

Churchill Quits Post to Retire

EDEN (AP)—Under the... of his 80 years, Sir... Churchill stepped... Tuesday night as Brit... Prime Minister—still... the champion's V... tory sign.

Workmen tear down the old Red Cedar school to make way for new dormitories.

New Dorms Prevail

Red Cedar School Being Torn Down

The drip from a leaky roof is one of the things the students through the second grade hasn't been used since 1953. It is being torn down to make room for three more dormitories.

The new school on Sever street originally had provisions for only 85 children. It now houses 427 through the sixth grade. The old school was at first set up to house veterans after World War II. It began operations in 1949 with two rooms.

One of the teachers who taught in the old building and is now in the new recalls that the ceiling was just six feet above the floor, and how it cleared his head by a scant two inches.

Busy Corner Gets Stoplight

The present flasher light located at the intersection of Michigan and Grand River avenues will be replaced with a stop and go light in the near future, it was announced by East Lansing councilmen at a meeting Monday night.

At the same meeting the council approved a traffic committee proposal to prohibit parking from 8 a. m. to 7 p. m. on several streets. No parking signs will soon go up on certain blocks of Kensington drive, University drive and Chestnutfield parkway.

Denison Appointed To Education Group

James H. Denison, administrative assistant to President John A. Hannah, was recently selected as a member of the constituent group of the Joint Committee on Educational Television for the Association of Land Grant Colleges and Universities.

Stafford, Baker Leaders In State Ag Board Race

U. S. Seeks China Peace, Dulles Says

May Still Defend Quemoy and Matsu

WASHINGTON (AP)—Secretary of State Dulles said Tuesday the United States wants to deal with Red China in a civilized peaceful way in order to avoid war in the highly dangerous Formosa area.

"If, in fact they are faithful to what they talk about peace then there will be no fighting in the area."

At the same time, Dulles emphasized the United States intends to help defend Nationalist-held Formosa and the Pescadore's against Red attack, if it comes. But, he said, the United States commitment to defend Formosa and the Pescadores is the only one it has in that region.

But the main emphasis of his comments were on the Eisenhower administration's continuing efforts to arrange a ceasefire in the Formosa Strait and avoid any conflict.

Dulles, in answering questions, cited last week's decision to permit 15 Chinese students to return home as an example of America's desire to deal with the Chinese Communists on a civilized, peaceful basis.

Argentine Police Arrest Priest

BUENOS AIRES, Argentina (AP)—Police disclosed Tuesday the arrest of the Rev. Rolando Federico, assistant parish priest of the Roman Catholic Church in suburban Boulogne.

Weary Walkers

Have you walked to Lansing recently? Few Spartans today would think of it, but before the time of street cars, walking the four miles was no uncommon.

Audio-Visual Sets Films for Today

"Grandma Moses," a 20 minute review of the artist in her upstate New York farm, will be the first of five films to be presented today by the Audio-Visual Center in the Music Auditorium, beginning at 3:30 p. m.

Dr. William F. Russell and President John A. Hannah taking part in "America's Town Meeting of the Air."

Town Meeting of the Air

U. S. Influence Abroad Debated

By LOUIE GROPP, State News Associate Editor. Town Meeting turned to President John A. Hannah and Dr. William F. Russell, deputy director of Technical Services for Foreign Operations Administration, to debate its question, "Is America using its influence effectively abroad?"

Russell, who said it was a pleasure to be here at "Michigan State University," opened the discussion by taking the audience on a word picture trip abroad contrasting the technological advances before and after the FCA had an opportunity to work in the countries of Asia, Europe and the Far East.

Dr. Hannah, pointing to where he thought we were failing, stressed the need for better personnel.

New Publications Head Sought by Big 10 Association

A new director of publications for the Big 10 Student Assn. will be chosen on the basis of interviews tonight, from 8:30-9:30, in student government offices, fourth floor Union.

Students Invited To Sign Up for Washington Trip

All students interested in the four day tour of Washington, D.C., sponsored by the Agricultural Economics Club, are urged to sign up immediately. There is still available space on the bus which will leave AG Hall Wednesday, April 13 for the capitol, and return Sunday, April 17, according to Art Pursell, president of the club.

Students Stopped at Split Rock

The rock and eventually split the large stone in two. As the community grew and stores replaced the trees lining the road, those who remembered the rock would to preserve it, McDonel said. Now the largest part of it lies near a tall Norway spruce southwest of the Union Building.

Closest Race In History Of Michigan

Recount Predicted To Confirm Votes

The State Board of Agriculture appeared to have two new members Tuesday night, after the closest spring election in Michigan's history.

With only 85 precincts still unreported, the leader in the race for seats on Michigan State's governing body was Democrat William Baker. The Mesick school superintendent had a total of 567,787 votes.

Republican Dale Stafford, Greenville publisher, seemed likely to capture the other State Board seat, in a see-saw fight with the Democrat incumbent, Dr. Connor D. Smith of Standish.

Although Smith was leading Stafford by about 200 votes, it was expected that the Republican votes of the remaining out-of-state precincts would put Stafford in the lead at the finish.

Sarah VanHoozen Jones, the Republican incumbent from Rochester, trailed the other candidates by about 5,000 votes.

Most of the other races for state offices in Monday's election were equally close, and the votes from the few remaining precincts may throw them either way. No one could say for sure who was elected state superintendent of public instruction, who will be a member of the State Board of Education, or who will be justice on the State Supreme Court.

Officials of both Republican and Democratic parties expect a recount will result of the official canvass 20 to 30 days hence confirms the unofficial tabulation.

Dr. Clair L. Taylor, Republican state superintendent of public instruction, held a 4,278 vote margin over Democrat Lynn M. Bartlett of Grosse Pointe. The totals were Taylor 499,111 and Bartlett, 495,148.

Stephen S. Nisbet of Fremont, Republican member of the State Board of Education, led by 4,049 votes over Democrat John M. Veale of St. Clair Shores. The vote was Nisbet, 493,901 to 489,852 for Veale.

Since the margins in all these contests represented as little as one vote per precinct, political observers warned that errors could easily reverse leads.

Chief Justice Leland W. Carr of Lansing, a Republican running on the nonpartisan State Supreme Court ballot for two justices, to be elected, was the only GOP nominee to ride easily to victory. He held an 82,000 margin over his nearest rival, Circuit Judge Eugene F. Black of Port Huron.

Black continued to hold a lead over former Republican State Treas. D. Hale Brake of Stanton. It switched back and forth around the 10,000 vote mark.

Black's Democratic running mate, Circuit Judge Stephen J. Roth of Flint, was swamped in the Black-Brake contest—bitterest of the election.

The Democrats apparently over-

Carnival Theme Contest Reopens

The Water Carnival theme contest is reopening today and will continue through next Monday. The winner will receive a \$25 savings bond and two tickets for the Water Carnival.

Entry blanks are available at the Union desk and they may be turned in any time at the desk. The entries will be judged on originality, adaptability, and how appropriate they are to the Centennial year.

A general theme which can incorporate sub-themes is needed. For further information contact Betty Zinn, theme chairman, at ED 7-9743.

# 11 Russian Editors Deserve Welcome

Eleven Russian student editors will arrive in the U.S. on April 15 with the stated purpose of acquainting themselves with American academic life.

As a part of their tour of 44 colleges and universities and 10 cities, the Russians will visit Detroit and the University of Michigan on May 10-13.

The area of Lansing and East Lansing has been closed to Russian travelers. Some of the large cities, like Detroit would normally be closed to Russians but the State Department has agreed to make an exception to its rules.

The Ann Arbor area, however, is not "off limits" to these Russian students.

We hope our comrades at the U of M will give the visitors an understanding of American student life. And we hope that the Russian students will enjoy themselves while on the campus.

Student organizations from campuses across the country banded together last fall to extend invitations to the Soviet editors. Under a steady stream of propaganda from Moscow the Russian students were granted entry into the country by the Departments of State and Justice.

Last year Russia allowed a group of American student editors to visit there. The Russians, however, were very strict in keeping the American students out of their restricted areas.

We are sorry that Michigan State can not be visited by the Russian editors. We'll have to count on the U of M to leave a lasting and favorable impression on these student editors.

## The Meaning of Easter

# Easter Proves Life Is Eternal

**EDITOR'S NOTE:** This is the third in a series of five articles in keeping with the Lenten season, on "The Meaning of Easter," by East Lansing church leaders.

faith, etc. (Gal. 5:22-24).

As we turn away from material traits and adopt and follow Spiritual ones, we receive the protection and enjoy here and now the blessings mentioned in Psalm 91.

Material traits are temptations that come to each of us, and it is the overcoming of these that lead us to an understanding of Spiritual life.

Paul said (Romans 7:19) "For the good that I would, I do not; but the evil which I would not, that I do." A little further on, as he gained in understanding, he said (Romans 8:2) "For the law of the Spirit of Life in Christ Jesus hath made me free from the law of sin and death."

Jesus was also tempted as other men as stated by Paul in Hebrews 4:15, "But was in all points tempted like as we are, yet without sin."

This overcoming made possible Jesus' proof of Spiritual life and His ability to give by the Resurrection, proof of the eternity of life.

Mary Baker Eddy writes on page 426 of Science and Health with Key to the Scriptures as follows: "The relinquishment of all faith in death and also of the fear of its sting would lose the standard of health and morals far beyond its present elevation, and would enable us to hold the banner of Christianity aloft with unflinching faith in God, in Life eternal."

As we grow in the understanding of the Spiritual truths of the Bible, we realize that the following traits are often associated with material man. Envyings, murders, drunkenness, adultery, fornication, idolatry, hatred, etc. (Gal. 5:19-21), while the fruit of the Spiritual man is love, joy, peace, temperance, gentleness, goodness,

## Arthur Controversy Whitney Denies Concessions to Reds

NEW YORK (AP)—For the second time in a week, Gen. MacArthur's aide Tuesday night bitterly denounced a report that his chief favored concessions to get her into the war against Japan in 1945.

Competent evidence was presented to support the view that the concessions to Russia at the peace stemmed in part from Arthur's advice, said Courtney Whitney, a statement replying to the current issue of the magazine by Louis J. Meade, chief of the Pacific Security Council's Office of Military Affairs.

Whitney wrote that MacArthur had emphasized that the Japanese should not invade Japan in the months after the Red Army had taken Manchuria.

Whitney added that MacArthur had said that MacArthur would ask a price for war against Japan. MacArthur "was permitted to make such concessions."

Whitney added that MacArthur had said that MacArthur would ask a price for war against Japan. MacArthur "was permitted to make such concessions."

## Cigarette Ad Charges Reduced

WASHINGTON (AP)—The Federal Trade Commission declared Tuesday a cigarette manufacturer is not just "puffing" when he claims his smokes are "milder, soothing and relaxing" and leave no "unpleasant after-taste."

The five-man trade regulating commission upset an initial decision by examiner William L. Pack in a case against Liggett & Myers Tobacco Co. The firm has been charged with falsely advertising certain virtues in Chesterfield cigarettes.

Pack dismissed a portion of the complaint on grounds the phrases objected to were "laudatory, harmless or mere 'puffing' terms."

"Puffing," FTC explained, "refers, generally, to an expression of opinion not made as a representation of fact."

It called for further hearings to determine whether Liggett & Myers is advertising falsely when it uses the words in question. That issue was not settled by Tuesday's action.

The commission held Pack was right in dismissing a charge involving use of the word "cooler." It said there was "no substantial evidence" to prove or disprove a complaint that it was false and misleading to claim Chesterfields are "cooler."

The decision did not touch on further charges that Liggett & Myers has falsely advertised that Chesterfields would have no ill effect on the nose or throat.

Joey, an 8-year-old performer from Clifton, Tuesday is listed as probably the youngest successful claimant for unemployment insurance in the state.

The script runs like this: Joey performed regularly on a Saturday morning television kiddie show. The show lost its sponsor.

"I'm between engagements," Joey told a Division of Employment Security clerk. He was issued two professional code cards, one for being a dancer and another for being a character vocalist.

He'll get \$30 a week unemployment checks, after a waiting period of one week.

SHERIDAN, Wyo. (AP)—Snow-plows bit into drifts as much as 16 feet deep Tuesday in a mammoth digout operation after the worst blizzard to hit Wyoming and Montana in many years.

Motorists and bus travelers by the hundreds were stranded in towns and ranch houses. Many country schools were closed.

One defendant said: "I got six months and he didn't even open his mouth!"

The judge has been suffering from a throat ailment. His doctors told him not to use his voice, so he wrote out the sentences.

PITTSBURGH (AP)—Judge Samuel A. Weiss didn't say a word in Allegheny County Criminal Court Tuesday as he handed out sentences.

Last sunset seen by private walking plane.

## High of 65 Cool and Windy Like Yesterday

It'll be nice and just sort of "spring like." But if you're looking for sun tan weather, the weatherman can give you no consolation.

A high of 60-65 degrees is predicted for today and weather a little cooler.

## Benson Asks Congress for Price Changes

WASHINGTON (AP)—Secretary of Agriculture Benson said Tuesday the administration may ask Congress to make changes this year in the price support and production control program for wheat.

He told a news conference that the present program, requiring a 30 per cent cutback from postwar levels, does not appear adequate to meet what he called agriculture's "most difficult" problem—an over-expanded wheat production capacity.

Benson's criticism was directed principally at a provision which requires him to reduce price supports to 50 per cent of parity if growers reject federal marketing quotas at a referendum.

Under quotas voted for this year's crop, the support will be 82.5 per cent of parity, the minimum permitted this year under the administration's new flexible support system. Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices they must pay.

About 70 per cent of U.S. families own cars.

## Bureau Aids Placement Of Alumni

Over half of the Michigan State alumni who registered with State's Placement Bureau in 1954, are now employed by business and industrial firms in Michigan, according to Jack Breslin, placement director.

Breslin reported that 11 of State graduates, representing various years of graduation, registered in 1954. Of these, 749 received new employment or informed the Bureau they had been promoted or otherwise satisfied.

Placement statistics showed that 58 per cent received employment in Michigan, 13 per cent in Ohio and nine per cent in Illinois. Other graduates were placed as far west as Washington State and as far east as New York City.

The average starting salary of alumni out of school less than five years was \$4,210 a year. Those in the five-to-ten year bracket began at an average salary of \$5,012, while alumni who graduated more than 10 years ago started at an average annual salary of \$5,567, Breslin said.

A total of 2,030 employers from over the nation listed positions for alumni, as a result of the Placement Bureau's activities in 1954.

About 70 per cent of U.S. families own cars.

## College Employee Treated for Fracture

A campus employe was treated for a compound fracture and severe lacerations of the left index finger Tuesday at Olin Memorial Hospital.

Jose H. Leggett, of 514 East Grand River, fell in the swine barn while mixing feed.

Leggett will remain in the hospital for a few days to allow a medical evaluation of the injury.

"CAMPUS CLASSIFIEDS... LOW COST"

## Newlywed Needed

Wanted: one recently married girl from University Village who formerly lived in a dorm or sorority house.

Good Housekeeping magazine is looking for someone who fills the above requirements for an article comparing single and married life at Michigan State.

Anyone in this category who is interested in being interviewed for the article can contact Tom Dutch, Director of Housing, at Wells Hall.

## LUCKY DROODLES! LOADS OF LAUGHS!

WHAT'S THIS? For solution see paragraph below.

STUDENTS!  
**EARN \$25!**

Lucky Doodles are pouring in! Where are yours? We pay \$25 for all we use, and for many we don't use. So send away original Doodle in your doodle, with its descriptive title, to Lucky Doodle, P. O. Box 67, New York 46, N. Y.

"IT'S TOASTED" to taste better!

NO MATTER WHERE YOU ARE, you'll get more pleasure from your cigarette if it's a Lucky Strike. That's the point of the Doodle above, titled: Three deep-sea divers enjoying Luckies. You get deep-down smoking enjoyment from Luckies because they taste better. Why do they taste better? That's easy to fathom. First of all, Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better... cleaner, fresher, smoother. So, when it's light-up time, light up the better-tasting cigarette... Lucky Strike.

Better taste Luckies... **LUCKIES TASTE BETTER...Cleaner, Fresher, Smoother!**

G.A.T.C. PRODUCT OF The American Tobacco Company AMERICA'S LEADING MANUFACTURER OF CIGARETTES.

Major Leaguers Vote on 3 Issues

Players Reverse Spring Rule

CINCINNATI (AP)—Player representatives of major league baseball clubs reversed themselves Tuesday and voted to recommend relaxing of the rule which now prohibits the start of spring training before March 1.

Representatives of 15 of the 16 teams—only the New York Giants were not represented—will make this proposal to club owners:

No player shall be required to report for spring training prior to March 1 but players may report prior to that time on invitation of the club. The original March 1 deadline was set at the request of the players.

League player representatives Robin Roberts of the Philadelphia Phils and Bob Feller of the Cleveland Indians explained that the matter of an earlier reporting would be up to the club and the player if their recommendation is accepted.

The ban on spring training prior to March 1 fell into disfavor this year after baseball Commissioner Ford Frick fined the Kansas City Athletics and the Milwaukee Braves for violating the rule.

In other action here the player representatives voted to:

Suggest again that the minimum salaries of baseball players be increased from the present \$6,000.

Asked for a "clarification and improvement" of the rule governing winter baseball play.

Roberts and Feller, acting as

spokesman for the player representatives after the closed meeting, likewise declined to disclose how much of an increase will be sought in the minimum pay for players. It was recalled, however, that last year the players asked for an increase to make the minimum \$7,200 but it was turned down by the club owners.

The proposed minimum would be in effect for all players kept up for discussion at a meeting expected to be held in connection with the annual All-Star game in July.

It looked like a cinch that the winter baseball rule would come up for discussion at a meeting expected to be held in connection with the annual All-Star game in July.

The rule as it exists, permits three players from each club to participate in winter league competition, subject to approval by club owners.

Frosh Tennis

Monday at 4 p.m. there will be a meeting for freshmen wishing to try out for the frosh tennis team. The meeting will be in the IM office.

SPECIALIZING IN CENTENNIAL COSTUMES We Have Them To Rent Phone IV 2-8271 for Evening Appointments VIRGINIE SIMMONS School of Dancing 1128 E. Michigan Ave.

7 Golfers Enter Trials For Varsity

Seven candidates for the Spartan golf team will engage in try outs today and Friday as Coach Ben VanAlstyne seeks to fill the three remaining positions on the squad.

Three of the seven, Ron Laug, Lanny Johnson, and Jim Raymond, made the southern training trip with regulars Jim Sullivan, Bob Nordus, and Marty Hurd.

John Steimle, George Priekorn, Dick Bristol, and Roger Fuller complete the list of contenders for the varsity berths.

Earlier in the week the linksmen lost four prospects due to grade deficiencies.

VanAlstyne pointed out that the troubles do not end with forming the six man team. Defending champion Ohio State is rated high. Michigan, Minnesota, Illinois, and Purdue have many shooters in the '38's.

The first test for the team will be a quadrangular meet, April 16, at Lafayette, Ind. Purdue, Wisconsin, and Detroit are entered in the meet.

New Man in Blue

LOUISVILLE, Ky. (AP)—The American Assn. Tuesday announced the sale of Umpire John Rice to the American League. Rice, 35, was an umpire in the Western League before joining the American Assn. two years ago.

TERRY SAWCHUK ... five stitches per goal ...

Red Wings Blast Montreal In 7-1 Victory

Lindsay's 4 Goals Drop Canadiens

DETROIT (AP)—Ted Lindsay scored four goals—three of them in a wild second period spree—to smash two team records and lead the Detroit Red Wings to a 7-1 victory over the Montreal Canadiens Tuesday night in the second game of the Stanley Cup finals.

The Wings now lead the best-of-seven series, two games to one. It was the fifteenth straight win for the Detroit club.

Montreal forward Dickie Moore received a match misconduct penalty following a third period pushing spree which came on the heels of a penalty to Moore for slashing.

Detroit net minder Terry Sawchuk picked up five stitches when he stopped a high shot with his forehead in the second period.

Marcel Pronovost started the rout at 1:58 of the first period when he scored while the Canadiens held a man advantage following a penalty to Lindsay.

Lindsay's linemates, Gord Howe and Dutch Riebe, scored four points apiece, Howe with a goal and three assists, Riebe had four assists.

Lindsay's four goals make him the first Detroit player to score that many in a playoff game and he and Howe have 15 playoff points—another Red Wing record.

Braves Stop Dodgers With Mid-Season Form

A Redskin Series

By DONN SHELTON State News Sports Editor

Its prediction time again and, although no one ever remembers in September what they predicted in April, here are my major league theories.

Cleveland will successfully defend its American League flag on the strength of a phenomenal pitching staff and loads of power.

The Yankees will be close again, but it is still a period of transition from age to youth for the Stengelmen.

About 20 games down will come the rest of the league. Detroit, riding the crest of youthful exuberance, will grab third place with the also-youthful Boston Red Sox capitalizing on a great pitching staff to gain the first division also.

Heading the second division will be Paul Richards, assisted by his Baltimore Orioles. Richards, one of modern baseball's top managers, will pull the Orioles up by their bootstraps.

The White Sox, who gained the first division under Richards, will find how tough it is without him as they drop to sixth.

Washington will escape the cellar and Kansas City will make an inauspicious debut in major league ball by finishing last.

In the National League, the nod goes to Milwaukee, if only by reason of perseverance. The Braves have been denied too long and this is their year. Durocher will pull a few more miracles and boot the Giants into second with the Dodgers close behind.

Birdie Tebbets' Cincinnati Redlegs will power their way into the first division also. St. Louis will head the strong second division followed by Philadelphia. Pittsburgh will finally breathe the air of respectability as the have-nothing Chicago Cubs wrest the cellar away from the Pirates.

Individually, the American League leaders will be Harvey Kuenn of Detroit in the batting race; Ralph Kiner (an unknown quantity to AL pitchers) in the homer derby; Al Rosen will pace the RBI field and Bob Lemon will once again be the top hurler.

In the National League, the batting king will be the aging but active Stan Musial; big Ted Kluzewski will lead the homer race and make a serious threat to the Babe's total and he will also lead the RBI field with Warren Spahn pacing the Brave pennant surge as the league's top pitcher.

Win Gives Milwaukee Series Edge

Irvin's Homers Beat Cleveland

Bob Buhl and Ernie Lombardi shut out the Brooklyn Dodgers with five hits Tuesday as Milwaukee Braves took the exhibition meeting of the Cleveland Indians 5-0.

The Dodgers didn't get to second base as Buhl walked three hits and walked one in six innings. Johnson had two hits and walked one.

Karl Spooner started the Dodgers and quit after the first inning with his troublesome shoulder still very sore. He probably will be sent to a doctor.

Two home runs by Monte Irvin helped the New York Yankees whip the Cleveland Indians 5-1 Tuesday and the exhibition baseball series games apiece.

Both homers came at the expense of Bob Lemon, the 23-game winner of a year ago.

Sal Maglie of the Giants and Lemon both pitched all the first-inning clubs in the exhibition game.

Fifteen extra base hits, including a pair of home runs by Pietsal of the Red Sox and by Merv Blaylock of the Phillies turned an exhibition game into a batting practice session.

Philadelphia topped Boston 12-0.

The Red Sox had a 4-0 when starter William Duggleby was pulled after seven innings before being replaced by Tommie Hunter.

His successor, Tommy Hunter, slugged for two home runs, retiring the side and Philadelphia had a big 11-run inning.

Redlegs Snap Strain In their best offensive performance of the spring, the Cincinnati Redlegs Tuesday routed Washington Senators 14-3.

The victory snapped the five-game losing streak of the Senators.

The St. Louis Cardinals a double-header from the Chicago White Sox Tuesday beat American Leaguers 6-1 in the first game and 3-1 in the nightcap.

The second game was the end of five innings by the Cardinals.

In the opener, the Cardinals scored four runs in the eighth inning on an error in the eighth.

Bill Pierce, trying to distance for the first time, led the Cardinals to four hits and first several innings out by Rip Repusk.

In the eighth, Nellie Fox led a grounder and the Cardinals followed with three hits, including a two-run homer by Ed Sten.

Worsham Repeats Miracle Shot

AUGUSTA, Ga. (AP)—It's monotonous—but it's the kind of monotonous Lew Worsham likes.

Worsham, who holed out an unforgettable wedge shot on the last hole at Tam O'Shanter to win the 1933 "world" championship, came up to the 18th at Augusta National in a practice round for the Masters Tournament Tuesday and holed out a 160-yard approach for an eagle two.

It was the third time Worsham had made such a shot on the 18th. The second was in an exhibition at LaCrosse, Wis., one of the lucrative showings resulting from his world championship victory, and he was made with the same wedge he used at Tam O'Shanter.

Spartan tennis player Ralph Braden comes from a tennis family. Brother Victor is a professional and brothers Bob and Dan are former Spartans.

## But Defense Was Weak Spartan Hitters Draw Kobs' Praise

Baseball Coach John Kobs, in commenting about the Spartans' recent southern training trip had this to say: "I was quite pleased with the team's offensive strength. The boys hit the ball well and showed good form at the plate. I was not, however, too pleased with the pitching or the defense, although it wasn't too bad considering it was our first time out all year."

"I do expect our pitching to improve quite a bit and our defense too." When asked about any definite starting lineup, Kobs said: "Four positions are pretty well set. These include Chuck Mathews, first base; George Smith, second base; Capt. Johnny Matsock, shortstop; and Ray Collard, right field. Earl Morrall has looked good at third base and is the top contender for that spot."

"The remaining outfield positions are still questionable. Bob Powell, Jim Powell, Ron Stead and John Polomsky are still battling for starting births, although Polomsky is currently out with injuries. The catching department is our big question mark, due mostly to inexperience. Only Don Moffat has seen any previous game action and that was very much limited. Along with Moffat, Barry Fullerton, Lou Costanzo, Russ Luplow and Alan Luce are all battling for the position. It's still a wideopen race."

## Veteran Hanks Enters 500 10th Time

INDIANAPOLIS (AP) — Sam Hanks of Burbank, Calif., one of three active Indianapolis Motor Speedway drivers who competed before World War II, was nominated Tuesday for his 10th attempt to win the 500-mile race.

His vehicle May 30 will be the fast experimental car owned by Cars Inc. of Indianapolis, in which Bill Homeier hit the pit wall in last year's race. The other prewar drivers still hoping for their first Indianapolis victory are Paul Russo of Hammond and Duke Nalon of Chicago and Fort Lauderdale, Fla. Homeier, of Pacoima, Calif., was one of three other drivers named in Tuesday entries that increased the field of 38 cars. He will drive a car entered by Ernest Ruiz of Modesto, Calif.

Lauren P. Brown, now head of the Mimeograph section, won five straight IC4A cross country titles when he was the Spartan coach.

## Mural Highlights

All softball managers are asked to attend a meeting in the IM office at 1:30 Thursday night.

Friday is the deadline for signing up of softball teams as well as independent bowling teams for Spring term.

## Brewers Give ND Miller Memorial

SOUTH BEND, Ind. (AP)—The American brewing industry presented \$50,000 to the University of Notre Dame Tuesday for a scholarship fund in memory of Frederick C. Miller, president of the Miller Brewing Co. of Milwaukee. Miller, his son Fred Jr., and two pilots were killed in a plane crash at Milwaukee Dec. 17. The elder Miller was a Notre Dame alumnus and unofficial assistant football coach and the son was a Notre Dame student.

Edwin J. Anderson, president of the Goebel Brewing Co. of Detroit, was chairman of a special committee within the industry and made the presentation to the Rev. Theodore M. Hesburgh, Notre Dame president. Mrs. Miller joined in accepting the tribute to her husband.

Infielder Bob Young is the only member of the Baltimore Orioles to make his home in this city. He was born in Granite, Md.

## Baker, Johnson Move Up NBA Issues Spring Rating

MILWAUKEE (AP) — Heavyweight Bob Baker is advanced to "outstanding boxer" and Harold Johnson is back at his old stand of logical light heavyweight contender in the spring ratings of the National Boxing Assn.

Baker's promotion from honorable mention to one of the outstanding heavyweights reflects his string of nine straight victories, N B A Championship Committee Chairman Fred Saddy said in releasing the quarterly ratings Tuesday.

Johnson, a familiar figure in the logical contender's role among the light heavies, had slipped to "outstanding boxer" but bounced back as contender with his knockout of promising Paul Andrews.

The spring ratings include two new champions—Tony DeMarco of Massachusetts, who whipped welterweight king Johnny Saxton last Friday and Raton Macias of Mexico, bantamweight titlist.

Rated the only logical contender for DeMarco's crown is Carmen Basilio. It was announced Monday that DeMarco will meet Basilio in a title fight defense at Syracuse, N.Y., June 10.

In the bantam class, said Saddy, Robert Cohen of Algiers is the logical contender. The only champion who has no logical contender in the spring

In the eighth annual World Rankings released by Track and Field News, Spartan track captain Kevan Gosper was rated sixth in the 440-yards while freshman Dave Lean was ranked fourth in the 440-yard hurdles.

ratings is lightweight king Sandy Saddler. Nino Valdez of Cuba is again listed as logical contender for the heavyweight title Rocky Marciano will put on the line against Don Cockell of England in May.

Daley Wins

Merriam Concedes In Chicago Race

CHICAGO (AP)—Republican reform candidate Robert E. Merriam Tuesday night conceded victory in Chicago's mayoral election to Democrat Richard J. Daley.

Adm. Carney Denies War Prediction

WASHINGTON (AP)—Adm. Robert Carney said Tuesday he had never predicted war might break out in the Formosa Straits around April 15.

The chief of naval operations got in his denial when questioned by Sen. Ellender (D-La.) at hearings on the defense budget before a Senate Appropriations subcommittee.

Carney talked with a number of reporters March 24. Stories appeared the next day that this country had reason to think the Chinese Communists might strike at the Matsuo or Quemoy about April 15. They are islands just off the Chinese mainland still in the hands of the Chinese Nationalists.

President Eisenhower told a news conference last Wednesday that if the Reds were to move in mid-April, it was information he didn't have.

Ellender took note of all this and said it had stirred up considerable excitement in the United States and in other countries. He wanted to know whether Carney had changed his mind. The admiral told him:

"I have not changed my mind because I never made such a statement."

Then just what did Carney say, Ellender inquired.

Carney replied he had talked about the capabilities of a known or possible enemy and American capabilities for meeting them. He added that "no experienced military man" would claim the ability to predict what was in the plans or minds of a potential enemy.

Ellender asked why Carney hadn't denied immediately that he had made the April 15 prediction.

"I decided," the admiral replied. "I would make no further statement I didn't think it would do any good."

Fraternity To Discuss Discrimination

Freedom from discriminatory requirements within fraternities will be discussed tonight from 10:30 to 11 p.m. on radio station WHM.

The program, part of a special series entitled "The People Take the Lead," is being broadcast by the National Broadcasting Company.

Representatives from a college fraternity will describe how they successfully freed themselves from discriminatory requirements imposed by its national organization.

At Michigan State IFC and Panfil passed two resolutions March 2 to avoid further discrimination.

No new Greek-letter chapters whose national constitutions restrict membership because of race or religion, will be allowed to organize at State.

Churchill

(Continued from Page 1) back from his vacation to take any active part. One of the reasons given for his retirement is the desire of some Tories for a younger man to lead them in the campaign.

Tuesday Churchill seemed to be enjoying himself immensely, as just about the busiest man in London. His outward appearance was of a man who has finally made a decision after long thought—and he looked relaxed in relief.

With no newspapers, the milling throng at Buckingham Palace drew many recruits who were just curious to find out what all the excitement was about.

An aide at 10 Downing St. said the "old man"—as Churchill is affectionately called—was "in good health and in excellent form."

Churchill had served in the prime ministry nearly nine years. He held the job in all but eight months of World War II, serving from May 1940 to July 1945. Then the Labor party took over, only to lose the government five years later. He resumed the office Oct. 26, 1951.

Ike Praises Churchill

WASHINGTON (AP)—President Eisenhower told Sir Winston Churchill indirectly Tuesday that the free world yet has much to gain from "your great experience, your great wisdom and your great courage."

Paying public personal tribute to the retiring British Prime Minister, Eisenhower addressed his words personally to "my old and very dear friend" and told him: "We shall never accept the fact that we are to be denied your counsel, your advice."

The President made his informal comments before television and newsreel cameras in the White House rose garden just after he received official word that Churchill had stepped down from the leadership of the British government.

IFC Leaders Take Office At Banquet

New IFC officers were formally installed in office last night at a banquet held in the Union.

Walter Rea, dean of men at the University of Michigan, was the main speaker.

Other guests were William Zerman, fraternity adviser and assistant to Rea; Robb Gardner, assistant to the dean of students, men's division; and Donald Buell, professor of speech. Also present were two members of the University of Michigan IFC.

The new officers are president George Snyder, Grand Rapids junior; vice president Bob Kuhl, St. Paul, Minn., junior; treasurer, Mike Getto, Lawrence, Kan., junior; and secretary, Don Slezak, Bay City junior.

The SAE quartet entertained and Barry Frasin, Chicago, Ill., junior was the toastmaster.

Eden Steps Into Role Of Churchill

Right Hand Man Prepares For Job

LONDON (AP)—Sir Anthony Eden finally steps into the giant's shoes Wednesday. His 13-year wait is about over.

The onetime boy wonder of diplomacy, now 57, is becoming Britain's new Prime Minister.

The dynamic Sir Winston Churchill moved aside Tuesday and Eden, overshadowed through much of his life by older and more bombastic men, awaited a call to his heritage.

As foreign secretary and deputy Prime Minister, Eden has been Churchill's right-hand man.

A year ago a group of Conservative party stalwarts called on Churchill to discuss his impending retirement and some of them observed, somewhat pointedly, that Eden had been kept waiting a very long time for his chance. Churchill pondered a moment, then reportedly replied:

"True. True. After all, the boy can't live forever."

The perennial "Golden Boy" of the party looks suave and debonair, but intimates say he tends to be shy. To some, he has occasionally appeared not entirely self-confident.

Some colleagues say Eden can delay making decisions. But his polish hides a core of steel, and a mind and character that command deep respect in Britain.

He is admired for honesty, sincerity, loyalty, steadfast refusal to give in on a principle. He fights clean in politics.

Spartan Women To Hear Report From UN Visitors

Student visitors to the United Nations Seminar in New York City during spring vacation will report on their experiences at the first spring term meeting of Spartan Women's League, tonight at 7:15 in 35 Union.

Mel Thompson, Ravenna senior, and Madelyn Ferguson, Lansing junior, will present a panel discussion. Miss Mildred Kerwin, YWCA director who accompanied the 50 Michigan State students making the trip, will act as moderator.

After the discussion, Thompson and Miss Ferguson will show slides of the trip. Coeds interested in working in a campus service organization, particularly freshmen and transfer students, are invited to attend the meeting.

Most Okinawa children never tasted cow's milk until relief agencies shipped in dried, powdered milk after World War II.

Elections

(Continued from Page 1) empowered one Republican incumbent and one prominent newcomer in the race for regents of the University of Michigan. Paul Adams and Eugene Fowler led their Republican opponents, J. Joseph Herbert and William Cudlipp, by a safe 12,000 vote margin.

Voters gave their approval to all four proposals on the state referendum ballot.

Proposals 1 and 2, concerning nominating procedures and qualifications for judges, both passed by a margin of 2 1/2 to 1. Proposal 4, to create a non-partisan board of election canvassers, carried by nearly 200,000 votes.

Proposal 3, to allow the state to back up local school-district borrowing with up to \$100 million in bonds, won by the narrowest margin among the amendments. The final vote was 396,582 to 324, 749 for the proposal.

Michigan Artists Display Works In Union Exhibit

Paintings by members of the Michigan Academy of Science, Arts and Letters are now on display in the third floor Union Concourse. The exhibit opened on March 24 and will continue until April 11.

Five entries from the staff of the Michigan State art department are included. They are: C. H. Church, head of the art department, Leonard Jungwirth, Erling Brauner, Ralph Henrickson and James McConnell.

Paul Love of the literature and fine arts department also has an entry. Many of the paintings are by Cranbrook and University of Michigan artists.

Photographs of Venice are now on display in the Art Building. Student and graduate work is also on exhibit.
