served 5,000
Winter Term
Michigan State's YMCA and
YWCA estimated that they served
over 5,000 people through
their programs during the
winter term, according to Robert
Walker, executive secretary.
The YWCA was mentioned
in the groups met Tuesday
at the Subcommitee to discuss
the fund-raising progress, the year's
plan and financing.
The meeting of the two college
groups met Tuesday at the
YMCA building, which was
the last year, was brought out
Tuesday's meeting. The study
group recommendations for in-
creased membership and an ex-
pansion of the board of directors.
Representatives from M-YWCA
were Barbara Cross, treasurer;
John Layman, chairman of the
board; and Claire
Walker, executive secretary.
The YWCA was represented by
Paul Funk, executive secretary;
Paul Funk, president; and
John Layman, treasurer.
Herbert Wolf and Lynn
Johnson of the group advisory
committee also attended.

McCarthy Hits 'Lag' of Bomb

Murrow's Charges Instigate Reply

NEW YORK (AP)—Sen. Joseph R. McCarthy charged Tuesday night that American hydrogen bomb research had been delayed deliberately for 18 months.

McCarthy made the statement on a radio-television commentary. He did not refer to Edward R. Murrow's recent attack on him in a general discussion of communist pressure in this country, he said.

"If there were no communists in our government, why would we delay for 18 months—our research on the hydrogen bomb, even though our intelligence agencies were reporting day after day that the atom was feverishly pushing their development of the bomb?"

McCarthy retorted Tuesday night that Murrow "as far as 20 years ago was engaged in propaganda for Communist causes."

New Housing To Include Furnishings

All of the new married apartments now under construction will be furnished, Emory G. Foster, director of apartments and food services, announced today.

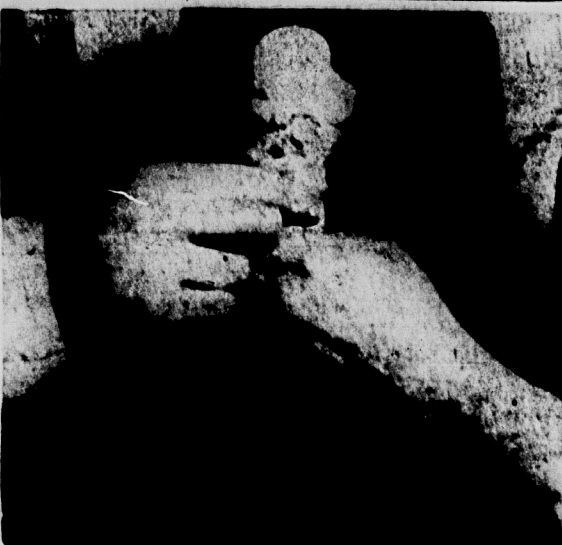

It was estimated that it would be essential for the student without furniture," he said.

Charge for a furnished apartment is \$50 more per month than one that is furnished.

M-YWCA Served 5,000 Winter Term

Michigan State's YMCA and YWCA estimated that they served over 5,000 people through their programs during the winter term, according to Robert Walker, executive secretary.

The YWCA was mentioned in the groups met Tuesday at the Subcommitee to discuss the fund-raising progress, the year's plan and financing.

Swapping change for ice cream cones seems to be a fair trade in the Dairy Building with the arrival of spring weather.

Lemon or Lime?

Seasons Change Cone Flavors

The college dairy knows how to take care of the warm weather situation as shown by the ice cream sales boost. But dairy officials reported that after the first warm weather signs become established, Spartans eat no more ice cream in May and June than in October or February. However, they do change their flavors.

Acid flavors like strawberry, orange and lemon, which tend to quench the thirst, are big hot weather sellers.

Cherry is popular in February, around the time of Washington's birthday.

Maple suggests the coolness of the maple-syrup season. Mellow flavors like chocolate and vanilla sell better in winter months.

"Students like change, they will try anything new," said Paul S. Lucas, associate professor of the dairy department.

The dairy, which is open from 8 to 5 Monday through Friday, offers about 20 different flavors from time to time. They include such unusual ones as coffee, banana, fruit salad, mellow-dew and grapefruit.

Sherberts and ices have been more in demand the last few years, with orange still the top favorite. Pineapple, lime, lemon, raspberry, cherry and cranberry are also made in the dairy.

Contrary to popular belief, the ices and sherberts do have calories—more, sometimes, than ice cream.

The ice cream, sherberts and ices are sold by the cone or by the pint or quart. Butter, milk and eggs can also be bought at the ice cream counter in the south hall of the Dairy Building.

Varied Groups Hold Convo This Week

Conventions meeting on campus this week include an agricultural finance clinic, American Welding Society and a training session for Methodist laymen and ministers.

The two-day Agricultural Finance Clinic features a banquet today and panel discussions Thursday to cover problems in financing Michigan farmers. The clinic is sponsored by the Michigan Bankers Association.

Fred L. Plummer, national president of the American Welding Society, will head the list of speakers at the annual conference of the society's Western Michigan section at the Union Friday.

"Methodist Men on the March" is the theme of the second annual all-state leadership conference to be held at the Auditorium, Saturday. More than 800 laymen and ministers are expected at the one-day training session.

Forgotten Paintings Held by Union Board

April Showers Tornado Threat Now Dismissed By Weatherman

Weathermen reported Tuesday night that all threat of a possible tornado had passed. A cloudy sky is expected today, along with scattered showers and thunder storms. The temperature high will be around 65 degrees.

Car Rules Of Big 10 Surveyed

Congress Asks Local Problems

By BETTY ZUEGE
A survey of driving regulations at other Big 10 schools starts today.

The student government is sending letters to the other nine schools asking three questions concerning enforced regulations of each.

The questions will determine:
1. How many student cars are on each campus?
2. Which students are allowed to drive and what type of permits are issued?
3. Is there an enforced rule at the school which states that no student may drive a car anywhere while at school?

Question three refers to Section III, article 1 of the Michigan State regulations. The section states:

"Michigan State College students are prohibited from operating any motor vehicle until such vehicle has been registered with the college police department."

However, this section is not strictly enforced.

The questionnaires are being sent to the student governing bodies of each school.

Dave Hyman, government head, said that results of the survey will be made public as soon as possible. He added that the three questions are a ground work for possible detailed studies later.

Engineers Present TV Demonstration

The MSC student chapter of the American Foundrymen Society presented a 10-minute television show Tuesday night featuring a demonstration of how castings are made.

The presentation, one in a series of television shows over WKAR-TV to preview exhibitions of the Engineering Exposition, was equipped with a portable furnace made in the MSC foundry, and produced a small frying pan before the eyes of the audience.

Fred Hodgson, Roseville senior, with the assistance of Thomas Thomas, East Lansing senior, made a mold from sand into which molten aluminum was poured. The product was a small frying pan.

Bruce Harding, Waltham, Mass. senior, was narrator.

U. S. Wants Joint Action Against Red Invaders

Spartacade committee members put finishing touches on posters to publicize the annual show slated for Saturday night. They are: Carolyn Roth, Prophetstown, Ill., sophomore; John Connolly, Hillsdale, N. Y., senior; and Allen Odell, Marcelus, N. Y., sophomore. Living unit committees are also making posters to advertise individual booths.

Spartacade Aides Given Car Permits

Units Must Submit Petitions For Cars Today at Union

Spartacade committee said Tuesday that one driving permit will be allowed for each booth entered in Saturday's carnival.

The permit will allow the student, chosen by the two living units to represent their booth, to drive to Jenison Fieldhouse between 7:30 a.m. Saturday and 4 p.m. Sunday, said Howard Wright, staging and planning committee chairman.

Wright said that the name of the representative chosen by the living units must be submitted to the student government office, Box 242, by 4 p.m. today.

The drivers must also furnish license numbers of the cars to be used. Drivers submitting their requests for permits will be the only students allowed to drive the car, and the car whose license number is submitted will be the only one authorized under the permit, Wright said.

Judging chairman, Dot Elzinga, announced that Robb Gardner, assistant to the dean of students, will present the trophies to Spartacade winners at 4 p.m. Sunday.

Miss Elzinga also gave a breakdown of the criterion on which the booths will be judged. For continuous shows, originality of theme and keeping with the carnival idea will receive from two to 10 points; art work, including general effect, attention to details, neatness, blending in with

Ike Offers Budget for Foreign Aid

Funds Intended For Indochinese

LONDON (AP)—The United States has called on Britain, France, Australia and New Zealand to join in issuing a stern warning intended to protect war-torn Indochina and the rest of Southeast Asia from further Communist aggression.

The British Foreign Office said terms of the declaration have not yet been completed, but are being hammered out in Washington at conferences between U. S. Secretary of State John Foster Dulles and ambassadors of the other countries which would sign it.

Australian government sources in Canberra said the United States has also asked that country, New Zealand and Britain to give all possible aid to France to prevent Indochina falling to the Reds.

President Eisenhower Tuesday sent to Congress a \$3,497,000,000 foreign aid proposal, nearly a third of it for the Indochinese War. (Funds proposed for Europe were cut more than a billion dollars from last year and the total amount is about a billion dollars lower.)

Authoritative Washington reports said the United States was aiming at a Southeast Asian regional grouping which could counter Red threats to that area.

All these moves were evidently part of Dulles' campaign to save Indochina and the rich Southeast Asia territory by "united action" of the Free World.

Britain appears ready to join in some form of declaration concerning Southeast Asia, but the Foreign Office does not want to say so officially until a mutually satisfactory draft is reached.

A French Foreign Ministry spokesman said in Paris some Asian governments also would be asked to join in the formal warning. The Philippines and Thailand presumably were the most likely to be approached.

The French spokesman said Dulles had broached the idea to French Ambassador Henri Bonnet in Washington last Saturday. France is now studying the proposal.

The declaration, it was understood, probably would closely resemble U. S. page 6.

Harvard Professor To Speak in Union

Louis Hartz, Harvard University professor, will lecture Thursday as part of a program series sponsored by the political science department.

Hartz will speak on the subject "Integrating American and European Political Thoughts" at 4 p.m. in Parlor A. Union. All interested persons are invited.

Masquerade? Miss is Missed As Mister Cops Queen Contest

IMPERIA, Italy (AP)—A curvaceous brunette was elected "Miss Spring" by popular acclaim at a town party Monday night.

While the crowd cheered, the winner stepped to the microphone and boomed in a clear baritone:

"Thank you, ladies and gentlemen for your choice. But I must confess . . ."

The 17-year-old boy student made his escape with the losers in hot pursuit. All the contestants were in evening dresses.

Frosh-Sophs Plan Field Day

Frosh-Soph Council has selected May 1 as the date for its annual Field Day.

Tentative plans for the Field Day include a dance in the Union Ballroom to climax the day's activities. Tom Aquino's band will play for the dance.

Relays for the Field Day will be a traditional tug of war across the Red Cedar between the freshmen and sophomore men, canoe races, a grease pole climb and a push ball contest.

Chairmen for the Field Day are Jeanne Joy, general chairman; Andy Foeller, activities; Jean Warrington, publicity; Howard James, dance.

Mayors Plan City Exchange

About 400 out of Michigan's 489 mayors and village presidents will exchange cities for a day May 1 in conjunction with Michigan week.

The exchange of cities will be handled by 20 members of the mayor's committee who will meet at Kellogg Center today to draw mayors' names. By picking at random, the committee hopes to place a mayor of a large city in a small village for the day and vice versa so that they can better understand the organization of the different forms of governments.

Michigan Week is sponsored by Greater Michigan, Inc.

Streetlight Plan To Get Hearing

East Lansingites to Discuss Project at Council Monday

A public hearing to discuss a boulevard-lighting project for Stratmore subdivision on the east side of East Lansing will be held at the next meeting of the City Council Monday.

The hearing was called after a group of East Lansing residents attended the council meeting Monday night to plead the necessity of the street lights. To be a detriment is the benefit of the project to each property owner of the area.

Plans call for placing 25 lights at an estimated cost of \$10,000. The entire sum to be paid by special assessment against the property benefited. About 80 lots will be included making the charge \$125 per lot, according to City Manager John M. Patman.

City Attorney Charles Chabert warned the city that it had no authority to borrow "Yield-Right-of-Way" from the state highway department without recognition by the state highway department, which appears the "preliminary" stage.

MSC's campus contains several of the signs, while only one is presently in use in East Lansing. Another public hearing will be held April 15 to discuss the putting of Grand River along from Division to Haggerty. Patman has presented a plan which estimates the cost at \$6,267.85 and advises that \$5,221.15 be raised by special assessment with the city paying the remainder.

The council refused to issue a peddler's license to an M.S.C. student, Richard Smith, because he was not 21 years old.

An attempt to place a building complete for the new Shaw-Lake left station. But must be returned to the council's next meeting.

Professor to Talk At Road Meeting

Bernard J. Lutz, assistant professor of continuing education, one of the main speakers at the 26th annual meeting of the Michigan Road Builders Association in Detroit which ends today.

His address of "Management Responsibility" toward the presentation will be given at 10:30 a.m. today in the State House, AG 100, 625 South State.

East Lansing is executive secretary of the association.

Hearing to Lecture On European Recovery

The State Hearing, sponsored by the United Towns Room at 8:30 a.m. The former University of Pennsylvania professor will talk on the subject, "European Recovery." He has recently returned from Europe.

At author for 36 years, hearing has just published his latest book, "Economics for the Power Age."

Sound can be transmitted by using invisible infrared rays.

Members of officers of the "34" Club will also be elected at the meeting.

The "34" Club, composed of 30 seniors picked by the Senior Council for outstanding participation in activities is the alumni group for the graduating class. Two judges for the Water Carnival have been chosen and the committee is working on a third. Groucho Marx was asked to be a judge but sent his regrets and wished the Water Carnival Committee "best of luck."

A Senior Coffee Hour will be held in Old College Hall from 8:30 to 9:30 today.

Coffee hours, honoring the different schools will be held in following weeks.

Young Republican Club To Meet Thursday

The Young Republicans Club will meet Thursday at 8:30 p.m. in Room 35 Union. According to Don Hadden, club president, important plans will be discussed.

Home Ec Coffee Hour Planned For Thursday

The first home economics coffee hour of spring term will be held in the Tea Room of the Home Ec Building Thursday from 9:30 to 11 a.m. All students in the School of Home Economics are invited.

Smith to Discuss 'Bacteria in Milk'

"The role of Cold-Loving Bacteria in Milk Quality" was discussed by Clyde Smith, instructor in bacteriology and public health, April 5 at the Dairy and Food Inspectors and Sanitarians School at Kellogg Center.

Rancidity of milk, sanitation programs and control measures for so-called unsanitary food services will also be studied at the school which will close today.

Home Ec Club To Learn About Jewelry-Making

"Jewelry as a Hobby" will be the topic of the talk which will highlight the first general Home Ec Club meeting of spring term tonight at 7 in 101 Home Economics Building.

Geitel Winakor and Carolyn Middleton, instructors in the textiles, clothing and related arts department will present the talk on jewelry-making.

U. S.

(Continued from Page 1)
semble that issued last August by the 16 members of the United Nations who participated in the Korean War. That one warned that any violation of the armistice would be resisted and the ensuing hostilities might not be limited to Korean territory.

Dulles apparently suggests, French sources said, that the Chinese Communists now be warned that if they engage more actively in the Indochinese War they risk united opposition which might bring the fighting into their own territory.

There must be reasons why
