## Senator Decides To Stay Bird Changes Earlier Plans

MONDAY, Feb. 25 (AP)—Sen. Harry Byrd (D-Va.) decided Tuesday to remain in Washington to continue his study of the Senate's plan to amend the constitution to give the president the power to appoint and remove judges and officers of the executive branch. The senator's decision comes in a message to the assembly of Virginia, where he is expected to announce a statement of confidence in the cabinet. Sen. Byrd, who has been given as the cabinet's statement of confidence in the cabinet, has been going to Virginia to announce his confidence in the cabinet. His message was given with applause in the assembly, which had asked him to resign. Sen. Byrd's decision to stay in Washington is a surprise, as he had earlier announced that he would return to Virginia to announce his confidence in the cabinet.

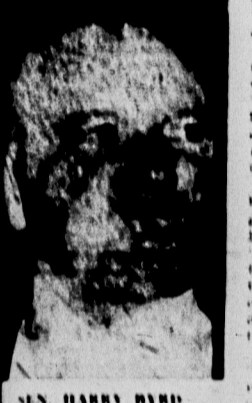

Members of the Canadian Ballet assume some bizarre poses in their performance of the Canadian Ballet's "Underworld Ties" last night at the Aud. The members of the ballet also performed "Le Carnaval" and "Winter Night."

## Ballet Has Great Sport As... Can Can Scores Hit at Aud

The members of the Canadian Ballet in a dance drama party in an early evening performance at the Aud. The ballet, which is a combination of the traditional and the modern, was a great success. The members of the ballet also performed "Le Carnaval" and "Winter Night."

SEN. HARRY BYRD decides to run

Sen. Harry Byrd (D-Va.) has decided to run for re-election in 1960. He has announced this decision in a statement to the press. Byrd has served in the Senate since 1954 and is currently serving his second term. He is a member of the Senate's majority party and is known for his conservative views. His decision to run for re-election is a surprise, as he had earlier announced that he would not seek a second term.

## MSU Grad. Pub Row Man Up for Oscar

A former State News and Spartan magazine editor is a nominee for one of Hollywood's coveted Oscar awards for animation cartoon sketching. Fred Trapp, the artist who did the cartooning on the back walls of Keweenaw, Cuba and in the old Canal building on the 16, is a native of Lansing.

## Fronzizi Gets Peron's Help

Arturo Fronzizi, the Michigan State University student who was arrested for his part in the 1957 riot, has received a letter of support from Peron. The letter, which was written by Peron's secretary, expressed his sympathy for Fronzizi and his hope that he would be able to return to his studies.

## Awards Highlight Ag Honors Dinner

Scholarship, citizenship and activities will pay off to the tune of \$2,435 Thursday night at the Ag. Honors banquet at Peoples Church. Cash will be awarded to 11 outstanding students, and 48 other awards will be given in the form of cups, plaques, books, pens, and certificates at the annual Ag Council sponsored affair.

## Greeks Conduct Successful Drive

The book and clothing drive conducted Monday was termed "very successful" by chairman Bill Walton, Lincoln Park senior. At least eight sorority and fraternity groups participated, according to Walton.

## Goer Speaks on Campus Love

Marvin Goer, asst. prof. of psychology, will speak on "Campus Love" on Thursday at 8:30 p.m. in the Student Center. Goer will discuss the psychological aspects of campus love and how it can be managed in a healthy way.

## Photogs Wanted For Publications

Photographers, here's your chance to earn money, enjoy your hobby and learn press photography. Work for the university students' Publications Box.

## Dean to Discuss Graduate Studies

Dr. Thomas Osgood, dean of the school for advanced graduate studies, will speak on opportunities in the graduate field tonight at 7 p.m. in 32 Union. Qualifications and applications for the available grants are among topics to be discussed.

## Court Movie To Highlight News Tacties

A special film dealing with radio, television and photographic news coverage in courts of law will be shown to members of the law and journalism professions in the Lansing area today and Thursday.

## Vote Canceled

Primary balloting for AWA Judiciary and Activities Board presidents and vice presidents was cancelled Tuesday night. Judiciary President Louise Hornbeck announced.

## Beer in Union Suggested

Beer in the Union at the University of Michigan may be a better way than to have students go off campus to drink, but U of M dean of men Walter Ren doesn't think it will ever happen there.

## U of M Discusses Drinking on Campus

The student body of the University of Michigan has discussed the problem of drinking on campus. The student body has voted to support a resolution that calls for the university to take steps to reduce the amount of alcohol consumed on campus.

## French Use of U.S. Aid Condemned

Washington, D.C., Deputy Under Secretary of State George H. Dillon said Tuesday the French used some American money and equipment in their attack on the Algerian people. He said there was certainly no excuse for this.

## Judges Announced For UB Art Show

Bee Burrows, chairman of the Union Board art show, Tuesday announced judges selected for the event at for March 2-8 in the main lounge of the Union. Bob Irving, Lansing grad asst. and Jim Wegner, Saginaw grad asst. and Mary Zehnder, Frankenmuth grad asst. were selected.

## Army Student's Studies 'In the Bag'

Despite a 20-year layoff from the college scene, John Younger hopes to convert a Secretary of the Army fellowship into a master's degree as well as a teaching process which may save the government thousands of dollars.

charge in the main Student Government office, Student Services, at the floor. This program is one of a series of talks sponsored throughout the year by Academic Benefits, a division of ADUSA.

Read Daily by MSU's 25,000 Students and Faculty

The Michigan State News is published by students of Michigan State University, East Lansing, Mich. without direct faculty supervision...

Full Representation Sought on Campus

REPRESENTATION FOR ALL the people has long been a basic American doctrine. It was taxation without representation that was a prime factor in the American Revolution...

Here at Michigan State there is a similarly large segment of the student body unrepresented in the All University Student Government. This segment consists of the some 2,000 graduate students...

Moreover, these graduate students also have the same obligations and duties as the undergraduates to uphold the reputation of the university.

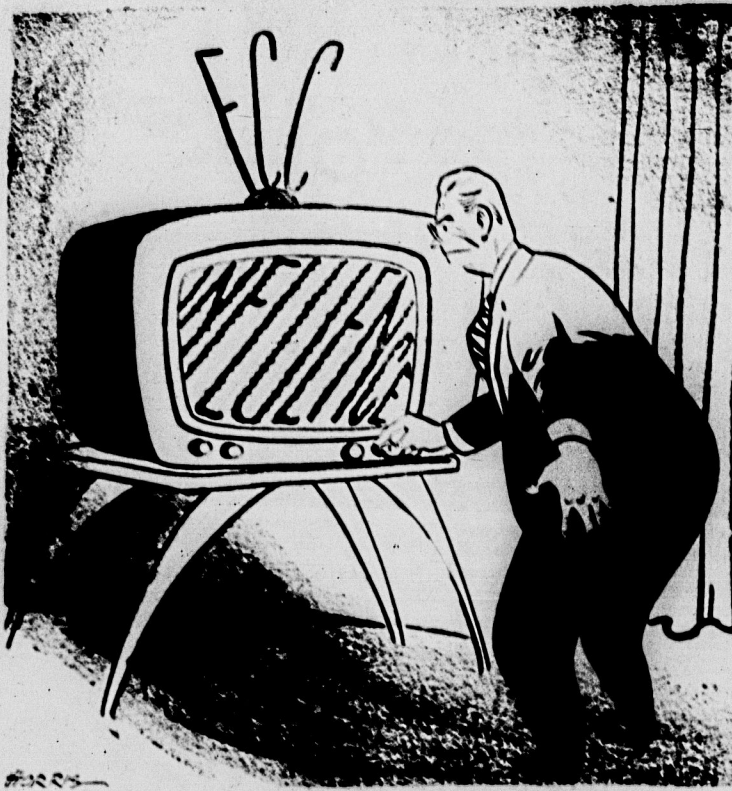

A bill to correct this deficiency in student representation has been introduced in Student Congress and will be considered today.

ON THIS ACCOUNT must be considered the questions: Do they want it? And what can AUSA do for them? Clearly, representation would provide an opportunity for different graduate attitudes and opinions to be stated...

The question of graduate interest must tie in with the 25-cent student government tax, giving the graduates representation would automatically make them "citizens" and so subject to this tax.

A final question to be considered is the method of representation for the 2,000 graduates. The present bill calls for one representative elected at large.

Thus, it would seem that a much-needed and far-sighted bill is now up for consideration. It would speak well for the AUSA and student body, as well as the graduate students, to support it.

Soviets Offered 'Protection'

Czech Freedom Ends in 1948

EDITOR'S NOTE: Milan Jan Reban, a native Czechoslovakian, fled his Communist-dominated homeland in 1939. He received his bachelor of arts degree from the University of Miami and his masters from Vanderbilt. He is now working on his PhD in political science at MSU.

In February 1948, Czechoslovak democracy was overthrown by the Communists in what was one of the major crises of the Cold War.

The impact of the Munich pact on Czechoslovakia was shattering and rightly or wrongly, it led to the realization that the only power which could provide protection against the perpetual German threat was the Soviet Union.

The Munich Pact also negated the British and French position to avert Europe, creating a vacuum for the Soviets to fill. When Soviet tanks rolled into Berlin, Prague and Vienna, the Soviet Union became a Central European power.

Being a small power, Czechoslovakia's international policies were consistent with those of the Soviet Union. However, the democratic leaders attempted through various political and economic agreements to strengthen the ties with the West.

The rift between the two political camps in Czechoslovakia was aggravated by the growing discord between the Soviet Union and the Western powers. A series of events appeared to threaten the Soviet-Stettin-Trustee defensive line.

It was within this broad external setting that the Communists moved to control the country. Thursday we will trace their initial moves.

With the arrival of Communist refugees, the population of Hong Kong has advanced from one million (normal) to 2,750,000. Some Communist refugees are sleeping in holes dug in hillsides outside the town.

you most solemnly, we will do it." Speculation regarding the re-establishment of something resembling the status quo ante would be futile, but the ten years separating us from those stormy days afford a perspective which permits us to examine some of the events leading to the Communist takeover.

The Communist coup cannot be understood without reference to the political climate that evolved from the 1938 Munich crisis. Czechoslovak policies during the inter-war period were Western-oriented and when the Western statesmen yielded to Hitler's demands for the cession of the Sudetenland to Germany, it was "in a manner without parallel in history."

The Munich Pact also negated the British and French position to avert Europe, creating a vacuum for the Soviets to fill. When Soviet tanks rolled into Berlin, Prague and Vienna, the Soviet Union became a Central European power.

Still Seeking Perfection

Announcement was made Tuesday that MSU's morning habit, the State News, has been awarded second place in the Inland Daily Press Assn. typography excellence contest.

The State News continually strives for the fresh, streamlined style of makeup which contributes so greatly to easy readability. The most recent major change was the switch to six column lines, making for more attractive unity of page makeup.

We will continue not only in our aims to provide coverage of each day's top news events as they occur, but will seek to maintain and improve the makeup which has proven itself so well in competition.

Modern Education

Construction Digest observes that almost all man has learned in the last 25 years is how to go faster, work less, spend more and die quicker.

Letter to the Editor

Honors College Not Yet Perfect

To break away from the safety of routine, the prescribed and the generally accepted takes an adventurous spirit, a person with strong beliefs, dissatisfaction and—if the break is to be fruitful—ability.

The ideal of Honors College requires so qualified an individual. It is to allow human beings of superior ability to proceed at their own pace, assumed to be accelerated in the study of what is well known and to follow their individual imaginative paths in areas less well understood, with helpful, unobtrusive guidance from the faculty and stimulation from similarly engaged contemporaries.

Yet the tenor of the times and the non-intellectual atmosphere here at MSU make such a person a rarity. In my opinion, so qualified a person is even more rare in the U.S. and abroad than in the rest of the campus population.

We never had it so good be grateful. That's not the way it's done here. Do you want to make a fool of yourself? These expressions characterize the high point average group. One other characteristic of the successful achievers is a startlingly sound group activities.

I strongly suggest investigation and invitation to Honors College programs of the "honors" student who has not lived up to expectations. This student might be unsuccessful because he is deeply dissatisfied with the status quo, because he has strong beliefs, because the adventurous spirit is hardly restrained on this campus—or elsewhere in our country—for that matter.

Imaginative critical insights is a cornerstone of any change toward the better. And he who thinks we now live in the best of all possible worlds is mad.

If Honors College at MSU is to be outstanding anything more than a collectible prestige item of Honors College is to do more than tread the tired old road of "more work for more writing on your diploma" then the Honors College ideal will have to be fought for, fought for and approached even if not attained.

With the arrival of Communist refugees, the population of Hong Kong has advanced from one million (normal) to 2,750,000. Some Communist refugees are sleeping in holes dug in hillsides outside the town.

GE Stops Fair Trade Operations

Change of Policy Brings Accolades

NEW YORK (AP)—Trade sources asserted Tuesday that General Electric Co. has decided to abandon "fair trade," a practice by which a manufacturer sets minimum store prices.

GE is the country's largest electrical manufacturer with annual sales of more than four billion dollars and is the champion of "fair trade" in the appliance field.

Charles Master, president of Michigan Inc., chain of discount department stores, said he heralded the GE move as a "revolving door" of major proportions for the American shopper.

Masters declared "I congratulate GE on finally recognizing the truth of what we've been saying for years—that fair trade is actually unfair to consumers and manufacturer alike."

GE has been fair trading its small appliances, ranging from electric toasters to toasters, and skillets.

Masters said "GE's change in policy means the death of the fair trade movement."

GE has spent upwards of one-half million dollars a year in bringing suits against merchants who have ignored fair trade contracts.

**Debate Opens on Senate Floor**

**Johnston Opposing Legislation To Up Non-Local Postal Rates**

WASHINGTON (AP) — Sen. Johnston (D-SC) opened debate on postal rate legislation Tuesday, urging revision of a proposed 5-cent hike on inter-city letters. Johnston then went against the recommendations of the Senate Post Office Committee which he heads. The committee voted 7-6 for a temporary, one-year rate of 5 cents on all first class mail. The South Carolina Democrat said the rate bill's provision for raising the basic letter rate from three to four cents goes too far. Johnston said that in itself would mean raising class mail would more than pay its own way, he said. Johnston said he would support a bill that would raise the rate to 5 cents on all first class mail. He said that in itself would mean raising class mail would more than pay its own way, he said. Johnston said he would support a bill that would raise the rate to 5 cents on all first class mail. He said that in itself would mean raising class mail would more than pay its own way, he said.

"By contrast," he said, "the average American home is contributing through personal income-tax payments about \$7.25 a year, or more than 60 cents a month to pay its share of the existing 700 million postal deficit."

**Lecture Set For MSU's Honor Women**

Dr. Elizabeth Drews, associate professor of teacher education, will speak Tuesday on "The Woman Graduate, the American Culture — Impact and Feedback," at a special program prepared for University Honor Women.

Some Democrats hope to tie a raise for postal workers to the rate legislation.

The House Post Office and Civil Service Committee Tuesday approved bills that would give pay boosts to both postal and civil service workers.

The administration has proposed a six percent increase for both categories of workers, with some additional allowances recommended for postal workers. Postmaster General Summersfield has notified the six percent postal pay raise proposed by the administration would boost the average hourly rate for postal clerks and letter carriers to about \$2.23. He said this compared with average straight-time earnings of factory workers of \$2.05.

**U. S. Gives Arab State Recognition**

WASHINGTON (AP) — The United States Tuesday recognized the newly formed United Arab Republic and extended its good wishes. Ambassador Raymond Hare, on behalf of the United States, said the White House announced that Hare, who has been ambassador to Egypt, will be named as envoy to the new republic made up of Egypt and Syria.

**Winter Weather Fails to Fluster Grounds Crew**

With spring on its way (so it would seem), thoughts of zero-degree temperatures and snow drifts are fleeting fast. During this term 31.5 inches of snow fell (normal for the winter) much of which came in one-half to one-inch "muzzies" occurring almost daily.

**Reports Say Reds Moving Soldiers Out of Hungary**

BERLIN (AP) — Soviet troops have begun moving toward the Russian border, the official Communist newspaper Nepravda said Tuesday. This was the first mention of any actual movement of the 17,000 soldiers the Hungarians have promised to take out of Hungary in connection with a cut in Soviet grain forces.

**'Fair Lad' Ducats Available in Union**

Spurster Spin chairman announced Tuesday there are a limited number of tickets still available for "My Fair Lad," Friday night 9-11 in the Auditorium.

**MAN LIKE . . . VARSITY DRIVE-IN**

Wootsy Herman and his Third Herd will provide dance music for the occasion and faculty members will entertain during intermission. "Mister MSU" will also be crowned. Guests can purchase tickets until Friday at the Union ticket office for \$3.75 per couple.

**Tunisian Talks Now Underway**

**First Day Discussion Centered on Algeria**

TUNIS (AP) — Tunisian president Habib Bourguiba said Tuesday night the Algerian rebellion was the chief subject in his first talks with U. S. envoy Robert Murphy, here to try to ease French-Tunisian relations.

"Algeria was the center of our discussion," Bourguiba said after a session of more than two hours with Murphy. "It is the key to the whole problem."

Tunisia has insisted on including Algeria in British-American "good offices" talks but France has insisted the rebellion was her own affair and should be excluded from the discussions with Tunisia.

Murphy told reporters: "We have made a step forward." He said "All problems" had been discussed but he did not specifically mention Algeria.

Murphy arrived here after three days of back-to-back talks in Washington, London and Paris. Well-informed Tunisian sources here said Tunisia would call off the U. S. British "good offices" talks unless the Algerian rebellion is brought into the discussions. Tunisia then would seek help in the UN Security Council.

France wants the middleman efforts of Murphy, a deputy undersecretary of state, and Harold Hooley, the British envoy working with him, to cover the Free movement of French troops in Tunisia. They now are largely confined to their bases.

Security of the Algerian-Tunisian frontier, France complains, is being threatened by the efforts of Murphy, a deputy undersecretary of state, and Harold Hooley, the British envoy working with him, to cover the Free movement of French troops in Tunisia.

With spring on its way (so it would seem), thoughts of zero-degree temperatures and snow drifts are fleeting fast. During this term 31.5 inches of snow fell (normal for the winter) much of which came in one-half to one-inch "muzzies" occurring almost daily.

### Wolverines Lose Big 10 Champ

## Gymnasts at Michigan Friday

The Michigan State gymnasts travel to Ann Arbor Friday for a dual meet with Michigan. The Wolverines are undefeated in three meets this year, with wins over Minnesota, Chicago and Ohio State.

The main and blue gymnasts will be hurt by the loss of their top performer Capt. Ed Gagnier, who was a member of the Canadian Olympic team and was last year's Big 10 champion on the parallel bars.

Michigan State Coach George Savrupa believes the loss of Gagnier will definitely hamper the Wolverines' chances of a win.

Other top performers for Michigan Coach Norm Loken are Coach Jim Maxwell, Elmer Dick, Kenneth Frank, Newman, Charles Clarkson and Jack Eklund. Maxwell works all-around while specializing in the high

bar and parallel bars. He is also outstanding in the free exercise event.

Dick Kimball is an excellent trampolinist and the NCAA diving champion. He has won the Michigan state AAU trampoline title.

Frank Newman is also a trampolinist, holding the Canadian trampoline title. Charles Clarkson specializes in the tumbling and tumbling Jack Eklund is another trampoline specialist.

Michigan State defeated the Wolverines 58 1/2-53 1/2 last year in Jenison fieldhouse.

## IM Schedule

TIME	EVENT
8:00	WRESTLING
8:15	3-4 E. Shaw 2 vs. E. Shaw 5
8:30	5-6 E. Shaw 1 vs. E. Shaw 2
8:45	7-8 Armstrong 4 vs. Armstrong 1

# Cagers Play Iowa, Indiana In Final Conference Tilts

## Sophomore Thinclad Produces

By DARWIN BENNETT

In Friday's 78-63 thinclad victory over Western Michigan, the two-mile run witnessed some unusual running and brought to light a promising sophomore—Arvid Lindholm.

The very start of the race left quite a comment, as Jim Moran moved up on the outside of the 11-man field and into the lead by the first turn.

Moran then proceeded to increase his lead to more than 13 yards in front of his closest challenger.

This might have been part of a strategy move by Coach Karl Schlabachman to put the Bronco distance runners off balance.

Lindholm began to fall back near the half-way mark and teammate Henry Kennedy moved in to the number one position.

Immediately behind was Western's ace distance runner, Art Eversole and Forbly Kennedy.

It was at this point Lindholm made his appearance, running in fourth place.

With two laps to go in the 16-lap run, he made his move. Flashing past Eversole, who had taken the lead from Kennedy on the half, Swedish sophomore swept ahead of the field by nearly 15 feet with a sureness of stride that startled spectators.

With less than half a lap to go and an upset in the making Lindholm faltered, unable to retain the pace that marked his early surge.

As a result, Eversole—momentarily stunned by Lindholm's challenge—regained his lead and went on to win in a very respectable 9:32 1/2.

Friday Kentucky sprinted to ninth second followed by John Wardle of Western, while Lindholm salvaged fourth.

In the light of Lindholm's performance Friday and his good timings early in the season, a bright future for this Pasadena, Calif. product is predicted.

As a result, Eversole—momentarily stunned by Lindholm's challenge—regained his lead and went on to win in a very respectable 9:32 1/2.

## 2 Wins Against Gophers Will Give State Ice Title

By CLIFF VAN METER

Michigan State closes out its hockey season this weekend when they host Minnesota Friday and Saturday nights in Spartan Arena. A double victory for the Spartans would assure them of the Big 10 Hockey Title.

The Gophers have won ten points, the Spartans nine, and Michigan is out of the running with only seven points.

Jack McCartan, Minnesota goalie, and Joe Selinger, Spartan netminder, have a lot at stake in this series. They are both considered possible All-Americans. A goal showing by either may be the deciding factor.

Capt. Bob Jasson, State defenseman, is also a potential All-American. Jasson has been a steady defenseman for three years and has captained the pucksters for the past two years.

Last weekend, while State was dropping two to North Dakota, Minnesota split a series with Michigan at Ann Arbor. The Gophers turned on the scoring punch Friday night to slaughter Michigan 10-5. The Wolverines snuck by the Gophers 3-2 Saturday night.

Earlier in the season the events divided between State and Ohio.

A medals relay team composed of Jari Pettigrew, Elaine Kervik, Nancy Miller, and Jan Porter swam to a first place in 1:03 1/2, second place went to Bowling Green as Ohio State's team was disqualified.

Ohio State came out on top in the 25 yd. individual medley, 50 yd. breaststroke, and the 100 yd. freestyle. Kervik took second in the breaststroke and Miller took second in the 100 yd. freestyle, only five tenths of a second ahead of Bowling Green's third place girl.

Jan Porter and Jan Porter captured first place in the 50 yd. backstroke and 50 yd. freestyle respectively. Mike Worstead took the diving honors as well as a second in the 30 yd. butterfly.

Bowling Green picked up its points in second and third places and two top spots. The remainder of the first places were

## Quiggle Hurts In Purdue Encounter

Michigan State's basketball team is again embroiled in a free-for-all for first place in the hectic Big 10 championship race and there is no let-up in the schedule for the remainder of the season.

The Spartans, now tied for the top spot in the standings with Purdue, must meet Indiana Saturday night at Bloomington and Indiana's Hoosiers on Sunday, March 3.

Iowa and Indiana are currently resting in a tie for third place, one-half game behind the running Spartans and Hoosiers. Both teams have played 7-4 conference marks.

While State and Iowa are slugging it out, the other contenders to the throne—Indiana and Purdue—are playing at Bloomington.

"We're still definitely in good position to win the title," said Coach Forbly Anderson. "Purdue must play the top opponents—Iowa and Indiana as we do, and there's bound to be more upsets before the season is over."

Pondering over the Spartans' 22-20 loss to the Hoosiers Monday night, the coach said in the least, ashamed of his performance.

"The actually proud was the team played at Purdue," commented Anderson. "They displayed true Michigan spirit, and never quit."

Continuing the coach's opinion that the team played the championship should, battling from a nine-point deficit after Capt. Jack Quiggle's shot of the game.

The coach declined to discuss losing Quiggle early in the second half was the turning point in the contest.

"A normal team would have had a letdown after its lead had melted out so early in the game," said Anderson, "but the Spartans didn't."

Quiggle's fourth and fifth came just 11 seconds apart. "After he committed his foul, we tried to get a substitution for him, but before we could he had received his fifth," said the coach.

During the first half Quiggle took a spill when chasing a ball, and Tuesday he was taken to Olin Health Center and stiffened up.

He sustained a slight bruise on his left knee, but should be ready when the Spartans resume their drive for the title on Saturday, according to assistant coach Sonny Mendenhall, a person was unavailable for comment.

The Purdue loss will be the biggest aspect for State and Green had his second best performance of the year with 28 points. Bob Anderson, continued to pace with 19.

"Green played a terrific game," remarked Anderson. "He had a lot of pressure on him, but he was but, came through beautifully."

Concerning the game with Iowa on Saturday, Anderson realizes that the Spartans face up against the same conditions which they face Purdue.

When the team arrives Lansing, Capitol City, A. J. Monday night after the Hoosier game, the players' coaches were stunned when they saw more than 100 loyal fans on hand to greet them.

"I would like to express appreciation for the way the students stood behind us in our latest defeat," Anderson commented. "It shows the spirit of the Michigan State and we know that they'll stand behind us all the way."

Loyal Spartan fans group around the basketball players as they return from Lafayette, Ind., after a 72-70 defeat by Purdue Monday night. Over 100 hardy supporters turned out at Capital City airport at 1 p.m. Notice the ironic markings on the plane's side: Purdue-Michigan State.

## George Gets 44 Pistons Beat Hawks On Yardley's Shots

NEW YORK (AP)—Irrepressible George Yardley tied the score with a desperation hook shot at the buzzer, then fired in two key fielders in overtime as the Detroit Pistons defeated St. Louis 114-113 in an NBA contest at Madison Square Garden Tuesday night.

Yardley, Pro Basketball's top scorer this season, hit for 44 points in a tremendous display of shot-making. But he saved his best for last as the Pistons came from far behind to beat the Western Division titlist.

Trailing by 11 points with about 4 minutes to play, the Pistons went on a 12-point streak. After falling behind by two, they sent the game into overtime as Yardley, taking a corner pass from Chuck Noble, got off a 30-foot hook that swished through the nets. That made it a 105-101 tie at the end of regulation play.

Yardley's jump shot opened the scoring in the overtime. It was his driving, twisting layup that gave the Pistons the lead for keeps with a minute left in the extra session. Detroit actually had this one in the bag the rest of the way, although Cliff Hagan's three-pointer cut the margin to one in the closing seconds.

Veteran Sweetwater Clifton, spending most of the first 44 minutes watching from the bench, triggered Detroit's comeback that began with the Hawks ahead 101-90 and 4:03 remaining. The former Globetrotter scored seven within the next 2 1/2 minutes, led by Wally Dukes for another field goal.

Yardley, the balding jump-shot specialist of the Pistons, needs 169 points to break the all-time National Basketball Assn. scoring record set by George Mikan in 1951.

Yardley scored 139 points in last week's games, which gave him 1,764 for the year. He has averaged 27.1 points for 65 games and has only to average 24.1 points in his remaining seven games to eclipse Mikan's mark. Mikan's total was 1,932.

## Coed Bowling

Alpha Xi Delta copied the Women's Intramural Bowling title last Saturday in the finals. The season began the eleventh of January with 24 teams entered.

Alpha Xi Delta's total of 2,064 pins was followed by Mason Hall's 1,906, good for second place. North Williams was a close third with 1,901. Gilchrist totaled 1,875, and Abbott had 1,769.

High games for the season were by Marian Graves of North Williams with 211 pins, and Shirley Cook of Mason netted 204.

North Williams has the highest team average with 2,000 pins, while Mason and Alpha Xi Delta totaled 1,935 and 1,933, respectively.

## Spartans in 15th Spot Kansas State Still First Ranked in AP Cage Poll

MANHATTAN, Kan. (AP)—The No. 1 National Basketball Ranking is a "great feeling" to both Coach Tex Winter and his Kansas State Wildcats, but they won't be completely happy until they clinch the Big Eight championship.

"I feel better today than I did a week ago when we were first voted the top position," Winter confided after noting his Wildcats retained their lofty perch on a slim margin over West Virginia.

Kansas State had an 8-0 Big Eight record and stood 18-1 for the season going into tonight's game with Oklahoma here. A victory would give K-State the undisputed conference title and

a berth in the NCAA tournament next month.

Winter noted that Nebraska and Iowa State had given his cats a real helping hand in that but to unseat the Kansas Jayhawks as Big Eight Champions, Nebraska pulled the upset of the season in beating Kansas 43-41 last Saturday. Iowa State upset the Jayhawks 48-42 Monday night.

The two losses sagged Kansas' conference record to 6-4, assuring K-State of nothing worse than a tie for the title.

"All we have to do now is win one of our last four games," Wintery commented. "If we didn't win it."

After Tuesday's game, Kansas

State will play Missouri at Manhattan Saturday, Nebraska at Lincoln next Monday and wind up with Kansas at Manhattan the following Saturday.

"If we do lose all of our remaining games, it won't be because of overconfidence," Tex commented. "We've got team spirit to go with team playing balance and big guys like Bob Buzzer (6-11), Jack Parr (6-9) and three really fine unsung starters like Hayden Abbott, Roy Dewitz and Don Matusak."

Going into Tuesday's game Buzzer was the team's leading scorer with a 19.8 average. Parr was averaging 15 points while Abbott was chipping in a 9.8 average. Dewitz 8.6 and Matusak 8.4.

In the Associated Press Rankings Kansas State stayed on top with 727 points compared with 707 for West Virginia, in second place.

\*\*\*  
The standings with points on a 10-9-8-7-6-5-4-3-2-1 basis (first place votes and won-loss records through Saturday, Feb. 22, in parentheses):

1 Kansas State (29) (18-1)	777
2 W Virginia (25) (12-1)	707
3 Cincinnati (15) (7-2)	658
4 San Francisco (7) (2-1)	624

### IM Roundup

## Elevator 1 in 29-8 Win Over Elevator 11

By SY ROSS

Wayne Walter pumped in 11 points Tuesday night to lead Elevator 1 to a 29-8 victory over Elevator 11. The win insured the victors a berth in the quarter final round which gets underway tomorrow evening.

The inability of Elevator 11 to get from the outside was the key factor in determining the outcome of the game.

Gerry Winter chased in with 8 points in the winning cause while Stan Guettler took honors in the rebounding department.

### AGR's Top Delts

Superior rebounding and fine shooting helped Alpha Gamma Rho nose out Delta Tau Delta by the slim score of 26-22. The game started off slowly with both teams having trouble finding the range of the basket. The score at half time was 6-4 in favor of Alpha Gamma Rho.

The Delts were able to tie the score at 10 apiece in the opening minutes of the second half but a quick 5 point rally put AGR into the lead once again.

Louise Miller led the scorers with 9 points but it wasn't enough as Forrest Kelsey and John Walker hit for 8 and 6 pointers respectively in the winning cause.

### Coral Gables Beat Rats

In a roughhouse thriller which went into overtime a strong Coral Gables team edged out the Village Rats 25-24.

# Reclamation May Aid Economy

## White House Studies Plan For Recovery

May Extend Works To Fight Recession

WASHINGTON (AP)—The business slump that emboldened the Eisenhower administration to change its mind about a hold-down on reclamation projects this year.

President Eisenhower and Republican congressional leaders exchanged the sign of an expanded reclamation program at their weekly conference in the White House Tuesday.

Senate GOP Leader Newland (Calif.) reported that Secretary of the Interior Nathan Pusey had requested to review the White reclamation plan and submit a report.

The administration budget provides no new reclamation starts for the fiscal year beginning July 1 and reduces funds for investigations. About 700 million dollars has been requested to keep the program alive in 1955-56.

This amount would probably be increased if the government decided to shift the reclamation program to the fiscal year beginning July 1.

Known as the "water program," it is the mainstay of the Eisenhower administration's economic recovery plan.

The plan calls for the construction of 100 new dams and the improvement of 100 old ones.

The program is expected to create 100,000 jobs and to produce 100 million dollars in new income.

The plan also calls for the construction of 100 new dams and the improvement of 100 old ones.

Fresh-Soph Council members enjoyed a pizza party at the Pizza Pit Tuesday night as Larry Dickinson, manager of the restaurant, hands over the check for the proceeds of the Council's All-University Pizza Week effort to Jim Frink, project chairman and Al Barron, committee worker.

## Freedom of Ideas 'Absurd'

### Ex-Chinese Editor Tells Story of Commie Press

The Western concept of the newspaper as a free market place of ideas and information is "absurd" to the government of a communist China, contends an MSU political science lecturer.

Dr. Franklin Houn, lecturer in China and author of a book on the present government, pointed out in his lecture that the Communist press is not a free market place of ideas and information.

Houn stated that the government operates and subsidizes the press, and naturally does not want it used for non-political purposes. The papers are full of political and ideological matters.

Houn pointed out that the Communist press often tries to "exploit" the workers' union and other groups in the U.S. as a means of establishing two fronts and is attempting to attract labor as well as China and Russia.

Houn pointed out that the Communist press often tries to "exploit" the workers' union and other groups in the U.S. as a means of establishing two fronts and is attempting to attract labor as well as China and Russia.

## Soviets Fire White Russian Police Chief

NEW YORK (AP)—Radio Minsk announced Tuesday the Minister of Internal Affairs—police chief—of the White Russian republic, Mikhail I. Baskakov, has been fired.

The Soviet broadcast, as mentioned by Radio Liberty, American supported organization that broadcasts in Russian to the Soviet Union, gave no explanation for the dismissal.

Baskakov has been police head for years in White Russia, a Soviet republic with a population of eight million the border of Poland. Radio Minsk identified his successor as Sergei I. Sikorsky.

Sikorsky, 50, is a veteran of the White Russian Communist party organization without, so far as known, any previous police experience. He is a member of the Central Committee of the party in White Russia and in 1936 was subjected to severe criticism of his party work. During the war he was a partisan leader behind German lines.

Baskakov was a career policeman. He held important positions in police organizations in Korea, central Asia and the Far East before he was put in charge of police in White Russia.

White Russia is the third Soviet republic to have a change of police chief in the last 12 months. In September new members of internal affairs were named in Armenia and Turkmenistan.

## Nasser Criticizes 'False' Reports

DAMASCUS (AP)—President Nasser of Egypt Tuesday criticized "false" reports that he was planning to visit the United States. He said he would not leave Egypt until after the Arab League meeting in Cairo.

Nasser said he would not leave Egypt until after the Arab League meeting in Cairo. He said he would not leave Egypt until after the Arab League meeting in Cairo.

### your future is NOW at CONVAIR

The Convaire engineering department is a real "engineers" engineering department—imaginative, energetic, explorative—and exceptional care is exercised to make certain that each new employee is assigned to the job for which he is best qualified, depending upon his interest and education.

College graduates are permitted to further their education at either TCU or SMU at company expense, provided their grades are average or better. Personal recognition and advancement, based strictly on merit, provide an incentive for rapid professional growth. In addition, you will discover top-notch engineering facilities, excellent working atmosphere, personal job advantages and salaries that are tops in the industry!

**Personal Interviews ON CAMPUS**

THURSDAY and FRIDAY  
FEBRUARY 27 & 28

Join the team of Engineers and Scientists whose latest achievement is the all-new F-56 America's first super-sonic bomber... who are even now turning to still newer and more stimulating projects in the nearby half-a-dozen Air Force contracts on hand.

Live in a mild climate year-round, with countless recreational, educational and cultural facilities... enjoy a low cost of living with no state sales or income tax. TODAY... investigate the opportunity awaiting you... at CONVAIR-FORT WORTH!

### CONVAIR

CONVAIR IS A DIVISION OF GENERAL DYNAMICS CORPORATION

### Barracks Set For Renters

Approximately 35 barracks apartments are available for immediate occupancy by married students, according to Thomas Dutch, director of housing.

Ten two-bedroom apartments are available at \$39 per month, 15 one-bedroom units are vacant at \$31.50, and 10 apartments consisting of two rooms and a bath are available for \$30. Prices include utilities, Dutch said.

The apartments, which are scheduled to be torn down this summer, will be awarded on a first-come, first-served basis.

Only students with children are eligible for the two-bedroom apartments, according to Dutch.

Interested students may contact the Housing Office, 250 Student Services and should bring their marriage certificates with them. A \$25 deposit is required, returnable upon checking out of the apartment, Dutch said.

### Starts FRIDAY MICHIGAN
