulles in a radio broadcast—on the fifth anniversary of the alliance.

Dulles said Russia is "striving very hard" to break up the alliance "not because the Soviet Union wants really to protect the freedom and well-being of Western Europe, but wants to undermine it."

## Dean William Combs Speaks at Convocation

Dean William H. Combs, administrative assistant to the president for academic affairs, addressed a convocation Thursday and Friday at Western Michigan College's semi-centennial celebration.

Milton B. Eisenhower, president of Pennsylvania State University, was the principal speaker.
