

Expansion Needed Now

Lines Too Long at Olin

There should at least be one exception on campus to the "rule" that students wait in lines for everything.

Waiting for an hour or more to see a doctor in the college hospital is not.

Six doctors and 32 nurses work to serve 14,745 students. The ratio of students per doctor is too high.

Nothing can be done about the situation, however, with the present hospital facilities, according to Dr. Clifford G. Menzies, director of the health service.

"We simply do not have room to expand the staff," he said.

The present hospital was completed in 1940. At that time it contained 65 beds for a student population of 6,800.

In 1942, a two-week siege of flu saw 300 students per day sent back to their dorms. Wards were set up in living units, and a full-time nurse was hired to check on those patients.

The student population has risen 217 per cent since the hospital was finished.

It still contains just 65 beds, with a possible seven more in three sunrooms.

The hospital had 51,932 outpatient cases in 1953-54, and 2,692 inpatients who stayed an average 2.8 days each in Olin Memorial.

This is a heavy load for the present facilities. A repeat performance of the 1940 or 1942 epidemics would seriously overwork the hospital staff.

According to Dr. Menzies, discussions are underway for added facilities when the college enrollment reaches 25 to 30 thousand.

The college catalog states that the "function of the Health Service is to provide adequate facilities for students who are in need of medical or psychiatric care, both on a preventive and curative level."

Six doctors and 65 beds for 15,000 students are not "adequate facilities," if those students must wait an hour or more to see a doctor, and then perhaps be denied a hospital bed because of over-crowded conditions.

Students' needs and the resultant pressure on hospital staff and facilities demand that a hospital be given top priority on any proposed building schedule.

Just Not Enough Room

Interpreting the News

Quemoy a Decoy To Tachen Attack

By J. M. ROBERTS, Associated Press News Analyst

The Red Chinese attack on the Tachen Islands is a carefully planned and well-developed part of policy. It is not likely to be shaken by anything the West can do or say.

Last year, during all the shooting around Quemoy, well-informed Chinese Nationalists kept pointing their fingers away from that island at the mouth of Amoy Harbor and directly opposite Formosa and toward the Tachens 200 miles farther north.

While the Reds were making noises around Quemoy, their real military concentrations were being made opposite the Tachens.

They have two important reasons for the current attack on the Tachens entirely aside from the attainment of new military positions.

They have promised the Chinese people to regain Formosa, which they cannot attempt now because the United States' 7th Fleet stands across the way and Peiping, like everybody else, wants to risk no general war now.

Regaining Formosa became a Chinese creed long before the Communist conquest of the mainland, and provides a chord

which can be struck among those people who have not maintained their loyalty toward long-gone Chiang Kai-shek.

It is important to the Reds to make a show about keeping their promise.

Even more important to a regime which is perfectly capable of ignoring popular opinion if it wishes is the psychological effect on Asia of another defeat handed to the Anti-Communist forces.

Most of Asia now relishes that, and Chiang Kai-shek, never liked, now represents the long-resented West.

Capitol Comments

And the Voters?

By STAN STEINBORN, State News Capitol Reporter

State Senator-elect Anthony J. Wilkowski (D-Detroit), denied his seat in the Legislature last week, has taken his case to the Supreme Court.

Wilkowski, through his attorneys, has requested the court to issue a writ forcing Lt. Governor Phil Hart to swear him in as a state Senator. This Hart was not allowed to do by the Republican majority in the Senate when that body met for its opening session.

into office the candidate of its choice.

The whole Wilkowski case actually boils down to two points which the court will have to decide. Number one, does the Legislature have the right to deny a seat to a duly elected member for an offense not specified in the constitution as disqualifying a law maker?

If the court decides the Legislature has that right, it will have the second question to answer — does the Supreme Court have the power to command a member of the Executive branch to take action?

Republican Senators voted against seating Wilkowski under the provisions of Article Five, Section 15 of the Michigan Constitution which states: "Each house shall judge the qualifications, elections and returns of its members..."

Wilkowski argues that he can only be disqualified if he is ineligible by reason of something stated in the Constitution such as change of residence. He claims that the Legislature can not legally add to the list of disqualifications contained in the State Constitution in order to exclude him.

Since the case is not only important politically, but also brings a very unusual problem in Constitutional Law, it can be expected that the Court's action will be followed with interest.

Strangely enough, no one seems to be concerned with the fact that an entire senatorial district is without a voice in the Senate through no fault of its own. Unless of course the district is to blame for voting

Letters

New Name Petition Suggested

To the Editor:

In regard to the letter sent in by Frank Williams in Wednesday's State News, may I suggest that a petition be initiated by the Student Council calling on the Michigan Legislature to approve the necessary legislation for the change of Michigan State University.

The petition could be posted in the Union Building and wherever else convenient for students to sign.

I am in favor of the change, and certainly the prestige which the title of "University" will bring to State is well-deserved. If the student body would get behind the proposed change and let the Legislature know the strength behind the proposal, State will be a university before the Centennial celebration ends, if not before it even begins.

With Michigan Tech

Icers Head North for 2 Games

By ART UNDERWOOD
Western Intercollegiate Hockey League play enters a crucial period for the win-hungry Spartan skaters this weekend.

MSC's six. Close on the Spartans' heels however are the Wolves from the U of M who dumped the Spartans two weeks ago, then split with a sagging Minnesota squad for five points in the standings.

The Techmen roared by Michigan and Minnesota with the dual victory to a three way tie for third place with Denver and North Dakota. All have 8 1/2 points in the scoring.

The Spartans must split with Tech to retain their second position as a double Tech victory would give the Houghton squad a point and a half edge over MSC.

Bob McManus, Techs "Mr. Padlock" in the nets leads the league for goalies having played more than four games with a fine 2.4 goals allowed per game average, one reason for his squad's sudden success.

Bob's brother, Jack, at forward leads the Huskie pucksters in the scoring department with 10 goals and eight assists for 18 points, tied with MSC's Jim Ward for eighth spot in league scoring.

Another brother combo that may see action against the Spartans features a pair of speedy forwards Larry and Tom Lalley, who have collected seven and six points respectively in league play and the third brother Andy who, as the Huskies reserve goalie has managed a respectable 2.7 goal average in four contests.

Another important factor in Tech's mid-season sprint in the league race is the youth of coach Al Renfrew's team.

With only one senior on the roster, Renfrew has been somewhat handicapped in the early part of the season by inexperience but the 22 freshmen and sophomores seem to have learned their lessons well if the Denver games are any indication.

Spartan coach Amo Besonen's men may go into the contests a bit rusty from their two week layoff but, with their league standing and the possibility of finishing the season with their first hockey championship in the history of the sport at MSC, the games should prove exciting.

The Spartans boast an 11-12 record with the Northerners following a 1-5, 5-3 series split earlier this season.

The MSC icers split with Tech in the four games last season but managed to edge the Huskies in league standing, finishing sixth in the league.

Saturday's game will be part of the Black and Gold's Sports Roundup, a weekend of athletic events on the Tech campus.

'Mural' Hi-Lights

IM Chairman Frank Beeman and Norris Wold have reached an agreement on practice sessions for teams in the Open Hockey League.

Starting next week, teams may reserve practice time through the IM office for Monday 9:15-10:30 p.m. and Tuesday, Wednesday and Thursday from 10-10:30 p.m.

Beeman says he plans to use the same time as the practice sessions for the league games.

Today is the final day for team entries in the Hockey League. As of Thursday, 10 teams had returned their rosters. Among them are the Rangers, last year's champions.

Badminton entries also close today. The deadline is 5 p.m. in the IM office.

Hopscoching the Wednesday howling scores, Dave Lewis posted the high total with 460 for Phillips 7 in their victory over Phillips 9.

Three keglers topped 400 for Phillips 8 in their shutout of Phillips 4.

They were Roy Hamblen, 417; Don Losey, 411, and Lloyd Cocking with 409.

Max Riebenack collected 186 for the night's highest single score. His three game mark was 426 for Phillips 9.

Record Holder Americans Too Hurried For Boysen

"Your Americans are in too much of a hurry!" Such was the comment of Audun Boysen, Norwegian 1,000-meter world record holder, who has been in the United States only 10 days.

Boysen visited the MSC campus Wednesday afternoon to give a lecture on Norwegian sports to a physical education class.

The statement is somewhat of a paradox because Boysen, one of the world's fastest middle-distance runners, has run the 800 meters in 1:47.4 (8 of a second off the world record) and the 1,500 meters in 3:44.2.

The 25-year-old Nordic, a recent graduate of Oslo University, is in the U.S. to study Industrial Relations. He is now working in a plant near Ann Arbor.

He plans to compete in the indoor track season with a possibility of running outdoors. His first race of the season will be tonight in Philadelphia.

When queried as to what the thought of the many European athletes attending American colleges and universities, Boysen replied that he thought it was a good opportunity for these fellows because of the better educational and athletic facilities in this country.

Boysen plans to stay in the country about a year and then return to his native Norway where a position is already awaiting him in an industrial plant.

Rintz, Iowa Sensation To Tangle Saturday

Swimmers Hit Road For Iowa

Face Cyclones In Return Meet

By JACK MURRAY
Michigan State's swimming team will take the longest Spartan trip of the weekend, traveling to Ames, Iowa to face Iowa State.

The Spartans will try to preserve their perfect season's record, which now stands at 3-0. This meet will mark the second meeting of the year between these two squads.

In the season's opening meet, MSC barely edged out a 48-45 decision over the Cyclones. Since that meet, the Iowa State team fell to powerful Michigan by a 60-24 score.

The Cyclones, therefore, will be seeking their first win of the season, and nothing would please them more than a victory over the Spartans.

In their earlier meet with the Spartans, Iowa State showed sufficient team strength to rack up wins in five events. These victories include a double win by Cyclone ace Jim McKeivitt in the 100 and 200-yard freestyle in which he set two new dual meet records.

The other Iowa State wins came in the 150-yard ind. medley, 300-yard medley relay, and 400-yard freestyle relay.

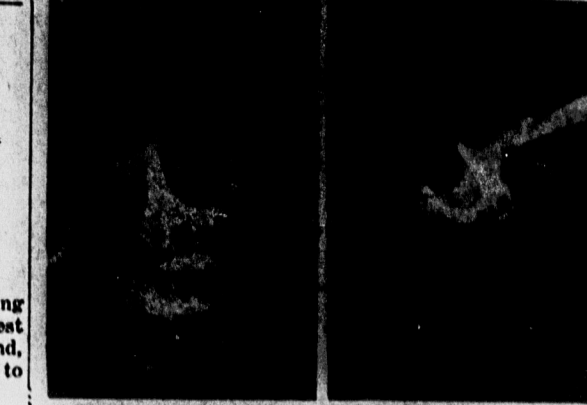

Moreover, the victory starved Iowa State men will have the added advantage of swimming in their own pool. This home pool advantage cannot be passed over lightly, most coaches agreeing that its worth five points in any dual meet.

Crowded

The Swedish National Men's Gymnastic Team which will appear at Jensen Fieldhouse on Jan. 26 drew what is believed to be the largest indoor crowd on record when it performed on the campus of Penn State University last winter.

This year the men's team has combined with the National and Olympic Swedish Women's Team on a tour covering the Eastern, Southern and Midwestern universities.

Otto Graham, All-Pro Quarterback of the Cleveland Browns, is a talented musician, too. He plays the piano, violin, cornet and French horn.

CARL RINTZ ... tough competition ... DON LEAS ... three eventer ...

DubINN A Real Scholar

By DONN SHELTON, State News Sports Editor

Little has been said lately about football and its scholastic phase but now comes a story from Maryland that is a real dilly.

Seems that an academic accrediting agency was checking into the scholarship situation at Maryland and found a grinner there who is in his fifth year of school and is only a junior.

This anonymous Terrapin has an IQ of 85 and has spent four years at the school with grades ranging from 1.1 to 1.7.

In addition, he flunked some of his "sports skills" courses and took tennis and golf in summer school.

The investigating group labeled this "student" Case No. 16 of a long study.

Leaves one wondering what the other 15 were like.

Utilizing your own players to impersonate visiting team foes in practice is an old athletic practice, but Fordy Anderson did it to perfection this week.

With Jim Raymond impersonating Gopher star Chuck Mencil, Anderson pointed out to his regulars that the Gopher ace could stand in mid-court most of the evening and score on his favorite long shot.

Then the scrimmaging began and Raymond calmly stood outside the foul circle and dropped in five straight baskets to emphasize the lesson.

Later, talking about the Indiana game, Anderson pointed out it was the Spartans' conservative habits, not their old style of play, that lost the game.

Anderson was embarrassed, and rightfully unhappy, that he was misquoted as blaming Pete Newell's system.

Our apologies to both Fordy and Pete.

Collecting honors and accolades is nothing new to Spartan gymnast Carl Rintz, but his latest honor is one of his best.

He is going to perform with the Swedish gymnasts who will visit our campus for a performance Wednesday.

They are one of the finest gymnastic groups in the world and so far have drawn rave notices everywhere they have appeared.

They are also featured, on the cover and inside, in the newest issue of Sports Illustrated. The color pictures of the Swedes at work promise an interesting evening for the Spartans who attend the exhibition.

In addition to the students, Gymnastics Coach George Szypula is expecting a large group from Detroit and neighboring areas to attend the exhibition, including some diplomatic VIP's.

Knowing the spirit they are in, they probably won't need it but (reading the big letters of the column from top to bottom) I wish the Spartans cagers all the best of it Saturday.

Wilson to Replace Godfrey at Guard

PAT WILSON ... earns job ...

TED LENNOX ... in 4-way meet ...

What happens when an irresistible force meets an immovable object? The basketball answer to that question will be presented Saturday night when Michigan State's basketball team meets the Gophers of Minnesota.

Pendley Joins Squad Matmen Ready For 4-Way Meet

By JIM JOHNSTON
Sparked by the return of Bill Tambo and Dick Hoke, the Spartan matmen will compete in a quadrangular meet in Evanston, Ill., Saturday seeking to score their first victory.

Bobo, Topor Sign Contracts With Lions

Doug Bobo, a former Spartan end, and ex-Wolverine linebacker Ted Topor were signed Thursday by the Detroit Lions.

BOBO

Bobo was an offensive end on the 1952 Michigan State team that went undefeated and won a national title.

The Gopher duo ranks third in the conference while Ferrari is fourth with a 21 point average and McCoy is 16th with 16.4 average.

Under the boards, the Spartans have two men to combat the Gopher's giant center, Bill Simons.

Peteron is currently the conference's hottest shooter, with a markable .685 average. He is 13th in scoring with a 13.6.

Anderson has earned a shot at starting berth.

Godfrey, who started the Indiana game with a bad stomach, has been in the hospital twice since 1952.

Devenny will round-out Spartan starting five.

The most points ever scored in a Big 10 game by one team was 113, scored by Indiana against Purdue on February 23, 1953.

Minnesota Paced by Garmaker

Giant Center Aids Gopher Attack

Minnesota's basketball team will invade Jenison Fieldhouse Saturday night with a pair of sharpshooters and a veritable giant leading their attack.

The sharpshooters are co-captains Dick Garmaker and Chuck Meneel, both holdovers from last year's All-Conference team.

The Gophers depend on their outside shooting attack for most of their points and, with Garmaker and Meneel leading that attack they are tied for first in the Big 10.

Garmaker ranks third in the conference in scoring while Meneel is 14th.

Playing the pivot spot for the Gophers will be Bill Simonovich, who towers 6'10" high and weighs 275 pounds.

A top-notch rebounder, Simonovich is also the 18th top scorer in the Big 10.

John Benington, Spartan assistant coach who scouted the Gophers, reports they have the best outside shooting attack in the conference.

Garmaker, who is averaging 28 points per game in conference play, does the bulk of his scoring with an unorthodox jump shot.

Meneel, whose average is 17.2, uses a normal set shot from the center for his scoring fetes.

The Gophers don't run and break as much as most Big 10 teams, due largely to their outside method of scoring.

The spectator appeal of the Minnesota squad is enhanced by its coach, Ozzie Cowles. He is famous in the mid-west for his towel-throwing temper tantrums, thrown for a variety of reasons.

Occasionally he moves onto the playing surface to vent his ire.

Opp-A-Daisy

One of the Swedish gymnasts who will perform at MSC Wednesday.

Romp to Win, 52-11

Sigma Nu Routs Theta Chi

Sigma Nu started its season by rolling over Theta Chi 52-11 Thursday night. With the advantage of height and speed, the Snakes completely dominated the game. The Snakes are trying for their fifth consecutive fraternity title.

John Gersonde took high scoring honors for the winning team with 18 points. Maynard Spotts led the losers with five.

Alpha Tau Omega 28, Delta Tau Delta 24

The ATO's defeated the Delta's 28-24, in a rough, close basketball game that was not decided till the final minute. Both teams showed depth, team work, and a sharp passing attack.

Ron Laug and Marlin Stauffer, forwards for ATO, dropped in nine and eight points respectively while Don Butcher and Larry Rowe hit for eight and six for the Deltas.

Psi Upsilon 35, Alpha Gamma Rho 18

Don Harden hit the hoop for 17 points to pace the Psi U's to a

Skiing Good

Skiing is good at Caberfae, with a 12" base with powder snow.

Perch fishing is reportedly excellent in lakes Cadillac and Mitchell, with walleye fishing just fair.

Caberfae officials report they will hold their annual Junior Ski Meet Jan. 29-30.

Jim O'Hara (left) works out a problem with a member of his crew

His territory: TWO CITY BLOCKS

James O'Hara, Stevens Institute of Technology (M.E. '51), is an installation foreman for the New York Telephone Company. His present assignment is two city blocks between 45th and 47th Streets in the middle of Manhattan.

"It doesn't measure very big horizontally," Jim says, "but vertically it makes up a lot of telephone business—7500 telephones to be exact. My eight-man crew does everything from installing a single telephone to working on complete dial intercom systems for some of the nation's biggest businesses.

"I've got to know about each of these jobs that my men do. My training with the telephone company took me through the installation, repair and testing of the various types of telephone equipment and service for which I am responsible. I even had a chance to do a little experimenting of my own and developed a new way of preventing oil seepage on automatic switching equipment. I understand it's being written up for use throughout the Bell System.

"That's what I like about telephone work. Even two city blocks are full of opportunity."

You'll find that most other college men with the telephone company are just as enthusiastic about their jobs. If you'd be interested in a similar opportunity with a Bell System Telephone Company—or with Southern Corporation, Western Electric or Bell Telephone Laboratories, see your Placement Officer for full details.

MICHIGAN State Starts SATURDAY—Midnight Show

Lansing Crusade MSC Talent To Fight Polio

Jan Somers, Miss Big 10, will join Prof. Paul Bagwell, head of the communication skills department, in a March of Dimes fund-raising drive over WILS radio and WTOM-TV tonight through Saturday morning.

Polio Drive Awaits Vote Of Congress

Spartan Moms To Join March

Spartan Village mothers will march for dimes Thursday and hope that Student Congress will approve a bill granting them permission.

The bill was introduced at the student government meeting last Thursday to allow Spartan Village to conduct a drive in that area for the March of Dimes.

Student ruling permits only one solicitation drive each year, which is contained in the Campus Chest Drive. Congress members must vote on the new bill at their meeting Wednesday.

The Mothers' March, a country-wide project to raise funds for the March of Dimes, set a county goal of \$31,000 this year. About 4,000 mothers will participate in the county.

Michigan set a goal of three million dollars this year. Prof. Paul Bagwell, head of communication skills and state chairman for the National March of Dimes, expressed confidence that contributions will reach the goal.

Spartan Village Council reversed its veto on the Mothers' March because the members felt that it was the civic duty of Spartan Village families to safe-guard their children," according to President Pat Callahan.

The council had vetoed the March, Jan. 3, because members feared a precedent that could be used by any group asking permission to solicit funds in the college area.

When the plan was presented to Karl H. McDonel, secretary of the Board of Agriculture, he held no objections. But if Student Congress refuses to pass the bill, Secretary McDonel said he would not intervene with their decision.

A similar incident occurred in 1932, when Spartan Village wives were refused permission to hold the drive. But the residents set their own policy and conducted the drive without student government approval, according to Callahan.

Residents may signify whether they wish to make a donation by turning on their porch lights or attaching a white cloth to their doorknobs. The collectors will visit only these houses.

In the middle ages the feeding of animal milk to babies was discouraged because it was believed it would cause children to acquire some of the traits of the animals.

Bagwell, state chairman of the March of Dimes, will be heard midnight Friday in a talk on the second annual Lansing crusade against polio.

Accompanying Miss Somers as entertainers from MSC are Tom Aquino and his combo, Jack Wipper, Lansing junior, and Ron Grow, Lansing sophomore. Wipper will demonstrate his skill as an amateur magician and Grow will perform with an orchestra.

On request, some of the state, county and city officials invited to the program may speak a line or two for a donor, said Dick French, WILS arranger for the show.

Talent from the greater Lansing area will also perform for viewers and listeners.

Last year's March of Dimes simulcast from Lansing netted approximately \$3,000.

Pledges to the March of Dimes will be taken by telephone during the course of the program. The Civil Air Patrol will hold a unit in the studio at WILS to receive pledges. CAP members will also pick up the money and convey song requests to the entertainers.

The Greater Lansing Restaurant Association and area merchants are donating food and gifts to be awarded during the program.

Sounds, Scenes Of Virgin Islands Offered in Movie

Travelogue fans won't merely see a film on "Puerto Rico and the Virgin Islands" in the Auditorium at 8 p.m. Saturday, they'll hear the sounds of the islands, too.

Lecturer-cameraman Bob Davis made on-the-spot recordings of the areas he photographed to make them more real to his audiences.

Areas to be shown in the World Travel Series film include the San Cristobal Fortress, the city of San Juan, Aguadilla, where Columbus landed in 1493, coconut groves and sugar cane fields.

ID cards will admit students to the program.

Musician to Give Senior Recital

Martha Driver, Lansing music major, will give her senior recital on the French horn at 4 p.m. Sunday in the Music Auditorium.

Accompanied by pianist Betty Jo Heckrodt, Mrs. Driver will play A. C. Haugland's "Suite of Two Pieces," "Melody" by Feodor Akimenko and "Reverie, Op. 24" by Alexander Glazounov.

Flutist Dwain Mitchell, Grand Rapids junior, and tympanist James Driver, Mrs. Driver's husband, will accompany her in Ellis Koha's "Night Watch."

Prof. Bagwell Launches March of Dimes.

Schools

(Continued from Page 1) the first year, \$4 the second year and an ultimate \$10.

11 A special state school aid allowance of \$1,000 to schools for each fully certified teacher hired at the required minimum salary.

12 Reevaluation of school laws to simplify annexations, bonding plans and provide a more equitable base for school tax assessments.

13 Legislation requiring districts which operate no schools to combine with operating districts within, say, three years.

14 Elimination of state tuition payments to districts sending pupils to other districts as an encouragement to district mergers.

15 Removal of discrimination on state aid for transporting pupils to schools by paying two-thirds of the actual cost.

16 More money for the state tax commission to help local assessors in obtaining more local tax funds for schools.

17 Increased state aid to junior colleges from \$130 per pupil to \$225.

18 State funds to pay communities half the cost of expanding junior colleges, possibly combined with a central state authority over junior colleges.

19 Legislation permitting adjoining counties to combine in supporting one junior college.

AWOL GI's Rob E. Lansing School

Two soldiers, AWOL from Fort Hood, Texas, are in the custody of the Ingham County Sheriff's Department, awaiting arraignment today on a charge of breaking in to an East Lansing school Monday evening between 6:30 and 9 p.m.

The pair, Clyde Neal, 22, and Grover Fleming, 18 were picked up Tuesday night around 8:30 by Flint Police officers, who stopped their car because of a noisy muffler.

Upon investigation of the vehicle, the officers found a portable typewriter, answering the description of a typewriter taken from the Glenn Cairn Grade School. Change from a coke machine was also reported missing.

Glee Club to Entertain At Athletic Banquet

MSC Glee Club will appear at the All-State Athletic Banquet Saturday night at Kellogg Center. The Glee Club's appearance is part of the Cap and Gown Series, sponsored by the School of Science and Arts and the Continuing Education Service.

President Hannah and members of the Athletic Department will address the high school students gathered at Kellogg.

Victor Herbert Ticket Distribution To Start Tuesday

There'll be a promise of Victor Herbert melodies in the air when ticket distribution for the "Victor Herbert Concert Series" begins Tuesday at 9 a.m. at the Union Ticket Office. The festival is scheduled for Feb. 1 at 8:15 p.m. in the auditorium.

Included in the cast are four singing stars—tenor Robert Round, soprano Lillian Murphy, baritone Glenn Darwin and mezzo-soprano Jean Leslie.

Also giving voice to the Herbert tunes will be a 12-voice chorus and a duo-piano team.

Milk Outdraws Colas for Students

Milk evidently can hold its own against soft drink competition if it's easily available. This was shown by a comparison of two milk vending machines and a soft drink machine placed side by side at MSC's Ag Hall.

During a recent month, the milk machines sold 2,393 units of chocolate and white milk.

In the same period, the soft drink machine sold 2,112—a difference of 181 in favor of milk.

The price, ounce for ounce, was the same. Vending machines have helped make milk a popular snack for both staff members and students. In MSC's Shaw Dormitory, three machines sell 10,000 cartons each month.

Harden Professor's Art To Show in East

An anniversary celebration in another part of the country occasioned the showing of an MSC faculty member's painting. Dr. Paul Love, associate professor of fine arts, had a water color entry, "Sea Memories," accepted for the Baltimore Museum of Art's Silver Anniversary Season tribute to seaports.

Both American and Canadian artists' works of seaports, including the Port of Baltimore, have been accepted for the exhibition, which closes Feb. 20.

Deadline Set

Students who expect to take Education 302, 345, or Education 400a, and 400b spring term, should file application by Feb. 1 in the teacher education office, section F, Wells Hall, according to Dr. Wm. V. Hicks, coordinator of student teaching.

- Sat. 29 Open House 8 p.m.
- Sponsored by ZBT fraternity
- Sun. 30 TV Party - informal 7 p.m.

Party Girls Russian Paper Leads Reform of 'Flaming Youth'

MOSCOW (AP)—Russian party girls wear "indecently tight" dresses, slit skirts and bright lipstick, hold "bedroom parties" with zoot-suit boys and dance to American boogie-woogie and bebop. That is the description in the newspaper Soviet Culture.

The official organ of the Ministry of Culture, in an article spread over six columns Tuesday, called the girls "stylyagi"—the same as the Russian zoot-suit boys who are their counterparts. They are the flaming youth—who ape Western tastes and dress and whose parents have enough money to let them indulge their tastes. The word stylyagi derives from style.

Personality development is part of your lessons at the DeMellio Studios of Dancing. Beginning students learn to dance easily and quickly with friendly talented instructors in a relaxed atmosphere.

Amy DeMellio, director, has watched hundreds of shy, unhappy college students change to self-confident and popular personalities—and in such a short time! If good times are passing you by, now is the time to do something about it. Call 4-4429 today and ask for your complimentary lessons. There is no obligation—and you'll have so much fun on your first lesson.

Get in on the fun at the J-Hop, Spitzer's Sign and Inter-Dorm Dances now. Special MSC Rates.
