Michigan State News

EAST LANSING, MICHIGAN — FRIDAY, JANUARY 31, 1958

OCCASIONAL SNOW
The weatherman says today will be cloudy with occasional snow flurries and little change in temperature. Winds will be westerly at 10-15 mph with a high of 31. Low Thursday night was 29.

PRICE 5 CENTS

Dean of Agriculture Thomas Cowden presented awards to three Michigan men Thursday for "distinguished service to Michigan agriculture." The winners (l-r) are Dr. Milton Dickerson, member of the general business faculty; Marshall Wells, WJR farm editor; Cowden and Luther C. Klager, Manchester poultryman.

Opposes Federal Aid Farmers Hear Talk By Union President

John Spoelman, president of the Michigan Farmers' Union, spoke to an overflowing house in Fairchild Theater Thursday morning. He took the stand in his speech that government aid to agriculture is necessary.

Spoelman favors a direct payment program as the best way to use our productive capacity to help out malnutrition, clear the markets and still reward the farmers for their efficiency in a good payment program.

He said "a lack of bargaining power is inherent in agriculture." Government is needed as a balancing power to protect agriculture from monopolies by giving it an equal opportunity.

Industry has governmental balance through tariffs, patent laws, tax write-offs and ability to purchase governmental land at great discounts. Labor benefits under the Wagner Labor Relations Act, the Fair Employment Act.

Spoelman pointed out other laws which get special government aid such as government guaranteed rates for railroads and truck lines.

Dean Thomas Cowden, of the School of Agriculture, presented "distinguished service to Michigan agriculture" awards to the Michigan men Thursday at a Farmers' Week meeting.

Malcolm G. Dickerson, a member of the general business faculty, was one of the men recognized for giving outstanding service or leadership. He was the first producer of hybrid seed corn in Michigan and operates one of the major hybrid seed corn producing firms in the state.

Marshall Wells, farm editor of WJR radio station in Detroit, was honored for his support of 4-H Club programs and his interpretation and reporting of farm news in the state. Wells does a half-hour "Farm Forum" show weekly from the campus with interviews with staff members.

Luther C. Klager, poultryman from Manchester, was the third man honored. Klager operates several hatcheries in the state. His daughter, Janice, is a sophomore here.

A grand total of 38 farm organizations and groups related to agriculture held meetings here during the week. One of the many officers elected was the Union King, Floyd Lynn, onion grower from Homer.

Farmers' Week Events

TODAY

10:00 a.m. American Dairy Association of Michigan—Auditorium, Kellogg center
Onion growers' and muck farmers' program—Auditorium, Music building
Michigan State Grange—31 Union
Modern highways change land uses—Lincoln Rooms A and B, Kellogg center

12:15 p.m. Dairy association meeting and program—Big Ten Room, Kellogg center
Onion growers' and muck farmers' banquet and program—Parlors B and C, Union

1:00 p.m. Township and country planning and zoning—Lincoln Rooms A and B, Kellogg center

1:30 p.m. Michigan State Grange (continued)—31 Union

2:15 p.m. Michigan Onion Growers' meeting and program—Parlors B and C, Union

Exhibits at the football stadium and in the auditorium will be open today until noon.

NEWS IN BRIEF

Baghdad Pact Convo Ends
ANKARA, Turkey (AP)—The Baghdad Alliance concluded its conference here Thursday with an American-backed warning that Communist imperialism is putting more steam behind its efforts to gain control of the Middle East and its oil riches.

French Assured Aid
WASHINGTON (AP)—The French government Thursday was assured \$655,250,000 in emergency aid to help bolster its shaky financial position. Of the total, the United States agreed to make available 274 million dollars, mainly by allowing a delay in French payment of wartime loans.

Unemployment to Ease
WASHINGTON (AP)—Secretary of Labor Mitchell said Thursday the unemployment picture ought to improve after next month. He said a news conference he expects February unemployment will be somewhat less than 4 1/2 million.

Soviet Medicals to Visit U. S.
NEW YORK (AP)—A Tass dispatch received here Thursday said a Soviet medical delegation of five plans to leave Moscow Feb. 8 for a visit to the United States.

Ike Asks for Broad Tariff Powers

Defense Bill Passes For Space-Age Bases

WASHINGTON (AP)—The Senate Thursday rushed through a bill authorizing \$549,570,000 for space age defense bases. Sen. Jackson (D-Wash.) declared "The American people should realize this is only the beginning of a very large defense authorization program."

The legislation would permit an immediate start on new launching sites for ballistic missiles, greater dispersal facilities for planes of the Strategic Air Command (SAC) and similar construction projects.

The \$549,570,000 bill, passed by voice vote, now goes back to the House, which passed it several weeks ago, for action on several changes made by the Senate. The amount of money authorized is not in dispute.

One change would permit the Secretary of the Air Force to shift locations of the proposed SAC bases and give him limited authority to transfer up to 15 percent of certain funds.

Sen. Stennis (D-Miss.), floor manager for the bill, criticized the locations pointed for some of the bases because he said they were close to large populations or industrial areas. He said one proposed base already is "a vital strategic target" and that adding a SAC squadron would be "doubling the attractiveness of the installations as a target."

Another change made by the Senate was to strike out a House rider which would authorize the Secretary of Defense to set up his new Advanced Research Projects Agency (ARPA). Stennis said the rider was not germane to a construction bill.

The emergency authorization bill appropriation bills would give an extra spur of speed to the regular defense budget for the fiscal year starting July 1.

The Senate Appropriations Committee completed closed-door hearings on the appropriations measure Thursday and scheduled a vote for 10 a.m. (EST) today.

One of the last witnesses before the committee was Gen. Curtis E. LeMay, deputy chief of the Air Force, who was reported to have called again for a ship-up in production of B52 bombers, long-range jet planes.

There is no provision for increased B52 production in the emergency bill. Senators said, however, that LeMay and other Air Force witnesses supported the legislation as far as it went.

Sen. Jackson (D-Wash.) also urged a bomber buildup as one of the things "we need to do immediately to stay alive."

"In my view we can get new B52s more rapidly than present plans allow."

State News Photo by Max Shulman
Discussing the forthcoming WKAR-TV production of "Deception" are seated at the table left to right Jerry Bates, Detroit senior; Karen Sklar, Detroit sophomore; Judy Lookanoff, Detroit senior; and Matt Surrill, Newberry sophomore. In back are Don Bumgardner, Pontiac junior; Roger Vrabel, Dearborn junior; and Dick Brunelle, East Lansing sophomore.

All-Student Series Begins WKAR-TV Schedules 'Deception' for Sunday

"Deception," the first in a new series of all-student produced television dramas, is scheduled for Sunday at 12 noon on WKAR-TV, Channel 60.

The series is being produced under the combined auspices of Alpha Epsilon Rho, national radio-television honorary and Theta Alpha Phi, national dramatics honorary. The "division of labor" finds the television group handling camera crews, lighting, lighting, makeup and direction.

Selection of scripts, producer's duties, acting and makeup is divided jointly. The dramatics group works with the actors and script interpretation.

"Deception" was written especially for this series by Henry Waxzynsky, Hamtramck senior, who wrote the original stage play. The play is concerned with Polish guerrillas in World War II.

It is set in the guerrilla headquarters of the underground same place in the Carpathian Mountains. The extensive network with its terror and peril is dramatized with an actual "unraveling" with an actual "unraveling" with an actual "unraveling."

According to producer-director Carl Swierchulski, "East Lansing senior, the action is fast and intense, calculated to shock the audience with the reality of the situation."

Co-director for the production is Pierre Rener, Detroit senior. Marilyn Wilt, Brighton senior, is script director.

Japan Featured In Travel Series

Famed photographer Julian Bryan will present "The New Japan" in MSU's World Travel Series at 8 p.m. Saturday in the Auditorium.

As the last foreign photographer out of Warsaw in 1939, Bryan achieved fame with his still and motion picture films showing the final agony of the Polish capital. His motion picture footage resulted in "Siege," the first movie of World War II.

Since this early triumph, Bryan has taken his camera all over the world and now keeps as many as 125 speaking engagements a year.

Explaining to Col. Merton E. Munson, army ROTC PMSAT, about the new rifle league which goes into full swing today are Cadets Jim Douglas, Detroit junior, representing Officers' Club and Don Buiger, Olivet sophomore, of the Pershing Rifles. Cadet Harold Skamser, East Lansing junior from Scabard and Blade fires the rifle from prone position. This marks the first time the three student military organizations will enter into shooting competition with each other.

Wyoming Waives Claims Teen Pair Signs Agreement For Extradition to Nebraska

DOUGLAS, Wyo. (AP)—Nebraska officers, upon custody Thursday of Charles Starkweather, the youthful, lanky, happy-go-lucky truck driver whose plans landed across two states.

Starkweather and his comely 17-year-old girl friend, Carol Ann Fugate, signed extradition papers, agreeing to return to Lincoln, Neb., where they face murder charges.

Wyoming, accusing Starkweather of another murder, readily yielded to Nebraska's demands for the runty youth, captured here Wednesday.

Gov. Milward Simpson of Wyoming, firm opponent of capital punishment, said earlier Thursday he would commute any death penalty to life imprisonment.

Nebraska insists the death penalty in an electric chair.

Elmer Scheele of Lincoln, Lancaster County attorney, said both Starkweather and his girl friend voluntarily waived extradition.

Scheele said they would be returned to Nebraska as soon as possible. He said Starkweather said he "wasn't going to die."

Starkweather has said his girlfriend had no part in the nine killings that rocked the Lincoln area this week.

Besides those slayings, Nebraska officers have questioned Starkweather about the fatal shooting Dec. 1 of Lincoln service station operator Robert Colvert, 21.

Officers said no attempt would be made to take a formal statement from Starkweather here. But, Detective Lt. E. R. Henniger of Lincoln, said:

12 J-Hop Semi-Formal Ducats Left

Only a dozen semi-formal tickets remained Thursday for the J-Hop, according to Union ticket desk personnel.

It was reported that approximately 900 formal tickets had already been sold.

Formal night, Feb. 8, will feature the crowning of Miss MSU at the information.

On the previous night new members of Blue Key, men's national honorary, will be tapped.

Friday night the Buddy Morrow Band will play 9 p.m. to 1 a.m. Saturday night dancing will last 8-12.

Cadets have been granted 3 a.m. permissions for both nights by A.W.S. Judiciary Board.

Restrictions upon student driving on campus have been waived by the Student Faculty Motor Vehicle Committee. All students will be allowed to drive on-campus during stated hours each night.

These hours will be set at the committee's meeting today and announced next week.

Student Congress Vacancies Filled

Final elections to fill vacancies in Student Congress were held Thursday.

Elected were Thomas Miller, Emersons Grange, Pontiac Park, freshman, 78 votes, over Chel Pelton, Waterford junior, 45; Judy Boucher, Phillips-Burningham sophomore, 8 votes over Judi Dixon's, Hazel Park sophomore, 12.

Galen Foster, Battle Creek sophomore, polled the largest total of votes, 136 to represent West Shore. He won defeated Lewis Newman, Long Beach, N.Y., freshman, JoAnne Slaps, Detroit freshman, will represent South Williams. She polled 4 votes more than Janice Hall's, Holly sophomore, total of eight.

From Scientific Side 3 Groups Look at Education

Education with a science flavor continued to get a going over from various sources Thursday. However, the spokesmen were not so much concerned with teaching the system apart as with strengthening it.

At the first post-Sputnik College-Industry conference of the American society for Engineering Education, at Ann Arbor K. L. Holdeman, asst. dean of engineering at Penn State University, urged more recognition of graduates of technical institutes.

These schools prepare students for technical work in industry in two years rather than granting full college degrees. Holdeman urged that they award associate degrees and added that their graduates be allowed to affiliate with professional engineering societies.

Dr. Edward Teller, speaking in Washington, proposed approaching the subject from the view of the teachers. Teller often called the "father of the hydrogen bomb" proposed doubling the salary of those science teachers who demonstrate special ability.

Here on campus representatives from 48 states will gather to discuss methods of encouraging science and mathematics among high school students. The members of the National Society of Professional Engineers, meeting Feb. 13-15 will also discuss the meaning of Sputnik to the profession.

5 Percent Reduction Requested

Policy to Strengthen
Economy, Security

WASHINGTON (AP)—Congress Thursday that a Congress Thursday that a five-year extension of the reciprocal trade program with broadened authority to negotiate tariff cuts is "essential to America's vital national interests."

It will strengthen our economy which is the foundation of our national security," he said. "It will enhance the economic health and strength of the free world. It will provide a powerful force in waging total peace."

The White House said Eisenhower's program contemplates authority to reduce tariffs by 5 percent each year during the next five years. After the first five percent cut, each succeeding 5 percent reduction would be applied to what remained.

The program appeared to be heading for a sharp fight in Congress, although there were some early professions of support from members of both parties.

Declaring the United States cannot afford to ignore the challenge presented by Communist Russian trade and aid programs, Eisenhower said:

"The assured future of the reciprocal trade program is necessary for our national security and for our future foreign policy."

Eisenhower cited creation of the taxation European economic community as a further and very specific factor necessitating a minimum extension of five years.

Sentiment among a number of GOP House members has been toward more rather than less tariff protection for American industry. They have talked of limiting extension of the trade program to one or two years, instead of extending it for five.

The Ways and Means Committee has scheduled hearings on the legislation to start this week.

Dr. Soria Speaks On Ecuador Art At Marquette U.

An exhibition of the Colonial Art of Ecuador opened at Marquette University recently, featuring Dr. Jose R. Chiriboga, Ambassador to the United States from Ecuador, and Dr. Martin Soria, Professor of Art History, MSU.

Dr. Soria spoke to the invited guests on Colonial Art of Latin America, speaking, color, design, during a recent research trip.

Of particular interest were series, never photographed before, showing inside views of cloistered convents in Quito, strictly closed to all visitors. Dr. Soria was able to enter these convents by special permission and accompanying the family of the President of Ecuador.

The exhibition held at Marquette University will be open to the public Jan. 23-Feb. 8.

U of M Fellowship Offered to Grads

A State College Fellowship, \$1,600-\$1,900 scholarship offered by the University of Michigan, is available to graduate students for 1958-59. U of M sources announced recently.

Application for the award must be submitted today. Information can be obtained at the scholarship office, 291 Student Services building.

The scholarship is not offered for all phases of master degree study. Only those degrees offered through the Horace H. Rackham School of Graduate Study are open.

Council Announces Senior Appointments

Senior Council Thursday announced three seniors appointed to fill vacancies on the council: Caroline Gezon, Grand Rapids, SC (Touring Talent Show); Ken Jones, Sarnia, Canada, social chairman; and Oscar Malik, New York City, member-at-large.

They grew up as boys together in the same neighborhood, attended the same school, began with C&O in 1907. Each is still working.

Attempt to Impress Fails

Atlas Missile Worker Suspended for Talking

CAPE CANAVERAL, Fla. (AP)—An aircraft worker connected with the Atlas missile test program has been suspended for two weeks without pay for "loose talk," the Air Force disclosed Thursday.

The Air Force also said other employees of suspected security violations involving employees of missile contractors are being reviewed.

D. C. Sam Bruno, security officer at the missile test center, said contractors involved in missile testing have increased their programs for security education and security indoctrination.

He said there has been a re-examination of restrictions against unauthorized talk about classified missile projects.

Bruno said the Air Force inspector General Division of General Dynamics Corp., builder of the Atlas 5,000-mile range ballistic missile, that a Convair worker, not a technician, attempted to impress associates with his information about the Atlas program.

He said this information, if true, would have resulted in a serious security breach.

The worker was suspended for two weeks, the equivalent of \$200 and \$300, and warned him that a further breach of security would bring summary dismissal.

Bruno also provided additional details of a security breach announced last month, when a former employee of the government quit her job at the test center after learning she was under suspicion.

Starlight Rendezvous to Theme UB Dance
"Starlight Rendezvous," a Union Board sponsored dance, will be held Saturday night from 9-11 in the Union Ballroom. The Jack Jackson Band will be featured for the evening's dance.

N. Y. Public Schools Offered Protection

Grand Jury Investigation Uncovers Juvenile Violence

NEW YORK (AP)—Mayor Robert F. Wagner Thursday promised police protection to any principal of New York City public schools who "feels that it is necessary."

The mayor also said a new plan "is pretty nearly ready" which would place problem students in special schools.

Wagner's comments were made at a news conference while a heated controversy raged between city school officials and a Kings County grand jury investigating juvenile delinquency in the public schools.

Top school officials say a junior high school principal may have killed himself because a grand juror threatened him with indictment. The foreman of the jury called the charge a "deliberate lie."

Police announced patrolmen have been stationed at 41 schools with seven schools being patrolled inside and out.

George Goldfarb, 33, principal of Brooklyn's John Marshall junior high school, jumped to his death Tuesday from the roof of his apartment house before he was to make his third appearance before the grand jury.

His school was the one in which a 13-year-old white girl was raped 10 days ago by a Negro boy. In other violence, a policeman on duty outside the school was roughed up, and a recreational teacher was assaulted inside the school. Three Negro youths—none students—were arrested in the policeman and teacher assaults.

In another Brooklyn school, a Negro boy raped a Negro girl last Tuesday night.

The third rape of a teen-aged girl in Brooklyn in the past 10 days came Wednesday when a 12-year-old Negro girl was assaulted in a tenement hallway while the girl's younger brother crouched nearby. Two Negro boys, 15 and 16, were arrested later, and charged with the crime.

Officials have been reluctant to comment on any possible racial conflict involved in the John Marshall incidents. The student body at John Marshall is 45 percent Negro and 10 percent Puerto Rican.

While police patrolled the John Marshall school, in the center of Crown Heights, a teen-aged gang issued an ultimatum to the guards.

If the cops come in our school, we will make them move out," said a statement by a group which calls itself the Corsair Lords. The challenge was in a note handed to a newsman outside the school.

In Washington, Rep. Williams (D-Miss.) said: "There is no comparison between Little Rock and Brooklyn. No students have been raped in Little Rock, no students have been stabbed in Little Rock, no students have been beaten up teachers, and there are no organized criminal gangs roaming the streets of Little Rock."

Eastern politicians who were so confident during the Little Rock episode," Williams said, "now are silent as the tomb."

Where are the paratroopers? Why is it that the President has not federalized the New York National Guard? Are our armed services to be used solely in the south to make sure that the President's private definition of peace and order is achieved?"

At his news conference, Mayor Wagner said New York is "as safe as any city in the United States." Citizens have no reason to fear walking the streets, he said.

Asked by newsmen if his own two sons, Robert, Jr., and Duncan, attended public schools, Wagner replied that they attended private schools "because we wanted to give them a—send them to a private school."

But I went to a public school myself," he added.

Joy Tesch Reigns!

Delta Sigma Pi Selects Annual 'Rose Queen'

By TONI ROBB

Through the years, MSU has rapidly gained recognition in the Big 10 for its curriculum and ever-increasing enrollment. Its beautiful campus, its football team and its cheerleaders could forget it? its queens!

This university has a reputation for many things, but one of its specialties is the variety and number of beautiful coeds on campus. It is a rare week if a coed is not being selected to reign for one organization or another.

With the selection of their Rose Queen Delta Sigma Pi has added still another member to the rank and file of feminine pulchritude on campus.

The newest acknowledged beauty is Joy Tesch, Grosse Pointe sophomore representing Sigma Kappa. Majoring in elementary education, the photogenic, green-eyed brunette has a suppressed desire to become a dancer, likes to swim and skate.

Attention Parents

Because of the large increase of married students at the MSU campus, the society page will soon feature a column devoted to birth announcements. Prefront information sent to the News society editor should be typed and include the parents' names, baby's name, date of birth, and weight.

sponsored by the Delta Sigma Pi in which the size of each chapter is determined by the number of members. The first winner received a trophy.

Contestants from all units were judged during the week at the fraternity house by Kay Arnold, Miss MSU, Ed Arnold, senior class president and Ray Guidos, chairman of the contest.

Festive luncheon and dinner winners were held at the Delta Sigma Pi house on Saturday. The Rose Queen was officially crowned at the Delta Sigma Pi party. The Rose Queen was crowned by Barbara Spencer, Delta Sigma Pi, at the Delta Sigma Pi house on Saturday. The queen was crowned by Barbara Spencer, Delta Sigma Pi, at the Delta Sigma Pi house on Saturday. The queen was crowned by Barbara Spencer, Delta Sigma Pi, at the Delta Sigma Pi house on Saturday.

Ballot Box

Recently elected officers of Alpha Epsilon Phi are: president, Carol Silverman,burgh sophomore; secretary, Sharrise Schmitt, sophomore; treasurer, Subar, East Lansing sophomore; and treasurer, Belinda Schmitt, sophomore.

Newly elected officers of Howland House are: president, Allen F. Butcher, MSU graduate student; vice president, Walter J. Clink, Rochester, graduate student; secretary, M. Pullen, Northville, sophomore; and treasurer, Joseph Anderson, Richmond senior.

Recently elected officers of Kappa Delta are: president, Margery Hoops, Wayne, sophomore; vice president, Fran Smith, Detroit junior; PanHel representative, Jan Pickard, Detroit junior.

New initiates of Sigma Kappa are: Joy Tesch, Grosse Pointe, sophomore; Jacqui Johnson, Detroit junior; Kay Woodcox, Auburn, Ind., sophomore.

Spartans to Entertain Boilermaker Tankers

In twelve consecutive years of competition with Purdue the Spartan tankers have yet to drop a meet. As the Spartans host the Boilermakers in Jenison pool Saturday at 2 p.m., there will be no qualms about unlucky thirteenth, but instead another all-out team effort for victory.

Richard O. Papenuth's Boilermakers are not a great threat to Spartan supremacy. Papenuth's Boilermakers, however, is an excellent basketball player and will give State's Phil Gubdel and Don Nichols trouble in the two hundred. Eversman holds the dual meet record 2:12.7.

Extremely versatile, Eversman will undoubtedly swim a lot of the 100 yard relay and may also appear in the 200 yard individual medley.

State's medley relay team will consist of Don Nichols, Frank Melny, Roger Harrison, and Gordon Cornell, he out to swamp Eversman in the individual, along with Harmon, either Les Lebaugh or co-captain Wally Doherty will.

Harmon, who Coach Charles McAffree calls one of the country's best butterfly artists, will try to better the record in the 200 yard butterfly. Also swimming in this event will be Tom Keweenaw, Don Thomas. Purdue entries are Dick Green and Ted Metz.

Diving will prove to be a close contest as Jack Bachli and Jerry Darda of Purdue are pitted against Spartans Jerry Chadwick and Tony Kaufmann. Another Boilermaker to watch for is Mauri Woodworth, a sprinter. He'll be up against Don Patterson in the 100 yard freestyle.

One of the top performances of the day will be the Spartans' attempt to set new varsity and pool records in the 400 yard freestyle relay. The present pool record, 3:25.4, was set by Ohio State in 1952. A combination of Doherty, Cornell, Patterson, Lebaugh, and Dean Taylor will swim this event.

Coach McAffree comments, "Since Purdue is perhaps not as strong collectively as other teams we will meet during the remainder of the season, this gives us an opportunity to use more of our squad."

Play in the Notre Dame-Illinois basketball game at Chicago Stadium is interrupted as a dog romps on the floor Monday. Notre Dame won, 81-67.

Seek 3rd Win

Spartan Gymnast Team To Oppose Hoosiers

The Michigan State gymnasts met the University of Indiana Saturday at 1:30 p.m. in Jenison Fieldhouse.

The Spartans will be attempting to get back on the winning road after dropping a dual meet to Illinois, 90-52, last Saturday.

State's overall record now stands at two wins and one loss. They beat Minnesota and Ohio State, and dropped a decision to the Illini.

Only one Spartan performer remains undefeated after the three meets. He's Dick Becker who specializes in the free exercise event.

The Hoosiers promise to have the strongest team in the 12-

year history of the sport at Indiana, according to Coach Otto Ryser.

"We've always had one or two good men," Ryser stated. "But this year we have more and believe that we can put several good men in each event. This depth makes it a better team than we've ever had before."

Coach Ryser has five letters men returning to his squad. The two are Ron David, Jerry Wright, and Ron Walden.

David's best event is tumbling. Last year he placed eighth in the NCAA, and recorded a season marked 11 firsts, 13 seconds and five thirds.

Ohio State to Clash With Spartan Iceers

Bucks Bring 4-0 League Record Into Tonight's Game

By DAVE BARRELL

The Michigan State hockey team encounters Ohio State tonight in an exhibition contest at the Ice Arena.

Michigan Track Star Ineligible

It would appear that luck is working in favor of Coach Karl Schladerman as he prepares to depart today for Ann Arbor and the Michigan A.A.U. the opening meet of Michigan State's indoor track season, to begin at 1 p.m.

Only Wednesday night brought that Edles Lansing University of Michigan's track to the Big 10 pole vault meet would walk away with top honors in the event this year.

After clearing 14'6" Saturday's Washington Evening Star games, the youthful Pole posed a major problem for Coach Schladerman.

But U of M officials announced Thursday that Landstrom will be ineligible after Friday because of scholastic difficulties. It was confirmed later that he had failed a sociology course last semester.

This is the second time champion that Michigan has been in the space of two weeks, the season not yet underway.

Jim Pace, Michigan's America halfback and star, announced earlier in the year that he would forego the indoor and outdoor seasons in order to hit the track. He also was weighing the possibilities of signing a professional football contract.

Cagers Host Minnesota Victory Could Put State in First Place

Michigan State's basketball team, which in 1954 placed in the top three when the weekend's action is completed, but three more games remain.

The Spartans have to beat Minnesota in its fifth straight game Saturday night at 8 in Jensen Fieldhouse.

Second, Michigan, conference leader with a 3-1 record, must lose on its home court before the regional TV cameras to eighth-place Purdue.

Third, Ohio State, which is in second place with a 4-2 record, must win an encounter to fifth-place Iowa on the Hawkeyes home court.

Consequently, the league standings might be in for a big shakeup by the end of the season, however, the back is setting by perennially tough games.

Expect to play in a hard-fought game Saturday, and if any team is different, it's Michigan. Coach Fordey Anderson said that year Minnesota played its toughest game here when we were in the middle of that long winning streak.

A year ago when we had a four-game losing string and traveled to Minneapolis and beat Minnesota, 72-59, this touched off the game. I certainly hope history doesn't repeat itself," he concluded.

Coach Ozzie Cowles' Spartans have had their troubles this season, but the league competition got underway, Minnesota won four while dropping two, but since its opening victory over Purdue, the current last-place team has gone four straight contests without a win.

The top attraction will be a personal pivot duel between the Spartans' star center, John Green, and Minnesota's sensational sophomore Ron Johnson.

Green has made it a regular practice of stopping the loop's best postmen, and he'll have to be exceptionally sharp this time.

Johnson is 6'7" and rapidly developing into a top scoring threat in the league games. The lanky performer has averaged 16.8 points per game. Against Iowa last Saturday he accounted for 30 points.

Green has steadily displayed his All-American potential. He led the Big 10 in rebounds with 90—a clip of 18 per tilt—and carrying a 16 point average.

Another scoring ace for the Spartans is forward George Kline, who is hitting 22.4 points per contest.

The Spartans will have to defensively throttle both Johnson and Kline. Extensively, the cagers will rely on a quartet of solid marksmen in Green, Larry Hedden at 12.2, Bob Anderson at 11.5, Capt. Jack Quigley at 13. The fifth starter, Tom Rand, has an average of 4.4 points per game, but he has improved this phase with each game.

Games will open at 8 p.m. Prior to the victory double Frish Coach says means will have his unit play.

Students are urged to get to the fieldhouse early. Because of the week many visitors will likely attend the team's game.

Probable Lineups

Pos.	Minnesota	Pos.	Michigan State
1	Francis Hamilton (6-2)	1	Bob Anderson (6-2)
2	George Kline (6-4)	2	Larry Hedden (6-5)
3	Ron Johnson (6-7)	3	John Green (6-5)
4	Rog Johnson (6-6)	4	Jack Quigley (6-3)
5	Marlo Miller (6-0)	5	Tom Rand (6-2)

Canadiens Blank 'Em, 7-0

Wings Lose to Montreal In 'Wild, Wooly' Game

MONTREAL (P)—Montreal's Canadiens submerged the Detroit Red Wings under a 7-0 shutout Wednesday night in a wild and wooly National Hockey League game that all but blew sky high in the third period with an array of shots, yapping and penalties.

The sprawling and squawking game featured a total of 30 penalties, 10 in the first period, 10 in the second and 10 in the third. Two 10-minute misbehaviors and 23 minors.

The league-leading Canadiens, playing without hospitalized defenseman, Ron Fournier, took the lead in the first period by scoring twice in the first 10 minutes.

The league-leading Canadiens, playing without hospitalized defenseman, Ron Fournier, took the lead in the first period by scoring twice in the first 10 minutes.

Fourteen Kennedy of Detroit led the game misconduct for leaving into another argument and wound up by shoving one of the linemen about. The penalty carries an automatic fine of \$5.

Major penalties at \$25 each were handed out to Henri (Rocky) Richard and Andre Provost of Montreal.

At the end of the game Jean Beliveau of Montreal and Al Arbour of Detroit put on the real game match of the night and the given major penalties.

MSU Wrestlers Face Purdue in Dual Meet

The Purdue Boilermakers invade Jensen Fieldhouse on Saturday to take on the Spartan wrestlers. Time of the match is 3 p.m.

The Spartans' lineup had been changed considerably when they met this season. Every time they face a new opponent, a few men have had a starting role.

This time it's Ralph Hurley's chance to break into the lineup. The 177-pound junior defeated Lela Fladeth in practice to move into the spot. It will be Hurley's first match at Michigan State.

Another change will be that Jim Conley starting at the 165-pound class. Jim Ferguson, fought in the 177-pound class.

Another change will be that Jim Conley starting at the 165-pound class. Jim Ferguson, fought in the 177-pound class.

Detroit Beats Nats, 87-83

DETROIT (P)—The Detroit Pistons, coached by Alex DuRoi, sensationally overcame a 10-point deficit and defeated the Syracuse Nationals, 87-83, Wednesday night.

Ducks led the attack in the Pistons, holding 21 points in the first half, and the Detroit servers, Coach DuRoi, usually the Pistons' top scorer, was held to three points.

Donny Schayes of Syracuse took the honors for the most points in the game with 23. Gene Gandy, who scored 20, Harry Kestel and Jim Conley also had notable figures for the Nats, getting 15 and 13 points respectively.

Detroit led at halftime, 44-42. They scored 39 points in the last 15 minutes to overcome a 10-point deficit.

Fencers Host Chicago, Illini

Michigan State's fencing team, winner of two of its three meets this year, hosts Chicago and Illinois at 1:30 p.m. Saturday in Jensen.

Who doesn't know the potential of a fencer? Look at the Spartans' lineup. Coach Chuck Schmittler, who has coached the team for several years, has a number of fencers on the team.

The Spartans have been hit hard by injuries this season, and there are only four left on the team.

Coach Schmittler, who specializes in sabre and foil, has coached the team for several years.

For the tape recording, "The Michigan State Program in Columbia," the forester at Medellin, Columbia, Wayne Gaskins, at the left, discusses the cause of a peculiar deformity and retarded growth observed in cypress seedlings and in some older trees. Lewis E. Swanson, agricultural engineering instructor, holds the mike for the recording. Earl Weaver, animal husbandry professor, looks and listens. This is part of the "World Campus" program.

Keeps Up on Global Activities

MSU Radio Broadcasts 'World Campus' Series

By TOM LOPEZ
MSU radio outlets, WKAR and WKAR-FM, have devised a unique method of keeping in contact daily with seven sections of the globe.

Through the use of tape recordings, WKAR Radio is now broadcasting a series of reports on our global activities, entitled "World Campus."

Arranged in cooperation with Dr. Glen Targant, dean of International Programs at MSU, the broadcasts will describe various projects, the people and the countries affected. Local news, political thinking, economic problems and human interest features will be included.

These educational programs, initiated at the request of the U.S. and local governments, vary from country to country. In Colombia, for example, two groups

of MSU people are exchanging agricultural information. On Olancho, MSU specialists are assisting the University of Ryukyu, educational program, and in Viet Nam others are working with Presidential Diem. Other projects are in progress in Pakistan, Costa Rica, Brazil and the Mexican border area.

The broadcast reports, recorded at the scene, will be presented at 7:30 p.m. each Tuesday and repeated at 7:30 P.m. evenings.

The complete schedule starting tonight, San Pedro, Brazil with Dr. Leonard Ruff, Feb. 4 and 11; Palmyra, Colombia, with Dr. Carl Albrecht, Feb. 11 and 18; Olancho, with Roy Alexander, Feb. 18 and 25; Medellin, Colombia, with Dr. Earl Weaver, Feb. 25 and 26; Saigon, Viet Nam, with Dr. Weaver, Feb. 26 and 27.

ABC, NBC Face Possible Strike

BOSTON (AP)—The union issued possible strike warnings but management officials remained optimistic Thursday as negotiations resumed between the National Assn. of Broadcast Employees and Technicians (NABET) and the National and American Broadcasting Companies.

G. Tyler Byrne, chairman of the union negotiating committee, said "no real progress" has been made on key issues during the conferences which started Jan. 6.

A three year contract between the union and the two networks expires at midnight Friday. A walkout might cripple radio and TV operations at ABC and NBC.

Byrne said "in the important areas such as wages and automatic devices in the industry the companies have refused to give any consideration to union demands."

"Unless they give substantial indication of wanting to resolve major issues, there will be trouble," he added.

Players to Perform Agatha Christie Drama

"Witness For the Prosecution," playwright-author Agatha Christie's famous suspense drama, will run in Lansing Feb. 5-8. Lansing's civic players will put on the production that ran two years in London and 644 performances in New York.

Tickets at \$1.50 each can be purchased at Arkisburg's department store, Paramount News Shop or by phoning IV 4-1142.

Without Dictator Jimenez

Venezuelans Look Forward to New Era of Progress

CARACAS, Venezuela (AP)—Venezuelans have breathed the heady air of freedom for a week and today look forward confidently to a new era of progress.

The eight days since the overthrow of Dictator Marcos Perez Jimenez have seen a steady restoration of the freedoms lost since the downfall of the last constitutional government in 1948.

Freedom of the press has re-

turned. Free elections are promised soon to restore constitutional rule. Unions are free to organize. The hated secret police organization has been abolished.

Political parties welcomed their new freedom to function with a pledge for a truce to bitter rivalry in order to maintain order and consolidate the gains of liberty.

Many nations have recognized the new government junta of

military men and civilians. A new cabinet of respected business and professional men is cleaning out supporters of the old regime.

All political prisoners have been released. Hundreds of political exiles are returning to play an important role in the nation's future.

A week ago Venezuelans awoke and greeted each other with shouts of "happy new

year." The incredible had happened. The dictatorship had collapsed under the exploding fury of nearly 10 years of pent-up hatred.

Perez Jimenez, who had ruled Venezuela with an iron fist, succumbed to the Dominican Republic and a haven with his close friend, Dictator Rafael L. Trujillo.

Perez Jimenez's December time was up.

plebiscite allowing Venezuelans to vote only to continue him in power set off a chain reaction, a new year's day military revolt, and then the uprising last week. The military plot had been laid after two days of heavy street fighting led by civilian Young military officers, and all the armed forces, called the dictator and told him his time was up.

If you're obtaining a degree in

- Electrical Engineering
- Engineering Physics
- Chemical Engineering
- Mechanical Engineering
- Mathematics
- Physics
- Physical Chemistry

there's a PERMANENT CAREER and UNLIMITED FUTURE awaiting you at

PHILCO!

If you want to do creative work in Television, Radio, Communications Equipment, Microwave Systems, Multiplex Equipment

If you're interested in theoretical and experimental work in Solid State, Electron Optics, Acoustics, Applied Mathematics, Transistors and other Semi-Conductor devices

If you prefer to apply your creative talents to the development and design of Refrigerators, Air Conditioners, Ranges, Home Laundry and other Household Appliances

If you're intrigued by the challenge and complexity of the engineering problems in Guided Missiles, High-Speed Data Processing, Bowling and Fire Control Systems, Infrared Devices and Underwater Ordnance

If you want to launch your professional career in Systems Engineering, Automatic Machinery, Mechanized Equipment, Instrumentation and Controls

If you'd like the chance to work with and gain inspiration from a distinguished

corps of scientists and engineers pioneering in new products, new techniques, new processes for the security, well-being and progress of the American public, American industry and the Armed Forces

If you'd like to match your wits against fully worthwhile assignments and have confidence in your ability to rise to increased responsibility and earn promotions on merit

If you want to participate in the accomplishments and rewards of a continually expanding professional staff with endless opportunities for personal advancement and growth

If you want to check your plans for the future against the ground floor opportunities now existing in our Research and Engineering laboratories in the Philadelphia or San Francisco areas

If you want to learn more about the advantages of working with Philco, the generous tuition refund plan, and other aids to your personal and professional development and growth

then...
CONTACT YOUR PLACEMENT OFFICE NOW and establish an interview with PHILCO REPRESENTATIVES
