Christmas Contest Plans Shuffled by Government

Sororities Advised Not To Compete

PanHel Forces Display Switch

Student government hastily shuffled its plans for the Christmas City display contest Tuesday as PanHellenic Council advised its 18 sororities not to participate in the competition.

PanHel's decision left a shortage of coed living units to compete in building the displays for Grand River islands and forced student government to revamp its judging system and shove back its entry deadline.

The contest, sponsored jointly by student government and the East Lansing Merchants Association, offers four trophies worth \$300 apiece in two categories—religious themes and general Christmas themes.

The Merchants Association is financing the entire project to decorate East Lansing for the Christmas season. Total expenditures for the project will probably reach \$3,000, with about \$1,000 being spent for general lighting.

Originally, student government planned to run the contest with two living units—one men's and one women's—building a display.

But PanHel's decision removing sororities from competition prompted Government President Bill Hurst to allow men's living units to enter the contest alone or join with a coed dormitory or co-operative.

A letter from PanHel to student government gave the sorority council's explanation for its decision.

"We felt that cooperation instead of competition would be more in keeping with the Christmas spirit. PanHellenic Council will be more than happy to work together as a group and construct a display."

But PanHel ruled out any individual participation by its 18 sororities.

"We're sorry PanHel feels that way about it," Hurst said. "But this is the first real step toward cooperation between students and the city of East Lansing."

Leaders of the Inter-Fraternity Council and the men's and women's Inter-Dorm Councils have indicated to student government that they will leave the contest up to their individual living units.

Men's Council voted Tuesday night to support the Christmas City contest.

All living units that wish to participate in the contest must inform student government before next Wednesday, Oct. 13.

Space on the Grand River "islands" will be allocated on Oct. 18 and all theme entries are due by Oct. 27.

Groups can start constructing displays on Dec. 1 and must have them completed by Dec. 4. They will be judged Dec. 8 and will remain on Grand River through MSC's Christmas vacation and must be taken down by Jan. 5, the last day of winter-term registration.

If a living unit decides to enter the contest alone, it will receive a 500-point "spot" toward the 1,500-point basis on which the displays will be judged. If a pair of living units take first place in one of the two categories, they will each receive one of the \$300 trophies.

Although contest rules prohibit an expenditure of more than \$25 on one display, certain East Lansing merchants will sell materials at cost. A list of these merchants will be issued to participating living units.

3 Men Suspended For Liquor Violation

Two students in West Shaw and one in East Shaw were suspended this week for having liquor in their dormitories, the Dean of Students Office reported Tuesday.

Stan Kenton Talks to Pianist Art Tatum.

Jazz Rocks And Kenton, Combos Swing at Festival

By CYNTHIA SCHEER

Stan Kenton brought his exciting big band and five small units to the Auditorium stage Tuesday night for a "Festival of Modern American Jazz."

As seen by a fair-sized audience, the festival presented an interesting cross section in the field of modern jazz.

From the West Coast came Shorty Rogers and his Giants, the leader a former Kentonite.

Probably the most spontaneous group on the program, the Rogers aggregation featured the inventive trumpet of its leader, the skillfully satirical drums of Shelly Manne and tender and baritone sax and clarinet work by Jimmy Giuffre.

The Art Tatum Trio, its leader one of the recognized greats of the jazz world, was, however, an unfortunate blending. To those who had never heard Tatum in person, the almost complete blotting out of his piano technique with an over-amplified electric guitar must have been a disappointment. Only on "Sweet Lorraine" and "Body and Soul" could Tatum's explorations really be heard.

Featured with the Charlie Ventura Quartet, vocalist Mary Ann McCall imparted vitality to "Mean to Me," "I Cried for You" and "We'll be Together Again."

The Ventura group, its head man playing tenor sax, displayed a fine rhythm section of Bob Carter, bass, Dave McKenna, piano, and Sonny Igoe, drums. The latter was an audience-pleaser with his solo on "Stomping at the Savoy."

Kenton's crew was heard at the beginning and close of the concert in a free-wheeling contemporary arrangements, including Bill Russo's "Theme of Four Values" and Bill Holman's "Theme and Variations."

The Kenton group also backed trombonist Frank Rosolino, introduced as "the only genius in the orchestra," on "Old Black Magic" and whimsical vocal of "Pennies From Heaven." The inevitable congo-bongo drummer, Candido, also received fine backing from the band.

No Relief Spartans Face Another Day Of Wet Skies

There will be no let-up from the wet weather, at least for another day. Cloudy skies with rain all morning is the prediction. The expected high today will be 55 to 60. Last night's low was in the high 40's.

Race Strike Spreads in Washington

WASHINGTON (AP) — A wave of student strikes in protest against integration of Negro and white pupils spread to nine Washington schools Tuesday while the situation in nearby Baltimore eased after several days of noisy demonstrations.

In the nation's capital school authorities reported more than 2,000 students absent at one time of another from three high schools and six junior highs.

Six persons were arrested near Anacostia High where several hundred pupils gathered outside with signs such as "This is America—not Africa." Two men were held on disorderly conduct charges and the others were released.

At day's end school authorities said a back to classes movement seemed to be developing. "I feel that the peak of the disturbance is past," Police Lt. William T. Murphy said at Anacostia high.

The Justice Department said it was "keeping an eye on the all-over situation." The District of Columbia started mixing white and Negro pupils three weeks ago without waiting for the Supreme Court's final order, expected some time next year.

At Council Bluffs, Iowa, Vice President Richard Nixon said his two daughters, Patricia, 8, and Julie, 6, would remain in Washington public schools regardless of integration.

The Nixon children attend Horace Mann School in Washington. No Negroes are enrolled there now.

At Baltimore the integration situation apparently was returning to normal following several days of student strikes, picketing and mass protests. Schools over the city reported attendance on the increase. A few pickets appeared at one or two schools but were quickly broken up by police.

Blood Drive Goal Set at 3,000 Pints

Alpha Phi Omega and Spartan's Women's League prepared Tuesday to undertake an all-college campaign for 3,000 pints of blood.

The two service organizations will attempt to top the record of 2,000 pints collected last February by the MSC Veterans' Association.

Spartans may register for the Oct. 18-Oct. 22 drive at the APO-SWL booth at the Activities Carnival Thursday night.

Appointments also may be made at tables in the Union Concourse prior to the drive or during the week of collections.

Collections will be handled by the Lansing Red Cross in the ping-pong room of the Union. Chairmen for the drive are Betty Petersen, Chicago, Ill., sophomore, and Seth Marshall, East Lansing sophomore.

U of M Faculty Hits Firing Of Professor

ANN ARBOR, Mich. (AP) — The faculty Senate of the University of Michigan, in a resolution adopted by a narrow margin, expressed "regret" Tuesday over the firing of Dr. Mark Nickerson.

Dr. Nickerson, 38, a pharmacologist, was one of three faculty men disciplined for refusing to answer questions about Communism before a House un-American Activities subcommittee.

He and H. Chandler Davis, a mathematics instructor, were fired. Dr. Clement Markert, 37, zoologist, was suspended but later reinstated.

All three faculty men balked at questions at recent subcommittee hearings which inquired into Communism in labor and education in Michigan. All said their constitutional rights were violated.

The Board of Regents ordered the two dismissals on recommendations of President Harlan Hatcher.

The Faculty Senate, an advisory group, approved its resolution of regret by a 314 to 274 vote. The same resolution expressed "satisfaction" with the decision in Dr. Markert's case.

Davis, the third of the disciplined faculty men, did not press an appeal.

Since leaving Michigan, Dr. Nickerson has joined the faculty of the University of Manitoba in Canada.

Photographers Find Them Nice

These Dark Rooms Not for . . .

MSC has its share of darkrooms—those of a photographic nature, that is.

The Natural Science building has six darkrooms, Giltner Hall has five and Physics-Math building has one. Add the darkroom for Information Services, AFROTC, the one for publications in the Union, and the makeshift darkrooms found in some dorms and you have a large number of darkrooms available for camera fans.

One darkroom in the journalism department is used for a press-photography course, instructed by William K. Cummings. The course was set

up four years ago, and there are now two sections offered.

All the necessary equipment for the course is provided by the department, according to Cummings. Students must buy their own chemicals, film and paper. Not limited to journalism majors, press photography is offered to anyone with Cummings' approval.

Although the course emphasizes the aspects of press photography, the procedures learned are fundamental to all photography. Color photography is not taught.

Two students share a Speed Graphic press-type camera, complete with flash gun, holder,

and carrying case. After the student learns the basic steps in taking pictures, he learns to develop them in the journalism darkroom.

Students also learn to make enlargements from the negatives as well as being able to make prints directly from the negatives. There are three smaller darkrooms off the main darkroom where students can load film holders or develop film without disturbing the students printing pictures in the printing room.

This four-credit course is valuable for anyone interested in learning something about photography, Cummings said.

Three Spartan Bell Ringers practice for their appearance Thursday night at the Activities Carnival.

Spartan freshmen, transfer students, and "old-timers" will take a look at 90 MSC organizations Thursday night at the annual Activities Carnival in Macklin Stadium.

In Stadium Thursday Evening

Carnival to Show 90 Activities

The annual event, sponsored by AWS and Men's Council, will seek to acquaint students with the programs offered by campus activities, according to John Walker, publicity chairman.

The 25-piece set of imported German bells was purchased for the college this summer by William Davidson as director of the MSC Fund. There are approximately 50 sets of handbells in the United States.

Construction Plans Advance For Toll Road

LANSING, (AP) — One more step toward construction of Michigan's first toll highway was authorized Tuesday by the State Administrative Board.

The Board approved the release of \$160,000 to the Michigan Turnpike Authority. The money will be used to employ J. E. Greiner and Co., of Baltimore to make final civil engineering studies of a proposed 114.6-mile toll road from Rockwood to Saginaw.

Protests by a Saginaw group, the Michigan Highway Owners and Users Association, were ignored by the Board and overruled by the governor.

The Association demanded that the governor call a special session of the legislature to halt the toll road proposal, raise the gasoline tax one cent and finance an expanded freeway construction program.

Gov. Williams said the objections "are challenging the validity of the toll road idea. The legislature has already decided that and it is up to us to carry out the legislative mandate."

Meanwhile, William T. Slaughter, Jr., chairman of the turnpike authority, said he would be unable to attend a public debate on toll roads sponsored by the protesting group at Saginaw Friday.

Bank Board Picks Hannah

President John A. Hannah was appointed a director of the Detroit branch of the Federal Reserve Bank of Chicago, it was announced Monday by the Federal Reserve Board.

Hannah's term of appointment will end Dec. 31. He previously served as director of the Detroit branch from Jan. 1, 1951 to March 13, 1953, when he resigned to become assistant secretary of defense.

Hannah succeeds C. M. Hardin, former dean of agriculture, who is now chancellor of the University of Nebraska.

ID Cards Available In Union for Last Day

Students will have their last chance today to pick up ID cards in the Men's Lounge of the Union. After today the remaining cards will be sent to the Administration basement where they will be available for the rest of the year. So far 3,000 students have neglected to pick up their cards, according to Lorraine Demorest, comptroller's clerk.

Spartan Subscribers May Pick Up Books

Students who paid for Spartan Magazine subscription books at registration may pick them up at the Spartan office third floor of the Union, any week day between 1 and 4 p.m.

A Sorry Situation To Buy a Book — a Battle

Bookstore Looks Bad

"Forty-five minutes of waiting and then no books."
A gripe, yes, but a legitimate one. That was the story in the Union Bookstore all last week.

Admittedly the bookstore had a problem to face. Sure the facilities are becoming outdated as Michigan State enrollment increases. And granted all students want to buy their books at the same time.

Still, bookstore and Union workers should expect the crowds. They know that the students have to buy their books during the first week of classes or before. They should be ready for them.

And the managers at least ought to keep open both sides of the bookstore line. Cutting off that much space is inexcusable when the crowds obviously called for the room.

Bookstore authorities explain that the section had to be closed because not enough help could be found. That may be, but their job is to find the help.

No "Help Wanted" campaign was conducted on campus.

Crowded conditions weren't the only thing wrong with the bookstore this year, either. Books seemed to be particularly scarce for some reason or another. And the system of bringing the books up from the basement was pretty helter-skelter at best. No wonder students had to wait 45 minutes for their books.

Probably the worst mistake the bookstore made was in ordering. When a college operates a store for the purpose of selling to students, certainly enough books should be purchased. Either departments are not placing correct orders or the bookstore itself is cutting down on the order.

At least the bookstore can be commended for one thing. Managers recognize the chaos and are trying to correct it. Michael Dmochowski, Union manager, plans a trip to Notre Dame's new bookstore to get ideas for his own bookstore's growing pains.

Notre Dame had better have something to show him because students may not peacefully take another term of the bookstore battle.

Letters

What? No Wisconsin Fight Song?

To the Editor:

Falcone does it again! How many times can we be rude to a visiting team, and still hold respect in the Big 10?

Last year it was a frequent occurrence for our band to strike up just as the visiting band was in the middle of a song. This year we've done it again, with a full half-time performance devoted to US, the big star! It seems as if we could have squeezed in at least one "On Wisconsin," or one little "W" formation.

Let's face it, we were beaten by a good team. Why couldn't we honor this team by marching off with their victory song, instead of a funeral march?

Rudeness will deal us a far heavier blow than any football team can!

Donna Moran

Walt's Wallow The Rains Came

By WALT OLEKSY
State News Associate Editor

"Go forth and build yourself an ark," said the dean to a hand-picked freshman, "for I am going to cause it to rain for 40 days and 40 nights."

And the freshman went forth and built himself an ark. And he selected for the ark, two of everything on campus, so that no species would be lost in the deluge.

He selected a half-back and a volleyball player, a pre-med and a philosophy major, a home ec major and a land and water conservationist. There were two from poultry husbandry, a journalist and a child behavior student, an r. a. and a housemother, and two ducks.

And the rains came. It rained from morning eyes unto evening, and the merchants were sold out of slickers and galoshes.

And the rains continued, and it flooded the sidewalks and filled the Journalism Building basement, and washed into the hallways. Soon the Red Cedar overflowed and a water mark was kept each day as water swept over the campus.

After many days, students retreated to the upper floors of their dorms, and classes were cancelled. After many more days, the winds whipped the water into huge waves and the skies rumbled and raged and buildings were washed over and students were lost and drowned. And soon the water engulfed everything.

STUN Does Good Job

Lines in front of an enterprise often indicate success and so it is with STUN.

Student Textbooks, Used and New has proved itself. It has become a highly beneficial aid to students.

A revamp, begun last spring, has apparently changed STUN from an inefficient and almost unusable book-selling agency to an effective system for purchasing second-hand books.

On its last day with only about 300 books, and most of them second term volumes, left STUN is obviously a success.

Under the new system, books are brought into the AWS office in the Union and put on file. Students wishing to buy the books may inspect them before purchasing.

Previously, only a card file of available books was maintained and would-be purchasers had to contact book owners themselves. In many cases sales were lost because contacts were hard to arrange and cards were tied up for days at a time.

Now, students still set the price on their books, but they do not handle the actual selling. The books are purchased on a cash and carry basis through the STUN office and the money is turned over to the seller later.

But there is one thing wrong with the present STUN, and AWS and Men's Council members know it. They simply don't have enough room. Housed in AWS office, third floor Union, the organization has had long lines extending all the way down Publications' Row.

Books are stacked all around the office and adequate filing is almost impossible. Besides that, the leftover books must be moved from the Union to the basement of the Administration Building for storage each term.

Certainly STUN has tried to improve itself. Its revamped system is succeeding. The organizers deserve a new office.

The KOLEMINE Of 'Fine' Summers, Rallies and Things

by JACK KOLE
State News Editor-in-Chief

Thinking it over after that first week of classes: Now that you've spotted all of your old friends in the opening-week rush, how many times have you told them that your summer was fine and that you're still living in the same old place?

Maybe your summer wasn't so fine. Especially if you had to spend half of it out at some ROTC camp. But you probably said your summer was "fine" anyway.

And if you're not living in the same place as last year, most other students are, a survey shows. What survey? Details, always details.

Those 5,000 students who attended the Wisconsin pep rally in the Aud Friday night deserve a lot of credit—especially when you consider that the speeches were unusually dull.

Perhaps it was the effect of the national radio broadcast. But whatever it was, the words seemed stiff and boring instead of those that usually mark Spartan pep rallies.

In past rallies, the pep talks have been lively—with the same speakers often giving the pitch.

With all of those people in the Aud, it was a bad night to throw the wrong pitch.

Putting out this paper takes us into the wee hours on occasions and this particular night was one of them.

The long arm of John Law reached out for me at about 2 a. m. less than 100 yards from the Union.

Two East Lansing officers wanted to know what business anyone had coming out of the Bookstore at that hour.

They were receptive to an explanation.

And it must have seemed logical that you just don't go to all that trouble to steal books.

Just Ramblin'—That new drop date is likely to catch a lot of students with their curricula down. Monday's the last day you can drop those unwanted courses. In most cases, that means you won't be able to

Alpha Xi's Move to New Home

Alpha Xi Delta sorority recently purchased this brick home at 520 Linden St.

Members To Decorate Apartments

By CINDY BRIGHAM
"Careful, wet paint! Don't hang your clothes in this closet yet. Watch out for that ladder!"
Such warnings symbolize the confusion at the Alpha Xi Delta house at 520 Linden St., as sorority members add finishing touches to their new home.

Five years ago the house was used for commercial apartments. Now six of the eight large apartments are being decorated according to the occupant's tastes.

Each unit has a bedroom, living room, bathroom, closet and either a study room or extra closet space. The coeds are making curtains to blend with the color scheme of their particular unit.

The two apartments on first floor are being remodeled to provide a housemother's apartment and combination switchboard and office. Part of one wall will be torn away to form an extended arched entrance to the living room.

An interesting feature of the living room is its large modified picture window which juts out from the house.

The kitchen, dining room, cook's apartment, laundry room and chapter room are located in the basement of the two-story brick house. Cement walls are being torn down and remodeled to make larger rooms and doorways.

Floors and walls still have to be refinished and decorating schemes initiated.

Except for their furniture, some of which is stored in their former house, the Alpha Xi's are nearly settled. New studio couches, holly-wood beds, dressers, desks and chairs have been purchased.

The remodeling is scheduled to be complete by the end of this month. At that time 34 sorority members will occupy their new quarters.

Phi Delt's Win Grades Bet

Three Psi Upsilon members rake the Phi Delta Theta lawn directed by a Phi Delt taskmaster.

The two fraternities challenged each other to a scholarship duel based on spring term grades. As a result the Psi U's will rake the lawn all fall. A similar contest has been scheduled for this term. The loser will shovel snow this winter.

Social Circuit

Recent Theta Xi engagements are: John Zimmerman, Cincinnati graduate student, to Janice Gray, Niles senior, and Donald Wolfe, Livonia senior, to Shirley Wade, Detroit sophomore.

Theta Xi pinnings include: John Marshall, Beulah senior, to Jane Preston, St. Joseph senior; William Awoley, St. Joseph junior, to Rachel Grossnickel, Copemish sophomore, and Richard Lutey, Ironwood sophomore, to Marilyn Serrahn of Watertown, Wis.

Recent Sigma Kappa engagements are: Joan Wenzel, Midland senior, to Dana Squire, Midland graduate student and Alpha Tau Omega, and Joan Reichenbach, Detroit senior, to Eugene Bergel, Bloomfield Hills senior and Phi Delta Theta.

Sigma Kappa pinnings include: Norma Friden, Woodbury, Conn. senior, to Howard Watts, Delta Kappa Epsilon at M.I.T.; Barbara Carls, Sturgis junior, to Jerry Grimm, Evansville, Ind., junior and Delta Chi, and Mary Lou Seymour, Grand Rapids sophomore, to Bill Walworth, East Lansing sophomore and Phi Delta Theta.

Other Sigma Kappa pinnings are: Ellen Daane, Plymouth sophomore, to Larry Crouch, Detroit sophomore and Kappa Sigma; Doris Lind, Coldwater sophomore, to Jerry Carlson, Scottville senior and Delta Tau Delta, and Mary Jo Smith, Santa Barbara, Cal., sophomore, to Tom Snyder, Charlotte junior and Pi Kappa Phi.

Hillel to Celebrate Kol-Nidre Service

Hillel Foundation will hold Kol-Nidre services tonight at 7 in the Alumni Memorial Chapel.

Student leaders for the program include Mike Graff, Charles Katner and Marshall Goldman.

Delta Gamma Sorority Plans Hayride, Dance

Delta Gamma sorority plans a hayride Friday night at Okemos. Members and their dates will return to the DG house for refreshments and dancing after the hayride.

Child Development Club To Meet; Talk Planned

Child Development Club will meet tonight at 7 at the Nursery School in Unit 4, Home Management House.

Members will hear a talk on job opportunities for child development majors. Juniors and seniors in the field are urged to attend.

Decorator Gives Tips for Space

Decorating housing units can be called dream but they can be at once convenient, according to Sidney L. Liberman, a young New York interior designer and decorator.

He and his wife, who are accomplishing minor miracles for work apartment dwellers, give their ideas for making the most of cramped quarters.

"The trick is to keep it simple," Liberman says. "In a small room achieve a feeling of more space by painting the walls light and a darker tone on the ceiling and upholstery fabrics in small, subdued patterns of color, so they don't get in your way."

"The problem of almost every apartment is storage space. Shelves that go from floor to ceiling can provide a pretty solution, especially if the shelves are closed in like a desk can double as a dresser and its drawers can provide additional storage space."

"Use end tables," he went on. "They can have more storage space with several drawers, and they can hold odds and ends. Use up no more space than a bed table, but you use it."

Liberman and his wife have other pointers for amateur decorators: "Don't overinvest in carpeting. Hardwood floors can be almost as good as carpeting. If the floors are in poor shape, it is possible to buy straw or hemp, and stain with deck paint. The effect is astonishing with a little work."

"The tip the couple gave was to use pictures alike. Paint the wood frames to match the color of the wall."

"In decorating a small room, Liberman warns that decorative accents should be saved for objects such as pillows, vases and other items should be in different colors of the same color."

"Tables in an odd assortment of shapes and sizes can be lifted with this Liberman formula: 'Saw off the table, make them lower and paint them all the same color.'"

DECORATOR, Page 6

This Is Living

By JEAN GREGORY
Fall, 1954, and everybody everywhere wonders what will happen in world affairs before the year is out. What about the H-bomb? Will Princess Margaret ever get her man? How long will Mendes-France hold his title of French Premier? Will the Russians' intramural game of hide-and-seek finally exterminate them all?

These questions and many others are in the back of the American mind—well, anyway, most American minds. On the MSC campus the important questions in freshman minds are: How do I get from Dem Hall to Berkey in 10 minutes? Are we really reverting fashionwise to the "flat" look of the '20's? What is expected of us socially now that we're here?

That last question is the only one I could attempt to answer, and even then I wouldn't begin to cover every angle of it.

My advice to new students is to make the Helot their bible. (That was the little green book you got through the mail. It will give a freshman's eye view of campus organizations and traditions better than the wisest upper-class "wheel" could.)

The handbook gives tips on things not to do as well as courses of positive action. A few do's include sending your high school letter sweater home and dressing casually for class but not to the levi-extreme.

About all I can add to the "Helot's" advice is that coeds should save their purses for dressy occasions rather than tote them to class, and refrain from calling fraternities "frats".

This, especially, I want to repeat. MSC is a friendly campus, and freshmen are shown the same respect that's due everyone else. Freshman hazing is unheard of here. People will try to make you feel welcome by saying "hi" in the Union and on their way to classes. Be sure to return those greetings.

Here's wishing a not-too-ghastly fall term to you all.

Two From MSC To Attend Convo

Miss Mabel Petersen and Mrs. Lurline Lee will leave Friday for Dearborn to attend the annual fall meeting of the Michigan Association of Deans of Women and Counselors of Girls.

Miss Petersen and Mrs. Lee are assistants in the Women's Division to Dean of Students Tom King. Mrs. Lee will serve as chairman on a panel "Resolving of Conflicts Against Authority."

The conference is being held in the Dearborn Inn on Friday and Saturday. While in Dearborn the group has been invited to a formal tea at Farlane, part of the Henry Ford estate.

Purdue Dean To Give Talk

Dr. Helen Schleman, dean of women at Purdue University, and Dr. Doris Seward, assistant to Dr. Schleman, will be on campus today.

They will speak to fraternity, sorority and women's co-op and dormitory housemothers at 2:30 p.m. in the Union faculty women's room.

At 7:45 p.m. they will meet in Union Parlor C with the Junior Pan Hellenic Board, Senior Pan Hellenic Advisory Board and presidents of all sororities.

Dr. Seward will speak on the topic, "Group Life." She is one of the annual speakers at the Housemothers' Training Course at Purdue.

Dr. Schleman is co-author of the book, "Your Best Foot Forward."

About 600 million of the 80 million motor vehicles in the world are passenger cars.

U.S. business men estimate that the nation's industry is now spending 2½ billion dollars a year on research, 15 times what was spent 25 years ago.

STUDENTS! Got a Lucky Droodle in your noodle? SEND IT IN AND MAKE \$25

Want to pick up \$25? Make up a Lucky Droodle and send it in. It's easy.

If you want to find out just how easy it is, ask Roger Price, creator of Droodles. "Very!" Price says. Better yet, do a Droodle yourself, like the ones shown here.

Droodle anything you like. And send in as many as you want. If we select yours, we'll pay \$25 for the right to use it, together with your name, in our advertising. We're going to print plenty—and lots that we don't print will earn \$25 awards.

Draw your Droodles any size, on any piece of paper, and send them with your descriptive titles to Lucky Droodle, P. O. Box 67, New York 46, N. Y. Be sure your name, address, college and class are included.

While you're droodling, light up a Lucky—the cigarette that tastes better because it's made of fine tobacco... and "It's Toasted" to taste better.

FLASH! LUCKIES LEAD AGAIN IN COLLEGES! Newest, biggest survey of smokers in colleges from coast to coast, based on 34,440 actual student interviews, shows that students prefer Luckies to all other brands. Once again, the No. 1 reason: Luckies taste better.

Redskins Refuse Crying Towel

WASHINGTON (AP)—You'd think that going down by an aggregate of 78-14 in two football games would send a coach running for his crying towel. Not so Joe Kuharich, the new coach of the Washington Redskins.

Kuharich told reporters at the club's weekly press luncheon. "One of these days they're going to start clicking together and then we'll start moving."

The Redskins lost five straight exhibition games and have been trounced in two league starts, 41-7 by San Francisco and 37-7 by Pittsburgh.

"It isn't like college ball," said Kuharich, a former star Notre Dame lineman. "You make a mistake in this game and bang! There go seven points."

Owner George Preston Marshall, who enjoys a losing team about as much as a hole in the head, gave Kuharich a pat on the back. "I don't know when we're going to start winning," Marshall said, "but I know Joe is going to build a winner."

There was a general feeling that the Redskins may at least have found a quarterback successor to the fabulous Sammy Baugh.

Al Dorow, a rookie who played for Michigan State's national champs of 1951, Dorow came off the bench to complete 15 of 28 passes against Pittsburgh.

Both Marshall and Kuharich also spoke highly of Vic Janowicz's defensive play in his first full scale appearance as a pro.

The former Ohio State star joined Washington after the baseball season, during which he played for the Pittsburgh Pirates.

Kuharich said he planned to use Janowicz on offense Sunday against the New York Giants, alternating him with Charlie Justice at halfback.

For One Week Purdue's Dawson Rated as Top Back

A 19-year-old "family man" from Purdue, Lenny Dawson, engineered a smashing upset of Notre Dame last Saturday and earned the designation as the first Associated Press "Back of the Week" for the 1954 football season.

There wasn't even an argument about his selection, although two others, Dicky Moegele of Rice and Howard (Hopalong) Cassidy of Ohio State, received strong support from the experts.

Dawson, one of 11 children of an Alliance, Ohio, pottery plant worker, was just an unheralded sophomore quarterback until Purdue's opening game against Missouri.

Now he's possessor of a two-game passing record of 18 completions in 29 attempts for eight touchdowns. He modestly tries to give the credit to the whole Purdue team, but his coach, Stu Holcomb, says Lenny "has everything."

Dawson completed seven of 12 passes for 185 yards, made four of them good for touchdowns, intercepted one pass and kicked three of four conversions for a 27-14 victory. He also pitched four touchdown passes against Missouri.

At 19, Dawson still looks like a lanky kid. He's 6 feet tall, weighs 178 pounds. But he's married and the father of a baby daughter, Lisa Anne.

Lenny does most of his passing on a dead run from the tricky pass patterns concocted by Holcomb and he claims these patterns and his receivers are responsible for his success.

Playing less than half the game against Cornell, Moegele scored four touchdowns on runs of 18, 40, 10 and 78 yards. He gained 168 yards by rushing, caught two passes for 18 yards and returned two punts for 30 yards.

Cassidy, Ohio State's 20-year-old, 168-pound halfback, out-gained the whole California team, 104 yards to 101, on the ground, caught four passes for 50 yards and intercepted a pass.

Johnny Matsock, who is expected to replace Lefty Bolden in Saturday's Indiana game, and Pat Wilson, who moves up to Matsock's vacated No. 2 quarterback job.

Matsock, Wilson Move Up Lineups Juggled Again

Juggled lineups were the feature of the day as Spartan riders were forced inside the field-house by a steady drizzle Tuesday.

Coach Duffy Daugherty alternated John Matsock, utility back and Gary Lowe second string left half in the injured LeRoy Bolden position while Clarence Peaks and Bert Zagers switched off at the right halfback slot.

Other switches made experimentally to strengthen the sagging Spartans included the use of end Carl Diener at a tackle position and sophomore Don Berger at center.

Pat Wilson, soph quarterback, worked behind Earl Morrall in an effort to lend depth to the signal calling spot. The 186 lb. back is a brother of former MSC football star and Rhodes Scholar, John Wilson.

But They Play Notre Dame 'We'll Win This Week,' Cry Winless Panthers

PITTSBURGH (AP)—"Two poor performances don't mean a football team is through. We'll bounce back and it will be no later than Saturday afternoon against Notre Dame."

That assertive statement was voiced by Capt. Tom Hamilton, Pitt's athletic director, at a noon luncheon Tuesday for newsmen.

Coach Lowell Red Dawson wasn't at the luncheon. Dawson also wasn't available after last week's 46-7 drubbing at the hands of an underdog Minnesota team. But he did leave a chalk scribbled note on the blackboard reading: "We played for only 30 minutes."

So Hamilton took over for Dawson. And the former Navy man really batted down the hatch. "The season is only two nights gone," fumed Hamilton. "We've still got seven to go. We've got a good football team. We'll show 'em and it won't be later than Saturday afternoon."

"We're bating down the hatch and fighting this storm. I have full confidence in the guys. They're darn good competitors and they'll show 'em."

Future Spartan Foes Branoff to Miss Hawkeye Game

ANN ARBOR (AP)—Michigan's Wolverines drilled hard on defense for the second day today with the aim of containing the Iowa Hawkeye attack Saturday.

Coach Bennie Oosterbaan had some bad news: "Tony Branoff is definitely out of the game with Iowa. It's going to hurt our chances very much."

Branoff, Michigan's ace right halfback, was hit with a recurring knee injury when the Army game last Saturday was about ten minutes old. He has not held a football since.

Encouraging news came from the hospital where fullback Lou Baldacci appeared to be recovering from a stomach disorder. Baldacci, Michigan's leading scorer to date, also had a bruised shoulder.

Oosterbaan thought that both hindrances would depart by Saturday.

Center Jim Bates, back for his first game since 1952, spent much time learning the defensive signals. Oosterbaan had counted on him as the first string linebacker before the season started.

Bates appears to have recovered fully from a short bout with pneumonia.

LAFAYETTE, Ind. (AP)—Purdue, sparked by "Back-of-the-Week" Leonard Dawson, worked on pass defense Tuesday to try to supply a cool reception Saturday for a 1953 back-of-the-week, Duke's Jerry Barger.

Barger was picked for the honor last year after Duke upset the Boiler-makers in the opener, while Dawson came up winning candidate.

Weightlifting Club To Meet Tonight

The Spartan Weightlifting Club will hold its first meeting of the term tonight at 7:30 in the lobby of Jenison Gymnasium.

Plans will be discussed for the year and new members are welcome.

Interested men who are unable to attend the meeting may call the club president, Reynolds Smith, at 246 W. Shaw.

Junior Loop Called 'Topheavy' Indians Cost AL Prestige

NEW YORK (AP)—American League prestige dropped to its lowest level in many years when the New York Giants humbled Cleveland, its winningest champion, in four straight World Series games.

"The rest of the league ought to sue the Indians for libel," Frank Lane, general manager of the Chicago White Sox, was quoted.

Cassey Stengel, whose New York Yankees were beaten by Cleveland after winning five straight, made a whimsical observation.

"Well, this sure don't make me look any better," he said. "And we still finished second. How about those other fellows who finished in back of me."

Even Fred Haney, the man who suffered through another cellar year in Pittsburgh, said jokingly, "We're in the wrong league. Except for the fact we had some real lousy days, I'd almost believe we could beat the Indians."

The Indians, of course, were not as bad as they looked. Nor were the Giants as good as they seemed.

The real cause for alarm in American League circles is the lack of balance and the pitiful condition of some of the second division clubs.

For years American League men have joked about the National as "the minor league."

When the National started to win the All-Star games (four in a row until 1954) they always could say, "Wait until we get you in the World Series."

The National, lacking a world champ since 1946, didn't have much to say.

Actually, the National has been the home run league of the majors since 1946. In the 1954 season, National League sluggers hit 1,114 home runs to 823 by the American.

Every club in the National, except Pittsburgh, had 100 homers or more. Only three in the American hit the century mark.

Starting with Ted Kluszewski, the leader, with 49, down through Gil Hodges, Willie Mays, Hank Sauer, Duke Snider, Ed Mathews and Stan Musial, there were seven men in the National who hit more balls into the seats than Larry Doby, the American League leader with 32.

Kluszewski, Hodges and Snider all drove in more than Doby's total of 126, high for the American.

Gordon Cobbledick of the Cleveland Plain Dealer wrote a column during the summer called, "Three-eighths of a league. He hit it right on the head."

All you have to do is take a look at the final standings. Boston in fourth place was 42 games back of Cleveland and 16 games under the .500 level. They trailed back to last place Philadelphia, 60 games off the pace.

Over in the National, Pittsburgh's cellar team finished only 44 games behind New York, and the seventh-place Chicago Cubs were only 33 back.

Durocher's Giants Reflect New National League Spirit

CLEVELAND (AP)—The stunning four-game World Series sweep by the New York Giants under Leo Durocher's skillful handling may mark the start of a new era of a National League supremacy.

Held under the thumb of the American League—and the New York Yankees in particular since 1946, the Giants reflect the new zing and spirit of their league.

Gone are the days when you always could parlay Joe Louis, Notre Dame and the American League as sure things.

Rams Amused By Charges Of 'Dirty Play'

LOS ANGELES (AP)—The Los Angeles Rams indicated more wry amusement than distress Tuesday over "dirty football" charges hurled their way by the San Francisco 49ers.

Coach Hampton Pool said a minute study of the game movies refute the 49ers' broad accusations stemming from the 24-24 tie battle which cost both teams heavily in casualties.

The racked up list includes quarterback Y. A. Tittle and guards Art Michalik and Don Burke of the 49ers, and the Rams' offensive end, Bob Carey.

Carey, a former MSC captain, is out for the season with a broken leg, suffered when he fell blocking for his teammate, Skeets Quinlan.

Tittle broke his left hand (he throws with the right) and Michalik and Burke apparently are through for the year with torn knee ligaments.

Before taking the job at Michigan State, Fordy Anderson was basketball coach at Grand Lakes, Drake and Bradley.

You'll say JUDY GARLAND gives the best performance you've ever seen!

You'll say 'A STAR IS BORN' is the best picture you've ever seen!

MICHIGAN Theatre - Starting Wed. Oct. 13th

Organizations Group Holds First Meeting

Advisory Committee Represents 10 Campus Interest Areas

By JACKIE OLDRHAM

Administration officials and the student government initiated the new Student Organizations Planning Committee at a luncheon Tuesday.

The group, representing 10 interest areas in campus organizations, was described as a joint advisory committee to aid the student government Bureau of Organizations and the college administration.

Marilyn Files Suit For Divorce

Pin-Up Girl Sick, Joe Comfortable

HOLLYWOOD (AP)—Marilyn Monroe, emotionally upset and bedded upstairs with a virus, sued Joe DiMaggio for divorce Tuesday while the former baseball hero made himself comfortable downstairs in the home they still share.

The suit, filed in nearby Santa Monica through her attorney, charged mental cruelty but cited no specific instances. The former star outfielder of the New York Yankees caused the screen's No. 1 box office attraction "grievous mental suffering and anguish" through no fault of hers, the action said.

The brief document, which spelled an end to one of the year's most celebrated marriages, gave the date of the wedding, last Jan. 14 in San Francisco; date of the separation, Sept. 27, just before DiMaggio went East to cover the World Series for a syndicate, and said there are no children and no community property.

Both the principals have been in seclusion in their English-style Beverly Hills home since Miss Monroe surprised Hollywood with the news of their breakup yesterday.

If DiMaggio decides not to contest the divorce, it could go to trial in six weeks, Giesler said. If he contests it the trial might be months away.

Marilyn blamed "incompatibility" in her announcement Monday and career conflict. DiMaggio has remained silent.

The Monroe-DiMaggio split up had severe repercussions in Brooklyn Tuesday— their joint fan club also decided to split up.

While the female DiMaggio fans were criticizing Marilyn's pin-up pictures (too revealing for a married woman) the males were trying, via long distance telephone, to talk Marilyn into reconsidering.

Journalism Group To Hear of Trial

Campus members of Sigma Delta Chi, national men's journalism honorary, will meet with the Central Michigan professional chapter tonight at 7:30 in the lounge of the Lansing State Journal.

Staff members of the Detroit News who covered the trial of Dr. Kenneth B. Small, Detroit society dentist who killed his wife's playboy suitor last spring will tell how they reported the story.

Members who need transportation are asked to meet at the State News office at 7.

Engineering Council To Install Members

The Engineering Council will meet tonight at 7 in the reading room of Olds Hall to begin making plans for the annual Engineering Exposition.

New members will also be installed at the meeting.

Queen Nominations Due Today at Noon

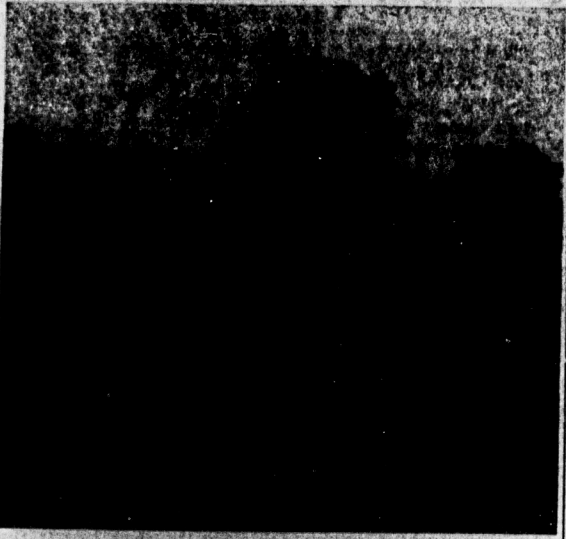

Each nomination by women's living units for the Homecoming Queen contest must be turned in at the AWS Office, third floor Union, by noon today. Judging to select the Homecoming Queen and her court will be held Sunday in the Union Ballroom.

Does It Pay?

Does chivalry pay? The driver of this truck probably wondered Tuesday as he slid off Mt. Hope Road into three feet of mud to "avoid a woman driver."

Campus Chest Reports Few Slogan Entries

Tuesday's downpour evidently dampened Spartan enthusiasm for two free tickets and round-trip transportation to the Notre Dame-MSC game offered in the Campus Chest slogan contest.

Few entries were turned in to compete for the tickets during the contest's opening day, contest chairman Bobbi Williams, St. Clair Shores sophomore, reported.

The free tickets, donated by an East Lansing merchant, are being offered for the best slogan, under 15 words, about Campus Chest.

Closing date for the contest is Saturday. The winner will be announced Oct. 12.

Dancing Lessons To Begin Tonight

Today is the last day for students interested in taking Union Board dance or bridge lessons to sign up in the Union Board Office.

The dance lessons will begin tonight at the Union Parlor. Bob Fallon, Dearborn junior, will do the instructing.

A series of Latin American dance lessons will be given if enough students are interested.

The first of the bridge lessons will be given Thursday evening at 7 in the Union.

Oil refineries produce about 1,500 different products which have uses totalling many times that number.

Dulles Set To Discuss Agreements

Trieste Citizens Cheer Decision

WASHINGTON (AP)—Secretary of State Dulles meets today with the National Security Council, presumably to tell the nation's top strategists how he thinks the agreements on Germany and Trieste have brightened prospects for solidifying western defenses.

Dulles has hailed both agreements, with emphasis on their contributions to the cause of collective security.

The Italian-Yugoslav agreement, he said in a statement Tuesday, gives hope not only of "political tranquillity" in the strategic area directly affected, but of "greater security to all the free nations of Europe."

In similar vein, he said Monday on returning from London that the German sovereignty and rearmament plans worked out there are "desirable and strengthen the Atlantic community by giving it a hard core of European community."

Both agreements require approval of the parliaments concerned. The view here is that the Trieste settlement probably will encounter little trouble in the Italian Parliament and none in Yugoslav parliament, but the German agreement was acknowledged to face a long and perhaps rocky road ahead.

In Trieste Tuesday the cheers of 10,000 citizens massed in a great waterfront square proclaimed that their country is Italian again.

The citizens gathered in Unity Square of the port city to rejoice over the announcement in London that Italian and Yugoslav diplomats had initiated an agreement dividing the disputed free territory between the two countries.

In Belgrade, President Marshal Tito's Communist government officially termed its agreement with Italy "a reasonable compromise" in the interests of improved Italian-Yugoslav relations and world peace.

The Yugoslav people generally—as the semi-official news agency Yugo Press put it—received the settlement "without enthusiasm."

The agreement gives Italy virtually all of Zone A, including this strategic city, while the Yugoslavs get Zone B which they have been occupying.

color." An old-fashioned chair can become a masterpiece with this method.

According to the Liberman, painted stools and benches can be especially handy when painting the same color and used for coffee tables and occasional tables which can double as extra seats when company drops in.

New Campus Fire Station To Open Soon

A new fire station, jointly financed by MSC and the city of East Lansing, will serve the campus area starting about Dec. 1, according to East Lansing officials.

Construction on the two-story brick building on Shaw Lane was begun last May by Hugh J. Carpenter & Sons, the contractors. It will replace the temporary fire station at Harrison Road and Kalamazoo Ave., in use since 1946.

The building will consist of a garage for the fire trucks and living quarters for the firemen. The six East Lansing firemen now stationed at the temporary quarters will be transferred to the new building when it is completed.

All equipment in the temporary building owned by East Lansing, will also be transferred. According to city manager John Patriarche, both truck units now in use will eventually be replaced.

Besides providing fire protection for student housing areas and campus buildings, the station will also serve as an auxiliary unit for East Lansing needs. By contract, the city agrees to pay 50 per cent of the station's maintenance.

Audio-Visual Films To Start Today

Audio-Visual Center film showings will begin for the term today at 3:30 p.m. in the Music Auditorium.

Four films, "Abraham Lincoln: A Background Study," "The Civil War," "Iran—Between Two Worlds" and "And Then There Were Four," will be shown.

At least two eclipses of the sun or moon occur every year, the maximum number which can occur in one year being seven.

Foreign Study Grants

Students May Win Fellowship Awards

A chance to study abroad is offered to seniors and graduate students under the Fulbright and Buenos Aires Fellowship Programs. Interested students must be interested in filing an application.

Competition for the foreign-study fellowships, which includes scholarships to European, African and South American countries, closes Oct. 29.

Applications to Australia and New Zealand must be in by Oct. 15, according to Bransford Millar, assistant to Dean Osgood.

The programs under the Fulbright Act and the Buenos Aires Convention are part of the International Educational Exchange Activities of the State Department. They will give 1,000 Americans the opportunity to study abroad during the 1955-56 academic year. Qualifications for the fellowships are:

- 1. A college degree at the time the award is to be used.
- 2. Knowledge of the native language sufficient to carry on the proposed study.

The local Fulbright committee, directed by Dean Osgood, will select two candidates and alternates to be submitted to the state committee. The state committee then selects four candidates to be sent to the Board of Foreign Scholarships appointed by the President. This board makes the final choice.

Under the Buenos Aires Convention, the Institute of International Education makes the preliminary recommendation of candidates, with the cooperating countries choosing the final candidates. Prior to this applicants go through the same channels at MSC as Fulbright applicants.

Fulbright fellowships stipulate that the student pursue a regular course of studies and research for which his transportation, tuition, maintenance, and books are paid. Awards under the Buenos Aires Convention include transportation, tuition and maintenance.

Since the establishment of the Fulbright Program in 1947, 3,600 American students have received grants and 900 have accepted the awards. The Buenos Aires scholarships have sent 97 Americans to South America since their origin in 1937.

"CAMPUS CLASSIFIEDS . . . LOW COST"

Ford Awards Scholarships To 13 Students

Ford Motor Co. awarded scholarships to 13 MSC students for the academic year 1953-54, announced Tuesday.

The Ford scholarships, valued from \$300 to \$750, are presented annually to students and daughters of Ford employees.

Nine scholarships were awarded for Jeanne Anderson, Coe City junior; Louise Holka, Detroit; Donald Lyles, Des Moines; Esther Nave, Des Moines; Daniel J. O'Brien, Clawson senior; James O. Gross, Pontiac senior; Donald Pollakowski, Belleville; Marlene Pollock, Grosse Pointe; and Joan D. Sundstrom, Grosse Pointe.

New recipients include Barbara K. Klewicki, Hiram; Patricia A. Wainwright, Hiram; Nancy Saxeck, Waukegan.

Both the highest point on U.S. mainland Mt. Whitney, 493 feet and the lowest, 292 feet below sea level in Death Valley, are in California.
