Crash Kills 21 on Plane For Britain

Champion Soccer Team Hit Hard

MUNICH, Germany (AP)—A British airliner carrying Britain's champion soccer team home from Yugoslavia crashed and burned on its third try to take off in a galestorm Thursday and plunged the European sports world into mourning.

Twenty-one persons were reported killed. Among them were seven football men, eight British sports writers and a member of the plane's crew.

The measure of tragedy was just as though an American professional baseball champion team had suffered a similar loss, even Elizabeth II was among the mourners.

The Munich police department announced the official death toll at 21 and said 23 others survived but some were undergoing emergency operations to keep them alive.

Police feared two Germans were also killed when the jumbo plane struck a house on a gasoline shed.

But smoke trapped some passengers in the flaming wreckage.

The twin-engine Elizabethan of British European Airways had stalled here for refueling en route to London from Belgrade, where the Manchester United soccer team played Yugoslavia's star team to a 3-3 tie Wednesday and advanced to the semifinals of the European cup matches.

Seven sports writers were on the team. Peter Howard of E. A. Millard of the *Manchester Daily Mail* were among the survivors.

But Frank Swift of the *London News of the World*, a former goal keeping star who played 43 times for England before World War II, and then became sports writer, died on the operating table in a hospital.

The team probably was the most valuable collection of soccer players in the world, being worth about \$800,000 in fees if transferred to another club.

The pilot said here afterward the plane had made two attempts to take off before the crash.

Capt. James Thain, the pilot, and his other crew members survived.

A Yugoslav travel agent died in the crash but his wife survived as did a Yugoslav commercial stationed in London and the wife and young son of another Yugoslav diplomat assigned to London.

A PEA statement said no Americans were among the passengers aboard. It said this was the first fatal accident involving a British aircraft since its inception in 1953. The statement said more than 283 million passengers have been carried in 8,000 flights over more than 40 million miles in that period.

Unemployment Pay Hike Asked By Senate Dems

WASHINGTON (AP)—Several Democratic senators jumped on Sen. John Eisenhower Thursday and one of them called the new economic trouble "the new depression."

This was the phrase used by Sen. W. N. Nunn (D-Mich.) in introducing a bill by Sen. Edward M. Kennedy (D-Mass.) to increase unemployment compensation amounts and widen the range of benefits.

Kennedy said present benefits are only a small fraction of current loss in wages.

During the move, Sen. Clark (D-Pa.) accused the President of not taking the lead in the States failed to act.

Clark said, "he has waited by and let the situation continue to drift while employment hardships grow."

At the same time it was disclosed that the administration is urging Congress for emergency aid to help handle increases in unemployment insurance benefit payments.

Robert C. Goodwin, director of the Labor Department's Bureau of Employment Security, and the House Appropriations Committee that insured unemployment in the week ended Jan. 27, 1959, an increase of 400,000 over the previous weekly high in January.

Two journalism majors, Joyce Robb, Detroit senior, and Larry Gustin, Flint junior, interview Bill Lutz, Detroit junior. Journalism students are interviewing couples living in married housing to find out who reads what of the advertisements.

Ask Law Amendment

Newsmen Plead Right to Know'

WASHINGTON (AP)—Appeals to Congress to shatter the shield of secrecy and reinforce the people's right to information about their government rang out Thursday from spokesmen for the nation's newspapers.

Louisville editor James S. Pope and Washington correspondent Clark R. McMillen said Congress has let government officials distort a 169-year-old law which provides for the preservation and filing of records into an instrument for withholding those records from the public.

They urged the House Government Information subcommittee, headed by Rep. Moss (D-Calif.), to tack on a single sentence declaring that this law does not authorize withholding information from the public.

As author of a bill to accomplish this, Moss voiced complete agreement. He disputed a contention by Rep. Hoffman of Michigan, only Republican on the three-member subcommittee, that the amendment would be construed as a mandate that records must be made public.

The old law, sometimes described as the "prescribe regulations" for the custody, use and preservation of the records, papers and property appertaining to the departments.

All 10 government committees oppose the proposed amendment to the law.

Again with Moss' support, the two newsmen agreed that some information should be kept secret—but under specific laws covering specific fields, such as those now applying to military or trade secrets or income tax returns.

Pope, who is executive editor of the *Courier-Journal* and the Louisville Times, said that controlling the operation of the public business requires justification for broader than mere executive whim.

McMillen, a 10-year Navy veteran, had started papers in Japan which showed no physical defects. He lived at 286 E. State Road with two other veterans.

McMillen, correspondent for the *Concord Publications*, represented the freedom of information committee of Sigma Delta Chi, national professional journalistic fraternity.

"Congress," he said, "has got to realize that if it can't investigate it cannot legislate."

Yet he said, it always the executive branch to which the investigative power by "a doctrine of executive secrecy" belongs which it gets only by letting the situation continue to drift while employment hardships grow."

At the same time it was disclosed that the administration is urging Congress for emergency aid to help handle increases in unemployment insurance benefit payments.

Robert C. Goodwin, director of the Labor Department's Bureau of Employment Security, and the House Appropriations Committee that insured unemployment in the week ended Jan. 27, 1959, an increase of 400,000 over the previous weekly high in January.

Student's Death Cause Undetermined

Police Unable To Find Parents

Investigation of the death of ASU student William B. Green, a Wednesday afternoon, concluded Thursday as authorities tried to locate the parents.

Mr. and Mrs. C. D. Green, deceased parents, during the past week from Albany, N.Y., a rural address near Saratoga Springs.

Green, 24, died and remained missing since Aug. 10, 1958, when he was last seen by State Police in his car. Police were searching a campsite by a stream which had been cut back by a storm.

The police said the student was last seen they arrived on the scene. A Lansing physician confirmed the report.

Charles H. Huyck, a 21-year-old sophomore conducted by Dr. Charles J. Hark, Lansing pathologist, failed this far to uncover any cause of death. According to State Troopers, Green had suffered no apparent injuries when he cut out of the trail.

The theory of the cause might have been carbon monoxide poisoning, police said, but a lengthy autopsy failed to show a sufficient percentage for death or illness.

Police revealed also that a check of Green's car showed the master and exhaust systems in good operating order.

Green, a 20-year-old Navy veteran, had started papers in Japan which showed no physical defects. He lived at 286 E. State Road with two other veterans.

He was the phrase used by Sen. W. N. Nunn (D-Mich.) in introducing a bill by Sen. Edward M. Kennedy (D-Mass.) to increase unemployment compensation amounts and widen the range of benefits.

Kennedy said present benefits are only a small fraction of current loss in wages.

During the move, Sen. Clark (D-Pa.) accused the President of not taking the lead in the States failed to act.

Clark said, "he has waited by and let the situation continue to drift while employment hardships grow."

At the same time it was disclosed that the administration is urging Congress for emergency aid to help handle increases in unemployment insurance benefit payments.

Children's Theatre--A Ten Year Old

When the curtain falls for the final time on "The Sleeping Beauty," it will mark the end of the tenth season for the Children's Theatre.

"Beauty" opens tonight at the Lansing Pleasant Grove school with a cast of 21. They range from an actor in the sixth grade to the director, who is an adult professor.

Throughout the decade, the group has played to 203,000 children in Lansing, St. Johns, Grand Rapids and Monroe. The group was founded in 1947 by Eleanor Chase York, who is now Director of the Children's Theatre Conference, the national children's theater organization.

Past productions have not always gone as planned. Among

Faculty Group Stiffens Upper School Policy

2-Point Average May be Required By Colleges in Specific Courses

Students may face stiffer admission requirements in entering the upper school under a policy passed this week by the Academic Senate.

The change will enable the various schools to require two-point academic averages in specific areas related to the course of study, in addition to the two-point all-university average and 62 credits required by the university for entrance into the upper school.

According to Dr. Edward Carlson, dean of Basic College, under the policy the College of Engineering, for example, could establish a two-point average requirement in mathematics if each demand was pertinent to the course of study in the college.

The policy would allow schools to use relevant entrance tests to screen out students not sufficiently prepared to enter the school, Carlson said.

He emphasized, however, that particular requirements must be cleared through the committee structure of the Academic Council before going into effect.

Students completing Basic College requirements but failing to meet a particular school's requirements will be transferred to the College of Science and Arts. Carlson said, where they would either be fitted to one of the college's various programs or placed in an appropriately designed program.

Carlson indicated the policy would be of great benefit to students since it prevents them from pursuing courses of study they are not prepared for.

* * *

In each school, the Academic Senate voted to approve the reading and writing improvement services now offered at State and substitute a basic English course.

An incoming freshman beginning winter term, 1958, will be required to take an entrance English exam, Carlson said. Those failing will be placed in a preparatory English class for the term and allowed to carry only 12 credits.

At the end of the term, those passing the class will assume a normal load of courses, including some communications skills. Those failing must repeat the course, Carlson stated. Students still unable to satisfactorily pass the exam will be dropped from school, he said.

Space Plans Are Mapped

13 Member Committee Formed

Defense Adjustment Attempted by Nation

WASHINGTON (AP)—The Senate created a special committee Thursday to help plan for American exploration and conquest of outer space.

Thirteen senior Senators will be appointed to the policy group. The chairman may be Democratic Leader Johnson of Texas, who proposed the committee and its colleagues.

The movement into space will dominate the affairs of mankind just as the exploration of the western hemisphere dominated the affairs of mankind in the 15th and 17th centuries.

There were several other major developments Thursday in Congress's effort to pull abreast of Russia in the missile-satellite race and adjust U. S. defenses to the space age.

The House passed and sent to President Eisenhower a bill appropriating \$1,410,000,000 for new missiles and atomic submarines and improved air defenses. The money is for the present fiscal year, which ends June 30.

The House also approved compromise legislation affirming Defense Department's authority to proceed with its ballistic missile program and putting Secretary of Defense McNamee in charge of outer space projects for the next year. The Senate has still to act.

Chairman Lewis L. Strauss of the Atomic Energy Commission declared it was imperative to undertake a national project for nuclear propulsion of peaceful interplanetary space vehicles. He discussed the idea before a Senate atomic energy subcommittee.

It was learned the Air Force is offered to try to put a 1,000-pound satellite into orbit by June, using its Thor, an intermediate range ballistic missile. So far the Air Force has not been authorized to enter the satellite program.

The Navy notified Congress it is putting every corner it can to its Polaris combat team ready in two years and possibly sooner. The Polaris is a 1,500-ton missile designed to be fired from atomic submarines either above or below the water.

The Senate vote for a special space committee was 78-1, with Sen. Elmer (D-La) the lone opponent.

Elmer's opposition was not renewed immediately.

Sen. Knowland of California, Democratic Republican leader, gave strong backing to John's suggestion that the committee be created. Knowland said it would prevent duplication of efforts and help to avoid traditional squabbles in Congress.

Music Department To Give Concert Sunday Afternoon

The Colleum Museum of the music department will feature much music at its first concert of the year 4 pm Sunday at 2300, in the International Center.

Dr. J. Murray Barbour, conductor, a group of students performing in a concert.

He featured in a concert of Geneva, Berlin, Paris, and London, and visits to Jordan, Lebanon, Syria and Israel.

Hollywood starlet, Mary Webster, sits in the Union Grill during her visit to Lansing to publicize her latest picture, "Eighteen and Anxious," which is currently showing at a local Lansing theater.

Harvard Man Develops New Cell Variation

CAMBRIDGE, Mass. (UPI)—A Chinese-born scientist at the Harvard School of Public Health has succeeded in developing human cells which exhibit in their chromosomes relatives of genes in the blood sugar considered essential to higher life forms—and this may be the first definitive and specific mutation found in human cells.

A mutation is a sudden variation in which a cell develops new characteristics which then are inherited by its offspring.

The research was reported recently in the journal *Nature*.

The announcement was made

Thursday by the American Cancer Society and the National Institutes of Health which supported the research by Dr. R. Sheng Chen, associated with Dr. Chang, Dr. Robert P. Giesey, and Miss Helen Jenkins.

Chen, 30, has been in the United States since 1949.

He has been working at the Harvard School of Public Health.

Chen's work involved the study of chromosomes and their relationship to cancer.

Intramural Basketball Action

By DON WIEGANDT

Alpha Tau Omega literally rolled over Alpha Kappa Psi by the score of 79-12. Everyone saw action on Coach John Russell's squad. Paul Bando led the Pauls with 16 points; Bruce Kyburz and Bob Idekiss had 14 and 10 points, respectively. Ed Purchiss and Al Berggren also played a strong game for the ATOs. Karl Schwinger managed three for the losers.

Phi Delta Theta

Phi Delta Theta, due to a fine

second half effort, managed to defeat Sigma Alpha Epsilon, 34-22. George Coffey took scoring honors for the game with 18. Chuck Lyon and Paul Uren each tossed in six for the winners. Bill McClain had six for the vanquished.

Hot Shots Down Alcoholics

The Hot Shots, led by Bill Jameson and Don Foremer, played too much for the Alcoholics and went on to win, 36-21. Jameson and Foremer had nine and eight points, respectively.

Sigma Chi Edges L.C.A.

Sigma Chi kept its winning ways by squeaking by Lambda Chi Alpha, 32-30. In a well-balanced contest, the Sig's managed to win in the waning minutes of the game. Ken Winter led the winners with 12 points, while Dave Holland scored eight. Don Lundberg and Jim Clifford were high for the losers with 13 and 10 markers, respectively.

Secondly, the combined efforts of John Mullen, Dave Holt and John McCally couldn't stop the winners, who got off to a good start and never relinquished their lead.

P. K. Phi Whips A. S. Phi

P. K. Phi put up a determined drive in the remaining portion of the game to defeat Alpha Sigma Phi, 27-22. Dennis Connell and Brian Connolly led the winners with 10 and seven points, respectively. Scott Allard threw in 10, while Bill Eastley had eight for the Alpha Sigma.

Sigma Chi Edges L.C.A.

Sigma Chi kept its winning ways by squeaking by Lambda Chi Alpha, 32-30. In a well-balanced contest, the Sig's managed to win in the waning minutes of the game. Ken Winter led the winners with 12 points, while Dave Holland scored eight. Don Lundberg and Jim Clifford were high for the losers with 13 and 10 markers, respectively.

"It's hard to compare scores," said Collins. "For instance, we defeated Ohio by 16 points, and Indiana won over Ohio by two. But this is deceiving."

Their lineup is stacked so that their best men are up against our best. Now if they can beat our best boys we will run into some trouble. It should be an awfully close match," he added.

Also at stake is the beginning of a victory string for the team. State has put together two straight triumphs to even the slate at 2-2.

It will be the first meet away from home in almost a month.

Spartan '5' Travels to Indiana

Wrestlers Also Journey To the Hoosier State

The biggest reason for Colton's apprehension is the loss of his first two wrestlers in the 1672-pound class. His No. 1 grappler in that weight class is Jim Ferguson. He suffered a broken nose two weeks ago.

His No. 2 man is Jim Conley. He received a sprained ankle last week.

The assignment will go to either Ralph Hurley or Bill Allen.

If we had been to win the 167 we would take it," said Colton. "But as it is now we don't know what will happen."

At least, the Spartans are sure of two victories. Don Stroud, a fine 139-pounder, and 202-pound heavyweight Ken Maddow each will be shooting for his fifth straight win without defeat.

Also at stake is the beginning of a victory string for the team. State has put together two straight triumphs to even the slate at 2-2.

It will be the first meet away from home in almost a month.

Back in League Play

Ice at Houghton For Two Contests

By DAVE BARRELL

The Michigan State Hockey team resumes league play tonight against Michigan Tech in the opener of a two-game series at Houghton.

The Spartans downed Ohio State last Friday in an exhibition contest at the Ice Arena, 17-3. The under-manned Buckeye squad was not yet established as a varsity sport and were unable to contain the strong State team.

Michigan Tech, the sleeping dog of the Western Intercollegiate Hockey League, should be a more potent power than Ohio State.

State is fifth in the league of Michigan and Tech.

The Huskies are in last place in the WHHL, but are not as weak as their standing indicates.

Goalie George Cuculick is one of the best in the league and given some good defensive play, should be tough.

The last time the teams met, the Spartan iceers captured two wins, 4-3 and 6-1, on home ice.

MSU Coach Amo Bessone is cautious about this trip to Houghton, because the two games climax Tech's annual Winter Carnival.

Bessone, who used to coach at Tech, said, "We will have more than our share of work cut out for us."

The Huskies are always up for the Winter Carnival series and seldom loose before the holiday crowd.

The Huskies own an overall won and loss record of 6-12. Their record in league play is 3-11. Top scorer for Tech is

Personne, a senior who is the league's top scorer and most valuable player last year, is leading the loop's point-getters with a 24.7 per game average in conference contests.

Forwards Jerry Thompson and Pete Obenske are the only other Huskers ranked in the Big 10's scoring statistics.

Thompson is noticing 10 points per game while Obenske, who dumped in 25 points against Minnesota, is hitting 14 per contest.

Coach Branch McCracken will go along with guards Sam Green and sophomore Bob Wilkinson.

The game will feature a tilt between Dees and State's John Green, the league's top goal-scorers.

Green holds down 11th place in the conference's scoring race with a 16.2 point output. He has the league's rebounders averaging 16 recoveries per tilt.

Anderson is expected to do the same line-up he's used in the previous five games. Drawn assignments are forward Bill Anderson, 10th in scoring with a 16.3 clip, forward Larsen Hansen, 22nd with 13.8, Captain Jim Groggins, 31st with 11.8, and guard Tom Hand, 39th point-gainer.

The clash marks the 11th meeting between the two rivals with Indiana maintaining a commanding advantage of 13-2.

Year ago State drubbed the Hoosiers, 56-61, to win a share of the Big 10 crown and a trip to the NCAA playoffs.

State Hopes To Maintain Big 10 Lead

By LARRY WROBLEWSKI

Hoping to strengthen its first place position, Michigan State's eagles travel to Bloomington, Ind., to tangle with Indiana Saturday night.

The tip-off is slated for 7 p.m. (EST). WKAR-FM, WJR and WJIM will broadcast game.

In three road tests the Spartans have put together a mark.

A victory for the Spartans would place them in an advantageous spot in their drive for a Big 10 title. Currently heading the parade by a half-game in the topsy-turvy race, Coach Fred Anderson's quintet could lengthen its lead.

In other Big 10 play, third-place Michigan entertains ninth-place Illinois, last-place Minnesota journeys to Wisconsin and second-place Ohio State takes on Purdue in Lafayette, Ind.

"This game will be a real one, although it's another game on our schedule. We'll have to come up with our best game win," said Anderson.

The Spartans (4-2) riding a two-game winning streak, will meet a tough contingent in Indiana (3-3). The Hoosiers, smarting from a loss to Minnesota Monday night which would have put them in a two-way tie for first place if they had won, will be especially rough on the home court.

Both teams use the fastbreak style of offense. The dynamic Hoosier attack is centered around All-American center Archie Dees. While the Spartans depend on four of five players hitting in double figures, Dees, a 6'8" veteran who is the league's top scorer and most valuable player last year, is leading the loop's point-getters with a 24.7 per game average in conference contests.

Forwards Jerry Thompson and Pete Obenske are the only other Huskers ranked in the Big 10's scoring statistics.

Thompson is noticing 10 points per game while Obenske, who dumped in 25 points against Minnesota, is hitting 14 per contest.

Coach Branch McCracken will go along with guards Sam Green and sophomore Bob Wilkinson.

The game will feature a tilt between Dees and State's John Green, the league's top goal-scorers.

Green holds down 11th place in the conference's scoring race with a 16.2 point output. He has the league's rebounders averaging 16 recoveries per tilt.

Anderson is expected to do the same line-up he's used in the previous five games. Drawn assignments are forward Bill Anderson, 10th in scoring with a 16.3 clip, forward Larsen Hansen, 22nd with 13.8, Captain Jim Groggins, 31st with 11.8, and guard Tom Hand, 39th point-gainer.

The clash marks the 11th meeting between the two rivals with Indiana maintaining a commanding advantage of 13-2.

Year ago State drubbed the Hoosiers, 56-61, to win a share of the Big 10 crown and a trip to the NCAA playoffs.

The Spartans are looking for a repeat of last year's success.

Both teams use the fastbreak style of offense. The dynamic Hoosier attack is centered around All-American center Archie Dees. Host Relays

'Double Anchor' Key To Spartan Chances

By DARWIN BENNETT

The 25th running of the Michigan State Relays Saturday, will witness color and pageantry equal to any sports event in the nation.

With at least five major Jencson Field House records ensured, the bright uniforms of 21 different colleges and universities will crowd onto the dirt track for top honors in this traditional track event.

Meet Director Karl Schlademan, who predicts strong competition in the relay races which is the heart of the meet, stated, "I can recall when we had such interest in the relay races."

The veteran Michigan State track and cross country coach, guided his desire to win two of the six relay events in the regular Friday schedule.

Competition in the form of Big Eight opponents Kansas and Oklahoma, who will bring strong teams to the Relays.

The Jayhawks will challenge

with distance stars Jerry McNeal and Tom Skuta. McNeal won the two-mile title in the Big Eight meet last year while Skuta is the conference cross country champ.

Coach Bill Easton has entered

his power-laden squad in the distance medley, sprint medley, two-mile and one-mile events.

In the distance medley, Skuta, McNeal, Ray Wyatt and Bob Tague look like a good winner.

Skuta's 14:12 miles will probably run the race. McNeal (9:01 two-mile) and Wyatt (14:57), the quarter-mile, Bob Tague (two-miles) will complete the roster taking on semifinal duties.

The Sooners will build their

attack around standouts Gary Parr, Gail Hodson and Ernst Kleynhans. Hodson, from Hilton, South Africa, has run a 50.2 indoors last year and Eastern all-time best of 48.8 seconds flat for the quarter.

Carr is a pole vaulter who began running in such good time that he switched to running.

In the university mile relay, Schlademan expects Castle and either Gordon Fosburg or Carr, to team with Lean and Aletter.

Running in the quarter, Parr was clocked at a very respectable 47.2 time.

The sprints and hurdle events contain a wealth of top talent.

Ohio State's Glenn Davis, Northwestern's Wilmer Fowler and Eastern's Ernie Shelly highlight this division.

All three will be pitted against each other in the broad jump, even though Wilmer is primarily a dash man.

The long individual runs will give Senior Henry Kennedy a chance to use his great distance running potential.

In last Friday's opening meet, the Michigan AAU, Kennedy, looked very good in placing second to Chicago's Gar Williams in the two-mile run.

The Spartans will enter the distance medley, sprint medley, two-mile and one-mile events.

In the distance medley, Skuta, McNeal, Ray Wyatt and Bob Tague look like a good winner.

Skuta's 14:12 miles will probably run the race. McNeal (9:01 two-mile) and Wyatt (14:57), the quarter-mile, Bob Tague (two-miles) will complete the roster taking on semifinal duties.

The Sooners will build their

Red Wings Tie Canadiens, 1-1

DETROIT (AP)—The Detroit Red Wings and the league-leading Montreal Canadiens battled to a 1-1 tie Tuesday night in a National Hockey League contest marked by brilliant goal tending by the Wings' Terry Sawchuk and Montreal's Jacques Plante.

John Gehan, a veteran from last year, holds down the 168-pound weight and Fred Pettyjohn, who won twice by come-from-behind knockouts last year, will be at 156.

Hugh Washington at 147, Sherman Haynes at 139, and Harry Lancia at 132 pounds complete the roster. Broermann has no entry at 125, and the Spartans will forfeit this position Saturday, as well as throughout the season.

The tournament should give a good indication of MSU's potential since both Idaho State and Jose will be in East Lansing for dual meets later in the month.

John Broermann's Spartans in the last year of varsity competition, and Broermann can figure this will be no championship team.

Working on decorations for the J-Hop to be held Friday and Saturday nights in the Auditorium are, left to right, Carol Hallard, Oakhurst, N.J.; decorations chairman, Jim Johnson, Atlanta, Ind.; and staging chairman, Harvey Rosenburgh, Detroit.

Queen of Queens!

Miss MSU Crowning To Highlight Weekend

Which one will it be? This question can be heard all over campus until Saturday night when the veil is lifted. The wondering students are referring to the crowning of Miss MSU.

Finalists, previously announced by Blue Key, national men's honorary, are Jackie Hattner, Detroit sophomore; Sharon Long, Hamden, Conn., junior; Nancy Stevens, Lansing freshman; Diane Tilton, Shrewsbury, N.J., freshman; Cascade Spamer, Detroit sophomore; Gloria Butt, Grosse Pointe sophomore; Dennis Domino, Ferndale sophomore.

During intermission — Kathy Arnold, Miss MSU of 1957, will crown the new queen.

Miss MSU of the representative sent to the Big 10 contest. She will also represent the school as the unofficial hostess for all events in the coming year.

The J-Hop with its bright, colorful atmosphere dominated the theme of the remaining six weekend socials.

After an evening of dancing to the music of Buddy Morrow, the following groups have planned breakfasts: Lambda Chi Alpha, 11-12:30 a.m.; Mott's Student Council, 11 a.m.; Delta Chi, 12:30-1:45 p.m.; Alpha Kappa Psi, 12-1:30 p.m.; Alpha Gamma Rho, 12-1:30 p.m.; Asher Student Foundation, 1-1:30 p.m. All of the preceding events are to be held on Saturday.

Men of Delta Tau Delta and their dates will attend a J-Hop dinner at the DSH house Saturday from 6-8 p.m.

A short program and dinner

Engagements

DELTA DELTA DELTA

Carol Messer, Pontiac junior to Dean Bissell, Edwardsburg senior and Phi Kappa Sigma.

DELA SIGMA PI

Helen Hayward, Albion graduate and Kappa Delta to Gordon Neffle, Grosse Pointe Woods junior; Arlie Hauer, Buffalo, N.Y., sophomore to Dale Henson, Saginaw, N.Y., senior; Paula Gresch, Mary Crest College to Jim Polozinski, Milwaukee, Wisconsin.

PHI DELTA THETA

Sue Van Schieck, Wauwatosa, Wis., to Chuck Kirchhoff, Silver Creek, Illinois; Sally Novak, Grosse Pointe senior and Phi Beta Phi to Chick Van Dusen, Melvindale.

Traditional J-Hop Marks 57 Years

Annual Affair Features East Indian Decorations

By TONI ROBB

It's here at last—the long-awaited 1958 J-Hop! This is the big dance at MSU that gets more long range planning, more advance anticipation, and sometimes, only sometimes—more publicity than the football team.

Annually, J-Hop night is the magic, exciting night, when every lucky coed with a date puts on her rosé-colored glasses, dresses to the hilt, and dances until dawn. (Well, almost.)

Though the J-Hop is a 57 year annual affair at MSU, which has grown from a one-night eleven-piece band event in 1901 to the big name dance extravaganza of 1958, the basic ingredients of an old tradition still hold true in the present.

There is the same speculation today about favors as when they were first initiated in 1916 with both coeds and their dates receiving souvenirs of the date.

Who guesses as to the nature of the favors still circulate widely and the inevitable person with the "in" still smugly gives obscure hints—keeping curiosities in suspense.

There is a rush of last minute ticket buying and exchanging coincide with all its frustrations and frayed tempers. Juniors on the decoration committee still frantically put finishing touches on their masterpiece of decor, and anxiously hope the chicken wire won't collapse at the last minute.

But there have been a few gradual changes through the years. Breakfasts and pre-parties are the order of the day now, but in 1910, the juniors gave an informal costume party and taffy pull in the armory with the object of getting acquainted before the J-Hop.

Instead of the exotic decorations and Taj Mahal theme which make up the East Indian atmosphere in the auditorium this year, in 1910, the J-Hop featured an 8 course dinner banquet of "exceptional sumptuousness" in the Masonic Temple which was decorated with green and white bunting, palms, and southern sweets.

But aside from these minor differences, the J-Hop is still the big affair at MSU when coeds and their dates can forget midterms, term papers and

finals.
