## U.S. Finds Arms on Freighter

### French Ship Halted at Canal

By The Associated Press PANAMA — U. S. customs inspectors hunting for contraband arms on the French freighter Wyoming said Thursday the ship's cargo listing includes six boxes of small arms, including one of Browning automatic rifles for El Salvador. The officials said no contraband arms had been found so far, but the search of the cargo hasn't been completed yet.

The Wyoming is en route to El Salvador and Guatemala with cargo from London and Antwerp. It was halted at the Atlantic mouth of the Panama Canal Wednesday by customs inspectors.

The U. S. State Department had said earlier the ship's cargo listing included five boxes of "sporting arms." The Browning "BAR" is a combat weapon.

But agents of the French Line, which operates the 8,693-ton freighter, said seven boxes of arms were listed. Panama Canal Press Office personnel said the State Department has made no disposition on whether or not the arms would remain on board for delivery.

The officials said the ship "is being inspected" but did not say whether the freighter's status was seizure, detention or confiscation.

The press officers added, "the French Line is cooperating with the government," in answer to a question of who now controls the ship—the French Line, the Canal Zone governor or the U. S. armed forces.

The search was undertaken, the State Department said, to determine whether there was any violation of customs regulations.

The United States has charged Guatemala with receiving large arms shipments from behind the Iron Curtain. Tension has been increasing among the Central American countries, and the U. S. has flown arms to two neighbors of Guatemala, Honduras and Nicaragua.

### Dr. Guy Hill to Speak At Commencement

Dr. Guy Hill, coordinator of High School Cooperation, will be the speaker at commencement program tonight at Rushville, Ind.

### Applications Due for Student Teachers

Students planning to do secondary level student teaching during winter term, 1955, should apply at 201 Morrill Hall before June 15, said Carl H. Gross, acting head of the secondary education department.

### States Blamed for Gas Shortage

DETROIT (AP)—A witness told a Senate subcommittee Thursday that gas-hungry Wisconsin and Michigan could have had vast new supplies long before now if his offers had been accepted.

### Hudson Moves to Wisconsin

DETROIT (AP)—American Motors Corp. said Thursday assembly operations for Hudson automobiles will be moved from Detroit to its Nash car plants in Milwaukee and Kenosha, Wis.

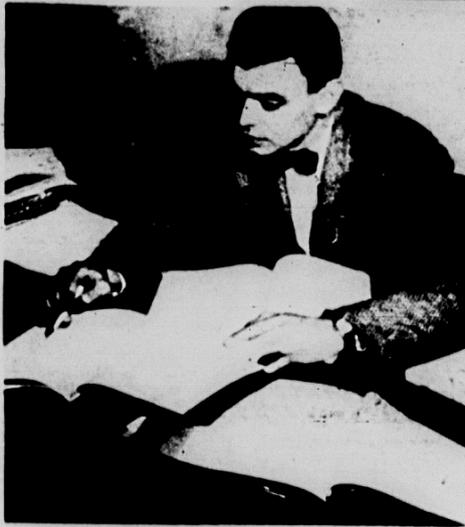

### Pneumonia Hits Mountain Climber

NEW DELHI, India (AP)—Sir Edmund Hillary, 34, conqueror of Everest, was reported Thursday to be battling pneumonia on the ice-bound slopes of Mt. Baruntse in the bleak Himalayas.

### Authorities Endorse Fluorides

WASHINGTON (AP)—The U. S. Public Health Service, the Defense Department and various doctors Thursday endorsed adding of fluorides to municipal drinking water to aid in prevention of tooth decay.

## Two Sides of a Coin

State News Photo by Art Glendon. Today is the last for seniors to turn in coursework in time for grades to be turned in by the Tuesday morning deadline. Beth Karbanen, Detroit, shows the Thursday evening side of the story. Donald Rieder, sociology instructor, gives the Friday and Memorial weekend angle.

## 'The Kid's Last Fight' Davey Quits Fighting To Become Sportscaster

CHICAGO (AP)—Chuck Davey, former Spartan four-time NCAA boxing champ, and one-time gladiator pugilist of the TV screen, quit the ring Thursday to seek a career as a radio and TV sportscaster.

### Students, Merchants To Make Yule Plans

Plans for jointly-sponsored Christmas decorations will be discussed at an informal meeting next week with Davey Human student government president, said John VanCamp, secretary of the East Lansing Merchants Association.

Davey gained fame at State by compiling an undefeated string which stretched through four seasons of competition, in which he won NCAA titles in four separate weight divisions.

In 1943 he took the 127-pound title before joining the Air Force. From 1943 to 1946 he served with the Eighth Air Force as a navigator.

He now holds a reserve commission as a captain.

During his stint in the service, he was runner-up in the Eighth Air Force boxing championships held in England in 1945, and Golden Gloves Champ at Los Angeles in 1946. He then returned to Michigan State and won the 135-pound NCAA title in 1947.

During his last two years at State, he annexed the national 135 and 145-pound titles to climax his fabulous collegiate career.

For three straight years, from 1947 through 1949 he was awarded the John S. La Rowe Memorial Trophy.

Davey has appeared on the downstage since Kid Gavilan edged him in a title fight in Chicago in February 1953. He dropped two contests to Al Anderson and one to Art Aragon. His loss to Martinez was the final touch. Martinez had him on the canvas three times.

Davey, who got a black left eye and puffed lip from the fight, See DAVEY, Page 6

# Student Government Nominates, Revives Issue on Bowling Shoes

## Navy Chief Calls Blast 'Freakish'

### Bennington Fire Cause Unknown

QUONSET POINT, R. I. (AP)—Adm. Robert B. Carney, chief of naval operations, said Thursday night he found "freakish and unique" effects from the explosion and fire that killed 92 men of the big carrier Bennington as she cruised at sea.

The naval court of inquiry whose job it is to try to determine the cause of the tragedy, set its first formal session for Saturday morning.

The admiral flew in from Washington, toured the torn and smoke-blackened compartments of the 32,000-ton ship and visited with

### BULLETIN

QUONSET POINT, R. I. (AP)—death toll in the aircraft carrier Bennington disaster reached 92 Thursday night when Lt. J. E. Paul S. Tondo died in Newport Naval Hospital. The officer's mother lives at New Britain, Conn.

the 100 injured victims in two hospitals. A total of 201 men were injured in one of the Navy's biggest peacetime disasters. Thirty-nine injured are in critical condition.

Pressed for more detail on this statement, he added that there were explosions in areas where there was no heat and that unique vacuum effects were evident where the blasts occurred. Some fabrics and structural parts, he said, showed signs of terrific heat while others at the same area showed none.

Carney said he is unable to speculate on the cause of the tragedy, which struck as the big vessel cruised 75 miles off shore en route from Norfolk, Va., to her home base in Newport, across the bay from Quonset Point.

He said technical personnel from the Bureau of Ships in Washington are combing the carrier for clues.

1. He has no idea where the blasts started except that it was in the vicinity of the wardroom on the third deck.

2. He has no basis for assuming that the explosions may have been caused by sabotage.

3. No orders have been issued to other Navy aircraft carriers because of the Bennington disaster. And such orders must await the findings of the investigators.

4. The Bennington had been slated to undergo a fitting with a canted deck, the new-type aircraft carrier deck which permits speedier handling of planes.

The naval inquiry court met briefly Thursday only to be sworn in. Newsmen will be allowed to cover all the court sessions, with possible exceptions at times when secret or other classified material is being dealt with.

Sen. McClellan (D-Ark.) said McCarthy might well be "guilty of a crime" in accepting secret FBI data from an Army intelligence officer.

### Know—ing Stressed

## Industry Keeps Tab on English

English now has three "K's" as well as three "R's." They are know-how, know-why and know-what, the nucleus of a three-day national conference to be held at MSC and the Oldsmobile Plant starting June 23.

Dr. Clyde E. Henson, professor of English, has worked for such a conference on administrative jobs in industry for the liberal arts graduate since he joined the faculty in 1947.

In March, 1952, Dr. Henson proposed the idea of studying English majors and industry on a national basis in "Critique," newsletter of the College English Association.

## School's Out!

Shirley Conover, Emm Hiller and Terry Wilson form one of many groups parking up for the Memorial Day holiday.

## Disagrees on Five Points

# Cohn Contradicts Army

WASHINGTON (AP)—Roy M. Cohn, chief counsel to the McCarthy investigating subcommittee, said Thursday the sworn testimony of Secretary of the Army, Stevens, and Army Counsel John G. Adams on six major points.

Cohn, chief counsel to the McCarthy investigating subcommittee, and top aide to Sen. McCarthy, flatly advised Adams of "blackmail" and said the Army lawyer admitted he would "stop at nothing" to kill an investigation of alleged Communist infiltration in the Army.

The McCarthy aide's most serious charge was that Stevens on one occasion—and Adams three different times—tried to "take the heat off" the Army by proposing investigations of the Navy and Air Force.

The intense, 27-year-old Cohn testified Adams offered to supply material for an investigation of the other services, including the location of an Air Force base where there was a large number of sexual offenses.

Both Stevens and Adams categorically denied the offer, but would try to divert the inquiry to the Air Force or Navy. The record of the televised hearing is going to the Justice Department and could form the basis for perjury action against one or more witnesses where there is a major conflict of testimony.

Sen. McClellan (D-Ark.) said McCarthy might well be "guilty of a crime" in accepting secret FBI data from an Army intelligence officer.

1. Cohn said Adams frequently referred to Stevens and Adams as a "hostage" and threatened to have Stevens shipped overseas if the McCarthy committee insisted on subpoenaing Stevens' board members and continuing an investigation of Ft. Monmouth. N. J. Adams denied this. His version was that Cohn pressed the subpoena issue because he couldn't get a New York assignment for Stevens.

2. Cohn swore that Stevens and Adams did their best to try to get the young soldier he was charged to be photographed with him, during a stop at McGuire Air Force Base, Stevens and other Army witnesses denied any knowledge of Stevens' asking to be pictured with Cohn. The photo was the famous "cropped" one which figured prominently in an earlier stage of the hearings.

3. Cohn denied Adams' statement that McCarthy refused to issue a press release, submitted by the Army lawyer, because of Cohn's influence. In Cohn's version, McCarthy never intended to issue this release, which referred to the Army's taking over the Ft. Monmouth investigation. As Adams told it, Cohn vetoed the release because he was enraged over an incident at Ft. Monmouth.

4. Cohn said Stevens asked Cohn to stand beside him, and told the young soldier he was charged to be photographed with him, during a stop at McGuire Air Force Base, Stevens and other Army witnesses denied any knowledge of Stevens' asking to be pictured with Cohn. The photo was the famous "cropped" one which figured prominently in an earlier stage of the hearings.

5. Cohn denied Adams' statement that McCarthy refused to issue a press release, submitted by the Army lawyer, because of Cohn's influence. In Cohn's version, McCarthy never intended to issue this release, which referred to the Army's taking over the Ft. Monmouth investigation. As Adams told it, Cohn vetoed the release because he was enraged over an incident at Ft. Monmouth.

6. Cohn said Stevens asked Cohn to stand beside him, and told the young soldier he was charged to be photographed with him, during a stop at McGuire Air Force Base, Stevens and other Army witnesses denied any knowledge of Stevens' asking to be pictured with Cohn. The photo was the famous "cropped" one which figured prominently in an earlier stage of the hearings.

The photo was the famous "cropped" one which figured prominently in an earlier stage of the hearings.

## Question Session Waxes Hot

### Discrimination Problem Also Hit

By MYRA MacPHERSON

The bowling shoe issue is back again!

So is the matter of discriminatory clauses in fraternity charters.

Three candidates for student government president took stands on these and other issues in a question-answer session Thursday night.

The session, attended by almost all new Congress members, followed formal nominations of officers.

Nominated were: president, Jack Subar; Kees Hagadorn and Bill Hurst; speaker, Pat Callahan, Don Hadden and Bill Wurm; speaker pro tem, Bill Mansfield, Jim Bell and Bill Conrad; and secretary, Nancy Jo Shafer.

On the bowling shoe question, Subar now said that he was prepared to make a statement.

Last night he had given no comment with the Union manager, he found that students saved about \$2,000 per year on bowling shoe fees through Congress appropriations.

Hurst, who previously gave a definite "no" to the question, restated Subar's statement. He said that Subar's statistics were not good because the Union "hasn't the slightest idea" how many Union bowlers are students. He backed his earlier statement that he didn't believe government should spend tax money for things that students could obtain for themselves. Congress members will vote on such an appropriation for next year.

Hagadorn remained silent on the issue.

Subar stressed again and again that his views would "place emphasis on long range plans—things that would benefit students in the future." He said immediate results from benefits such as Spartan Spirit were fine but that government should be looking ahead.

When challenged by Hurst to come up with some long range ideas Subar named the following:

1. Taking direct steps for student liaison with the State Legislature.

2. Better student-administration relations.

His second idea could be carried out by allowing a student to sit in on Board of Agriculture meetings, he said.

In Wednesday's Assam, Subar called for an ex-officio member, not merely a student observer.

Hurst implied that more facts were needed on such statements. He said that he found out that it would take an amendment to the State constitution before a student could become an ex-officio member of the State Board of Agriculture.

Citing one clause in the state constitution, Hurst said that two ex-officio members were all that were allowed on the board and change in constitution would be needed for another. He said that he was in favor of the idea but that this shouldn't be one of the main purposes of student government for next year.

Subar said that there was a way to get around the clause, "I hate to hear people say this can't be done—let's give up," he said. He also supported student membership on the Board of Regents.

He emphasized that a group must "lay good foundations" before it can branch out into long range objectives. Hurst said he feels immediate projects like Spartan Spirit are needed to lay this foundation.

Hagadorn backed this viewpoint by saying that it was important to give students immediate benefits for their tax money. He also advocates closer coordination.

See GOVERNMENT, Page 6

## Dorms to Change Meal Schedule For Weekend

All foods staying on campus this weekend will be served lunch and dinner in Gilchrist Saturday, Sunday and Monday, according to Emory G. Foster, manager of dormitories and food services.

Breakfasts will be served in each dormitory, he said.

The following meal schedule will be used:

Saturday lunch, 11:30 to 12:20, dinner, 5:20 until 6, Sunday dinner, 12:45 to 1:15, and tea, 5:30, until 6. Monday's schedule will be the same as Sunday's.

Men's dorms each will serve their own meals as usual, Foster said.

The State News will not be published Monday because the day is a legal holiday. Classes will not meet and offices will not be open.

Editorially

# Student Government at Bat

Nearly two weeks ago, student government submitted a list of driving resolutions to President Hannah and Dean King. The resolutions were drawn up as a result of the government's survey of driving regulations at other MSU colleges.

The survey found that seven of them have systems which allow students to drive on campus after filling out certain forms.

Student government has asked that all students, except first term freshmen, be permitted to register their automobiles with the college.

As the rules stand, not all students may register their cars. And those that do keep unregistered cars in the area are violating college regulations.

Student government's proposal would make the rules less stringent. However, students would have to carry insurance, and no student on probation of any kind would be allowed to register a car.

Another suggestion, that driving on campus would be permitted after 2 p.m. class days and on weekends.

Student government should be commended both for the survey and for initiative in taking the proposals to the administration.

Editorially

# A Job Well Done

Attempting to put together a book like the yearbook is a mammoth task that takes a year of planning by many people. This year's staff did an outstanding job.

By means of effective photography and vivid copy, readers get a comprehensive picture of what Spartans did in 1953-54.

On each page, there is something for someone. The book is packed full of the significant and exciting events which occupy the student's attention. Not one person and administrative function of the college is neglected.

The book will gain added significance over the years when alumni want to take time to reminisce over the "good old days."

And through the efforts of the yearbook staff, an excellent history of the events which are likely to be recalled has been completed.

## Contest Writers to Get Awards Wednesday

Prizes for the English department's annual writing contest will be awarded Wednesday at a luncheon in Porter A of the Union, according to Herman Strick, contest chairman.

The awards were originally scheduled for Friday.

One class of Greenlee, Ed, had 100 words of substandard material and was placed in the class of substandard material.

## Life Can Be . . .

**NORTHFIELD, N. J. (AP)**—Do it yourself! was the way the city of Northfield decided it could pass a higher budget with the same tax rate.

The city hall needed painting, but the cost \$1,500 would exceed not only the budget—but also the tax rate. So Mayor George Infield and the city commission painted the hall themselves, and the tax rate stayed the same.

**JEFFERSON CITY, Mo. (AP)**—John M. Gibson, 13, of Independence, Mo., visited the Missouri State Senate where his father is Democratic floor leader. By long standing custom, he was appointed an honorary page.

His pay was set out in a formal resolution which was adopted by the Senate. It directed Sen. Father, Sen. Floyd R. Gibson, to take him to St. Louis to see the Cardinals in action.

**COUNCIL BLUFFS, Iowa (AP)**—The indignant Council Bluffs citizen who called police to report he had seen a policeman riding in the back seat of a police car with his arm around a pretty girl just didn't have the whole story.

The girl was the policeman's daughter and she was being rushed to a hospital with an injured hand.

## Scheer Nonsense Rumor-Mongers

In spite of rumors and low water, classes are proceeding as usual today.

A few hopeful souls Wednesday passed around the idea that because of the three broken water mains that cut down water supplies during the first part of the week, Friday classes would be called off.

Somehow, the connection is foggy. Did the rumor-mongers think that Spartans would cancel their daily showers if they didn't have to go to class?

Or maybe students are less thirsty on no-class days.

Anyway, the campus water situation is back to normal, according to Building and Utilities Superintendent Edward Kinney, and Memorial weekend won't start until the last blackboard is erased this afternoon.

## Editorially Be Careful

The accident rate in Michigan has increased 14 per cent during the first three months in 1954 over the same period last year.

And the National Safety Council expects that 340 Americans will lose their lives in traffic accidents over the three-day holiday weekend.

In Michigan, pass days for all State Police officers have been cancelled so the force will be at full strength today through Monday.

"We will follow a policy of strict and rigid enforcement," State Police Commissioner Joseph A. Childs has warned. "But police can't do it all. The driver has the primary responsibility to use common sense and avoid bloodshed and tragedy."

If weather conditions are favorable, more drivers will be encouraged to get out on the highways, thus increasing traffic dangers.

Deaths resulting from automobile accidents are needless.

If you're planning on driving this weekend, be careful.

## Roberts Interpreting the News

If the Democratic National Committee were to send Harry Truman and Adlai Stevenson abroad on a definite diplomatic mission it would not only create the champion of all stinks but would very probably be ruled against the law.

That's just what the minority British Labor party is doing, however, and public opinion in Britain is such that it will probably not only get away with it, but be widely praised.

In this mission, Clement R. Attlee, former Prime Minister and head of the party, is joining hands with Aneurin Bevan, his bitter enemy and leader of the party's extreme left wing, which constantly conducts an anti-American propaganda campaign.

They and six other Laborites will go to Peiping, at the invitation of the Communist regime there, in an effort to promote full diplomatic relations between Britain and China.

Britain, though recognizing the Peiping government, has only a second-level diplomatic mission there which has been studiously ignored by the Reds, who have sent no mission to London.

The angle already under consideration by Americans is whether, under the strain of adjusting herself to the change from a first rate to a second rate world power, Britain is entering a period of political instability such as that which afflicts France under similar circumstances.

## LITTLE MAN ON CAMPUS

"It's about delivering your speech at the level of the college freshman, Senator", then perhaps some of the professors would enjoy it."

## Letters to the Editor: Nobody Stole the Stole

**To the Editor:**  
Last weekend, while walking to East Lansing from the Shaw farm party, my date lost the stole of her strapless formal which was stuffed in her pocket. She did not notice the loss until we were sipping up coffee at Kewpies.

Although it was a minor inexpensive article she wanted to find it. So we began to retrace our steps back to Shaw Hall.

And lo and behold, on a tree

branch halfway between the Natural Science and Horticulture buildings, I spied the flimsy piece of material. Evidently someone had found it and had thoughtfully draped it over the limb within easy view.

My date and I would like to thank this unknown friend for this simple act of kindness that is refreshing and heart-warming.

We decided that this reflects the courtesy of the whole MSC student body—and proves them

to be the great bunch of guys and gals they are.  
Nobody stole the stole.

Sincerely,  
Jim Whittaker

Distribution In Bookstore Ends Today

Yearbook Handouts To Move to Office

Today is the last day Spartans may get their 1954 Wolverines in the Union Bookstore.

The books will be distributed from 10 a.m. to noon and from 1 to 5 p.m.

Approximately 2,000 students entitled to books have not picked them up, Doug Coulter, business manager for next year, said. At least 100 persons are waiting for books, but there are none to buy now, he added.

After today, annuals may be picked up in the Wolverine Office, third floor Union. Coulter estimated that about 1,500 books were distributed Wednesday and 1,100 Thursday.

Wolverines for 1955 also are on sale in the bookstore today. Seniors were given first crack at the Centennial books at Senior Swingout Tuesday night. The general sale began Thursday.

The Centennial books will have an additional 164 pages showing the growth of MSC in the past 100 years. However, price of the books remains the same. Sales goal for the Centennial edition is 10,000, Coulter said.

Friendliness Given as Keynote For Big Sisters

Friendliness was stressed as the keynote for a successful Big Sister Program next fall term by Mrs. Dorothy Ross of the Counseling Center at the AWS-sponsored convocation Thursday night.

About half of 900 big-sisters-to-be attended. Mrs. Ross, who was introduced by Millie Rummels, chairman of the Big Sister Program and Activities Board vice-president, gave a talk on how to help freshmen during Orientation Week and the rest of fall term.

Suggestions made were to write a friendly letter during the summer, volunteering to answer any questions the freshmen may have, and to make them feel at home on the campus by explaining rules, regulations, conflict cases and solutions to personal problems as soon as they arise.

A kit to illustrate the right and wrong ways to be a helpful Big Sister was given by Activities Board members.

After the general session small discussion groups were formed to make further suggestions to help the incoming freshmen, one of which will number approximately 1,000.

Department to Show 'Seal Island' Film

The Walt Disney film, 'Seal Island,' will be shown in 128 Natural Science Building today at 3 p.m., announced Dr. Leslie Gysel, associate professor of Fisheries and Wildlife.

He pointed out the "terror" in the words, "highbrow," "egg-head" and "escapist."

The alternative to developing a feeling for the arts would be to sink into an apathy where one regards entertainment as a thing to get by turning a button on the wall, jumping into a car or getting someone else to do it," Dr. Gysel said.

Graduating seniors as well as underclassmen must apply for tickets by picking up these forms because they will not be included in the alumni mailing list for applications, according to Warren F. Burtt, ticket manager.

Ticket applications to individual games will be drawn at noon, June 12 to establish order of filling. All applications will not be filled, however, because of a limited number of tickets available, Burtt said.

Season ticket applications already have been mailed.

Distinguished Alumni

MISS HALL

JOHNSON

COLLINGWOOD

These four alumni will be presented with Distinguished Service awards at graduation June 6. They are George H. Collingwood, Washington, D.C.; Miss Florence Hall, Washington; Arno Johnson, and Earl W. Tinker, both of New York City.

Holiday Recess College Library To Vacation For Weekend

Spartans planning to sacrifice the weekend holiday for the final studying will have to finish any scheduled library work by Saturday.

The College Library will close at 6 p.m. Saturday and will not open until 8 a.m. Tuesday, according to Jackson Towne, head librarian.

East Lansing Library on Abbott Road will close at 5 p.m. Saturday and reopen at 9 a.m. Tuesday morning. Library officials said.

Clarinet Duet, Quartet to Play On WKAR Today

A clarinet duet and a clarinet quartet with piano accompaniment will perform one clarinet selection on WKAR today at 2:15.

The quartet will play 'Prelude and Scherzo' by Ralph D. Miller. Members are Susan Forch, Marion Appleberry, Karen Lundy, and Margaret Lundy.

Handel's Sonata No. 3, Op. 2 will be performed by Miss Forch, and Miss Lundy, accompanied by Miss Lundy.

Bentley Talks on Indochina

Says Our Action Depends on Others

SAGINAW, Mich. (AP)—Rep. Bentley (R-Mich.), a member of the House Foreign Affairs Committee, said Thursday night the United States "may commit armed forces to Indochina, but this is not inevitable."

"Whether we do or do not," he added in a prepared speech, "will depend upon the actions of other countries."

"We do not feel that the loss of Indochina would necessarily mean the loss of the entire Far East but it would be a terrible blow to the cause of the free world."

"Our policy there is not fixed—we have not established a definite line at which we would fight. But this we are certain of—free Asia wishes to defend itself against Communism, we will assist in such a defense to the best of our ability."

Bentley said that if the United States does intervene in Indochina it will not be on a "go it alone" basis but "as part of a united, concerted action . . . which I hope will include contingents from every free nation of the Far East."

The Okemos Congressman spoke at a civic celebration honoring his recovery from gunshot wounds suffered during Puerto Rican fanatics' fire upon the House of Representatives March 1. Bentley was the most seriously hurt of the five congressmen hit.

Coghill Advocates 'Talent Hothouses'

By CYNTHIA SCHEER State News Feature Editor

"Small groups working on a small scale" were advocated by Dr. Nevill Coghill, distinguished visiting lecturer from Oxford University, Thursday night before a meeting of Tau Sigma members and guests.

Speaking to the Business and Public Service and Science and Arts honorary, Dr. Coghill said that amateur groups could act as a "hothouse for talent."

Negro Women To Convene at Kellogg Today

Social welfare, citizenship education, and international problems are among the topics to be considered by the Midwest regional conference of the National Council of Negro Women, today and Saturday at Kellogg Center.

About 125 representatives from eight midwestern states will participate in the conference. Theme of the convention is "Our Responsibility in Strengthening Community Relations at Home and Abroad."

Mrs. Jean Murrell Capers, attorney and city councilwoman of Cleveland, Ohio, will address an intercultural-international symposium tonight at Lincoln Center in Lansing.

At a banquet Saturday evening in Kellogg, Mrs. Jeanette J. Jones, social counselor of DuSable High School, Chicago, will speak.

MSC staff members participating in conference workshops are Mrs. Luella Barber, social work department, and A. LeRoy Bennett and James Miller, of the political science department.

After the two-day session here, the delegates will move to Detroit where they will be guests of the Detroit council of the N. C. N. W.

Students to Apply At Jenison for Football Tickets

Students may pick up application forms for 1954 non-student football tickets beginning Tuesday in the Athletic Ticket Office at Jenison Fieldhouse.

Graduating seniors as well as underclassmen must apply for tickets by picking up these forms because they will not be included in the alumni mailing list for applications, according to Warren F. Burtt, ticket manager.

Ticket applications to individual games will be drawn at noon, June 12 to establish order of filling. All applications will not be filled, however, because of a limited number of tickets available, Burtt said.

Season ticket applications already have been mailed.

# THREE SPARTAN TEAMS VIE FOR CHAMPIONSHIPS

## Golfers Open Conference Tourney at Minneapolis

By Jerry Lorig

The State golfers will be teeing off today with nine other squads, as they open the Big 10 Championships at Minneapolis.

The teams play 36 holes on the Minnesota golf links today and finish with 36 more on Saturday.

Coach Van Alstyne's linksters will be out to avenge last season's cellar finish in the conference play-offs. "We may not be ranked as a title contender," said Van Alstyne, "but I think we rank as good as Michigan and Northwestern who should finish in the top four."

The Spartans lost decisions to the Wolves and Wildcats by only two points.

Running down the list of teams, it appears that Ohio State is the team to beat with Purdue's defending champions running a close second. The Bucks dropped only one of their 16 dual meets. This was on the Purdue course, but they whipped the Boiler-makers by a more decisive score at Columbus.

Leading the Boiler-maker attack is Don Albert, a prime contender for the medal which he nailed down a year ago by ten strokes.

Northwestern is given a faint chance to upset the Bucks and Boiler-makers. The Wildcats have set back Purdue once during the season.

Boasting considerable depth, Michigan figures in the top four. Wolverine ace Jim Stumling is also a challenger for medalist honors. With four returning lettermen swimming for them, Illinois has

high hopes of climbing from the eighth rung. Capt. Haynes Hawkins, who easily ranks as the most improved player on the Illini team, won the Illinois Amateur and Southern Illinois Tournaments last summer.

Wisconsin and Iowa share one advantage with Minnesota in that they have held previous matches on the Gophers home fairways.

The Spartans spent yesterday touring the Championship links in an effort to determine the best position to play on each hole.

The State golf mentor rummaged the picture with this comment, "Since we lack the depth of the other squads, I think it is to our advantage that they count only our five lowest scores. We need at least four of the boys to have good rounds if we are to finish in the top bracket."

## Big 10 Tourney Sites Planned

LAFAYETTE, Ind. (AP)—Minneapolis, Ohio State and Wisconsin. Thursday's opening round of the three-day Big 10 tennis tournament which concludes Saturday.

The 1953 swimming meet will be at Ohio State. Wrestling and gymnastics will be at Minnesota. Tennis will be at Wisconsin.

## Running Strong Third

# Netters Challenge Indiana's Lead

Special to the State News

CHAMPAIGN — Michigan State's darkhorse tennis team won a definite contender's role after Thursday's opening round of the three-day Big 10 tennis tournament which concludes Saturday.

The first day's tabulation showed Indiana's defending champs nursing a slim two-point lead over Michigan, 22-20 while the Spartans were a close third with 19 points. Northwestern was fourth with 14 points, and Iowa, one of the pre-tourney favorites, was tied with Wisconsin for fifth with 13 points each.

The Hoosiers, State and Michigan placed seven, six and five

men respectively in today's singles semi-finals.

State's Capt. Jim Pore was eliminated in number one singles play by Illinois' Conrad Woods, 6-3, 6-4, but stayed in the tournament by teaming with Dick Menzel to advance to the quarter-finals of the number one doubles.

State's number three doubles team of Dave Brogan and Jim Beechum stayed in the running with a three-set victory over Michigan's Bob Mitchell and Bob Sassone, 8-6, 3-6, 6-4.

Arnie Hoffman lost to Indiana's Carl Dentice in number six singles and State's number two doubles team of Dana

Squire and Dean Britton lost to Indiana's Duane Gomer and Bob Barker.

Menzel advanced in number two singles. Brogan moved up in number three singles. Britton won in number four singles and Squire picked up a win in number five singles.

Squire, who beat John Brogan in a challenge round Monday to earn the right to play, was playing only his third start in singles after playing doubles all year.

In Thursday's number one singles play Northwestern's Al Kuhn, the pre-tourney favorite, defeated Gomer, who had advanced to the quarter-

finals by handling Wisconsin's Jack Vincent his first loss of the year, 6-2, 2-6, 6-4.

Kuhn meets Iowa's Norman Barnes, number one singles champ in 1952 today.

The second day pairings give the Spartans a break as Michigan and Indiana face each other in several matches, while State drew lower ranked teams.

## FIRST DAY SCORES

Indiana—22  
Michigan—20  
MICHIGAN STATE—19  
Northwestern—14  
Wisconsin—13  
Iowa—13  
Minnesota—4  
Purdue—3  
Ohio State—1

## 'Race Isn't Won on First Lap'

# Wilbur Shaw Warns Drivers

INDIANAPOLIS (AP)—You wouldn't think it would be necessary, but President Wilbur Shaw of the Indianapolis Motor Speedway will remind drivers in Monday's 500-mile Auto Race that it's a dangerous contest. Forty-four persons have been killed at the annual race.

When the 31 veteran drivers meet Sunday for their final in-

structions, Shaw will sternly warn such charging competitors as Jack McGrath, Bill Vukovich, Tony Bettenhausen and Troy Ruttman.

"Gentlemen, I beseech you to remember that this 200-lap race is not won on the first lap."

The auto will keep the massed field following into the first turn at about 130 miles

an hour from piling up in a tour of exploding alcohol fuel. One overzealous driver, losing control, could end the race right there and wipe out most of the country's best drivers.

It almost happened at the start of the 1949 race. Chet Gardner's Duesenberg skidded on the first turn but spun off the track and out of the way of following drivers in the 38-car field.

Of the 44 persons who have died at the speedway, 14 were mechanics riding in two-men racers.

Other fatalities have included 23 drivers, 6 spectators and 1 workman.

Better tires, brakes and easier handling cars have made the race safer in recent years. So has the required inspection of all vital parts.

Nobody has been killed in the race since William "Shorty" Carter hit the concrete retaining wall coming out of the southwest turn in 1947. Carl Scarborough died of heat exhaustion in last year's race, when the temperature reached 130 at track level.

## Track Team in Top Shape for Title Run

By Bob Smith

Michigan State's track team hopes to make Lafayette, Ind., the scene of another great Big 10 and national upset Saturday by dethroning Illinois' track powerhouse in the Western Conference meet.

But beating the Illini will be nothing less than a Herculean task for the Spartans, who finished fifth in the indoor finals. Besides the defending champs, State will have to deal with Indiana and Michigan who finished second and third in the winter title chase.

However, for the first time this season, State will enter a meet in top shape and with a full week of good practice weather behind it.

Last week's meet with Michigan seemed to indicate that Coach Karl Schlademmer can get good races from Lou Varsha and Kevin Gosper in the 220 and 440. Both had been suffering from leg injuries.

Another factor that might enter in the Spartans' upset chances is the manner in which they are coached. Schlademmer has aimed all season for this meet. This is the big one and his men are primed for it. Every meet up till this time has been only practice as far as the squad and the coaching staff is concerned.

Leading the way for State will be Gosper and Ed Brabham who have posted the top pre-meet times in the 440 and 220. Gosper's 48.5 in the open quarter gives him a .02 advantage over Michigan's Grant Scruggs, his nearest competitors, and his 21.2 ties him with Brabham for top honors in the 220.

Included on this year's Illinois squad are defending champs in three events, and a title-sharer in another. They are Willie Williams in the 100 and 220, Willard Thomson in the high hurdles, and Jim Wright who tied for first in the pole vault.

State will challenge these champs with Brabham and Julius McCoy in the 100 and 220; Capt. John Corbelli, Joe Savoldi, Bill Brendel and Ray Eggleston in the hurdles and Chuck Koskendall in the pole vault.

Michigan is strong in the distances and the field events. Fritz Nilsson is almost a cinch in the shot put and discus, while Mark Booth and Milt Mead are definite contenders in the high jump.

This event looks like a real battle, though, with Illinois' Ron Mitchell and State's Jim Vrooman more than capable of upsetting the Michigan pair's plans.

Sophomore Dave Hoke's 1-53.1 in the 880 places him among the top three contenders at this time with Dick Jarrett only a few steps behind.

Another big man for State who could cause a lot of trouble for the favorites is John Cook, who won the indoor 880 title. His times in the mile and two-mile have placed him in solid contention for those races.

Michigan State has never finished out of the first division in its brief Big 10 history.

## Gosper's Future Undecided

### Australian Senior Ponders Teaching

How would you like to be a track coach who realizes that even though his top quarter miler has two more years of eligibility left this might be his last season of competition for you?

That is exactly the situation that Coach Karl Schlademmer finds himself in concerning Australian Kevin Gosper.

Gosper, who has run a 47.5 leg in a relay and has come within .85 of the school record in the open 440, is a senior with sophomore eligibility and he doesn't know if he will be back at Michigan State next year.

Majoring in philosophy, the soft-spoken speedster from "doon under" doesn't know if he is going to start teaching next year or if he will continue here in school.

So, right now everyone is just sitting around waiting for his decision. Everyone who knows him wants him to do what he thinks is best for himself but it is hard not to hope that his decision will keep him here at State.

The 6'2" runner has captured the hearts of the Spartan track fans with his brilliant comeback victories in the mile relay. Last winter he brought the spectators to their feet when he came from 10 yards behind to beat Kansas' anchor man to insure second place for the Spartans in the triangular with Illinois and Kansas.

Ever since that race Gosper has been turning in similar performances including one just last week at Michigan. In his last race he ran right past Big 10 outdoor champ John Carroll.

His accomplishments have been so good this year that he has been chosen, along with freshman high jumper Doug Stuart, to represent Australia in the British Empire Games at Vancouver, British Columbia in July. He is 21.2 in the 220 yard dash and has a berth and he needs a 20.0 to make the team in that event.

The 175 pound senior after spending two years at Newcastle College, came to Michigan State at the suggestion of an Australian friend who had heard of State from a former Spartan great, Bill Mack.

Since coming to the Spartan campus he has made a name for himself not only on the track but also in the classrooms where he boasts an all-college 3.00. Besides his regular work he has been battling all over the State and the sponsorship of the Spartan Bureau.

He is a coach's dream because he takes his running so seriously but he will also be long remembered for his high character.

## Little Fugitive

... STARTING SATURDAY ...

AS MANAGER OF A THEATRE presenting film aimed at the discriminating movie goer, I have been on the lookout for a film that would satisfy those who keep saying, "Give us something new—something original." I think we have found such a movie.

The name of this picture is "LITTLE FUGITIVE"—a story of the delightful adventures of one small boy in a big world. The name of the boy who plays the title fugitive is Richie Andrews, a seven-year-old, freckle-faced redhead from Brooklyn.

I believe that in the weeks—even years—to come, you will be hearing and talking about "LITTLE FUGITIVE" and its new American star, RICHIE ANDREWS.

# Tigers Take Third Straight Game, 7-1

## Garver Gets First Win in Three Weeks

DETROIT (AP)—Detroit's Ned Garver Thursday won his first game in almost three weeks, hurling smooth seven-hit ball for a 7-1 victory over the Baltimore Orioles, who snapped their seventh game in a disastrous road trip.

The Tigers wrapped up Garver's fourth win against one loss in the first inning, scoring four runs.

Detroit added three more runs in the eighth to complete a three-game sweep over the Orioles, who are looking more and more like the same old St. Louis Browns.

The Orioles, who dropped a four-game series in Cleveland to start the brief road trip, have lost 22 out of their first 34 games and are only a half game out of last place.

Garver, who pitched a four-inning game in Cleveland to start the brief road trip, have lost 22 out of their first 34 games and are only a half game out of last place.

Garver's homer came in the first inning, Sauer tied Stan Musial for the major league home run lead with his ninth-inning blast off Stu Miller.

## Back in Swing

Phil Cavarretta takes a batting practice cut after signing as a reserve player with the Chicago White Sox at Comiskey Park in Chicago last Monday. Cavarretta was let out as manager of the National League Chicago Cubs just before the season started after 20 years with the team.

## Late Sports Wire

WASHINGTON (AP)—Manager Casey Stengel of the New York Yankees said Thursday, "I've got to make my players meaner." Stengel said the world champions have been taking too much harassment from opponents and unfriendly spectators alike.

## INDIANAPOLIS (AP)—The Indianapolis Motor Speedway Thursday polled the 33 drivers starting in Monday's annual 500-Mile Race on the speed they think it will take to win.

Seventeen predicted the winner will run between 129 and 132.5 miles an hour, with an average guess of 130.5. Sixteen others said they couldn't make a prediction. The record is 128.9, made two years ago by Troy Ruttman.

## NEW YORK (AP)—Lord Willin', Arthur Godfrey's \$38,000 coat, made his racing debut Thursday and finished eighth in a field of 14 at Belmont Park.

Lord Willin' was in the middle of the pack all the way down the straightaway in the 4 1/2-furlong race.

## DOUBLE RESULTS:

Wedge & Lewis, 6-2, 6-0. Henry & Durcan, 6-2, 6-1. Doggett & Holtz, 6-3, 6-1. Brood & Henderson, 6-1, 6-1.

## DOUBLE RESULTS:

Kerth and Roegner (WMC) & Ghazal and Link, 6-1, 6-2. Faunce and Lewis (WMC) & Jeffery and Wilson, 6-3, 6-1.

## Snyder 10 Gains Semi-Finals

# Butterfield 3 Tops Theta Xi, 7-4

After Thursday's IM softball activity, only three teams remained in the race for the All-College title, as Butterfield 3 downed Theta Xi and Snyder 10 edged East Shaw 8.

## Tamburo, Ex-MSC Grid Star, Signs Pro Contract

HAMILTON, Ont. (AP)—Dick Tamburo, All-American center for Michigan State in 1952, signed Thursday with the Hamilton Tiger-Cats of the Canadian Big Four Football League.

## Playoff Tickets

The National Collegiate Baseball game scheduled for Monday, May 31, and June 1, at Michigan State College will start at 1:00 p.m. on Monday, with two nine-inning games. The Tuesday game, if necessary, will start at 3:00 p.m.

## MSC Ovens Camp Show

Camp Show, the Upper Peninsula 4-H camp, is opened and operated by Michigan State. During the first week in August, more than 400 4-H members from 15 Upper Peninsula counties meet at the Chatham camp.

## Iowa Refuses to Reschedule Irish; Big 10 Meeting Stalls

LAFAYETTE, Ind. (AP)—Iowa's refusal to drop Notre Dame as the season-closing opponent has stalemated the Big 10 Conference football schedule alignment for 1957 and 1958, it was learned Thursday night.

## Look Out Pitchers

Old-fashioned slugging matches are in prospect when Ohio University and Michigan State meet here next week in a best of three series for the NCAA District No. 4 berth in the College World Series.

## NCAA Playoffs Promise Slugfests

The pitching departments of the two clubs are likely to come down with attacks of collective shell-shock as they try to throw the ball past rival batters hitting for fantastic averages of .317 and .312 respectively. The 317 is Michigan State's Big 10 mark and the 312 is Ohio's total season figure.

## Seven Ohio State regulars are batting over .300, while five Spartans topped the charmed figure.

The two teams are slated for a two-bill on Monday afternoon, at 1:00 p.m., and a third game scheduled for Tuesday afternoon June 1, at 3:00 p.m., if needed.

## Shortstop Tim Biskup is the individual leader for Ohio with a sparkling .382 average at the plate. Third baseman Dick England is batting at a .380 clip, while centerfielder Dick Murphy, an All-American selection a year ago when Ohio lost the district playoffs to Michigan, boasts a .366 average.

First baseman Chuck Mathews leads Michigan State at the plate with .333, while outfielders Jack Blich and Ray Collard each have marks of .328. George Smith at second base has a batting average of .313, and shortstop John Matlock is hitting at .304.

## As a team, the Spartans are far ahead of Ohio in extra base hits. The State team has 32 doubles, 16 triples and fifteen home runs. The Bobcat team has had 37 doubles, 13 triples and eight round trippers.

Announcements

Graduation announcements may still be picked up to the U.S. Bookstore, East Lansing, Grand Rapids, and Dick Johnson, Detroit, get theirs from salesgirl Joyce Steerl, Ionia sophomore.

Bullthrower Supreme Coed Wins Trophy In Speech Contest

A unanimous decision of the judges gave Joan Heljn, Birmingham sophomore, the foot-and-a-half gold bullthrower's trophy Thursday night.

Hurst Challenges Subar

The proposal of Jack Subar, candidate for student government president, "to have someone from married housing run for East Lansing Council" was rejected consistently at the recent meeting Thursday night.

According to Subar, his plan was based on information he received from a city hall employee last fall.

"I was told that the position extended for two years and that the individual must be a resident in East Lansing for six months," Subar said.

Bill Hurst, another presidential candidate, cautioned Subar to look into the facts before he makes any such proposal.

Hurst pointed out that to qualify for the office a person must be an elector and resident of East Lansing for two years. The term for City Council lasts four years, so that the entire procedure involves a period of six years, he added.

Pat Callahan, representative from married housing, agreed with Hurst and said married housing residents are not considered residents of the city where they attend school.

When the proposal was presented to East Lansing officials Thursday, Mayor Max Struther and City Manager Jack Patriarche both agreed that they could not see any advantage to be gained by this plan. Patriarche added, however, that if students can qualify for the office they would be welcomed.

Mayor Struther said that the married student's presence on the council could not affect the housing area since the college completely controls the district. Quoting President Hannah he stated that East Lansing controls all property north of Grand River and the college supervises the area south of Grand River.

The city manager pointed out that except for school activities married housing residents do not stay here long enough to exercise sufficient interest in city affairs.

The first silver medals were earned in the United States in 1922.

Killingsworth Honored Delt Sig Nominates Econ Head for Title

Delta Sigma Pi, national business honorary, has nominated Dr. Charles C. Killingsworth, head of the economics department, for the national "Delta Sig of the Year" title.

Each of the fraternity's 83 chapters nominates one outstanding professor in the School of Business for the contest. The winner is chosen on the basis of activity in the fields of commerce and business.

At present Killingsworth is chairman of a special commission appointed by Gov. G. Mennen Williams to make recommendations in a labor dispute between the Consumers Power Company of Michigan and the Utility Union of America.

He is a past panel chairman for the National War Labor Board and past-chairman of the Wage Stabilization Board.

Now the national umpire for the United States Rubber Co. and the rubber workers union, he filled the umpire post for the Bethlehem Steel Co. and the steelworkers from 1947 to 1952.

Killingsworth is the author of "State Labor Relations, 1850-1941" and "State Labor Relations Acts: A Study of Public Policy." He is listed in the 1954-55 edition of "Who's Who in America."

Government

Continued from Page 1) ... among government groups and would like to see better publicity and personnel programs worked out whereby more students could be included in government activities.

Switching from local issues, candidates were asked, "What do you feel about NSA?"

NSA National Student Association is an organization of college student bodies, represented through their student governments. It was created to promote student interest and welfare through a representative inter-collegiate group.

Whether or not MSC should join NSA is an old issue. Such a plan was backed by former government president Bob Bolo and Gavford Sheets.

Hazardorn and Hurst did not think MSC should join NSA. "I do not think NSA has anything to benefit on the basis of that we must pay to be a member," was Hazardorn's decision.

Hurst said he didn't think MSC should join and that government should turn its interest to getting a better Big 10 association which, in his words, "had gone to pot. He thought a central controlling agency should be set up to regulate the Big 10 group."

Subar said that he had "lost track of NSA and wanted to find out what it was doing before making a statement."

The discussion then arose on fraternity discriminatory clauses.

A bill passed during the 1947-52 session of Congress prompted this question. The bill stated that the government could revoke charters if fraternities found made sincere efforts to get rid of discriminatory clauses by 1956.

The three candidates were vague as to whether or not the bill was in effect.

Hazardorn said that it was a good thing to look into and that he felt that "student government had overstepped its bounds" in trying to regulate something which would go against national fraternity laws.

Another congressman asked the candidates if they felt dormitory representative elections should be more closely controlled.

Congress members will elect officers next Wednesday.

Davey, who holds a master's degree in school administration, declined to say how much money he had made in the ring.

The announcement from Chuck Davey's manager that "our projected fight with Art Aragon is now out the window" came as no surprise.

Matchmaker Babe McCoy went to work trying to land Martinez for the June scrap.

Memorial Misfortune Rain to Dampen Holiday Spirits For Weekend

Memorial weekend may get off to a wet start with showers and thunderstorms predicted for today. The mercury is due to rise to a high of 74 degrees from Thursday's peak of 64. The rain may continue through Saturday with cooler weather promised when the showers end.

The U. S. Weather Bureau in Chicago, Thursday night, issued warning for an isolated tornado in the area bounded by Peoria, Ill., Goshen, Ind., Grand Rapids, and a point 30 miles south of Milwaukee. The warning, which was up until midnight, came after a previous warning for the Quincy area.

Extra Commencement Tickets Available Now

All degree candidates may buy one additional Commencement ticket per person upon presentation of ID cards, according to Lyle B. Leisnering, acting Registrar's Record Office in the Administration Building. Commencement will be held at 4 p.m. June 6.
