## Democrats, GOP Exchange Leads in Tight State Races

### Carr Seems Certain of Reelection

All Proposals Win Approval

By STAN STILBORN  
State News Capitol Reporter

Michigan's voters continued the tradition of tight, down-to-the-wire elections they have set in November balloting as both Republican and Democratic candidates led in by small margins in early morning returns.

Heavily Democratic Wayne County, slowest to report early returns, was pulling ahead of Republican outside areas in ratio of precincts reported in at the half-way mark.

Typical of the close election results was the race for two seats on the State Board of Agriculture, governing body of Michigan State.

Leading the four-candidate field was Democrat William Baker, right behind as leading Republican was Dale Stafford.

The other two candidates, Republican Sarah VanHousen Jones and Democratic incumbent Con-

WILLIAM BAKER

### Trade Talks Bog Down In Berlin

Trucks Still Roll Despite Heavy Tax

BERLIN (AP)—East German trade experts refused Monday to bargain with West Germans on the new Communist-imposed truck tax on highways into Berlin. They handed the West a letter and stalked out of a conference that never got started.

The West German representatives did not disclose contents of the letter, which they said was being sent to West German Economics Minister Ludwig Erhard. There were hints the letter refused to deal with the West on the trade committee level and demanded full-scale government talks.

This view was in keeping with reports from authoritative sources in the Soviet zone to the effect East Germany is using the stiff new tax to force the West to recognize East German sovereignty.

The permanent Interzonal Trade Committee handles details of a quarter of a billion dollars in annual trade between West and East Germany. The West proposed negotiations within the committee as soon as the road tax, ranging up to \$50 a trip for heavy trucks was imposed four days ago.

Despite the heavy tax, truck traffic flowed steadily into Berlin Monday. The West Berlin and West German governments are subsidizing the truck companies temporarily to make up for the increased tax costs, which East zone says is necessary to keep the highways in good condition.

But East zone informants say the real object of the campaign is to drive home to the West the realization that a Communist state which has 18 million East Germans is just as sovereign as Chancellor Konrad Adenauer's West German state of nearly 50 million.

Berlin sits in the middle of the East zone, 110 miles from West Germany, with all highways, canal, and rail links subject to easy Communist control.

Trucks are still bringing in 44 per cent of Berlin's supplies from the West. There is a possibility some new tax will be slapped on canal barges. An East-West agreement on canal traffic expired at the end of last year and has not been renewed.

The railroads which bring the remainder of Berlin's needs to the city are functioning under a sort of gentlemen's agreement, which could be ended today.

Berlin's need are not critical for the present, since the Western powers have piled up supplies for at least six months.

### Warmer Spring's Coming—Slow but Sure

Slowly but surely, spring is getting her foot in the door. Today, the sun will feel slightly warmer, the breeze will be slightly balmy and the sky will seem slightly cloudier. The high will be 58.

But don't get carried away by the daffodils. Remember to save out a pair of longies when packing winter clothes to send home—for that one last snow storm in May.

### Name-Change Bill Nears Senate Floor

Michigan State's name-change bill now seems certain to reach the floor of the Michigan Senate by the end of the week.

The Senate Judiciary Committee, which was assigned the bill after it was approved in the House of Representatives March 22, has promulgated its consideration by Thursday.

If the bill is reported out of committee that day, it will probably come up for a final Senate vote by the first of next week.

Supporters of the bill in the Senate said they believed five of the seven committee members would vote to report the bill to the floor favorably. The bill went to the Judiciary Committee rather than the Education Committee, because there has been some question of its constitutionality.

On Wednesday, the House will resume debate on a bill to appropriate \$37,000 for starting a branch of the U of M at Flint.

The bill was slowed down in its progress through the House when the Ways and Means Committee added an amendment referring to the U of M as the "State University of Michigan."

Rep. John J. McCune (R-East Lansing), sponsor of the MSU bill, caused the amendment to be removed. Then the entire bill was postponed until U of M officials could provide a statement explaining the exact uses to which they would put the \$37,000.

### Formosa Denies Report Chinese Red Fleet Rumored Off Matsu

TAIPEI, Formosa (AP)—The English-language China News said a fleet of Chinese Red gunboats and junks hovered off Matsu Island Tuesday but official Nationalist quarters said there was nothing to confirm the story.

The newspaper attributed the story to sources which it said were well informed.

It said the Red fleet put out from the mainland early Tuesday morning and "concentrated near Matsu, apparently in a move to take the Nationalist-held offshore islands."

It said the Nationalist air force and navy were rushing units to the area to repulse a possible invasion.

Official quarters said, however, that if such a fleet had moved out they would have been informed and they had no such word.

A spokesman said the China News report was without foundation. He said any concentration of ships threatening the Matsus would be attacked but so far there had been none.

He expressed the belief that the reports might be a speculative sequel to the disclosure that a big Communist base at Luchiao in Chekiang province had been completed sooner than expected.

The spokesman said Nationalist patrol planes strafed and damaged two very small gunboats of 30 to 50 tons each this morning. But this was in Meichow Bay 90 miles south of the Matsus.

### East Lansing Voters Elect 3 Councilmen

Three city councilmen and a constable were chosen by East Lansing voters in Monday's spring elections.

Re-elected to four-year terms on the council were Max R. Strother, assistant purchasing agent for Michigan State, and present mayor of East Lansing, and councilman John B. Lazell.

At 1:30 a. m., Strother had tallied 1,775 votes and Lazell 949.

Russell L. Runquist, with 1,393 votes, was also elected to the council. He replaces Stuart M. Bowerman, who did not run this year.

The losing candidates were David W. Noble, 923; Julius A. Hanslovsky, 816, and William B. Elmer, 677.

Kenneth A. Carlisle was reported leading in the race for the city constable's post. No candidates' names appeared on the ballot for constable, the election being carried out entirely by write-in votes.

### STUN Deadline

Today will be the last day books will be accepted for sale at the STUN office.

Starting Wednesday, books will only be sold. STUN headquarters is now Quonset 52. Hours are from 1-5 p. m.

### A Real Indian Dish

By DEBBY HALL

An authentic "bhojan," the main meal for natives of India, will be served to 45 Michigan State students at the College Y House Wednesday evening.

Dalish Narain Sharma, Indian graduate student and member of the YMCA, will act as chef and cook the meal to the perfection of a connoisseur.

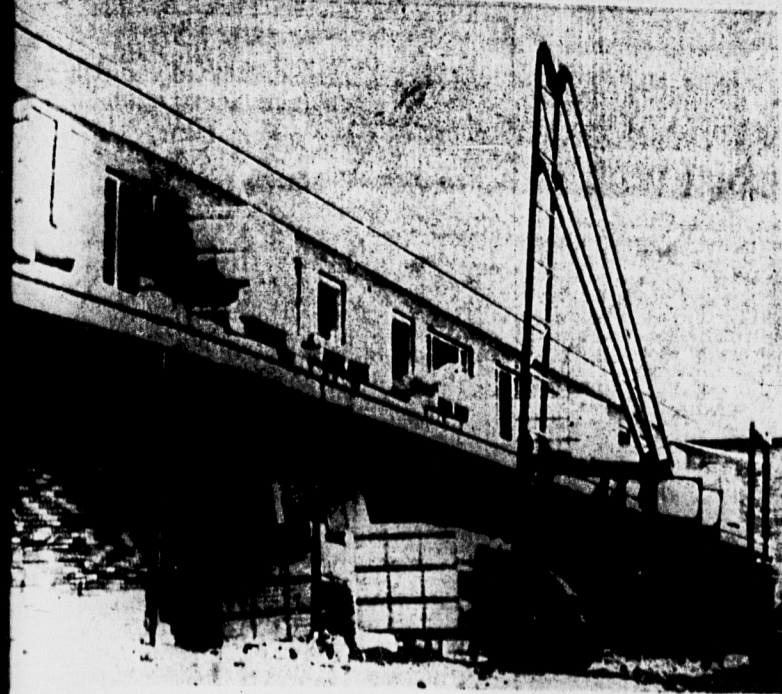

The unique meal, something new for American students at State, is being sponsored by the World Relatedness Commission of State's YM-YWCA. The dinner, open to all State students, is one of the projects enacted to aid the Y building fund.

According to Indian decorum the four courses of the meal will be served at the same time, Sharma said. The American guests will recline on mats before a low platform table.

Silverware is out-of-order at the Indian dinner table, Sharma declared. Following the Indian mode of eating, guests will eat with their hands and occasionally use a spoon for the food more difficult to handle.

Chicken curry heads the menu for the Indian "bhojan." Sharma will fry the meat in butter and native spices and serve the chicken with an onion and tomato gravy.

Indian cookies, actually a substitute for bread in the Indian

part of the University Village development, which will be ready for student families all term.

### Construction Jobs Dot Campus

Classrooms and dorms, the ingredients in the recipe for the world's most beautiful campus, are being increased as construction continues in different parts of Michigan State.

South campus ground has been broken for a new Animal Industries Building that will cover a regular sized block. The bridge, State's new glass library is moving toward completion, set for

McDonel, secretary of the State Board of Agriculture, state's governing body.

Walls of the contemporary structure to house State's library are still going up. The temporary library annex will come down as soon as books can be moved to the new building, said Dean William H. Combs, administrative assistant to the president in charge of academic affairs.

The four floors are being divided up with sections housing books for different divisions of study.

Areas have also been designated for grad and faculty study.

The fourth floor has been turned over almost entirely to the faculty and houses four seminar rooms and an Auditorium for small meetings.

Only seldom used texts and research books will be kept in the stacks with the others out for students use, said Combs.

Both passenger and service elevators will add to the utility of the four floor building.

The ground floor, looking out on the sunken Beal Botanical Gardens, will house a section for the Basic College. Bound periodicals and newspapers will also be kept there.

On Harrison Rd., the completion of the three additional men's dorms will complete the group.

The State Board appointed the Christian Construction Company on Feb. 18, to build the last three dormitories.

The three new dorms will open in the fall of 1956, according to Emery G. Foster, manager of dormitories and food services.

The \$5,051,500 development now consists of Butterfield, rather and Bryan Halls and Brody Hall, the dining unit.

Engineers will have a complete change of scene to new buildings also, if final plans for a new engineering center gain approval.

Captain T. A. Anderson, U.S. Marine Corps, will visit State April 13 to interview and explain to students the two methods whereby they may obtain a second lieutenant's commission in the Marine Corps Reserve.

The program is open to both men and women. The captain will be located in the lobby of the Union.

### NEWS IN BRIEF

**Clue Found in Gaca Case**

Police worked on a new clue Monday in their search for the slayer of 7-year-old Barbara Gaca. Three boys and three girls reported they saw a new Buick with a cream-colored top at the Oakland County dump where the schoolgirl's body was found Thursday.

**Malenkov Parties in Hungary**

Ex-Premier Georgi M. Malenkov, absent from Soviet functions nearly two weeks, turned up Monday night at a Communist-organized party in Hungary. There had been considerable discussion in the Western colony here as to his whereabouts. He was on hand with other Russian officials.

**Turkish Sign Turkish-Iraq Pact**

Britain joined the Turkish-Iraq defense pact London officials expressed hope they had forged the first link in a defense chain connecting the Arab countries and the Allies.

**Radioactive 'Shots' Slow Cancer**

Radioactive BB's are being shot into the gland which the brain to stop pain and win extra months of useful life for cancer victims. Rays from the tiny BB's or beads destroy the production of hormones on which some kinds of cancer feed and grow.

SIR WINSTON CHURCHILL

... Resignation Expected ...

### Churchill Expected To Retire

LONDON (AP)—Sir Winston Churchill, wearing full court dress and a flashing array of decorations gained in a half-century of service to his country, was host to the Queen Monday night at a glittering dinner party.

All Britain expects that today Churchill will resign as Prime Minister and hand his high office over to Sir Anthony Eden, just why they expect Churchill to step down no one can say with certainty. But the crowds outside his official residence at 10 Downing St. sensed history in the air as they watched the guests arrive for Monday night's party.

There were 50 invited: the young Queen and her husband, members of the Prime Minister's family, his closest personal friends, members of the Cabinet, leaders of the opposition party and some of Churchill's old comrades of World War II.

It was a list to add weight to the belief that the 80-year-old statesman was winding up his last full day as head of the British government.

Today he is expected to advise the Queen to name Eden as his successor and there is no reason for the monarch to disregard his advice.

**Basic College Lauded in Article by Nursing Head**

Professor Florence C. Kempf, head of the nursing department, has written an article entitled "A Common Core of Learning for All," which appears in the March issue of "Nursing Outlook."

The article presents the value of the Michigan State Basic College core courses as the basis for the preparation of professional nurses.

The unique meal, something new for American students at State, is being sponsored by the World Relatedness Commission of State's YM-YWCA. The dinner, open to all State students, is one of the projects enacted to aid the Y building fund.

Another apparent winner was Republican Stephen Nisbet in the race for a seat on the State Board of Education. He was holding a slim lead over his opponent, John Veale.

See ELECTIONS, Page 3

# Centennial Slumber Spartans Sleep At Own Party

So this is Centennial year. You would hardly know it from the support the students are giving the Centennial program. Of course, it isn't a new story, hearing about the growth of Michigan State from a clearing in the wilderness to a great university. What makes it even worse is the fact that it happens every hundred years.

Undoubtedly a lot of factors are responsible for the lack of student participation in the Centennial events that have taken place so far. The State News is reluctantly willing to take its share of the blame.

A lack of communication at all levels has made students unaware of many of the special Centennial functions available to them.

The facets of the Centennial program that have been publicized have received a certain amount of half-hearted support.

The Student Centennial Commission has slowly developed into a hard-working organization. The programs and projects the commission has developed thus far have been for the most part successful.

Student representation on all boards, commissions and committees connected with the Centennial was one of the big objectives of the commission and has been carried through with great success.

Most of the things that have taken place on the student level so far have been minor, however, and the mutterings about what a job the whole affair is, have already had some effect.

The commission needs students as speakers and workers on an all-campus speakers bureau, at the International Festival and the UN General Assembly program, and at the giant Centennial parade at next fall's Homecoming, just to mention a few jobs.

Students have been invited to attend the Symposia, beginning anew April 12, which they have hitherto meagerly attended.

The pay-off comes next year when the student body looks back on its Centennial year activities.

It would be nice to have a wide representation of the various groups on campus at the Student Centennial Awards banquet to be held next year.

If you are looking for some way to express yourself during the Centennial year, why don't you contact the Student Centennial Commission through Student Government?

If you haven't time to work, support your Student Centennial Commission's programs.

In either case, the results are sure to be rewarding.

"Well, now, I thought it was odd they wanted to work for nothing."

## Open Letter State Teaching Caliber Praised by '85 Student

**EDITOR'S NOTE:** The following letter was written to State Senator Arthur Dehmel, and it is reprinted here at his suggestion.

Dear Sir:

When I entered Michigan State in 1885, some 70 years ago, I went there to study mechanical engineering, which started there that year, and I was much gratified to find there such high-class instruction.

The president of Michigan State at that time was Edwin Willets, an ex-congressman and a very high-class man.

Dr. R. C. Kedzie had the classes in chemistry, and his son, Frank, who afterward became president of Michigan State, had charge of the laboratory work. Dr. Kedzie was the president of the American Society of Chemists and held a very high standing among them.

In 1885 the head of the engineering department was a professor of mathematics from the school at Ypsilanti; a very fine man, but not up-to-date on engineering.

The next year, the faculty brought in a young man named Wilfred Durand, who was an engineering graduate of the Naval Academy.

He knew more about engineering than any man I have ever met, and soon became so famous that after two or three years, Herbert Hoover got him to take the Chair of Naval Engineering at Palo Alto, Calif., and as I learned in later years, he became the leading authority in the world on Naval architecture.

As I have stated, Michigan State was very well-equipped with first-class teachers, and has so remained until this day, when it is considered the leading school of agriculture throughout the world, and one of the best in mechanical engineering.

There is a move on foot to change the name to "Michigan State University of Agriculture and Applied Science," and I believe it should be done.

One of the main reasons why the name "College" should be changed to "University" is because it is difficult to get the highest-grade men to take a job in a college, and it is also a handicap to students looking for jobs.

The school has grown from a few hundred students, when I was there 70 years ago, to some 15,000, and as all first-class schools of this kind are known as universities, it seems to me that it is a considerable drawback to its students and professors to be known only as a college. Even though it is one of the largest and most distinguished universities in the country.

Trusting that you will use your influence to bring this about, I remain,

George J. Jenks  
Chairman of the Board  
The Huron Milling Co.  
Harbor Beach, Michigan

## The Meaning of Easter Inward Sacrifice Holds Secret Joy

**EDITOR'S NOTE:** This is the second in a series of five articles in keeping with the Lenten season, on "The Meaning of Easter," by East Lansing church leaders.

There is a wonderful thing in every one of us that wants to be giving. We do not necessarily let it have its way, but it is there, and we know that we ought not to resist it.

There was a time when the emphasis was almost exclusively upon giving things. So men made sacrifice of their grain, their gold, or perhaps an animal from among the firstlings of their flock. A regular ritual was established by which such gifts were made.

But, as in all things, once a certain level of understanding is reached, there is shown a further way to go. "For I desire mercy, and not sacrifice; and the knowledge of God more than burnt offerings." That was the way it came to Hosea.

To Micah it was even more memorable. For when he asked in what way he should come before God, the answer was clear: "He hath showed thee, O man, what is good, and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God."

The sacrifices which are really required are not only the outward ones, but the inward ones of feeling and attitude. Instead of bringing an animal

to the altar, we are asked to bring that which is animalish in us, and keeps the loving Spirit of God within us from expressing and fulfilling itself. To God our gold is nothing, until He has our greed. What is wanted is the sacrifice of the self.

More than anything else this means offering our willingness to let the goodness of God have its way with us. It means taking our stand against being selfish and self-seeking.

Not until then can we be taught in the things of the spirit, nor our eyes opened to those things in us which are displeasing to the goodness of God, and must be given up.

So we are led into the conscious practice of laying down everything that would separate us from God. This was the work of Jesus. He made of himself a living sacrifice.

But when we say this, let us not think of the Cross as a gigantic strategy by which a full and perfect sacrifice, once made, need never be made again. Thus we are hypnotized into inaction. We do not make the sacrifice required of us, and so fail to rise with Jesus into newness of life.

And so here we offer and present unto Thee, O Lord, our selves, our souls and bodies, to be a reasonable, holy and living sacrifice.

C. Brandt Tefft, Minister  
Peoples Church  
Interdenominational

## How to Ace All Your Courses

The following editorial is reprinted from the Miami Hurricane, University of Miami, Coral Gables, Fla.

Here are a few timely suggestions to incorporate in your resolution list, if you have one, which may come in handy for brightening up dull conversations.

Resolve to . . . refrain from scheduling any classes with professors who are consistently tardy or absent or both . . .

Spend one hour a day in the library, not necessarily studying, but rather getting acquainted with the set-up in case you ever wish to take out a book for kicks . . .

Laugh at your instructor's jokes at least once a week to humor him, but not too often, for you may encourage him to go overboard . . . Don't fall into heavy slumbers while the prof is lecturing because it gives him the idea that you are bored . . .

See your adviser before you graduate, preferably the day before, so he can tell you what

### Writing Guide Given to 14,239 At Registration

State's 14,239 enrollees got a "Guide to Clear Writing" during registration—hot off the presses. The 48-page booklet, written by a State professor as a practical guide and reference for writing, came off the press at 2 a.m. Wednesday morning. Copies had to be rushed to the Auditorium by car to arrive on time for first-day 8 a.m. registrants.

A total of 39,000 copies of the booklet were printed, C.O. Harris head of the All-Campus Committee on English, said.

"Now that all students have a copy, we are mailing a booklet to all faculty members," Harris said. Eventually, copies will be sent to every Michigan high school and every college or university English department in the country, Harris said.

"Booklets for incoming freshman during the next two years will use up the remainder of the copies," Harris said. "Then, we will go over the guide and revise it."

"A Guide to Clear Writing" was written by William D. Baker, assistant professor in Communication skills. The Committee on English sponsored the booklet.

"It is the only book of its kind, in a convenient 'pocketbook' form," Harris said. It is the result of two years research to provide the maximum of desired information for student communication problems.

Col. Arthur A. Holmes, State Selective Service Director, said that all inductees will be 20 years of age or older, except for volunteers. Local boards are authorized to accept volunteers 17 or older.

Col. Holmes said the majority of the call will be filled by volunteers since local boards are reporting a continued large volume of applicants who want to get their service over at this time.

### Psychology Professor Writes New Textbook

Dr. Donald M. Johnson, associate professor of psychology, is the author of a textbook, "The Psychology of Thought and Judgment," which has just been published by Harper Brothers of New York. The book surveys the evidence on problem-solving, including problems of evaluation or judgment.

### State to Host Meet Of Michigan United Fund

Michigan State will host the eighth annual meeting of the Michigan United Fund April 14th at noon in the Union.

Principal speaker for the statewide meeting will be Walter C. Laidlaw, executive vice president of the United Foundation of Metropolitan Detroit and nationally known as the originator and director of Detroit's Torch Drive.

### Volunteers Help Fill Quota Michigan's May Draft Call Numbers 600

LANSING, April 4 (AP)—A May draft of 600 men was announced today by State Selective Service Headquarters.

The total is 280 less than the May call last year of 880 men and 100 more than the April quota of 500 men.

Col. Arthur A. Holmes, State Selective Service Director, said that all inductees will be 20 years of age or older, except for volunteers. Local boards are authorized to accept volunteers 17 or older.

Col. Holmes said the majority of the call will be filled by volunteers since local boards are reporting a continued large volume of applicants who want to get their service over at this time.

The call by county boards: Alpena, 0; Alger, 2; Allegan, 10; Alpena, 2; Antrim, 1; Arenac, 1; Baraga, 3; Barry, 2; Bay, 10; Benzie, 1; Berrien, 26; Branch, 2; Calhoun Board 13, 5 men, Calhoun Board 217, 4 men; Cass, 2; Charlevoix, 1; Cheboygan, 1; Chippewa, 5; Clare, 1; Clinton, 3; Crawford, 0; Delta, 3; Dickinson, 2; Eaton, 8; Emmet, 2; Genesee Board 25, 5 men, Genesee Board 26, 7 men; Gladwin, 3; Gogebic, 4; Grand Traverse, 2; Gratiot, 7; Newaygo, 2; Oakland Board 66, 10 men, Oakland Board 67, 18 men; Oceana, 1; Ogemaw, 0; Ontonagon, 3; Oshtemo, 1; Oscoda, 0; Osewa, 0; Ottawa, 3; Presque Isle, 1; Roscommon, 0; Saginaw, 7; St. Clair, 9; St. Joseph, 5; Sanilac, 6; Schoolcraft, 0; Shiawassee, 11; Tuscola, 5; Van Buren, 21; Washtenaw Board 85, 3 men, Washtenaw Board 341, 2 men; Wexford, 2.

Hillsdale, 4; Houghton, 8; Huron, 4; Ingham, 8; Ionia, 4; Iosco, 2; Iron, 2; Isabella, 3; Jackson, 17; Kalamazoo, 5; Kalkaska, 1; Kent Board 43, 13 men, Kent Board 43, 8 men; Keweenaw, 0; Lake, 1; Lapeer, 16; Leelanau, 1; Lenawee, 5; Livingston, 6; Luce, 2; Mackinac, 0; Macomb, 27; Manistee, 1; Marquette, 7; Mason, 1; Mecosta, 2; Menominee, 2; Midland, 2; Missaukee, 2; Monroe, 14; Montcalm, 5; Montmorency, 2; Muskegon, 8.

### Elections

(Continued from Page 1)

All four proposals on the state referendum ballot seemed headed for approval, with only the school bond proposal having any trouble.

Proposal No. 1, which will give the Legislature authority to make non-partisan judicial nominating procedures conform to those of partisan elective offices, was being approved by a 2 1/2-1 margin.

Proposal No. 2, receiving the same 2 1/2-1 voter approval, requires that candidates for the state Supreme Court and the Circuit Courts pass a state bar examination and be under 70 at the time of appointment or election to the bench.

Proposal No. 3 was winning approval on the basis of strong Wayne County support. It would permit the state to back up local school district borrowing with up to 100 million dollars in bonds.

Proposal No. 4, to amend the constitution to create a non-partisan board of election canvassers, was also winning easy approval.

### Plan Now for Executive Career in RETAILING

Unique one-year course leads you to Master's degree. Individualized training for those COLLEGE GRADUATES who desire top-paying positions, have average or better academic records, broad educational backgrounds. Training in nationally known retail organizations with pay (tuition, books, fees). Scholarships. Graduates placed. Next class begins Sept. 6, 1955. Applications accepted now. Write for Bulletin C. SCHOOL OF RETAILING UNIVERSITY OF PITTSBURGH Pittsburgh 13, Pa.

Murray Jones is shown with one of his paintings now exhibit in the Lit and Fine Arts Gallery.

### Abstract Expression

### Art Prof Presents Man Show Today

Nationally recognized artist opens a one-man show in Lit and Fine Arts Gallery on south campus today.

Jones' paintings are part of the permanent collections of the Detroit Art Institute, the Grand Rapids Museum, Albion College and Abbott Laboratories among others.

The show will be open to the public until April 22 from 8-12 a.m. and 1-5 p.m. Monday through Friday and 1-5 p.m. Sundays.

### Economics Lecturer Author of Article

Dr. Marten S. Estey, lecturer in economics, has written an article which will appear in the July issue of "Industrial and Labor Relations Review."

The article provides estimates of union membership in the retail trades, and its distribution by union, branch of trade and region.

Dr. Estey describes his present work in abstract-expressional.

During the year in which the exhibits were done, Jones spent a year in Tahiti on a Ford-Fellowship from the University of Chicago. Four and a half years in the Army followed.

He has been at State since 1952 except for a Sabbatical in Mexico in 1952-53. He had two one-man shows in New York City, in 1952 and 1953.

Boone Bounces Bluecoat

Tigers Wallop Atlanta, 13-4

ATLANTA (AP) — The Detroit Tigers defeated the Atlanta Crackers, 13-4, Monday in a game played in the Federal Penitentiary here. Approximately 2,500 inmates saw Ferris Fain and Fred Hatfield hit home runs for the Tigers. But, Ray Boone of the Tigers got the biggest hand when he slipped in some mud and bowled over a prison guard. Steve Gromek pitched the first six innings for Detroit and allowed six hits and all of Atlanta's runs. He fanned seven. The victory gave Detroit the rubber game of a weekend set with the Southern Assn.'s defending champions. The Tigers had three big innings. They scored four runs in the first inning, six in the seventh and two in the ninth. Their other run came in the second inning.

Leo Cristante, who won 24 games for Atlanta last season, shut out his ex-teammates on two hits in the final three innings.

The Crackers scored all four runs in the fourth inning when Gromek walked three men and was nicked for four hits, including Billy Reynolds' two run homer.

Detroit collected 14 hits off Bob Hines, Dick Carmichael and Dick Grabowski. Jay Porter had three hits. Fain, Harvey Kuenn, Bill Tuttle and Al Kaline each had two.

Detroit has an off day today and will face the Milwaukee Braves Wednesday afternoon.

Dodgers Win

Ed Mathews hit three home runs Monday and a single but the Milwaukee Braves lost a 10-8 slugfest match to the Brooklyn Dodgers at Nashville.

Brooklyn's victory evened the spring series at four victories each. Hank Aaron also homered for Milwaukee while Johnny Logan smacked two doubles and a triple.

Brooklyn reached Jim Wilson for nine runs in the first two innings and Joe Jay for one in the eighth.

Tribe Homers Payoff

Home runs by Wally Westlake and Vic Wertz powered the Cleveland Indians to a 9-5 victory over the New York Giants Monday at Montgomery giving the American Leaguers a lead of eight games to seven over the world champions in their exhibition series this spring.

Westlake's homer, coming with two on in the fifth inning off Mary Grissom, tied the score at four all. In the next inning Wertz delivered off Larry Jansen with one on to put the Indians ahead to stay.

Bobby Feller started for the Indians and gave up four runs in the four innings he worked. Art Houtteman finished up and was the winner.

Card Rally Fails

Sandy Consuegra failed in his bid to become the first Chicago White Sox pitcher to go the route Monday but the crafty little righthander still beat the St. Louis Cardinals, 4-2, at Fort Worth.

Consuegra was leading 3-2 in the eighth when he walked one man and served a single to Solly Hemus, Mike Fornieles relieved, got the Sox out of the jam and set the Redbirds down in order in the ninth.

Munn to Reign As King of Trout Festival

Clarence (Bergie) Munn, Spartan athletic director, will reign as king of the 19th Annual National Trout Festival at Kalkaska, April 29 and 30. Munn will rule the festival with a queen, to be chosen April 15.

Fishing and farming contests will be held during the celebration, along with a King's Coronation.

The Michigan trout season will open at midnight of the 29th, with fishing contests being held the 30th.

A fisherman's ball will wind up the event the evening of the 30th.

Munn has also been chosen chairman of a committee on Michigan in sports. The appointment was made by President Grover Dillman of Michigan Tech, general chairman of the 1955 Michigan Week.

Pirates Blast Orioles

The Pittsburgh Pirates, collecting all their runs in two big innings, defeated the Baltimore Orioles 9-8 in a homer-laden exhibition baseball game Monday at Brunswick, Ga.

Alston Raps Robinson For Conduct

Manager's Remark Irks Brooklyn Star

NASHVILLE, Tenn. (AP)—Walter Alston, mild-mannered Brooklyn manager, sharply criticized Jackie Robinson Monday for taking his gripes to newspapermen rather than to the manager himself. At the same time Alston explained that the veteran star was left on the bench Sunday because of a misunderstanding.

"Only two days ago Jackie said he had a sore arm," Alston said. "He was taking diathermy treatment and wanted to go to Brooklyn to see Dr. Herb Felt."

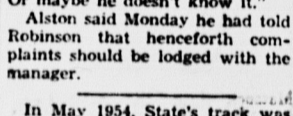

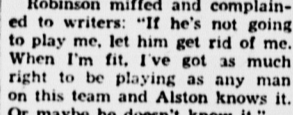

Robinson, who blew off some steam Sunday while sitting out an exhibition game with the Milwaukee Braves, commented: "I thought he (Alston) knew my arm was better. I am sorry the whole thing happened."

Jackie was back at third base as the Dodgers played the Braves here Monday. Sunday in discussing his probable opening day lineup, Alston said he was set everywhere except left field and third base, the latter figured to be Robinson's spot.

Robinson miffed and complained to writers: "If he's not going to play me, let him get rid of me. When I'm fit, I've got as much right to be playing as any man on this team and Alston knows it. Or maybe he doesn't know it."

Alston said Monday he had told Robinson that henceforth complaints should be lodged with the manager.

In May 1954, State's track was named the Ralph H. Young Track and Field.

McCoy, a star basketball forward, placed fifth in the 100-yard dash in last year's Big 10 outdoor meet and was clocked in :21.1 for the 220-yard dash in the Penn State dual meet.

Returnees Bolster Thinclads

With the addition of three juniors and two sophomores a strengthened Michigan State track team will try and better their surprise second place indoor finish. The three juniors, Julius McCoy, Ray Eggleston and Don Hillmer are returnees from last year's team while the two sophomores Gay Denslow and Steve Lemmers have never competed in varsity track competition.

McCoy will team with Big 10 indoor dash champion Ed Brabham and Travis Buggs to form one of the finest sprint squads in the Big 10.

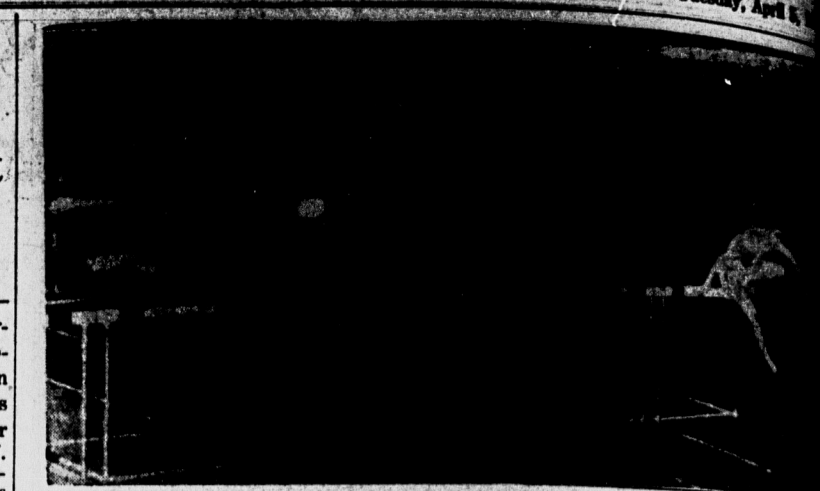

Eggleston, who was ineligible last term, placed second in the broad jump in the outdoor Big 10 and can do over 23 feet.

The Thinclads now have three broad jumpers that are around the 23 foot mark. The Big 10 indoor champion Brabham has done 23'8", Eggleston, 23 feet and Joe Savoldi 22'11".

Another junior who was ineligible winter term is high jumper Hillmer who will give the Spartans added strength in that event. Hillmer did 6'6 1/2" indoors and tied for second in last year's Drake Relays.

Denslow will give the Spartans that much needed depth in the distances. Michigan State failed to score a point in the distances in the indoor meet and greatly hampered the team in their quest for the indoor title.

The 1954 cross country captain will team with Terry Block and Ron Davis in an attempt to crack into the scoring column at the outdoor conference champions.

Illinois' Abe Woodson takes the easy way out as he ducks under the last hurdle in the 70-yard high hurdles race in the indoor Big 10 track championships held at Jackson Fieldhouse. Spartan Joe Savoldi (left) was second while Willard Thomson of Illinois (far right) won the title for the second straight year. Indiana's Milt Campbell (center) was third.

Supply Needed Depth

Returnees Bolster Thinclads

Lemmers, who is a first term sophomore, will join Chuck Coykendall and George Best what could be one of the best pole vaulting trios in the conference.

The 23-year-old veteran has done 13 feet but may not go so high because he is still working into shape.

The Thinclads first outdoor meet is April 23 at the Ohio State while Joe Savoldi will have his first decathlon test the day at the Kansas Relays.

Clean Sweep Of Playoffs Eyed by Wings

DETROIT (AP)—The Detroit Red Wings take the ice at Olympia tonight to try for the second step in duplicating their remarkable eight-game sweep of the Stanley Cup playoffs—and do so by surprising if they do it.

The Wings have won 14 games in a row and are unbeaten home since Dec. 19—a streak of 21 games.

When the Red Wings take to the ice to defeat the Montreal Canadiens, 4-2, Sunday in the opening game of finals, it would be their fifth straight playoff victory. They eliminated Toronto in a four-game breeze in a semi-finals.

Now the Red Wings need three more victories to match their magnificent 1953 record when they became the first team in hockey history to win the Stanley Cup in the minimum of eight games.

The league is uncertain how long the Red Wings will streak 14 games. It ties the previous mark, set by Boston.

But, the Boston mark was made in regular season play while Detroit string includes five playoff games.

Washington owner Clark Griffith learned of the impending switch when he made his 43rd annual trip to the White House to present the President with his opening day ticket.

DETROIT (AP)—Steve Lemmers, who is a first term sophomore, will join Chuck Coykendall and George Best what could be one of the best pole vaulting trios in the conference.

At Opener Arm Trouble May Hamper Ike's Pitching

By The Associate Press A touch of bursitis in his arm may turn the nation's No. 1 right handed pitcher into a southpaw.

President Eisenhower, scheduled to toss out the first ball when the Washington Senators open their season against Baltimore Monday, revealed his arm trouble Monday.

Washington owner Clark Griffith learned of the impending switch when he made his 43rd annual trip to the White House to present the President with his opening day ticket.

# Jobsmen Return From South With 4 Game Losing Streak

## Part Work for Opener With Titans

Itzkowski Matches Hobaugh's 2 Wins

Back from its southern spring trip, Michigan's baseball team begins this afternoon in preparation for its home opener against Detroit April 5.

Spartans posted a 5-5 record. After starting off with five wins in their first six games, the Spartans dropped their last four.

The team opened its campaign by losing to South Carolina, 6-3. Ed Hobaugh went the distance for the Spartans with Don Moffatt at the plate.

George Smith led the Spartans with four-for-four.

Spartans came back the day to beat the Gamecocks this time in a slugfest, 19-10.

Itzkowski pitched until 11:30 for State, with Chuck Ruppel in relief. Barry Fullerton caught.

Collard collected five in as many trips to the plate while Capt. Johnny Matlock and Russ Luplow each had a slam.

They engaged Fort Jackson in a doubleheader. The teams split the soldiers winning 9-5, and State copping 11-5.

In the second game, a seven-inning affair saw Mike Wallace up his first collegiate victory for the Spartans. He pitched the sixth when Dennis Cook took over.

Cook helped out his own by homering with two on base also homered, both rounds coming in the sixth inning. The Spartans scored three times.

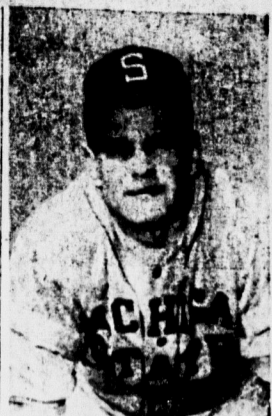

In the rubber game with Fort Jackson the following afternoon, Michigan won his second by scattering six hits to the Spartans to an 11-1 victory. Smith collected three hits in the State hitters.

Spartans' fifth and last game against North Carolina, 11-9. Itzkowski went out for his second tri-ump, striking out five.

After this game that the things began to happen. Spartan defense collapsed as the pitchers began losing control. The Spartans suffered straight setbacks, losing three Forest Camp Lejeune and North Carolina.

In the second game with Camp Lejeune Fullerton chipped a home run right hand and will be missed for two weeks.

Also in this game that Itzkowski scored five runs in an inning to win, 7-6, a which was called on account of darkness after the sixth

JOHNNY MATSOCK top run-producer

ED HOBAUGH won two, lost one

*If 'Ifs' If...*  
By DONN SHELTON  
State News Sports Editor

Sure, it's too early to tell—but Detroit Tiger fans all over campus are walking about with a jaunty stride and vowing that this is the year.

This attitude is a yearly disease with Tiger fans. Each and every year, for the past decade, the Tiger situation has been almost identical.

Each year the team is labeled "potentially a first division team, if..." And, the list of "ifs" is usually impressive.

And, invariably listed under that heading is the pitching staff. Also a frequent visitor to the "if" list are the questions of power and of speed.

But this year, unlike most of those years, there are some solid factors to fight the "if" list with and it is those factors that put the jaunty step in the loyal Bengal boosters.

Again, the pitching is listed as an "if" factor. If Steve Gromek and Ned Garver can win 15 games apiece, if Bob Miller, the young bonus baby, pans out as a starter and if Billy Hoelt gets serious for once in his life, then—the Tigers are solid third place material.

And again, as in the other years, power and speed are listed as make-or-break factors in the Tiger future.

But there is evidence that the power and speed requirements might be adequately met this year.

Ray Boone, one of the better clean-up men in the league, returns with his big bat.

Rookie flycatcher Jay Porter has wielded a powerful bat in the Grapefruit league and Al Kaline, 20 pounds heavier and one year wiser, is also making big noise with his war-club.

Hary Kuenn and Ferris Fain, a pair of perennial .300 hitters, will provide Boone, Porter, Kaline and company some runners to drive home.

And nowhere in the majors is there a team of speed merchants to match the Kaline, Tuttle, Porter, Kuenn, Hatfield, House combine.

There is little doubt that this year's team will be a top gate attraction. Unlike past years, win, lose or draw, this team is a crowd pleaser.

The overall and individual speed, the outfield full of great arms and the day-in-day-out flashy play of men like Kuenn, Fain and Kaline add up to a colorful, worth-going-to-watch team.

Freshman Dave Lean won the 1954 Australian and British Empire 440-yard hurdles championships when he was 18-years-old. The lanky Australian set meet records in both races.

## Mathews Tops Hitters With .393

5 Others Belt Ball at .300 Clip

Though their defense and pitching wasn't at its finest, Spartan batsmen really went to town in the southern training trip which concluded Saturday.

The Spartans banged out 10 home runs, eight triples and seven doubles in winning five of their 10 games.

Six men are currently batting above the .300 mark. Leading the parade is first baseman Chuck Mathews. The top State batter for the past two seasons, Mathews is clubbing the ball at a .393 clip.

In addition to his 11 hits, Mathews has reached first base safely 16 times via base on balls.

Right behind Mathews is George Smith. The suspected second baseman is batting at a .353 clip.

**Fresh Baseball**  
There will be a meeting of all freshmen interested in playing baseball at 6:30 this afternoon 209 Jenkins. All men that can not attend are asked to contact Ass'n Baseball Coach Frank Peilerin at Jenkins.

290 average and has more than anyone on the team.

Russ Luplow, who plays just about any position, is third in batting with a mark of .375. He has six hits in 16 trips to the plate.

The other 300 hitters are Ray Collard and Earl Morrall (.333), and Capt. Johnny Matsock (.326). Jimmy Sack is close behind the 300 hitters with a .290 average.

Matsock leads the team in runs batted in with 16 while Collard has 14 and Smith eight.

Matsock and Collard are tied for the home run lead, each having two. Collard leads in triples with three.

In the pitching department State's two top hurlers, Ed Hobaugh and Dick Itzkowski, each have a 2-1 record. The other Spartan win was credited to Mike Wallace.

If the pitchers and the defense can come through, and with the hitting as strong as it is, the Spartans could again be a top contender for national honors this year.

Selwyn Jones, the 1955 cross country captain, won the one mile, three miles and six miles in both the 1953 Canadian and Ontario championships.

## Moore's Heart Receives OK From Doctor

Checkup Clears Suspended Boxer

SAN FRANCISCO (AP)—Archie Moore, light heavyweight boxing champion, has "as normal a cardio-vascular system as anybody could wish," it was stated in a release Monday.

Dr. Robert Haddon, physician for the California State Athletic Commission, read the report of the examination at a press conference in the commission office.

He said the examination was made by Dr. Meyer Friedman. Moore, who attended the conference, had been declared physically unfit to box in California because of a heart condition. This action was taken after an examination conducted at San Diego last month.

After reading Dr. Friedman's report, Dr. Haddon said he wouldn't hesitate to recommend that Moore's license be restored.

## Thomson May Miss Opener

NASHVILLE, Tenn. (AP)—Outfielder Bobby Thomson left the Milwaukee Braves here Monday to fly to Milwaukee for treatment of an injured right shoulder which may keep him out of the season opener.

Thomson, out last season after breaking his ankle in spring training, said his shoulder pained him when he swung a bat in an exhibition at New Orleans last Thursday.

The Braves were idle until Sunday when Thomson struck out once against Brooklyn at Chattanooga.

Braves Manager Charlie Grimm said he doubted if Thomson would be available for the opener next week.

Apple Blossom Festival

Oral Interpretation Tryouts to be Held

Tryouts for the first annual Oral Interpretation Festival will be held Wednesday, Thursday and Friday in 49 Auditorium and in Fairchild Theater.

Dr. Moore Compere of the speech department will be the director of the three-day festival which will be held May 25, 26 and 27.

Dr. Compere, who was instrumental in conceiving the festival, said she believes it is the only one of its kind in the country.

"There are many places for a school to send its debaters," said Dr. Compere. "But no place for oral interpretation."

The event, which has been titled "The Apple Blossom Oral Interpretation Festival" is one of many services to the field performed by State.

There will be six different classes which students may enter. Poetry and speech tryouts will be held Wednesday, drama and newscast on Thursday and Friday.

Each contestant must choose and prepare a five-minute selection for the tryouts.

According to Dr. Compere, colleges and universities all over the country are sending representatives, and at least 100 entries from 50 different schools are expected.

At least 12 speakers, two from each class, will represent State in the festival.

One of the highlights of the festival will be Thursday night when Albert Vekker of "East of Eden" fame will do a theater reading in Fairchild.

If anyone desires to know more information about the tryouts or the festival, they may contact Dr. Compere in the Auditorium.

Indian Students Elect Officers

Elections were held Saturday by the Indian Students' Association.

Re-elected president was Dr. R. C. P. Yadava. Miss Saroniji Gadre was elected secretary, and M. N. Patel was put in charge of the Gandhi Memorial Library.

Bronze Centennial Medallions Ready For Student Sale

Bronze medallions, inscribed with the Michigan State seal and the Centennial slogan, are now available to students.

The medallions are smaller replicas of those presented to guests at the Founder's Day Awards Banquet, Feb. 12.

The Centennial slogan, "It is for us the living . . . to be here dedicated to the unfinished work," inscribed on the back, is a copy of Abraham Lincoln's handwriting. It was taken from Lincoln's Gettysburg Address.

On sale in the Union Bookstore, the medallions will cost students \$1.25. They are two inches in diameter and are heavy enough to serve as paperweights, Alvie Smith, Centennial director said.

Journalism Professor Named to Committee

Assistant professor of journalism Elwin E. McCray was recently named to the professional chapter committee of Sigma Delta Chi, professional journalistic fraternity.

On the same committee is Joseph Hainline, newscaster for Detroit radio station WJR.

Town Meeting

Hannah, Russell To Discuss U. S. Influence Abroad

"Is America Using its Influence Effectively Abroad?"

At America's Town Meeting of the Air tonight President John A. Hannah and Dr. William F. Russell will air their views on the subject and members of the audience will be able to direct their questions at the speakers.

The Town Meeting will be held at 7:30 in the Auditorium as a Lecture-Concert Series program.

Moderator of the American Broadcasting Company show will be Gunnar Back, the network's director of special events in Washington.

Russell is deputy director of technical services for the Foreign Operations Administration.

Town Meeting will be transcribed tonight and re-broadcast as a one-hour program Sunday at 8 p.m., said Dean Stanley E. Crowe, director of the series.

An audience warm-up session will begin at 7:30, when instruction on asking questions will be given. Queries will be screened by a faculty committee.

Doors will close at 8:15 when the broadcast begins, Dean Crowe said. Students will be admitted by ID card.

Glee Club Record To Go On Sale Today

Centennial records, recorded by the Men's Glee Club by RCA Victor will go on sale today at 9 a.m. at the Centennial Information Booth on the Union Concourse.

The selections on the 45 r.p.m. extended play record include "MSC Shadows," the "Fight Song," "Spartan Toast," and the old alma mater, "Close Beside the Winding Cedar."

The records, which sell for \$1, were sold by Glee Club members at registration.

Marcus Appointed Staff Assistant

Richard Marcus, former head of Special Courses and Conferences and field representative for the adult education department, has been appointed staff assistant to Edgar L. Harden, executive vice president of the Drop Forging Association.

The appointment became effective April 1.

Harden, former dean of the continuing education service, left that post April 1 to head the Drop Forging Association. He now has offices in Cleveland, Ohio.

In 1953 the average hourly pay of U. S. auto workers was \$2.08.
