### Hedden Collects 26 Points; Spartans Face Iowa Tonight

By LARRY WROBLEWSKI  
Special to the State News

BLOOMINGTON, Ind.—Michigan State's basketball team looks to get back on the winning track tonight after its trip to the express was derailed by Indiana Saturday night, 82-79.

## MSU Briefs

### Art Entry Blanks Ready Wednesday

Those interested in the Union Art Show, scheduled Feb. 20-22, should submit entry blanks to the UB office beginning Wednesday through Feb. 26.

There will be six classes of entries: oils, water colors, pen and ink, graphic design, sculpture, and photography. All students are urged to enter, regardless of their major.

John Krenzel, first place winner last year, will have his painting on display. Members of the art department are the entrants.

### Students to Hear Organist Tuesday

George Faxon, organist and director at Trinity Church, Boston, Mass., appears here today in a special organ recital at the People's Church.

The annual program sponsored by the music department and the Lansing chapter of Guild of Organists begins at 8:15 p.m.

Faxon also chairman of the department of church music and professor of organ at Boston University has received high acclaim in this country. The "American Organist" recently rated him as "without doubt a musician's organist."

### Professor Appointed Horticulture Chairman

Donald P. Watson, professor of ornamental horticulture, has been appointed chairman of the Michigan Horticultural Council.

The council represents all horticultural organizations of amateur, professional, commercial horticulturists and educators. It is interested in streamlining horticultural education to keep pace with changing scientific developments.

### Spin Ticket Sale Begins Tuesday

Ticket sales begin Tuesday for the "Fair Lad," this year's Spinning Spin, at the desk on the Union concourse.

Tickets at \$3.75 a couple will be available for the annual girls' affair being held Feb. 20-22 in the Aud.

The Spin will feature the music of Woody Hermann and his band. The first Mr. MSU will be crowned during the inauguration.

Gov. Williams signs the proclamation designating Thursday, Feb. 27, 1958 as International Student Day in Michigan. Watching the governor are Miss Soledad C. Asuncion, of the Philippines and Miss Luksador Kanyanasthiti of Thailand, both MSU students.

## Attempt to Top 2,106 Week-Long Blood Drive Begins Today in Union

Spartan blood will begin to flow into Red Cross canisters at 10 a.m. today, fourth floor of the Union, as the winter blood drive gets underway.

### Carving Knife Kept in Union for Senior Carvers

All seniors are reminded that they can now fulfill a long-standing tradition by carving their initials on the Senior Table located in Old College Hall.

### Adams 'President'

WASHINGTON, (AP)—Paul M. Butler, chairman of the Legislative National Committee, Sunday referred to President Eisenhower's chief aide, Sherman Adams, as "acting president."

### Simpson Redwood Co. To Present Movies

Movies by representatives of the Simpson Redwood Co. will be shown at the 214 Club Thursdays at 7:30 p.m. in the Forestry Club. Any interested student may attend, according to Fred Hillier, Edwood City, Pa., secretary.

# IFC Decision Overruled, ATO Placed on Probation

## Logan Held As Suspect In Assault

### Near Rape Victim Recovering at Olin

By JOHN ALISON  
Claude A. Logan, 31, agriculture student from Jamaica, B.W.I., was formally charged Saturday with assault with intent to rape Mrs. Ralph Brown early Friday morning.

According to a department of public safety official, both Logan and Mrs. Brown were walking outside in the courtyard before the assault at about 2:45 a.m.

Mrs. Brown is in a good condition at Olin, according to Dr. J. H. Wilson, M.D., head of the right ear part of the skull, a fractured mandible, lacerations of the right knee with a laceration on the left knee, bruising on the face, neck, chest and several other places on her body.

Logan in a formal statement said he had been home all evening, however, his name was still on a list of suspects and he was held at the Olin.

After a thorough investigation by the state police, Logan was held at the Olin. Logan has denied all charges against him. In questioning he has not committed himself beyond saying he "was frustrated" according to police officials.

Mrs. Brown identified Logan as her assailant Friday morning at Olin.

Saturday 13 members of Delta Upsilon and other volunteers joined in a fruitless search for the weapon used to inflict Mrs. Brown's injuries.

A father, Claude A. Logan, suspect for assault with intent to rape his wife, is escorted by police officers as he leaves the department of public safety. He is shown on his way to the prosecutor's office Friday morning.

## Concert Set Feb. 18 Bach Duett Distribution Begins Today in Union

Tickets for the February 18 performance of the Lecture-Concert Series Bach Aria Group will be distributed this morning at 9 at the second floor Union Checkroom, a ticket office official announced.

### School Heads Meet Today

Many professors will participate in a conference of 200 school superintendents and school board members at Kellogg Center today.

This annual continuing education event will draw school leaders from 18 counties south and west of Lansing. "What's Ahead for America" is the theme.

Students in the College of Education are invited to attend in the conference. They may obtain details about the program from the office of Dr. Raymond Hatten, at Merrill Hall or from the University Conference offices at Kellogg Center.

This afternoon workshops will deal with such subjects as: methodology planning for schools and communities, science programs in the elementary school, democratic government in a time of crisis and others.

### Death Cause Found

Asphyxia and shock were named along with cerebral edema as a contributing factor in the cause of the death of William R. Goodale, an MSU student. He was found dead in his car on Wood St. Wednesday.

## Board's Criteria 'Inadequate'

### National Warns: Charter in Danger

By DALE FRANZ  
State News Night Editor

The university overruled an IFC decision this weekend and placed Alpha Tau Omega fraternity on probation for an "indefinite period of time."

An executive secretary of the ATO national headquarters told both Henderson and Franzen that the national secretary of the ATO chapter would have a personal interview and have a written report of each chapter branch of the fraternity of the university's activities received.

The national secretary said that if the report of the ATO chapter is not satisfactory, the ATO chapter will be placed on probation for a period of one year.

According to Henderson, the conflicting opinions as to whether or not the occasion was a fraternity responsibility resulted from an incomplete list of criteria previously designed by IFC for adjudicating parties other than those in a chapter house.

The national secretary said that the ATO chapter should be placed on probation for a period of one year.

The national secretary said that the ATO chapter should be placed on probation for a period of one year.

## Cook Awarded Merit Certificate

Dr. Ray L. Cook, head of the department of soil science, was awarded a certificate of merit by the American Society of Sugar Beet Technologists in Detroit this year.

Of the five persons to receive the award, Dr. Cook was the only individual east located in Mississippi River. The awards are made at the biennial meetings of the society.

The citation recognized Dr. Cook's outstanding contributions to the sugar beet industry through his studies on minor element needs of sugar beets and the introduction and production of minimum tillage.

Editorials

Capital Punishment: Yes, We're For It

SINCE PUBLISHING THE editorial "Capital Punishment Has Definite Value" last Tuesday, we have heard considerable comment and controversy on the subject it discussed—what to do with the convicted killer.

We feel, just as the sampling of readers we have heard from seem to, that the variation in state laws covering first degree murder penalties is unjust.

To maintain the concept of equality in the eyes of the law it is necessary, however, that we choose one way or another to treat the killer.

YET THOSE WHO brand the death penalty advocate with these signs of disrespect are themselves the emotional and unthinking in their devoted and almost unanimous acceptance of "thou shalt not kill" at its face value.

The idea of both the sixth commandment and the death penalty statement which follows close on its heels is one and the same: To prevent unnecessary death.

The distinction between the killer "in his right mind" and the one who "needs mental treatment" is an imaginary one, for no wanton murderer is in full mental control of himself.

CERTAINLY IT IS the duty of society to ferret out Charlie Starkweathers early in their lives whenever possible and to mend their warped minds before they have a chance to manifest their potential to be dangerous.

The question of whether or not to punish the killer with death is one which cannot be satisfactorily covered in one, two or a month of editorials.

We do wonder, though, how many of the people who say they believe in the ability to restore the mind of a crazed killer would be willing to hire one as a baby sitter after he's undergone a year or two of "modern rehabilitation."

We can't earmark your contribution, senator! ... We give it where needed ... Republicans and Democrats alike ...

Regime Characterized by Violence

Dominican Republic Strongman Liquidates Political Opposition

EDITOR'S NOTE: The following article is the second in a series concerning the government of the Dominican Republic under Rafael Trujillo.

July, fled to the safety of the Dominican Republic where he himself eventually was mysteriously murdered in the prison at Nizkor.

In 1952 again in New York City, an anti-Trujillo bulletin was shot down in a hallway. And once more the assassins' hand refuge in the Dominican Republic.

In March, 1956, an intrigue began in New York City which resulted in five known murders.

Not in New York City the only sphere of operation for Trujillo's agents outside of the Dominican Republic.

In 1957, Trujillo committed his greatest single atrocity. In an effort to rid the Dominican Republic of alien peasants from neighboring Haiti, thousands of Haitians were rounded up with Dominican territory and they were cut down with machine, bayonet and bullet.

The following year, as a side attraction to the main show, the Rev. Charles Raymond Barnes, an American Episcopalian missionary in the Dominican Republic, was murdered in his home after trying to smuggle out letters describing the massacre.

In 1955, Sergio Bencomo, once Dominican Minister of Interior and then a prominent exile, was shot to death in his New York City apartment. His assassin, Luis de la Fuente Rubirosa, although indicted by a grand jury, fled to the safety of the Dominican Republic where he himself eventually was mysteriously murdered in the prison at Nizkor.

going to see Francisco Guilliani, leader of a prominent Dominican exile party. Unfortunately for the Caribbean's bloody little speck, Rivera Rosas survived the attack.

To the best of our knowledge, the most recent of known external assassinations occurred only five months ago. In Mexico City, in September, 1957, Dr. Theresito Martinez, a top officer in the Dominican Revolutionary Vanguard Party, was shot and killed.

What happened Charlie? I was deceived!

EDITOR'S NOTE: The State News felt that its readership deserved to learn the outcome of the Snicker Snack episode.

Letters to the Editor

Yea, Curve-Cussers!

To the Editor: Congratulations for the column "What's In A Curve?" It is indeed too bad that many students keep fooling themselves with the benefit of the "curve."

The English scientist Thomas Huxley said that the most valuable result of all education is the ability to make yourself do the thing you have to do, when it ought to be done, whether you like it or not.

Most students find that when they are graded on a curve, they don't need to make themselves do this.

It is indeed wonderful to have a State News to point out these things.

# Bombs Called Act of War

## Tunis Paper Hints Break With West

### President Orders Troop Withdrawal

TUNIS (AP)—Angry Tunisians Sunday called the French bombing of a frontier town an act of war. An authoritative newspaper hinted at a break with the West.

President Habib Bourguiba, considered a good friend of the United States, demanded the French pull the last troops out of Tunisia and give up the vital Bizerte naval base at Bizerte. Tunisian officials said the French bombing and strafing Sunday killed 78 persons and wounded 84 in the town of Sakiet Saïd Youssef near the Algerian frontier. They earlier had reported the death toll at 100.

A Swedish Red Cross official, who watched from the town's outskirts as the 25 French warplanes attacked, called it a "horrible sight." He said dead and wounded were lying everywhere.

The French said the attack was a local military incident aimed at wiping out a nest of Algerian rebels harassing French troops and planes from a Tunisian sanctuary. They insisted they had sent a warning advance of the attack.

The influential Tunisian newspaper L'Action, spokesman Bourguiba's ruling National party, accused the French of committing an act of war against their former north African colony.

"The hard reality teaches us every day that hanging onto the necks of the West brings us only humiliations," L'Action said.

"The thing is clear: to be respected in 1958 one cannot remain a friend of the west. To be treated with consideration and courtesy one has to be a Tito or Nasser."

## German Lieder Subject of Concert

The Music Department Concert Series will present Christa Lind, mezzo-soprano, in a recital of German Lieder Friday in the Music Auditorium. Lind is by season ticket. Her single tickets at \$1.50 will be on sale at the door on the night of the concert.

Miss Lindwig is making her fourth tour of this country after three successful ones in Europe, particularly as a festival singer. The young artist has had a steady rise to fame and is acclaimed both for the beauty of her voice and for her outstanding musicianship.

## NEWS IN BRIEF

## ATO

(Continued from Page 1)

prohibition stipulates that: (1) During this probationary period the men of the Epsilon Eta chapter may not engage in any fraternity or university activities as a fraternal group. (2) No women will be allowed in the house except sisters, mothers and out-of-town female guests.

(3) The fraternity shall neither hold parties of their own, nor shall they attend any other parties as a "guest group."

A rushing and pledging program and initiation ceremonies may be continued, Henderson said, and the group may retain its representation at the IFC students' assembly.

A list of the members having action taken against them by ATO's board of review must be submitted to the dean of students office now and following each term the house is on probation.

The chapter may petition to have its probationing privileges returned each term it reaches the minimum average (2.34), Henderson said.

The fraternity is currently on a scholastic probation by the national fraternity similar to university's probation. The national headquarters' probation is automatic whenever a fraternity fails to meet its local minimum average, according to Don Pappas, ATO chapter president.

"I think both fraternities on campus have a scholastic average equal to or surpassing the MSU all-male average," Pappas said.

the field with Indiana hitting on 24 to State's 22. From the foul stripe Coach Branch McRackin's Hoosiers were superior in netting 11 of 17 for a 64.7 percentage, while State notched 22 of 33 tries for a 66.7 percentage.

Hendon was high man with 26 points. The lanky native of Indiana bagged 11 field goals and four free throws.

Indiana's All-American Dees got eight baskets and five free losses for 21 points.

The Spartans maintained their mastery of the backboard by pulling down 57 rebounds to Indiana's 45.

"It was a hard one to lose. We played a good game, but Indiana had good balance scoring with the five starters getting double figures," said Coach Harry Anderson. "Our poor shooting at the foul line probably was the difference. Now it makes our job harder. We certainly hope the students will come out to back us tonight."

## Wings Win in Final Seconds

CHICAGO (AP)—Mick Mickoski's goal with 12 seconds remaining Sunday night gave the Detroit Red Wings a 2-1 National Hockey League victory over the Chicago Black Hawks.

The victory moved the Red Wings into third place ahead of the Boston Bruins, while the Black Hawks fell back into last place, two points behind Toronto.

Chicago had taken a lead early in the first period on Ed Litzenberger's 19th goal of the season. Detroit tied it late in the second frame, when Gordie Howe blasted his 23rd goal of the season past a helpless Glenn Hall in the Chicago cage.

Mickoski's winning marker came after Detroit center Norm Ullman had knocked the puck

of a Black Hawk stick near the Chicago cage.

The ex-Black Hawk beat Hall to the bounding disc and flipped it over the prostrate goalie into the cage.

The tally broke up a tightly-played final frame.

Litzenberger's marker came while Red Wing defenseman Gordon Stratte was serving a holding penalty.

DETROIT (AP)—With a strong fourth quarter surge, the New York Knickerbockers overcame a 10-point deficit and edged the Detroit Pistons, 100-98, before 3,835 in a National Basketball Assn. game here Sunday night.

New York's Carl Braun, who blocked a last-second attempt by the Pistons' Gene Shue to tie the game, was high scorer with 20 points.

The Knicks, making their last appearance of the season against the Pistons here, held Detroit's George Yardley to just 16 points as they came from behind to outscore the Pistons, 30-18, in the final period.

## No Spartan Winners

# Davis Paces MSU Relays

Glenn Davis, Ohio State's "one man team" has paced them closely and to third.

This proved to be the winning order in the finals as Davis edged Shelby again to tie the meet record of 38.3 held jointly by four other sprinters: Horace Smith, Michigan Normal; Charles Had, Michigan State; Tiro Burton, Miami; and Notre Dame's Aubrey Lewis.

Lewis, last year's winner, could not attend Saturday because of an injury suffered during football action this fall. He will not compete in the relay circuit most of the season.

Davis continued to play the role of the "iron man" of the meet by jumping 23 feet, which was good enough for second place. Following closely were teammates Jack Cole (22-11) and Don Faley (22-8 1/2).

Notre Dame who took third and fourth places, respectively.

On one occasion it appeared that Shelby had accomplished a 23 leap but he fell backward, spilling any possibility of breaking the meet record set by Lewis in 1948 at 24.95.

Michigan State was foiled in its quest to win two of the relay events, the two-mile relay and the university mile relay.

In the two-mile relay, Carl Dave Lean took the baton from Willie Atterberry and moved away to pass Kansas' ending man but could not overcome Nebraska's Joe Mullins.

Nebraska's team, composed of Ken Ash, Kelley Barnes, Mullins, Frank and Mullins, had an early lead in the two-mile relay which it maintained through the finish.

In the university mile relay, Nebraska again took a sizable lead. Nebraska was so far ahead that the real race developed between second-running Ohio State and third-running Michigan State.

With one lap to go Atterberry made his move to gain the lead but the Buckeye, who had sprinted like a gazelle for the 220 instead of the 1,600 yards.

Atterberry could not sustain this sudden spurt of speed and dropped back as the curve of the mile race finished 100 feet behind Davis.

Because of the nature of the schools entered in the relay, it was necessary to develop a winter by running two miles and comparing times. Nebraska took first, Kansas second, Ohio State and Purdue tied for third and Michigan fifth.

John Lawlor, B.S. in E.E., Brown, '52, answers some questions about

## An engineering career with the Bell Telephone Companies

John Lawlor is a Transmission Engineer with New England Telephone and Telegraph Company in Boston. His answers reflect his experiences during five years in the telephone business.

**Q** How did you begin as an engineer in the Bell Telephone Companies?

**A** My first fifteen months were spent in "on-the-job" training—changing assignments every three months or so. These assignments gave me a broad, over-all background in telephone engineering. And they were accompanied by plenty of responsibility. They progressed in importance with my ability to handle them.

**Q** What is the attitude of older engineers and supervisors toward young men?

**A** I've found a strong team spirit in the telephone company. You're encouraged to contribute your ideas, and they're received with an open mind. Young men and new ideas are regarded as vital to the continuing growth of the company.

**Q** How about opportunities for advancement?

**A** I'd say they depend on the man. Opportunities to demonstrate your ability come with each new

job you're given. The size and importance of your assignments grow with your ability to handle them. All promotions are made from within, and the growth of the business is creating new openings all the time. One more thing. Most telephone engineering locations are convenient to colleges. You can aid your advancement by keeping on with your studies.

**Q** How does the telephone company stack up where pay is concerned?

**A** Starting salaries are competitive with those offered by most large companies. Raises are based on merit, with several increases during your first two years with the company. What's more, your performance is reviewed regularly to make sure that your pay keeps up with your progress. All things considered, I think a Bell Telephone career is second to none in rewards and opportunities.

Find out about career opportunities for you in the Bell Telephone Companies. Talk with the Bell interviewer when he visits your campus. And read the Bell Telephone booklet on file in your Placement Office, or write for "Challenge and Opportunity" to: College Employment Supervisor, American Telephone and Telegraph Company, 195 Broadway, New York 7, N. Y.

# Tankers Overcome 'Comedy of Errors'

Coch Chuck McCaffree's undefeated Spartan swimmers edged through a "comedy of errors" at Bloomington, Ind., Saturday to clinch their fifth dual meet victory, 59-12.

Although they lost 11 points in disqualifications in the first five events of the meet, the tankers scored first places in nine of the 11 races.

McCaffree termed the contest the "comedian's most five ever seen." The series of incidents which punctuated the swimming began when MSU's 400-yard medley relay squad which defeated Indiana by more than four yards, was disqualified for failure to touch the side of the pool on a turn.

Indiana's seemingly over-zealous turn officials also threw out the Lohaug's second-place finish in the 200-yard individual medley for an illegal turn. It was ruled that Lohaug's hands did not touch the pool edge simultaneously as the rule book states.

Final spots of the meet were captured by Billy Stewart, the Spartans' undefeated sophomore swimmer, who once again picked up victories in both the 100 and 200-yard races. Stewart also won his first of the season's 100-yard races in a time of 1:10.4. He was followed by Indiana's Ben "Honey" Harman who whipped the Spartans' Roger Harmon who whipped Indiana's Ben "Honey" Harman in a time of 1:10.4. Stewart's wins in the 100 and 200-yard races tied one Indiana dual meet record and broke another. Both were set by the Hoosier's Bill Wadley who placed first in these events in the NCAA in 1957.

Stewart's wins in the 200 and 400-yard freestyle races tied one Indiana dual meet record and broke another. Both were set by the Hoosier's Bill Wadley who placed first in these events in the NCAA in 1957.

Stewart's wins in the 200 and 400-yard freestyle races tied one Indiana dual meet record and broke another. Both were set by the Hoosier's Bill Wadley who placed first in these events in the NCAA in 1957.

# Iceers Split Two Games At Houghton

By CLIFF VAN METER, Special to the State News

HOUGHTON — Michigan State's hockey team split a weekend series here with Michigan Tech. State won Friday night, 5-2, but the Huskies bounced back to win Saturday afternoon, 3-1. Both games highlighted Tech's Winter Carnival.

In Friday's game Ross Parks scored the opening at 16:41 of the first period. The Huskies scored both of their goals in the first four minutes of the second period. Fred DeVuono tied the game at 6:57. Terry Moroney scored for State at 14:41 and 19:07. Goalie Joe Selinger received an assist on Moroney's first goal.

In the final stanza State played defensively and Joe Polano scored the only goal into an open net with less than a minute remaining.

The Huskies emerged victorious Saturday afternoon in a sloppily played game. Tech scored once in each of the three periods. DeVuono scored his second goal of the series in the third period to save the Spartans from being shut out.

Selinger was brilliant in the nets both nights and Ed Pollock played one of his best games since donning the green and white in Friday night's tilt.

Spartan coach Arno Besone said, "Our forecasting was great Friday night and we played a good game." After Saturday's game Besone lamented, "We couldn't get the puck-out of our own end of the rink enough."

State hosts Michigan this Friday at 8 p.m. in the Spartan Arena.

# Moser, Stroud Win Matches But Indiana Halts Wrestlers

Don Stroud and Ken Madlow, Michigan State's fine wrestling duo, continued their winning ways, Saturday but the Spartans suffered a 17-11 reversal at the hands of undefeated Indiana.

Stroud had little trouble in seizing a 6-1 decision over Fred Settina in the 137-pound division. Madlow had even less trouble as he won his match on forfeit.

Bob Meese was the only other Spartan to come through for the Spartans, however, with a decision in the 137-pound class. The defeat dropped State below the 500 mark at 2-3 and started a two-day winning streak.

The trip to Bloomington, Ind., was unprofitable from every angle. Coach Fendley Collins had hoped for a victory which would push the Spartans over the 500 mark for the first time this season.

It is less than optimistic over his squad's chances against Indiana—Big 10 favorite, next week. The match is also on forfeit.

The defeat seriously damaged State's chances of finishing with a decision in the 137-pound class. The Spartans will have to win all three remaining matches to turn the tide.

The defeat seriously damaged State's chances of finishing with a decision in the 137-pound class. The Spartans will have to win all three remaining matches to turn the tide.

# "The Easy Way to Place a Classified"

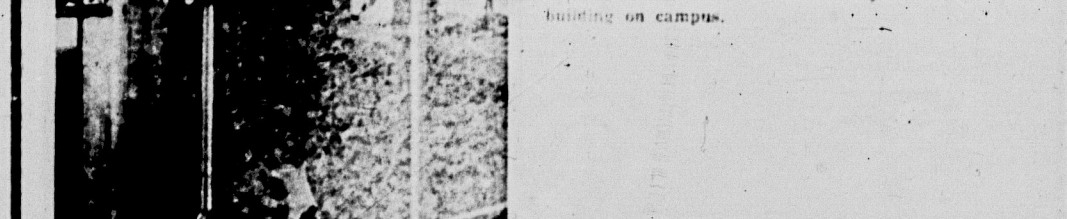

February 10, 1958 MICHIGAN STATE NEWS Page Five

Meet April Cameron, Sigma Kappa Senior, showing you the easy way to place a Campus Classified. April skips over to Student Services (just a minute from Berkeley) and enters the main lobby of the newest building on campus.

The elevator to the third floor takes a half a minute... out the elevator right into the office of the Michigan State News... your daily newspaper. A complete State News Campus Classified schedule gives you choices galore for buying those new skis, finding a new room to live or a ride home.

Meet Mrs. Judy Webster the morning receptionist at the State News office... always helpful and willing to help you write the ad THAT GETS RESULTS!

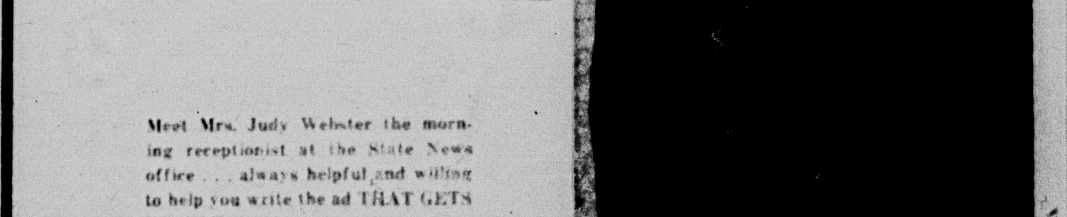

The easy way to place a Campus Classified... takes only a few minutes... Results: surprising and wonderful either to your pocketbook or wandering mind.

# Public Works Program Ready

## Administration Prepared If Recession Widens

WASHINGTON (AP)—Sen. Knowland (R-Calif.) said Sunday the Eisenhower administration is ready to throw a public works program into gear if the business recession widens.

### Senior of the Week

Seniors of the Week named by the Zeta Beta Tau and Phi Kappa Phi chapters of the national fraternities are Lou Weckstein and Jan Reising.

Sen. Humphrey (D-Minn.) said the time to do it is now. Knowland, the Senate Republican leader, told reporters he does not expect any administration proposals to increase government spending unless the economy fails to turn around by midyear.

What is done will depend on developments within the next few months, he said. "The feeling of the administration is that we will pick up in the latter part of the year, before Congress adjourns, the situation will have to be reviewed."

"We have a backlog of public works and reclamation projects that can be used for the purpose of combating unemployment without resorting to the WPA type of organization."

The Work Progress Administration under Franklin D. Roosevelt was designed primarily to provide jobs. Some of its projects were criticized as "do-gooding" with little permanent value.

In contrast to this, Knowland said the administration is keeping tabs on a number of projects that have been approved by the army engineers, authorized by Congress and on which preliminary work has been done.

He said all that would be needed would be a grant of funds by Congress.

"These are all projects that would add considerably to the wealth of the nation," he said. "They will be given consideration if there is no business upturn."

Tryouts for students wishing to enter the April Block and Circle Shows are scheduled Tuesday at 7 p.m. in the Saddle Horse Barn, Terrace Club, Eastern Union announced Sunday.

Six horses loaned by the animal husbandry department will be on hand for exercises. The six top student entries chosen will qualify for the show April 4 and 5.

Student entries will be limited to fifteen in each class. Tryouts are open to all students.

Entries may be phoned to the department or phoned to Dave Longmire, ED 2518, after 6 p.m.

Yale Prof to Discuss 'Wages and Prices'

The Rev. Dr. Reynolds, secretary, professor and chairman of the economics department, Yale University, will discuss "Wages and Prices" in a public lecture at 7:30 p.m. Tuesday evening in Kellogg Center, A-1, under the auspices of the MSU Labor and Industrial Relations Center.

Series to Present Major Speakers

The "North American, The United States" will be discussed tonight in the first of four Canadian-American series at MSU.

The seminar scheduled for 7 p.m. in the Physics Mathematics conference room, will feature outstanding figures in culture, social and political views.

Participants will include: Maxime, The one Canadian of Montreal, a leading expert in the field of French and English literature, will discuss "The Canadian in the United States."

BOB'S TEXACO SERVICE 1301 E. Grand River Ave.

Mr. John H. Pennington is the first customer of the new university grocery store which opens officially today. He was a student at MAC when they "chopped wood half the day."

## Designed for Campus Cooks

### New MSU Food Store Opens

By PAT McCARTY The job of the Spartan wife is seldom an easy one. If she lives on campus a big problem she must face is that of getting groceries.

The food market closest to University Village is several tenths of a mile away, and it's more than twice that far from Spartan Village.

Since it would be impractical to walk that far and carry back a small bag of groceries each day, the women generally limit their shopping to once a week when they have access to the family car.

The situation is being remedied somewhat by two enterprising young families who, until this week, have been engaged in operating the East Lansing Food Company. They are the Richard Penningtons and the Carl Bleil's. Today they are opening their grocery store, the Campus Cupboard.

The idea first came to them when the room adjacent to the coal company office at 1234 S. Harrison Rd. (north of the railroad tracks) was left vacant. They knew that many of the coal companies in the area were putting in other lines, so they began to look around.

It didn't take them long to see the need for a grocery store, nor did they overlook the fact that their location was ideal—in the heart of the married housing.

Mrs. Bleil was made vice president in charge of the operation and Mrs. Marlon Ellis, who has been with the company for fifteen years, was appointed store manager.

The 16-by-23-foot room has been stocked with basic essentials although they plan to add to the present stock as they find out what foods are wanted, keeping with their policy that the store was "designed with the campus cooks in mind."

The store will be open six days a week until 9 p.m. The store's first customer was Mr. John H. Pennington, Mrs. Bleil's and Mr. Pennington's grandfather, who was a student at MAC when they chopped trees half a day, and attended classes the other half.

The family has been sending its members to State for four generations and the custom may continue, for the Penningtons have two children and the Bleils have four. In fact, both women have been "university wives" themselves, and so they feel that they can appreciate the trials and tribulations of the families at MSU.
