drop in offense figures as compar-ed to last year. It's so big that the early season bad weather which afflicted many teams no longer can be blamed.

The national scoring average is down to an even 32 points a game for both teams. That's nearly three points below last season's 34.7 point average and the lowest midseason rate since 1943. Yardage is down by more than 20 yards a game.

And where college teams have averaged from 30 to nearly 40 forward passes a game through the last 14 seasons, they're down to an average of 27.3 passes a game for both teams, the lowest figure since 1941. The high aver-age was 37.7 passes in 1951 but it had dropped to 29.7 last season.

Griffith, the "old fox" of baseball, died Thursday night. He was 85. Griffith died at 8:40 p.m. EST. News of his death was ann by Dr. George A. Resta.

The 165-pound six, struck on the face, swallowed his tongue, locked his jaws and was suffocating. Fast action by Prelaz saved his life, said Royer.
