

Miss Minnesota Receives the Big 10 Cup

Miss Minnesota Toppes Big 10 Crown

J-Hop 'C'est Magnifique' Draws 400 Couples to Hear Flanagan

By JOAN LICHTENBERGER

Fourteen hundred couples witnessed the crowning of Goulet, Miss University of Minnesota, as the new Big 10, at the J-Hop Saturday night in the Auditorium.

Auditorium.

Bluish spotlights, casting a glow over the dance floor, supplied the perfect setting for 'C'est Magnifique,' MSC's J-Hop. Coeds dressed in formal and their escorts donned in tuxedos danced around the 11-foot fountain, which was in the center of the Auditorium. A constant flow of water streamed from the fountain.

With Ralph Flanagan's music filling the French-accented room, contestants for the Miss Big 10 title from Ohio, Illinois, MSC, Purdue, Indiana, Minnesota, Northwestern and Iowa waited for the moment of crowning.

During the intermission the President of the Big 10 Association, Bob Bluemle, announced the winner out of the eight contestants, Jan Somers, Elmhurst, Ill., junior and last year's Miss Big 10, presented Miss Goulet with the Miss Big 10 trophy.

Also during intermission the "Salt City Five," a dixieland band recently voted one of America's best by Cashbox magazine, appeared.

Some of the selections the group played were, "When the Saints Come Marching In," "Birth of the Blues," "Darktown Strutters' Ball" and some originals of their own.

Queen Carol, a 19-year-old sophomore, is majoring in art education. The shortest of all the contestants, Carol is 5'2" and weighs 104 lbs. Measurements are 32-22-34 1/2.

Her college activities include art committee, orientation hostess, Newman Club, AWS and WAA.

This Alpha Gamma Delta was chosen Delta Upsilon Dream Girl, Engineers' Day Queen, and Miss University of Minnesota at Berkey Football Festival.

Barbara Koch, Ramsey, New Jersey sophomore and Miss Ohio State, was the runner-up.

After the dance, many of the fraternities had early breakfasts for their dates. Breakfast was also served at the Union from 1 to 4.

Juniors working on the contest were: judges, Mike Getta, Lawrence, Kan., escorts, Steve McHugh, Toledo, Ohio, transportation, Marilyn Todd, Shaker Heights, Ohio, trophies, Bob Kuhl, St. Paul, Minn.; business, Jan Meloche, Lincoln Park, and publicity, Sharon Beyer, Detroit.

No Snow Skies Cloudy, Spartans Thaw

With a 28-34 high forecast for today, Spartans may thaw a little but cloudy skies will add some gloom to mid-term week.

Northwesterly winds will reach 10-14 m.p.h.

Zoology Club To Affiliate With Tri-Beta

Tri-Beta, national biological society, will initiate MSC's Zoology Club as its 190th chapter, Feb. 24.

All active Zoology Club members will become charter members of Tri-Beta's Zeta chapter at an initiation dinner in the Union Ballroom that night.

Students interested in belonging to the chapter can see Chuck Haver, Battle Creek senior and president of the Zoology club, or other club members. Application must be made by Friday.

Two types of membership are open for students.

Active members must be zoology, fish and wildlife or entomology majors with junior standing and an all-college average of 2.5. Provisional membership is open to any interested student with an all-college 2.5.

Petitions Due

Spartan Petitions are due Tuesday, Wednesday, and Thursday on all living units.

Petitions may be turned in from 8 a.m. to noon in the Campus Chest Room on the fourth floor of the Union.

Registrations Slipping

Parties Outnumber Official List

Have a good time at that party this weekend?

That's good, but there's also a pretty good chance you violated a college ruling by attending it.

A list of Friday and Saturday night parties published in the State News last week was longer than the list of parties registered with the Student-Faculty Social Committee.

Failure to register a party could put the sponsoring organization under social restrictions for one term. The restrictions could prevent the group from using college facilities or from having social gatherings.

Business meetings don't require registration. But a party involving a mixed group must be registered with the women's division, Dean of Students office, by 11:45 a.m. of the Tuesday before the party.

Duffy Shuffles Grid Staffers

Grandelius Promoted To Replace Devine

By DONN SHELTON State News Sports Editor

Head Coach Duffy Daugherty announced a shuffling of his grid staff over the weekend, following the confirmation of backfield coach Dan Devine to the head coaching job at Arizona State.

The major change was the naming of freshman coach Sonny Grandelius to replace Devine. Don Mason, last year's line coach, was shifted to the freshman post.

Newly appointed Lou Agase will coach the defensive line work while Burt Smith, an assistant coach, will become the offensive line coach.

Bill Yeoman, freshman line coach, will be a varsity assistant coach.

Daugherty said the changes would be in effect for spring practice.

He also noted that Mason's change wasn't to be considered a demotion. His experience and patience make him an ideal person for the job, Daugherty said. Smith had worked last fall with the defensive backs while Yeoman was a freshman line coach and worked with the varsity centers.

Grandelius is a former Spartan All-American and played one year of pro ball with the New York Giants.

He worked with Devine and the varsity backs during last year's spring practice and with the freshmen during the fall.

Devine said he would leave soon for Tempe, Ariz., to assume his new duties.

He said he regretted leaving his Spartan friends but was happy to get the chance to move up.

"And I want to thank both Biggie and Duffy for all their help and the opportunities they gave me," he said.

Although he is planning on using the Spartan multiple offense system, Devine said he wasn't going to ask any of the present MSC staff to go to Tempe with him.

"I am, however, interested in taking a former Michigan State player with me as an aide but I haven't anyone special in mind."

Structure Relaxation in Laquads will be discussed by Mack A. Breazale, a special graduate assistant in physics, at an ultrasonics seminar, Tuesday at 11 a.m. in 221 Physics-Math Building.

27 Awards To be Given February 12

Hannah to Honor Group at Centennial

Special Centennial awards will be presented to 27 persons at the close of Founders' Day, Feb. 12.

The 25 men and two women will be honored for outstanding contributions to society, for achieving distinction in their endeavors, and for setting the highest standards of accomplishment.

President John A. Hannah will present the awards at the Awards Banquet at 7 p.m. in Brody Hall.

Except for the president of MSC's "adopted" university, the University of Ryukyu, on Okinawa, the recipients are all citizens of Michigan.

Other Centennial Awards will be made later in the Centennial year.

The 27 persons receiving awards are:

Talbert Abrams, Lansing, president of the Abraham's Instrument and Aerial Survey; Gene Alleman, East Lansing, retired manager of the Michigan Press Association; Arthur Andrews, Grand Rapids, president of the Grand Rapids Junior College; George E. Bishop, Marquette, secretary-manager of the Upper Peninsula Development Bureau.

Big 10 Head Inspects Offices

Gives Approval

Big 10 Student Leader Visits Headquarters

By JERRY JENNINGS

MSC played host to another Big 10 visitor besides the queen candidates over the weekend.

He was Bob Bluemle, president of the Big 10 Students' Assn., who spent Friday and Saturday here inspecting Association headquarters and conferring with campus leaders.

Bluemle, who is also president of the Indiana University student body, arrived Friday afternoon. Saturday morning he talked with Bill Hurst, student government president, and Roger Augustine, secretary of government affairs.

The three discussed long-range plans for Association research projects to be started in the near future. One of the projects is a directory of Big 10 student leaders and faculty heads, for the use of Conference Schools.

Work on the directory will probably be started today. Another project is the Association's newsletter, giving Big 10 student leaders news of activities in neighboring schools.

This year's Miss Big 10 contest was discussed by Bluemle and Bob Brubaker, junior class president. The junior class was responsible for financing and staging the contest.

As to whether or not MSC would host future contests, it was decided that the chance would first be offered to other Big 10 schools. If none of them want to hold it, as was the case this year, it will be returned to MSC.

Bluemle attended the J-Hop and a luncheon for the Miss Big 10 candidates. He said he was highly impressed with the work the junior class had done on the dance.

He also praised Augustine for the "excellent job" which he had done in setting up the Big 10 headquarters, on the fourth floor of the Union.

The next meeting of Big 10 student leaders will be next August, at the Student Body President's Conference of the National Students' Assn.

At that time, they will decide the best site for next year's Big 10 Students Assn. conference, and for the Miss Big 10 contest.

They are also expected to revise the Association's constitution.

Colloquium

Dr. LeRoy Apher of the General Electric Co. will address a Physics Colloquium on "Recent Developments in Semiconductors," Wednesday at 3 p.m. in 221 Physics-Math Building.

Reds Have Choice of Next Move

Navy, Air Force Support Evacuation

ABOARD USS ESTES IN FORMOSAN WATERS (AP)—The mightiest U.S. naval task force since the Inchon landing in the Korean war steamed out from Formosa and Okinawa at daybreak Monday to begin the evacuation of the Communist-menaced Tachen Islands.

It carried orders to "fire back if fired on."

A Chinese Nationalist Defense Ministry source in Taipei, Formosa said the evacuation of the Tachen Islands began during the night hours.

WASHINGTON (AP)—Washington waited Sunday to see whether Red China would choose to allow Chinese Nationalists to sail unmolested from Tachen or shoot it out with the protecting U.S. Navy and Air Force.

The choice was up to the Peiping government—or in the trigger hand of some Red airman or submarine captain.

The American government took unprecedented steps to let the Communists know the power that could be unleashed if they interfered with the plan to lift all soldiers of Generalissimo Chiang Kai-shek, a 60 as many civilians as wanted to leave, from the Tachens.

Peiping radio Sunday night called the American decision "a war provocation" and declared it a "fraught with danger."

The Navy, abruptly pigeonholing its long standing orders requiring tight secrecy on the composition and movement of battle-ready forces, spelled out publicly and in precise detail the size, nature, orders and location of the 7th Fleet now on station about the Tachen Island group close by Red China's mainland.

Only instructions from higher authority could have been responsible for this reversal of strict orders governing military secrecy.

It seemed to indicate that top administrative and diplomatic officials had directed that the Reds be advised, in detail, of the magnitude of power to be applied if the need arose.

This, in essence, was what diplomats call the military implementation of a foreign policy. And it also was the most direct challenge to Red militarism since the United States entered the Korean War almost five years ago.

The high ranking Navy official who gave newsmen details of the plan for protecting the evacuation of Chinese Nationalists made it amply plain the Navy and Air Force are not seeking trouble, but are ready to deal with it if it comes.

They have instructions, he said in carefully phrased words, "not to provoke incidents" but also "not to accept any tactical disadvantages, not get altruistically shot down."

There was nothing in the composition of the sea and air forces assembled to suggest that any See TACHEN LIFT, Page 2

Hannah Denies Campaign for Governorship

President John A. Hannah denied late last week that a series of Centennial speeches he is making in Michigan is the start of a "Hannah-for-governor" campaign.

That Dr. Hannah's speaking tour might have a political motive was suggested after the MSC Alumni Office arranged for him to speak to combined service clubs in St. Joseph and Benton Harbor.

In Benton Harbor, an anonymous political leader was quoted as saying, "He must be running for something."

Dr. Hannah said his answer was that "My interest is and will continue to be with Michigan State College." Such rumors crop up every once in a while, he said.

This is just part of the overall Centennial program for the alumni clubs of Michigan. Alumni Director Starr Keesler said, "President Hannah has speaking engagements through the year at all of the clubs."

Coeds Limited to Shoe Shining in UMOG Drive

The Dean of Students office has ruled in the UMOG drive on campus that shoe shining will be the only activity by women permitted in the men's living units.

It will be permitted only in the loobies of men's units between 3 and 7 p.m., Feb. 22 and 24.

No UMOG campaigning will be allowed in Brody.

NEWS IN BRIEF

Sabrejets Clash Off North Korea

TOKYO (AP)—Twelve U.S. Sabrejets were involved in the aerial clash off North Korea Saturday which cost the Communists two MIG jets, the Far East Air Force said Sunday.

Pinay Agrees to Form Cabinet

PARIS (AP)—Former Premier Antoine Pinay, an independent Republican, agreed Sunday night to form a new French Cabinet.

To Decide on Cease-Fire Talks

UNITED NATIONS, N.Y. (AP)—Victor A. Belandier, French president of the U.N. Security Council for February, said Sunday a new round of consultations Monday and Tuesday will decide when the Council will meet for its next step on a Formosa Strait cease-fire.

Rider Resigns Centennial Job Studies

Rider, Lansing senior, re-sunday as head of the Student-Faculty Centennial Commission. Social science major, Rider said required field work during term would prevent him spending much time on it and that he didn't feel he could do the job adequately. He had been head of the Commission for a year.

Student government president Bill Hurst accepted the resignation and forwarded it to Student-Faculty Centennial Committee, of which Rider was a member.

Resigning Rider for his part in the Commission, Hurst said he had done a fine job of the past year in coordinating Student-Faculty Centennial activities.

Also notably represented Government and the study of the Student-Faculty Committee. He was instrumental in starting work on the Centennial parade and Centennial events.

Rider's resignation a success. Hurst said he would be stepping Wednesday if Congress approves his name will go to Pres. A. Hannah for final approval.

Appointed Drive Head

Ferris, Dearborn junior, appointed chairman and head of the winter-term blood drive sponsored by the MSC Veterinary Assn. Pres. George Thomas said.

He can be contacted at 447 4th and ED 2-1810 for details.

Double Anniversary A Big Week For Farmers

Michigan State College's 1952 Farmer's Week starts today. Between now and Friday night, more than 40,000 farmers, homemakers, and leaders in many other professions will converge on the MSC campus for meetings, demonstrations, exhibits and discussions.

Featured speaker will be Ezra Taft Benson, U.S. Secretary of Agriculture. He will address a general meeting Thursday afternoon in the Auditorium.

This year's Farmers' Week is expected to be bigger and better than ever. It's very fitting that it would be, because two important anniversaries are being celebrated.

First of all, this is the 40th anniversary of Farmers' Week itself. Since its beginning in 1912, the annual event has grown in scope and importance until today it is probably Michigan's greatest rural life event.

The other anniversary, deserves even more recognition—MSC's Centennial.

It was just 100 years ago this Saturday that Michigan Agriculture College was founded—the first agricultural college in

the nation. Its purpose was to provide education in agriculture and related subjects for the farm youth of the state.

The phenomenal growth of Michigan State within the past few years has tended to obscure this fact. Now that its nine schools offer complete training in every field of endeavor, the term "cow college" is no longer fitting.

Yet it would be well to remember that, without the support of Michigan agriculture, MSC might not exist today. Because it is now a leading university is no reason to neglect the tremendous influence which agriculture has played, and is still playing, in its making.

MSC's School of Agriculture is now one of the finest in the nation. Co-operation between the school and the farmers of Michigan, of which Farmers' Week is a single example, has been a prime reason for its success.

So we want to welcome all of the many visitors who'll be roaming on campus this week. We hope their visit will be profitable, and that they'll have many happy Farmers' Weeks in the future.

The KOLEMINE Track Shoes for Coeds? Parking Rules Require It

by JACK KOLE
State News Editor-in-Chief

It looks like MSC students may finally get the parking privileges they should have had in the first place.

Why they have never been allowed to park on North Campus on week nights and on weekends during the day has always been a mystery—even to the student government officials who originally framed the student motor vehicle regulations.

Still needed to give students these privileges is the approval of the State Board of Agriculture at its next meeting.

But it's unlikely that Board members will be able to find any reason why they should not stamp "OK" on the recommendations agreed upon Thursday by a committee of administration and student government leaders.

As they stand now, the parking restrictions on North Campus are just plain ridiculous.

Not only that, but the regulation covering weekend parking is vague and ambiguous, has caused widespread misunderstanding among student drivers.

Thus, since the new student driving rules went into effect last fall, campus police have been forced to issue hundreds of \$10 parking tickets for weekend parking violations to enforce a rule that Spartans simply didn't understand.

The majority of these students carried a few severe grudges, then trudged over to the Administration Building to deal out a lawsuit.

But more than a hundred of them went back to their driving rules, still couldn't figure out why they'd been fined and decided to appeal their cases to the Student Traffic Appeal Court.

During the first part of November, the Court suddenly found itself piled up with appeals on weekend problems. The Court decided that the appeals were entirely justified. Therefore, it recommended that the tickets be withdrawn.

Campus police officials, however, saw no reason for this and things were at an impasse. So much so, in fact, that President Hannah has decided to look over the appeals himself.

Dr. Hannah, who is loaded down with Centennial Year functions anyway, could save himself a lot of time with these weekend tickets by gently dropping them in the wastebasket.

To take things even farther, the students who have paid for these weekend parking violations should be called back to pick up a \$10 refund.

True, the regulations do not state that North Campus parking is allowed on Saturday afternoon or during the day Sunday.

On the other hand, they nev-

Cumming Writes Book About TV

Dr. William K. Cumming, TV producer-coordinator for business and service department of journalism staff, has written a book entitled, "This Is Educational Television," which features television activities at both Michigan State College and the University of Michigan.

Michigan State's TV policy, its use of closed circuits for training and experimental purposes, and its student training and producer systems are explained. The University of Michigan receives a large share of attention in a section devoted to telecourses.

Club Events--Take Your Pick

TUESDAY
The newly-formed Packaging Club will present an open forum entitled "Tomorrow's Career in Packaging" in 33 Union at 8:30 p.m. Dr. John A. Hannah will be the guest of honor.

The forum will include four prominent leaders from the field of industrial packaging. The College 4-H Club will hold its regular meeting at 7:30 p.m. 312 Ag Hall. It will be the annual formal initiation of new members. Sharon Cubitt, Sandusky freshman, and Fred Tenhour, Moline freshman, will be host and hostess. Carol Knapp, Monroe freshman, and Margaret Unterbrink, Owosso sophomore, will be in charge of the program.

WEDNESDAY
Miss Helen Baeder, head of the Food Research & Development Laboratory at Pillsbury Mills, will speak to the Spartan Women's League at 7:30 p.m. in 35 Union. All Home Economics students and faculty members are invited. Miss Baeder, will talk on "The Inside Story of Prepared Mixes."

Dr. Allison Dunham of the University of Chicago Law School will speak to the Pre-law Club at 7:30 p.m. in 221 Physics-Math Building. Dr. Dunham is a Fulbright Scholar who has recently returned from New Zealand. He will speak on "Oddities of Property Law" and "Law in New Zealand."

THURSDAY
The German Club will meet at 7:30 p.m. in the International Center. Professor Barbour of the music department will speak on his experiences in Austria last year.

Young Republican Club will meet at 7 p.m. in 23 Union. Speaker will be Al Thayer, Ingham County GOP Chairman. He will discuss plans for coordinating Young Republican activities and regular projects for the spring election.

Tachen Lift

(Continued from Page 1) landing operation was contemplated. No American ground forces are present. What amphibious landing craft, Nationalist and American, are in the force are intended for removal of Nationalists from the Tachen Islands.

But the firepower available to counter any interference is significant.

From the flight decks of six carriers in the fleet, about 500 planes can be put into the air. Basing out of Formosa are three squadrons of F86 jets—about 75 planes.

If gunfire bombardment is needed, there are two cruisers, each mounting nine 8-inch and about twelve 5-inch rifles, plus anti-aircraft weapons. Backing these are the 5-inch guns of more than a score of destroyers.

Any discussion of firepower raises, of course, the question of atomic weapons. Here the military does preserve tight secrecy, both for reasons of security and of national policy.

Whether Navy carriers have atomic bombs aboard for their planes, or whether these would be flown to the fleet if needed, is a subject not talked about by the military.

Any decision to use such weapons could be made only by the President.

Spartans Face Irish After Bouncing Badgers

King Straight

Michigan State's basketball team will be in quest of its eighth victory tonight, as they meet the Spartans in a non-conference tilt at Notre Dame.

The Spartans will be the last non-conference opponent of the Spartans, after tonight's game, as six games remaining are all against Big 10 opponents.

Coach Jim Jordan, the Spartans' coach, has compiled the same record as the Spartans, having won nine and lost six.

Notre Dame whipped Michigan, 91-83, in the first game of the Spartans-Irish tilt. The Spartans-Irish tilt also finds three Big 10 teams on the slate.

Notre Dame will host Ohio State in the second round after Selz floored his opponent with solid right hand smashes.

George Sissini scored his second straight TKO of the season, over Wisconsin State's George Wastila in the 165-pound division.

Bob Boudreaux started the bout by banging out a 30-23 decision over the Jacket's 125-pounder Dick Starina, and Bob Jemilo followed with a 20-27 win over Warren Livingston in the 132-pound class.

In another 147-pound battle, Jim Buck was the aggressor all the way as he defeated Dan Mitchell, 30-23, and 156-pounder Bob Mullins won by the same margin as he defeated Jim Clark.

Mike Palatas won all three rounds of his bout with Gene Herubin by one point to gain a 30-27 decision and Heavyweight Andy Ronie scored the most lopsided decision of the match when he defeated Roger Pierce, 30-22.

Michigan State's fencers took it on the chin for the fourth time this season as the Spartans bowed to Wayne University, 15-12, in a dual meet held at Jenison gym Saturday.

Wayne won the foil event, 6-3 and the sabre, 5-4. State copped the epee event, 5-4.

The Spartans will have a chance to even its current 2-4 record Saturday, when they meet Ohio State and Buffalo in a triangular meet at Jenison gym.

Earlier this year the Buckeyes edged the Spartans, 15-12.

Selz, Sissini Win TKO's Mittmen Crush Jackets, 8-0

By JIM EVANS

In a display of power and team depth, Michigan State's boxers crushed the Jackets from Wisconsin State, 8-0, to win their second straight dual meet of the season, Saturday.

The Spartan squad, comprised of four newcomers and four varsity regulars, won every round in scoring six perfect 30-point decisions and two TKO's.

Spartan John Selz overpowered the Jacket's Carl Kielchski with his slambing boxing style to score a TKO in the 147-pound class.

Referee John Weber stopped the scrap at 1:41 of the second round after Selz floored his opponent with solid right hand smashes.

George Sissini scored his second straight TKO of the season, over Wisconsin State's George Wastila in the 165-pound division.

Bob Boudreaux started the bout by banging out a 30-23 decision over the Jacket's 125-pounder Dick Starina, and Bob Jemilo followed with a 20-27 win over Warren Livingston in the 132-pound class.

SELZ

McCoy, Ferrari Pace Win

Total 48 Points In 73-70 Win

Michigan State won its fourth straight basketball game Saturday as the Spartans withstood a second half rally by Wisconsin to beat the Badgers, 73-70.

The win gave the Spartans undisputed possession of fourth place in the Big 10 standings and also moved them within one-half of a game behind Iowa and Minnesota, who are tied for the league lead.

Once again it was the two Spartan forwards, Al Ferrari and Julius McCoy, who paved the way to victory, dropping in 24 points apiece.

Michigan State hit on 45 percent of their floor shots and 70 percent of their foul shots. In the first half, the Spartans had an amazing shooting average of 55.2 percent.

It was the second time this season the Spartans have beaten the Badgers.

Gymnasts Top OSU, 54-42

In select Big 10 gymnastic circles, MSC is rapidly being labeled as "the team to beat."

Carl Rintz and company made in three in a row Saturday as they overpowered Ohio State, 54-42, in a dual meet at Columbus.

The Spartans took five out of a possible six first places in beating the Bucks. Rintz accounted for four of them.

Rintz led the field on the side horse, flying rings, high bar and the parallel bars for a perfect four out of four record.

The State captain drew 294 points out of a possible 300 on the side horse to total the highest number of points ever collected by one gymnast in the history of the Ohio gymnasium.

One judge gave Rintz a perfect 100 score on the horse as Sate won the event 12-4.

Bob Marsh became the first Spartan trampolinist to carry off a first in the event this season. In his best show to date, Marsh edged Ohio's ace Fletcher Gilders by one point.

Don Perry gave the losers their only first as he displayed an excellent tumbling array.

Savoldi Wins 3 Events Thinclads Break 3 Records

Michigan State trackmen completely dominated an informal meet with Michigan Normal Saturday, establishing three records.

The Spartans won 10 of the 13 events, giving them an unofficial 79-48 win.

Capt. Kevan Gosper, with a clocking of 48.5 in the quarter-mile, set a new fieldhouse record and tied his own varsity indoor record, set earlier this season.

Don Hillmer set a new varsity indoor high jump record with a leap of 6'-8 3/4".

Henry Kennedy smashed the freshman indoor mile record with a clocking of 4:13.5. Jack Dianetti set the old record of 4:21.2 in 1947.

Kennedy now holds the freshman indoor one mile, two mile and three mile records, plus the freshman outdoor two mile record.

Joe Savoldi paced the Spartan win with three 'firsts and one third. His victories were in the 70-yard high and low hurdles and the shot put. He finished third in the high jump.

Ed Brabham lead the sprinters with two firsts; one in the 60-yard dash and the other in the 300-yard dash.

The sparse crowd received a thrill when Gosper received the baton on the anchor leg of the mile relay with a 30-yard deficit.

The smooth-striding Australian rapidly closed the gap and won the race by 20 yards. He was timed unofficially in 48.1 for his leg.

Gosper's effort was nuffed, however, when State was disqualified for running in the wrong lane.

IMPORTANT NOTICE TO SENIORS

... regardless of military status . . . who are graduating in:

- MECHANICAL ENGINEERING
- ELECTRICAL ENGINEERING
- METALLURGICAL ENGINEERING

Representatives of
HAMILTON STANDARD
Division of United Aircraft Corporation
will be here for:

INTERVIEWS

For 35 years the name Hamilton Standard has symbolized the world's finest aircraft propellers for both piston and turbine engines. Now it stands, too, for the finest in a growing line of jet aircraft equipment such as:

- JET FUEL CONTROLS (electronic and hydro-mechanical).
- JET TURBINE STARTERS (pneumatic and combustion).
- HYDRAULIC PUMPS (variable displacement)
- AIRCRAFT AIR CONDITIONING SYSTEMS

Many Hamilton Standard engineers have won international recognition for their contributions to aeronautical science. The same opportunities await young engineers who join our growing organization today. After a brief training and orientation program at high starting salary, you can advance steadily in one of our many fields of engineering activity—the one most suited to your desires and talents.

Our modern plant is ideally located at Bradley Field, the main air terminal, only 15 miles from both Hartford, Conn. and Springfield, Mass.

For occupational and additional information see your placement officer.

HAMILTON STANDARD

Farmers to Arrive Today for Week

Williams, Benson to Highlight Schedule of Talks, Banquets

The 40th annual Farmers' Week, Michigan's biggest rural life event, is expected to attract a record number of persons, over 40,000, to the campus starting today.

The week's activities will bring together leaders in agriculture, business, education, government, religion and science.

Highlighting the week will be the appearance of Secretary of Agriculture Ezra T. Benson. He will speak Thursday afternoon at a general session.

Today will be Dairy Day with meetings of all dairy breed groups. The dynamometer and horse breeders' association will hold their meetings in the morning. In the afternoon the Horse Breeders will hold the little international fitting and showing contest and the heavyweight pulling contests. The judging of colts in the development project will also take place.

Climaxing the day for the dairy men will be the All-Breeds Dairy Banquet to be held in the evening in the Union.

Tuesday will be Broiler and Sugar Beet Day. An evening session will feature the "Bangs Facts for You" program which will tell dairymen and livestockmen about the fight to control brucellosis in the state.

Tuesday is Poultry Day. Vegetable Day and Sugar Beet Day combined. No afternoon general session is planned so that various meetings and exhibits may be attended.

Boy Objects to Cost Grocer Dodges Flying Produce

By the Associated Press

Jack McMillan, a Flint grocer, told police a 15-year-old customer objected to the price of dog food and in the argument that followed, the boy

threw a can of dog food at McMillan, hitting him in the head, threw a grapefruit that hit him in the back, tossed a cabbage that missed, ran outside and returned swinging an empty wine bottle with which he missed McMillan's head, ran outside again and threw the bottle at a store window, missing again.

Loft to Describe Trucker Training

Bernard I. Loft, director of motor transportation training in the Continuing Education Service, took part in the Georgia Motor Trucking Executive Conference at the University of Georgia last weekend.

Loft described the training programs conducted by the Continuing Education Service with the Michigan trucking industry and will outline possible Georgia programs.

The MSC Continuing Education Service and Kellogg Center are serving as the model for the University of Georgia Continuing Education Center under construction in Athens, Ga.

Although Sirius, the dog star, is not an exceptionally bright star, it is 23 times as bright as the sun.

ENGINEERS

Have You Heard About

The F-101 Voodoo!

World's Most Powerful Fighter

Designed and developed by McDonnell engineers and technicians, the F-101 Voodoo is another outstanding milestone in the history of McDonnell engineering achievements. McDonnell recently received an additional contract from the Air Force in excess of \$100 million for production of this aircraft. This represents the first major Air Force production contract awarded to our firm, and supplements major Navy contracts already in production.

To handle this volume of business, McDonnell recently completed a \$20 million facilities expansion program. Our plant is located at Lambert - St. Louis Municipal Airport where thousands of M.A.C. engineers and technicians make up a progressive, well balanced organization engaged in the development of new and revolutionary products for the United States Navy and Air Force.

We are in a position to offer stimulating assignments and excellent compensation to graduates in the following categories:

- MECHANICAL ENGINEERS
- AERONAUTICAL ENGINEERS
- ENGINEERING PHYSICS
- CIVIL ENGINEERS
- ELECTRICAL ENGINEERS
- APPLIED MATHEMATICS

A large variety of engineering assignments are available concerning airplanes, convertiplanes, helicopters and guided missiles.

For further information and literature consult your placement office—then see our representative Mr. Nick Pagan, on Monday, February 7 or Tuesday, February 8.

Seniors Given Award of Week

Lou Ellen Miller, of Williamston, and Roger Walker, of Kalamazoo, were honored as seniors of the week ending Saturday.

Lou Ellen was solicitation director of Campus Chest this year, and is a representative on the Faculty-Student Motor Vehicle Commission. A member of Mortar Board, she has maintained a 3.9 average throughout her four years. Lou

spent her junior year studying history at Brown University, Providence, Rhode Island, under a special scholarship. Roger Walker, also busy in activities was a member of Excalibur this year. He has maintained a 2.5 average for his four years.

Captain of the cheerleaders, Roger is also active in the Men's Council and All-College Judiciary.
