First Draft Given Plans Revealed For Centennial

By PAT YAROCK
State News Editor-in-Chief

After a year of work under cover the veil is being lifted on the plans for Michigan State's Centennial. The first draft of the program for 1955 was announced by Alvie Smith, Centennial director, Monday.

'Division Among Us' Says Ike

Calls for Crusade
Against Commies

NEW YORK (AP) — President Eisenhower called Monday night for a "crusade of truth" against communism and sounded a warning against both foreign agents and demagogues thirsting for personal power and public notice.

Speaking at a dinner highlighting the 200th anniversary of the founding of Columbia University, the President said there is no subject on which Americans are so completely united as in opposition to communism.

But he asked: "Yet, my friends, and I say this sadly, is there any other subject that seems . . . to be the cause of so much division among us?"

To this problem we must apply more knowledge and intellect and less prejudice and emotion," he said.

"We must not permit anyone to inspire quarrels that eventually lead good citizens bitterly opposed to good citizens, when basically all would like to be joined in effective opposition to communism."

At no point in the speech did the President mention the sharp differences of his administration with Sen. Joseph R. McCarthy. But his voice became sharply stern and impassioned when he referred to the "division among us."

His remarks came just four days after Atty. Gen. Herbert Brownell challenged—with Eisenhower's approval—McCarthy's statement that it is the duty of government workers to supply information to congressional investigators, even if such action violates White House directives.

Brownell said the executive branch's responsibility for enforcing federal laws "cannot be shared by any individual who may seek to set himself above the laws of our land."

President Eisenhower's address at the Columbia dinner in the Waldorf Astoria hotel was a homecoming of sorts. He headed the university from 1948 until shortly before his inauguration last year, then becoming president emeritus.

Shaw Hall Hosts Dorm Sing Tonight

Instead of "singing in the rain" because of threatened inclement weather, the Men's and Women's Inter-Dorm Sing will be held tonight at 7 in the lower lounge of Shaw Hall, not in the Band Shell.

This is the first time that the Sing will be combined for both men's and women's choruses.

Thirteen living units have entered the annual competition sponsored by the Men's and Women's Inter-Dorm Councils.

Traveling trophies will be awarded to the winning dormitories.

Dormitories competing in the Sing include: Abbot Hall, East and West Shaw, North and South Campbell, Gilchrist, Butlerfield, South Williams, West Yakeley, Mason, Phillips, West Mayo, and East and West London.

Choruses are limited to 20 to 25 members and each group will sing two selections.

First place trophies will be presented in the women's and men's division.

Dean DeWesse, Cincinnati, O., sophomore, secretary of Men's Council, will act as master of ceremonies for the contest.

Winners last year were East London and Abbot Hall, then a men's dorm.

Over 500 colleges, universities and learned societies in America and from all over the free world will be invited to the Founder's Day program.

The observance will formally open with Founder's Day on Feb. 12. This date marks the 100th anniversary of the signing of the act establishing MSC. It is also the birth day of Abraham Lincoln, who in land-grant colleges and universities on which MSC is patterned Ken Wilson, head of general business department, is chairman of the day's program.

Over 500 colleges, universities and learned societies in America and from all over the free world will be invited to the Founder's Day program.

President John A. Hannah explained, "The land-grant system, which had its beginning here, first opened the doors of higher education to all the people. It is fitting that in its 100th year Michigan State will make its campus a world center for discussions by leaders in our civilization which owes much to this educational concept."

More than 25 major Centennial events—from academic symposia to "world's fair" shows of technological progress—are on the 1955 calendar, according to James Denison, chairman of the faculty Centennial committee, and Smith.

During the Centennial year, scholars and scientists from all over the world will attend 10 academic symposia on the campus of MSC, now the ninth largest university in the United States.

Leading authorities will discuss issues and conditions in many fields, including agriculture, education, engineering, communications, science, arts and others.

Topics for discussion include: See CENTENNIAL, Page 6

Frosh-Sophs Appoint 10 To Committee

Ten students were appointed to the advisory committee by the Frosh-Soph Council recently. Each will take over the duties of committee chairman.

Thirty-six of the 55 petitioners were interviewed by sophomore class officers last week, said Howard James, council president.

Ten were chosen instead of the six originally planned, because of a broader scope of activities planned, according to Frosh-Soph Council officers.

The remaining petitioners are urged to apply for Frosh-Soph Council positions next fall.

The following appointments will be contacted today for an organizational meeting to be held tonight in the Union.

Andy Fowler, Green Bay, Wis.; Yvonne Brown, Chicago, Ill.; Dick Barnes, Battle Creek, Mich.; LaGrange, Ill.; Tom Gregory, Detroit; James Keachie, Cleveland, Ohio; Nancy Matthews, Cleveland, Ohio; Larry Crouch, Judy Harper, Detroit; and Patricia Brady, Northfield, Ill.

All appointees are third term freshmen or first term sophomores, and will serve the minimum of two terms classified as a sophomore.

Band Award Presentation Set for Tonight

Members of Michigan State's band will meet without their instruments tonight.

For a change, there will be no music—only food and awards—as the Spartan musicians hold their annual banquet in Parlor C of the Union at 6:30.

Ed Spink, Lansing senior and band president, said that guests will attend from the college and from Oldsmobile Corp., which sponsored two fall football trips and the Rose Bowl jaunt for the band.

Spectacles in hand, Sen. McCarthy reaches over the table to congratulate Roy M. Cohn as a recent session ended in the McCarthy-Army dispute hearing. Cohn spent the day on the witness stand, contradicting under oath the sworn testimony of Secretary of the Army Stevens and Army Counsel John Adams on six major points.

No Marching Today Pres. Hannah To Speak at Parade Thursday

No parade is scheduled today but there will be one Thursday.

Thursday's parade will be the annual joint commissioning parade. At the parade, over 300 seniors will be honored from both the Army and Air Force.

Group 385 of the Air Force will be excused from Thursday's parade.

President John A. Hannah will speak at the exercise.

Candidates To Present Platforms

Three candidates for student government speaker will present their platforms to Congress members and answer questions on their views tonight at 7:30 in the government office, third floor, Union Building.

Pat Callahan, East Lansing senior, Don Hadden, Ohio sophomore, and Bill Wurm, Highland Park, Ill., sophomore, will vie for the office of speaker.

Student government speaker is also the vice president and head of the legislative branch of the government.

Election of student government speaker, president, speaker pro tem, and secretary will take place Wednesday in 31 Union Only government. Congressional may vote and a majority of three votes is required to elect a candidate.

Presidential candidates have already presented their platforms to the student government, according to Dave Hyman, this year's president.

Those running for president include Kies Hagadorn, Alma junior, Jack Subar, East Lansing junior, and Bill Hurst, Fort Lauderdale, Fla., junior.

Candidates for speaker pro tem are Bill Conrad, Jackson sophomore; James Bell, East Ann Arbor senior; and William Mansfield, Madison, Wis., sophomore.

Nancy Jo Shafter, Port Huron, junior, is the only candidate running for the office of student government secretary.

'Forge-ful' Sculpture . . . Metal Called Supple Medium

By DERBY HALL
Present-day sculptors have a new medium for artistic creations in the concealed flexibility of metal.

Landsey Decker, MSC art instructor, has made use of the inherent characteristics of various metals in abstract designs he creates on his campus forge.

"Actually, heated metal is much more supple to sculpture than wood or stone and allows the artist to achieve a greater variety of results," Decker explained.

The art instructor has been experimenting in metal work since he came to MSC four years ago. Decker, who began his career in

Mundt Says Subpoena War to Stop

No Action Taken
On Files Probe

WASHINGTON (AP) — Sen. Mundt (R-SD) said Monday he thought an armistice had been reached in what he described as a sort of subpoena war in the televised McCarthy-Army hearings.

Mundt, acting chairman of the Senate investigating subcommittee, told newsmen he had taken no action on a request by Sen. McCarthy that he subpoena material in Army files.

McCarthy, the subcommittee's regular chairman, has stepped aside while Mundt directs a search for the truth in charges traded by the Wisconsin senator and Secretary of the Army Stevens and his aides.

On the eve of today's resumption of the hearings, Mundt indicated he expected a battle over a flurry of subpoena demands to die down.

The subpoena skirmish flared up Friday when Mundt, saying he was acting at the insistence of Democratic subcommittee members, signed a formal demand for the production of all material in the subcommittee's own files on which Pvt. G. David Schine, formerly an unpaid consultant for the group, had worked.

Almost immediately after McCarthy got this, he asked Mundt to issue a subpoena for just about everything in the Army's files relating to his dispute with Stevens and Army Counselor John G. Adams.

Mundt spoke of the subpoena as being on a list for later action, a sort of subpoena war in which he had reached an armistice, he added.

He observed that Roy M. Cohn, regular chief counsel of the subcommittee and a principal in the controversy on the McCarthy side, had promised to produce Tuesday without a subpoena the material sought by the Democrats.

Cohn, leadoff witness for the McCarthy side in hearings that started April 22, will resume testimony in which he has sworn that Schine was engaged on subcommittee business when he received special passes while taking basic training at Ft. Dix, N. J.

There has been much interest in metal craft due to the public's recent attraction to abstract design, Decker said. "Many sculptors have changed to metal because it offers the advantage of

doing all the work in the artist's studio."

Decker does most of his work with thin sheets of bronze, copper or steel. To fashion the design he heats the metal until it is red hot and then hammers it into shape.

The big job, however, is creating the designs for the structures, a process which sometimes takes 30 drawings before Decker is satisfied. He finds many designs in plant patterns.

Decker is now working on two large, bronze figures as a result of a research grant given for his creative work. It was the first time the college presented such an award.

Traffic Deaths Hit 340 With Total Still Rising

Graduating Senior Dies In Collision

Ralph Horney
Killed Near Novi

Ralph E. Horney, 22-year-old MSC senior, was the first in this area to die in holiday traffic accidents Friday night.

The Detroit physical education major was killed when his automobile collided with another car, driven by Blair Moody Jr., 26, a Detroit attorney and son of the former senator.

According to state police, Horney was attempting to pass another automobile when he collided with the Moody car.

Critically injured was Moody's wife, Mrs. Moody, who was also injured, but not seriously.

Mrs. Moody was taken to University hospital at Ann Arbor, where doctors said her condition is extremely grave.

Horney was dead on arrival at Michigan Hospital in Northville. He was scheduled to graduate in commencement exercises on June 6, where he would have received a degree in physical education, health and recreation.

While attending college, Horney lived at 680 Virgin Ave. in Meridian Township, near East Lansing.

Moody Jr. told police he and his wife were en route to Grand Rapids to visit her parents.

The accident occurred on US-16 near Novi.

June Engineer To Introduce Dean Ryder

The June issue of the Spartan Engineer will go on sale today at Olds Hall and the Union Desk.

Featured are an article introducing Dr. John D. Ryder, new dean of the School of Engineering, and a story on the laying of the new pipe line across the Straits of Mackinac.

Special articles are included for geology, physics and chemistry majors according to Dick Tompkins, promotion manager.

Sales of the magazine will be made from 8 a.m. to 4 p.m. today and Wednesday at Olds Hall and during regular business hours at the Union Desk.

Students with subscription cards are asked to bring them to the sales booths.

Wolverine Staff To Hold Meeting For New Workers

Anyone interested in working on the 1955 Wolverine is invited to attend a coffee hour at 4 p.m. today in Old College Hall.

Contents of the Centennial edition, including the historical section, will be explained, Burt Gerber, 1955 Wolverine editor, said.

Best 'Bull-Throwers'

Winners of the Bull-Throwing Contest, held last week, are Rafferty, Detroit junior, left, took third place; Joan Heelin, Birmingham sophomore, won first place; and Nick Bellis, Manistique freshman, placed second.

Beta Gamma Sigma To Hold Installation Business Honorary to Initiate 35 Upperclassmen Today

Alpha Gamma Chapter of Beta Gamma Sigma, national business honorary, will be installed at MSC today.

The installation ceremony will be held at 5 p.m. in the Union, followed by a banquet.

Dean Richard L. Kozdra of the School of Business Administration at the University of Minnesota, will be installation officer and speaker.

Beta Gamma Sigma is the national scholarship honor society in the field of commerce and business. Chapters are located only in Schools of Business which are accredited by the American Association of Collegiate Schools of Business.

Election of undergraduates is restricted to those in the upper two per cent of the junior class and upper 10 per cent of the senior class in the division of business and department of economics.

Thirty-five junior, senior and graduate students will be initiated at the installation ceremony. All of these students have at least a 3.2 all-college average.

The seniors who will be initiated are Mary Adair, Mt. Morris; Kenneth Berman, Whitehall; Sylvia Branan, Lansing; William Brink, Holland; Constance Clausen, Lansing; Gordon Quirke, Jonia; Margaret Butterer, Hastings; Robert Hamilton, Midland; DeNed Hartman, Fort Wayne, Ind.; Roger Hermanson, James-

Senior Council Petitioning to End

Want to serve on Senior Council? Today's your last chance to be considered.

Fill Thistle, senior class president-elect Monday urged juniors to file their petitions in the box at the Union Desk before 5 p.m.

Chairmanship positions are open for Senior Swingout, Senior Ball, Water Carnival and for the alumni "Senior of the Week" Homecoming, Centennial, publicity and social committees.

Holiday Toll Takes 35 From State

Ike Pays Tribute
To U. S. War Dead

By the Associated Press

The toll of dead on the nation's highways topped the 300 mark Monday and it appeared nip-and-tuck whether the millions of motorists headed toward home would break the 300-time record for Memorial Day holiday fatalities.

The National Safety Council appeared to have returning home from weekend trips to drive safely. But it appeared doubtful that the number of traffic deaths in the closing hours of the holiday would reach enough to hit totals below advance forecasts.

During the first 78 hours of the holiday after 6 p.m. Friday traffic deaths across the nation totaled 31. There were 77 drownings and 66 deaths from miscellaneous causes for a grand total of 181.

The 1954 Memorial Day traffic toll of 340 was piled up during the three-day period in 1953. The record Memorial Day toll for all fatalities was set during the holiday weekend of 1948 with 311.

Michigan's toll of 35 accepted deaths over the long Memorial Day holiday weekend reached 23 by late Monday night and exceeded the total of 25 dead over the holiday weekend in 1953.

Highway accidents claimed 20 lives up to 5 p.m. Monday, with seven more bodies to go before the weekend officially ended. Nine people drowned and six died in miscellaneous accidents.

One MSC student, Ralph Horney, Detroit senior, was among the traffic fatalities.

While death was stalking the nation's highways, President Eisenhower and a million of others paid their annual tribute to the nation's war dead.

The chief executive, leader of one of the great armies of World War II, made the traditional pilgrimage to Arlington National Cemetery, where he placed a wreath at the tomb of the Unknown Soldier. Then, he held a moment of silence for the fallen, while a bugler sounded taps.

Similar ceremonies took place throughout the land. Churches opened their doors for special services.

On the flight deck of the Aircraft Carrier Bennington docked at Quonset Point, R. I., some 7,500 persons gathered to honor the 100 men who were killed by an explosion and fire aboard the ship last Wednesday.

These men have not died in vain. Capt. William F. Harbo, commander of the Bennington, said.

It was the first Memorial Day in four years that American military men were not fighting in Korea.

Water Supply Cooperation Commended

Campus residents are to be commended for their cooperation in economizing on water, Edward Kinney, superintendent of buildings and utilities, said.

Three broken water mains resulted in muddy water for MSC students May 25. Although there is still a slight scarcity of water, the pipe repairs are completed," Kinney explained.

Kinney said that residents of married housing who were asked to economize on water "cooperated 100 per cent." Twelve families in the housing area were requested to turn off lawn sprinklers.

As yet the campus is requested not to waste water so that the supply can be built up in the college reservoir.

The piping of water from East Lansing and the Lamell well on Harrison Road has also been eased a great deal, according to Kinney.

NEWS IN BRIEF

Cause-Fire Discussed

GENEVA (AP)—East and West disagreed sharply over the composition of the proposed control commission for the long sought armistice in Indochina Monday, but military representatives of the two warring sides in Indochina were ordered to meet today in a preliminary cease-fire session.

Airlift May Begin

SAIGON, Indochina (AP)—Authoritative French military sources said Monday night the United States may undertake a big Globemaster airlift soon to help meet the menace of a Vietnamese offensive against the Red River Delta.

In Record Time

Vukovich Wins Second '500'

INDIANAPOLIS (AP)—Bill Vukovich, poker-faced throttle demon from Fresno, Calif., zoomed to a record-breaking triumph Monday in becoming the third man in history to win the grueling Indianapolis Speedway 500-mile race two successive years.

As the huge, sprawling crowd of an estimated 175,000 held its breath while black clouds threatened to deluge the finish, Vukovich became a speedway immortal with Wilbur Shaw and Mauri Rose.

Shaw won two straight 500's in 1929 and Rose in 1947 and 1948.

Vukovich, turned in the seventh row at the start of the four-hour grind, moved into first place at the 230-mile mark, and then battled it out with Jimmy Bryan of Phoenix, Ariz., and favored Jack McGrath of South Pasadena, Calif., the rest of the way.

Vukovich gunned his grey fuel

injection special the tortuous 500 miles at 139.830 miles per hour to finish exactly one lap ahead of runner-up Bryan. Third went to McGrath, who was the pole car driver after a record qualifying mark of 141.033 m. p. h.

Vukovich's clocking was almost two miles per hour faster than the 1952 track record set by Troy Ruttman, who wound up fourth Monday after relief help. Ruttman's record time in 1952 was 128.922 m. p. h.

The elapsed time for Vukovich's scorching race was 3 hours, 49 minutes and 17.27 seconds. This compared with Ruttman's 1952 time of 3 hours, 52 minutes and 41.83 seconds.

Vukovich, who won "two or three more" 500-mile triumphs before retiring to a 40-acre grape farm near Fresno, was rewarded at the finish line by an enthusiastic kiss from TV and movie star Marie Wilson, Bill's wife, Esther.

also got in a big hug and kiss.

Ideal weather prevailed until about 80 miles from the finish, when a storm front accompanied by a gusty wind moved over the sprawling speedway plant.

With debris and a fine mist scattering the course, the "slow up" yellow signal went on for six and one half minutes.

Vukovich gunned for the record all the way, despite the slow-up and a 12 minute, 25 second warning which marked one of the mishaps midway in the wild scramble.

The nearest to a tragedy among the four accidents came as Jimmy Daywalt and relief driver Pat Flaherty locked wheels after

Top Finishers

INDIANAPOLIS (AP)—Standings at the finish of the 500-mile race:

1. Vukovich
2. Bryan
3. McGrath
4. Ruttman

Daywalt careered off the outside wall on the northwest turn. However, both drivers were able to walk away from the cars.

The lead changed hands seven times, involving six drivers, before Vukovich went ahead for keeps on the 150th lap around the 2.5-mile brick and asphalt course.

Sportotopics

Spartans Beaten

— At Conference Table

By CHUCK MILLER

State News Sports Editor

Politics is a hard thing to beat.

Michigan State is finding out that Big 10 politics is no exception.

The Spartans can lick any Big 10 team on the gridiron, but at the conference—well, that's a different story.

The Western Conference brass, at their annual meeting Saturday at Purdue, again gave Michigan State the smallest slice of pie when the 1957-'58 schedules were served up.

Again, the power of MSC's rival down Ann Arbor way was shown, as the Wolverines drew five conference home games in 1957 and four in '58.

Meanwhile, the Spartans, supposedly full-fledged members, were faring only slightly better than in their first three seasons' schedules.

The 1957 slate shows four home games, while three games have been scheduled for Macklin Field in 1958.

This is some improvement over the first three schedules which have only two home games each year.

State came out on the short end in another respect also. The Wolverines play a seven-game conference schedule in 1957-'58, while State is held to a six-game slate.

This extra game has often proved decisive in the final standings, and as in many other instances, the Big 10 handed the edge to the Wolves.

Iowa's refusal to drop Notre Dame from its final game spot, and initiate a "traditional" game with the Spartans was one reason for the six-game slate.

As it stands now, the Hawks and State are the only teams in the conference without a traditional league rival to finish the season.

The other eight teams pair up this way for the final league activity:

Michigan vs. Ohio State, Wisconsin vs. Minnesota, Indiana vs. Purdue and Northwestern vs. Illinois.

Many conference officials described the proposed MSC-Iowa feud as a "natural."

Of course it's natural—they're the only two teams in the league without traditional rivals.

However, Iowa's refusal to reschedule the Irish led to a stalemate and the matter was dropped.

Meanwhile, Minnesota was scheduling an unprecedented eight-game conference schedule for 1958.

The Big 10 also decided to prevent any recurrence of the nerve-racking debate which developed last fall as a result of MST and Illinois tying for the title.

In case of future ties, the conference adopted a three-step method of determining the Rose Bowl representative.

If two or more teams tie, the teams that have made the trip most recently are eliminated.

If a stalemate still exists and the two teams in contention have met during the season, the winner of that game is selected.

If there is still a deadlock—a coin is flipped.

Track Team Finishes Third in Big 10 Meet

Illinois Wins Fourth Straight Outdoor Title With 57 Points

By BOB SMITH

Showing remarkable team balance, Michigan State's track team scored in 12 of 14 events but still placed third behind Illinois and Michigan in the Big 10 track finals Saturday at Purdue. Illinois scored 57 points, Michigan 40 1/2 and State 37 1/4 to take the first three places.

Illinois won its fourth straight outdoor title and eighth straight including indoor championships. Illini men captured six individual events, won the relay, and had two men share a three way tie in the pole vault.

Michigan State copped the mile, took seconds in the 440, broad jump, low hurdles, and the 220, and scored thirds in the 880, high hurdles, and the mile relay. Other Spartan scoring came with fourths in the 100 yard dash and the high hurdles and fifths in the 100, two-mile, State men tied for fifth in the high jump and pole vault. The only events that State didn't score in were the shot put and discus and no Spartans were entered in those events.

Besides the actual team scoring, Keyan Gosper made Spartan track history when he tied Lou Varga's one year old record of 48.2 in the 440 in Friday's preliminaries.

Slender John Cook, who won the indoor 880 championship last winter, beat Michigan's John Ross by a yard in the mile to take the crown. His time was 4:14.1. Cook's victory was the only first place scored by the Spartans.

Tog among the Spartan individual scorers was Captain John Corbally, who placed second behind Illinois' Willard Thomson in the 220 yard low hurdles and third in the high jump. Joe Savodi placed fourth in the high jump and two points to the Spartan total.

Acc sprinter Ed Brabham was upset at the time, by Illinois' great Willie Williams in the 220. Williams was timed at the fast time of 21.9. Brabham also finished fourth in the 100 while Julius McCoy placed fifth.

Broad jumper Ray Eggleston lost what was probably the closest decision of the day when he lack ed only 5/8" of winning. His jump of 23' 4" had to take second behind Iowa's Bob Smith's jump of 23' 11". It was best jump of the year.

Gosper, State's ace 440-man took a second behind Illinois' fabulous Ralph Friesen in the final. The winning time in this race was a fast 46 seconds flat. Other scoring for the Spartans came from Dave Hoke, who finished third in the 880, Lyle Garbick fifth place in the two-mile, Jim Vrooman's three-way tie for fifth in the high jump, and Chuck Covskendall's seven-way tie for fifth in the pole vault.

The third place finish kept intact the Spartan record of never finishing in the second division.

Next competition for State will be June 5 at Milwaukee, when they will compete in the Central Collegiate games.

Other scores in the meet were Indiana 27 1/2, Iowa 12 9/14, Purdue 12, Northwestern 11, Min-

DANA SQUIRE
... singles Champ ...

Netmen Take Third Place At Illinois

The Spartan tennis squad took third place honors in the Big 10 Tennis Championships at Champaign.

The Hoosiers of Indiana were on top for the third straight year, with Michigan finishing second.

The one outstanding performance for State was registered by Dana Squire, Squire won four straight matches to cop the No. 5 singles title.

Capt. Jim Pore lost his opening round match to Conrad Woods, Illinois, 6-3, 6-4.

Pore won three consolation matches, picking up one and one-half points.

Dick Menzel won from both Alex Wolpert, Minnesota, and Jack Schindler, Wisconsin, before losing in the semi-finals to Paul Bennett, Northwestern, 6-1, 3-6, 6-3.

Dave Hoogan, the pre-tourney favorite in the number three spot, went all the way to the final, before losing to Indiana's Bob Martin, 6-3, 6-3.

Dean Britton, after defeating Jack Clendenin, Northwestern, in opening round, lost to Minnesota's Felix Phillips, 1-6, 6-3, 6-2.

Squire, in winning his title, defeated Jack Norman, Iowa, Ed Peabody, Illinois, Dick Bets, Purdue, and in the final, defeated Michigan's Bob Mitchell.

In the No. 6 spot, Arnie Hoffman lost in the opening round to Indiana's Carl Dentice, who went on to win the title.

In the No. 1 doubles position, Pore and Menzel lost to Wisconsin's Schindler and Jack Vincent in the semi-finals after having defeated Purdue's Howard Jones and Bob Gates in the opening round.

Squire and Britton lost their opening round match to Barker and Duane Gomer of Indiana.

Brogan teamed with Jim Beechum to defeat the Wolverines' number three doubles team of Bob Sassone and Mitchell. Brogan and Beechum were then defeated by Dentice and Bob Bennett of Indiana.

Golfers End In Eighth in Big 10 Match

In the Big 10 golf tourney last weekend State's linksters earned as high as fifth during Friday play, but raised their total to last in Saturday's final round to finish eighth.

The favored Ohio State again took the trophy leading the field on both days by a wide stroke margin. The Bucks posted 152.7 swings.

Iowa finished second, best ahead of Minnesota, Purdue, and Illinois in the top division. While Northwestern, Indiana, and State edged Michigan and Wisconsin in the cellar.

Ken Rodewald proved the best Spartan swinger. His score of 81.6-74.6-30, ranked 11th in individual scoring and only fourth in four-day totals.

The intramural softball semi-final game between Snyder 10 and Tog shop will be played this afternoon on Old College field at 5:30. The winner will meet Butterfield 3 in the final.

Strokes from medalist Bob Bennett of Purdue, Bennett finished 298 in his four rounds.

After a slow start in the opening round Friday morning, the fifth slot by the end of the second round.

The Spartans found it a long course on Saturday however, as they dropped 3 notches and 19 strokes out of fifth place.

"I am not disappointed in my performance," said Coach A. Aystine, "our main difficulty was the fast greens. I think cost all our boys a few strokes."

Three Honorary Degrees MSC to Graduate 2,147 Candidates

A total of 2,147 students, including spring and summer candidates, will be awarded degrees at the 96th annual Commencement exercises, Sunday, June 6.

Two educators and an engineer will receive honorary degrees at the graduation exercises scheduled for Macklin Stadium at 4 p.m. In case of rain, the program will be held in Jensen Fieldhouse.

Candidates for bachelor's degrees number 1,952 and 195 graduate degrees, including 158 masters and 37 doctorates, will be conferred.

An honorary Doctor of Laws degree will be awarded to Dr. Arthur S. Adams, of Washington, D. C., president of the American Council on Education, and the commencement speaker. He will speak to the graduates on "The Source of Our Strength."

Dean Emeritus Ernest Lee Anthony, of East Lansing, retired Dean of the School of Agriculture at MSC, will receive a Doctor of Agriculture degree.

Alfred Iddies, of New York, alumnus, former member of the faculty and now president of the Babcock and Wilcox company in New York, will be awarded a Doctor of Engineering degree.

Head of the American Council on Education since 1951, Dr. Adams served as president of the University of New Hampshire, 1948-50, and provost of Cornell University, 1946-48.

He was awarded the U. S. Legion of Merit for his work in organizing and administering the Navy's V-12 program during World War II.

Dean Anthony retired July 1, 1953, as Dean of MSC's School of Agriculture. His retirement ended a 40-year educational career of teaching and administration at Pennsylvania State College, West Virginia University, and MSC.

He came to MSC in 1928 as head of the dairy department. Four years later he was named dean of agriculture, heading the teaching, research and extension activities in agriculture.

Iddies received his B. S. degree in 1912 and a Master of Engineering degree in 1917 from MSC. From 1914-18 he was an assistant professor of engineering here.

He has received recognition in the design, construction and operation of power plants. Iddies has served as president of Babcock and Wilcox since 1948.

Alumni awards for distinguished service will also be presented at the commencement program to George H. Collins, conservation analyst, Mrs. Florence Louise Hall, retired representative to the U. S. Department of Agriculture, Arno H. Hask, Johnson, vice-president of the J. Walter Thompson company, N. Y., and Earl Warren Tinker, forest administration specialist.

Communist Party Has Disadvantages

MEMPHIS, Tenn. (AP)—A sign in Doc Wicker's barber shop here reads:

"No service to known Communists, except slaves! And I am very nervous."

Career Carnival Post Filled

Roger Walker, Kalamazoo senior, last week was appointed assistant director of the 1955 school annual Career Carnival, by the placement bureau, sponsor of the Carnival.

Frances Hovey, Chicago, Ill., senior, was appointed executive secretary.

A meeting will be held Wednesday at 7 p.m. in 31 Union for students interested in working on the Carnival.

Scheduled for Nov. 15-17, the Carnival's purpose is to acquaint undergraduates with possible vocations and to give seniors an insight into their prospective occupations.

Company agents are available at the Carnival to talk informally on business, industry, government education, and the armed services.

Held in the Union Building last fall, the Career Carnival attracted more than 300 representatives from 41 companies and nationally known groups, who set up booths and demonstrations.

Arms for Guatemala

At anchor two miles off Key West is the Swedish freighter, Alfheim, which carried 2,000 tons of arms to Guatemala. Her captain and crew were being questioned about the arms cargo by State Department officials flown to Key West from Washington.

Just Like the Rose Bowl

1955 Homecoming To Feature Parade

Michigan State will have its own version of the Rose Bowl Parade in 1955.

The Centennial Commission is planning a Homecoming parade similar to the Parade of Roses for Oct. 2, 1955.

Roy Rider, student centennial director, says he plans to have about 100 units in the parade. The route has not been determined yet, but Rider says it will be at least two miles long.

Tentative plans for the two to three hour parade include 60 floats, 15 to 20 bands, 10 equestrian units, five drill teams, 10 novelty units and 10 management units to be composed of college, city and state officers.

The parade will be divided into six divisions. First group, the management division, will have drummers, mounted police, the parade marshal and college, city and state officials. Rider says.

Each of the five divisions following the lead group will have approximately the same ratio of floats, bands, novelty units and drill teams.

Rider expects the parade to be one of the largest events of the Centennial celebration. He expects it to draw 100,000 persons.

Among the faculty members elected to membership are Herman J. Wyngarden, dean of the School of Business and Public Service; Kenneth Wilson, director of the division of business; Edward A. Gee, head of the accounting department; and Edward A. Brand, director of food distribution.

The officers of the new chapter are: Jack L. Walsh, president; Bertrand Weesner, vice-president; and Bruce Futhy, associate professor of accounting, secretary-treasurer.

Band to Give Last Concert Wednesday

The Concert Band will perform its concluding concert of the season on Wednesday at 8 p.m. in the Band Shell, weather permitting.

It will be the last of the band's season in all 25 other scheduled programs. The Concert Band will move to the Auditorium.

Bern Autrey, cornetist, was named by band director Leonard LaRue as guest soloist at the concert.

Autrey's selections, with the ensemble, will include "Strauss' 'The Blue Danube' waltz, 'The Carnival of Venice' and a new concert solo, 'La Virgen de la Macarena' by Mendez.

As instructor at MSC, Autrey also plays with the Leonard Smith Band in Detroit.

Continuing a program of light classical selections, the band will perform the "Procession of Nobles" from "Mlada" by Rimsky-Korsakov, and the "March in A Major" overture by Rossini.

Autrey's selections of the ballet music from "Mlada" will be presented in one of the major works of the concert. Included in the light music are "Waltz for the Nightingale" and "The Soul of the Nightingale" by Rimsky-Korsakov, and "Pas Seul de Bolshoi."

A modern work, "Cambodian Suite" in three movements, by K. Norodom of Cambodia, will also be performed.

Continuing the program will be "Gypsy" and "Romantic Tone Poem," a musical serenade, "Open Thy Heart to Me" by Bizet, and "Friede, meine Salome Rhapsody."

Sod Soggy

Sunburns Get Cooling Off With Showers

Scattered spring showers will rain down on sunbathed Spartans this morning after the long Memorial weekend.

Today will also bring cooler temperatures, with an expected high of 74. Northwest winds will blow from 20 to 25 miles per hour.

1954 Wolverine Distribution Continues in Office

There are more than 1,100 1954 Wolverines yet to be distributed, according to Burt Gerber, copy editor and next year's editor.

Books will be handed out from 1 to 5 p.m. in the Wolverine Office, third floor Union.

All copies of the annual have been bought and there are no extra copies for sale now, Gerber said.

Music Session Planned for Youth

A youth music session will be given at Michigan State June 29, July 18. Auditions on the day of registration will determine assignments of students to either the concert band, made up of the more capable and experienced performers, or the training band. Choral instruction, theory and composition also will be offered.

Centennial

(Continued from Page 1)
"Administering Human Affairs, 1953-2000," "Nutrition of Plants, Animals and Man," and "The New View of Man—A Synthesis and Forecast."

Fourteen major educational associations have scheduled their national meetings on the campus during 1955. They include the American Philosophical Association, Association of Land-Grant Colleges and Universities, Poultry Science Association, American Institute of Biological Sciences and American Dairy Science Association.

Other major events include: The Industrial Exposition, May 11-14, which will unite hundreds of exhibits from the nation's business and industrial corporations and the Centennial of Farm Mechanization, Aug. 16-20.

The Fall Convocation, during the week of Oct. 10, will be addressed by an outstanding world figure, to be announced later.

The theme of the entire Centennial, Denison, announced, is a quotation from Lincoln's Gettysburg Address which was chosen because it reflected the nature and purpose of the Centennial program. "It is for us the living... to be dedicated here to the unfinished work."

A committee of eight faculty members, Denison, Smith, Thomas H. Osgood, dean of graduate

studies; Leslie W. Scott, director of Kellogg Center; H. J. Stafseth, head of the bacteriology and public health department; E. B. Hall, professor of agricultural economics; Madison Kuhn, college historian and Roy Rider, Lansing junior, guided the planning for the year.

This represents the first time a student was on a faculty committee.

NO CIGARETTE EVER WENT SO FAR SO FAST!

"What a pleasure to find a filter cigarette with a real cigarette taste, and the best filter of them all. There's nothing like L&M Filters!"

David Wayne
Star of "The Tenth Hour of the August Moon"

Nation-Wide Demand for L&M Drops Price!

Save up to 4¢ a pack
—40¢ a carton!

Since L&M Filters were put on sale across the country they have gained a nation-wide demand never before equalled by any other cigarette in so short a time.

Already, thousands of big-city dealers report — L&M their largest selling filter cigarette!

Why have L&M Filters rolled up sales records like this? Because for the first time filter tip smokers are getting what they want... much more flavor and aroma with much less nicotine.

FROM L&M TO YOU JUST WHAT THE DOCTOR ORDERED

1. THE MIRACLE TIP... L&M's exclusive filter tip contains Alpha Cellulose... for most effective filtration. Selects and removes the heavy particles, leaving you a Light and Mild smoke.
2. PUREST AND BEST filter made. Exclusive with L&M. Result of 3 years of scientific research... 3 years rejecting other filters. This is it!
3. MUCH MORE FLAVOR... MUCH LESS NICOTINE. L&M Filters are the first filter cigarettes to taste the way a cigarette should. The premium quality tobaccos... and the miracle filter work together to give you plenty of good taste.

L&M — AMERICA'S HIGHEST QUALITY AND BEST FILTER TIP CIGARETTE

Jacobson's

Shoe Salon

Fleet-footed, supple caperous put a refreshing lift in your summer activities... moving, flexing, feeling feather-light on your busy feet as only a dancer's ballet last can. Pink or white kid, outlined with eyelet detail.
