Russians Keep Issue On Germany Alive

Propose Troop Withdrawal; Big 4 Still Deadlocked

GENEVA (AP)—The Russians kept alive the European security issue in the deadlocked Big Four conference with last minute proposals Wednesday.

They would pull out half the foreign troops in Germany and sign a nonaggression pact between the Eastern and Western military blocs.

Union Head Vetos Use Of Lounge

Congress Told Display Must Stay

By SYLVIA DE STEIGER

Student Congress Wednesday night was told the "Atoms for Peace" display in the Union browsing room cannot be removed to provide a lounge for men students.

Union manager Mike Dmochowski gave the negative answer in response to a Congress resolution passed two weeks ago.

Student Government President Bill Mansfield said Dmochowski must give a reason for denying Congress request.

Student government moved to the former men's lounge a month ago. Congress considered what steps could be taken to arrange for a men's lounge.

The bill and one resolution were passed at the session.

The bill approved a charter to the Circle K Club, a student Kiwanis organization.

The resolution calls for an investigation to be made as to the possibility of having the announcer at football games state what yardline the ball is on.

Congress repealed a bill passed two weeks ago that provided for a new number system for Levee-Concert ticket distribution.

Dean Stanley E. Crowe, in charge of the L-C series, said the plan did not have his permission and the distribution of tickets would remain the same.

Charles Watson, Elk Rapids attorney, reported the Student State Appeals Court will appear on the WKAR-TV "Here" program today at 5 p.m.

Watson said an unhearsaid state court case will be presented.

Mansfield said plans are in the works to provide for a train to the Blue Bowl should the Spartans be selected.

The train would be co-sponsored by Spartan Spirit and the Union Board.

In other action, Ellwood Voller, assistant to the dean of students and co-advisor to Congress, stressed the importance of student government to new Congressmen.

Without the help of the student government, he said, the "relative funds for the new house would not have been produced so soon."

Voller pointed out that the administration has a keen interest in the development of student government.

Begins 3 Year Tour of Duty At MSU

AFROTC Head Had Many W.W. II Adventures

By JOE HOFFMAN
State News Night Editor

With the exception of four months spent in France, Col. G. V. Davis has loved every minute of his 13 years in the United States Air Force.

Davis is the new professor of air science at MSU, replacing Col. Graeme S. Bond who is now USAF Commander at Peperel Air Force Base in Newfoundland.

Davis was forced into Gracay when his P-51 Mustang developed engine trouble during a mission in World War II.

He bailed out of his plane and landed in a barren field, with nothing in sight but tall grass.

After walking "for what seemed like 40 miles but which must have been only two or three," the Colonel came upon a small farmhouse and was told by the farmer how and where to locate the underground.

Four months later he was able to return to his squadron in England.

Davis flew 29 fighter missions and was in on

Campus Chest officials Bob O'Hara and Carol Rouse mark off the Chest's status to date. \$2,082.62 has been collected so far. Goal is \$6,000.

'Help Carry the Ball' Campus Chest Donations Reach One-Third Mark

By DERRY HALL
State News Night Editor

Campus Chest's football was carried to the 33 per cent goal line by student contributors Tuesday.

The student charity organization counted \$2,082.62 donated so far for the once-a-year campaign. This figure does not include contributions in living units, which will be counted Friday.

The first day of the on-campus drive netted \$592.62. Wednesday results have not been tallied. Last year's drive on campus totaled \$1,000 during the two days.

A pledge from the IFC President's Assembly Tuesday night to donate \$1 per member in every fraternity boosted the Campus Chest funds approximately \$1,400. The money was promised in substitution for their participation in Spartacade.

Panelled renewed support to Spartacade and expressed gratitude to 15 men's organizations at its meeting Wednesday night.

Tuesday night, presidents of several men's honoraries, YMCA and off-campus students told Panelled representatives they would discuss participation in the event with their respective organizations.

Leaders will meet again next Wednesday to announce how many men's groups will support the charity carnival, sponsored for the benefit of Campus Chest.

The Veterans' Airm has already pledged its aid to Spartacade and has indicated it would provide the needed musical power for the societies.

Last week, Panelled voted 10-8 to back the carnival. The Inter-Fraternity Council withdrew from participation Oct. 26.

Sharon Bevier, president of Panelled, explained that participation among societies would be up to each individual group.

Panelled's constitution does not stipulate each sorority must adopt the policy of the inter-sorority organization.

Miss Bevier could make no comment as to whether the eight sororities against Spartacade support will reverse their opinions. She stressed that change in policy will depend on the outcome of next Wednesday's meeting.

A special Panelled meeting may be called following the meeting to discuss future plans.

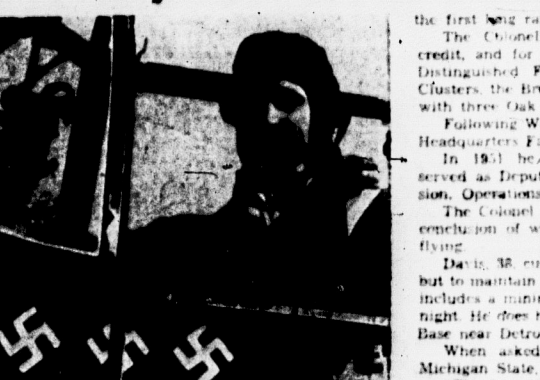

At another meeting Miss Bevier hopes to introduce representatives from the male organizations that promise support to Spartacade.

Panelled renewed support to Spartacade and expressed gratitude to 15 men's organizations at its meeting Wednesday night.

Tuesday night, presidents of several men's honoraries, YMCA and off-campus students told Panelled representatives they would discuss participation in the event with their respective organizations.

Victories Raise Dems' 1956 Election Hopes

Jury Frees Principals In Till Case

Declines to Indict Milam and Bryant

GREENWOOD, Miss. (AP)—A Leflore County grand jury Wednesday declined to indict two white men on charges of kidnaping Emmett Louis Till, 14, Chicago Negro.

The decision freed Roy Bryant, 24, and his half brother, J. W. Milam, 36, of all charges in the famous case.

A trial jury in nearby Sumner six weeks ago found the white storekeepers innocent of murdering Till.

Circuit Judge Arthur Jordan announced the grand jury's decision to waiting newsmen after he discharged the 20-man, all white grand jury.

Bryant and Milam reportedly were working in nearby cotton fields and could not be reached immediately for comment.

The grand jury's action cancelled the \$10,000 bonds each posted for freedom while waiting for a decision in the kidnaping case.

The half brothers were charged in Leflore County with kidnaping last Aug. 28 after Moss Wright, 64, Till's sharecropper uncle, said two white men took Till away for allegedly making obscene remarks to Mrs. Bryant.

A body was found in the Tallahatchie River three days later.

Wright and Till's mother, Mrs. Mamie Bradley of Chicago, identified it as Till.

But defense attorneys in the murder trial presented three witnesses, including a doctor and an undertaker, who testified that the body had been in the water too long to be Till.

Wright and Willie Reed, 18, were called by the grand jury Tuesday.

The other witnesses before the grand jury included Sheriff George Smith and Deputy John Cochran.

Sheriff Smith and his deputy told the murder trial jury that Bryant and Milam admitted taking Till from Wright's farm back in Money, but said they freed him unharmed when they found he was a young Negro.

Bryant, having a tetanus, had placed Milam with Till several hours after the two men said they released the boy, who was vacationing in Mississippi when he disappeared.

Mrs. Bradley, mother of the Till boy, commented in Chicago.

Just about everything has run out on me now. I don't know what to say. I don't see how they could fail to indict those men.

I have thought very seriously about a civil suit but I'm not in a position to pay a lawyer's fee.

The Colonel will be here for three years, at the conclusion of which he hopes to resume full time flying.

Davis, 38, currently holds a senior pilot's rating but to maintain it must fly 120 hours per year. This includes a minimum of 20 by instrument and 15 at night. He does his flying out of Selfridge Air Force Base near Detroit.

When asked about the AFROTC program at Michigan State, Col. Davis commented:

"They've got a real fine setup here. The staff is really doing a wonderful job while I'm learning the ropes."

Wonders of the Michigan Inter-Collegiate Speech League extemporaneous contest will be held Tuesday at 4 p.m. in 214 Berkeley.

Winners of the tryouts will compete Dec. 1 at Wayne University against representatives from other Michigan colleges.

Men entering the tryouts should prepare a five-minute speech on "Farming and the National Economy" or on "The Loyalty Security Program."

Goods competing Tuesday must prepare a five-minute speech on "Problems of the Cities" or on "The Place of Originality in American Life."

Fancy Fall Flowers

Albert Stralger, Chuck Niehols, Dick Kardtuke, and Carolyn Funk prepare arrangement for the Floriculture Forum's annual flower show Friday and Saturday in 31 Union.

22 Teams Ready to Trot For Turkey—and TV—Today

Turkey Trot time is here again—this year with cameras to film the action for use on TV during a basketball half-time.

Contestants will be off and running at 4:30 p.m. today on Old College Field.

Professor Says Russia Has Finest Education System

WORCESTER, Mass. (AP)—Dr. Homer Dodge, former president of Norwich University, said Wednesday Russia has the finest system of education in the world.

Dr. Dodge addressed the student body of Worcester Polytechnic Institute.

He said:

"Russia recruits intelligence as to its educational system as vigorously as it recruits intelligence as to its military installations of this country, recruit their athletes."

Russian graduates of a 10-year system are a year younger and a year more advanced than high school pupils in the United States.

Norwich University, a Vermont institution, is a military college.

"No intelligence will be lost in Russia," Dr. Dodge said, "as the 10-year system becomes prevalent throughout the entire Soviet Union. It is now practiced in all the major cities."

Every bright student in Russia will be caught in the system. Winners of gold and silver medals will be sent on to higher education. The dumber ones will move on to trade and factory schools.

Dr. Dodge said the Soviet is not turning out twice as many engineers as we are."

Student Tryouts Stated for Speech Contest At Wayne

Tryouts for the Michigan Inter-Collegiate Speech League extemporaneous contest will be held Tuesday at 4 p.m. in 214 Berkeley.

Winners of the tryouts will compete Dec. 1 at Wayne University against representatives from other Michigan colleges.

Men entering the tryouts should prepare a five-minute speech on "Farming and the National Economy" or on "The Loyalty Security Program."

Goods competing Tuesday must prepare a five-minute speech on "Problems of the Cities" or on "The Place of Originality in American Life."

Israel Declares Stand

JERUSALEM, Israel, Sept. 30.—Israel never will initiate war against anyone, but will not permit anyone to run us as if a single inch of our land," Prime Minister David Ben-Gurion declared Wednesday.

The Israeli leader outlined his views to Maj. Gen. Edson L. M. Burns, chief United Nations truce supervisor.

There had been words exchanged that Israel might be pressed in terms of launching preventive war before her Arab neighbors grow too strong.

Chandler's Landslide Adds to Fire

Republicans Edged In 1952 Strongholds

WASHINGTON (AP)—Democrats drew fresh hope for 1956 Wednesday from scattered election victories that gave them a record-smashing victory in the Kentucky governorship race and pushed them ahead in such battleground states as Pennsylvania, Indiana and Connecticut.

There were some Republican advances too, here and there, but virtually complete returns from Tuesday's state and municipal elections showed a clear net advantage to the Democrats in the matter of organizational strength for next year's presidential election.

Pennsylvania, Indiana and Connecticut with a total of 53 electoral votes—all went Republican in the 1952 election while Kentucky voted Democratic by a razor-thin 200 votes.

Interest focused Wednesday on Indiana where sweeping Democratic gains in mayoral contests pointed up Democratic claims of farm belt unrest over Eisenhower administration agricultural policies.

Pennsylvania voters gave encouragement to the Democrats, too. Philadelphia elected Democrat Richardson Dilworth as its mayor with a commanding 13,000-

Adlai May Tell Plans

Adlai Stevenson is to make a statement to newsmen Tuesday on "The Democratic presidential nomination." It is assumed generally that in the statement Stevenson will announce that he is a candidate again for the Democratic nomination.

Individual first, second and third place winners will also take turkeys home.

Best time recorded for the race is 5 minutes 43 seconds, set in 1952 by Don Quirk.

Last year Al Gallagher of Brown Hall won in 1954.

Each contestant is requested to have his identifying tag on before the start of today's race.

Runners may not use track warmups or any type of shoe with cleats.

And in Connecticut Democrats solidified 1954 victories by capturing the city administration of Waterbury—in GOP hands for eight years—and pushing ahead elsewhere in the state's municipal elections.

In other state results, Longstrech, Democrat, won a 100,000-vote margin in New York mayoral races, all outcomes planned by both sides as a victory.

In the surprise of both parties, which had supported it, a 750-million-dollar highway improvement bond issue was rejected by New York voters in an apparent revolt against more taxes and more spending.

Republicans elected supervisors from Fairfax County, Va., for the first time in history and managed to keep control of the New Jersey Legislature, through losing three seats to Democrats.

GOP National Chairman Leonard W. Hall contended the off-year results depended on local issues and had no national significance.

Democrat Chairman Paul M. Butler claimed a growing trend toward his own party, however, and pointed to the Indiana outcome and to the rejection of Philadelphia's Longstrech and other Eisenhower-endorsed candidates as evidence.

NEWS IN BRIEF

Mental Bill in House

LANSING (AP)—In a rapid parliamentary power play, the Senate Wednesday night pushed through a last chance bill for emergency care of mentally retarded children and received leaving the House to accept the bill or go home without enacting any program at all.

Israel Declares Stand

JERUSALEM, Israel, Sept. 30.—Israel never will initiate war against anyone, but will not permit anyone to run us as if a single inch of our land," Prime Minister David Ben-Gurion declared Wednesday.

TV Students Fly to N.Y.C.

Sixty television students from Michigan State will leave by chartered plane at 9 a.m. today for New York City.

They are members of Alpha Epsilon Rho, national radio and television fraternity, and will be guests of CBS, NBC, ABC, Ben-Hur and Bowles Advertising Agency, and the Ford Foundation.

Fahne S. Jorgensen, instructor in speech, will accompany the group.

The students will attend performances of "Cat on a Hot Tin Roof" at the "Theater" and "The Young Man" at the "Playhouse Square." After each show they will meet with the performers and producers to discuss the technical aspects of the production.

On Sunday they will have dinner with Ed Sullivan and attend a show rehearsal of "Toots of the Town."

Seminars with radio, television and advertising agency officials will be held during the tour.

The students will return Monday night.

To those interested in advanced graduate study while associated with important research and development in industry, Hughes offers two separate cooperative programs.

HUGHES COOPERATIVE FELLOWSHIP PROGRAM FOR MASTER OF SCIENCE DEGREES

This program is designed to enable outstanding graduates in Electrical Engineering, Mechanical Engineering or Physics to obtain the Master of Science degree while working in industry. Each fellowship covers a twelve-month period which includes a ten-week advanced development project carried out during the summer at Hughes Research & Development Laboratories, followed by a full-time program of study and research at a university during the remainder of the year.

Eligible for these awards are U.S. citizens who have completed one year of graduate work in Engineering or Physics and who can qualify for graduate standing at the California Institute of Technology. For study toward the degree of Doctor of Philosophy or post-doctoral work. Each fellowship covers a twelve-month period which includes a ten-week advanced development project carried out during the summer at Hughes Research & Development Laboratories, followed by a full-time program of study and research at a university during the remainder of the year.

Each appointment provides a cash award of not less than \$3,000, a salary of not less than \$2,000, plus \$1,000 for tuition and research expenses. In case of financial responsibilities that might preclude participation in the program, suitable adjustment may be made. Moving and transportation expenses are provided for those living outside of Southern California.

For application form and complete information, address correspondence to the Howard Hughes Fellowship Committee.

Morrall, Kowalczyk Lead Spartan Offense

Rank High In Big 10 Statistics

Chichowski Takes Lead in Passing

All-American candidate Earl Morrall and Walt Kowalczyk are the leading Spartans in the Big 10 statistics released today. Morrall is second to Iowa's Jerry Reichow in average yards gained per play on total offense.

In quarterbacking State's multiple offense to six wins in seven starts Morrall has averaged 6.8 yards every time he has passed or run. Reichow's average is 6.2. Kowalczyk, on 46 rushes, has gained 215 yards. The sophomore right half, who combines 200 pounds of power with a lot of speed, has also averaged 6.8 yards per play.

Ohio State's Howard "Hopalong" Cassidy is pacing the Big 10 runners with 396 yards as the Buckeyes, unbeaten in conference play, seek their second straight Big 10 crown.

Minnesota State's last conference opponent this year, has the Big 10's leading punter in Kelvin Kieker. Kieker, a fullback, has an impressive running average of 22. However, he has boomed 21 kicks that averaged 44.7 yards.

Morrall is second in punting with a 43.2 average. The Spartan quarterback ranks fourth in punting with a completion average of 54.1 and 368 yards gained.

Indiana's Chick Chichowski took over passing leadership after his splendid performance against Ohio State. Although the Hoosiers lost, 20-13, Chichowski completed 9 of 18 for 142 yards. One of his tosses was as good as a touchdown.

Chichowski with a 608 average followed by Wisconsin's Jim Babcock and Purdue's Len Davison.

Cassidy has an 18 point lead over teammate Frank Ellwoski. Cassidy has scored seven touchdowns. Michigan State's Kowalczyk has 24 points and Gerry Higgins has scored 23.

The Spartans, who have allowed only 34 points in five conference games, rank third in defense. An interesting sidelight is that State was second last week and Purdue was first. Even after the Spartans' decisive 37-0 romp over the Boilermakers Saturday Purdue still ranks first in defense.

State continues their workout in Johnson Fieldhouse and the practice field next to the fieldhouse Wednesday.

A long range weather forecast predicts snow or rain and cold by the weekend. Minnesota is expected one of the biggest winners of the season if they finish in Southern Cal 25-19 in a showdown in Minneapolis.

The Gophers will be at full strength for the Spartans. Dick McNamara and Bob Shultz, first string halfbacks, will be back in action. Minnesota missed the pair as they lost to Iowa last Saturday 26-0.

Saturday's contest will start a half an hour earlier than the previous home games.

BOB HOBERT... biggest Gopher...

BOB SCHULTZ... returns to action...

Increased Six Feet

Cagers Instructed On New Foul Lane

With basketball practice in its second week, Coach Forsdy Anderson is centering his drill on trying to familiarize the squad with the 12-foot foul lane.

The 12-foot foul lane is an increase of six feet in the distance between the visiting and home foul lane line. The purpose for the increase was to keep the "big man" from controlling the ball and the scoring through the game.

It means that the center cannot be as close to the basket as he used to be and that he will have to concentrate his action on one side of the lane rather than move from side to side with the ball.

Another purpose for the 12-foot lane was to keep the big man from tipping in missed foul shots. With the lane further back from the basket, it will be much tougher to tip a shot in.

Anderson is concentrating an effort this week and next and is trying to find a starting combination which will give the Spartans another fine year in the Big 10 race.

Last year the Spartans finished fourth with an 8.6 conference record.

Anderson is hopeful of coming up with more reserve strength than he had last year and also to find some scoring guards.

Most of State's scoring last season centered around the two forwards and the center. Very few points were contributed from the guards.

Four men are fighting for starting forward spots: Julius McCoy, George Ferguson, Chuck Behm and Larry Hobbs. The latter two being sophomores.

Masters Top Bet for Grid Honors

Among Top Three Midwest Tackles

CHICAGO (AP) — For some reason, the Midwest seems lacking in standout tackle candidates for All-America this football season.

Only three, thus far, have caught the eye of the regional selection board: Norm Masters, Michigan State's 227-pounder; Francis Machinsky, Ohio State's 209-pound veteran; and Minnesota's 245-pound Bob Hobert.

This area's tackles are as big and bruisy as ever, but it may be the growing trend towards shifting defenses away calling for four-man lines has relegated the tackle to burrowing unnoticed at the bottom of the melee.

Be that as it may, Machinsky and Masters have played vital roles in the great success of their respective teams, while Hobert has been a fine performer for the inexperienced Gophers.

Jack Drees, ABC sportscaster, a regional board member, thought Hobert was the outstanding lineman on the field as Iowa defeated Minnesota 26-0.

Masters also has been on the fringe of a spotlight focused on Michigan State's great pair of quarterback Earl Morrall and captain-guard Buck Nyström. However, the Spartan tackle was again a play-buster in last Saturday's 27-0 blanketing of Purdue.

Michigan State's largest home football crowd was 52,472 for the Notre Dame game in 1952.

Hard work and improvement by any of these boys could move them up," said Anderson. The mention of all the sophomores bear out Anderson's early summer statement that much of the Spartans' success this season will depend on the play of the sophomores.

Seek Successor to Sundt Williamson, Walsh Eyed For Badger Athletic Post

MADISON, Wis. (AP) — The University of Wisconsin Athletic Board, seeking a successor to Guy M. Sundt, U. W. athletic director who died Oct. 28, resumed meetings Wednesday and continued reports that the choice for the post had narrowed to head football coach Ivan B. Williamson and boxing coach John J. Walsh.

According to rumors the post will be offered first to Williamson and if he accepts he will ask the board to recommend that his football coaching job go to Mill Bruhn, an assistant coach.

Ike Says Mid-East Fight Retards Peace Chances

DENVER, 10 (AP)—President Eisenhower, "eager to get going" to Washington, closed out Denver business conferences Wednesday with a declaration that outbursts of Israeli-Egyptian fighting "retard our search for world peace."

Cast Selected For Musical

A young man's concern of a woman's ever sharply increased popularity in the Middle East, Eisenhower renewed this country's efforts to consider requests to the United States to sell defense equipment to the Arab states.

Underlining the importance of the peace conference attached to the foreign policy pronouncement, the president's instructions he gave to Acting Secretary of State Herbert Hoover to read it personally to a press conference at the Denver White House.

Hoover and President Dwight D. Eisenhower, in a 48-hour tour of the West, will depart for Washington Friday morning. Hoover will be with Castillo Armas from St. Louis on Eisenhower's plane, Columbine III. He remained behind to discuss international issues with Eisenhower for 40 minutes.

The ancient Romans made use of a hot air balloon and used them for soaring, much as they do today.

Wolverine Picture Schedule

The Giant Water Bug carries his unborn on his back where they have been placed by the female.

Assn. of Land Grant Colleges Program Set for Educators

The Conducting of Large Classes by Closed-Circuit TV will be one of the subjects to be considered at the 66th annual meeting of the Association of Land Grant Colleges and Universities at Michigan State Monday through Thursday.

The educational television topic will be discussed at a Wednesday evening session by President T. A. Spragens, Stephens College, Mo., and by Prof. C. B. Carpenter, head of the department of psychology, Pennsylvania State University.

More than 900 educational leaders from the 69 land-grant colleges and universities are expected to arrive.

More Effective Teaching in Industry

"More Effective Teaching in Industry" by Adrian L. Ter-Louw, official of the Eastman Kodak Company, also at 2 p.m., Tuesday.
