Eisenhower, Dulles Hold Bedside Meeting

'Ugly Man' Decision Due Tonight

Living Unit Heads To Get Final Word

By DEBBY HALL
State News Night Editor
Living unit heads will receive the final UMOG decision tonight at 8 in the Campus Chest office, 4th floor Union.

After sifting suggestions and opinions for a week, Claude Watson, president of Alpha Phi Omega, national service honorary, will announce whether UMOG will be abolished or combined with Spartacade.

Sponsored by APO, the "ugly man on campus" contest has been formerly held separate from other university activities and the proceeds donated to Campus Chest, the student charity organization.

Present at the meeting will be living unit presidents from Spartan Village Council, PanHel, IFC, Men and Women's Inter-dorm Councils, Women's Co-op League, and Men's Co-op League. Committee heads and members of Campus Chest will hold a meeting at 8:30 p.m. in the same room. The goal for the charity drive will be set, announced Bob O'Hara, campus chest chairman.

Campus Chest will net their goal from a Union Board sponsored train for students to the Purdue football game, Nov. 5, to 11, and Spartacade, the annual carnival, tentatively scheduled for Apr. 14.

NEW YORK (AP)—The stock market was racked by a series of rallies and reactions Tuesday and managed to close only moderately lower.

The performance represented a slowdown in the headlong fall that has been going on for more than two weeks since President Eisenhower suffered his heart attack.

At the finish, gains and losses spread over a range of around three points either way. The market opened lower, but within a matter of minutes it met buying support vigorous enough to make the tape lag briefly in reporting the course of dealings on the floor of the New York stock exchange. That rally failed to hold, however, and prices became quite mixed.

Honorary to Form New Art Club
Delta Phi Delta, national art honorary, is sponsoring coffee hour for any students interested in art, in Old College Hall at 8:30 tonight.

The purpose of the coffee hour is to select a committee to draft a constitution for a new all-college art club.

The new organization will not be a part of Delta Phi Delta and will include both art and non-art majors.

Deadline Is Monday

Smile Senior-Win a Yearbook

Smile for the photographer—and win a free yearbook. It's not quite that simple, but seniors having pictures taken for the Wolverine stand a chance of winning this contest.

All seniors who make picture appointments by Monday, Oct. 17 are eligible for the drawing of a free 1956 Wolverine, editor Chuck Pardon announced Tuesday. Seniors may sign at the Wolverine Desk in the Union Concourse from 8 p.m. to 5 p.m. The contest drawing date will be announced next week. Pardon said.

Pictures will be taken by Delmar Studio Photographers of New York City until Friday, October 21. Appointment hours are 9 to 12 a.m. and 1 to 6 p.m. At present, more than 1,000 seniors have posed. Pardon said.

Six shots are taken of each person free of charge. The proofs are then returned for approval and selection of the yearbook.

Lessons to Begin In Bridge, Dancing

Instruction for bridge, dancing, and any other in both will begin this week, sponsored by the Union Board.

Social dancing lessons will be held every Wednesday night from 7 to 8 in parlor A of the Union. Bridge instruction will be given every Thursday at 7 on the sunporch adjacent to the Union ballroom.

Illustrated Volume Honors Centennial

In honor of Michigan State's Centennial year, the MSU Press has just published a book titled "Michigan State: The First Hundred Years."

Publicity Meet To Be Held for Campus Clubs

A publicity clinic for campus organizations and living units will be held Nov. 2, under the sponsorship of Theta Sigma Phi, national women's journalism honorary.

The campus editor of the Lansing State Journal, Larry Frymore of WKAR, a disc-jockey from WJIM, Jo McCarty, home-town editor of Information Services, and a representative from the State News will speak at the meeting.

A booklet containing deadlines, personnel, and types of publicity accepted by each newspaper or radio station will be distributed at the clinic. Included also will be information on posters, tickets, photographs and other types of publicity available on campus.

A \$1 registration fee will be charged. Registrations, containing the name of the organization, must be sent to Theta Sigma Phi, journalism department, by Oct. 19.

Tuition Scholarship Applications Available

Applications for winter term tuition scholarships are available in room 323 of the Administration Building.

Students who have completed three terms and have a 2.6 point average and are in need of financial aid are eligible.

Tenor to Give Folk Concert

Tenor Edward L. Richmond, instructor in the music department, will give a concert in the Music Aud. Oct. 23 at 4 p.m.

Richmond will give a five part program including "Star Viento" by Salvador Rosa, "Amarilli" by Giulia Caccini, and "Che fiero costume" by Giovanni Legrenzi.

Concert Ticket Exchanges Begin

Tickets for Mantovani and his Orchestra will go on exchange this morning at 9 at the Union ticket desk.

The concert, first of this year's Lecture-Concert Series, will be presented Monday at 8:15 in the Auditorium.

Students may exchange coupon "A" of their activity books for reserved seats.

Tukey Attends Atomic Energy Meeting

H. H. Tukey, head of the department of horticulture, was in Geneva, Switzerland, last week for the "Atoms-for-Peace" conference held in Geneva, Switzerland this summer.

Several American atomic energy scientists had to go to the Geneva meetings to see the Reactor in operation, he said. They were not permitted to see it in action in this country for security reasons, commented Dr. Tukey.

The veil of secrecy was lifted for the first time for many Americans, he said.

Dr. Tukey's scientific paper was on the "Intake of Neutrons Through Leaves of Plants" and was prepared jointly with S. H. Wittwer, F. G. Teuber, and W. G. Long, members of the department of horticulture faculty.

Mechanical requirements for the conference were detailed with each delegate asked, among other things, to speak no faster than 100 words per minute for translating purposes.

Papers were translated by interpreters into French, Spanish and Russian, as well as English.

Dr. Tukey's final comment on the conference was that it showed everyone that atomic energy offers great possibilities for underdeveloped countries with no great natural resources.

Countries like America, who have previously enjoyed superiority because of immense natural resources, will not have quite the superiority they have had in the past, he said.

"In the final analysis competition will be between brains future is trained brainpower, alone. The great resource of the and well trained youth," he said.

Ready for Action

NBC color television trucks arrive on the MSU campus for the televising of the Notre Dame-Spartan football game this Saturday. This will mark the first color televising of any game at Michigan State.

Construction Slated for Nov. 1

Plans Announced For Olin Addition

By MARY ELLEN SEEKELL
Plans for an addition to Olin Memorial Hospital, at an estimated cost of two million dollars, have been announced by Dr. Clifford G. Menzie, director of the Health Center.

It is hoped that ground will be broken for the three-floored structure by Nov. 1. Dr. Menzie said. Completion will take approximately 15 months.

The addition will double the number of beds, which at this time is 72, and will probably triple the capacity of the out-patient department.

On the basement floor will be three large laboratories for the x-ray department, the x-ray lab, and a general lab; an extensively enlarged physiotherapy lab; and most of the general services, with the exception of the kitchen.

The first floor will contain an enlarged "out-patient" department, an all-new kitchen with an adjoining cafeteria that will seat approximately 100, and ten staff doctors' offices with an adjoining dictaphone room.

Provision has also been made for specialized care, such as dental, eye, ear, nose and throat. The building will also contain a new emergency exit and emergency room.

When completed, the pharmacy will be located where the waiting room is now.

The second floor will have bedrooms for the male patients, an additional operating room bringing the number to two, a conference room, and a class room. The operating room area and three two-bed wards on each floor will be air-conditioned.

The third floor will be for coed patients. Its organization is essentially the same as the second floor except that the psychiatric division has been allotted a large area.

The staff will be enlarged by four doctors and two nurses.

Confer On Soviet Problems

Session Termed 'Very Satisfactory'

DENVER (AP)—President Eisenhower and Secretary of State Dulles discussed Tuesday Soviet activities in the inflamed Middle East and Russian ideas on armaments in a momentous hospital bedside conference on foreign policy.

One by one, the chief executive and the secretary covered eight separate points in a 25-minute work session Dulles described as "very satisfactory" and "extremely helpful."

In their first conference since Eisenhower's Sept. 24 heart attack, the two worked out an "interim" reply to a letter in which Soviet Premier Nikolai Bulganin had found fault with the President's proposals for trading military blueprints and for mutual aerial inspection of military installations.

Eisenhower signed the reply a few minutes later. It was delivered to Dulles to carry back to Washington for transmission to Moscow and it will be made public, the secretary said, after it is received in the Russian capital.

Another of the eight points—Dulles declined to disclose all of them on grounds security is involved—was preparations for the Oct. 27 meeting in Geneva of the Big Four foreign ministers.

In addition, Dulles told a news conference, Eisenhower asked for a report on the secretary's speech Tuesday at the American Legion convention in Miami. In that address Dulles said that at this time the United States is not prepared to reduce military forces until it can be sure other countries also are doing so.

Dulles said the President as "very much pleased" with what he said.

The agenda of the Geneva foreign ministers' session had been described in advance as the main topic the chief executive and the secretary would discuss. Actually, their talks apparently ranged over a far broader field.

And, whereas the President's doctors had said the meeting would be limited to 15 minutes, Eisenhower's condition and spirits were so satisfactory after the morning examinations that they allowed an extra 10.

Furthermore, Dulles told newsmen the conference was just what the doctors had said it would be in one respect—"There was nothing of a rubber stamp nature about the meeting."

On each of the items that were taken up, he said, "the President had positive suggestions of his own to make, which I found extremely helpful."

High of 75 Rainy Weather Follows Sunshine

Today's weather will be partly cloudy with scattered showers by afternoon. Following last night's low temperatures of 52-58, the thermometer is expected to range between 74-79 Wednesday.

Spartan Engineer Staff Appointed

Staff appointments for the Spartan Engineer were announced Monday by Jim Johnston, business manager. These appointments are:

Gull Lake Station To Host Ag Board

The State Board of Agriculture, MSU's governing body, will meet today at the Kellogg Biological Station at Gull Lake.

After the meeting members will conduct an inspection tour of the station.

7 Million in Soviet Slave Camps

CAMP FRIEDLAND, Germany (AP)—A German newspaperman freed after eight years in Soviet captivity estimated Tuesday night seven million Soviet citizens now are held in forced labor camps in arctic Siberia.

AF to Send Rocket 70 Miles Up

ALAMOGORDO, N. M. (AP)—Air Force scientists Wednesday night will hurl a rocket 40 to 70 miles above earth to probe secrets of dawn and dusk.

Transit Strike Snarls St. Louis

ST. LOUIS (AP)—A sudden and unannounced transit strike struck the metropolitan St. Louis area a crippling blow Tuesday as buses and streetcars stayed idle with strikers ignoring a state order to return to work.

Adenauer seriously ill confined to bed by pneumonia

Germany's 79-year-old Chancellor Konrad Adenauer

Adenauer has been confined in a small village home since Tuesday his illness was described first as pneumonia and then as feverish pneumonia.

Special medical bulletin—the first since he became chancellor—said the inflammation of the lungs "is fading away" and the fever has abated.

Adenauer was signed by Prof. Paul H. Lehmann, director of the Bonn University Medical Clinic, and his family doctor, Frau Heber-Buch.

Adenauer's condition prompted a "get well" telegram from the country.

Adenauer-Buch said there is no reason for special concern over the chancellor. He is expected to return to Bonn.

Adenauer's condition prompted a "get well" telegram from the country.

Adenauer-Buch said there is no reason for special concern over the chancellor. He is expected to return to Bonn.

Shallow, Superficial' State News Columns Found Disappointing

To the Editor:

Mr. Jack Swiderski's Disc Jottings have been quite disappointing. They are as narrow in scope as is possible. Last year, when this column was initiated, we were promised a more comprehensive survey including jazz, popular music and classical music. So far this year, there was no mention of the latter type of music.

Having lived in a residence hall for two and one half years, I have observed a steady and surprising increase in classical record collections among the residents. Many of these students are looking for guidance as to what to buy in the rapidly expanding classical record catalogue.

Wouldn't it be fair them as well as a possible stimulus to many others to give some space

Letters 'Sex, Sadism Uncovered In 'Spartan'

To the Editor:

I recently read a copy of Michigan State University's humor magazine, "The Spartan." Perhaps a freshman is not sophisticated enough to criticize this publication, but several aspects are slightly off-key to a potential English major. Why do Michigan tax payers support the mediocre "Spartan" in preference to a reputable literary magazine?

Humor is a necessary and wonderful thing, but sadism and sex fail to excite my laughter. The vicious slant in "The Spartan" is apparently a juvenile excuse for lack of original wit.

The journalism qualities can be listed quickly. Indifferent art-work, high-school writing, and unimaginative layout work. I feel that a great university such as ours deserves fairer representation.

M. H. Stein

Boxing Investigation Opposed

NEW YORK (AP)—Julius Helfand, chairman of the New York State Athletic Commission, Tuesday opposed federal investigation of boxing and called upon the "working commissions" of the nation to cooperate instead of "trying to steal important fights."

any government group. "I do not feel the United States government should be wasting its time investigating boxing," he said. "The sport can be properly controlled provided the working commissions and I mean commissions that actually function and do not exist on paper honestly administer and control it, instead of trying to steal important fights and trying to break down rulings."

TERRY BRENNAN

... a big job this week ...

Overconfident?

ANN ARBOR (AP)—No one wanted to go on record in predicting an early return for Kramer. However, several other Michigan players, notably Tom Maentz, have healed much more rapidly this fall than had been indicated.

The squad mixed in a little defensive work. At no time did the players appear to be taking the proceedings very seriously.

Scores 3 Times in 19-13 Win

Jonson Runs Wild for Psi U

Bill Jonson grabbed off the top honors in intramural play Tuesday night as he scored all three touchdowns for his Psi U squad in their 19-13 win over Theta Chi.

Lushwell 2, Screwballs 9
The Lushwell eleven held on to their cherished record of being unscored on Tuesday night only after a well matched battle with the Screwballs. In the

opening minutes of play Hal Bateman tagged a would-be passer in the end zone for a safety and the only score of the game.

Goof Offs 20, Maple Lane Lions 9
Three touchdowns proved to be the deciding factor in the Goof Offs' 20-0 victory over the Maple Lane Lions. Duane Bower, Tom Jenkins and Bill

Sheathelm all gathered in the losses and found their way to paydirt.

Delta Sig 6, Alpha Chi Sigma 0
A pass from Dan Chapman to Dave Faulkner broke up a scoreless tie and proved to be the winning margin as the Delta Sig squeezed past Alpha Chi Sigma 6-0.

Hockey Tryouts

Open try-outs for the MSU hockey team will be held every day this week at 4 p.m. at the ice rink. An athletic physical from the health center is required before going on the ice.

LUCKY DROODLES! LUCKY DROODLES! YEA!

WHAT'S THIS?

For solution, see paragraph below.

A FLIGHT OF IMAGINATION prompted the Droodle above—it's titled: Flying saucer with Lucky-smoking crew. But it's a down-to-earth fact that Luckies taste better than any other cigarettes—and for down-to-earth reasons. First of all, Lucky Strike means fine tobacco. Then, that light, mild tobacco is toasted to taste even better... cleaner, fresher, smoother. So, "Glurg shrldu!" (In saucer language, that means, "For taste that's out of this world, light up a Lucky!")

Foundry Reopens Under Martial Law

Skeleton Crew to Resume Full Production Today

NEW CASTLE, Ind. (AP) — A skeleton force of 84 workers reopened the Perfect Circle Corp. foundry Tuesday while almost 1,000 National Guard troops enforced martial law in three cities.

Rifle-carrying National Guardsmen outnumbered the five CIO United Auto Workers pickets marching quietly in a litter of stones and broken glass still left from a riot last Wednesday in which eight persons were wounded.

Four tanks and sandbagged machinegun emplacements were set up about the little foundry. A court order restricts the pickets to five.

Chesley Juday, foundry manager, said full production will be resumed in the little piston ring foundry, which normally employs a production force of only 266 workers. He said the doors will be open "to anyone who wants to work."

The company didn't say how many workers entered the struck plant in Hagerstown and Richmond, which have been operating ever since the violent strike started July 25.

However, the company has been claiming as many as 70 percent of the 1,300 production workers have been on the job

in the four struck plants in Eastern Indiana. Some have been hired since the strike. The home plant at Hagerstown normally has a production force of 730; the two Richmond plants 333.

Superintendent Quits School Post

DETROIT (AP) — Arthur Dondineau, 69, announced his resignation as superintendent of schools in Detroit Tuesday. He will quit the \$25,000 a year post July 1. Dondineau has been superintendent since 1945.

Graduate Coed to Sing Friday Over WKAR

Soprano Joan Pierce, Jerome graduate student, will give a concert Friday, at 2:15 p.m. on WKAR. Her numbers will include "Mi Chicamano Mimi" from "La Boheme" by Puccini and "A Swan" by Grieg. Miss Pierce will be accompanied on the piano by Alfred Kanwischer, Rochester, N.Y. graduate student.

Adventurer To Present Color Film

Romain Wilhelmsen, historian, explorer and adventurer, will present "Legend in the Andes," Saturday, at 8 p.m. in the auditorium.

The color lecture-film is presented by the MSU World Travel series. Wilhelmsen, a native of Detroit, has spent much of his time collecting stories of treasures hidden deep in the unexplored portions of Latin American countries.

Interested in people, their traditions and the legends that surround them, Wilhelmsen believes more can be learned from viewing the culture of a country than from visiting the tourist high points.

Among his achievements were the discovery of a 15-century-old treasure in the Secura Desert of Peru and the unearthing of an ancient culture, the lost city of Hausachugo, Peru.

The author of several articles for popular magazines, Wilhelmsen is currently planning an expedition into the Brazilian jungles.

Single admissions for the travel film may be purchased at the door.

"CAMPUS CLASSIFIEDS... LOW COST"

Phillips' Officers

Newly elected officers of Phillips Hall are: president, Joe Saute, senior from Emerson, Manitoba, Canada; vice president, Jerry Gardner, Escanaba senior; secretary, Joe Stankiewicz, Saginaw senior; and Fred Shulak, senior from Detroit.

Petitions Available For Campus Chest

Students interested in joining the publicity committee of Campus Chest are asked to fill out petitions this week in the 4th floor office in the Union.

The additional members to the staff will be notified when the selection has been made, Director Bob O'Hara said.

Bandits Leave Victims Cold

NEW YORK (AP) — Seven gunmen ruled a Brooklyn restaurant for nearly 12 hours Monday. They supplied whisky for warmth to 10 people locked in a refrigerator and finally left with about \$6,000.

In the course of their siege, the gunmen forced the cook to serve them meals, and sat drinking and chatting casually for hours, waiting for someone to show up who knew the combination to the office safe.

The bandit squad seized possession of Tappin's Restaurant about 3:30 a.m., long before

opening time, and didn't leave until mid-afternoon.

That was after manager Pete Chahales arrived and at gunpoint opened the safe, Chahales was then imprisoned in the refrigerator along with the others.

At first the gunmen had the restaurant workers lie on the floor, their heads covered with table cloths, while the robbers ransacked drawers and shelves.

About 10:30 a.m., the gunmen decided to put their victims in the refrigerator.

'Le Plaisir' Set In Film Series

"Le Plaisir," a French film with English subtitles, will be presented today in the Michigan State Foreign Film series.

The film, scheduled for two showings, at 7 and 9 p.m. in Fairchild Theater, is a combination of three stories by Guy de Maupassant.

Included in the cast are Jean Gabin, Gaby Morlay, Danielle Darrieux, Madeleine Renaud, Simone Simon and Claude Dauphin.

CONVAIR
(SAN DIEGO)

WILL BE ON CAMPUS OCTOBER 20th TO INTERVIEW

ELECTRICAL, MECHANICAL, AERONAUTICAL ENGINEERS ABOUT TO GRADUATE

At Convair, in beautiful, smog-free San Diego, California, you will find the diversity of challenging, far-reaching projects that offers you the unlimited career opportunity you seek.

This is young country, beautiful, exciting country — the very heart of the busy, vital aircraft and missile industries. And good, young engineers are needed now to grow with new, long-range aircraft and missile programs.

You will find the Convair Engineering Department a genuine engineer's engineering department — imaginative, energetic, expansive. You will discover the very latest engineering equipment, excellent working conditions, salary, personal job advantages, and opportunities for continuing education.

Remember these facts about Convair: Convair was awarded the Nation's first production missile contract and the first production contract for supersonic all-weather interceptors.

Convair has the greatest diversity of aircraft engineering projects in the country, including high performance fighters, heavy bombers, large flying boats, transports, trainers, seaplane fighters, vertical take-off aircraft and guided missiles.

Convair has a completely integrated electronic development program devoted to advanced development and design on missile guidance, avionics projects, radar systems and special cathode ray tubes.

Now you are invited to get full information about your career at Convair. Talk it over with our Convair Engineers on your campus soon.

GRADUATING CIVIL ENGINEERS interested in the field of aircraft structure are also invited to apply.

Graduate degree candidates in Engineering, Mathematics or Physics are invited to discuss Convair opportunities in the general field of advanced engineering analysis and design.

CONVAIR ENGINEERS WILL INTERVIEW ON YOUR CAMPUS

OCTOBER 20th

CONVAIR
A Division of General Dynamics Corporation

Smog-free San Diego on the coast of Southern California offers you a way of life judged by most as the Nation's finest for year-round climate, beauty and indoor-outdoor living. Sailing, fishing, swimming, golf, skiing, mountain and desert resorts, Hollywood and Old Mexico are all within minutes.
