MRS. McCABE
... deceased housemother ...
Kappa Theta Housemother Dies of Stroke
Mrs. Russell H. McCabe, housemother for Kappa Alpha Theta sorority for the past three years, died late Monday afternoon. She was 54.
Death was attributed to a stroke suffered by Mrs. McCabe while she was at a doctor's office. She was rushed to Sparrow Hospital where oxygen and first aid were administered.
Funeral arrangements have not been completed, but an East Lansing memorial service is expected for Mrs. McCabe.
Services will be from the Ver-Hayden Funeral Home at Outer Drive and Whittier in Grosse Pointe.
Mrs. McCabe is survived by her father, George Walker of Bear Lake; two sisters, Mrs. D. A. Wolf of Ann Arbor and Mrs. Paul Wagner of San Mateo, Calif.
Her husband died in a 1947 fire. A son was shot down and killed in the Pacific during World War II.
Mrs. McCabe was born at Bear Lake.

Driver Blames Police for His Traffic Ticket
DETROIT (AP)—Police ticketed Anthony G. Azoury for parking in a spot near his home which the city had ordered vacated for street cleaning operations. Monday Azoury beat the ticket in Traffic Court.

London Presses Running After One-Day Strike
LONDON (AP)—London presses rolled again Monday night, turning out news for the metropolitan area's millions, after a one-day lightning strike by 19 workers had led all the 13 morning and evening papers to stop publication.
A settlement was announced, without details, in a joint statement by the Newspaper Proprietors Assn. and the Printing and Kindred Trades Federation after hours of discussion.
"Conditions of resumption of work," the statement said, "were agreed... as a result, normal production was resumed."
The stoppage climaxed a feud between two pressroom unions, the Printers and Assistants and the Printing Machine Managers Trade Society.

Justice Leaves 'Great Void' Jackson Eulogized By Supreme Court

WASHINGTON (AP)—The Supreme Court Monday eulogized Justice Robert H. Jackson as an "able lawyer, statesman and jurist" whose death "leaves a great void in this court."
Then the court adjourned out of respect to Jackson's memory until noon Thursday.
On that day the court will announce decisions on a long list of appeals—business which, except for Jackson's death Saturday of a heart attack, would have been done Monday.
Chief Justice Warren and the seven associate justices looked solemn as they took their places on the high bench promptly at noon. Jackson's chair—the second from the left looking toward the bench—was draped in black. So was the bench immediately in front of his chair.
The chief justice, speaking for the court, said "We are sad indeed" over Jackson's death.
"He passed away last Saturday, suddenly, but by the grace of God without suffering," Warren said.
"For this we are grateful, because he lived and died as was his great desire—active and useful to the end."
The court, Warren said, will greatly miss Jackson's "wise counsel, his clarity of expression and his genial companionship."

License Law Results Netted

By The Associated Press
Sec. of State Owen J. Cleary said Monday that Michigan's new driver licensing law in one year of operation, produced these tangible results:
1. Nearly 10,000 motorists called on the carpet to explain their driving records.
2. Nearly 7,000 of them ordered off the roads for varying periods.
3. About 2,900 allowed to continue driving under the warning "One more and out."
4. More than 26,000 warned that their driving record was pulling them close to the danger point.
The new law was passed by the 1953 legislature and became effective last October in response to demands for a new approach to the rising tide of highway accidents and deaths.
The legislature created a new division in Cleary's office—integrating all phases of motor vehicle ownership and use, all licensing and control of the driver.
The new law was patterned on recommendations of such national organizations as the American Association of Motor Vehicle Administrators, the Automotive Safety Foundation, National Safety Council and the Traffic Institute of Northwestern University.

Rules Revised For Campus Campaigning

Poster Sizes Set; Band Use Clarified
Election campaigning will proceed under revised rules this fall Elections Commissioner Jan Dempsey, Battle Creek junior, announced Monday.
A limit of 32 square feet has been placed on campus posters. A poster backdrop may be larger than 32 sq. ft., but must be within 10 ft. of the sidewalk both horizontally and vertically, under the new rules.
Bands, a controversial subject in last spring's elections, are permissible for campaigning if written permission is received from the elections commissioner.
Cars cannot be used for campaigning.
Campaign literature including name tags can not be forced on anyone, stated Miss Dempsey.
Literature to be distributed in living units must be presented to the unit's president or house council to be disposed of only at their discretion.
Campaign material may be mimeographed and/or stenciled, hand drawn, painted or stenciled and silk screened. A maximum of one 5" by 7" photograph is allotted to each poster, continued Miss Dempsey.
Only one 8 1/2" by 11" poster can be put in each dorm by any candidate. Name tag size has also been restricted to no more than 4" by 5" or 20 sq. in. overall under the new rules.
Sandwich boards are also classified as posters and may be worn only in the campaign areas.
Further information will be given candidates and election managers Thursday, the final day for petitioning. The meeting will be at 8:30 p.m. in 34 Union, Miss Dempsey said.

Men's, Women's Journalism Groups To Hold Smokers

Midwest Staggers Under Heavy Rains; No Relief in Sight

Aid Asked For Damage In Michigan

By The Associated Press
Gov. Williams Monday officially labeled southern Macomb County a disaster area to President Eisenhower because of flood conditions caused by last week's heavy rains.
The Governor's action opens the way for the President to allocate emergency funds for the area if he sees fit. The Governor estimated damage at \$1,000,000.
The cities of Roseville, Center Line, East Detroit, St. Clair Shores and Warren Township petitioned the Governor for a federal appeal after some 5,000 basements in the area flooded.
The petition said the overflow was in part attributable to an inadequate drainage system installed during World War II to defend plants. Macomb County authorities have sought federal aid in rebuilding the system for 10 years, the petition said.
"The southern Macomb County area has for years been suffering following each heavy rainfall," Gov. Williams said. "Fortunately thus far the hazard to public health has been controlled."
"Whether Uncle Sam will actually come up with any assistance is doubtful, but it seems to us we ought to exhaust every avenue by which the problem can be approached," said Williams.

Prison Riot Breaks Out in South Dakota

SIoux FALLS, S. D. (AP)—Screaming prisoners of the South Dakota State Penitentiary here began rioting Monday night, and a Sioux Falls police officer at the scene said the convicts were holding two or three guards as hostages.
Six of the convicts were taken to hospitals here soon after the rioting broke out. Hospital attendants said two of the six had suffered heart attacks, one had a broken nose and another had been cut by flying glass.
The disturbance started in the dining room when prisoners began smashing dishes. The convicts were herded back to hallways of their cell blocks, where they continued breaking windows.
Gov. Sigurd Anderson told the Associated Press he had talked by telephone to Deputy Warden William Knutson and was told the guard hostages were not being mistreated.
Knutson told the governor the guards were sitting and smoking in the cells where inmates took them.
The Sioux Falls police department reported all state police were being called in and that "We're sending everyone out we can get a hold of."

Bobbi Williams talks with Campus Chest Slogan Contest winner Lanny Johnson and Bob Brubaker, one of the contest judges.

'Give Through Understanding' Campus Chest Motto Selected by Judges

A 14-word Campus Chest slogan Monday won two tickets and round trip transportation to the MSC-Notre Dame game Saturday for Lanny Johnson, Royal Oak senior.
"It's well to give when asked, but it's better to give unasked—through understanding," will be the Campus Chest motto for this year, as written by Johnson.
In choosing the slogan, judges were asked to consider that the coming Campus Chest campaign will stress giving by understanding the Chest's function, said Contest Director Bobbi Williams, St. Clair Shores sophomore.
"We wish students to contribute, not for a green feather from an organization called Campus Chest, but through an understanding of its purpose and what their money does," stated Miss Williams.
Winner Johnson said he and a friend had intended to go to South Bend this weekend and try to buy tickets at the game if possible.
"This sure makes things a lot easier," commented Johnson.
Approximately 250 entries were turned in for the two tickets, donated by a local merchant, announced Miss Williams.
Judging the contest were Junior Class President Bob Brubaker; Harvest Ball Queen Judy Bradley; Jan Somers, Miss Michigan, and Miss Williams.

Chicago's Downpour Sets Record

Rain, Tornado Strike Indiana
By The Associated Press
While most of the country enjoyed fair weather, residents of Illinois, Indiana and Michigan were still hounded by rain and a tornado.
Chicago, which was already soaked with its worst deluge in 69 years, is expecting more rain today.
Indiana National Guardsmen were called out Monday to aid in fighting the floods that hit the Calumet region after last week's torrential rains.
In Franklin, Ind., a tornado wrecked an auction barn during a sale and damaged at least 30 homes Monday, critically injuring two people.
In Chicago, the weekend down-pour that measured more than a half foot caused damage estimated at 10 million dollars in the city alone.
As the three-day rain approached the 7-inch mark its crippling effects spread.
Huge industrial plants curtailed or suspended operations and by nightfall the number of idle had risen to an estimated 25,000.
More than 700 persons, most of them in the suburbs, fled flooded homes in the Chicago area.
Hundreds of others were routed in a broader flood area that fanned out from Chicago 80 miles to the west and about the same distance to the east in Illinois and Indiana.
But only two deaths in flood waters were reported. The victims, both men, were found dead in flooded basements.
Transportation was scrambled in Chicago. But late in the day tracks leading into the Union Station from the south were cleared enough to permit the Burlington and Pennsylvania railroads to move some trains in and out of the terminal.
The rain held off during the morning, Monday, and thousands joined in the tremendous mop-up task.
But in the afternoon the rain resumed.
The U.S. Weather Bureau, which failed to forecast the crippling rain of Saturday and Sunday, said there would be showers and thunder. See RAIN, Page 6

ND Tickets Still Available On Last Day

One-half of the available ticket and round trip transportation packages for the MSC-Notre Dame game were bought Monday announced ticket contest officials.
Students whose names were picked in the student government sponsored contest may pick up the combination tickets in Jensen Field House between 11 a.m. and 5 p.m. today. No tickets are sold in the Union.
Students who do not pick up their tickets by Wednesday will forfeit them. Lists of the picked students are posted in the Union Concourse and Jensen.
A few tickets for round trip transportation only, are still left for students who already have game tickets. They will go on a first come first served basis.
Alternates names will be posted for the train-game combinations Wednesday morning. Any tickets left after 5 p.m. Wednesday will go on public sale, officials announced.

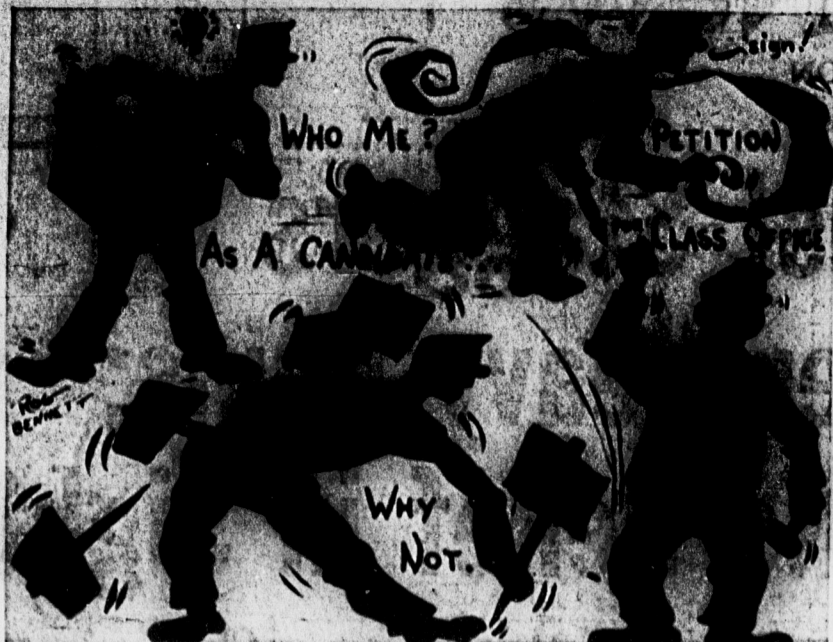

NEWS IN BRIEF

Red Satellites Lack Coal
WASHINGTON (AP)—The U. S. Information Agency (USIA) said Monday the Russian satellite countries of Europe apparently are not producing enough coal to keep their people warm this winter. Citing stories and comments in the Communist press, USIA said the drop in coal production is being blamed on workers staying away in passive resistance to government plans and on the difficulty in recruiting new miners.
Coffee Restraint Charged
WASHINGTON (AP)—The Federal Trade Commission charged Monday that "unlawful restraint of trade" by the New York Coffee & Sugar Exchange "contributed to and promoted" a sharp boost in coffee prices early this year. The FTC made the charge in a complaint announced against the Coffee Exchange. It said the complaint was based on an FTC study of the coffee trade, inspired by a rise in average retail coffee prices from 91 cents a pound in December, 1953 to \$1.18 a pound in April, 1954.

MEMPHIS (AP)—One of the Miller Siamese twins, whose joined skulls and brains were separated by complex surgery, died Monday night—a few hours after the operation. The twins came through the actual surgery in fair condition. Physicians hoped both would live. But Constance, in a sudden turn for the worse, died five hours later.

Doctors Take Chari From Critical List

Sankar S. Chari, who broke a 24-day fast two weeks ago, Monday was taken off the critical list at the college hospital, said Dr. Clifford G. Menzies, Director of Olin Memorial Health Center.
Dr. Menzies said Chari was "very cooperative and his condition definitely improved."
The 27-year-old physics grad student was severely burned and his right leg amputated below the knee as the result of a laboratory explosion last June. He broke a fast after his brother, Krishnama, 29, came here from New Delhi, India.
Krishnama said he thought his brother refused food for religious reasons.

Walt's Wallow An Explanation

By WALT OLEKSY, State News Associate Editor

Enough! Enough! Too many students have broken the news that they do not understand "Walt's Wallow."

In three columns, the Wallow attempted to strike back at a perfectly hideous ID picture; define the stuffings of a frosh, a soph, a junior and a senior, and to say it had been raining outside for two weeks.

Students have been spending hours trying to figure out what hidden meaning there must be in the columns. One freshman thought I was making an analogy in the "Rains Came" story to a freshman who was so swamped with work that he was drowning in his own tears.

Friends and strangers have been worrying themselves into creative spasms trying to reach hidden meanings in the columns, and others fret and puzzle why the columns end so abruptly.

That's simple. We're stuck with our ID pictures; once you've defined the ranks of college students there is no sense spending any more time trying to figure them out, and Mark Twain threw up his hands about the weather long before Walt.

Now believe that there are no ingenious implications underlying the Wallow, that fact is printed where fact is found, and that when the Wallow is through with something, it is through with something.

Session on Records Union Board to Give review of JATP

Monday's Jazz at the Philharmonic concert will be presented by the Union Board music committee with a record review in the Union Music Room at 4 p.m.

The Norman Granz program is a special event on the fall Lecture-Concert series. Tickets for the show are still available at the Union Ticket Office.

Records to be played at the Board preview will feature the work of who will appear on the program stage at 8:30 p.m.

Entered on this year's JATP are 12 stars from the stable, Dixie Gillespie, one of the 1954 Down Beat poll as the year's best singer, and Roy "Little" Eldridge will provide interest.

Taxes will be played by Phillips and Ben Webster. Ella Fitzgerald will appear.

The Oscar Peterson Trio with Ray Brown and Herb Ellis on guitar, will be featured in both solo and backing other artists.

Chairmen of the Union Board concert preview are Bob Detroit junior, and Chuck East Lansing junior, Bill Detroit senior, is head of Board's music committee.

Members Louis Bellson and Rich, clarinetist Buddy Moore, and trombonist Bill complete the line-up.

Although JATP is making its national tour, this is its first at MSC.

For Class Candidates Frosh-Soph Council Plans Coffee Hour

Freshmen will have an opportunity to meet candidates for office in the Frosh-Soph Council at a freshman coffee hour scheduled Oct. 27 in Old College Hall.

A campus activity for five years, the Frosh-Soph Council coordinates and directs the combined activities and services of the two classes. Candidates for office are nominated by petition.

Each dormitory has two elected representatives to the Council one each from the freshman and sophomore classes. In addition, there are representatives from the fraternities and sororities, as well as Lansing and East Lansing.

Among the activities sponsored by the Frosh-Soph Council so far this year were the campus tours and the orientation week program for new students. The organization also directed President John A. Hannah's reception for new students, and its members assisted at registration.

Howard James, President of the Council, says that new members are urgently needed if the organization is to carry out its future projects successfully. "We need students with an eye toward extra curricular activities on the Council," he said.

Among the future projects of the group are the annual Frosh-Soph Day to be held on November 6, and an all-college musical show. The Council is also going to run an information booth in the Union Concourse to aid visitors during the Centennial Year Celebration. Vesper services and a sophomore dance will also be sponsored by the Council.

The executive members of the council are sophomores elected to office in the spring of their freshman year. Besides James, other officers of the group include Dave Killorn, of Detroit, vice president; Jeanne Warrington, of Beth-

esda, Maryland, secretary, and Pat Tavener, of Lansing, treasurer. Larry Chrouh, of Detroit, is publicity director.

Interested students from both the sophomore and freshman classes are urged to file petitions for nomination. Petitions and instructions may be obtained from Student Congress offices in the Union.

20 More Cases Decided by Court

With six more appeals yet to be considered, the Student Traffic Appeal Court Monday handed down decisions on approximately 20 more of the 46 cases which were appealed last week.

Meeting with the court in a two hour session Monday afternoon, Dave Hyman, chief justice, said the procedure for hearing cases has now been set up.

Written appeals are to be handed into the Dean of Students Office in the Administration Building and they will be referred to the student court.

The remaining appeals are expected to be discussed and decisions passed by Wednesday afternoon.

Letters are being sent to all the students who appealed, giving the verdict of the student court, Hyman said.

Boaters Finish Fourth at U of M

The MSC Sailing Club participated in the University of Michigan fall invitational regatta Sunday. The sailing meet was held at Bass Lake, Ann Arbor. Michigan State finished fourth in team standings with 84 points. Notre Dame was first with 80 points and Michigan and Dartmouth finished in a tie for second with 58. Fifth and sixth positions went to Oberlin and Detroit.

Entered in Division A for MSC were two boats, one with Guy Rogers as skipper and Dottie Vaughn as crew and the other with Dick Laughlin as skipper and Sandy Braudy as crew. One boat was entered in Division B with Bruce Ruhlén as skipper and Katy Ten Houten as crew.

Hoosier Coach Denies Claim of 'Dirty Football'

CHICAGO (AP)—Indiana football coach Bernie Crimmins denied Monday he had accused Michigan State of "dirty football" in Indiana's 21-14 loss to the Spartans Saturday.

In town to address the Chicago Quarterback Club, Crimmins said "Actually, aside from one incident, it was a very clean game."

"Bill Campbell, our sophomore halfback, told me in the dressing room that someone had twisted his injured knee," said Crimmins. "I advised him if that ever happened again, to kick his way free. It actually wasn't a particularly rough and certainly not a dirty game," he added.

Crimmins was quoted as saying Sunday that Campbell complained Michigan State tacklers deliberately twisted his injured right leg every time he was tackled.

Michigan State officials, after reviewing movies of the game, denied the charges. Six players who were with the Cleveland Indians when they won the 1948 American League pennant and World Series are still with the club.

Peaks gains as a Spartan...

In Practice Game Sophomore Back Scores as Hawkeye

Clarence Peaks, a quarterback who had always wanted to be a halfback, became one three weeks ago because he could run Iowa plays better than the Hawkeyes could.

On the Monday before the Iowa game, Peaks, who was then a reserve quarterback, was running at the left halfback spot on the "scout report Iowa team."

During the rugged scrimmage the 190-pound back ran the Spartan line raged and scored three touchdowns, one more than the Hawkeye backfield did a week later at Iowa City.

After practice, Backfield Coach Dan Devine said, "We had known all along that Clarence was a good runner but that display convinced us that he should be a halfback."

Peaks, who had starred at quarterback while at Flint Central High School, said he was happy with the change because he always had wanted to be a halfback.

And he was both happy and surprised when, due to his defensive and kick-off abilities, he was named to start in the Iowa game.

In fact, he ranks that starting assignment in his first college game as the top sports thrill of his life.

The week following the Hawkeye contest found Peaks working hard all week on learning offensive assignments and timing from right halfback and he was rewarded for that work when he also started the Wisconsin game.

During the Badger game he shared the wingback's job with Bert Zagers and ran a Wisconsin punt back for 26 yards.

In Saturday's game with Indiana, the first team job was his alone for the first time and he emphasized it with a great day against the Hoosiers.

Big Three Still Unbeaten As Upset Fever Continues

Higgins In, Boudreau Out At Bosox Helm

BOSTON (AP)—Frank (Pinky) Higgins, the quiet Texan who asked to start his managerial career at the bottom, Monday reached the top with his appointment as field boss of the Boston Red Sox.

General Manager Joe Cronin made the announcement at a press conference following long distance telephone conversations with Higgins and his predecessor, Lou Boudreau.

Boudreau's two year contract had another year to run and Cronin said the Red Sox "will beat the obligation" insofar as the second year is concerned.

As is customary, no figure was announced for the two year contract which is being given Higgins. Estimates ran as high as \$65,000 for Boudreau's pact.

Higgins' elevation came less than 48 hours after his Louisville team, the Red Sox American Ass'n. farm club, won baseball's second biggest prize—the Little World Series—from Syracuse of the International League.

Cronin revealed the decision was made Sunday night in a phone discussion with the club owner Tom Yawkey.

"The move really culminated Sunday night," Cronin said, "because other clubs have shown we just had to do something."

Pinky signed with the Philadelphia Athletics in the summer of 1930 upon his graduation from the University of Texas to begin an active playing career as a third baseman spanning 17 years.

After a season each in the Texas and Pacific Coast Leagues, Higgins played for Philadelphia from 1933 through 1936, Boston 1937-38, Detroit 1939 through 1945 and a final year with the pennant-winning Red Sox of 1946.

Higgins made a lasting impression on Yawkey in 1947 when he turned down an offer to manage Toronto, which then had a working agreement with Boston, in the International League.

Reached at his Harvey, Ill., home, Boudreau remarked:

"The first time I heard about it was this morning. I would like to remain in baseball—that has been my life's work. But I have no definite plans at the moment."

Football and Ulcers 'They're Killing Me'

NEW YORK (AP)—The old professor stood very straight. In fact, his Monday morning class of football coaches thought the starched old gent was slightly stiff. Suddenly he bent over and clapped a hand to his midsection.

Old professor—ooh, those ulcers. They're killing me. feel we were tired by one of the best in the country.

Red Sanders, UCLA—Speaking of ulcers, professor, I picked up my first symptoms Saturday. Washington played great football. That Bobby Cox is the hardest guy to corner by rushing of any passer we've faced. I don't think we played up to what we did against Maryland. I never called our team great or one of the country's best. The poll did that.

Jack Chemberg, Washington—My boys were sure long on grit and character. UCLA is terrific. What a line! It will take a good team having a good day to upset them.

Old professor—Mr. Murray, why that long face? Bill Murray, Duke—We're disappointed, and feel we had more than our share of bad breaks in the second half. Purdue's a great team, though, and that fullback Bill Murakowski is a fine runner.

Stu Holcomb, Purdue—We certainly would have liked one more touchdown or even one more point. We had a little letdown after beating Notre Dame, but we

Old professor—Mr. Elliot, is that you sobbing back there? Ray Elliot, Illinois—No sir, we were just beaten by a big, fast team with a lot of depth. We made too many mistakes but we wouldn't have had a chance against Ohio State anyway.

Acrobat Club Seeks Campus Talent for Circus

Acrobat Club, formed for the purpose of promoting an interest in circus act performing and gymnastics, and "just to have a good time," today issued a call for new club members.

Membership to the club, according to President Jerry Gildemeister, is open to both men and women and will meet Thursdays, 7:00 to 9:30 p.m., and Saturdays, 9 to 12 a.m.

"Anyone interested in learning trampoline, juggling, unicycle, tumbling, Spanish web, swinging ladder, trapeze, hand balancing, or clowning is welcome to attend the meetings," Gildemeister said. "We will teach anyone."

"We are in need of people to learn circus acts for the 1955 Spartan Circus and for future acts."

Since its organization last fall term, the Acrobat Club has performed at the Forester's Shindig, Green Splash and Parents Day. This year's plans, Gildemeister said, include acts in the Populace show this fall and the second annual Spartan Circus to be held spring term.

Two of its members have already performed under the big tent. Jon Friday, Hartford sopho-

Undeatable List Rapidly Dwindling

By the Associated Press

The present "big three" college football—Oklahoma, UCLA and Wisconsin—tried unbeaten records in new week Monday but only by the narrow margins that they escape the latest epidemic of upset fever.

Proud Iowa and Southern California were weekend victims of the occupational ease while two other members of the top-ranking Purdue and Duke, speared each other with a 13-13 tie.

The major unbeaten list is dwindling fast. Extra-point kicking and gasp rallies figured prominently in the weekend's activities and saw half a dozen teams collapse into the national spotlight.

Navy, called "my best team" by Coach Eddie Egan, beat Stanford its first setback, and joined undefeated Penn State as the East's prime contenders in the mythical championship.

Penn State won its third year by crushing Virginia, 34-7.

Mississippi continued to down in Dixie, riding over Vanderbilt, 22-7, with a 62-yard touchdown sprint by Ed Multhead. Ohio State, 16-7, won from Illinois, emerged another power in the tough eat-dog Middle West where it beaten Minnesota also in a 10-0 upset.

Unlabeled Arkansas beat the surprise of the South beating Baylor, 21-20, for third in a row.

Snapbacks after surprising season setbacks brought roaring triumphs for three of the season favorites. Notre Dame Army and Georgia Tech-Maryland, the defending national champion, could get no better than a 13-13 tie with Wake Forest after bowing to UCLA in a 14-0 victory.

Notre Dame's Fighting Irish, stumped by Purdue, bounced with a 33-0 victory over Wake Forest, which had been in Pittsburgh which beat the Wolves for Red Sox son's coaching scalp. Army, by Pete Vann, trampled Dartmouth, 60-6. Georgia Tech beat Louisiana State, 30-20.

Billy Teas contributing a 77-0 touchdown run.

Saturday's biggest upset was the defeat of fourth-ranked and undefeated Iowa, 14-11, by a Michigan team which has been humbled by Army of week before. Jim Madderich, sophomore quarterback, led last half Michigan comeback after Iowa had converted four ties into a 13-0 lead in the eight minutes.

Southern Cal, the nation's top-ranked team, was trounced Friday night by Texas Christian, 20-7.

A wild scramble for berth on the top 10 may be expected next week with a formidable schedule promising to add to confusion of the most mixed football season since the war.

Oklahoma, which appears to have the best chance of all in going through the campaign without a defeat, launches its Seven schedule with a game Kansas, UCLA No. 2, plays Stanford, Wisconsin, No. 3, is beat Purdue, No. 5.

Iowa, No. 4, engages Ohio State No. 10, at Columbus in the Big conference feature. Duke, No. 6, tackles an Army team that's been in Mississippi, No. 7, at Tulane with Tulane.

A's Plight is Subject of League Meet Philadelphia Receives \$2,856,000 Offer

CHICAGO (AP)—In what could be a history-making meeting in baseball, American League club owners and representatives will huddle in Chicago today to try to solve the plight of the debt-ridden Philadelphia Athletics.

They want to buy the Athletics and keep the franchise in Philadelphia. "We've made a definite offer in writing and they (club owners) can take it or leave it," said De Orsey.

The offer will be presented Tuesday by Calvin Griffith, executive director of the Washington Senators. De Orsey said Roy Mack would be retained in an executive capacity if the offer is accepted and that efforts would be made to land Lefty O'Doul or Tommy Henrich as managers.

Roy has bitterly opposed the wishes of his brother, Karl, and father, Connie, to sell to Johnson. He seems determined to keep the A's in Philadelphia, where the pioneering baseball family has operated for 54 years.

match the offer of Johnson and expects to be at the Chicago meeting to ask for the right to buy the franchise. "If they the owners give me the package, I can go out and sell it," said Richardson.

Wilson Criticizes Jobless

Reuther Raps Detroit Talk

DETROIT (AP) — Defense Secretary Wilson caused a storm here Monday when he said at a news conference that while he had "a lot of sympathy" for the jobless in surplus labor areas he always "liked bird dogs better than kennel-fed dogs."

CIO and United Auto Workers President Walter Reuther demanded in a telegram to President Eisenhower that Wilson "publicly retract" the statement or "be asked to retire from public life."

The labor leader's ire was aroused by Wilson's comment to reporters' questions about unemployment. The cabinet official said with a grin: "The bird dogs like to get out and hunt around for their food, but the kennel dogs just sit on their haunches and yelp."

Another comment that prompted Reuther to send a five-page blistering telegram to the President was Wilson's statement that he expected employment in Michigan to "balance itself out" by Christmas as new models get into production "and maybe a few workers go back south when it gets a little cold."

"Until I saw this story (a published report of Wilson's interview), I had believed we were decades past the day when allegedly civilized men thought such things, let alone expressed them aloud and in public," Reuther said. "I regret that I was so sadly mistaken in estimating the degree to which big business had acquired at least the rudiments of a social conscience."

Wilson's "bird dog" remark also brought denunciation from Patrick N. McNamara, Michigan Democratic nominee for U.S. senator. McNamara called it "typical of the dark age type of thinking in the present administration."

"His (Wilson's) quotation," McNamara said, "can be compared to Marie Antoinette's when she was told the starving people had no bread. She said, also with a grin, 'Let them eat cake.' McNamara referred to a remark attributed to the Queen of France at the time of the French Revolution."

"This quotation should be expected from a man who has previously stated 'what is good for General Motors is good for the country.'"

Wilson was in Detroit to make a speech to a Republican rally Monday night. Monday he attended the funeral of an old friend and auto industry colleague, George W. Mason, chairman of American Motors Corp.

Reuther's telegram to President Eisenhower was announced from UAW-CIO headquarters.

Navy is at Pitt and Penn State at West Virginia in Eastern headliners. Arkansas, the Southwest's only unbeaten team, plays at Texas. A last period field goal by Preston Carpenter was responsible for

Arkansas' 21-20 victory over Baylor. A field goal by Verle Cray also gave Houston a 10-7 verdict over Texas A&M, which was stopped on the one-yard line as the game ended. Minnesota continued unbeaten in the Big 10, beating Northwestern, 26-7, for its third straight victory. Michigan State bounced back from two straight losses to whip Indiana, 21-14. West Vir-

ginia won its second straight game, downing George Washington, 12-7. Florida, upsetter of Georgia Tech, was in turn upended by Clemson, 14-7, and, in another surprise, Harvard, which lost to Massachusetts, downed favored Cornell, 13-12. Surprising Wichita upset Oklahoma A&M, 22-13, for victory no. 4.

Ask Farmer First Courtesy Helps Hunters to Bag Their Limit

"Spartan hunters, mind your manners and remember that you're a guest when you hunt on a farmer's land," advises Charles Shick, MSC game management specialist.

"Ask the farmer first," emphasizes Shick, and then remember that having worked the land for years, the farmer probably knows where the best hunting sites are. Shick suggests hunting in small parties rather than invading the fields in hoards, and learning boundaries, what fields to cross, the location of grazing cattle and where people may be working in fields.

The specialist adds these final hints for better relations: Invite the farmer and his son to join your party, and the purchase of some produce the farmer has for sale may bring an invitation to hunt again. In general, he concludes, just remember your courtesy and common sense when you set out to bag your limit this fall.

Rain Swamps Midwest

(Continued from Page 1) The outlook was dismal as more rain is forecast for today and Wednesday. The Hammond Mayor, after proclaiming a state of emergency in his city, telephoned the governor who gave orders for National Guard assistance.

The 113th Engineer Battalion of the Guard, a Gary Unit of 350 men, was ordered to move into Hammond. Traffic was snarled on secondary state road.

Richardsons to Begin Music-Drama Series

John Richardson, assistant professor of music at MSC and his wife Florence, will open their season of musical-dramatic presentations for the piano at Holland today.
