Public Safety

Department Lists Sphere, Objectives

By THE DEPARTMENT OF PUBLIC SAFETY

(EDITOR'S NOTE: The coming of a new school year presents an opportunity for new ideas. So it is with this column. Its avowed purpose will be to promote a better understanding between you, the public, and your Department of Public Safety. This first column will necessarily have to be limited to a brief introduction.)

A bit of background then—we had our 30th birthday last month. From a total complement of one in October 1928, we have grown to a department of 25 sworn officers. Each man is also deputized by the Sheriff of Ingham County. Campus rumor has it that we are full-time students in Police Administration working toward degrees and receiving credit for the work. Such is not the case. We are employed on a full-time basis and the job comes first. It is true that some of us are working toward degrees, but only on a part-time basis.

We are a well-equipped department with several marked and unmarked vehicles all with three-way radio communication. One of these vehicles is a station wagon which is equipped with a portable stretcher. In an emergency we can transport a person to the Health Center.

This question is often raised—"Why are you here?" To put real basic, we are here because you are here. Your attendance makes it necessary for MSU to maintain some 7 square miles of facilities.

Twenty thousand students plus faculty, staff, spouses, and children make this a sizeable community, with all of the law enforcement (plus a few extra) that any municipality this size would encounter.

Contrary to popular opinion—Freshmen, now hear this—our sole purpose is not to harass the automobile driver and enforce the liquor ordinance. Primarily, we are a service organization—24 hours of service—designed solely to fit your needs; very seldom are we called upon to perform at our convenience.

Space will not permit elaboration, so each week we will try to pick a specific service or problem that can be discussed in detail.

Where we can, we'll give you history and policy on these items. In any case, you'll get the facts not argument (ours is not to justify). Sometimes we'll just be newsy—may even come up with a joke now and then.

Constructive criticism, suggestions, and specific questions are invited. Hope we hear from you.

ADLAI STEVENSON listens closely to Edmund "Pat" Brown, California governor-elect, during a meeting in Stevenson's Chicago law office Thursday. Brown, who supported Stevenson in his 1956 presidential campaign, answered questions about the 1960 Democratic convention by saying he intends to fulfill his four-year job as governor.

Artists Find Challenge in Rarity

Concert Gains Only Partial Acceptance

By SAMUEL E. SPRAGUE

Any artist presenting music that is seldom heard enjoys freedom from comparison with other performances of the same work by different artists.

Father of MSU Football Stars Dies Saturday

Myron Wilson, 64, the father of three MSU football stars, died Saturday from a heart attack while his youngest son, Tom, was playing quarterback for the Spartans in the Minnesota game.

It was Tom's first start for the Spartans, who were beaten 39-12.

Another son and former MSU football star, John, was at home with his father as he listened to the beginning of the game. Wilson collapsed during the first quarter.

The third son, Pat, is now a lieutenant in the army. Pat played football and basketball at MSU, and was quarterback in 1954-56.

The senior Wilson was former city manager of Lapeer, did machine repair for National Twist Drill of Rochester for the past seven years, and had said he was about to retire.

Funeral services will be held in Lapeer Wednesday at 10 a.m.

WKAR Receives Service Award

WKAR, the radio service of MSU today was granted the National Safety Council's Public Interest Award for exceptional service to farm safety.

Other Michigan winners of the non-competitive award are The Michigan Farmer and radio station WHFB, Benton Harbor. In all, two radio networks, eight television stations, 20 radio stations and 11 magazines in America were cited.

The awards were conferred for outstanding activities in connection with the 15th annual National Farm Safety Week last July and for exceptional service to farm safety during the preceding 12-month period.

The award was the fourth consecutive one for WKAR, according to Lawrence Frymier, station manager. The only other educational radio station winner this year was KUOM of the University of Minnesota.

N.Y. Opera Tickets Available Tuesday

Tickets for the New York City Opera performances of "Abduction from Seraglio" scheduled Nov. 24, and "La Boheme" Nov. 26 will be distributed Tuesday at 9 a.m. in the Union second floor checkroom.

Coupon "E" of activity books must be exchanged for tickets.

Mayor of Berlin Denies Chance of Red Blockade

Malenkov Reported 'Purged'

Former Premier Shot During Trial

Former Soviet Premier Georgi Malenkov has been shot to death by a short-tempered interrogator for refusing to "co-operate" in his assigned role as star witness at a purge trial planned by Premier Nikita Khrushchev, informed British sources disclosed Sunday in a Detroit Free Press exclusive.

Apart from Malenkov, the other principals were V. M. Molotov, Georgi Zhukov, Mikhail M. Karanovich, Dmitri Shepilov and Nikolai Bulganin, all ousted from office in June, 1957, as "anti-party."

Bulganin, from whom Khrushchev seized Soviet leadership, was not specifically charged with anti-party activities until last week.

The sources said the new outbreak of a cold-war fever in Berlin was a smoke screen, such as Khrushchev could be expected to put up to divert attention from the trial.

Khrushchev was understood to have been furious at the unwarmed slaying of Malenkov. Intelligence reports from behind the Iron Curtain identified the killer as Col. A. N. Ledebev, of the Kazakhstan security police.

They said Malenkov's refusal to co-operate in getting himself and his former colleagues sentenced to death in a well-staged public trial so enraged the colonel that he lost his head and riddled him with bullets.

Malenkov emerged as top man after Premier Josef Stalin died in March, 1953, but almost from the outset of his power-packed premiership the challenge from Khrushchev was felt. For six months Malenkov was party leader and he was premier for two years.

GEORGI MALENKOV ... reported slain in purge ...

B'nai B'rith Leader Raps Racial Strife

NEW YORK (AP) — The President of B'nai B'rith said Sunday fundamental good relations between the South's Jews and their neighbors have not changed despite bombings of Jewish houses of worship and other anti-Jewish incidents there.

Philip M. Klutznick of Park Forest, Ill., added "there is no real rupture in the religious harmony and interaction of the southern community that have made it comfortable for Jews to live there."

He addressed the 115th annual meeting of the Jewish organization at the Waldorf-Astoria Hotel.

Klutznick said "it was predictable that southerners would share with their Jewish neighbors the same contempt and sense of outrage over the recent wave of anti-semitic violence."

He warned, however, that "the southern atmosphere will be clouded with anti-semitic tensions so long as organized Jewish-hating movements are free to exploit the South's dilemma over segregation."

Klutznick said much of the hate literature now being distributed throughout the South is "carpetbagging stuff — North-south in origin and trying to disguise itself with a southern accent."

He added that the anti-semitic movements by themselves "are of little consequence. The danger lies in their ability to spread distrust and religious dissension in the tight setting."

BULLETIN

DETROIT (AP) — Chrysler Corp. and the United Auto Workers Union Sunday night came to terms on the last of their company-wide contracts, ending a paralyzing strike that started five days ago.

The company said it hoped to resume full scale production of 1959 model cars today.

Gives Views in Radio Talk To West Berliners Sunday

Mayor Suspects Communist Campaign To Force Western Allies Out of Berlin

BERLIN (AP)—Willy Brandt, mayor of West Berlin, said Sunday he does not believe the Communists are going to blockade his city now. In a soothing radio address to fellow West Berliners, Brandt declared:

"I do not believe we stand on the threshold of a dramatic development. I do not believe that the American transport planes which are standing by will have to be used."

Brandt said he suspects the Russians and East Germans are campaigning to get the western Allies out of West Berlin for two main reasons:

1. They want to stop the stream of anti-Communist refugees using West Berlin as a gateway to the West. The Communists want to stop the stream, Brandt said, by making would-be refugees fear that West Berlin will soon become Communist territory and therefore not a safe destination.

2. The Communists want to shatter the stability of West Berlin's free economy.

West Berlin, a capitalist island 110 miles inside East Germany, has two major industries — the manufacture of electrical goods and the designing and manufacture of female fashions. The fashion industry, for example, brings in more than 200 million dollars every year from Western Europe and other parts of the world.

The United States has spent millions of dollars boosting West Berlin's economy. Any Communist threat against the city immediately causes businessmen to think twice about investing any more of their money in it.

The current threat against the city was unleashed last Monday in Moscow by Soviet Premier Nikita Khrushchev. He said the Russians are going to give up their occupation rights in East Berlin and turn them over to the East German Communist regime. He said the Western Allies should do the same in West Berlin.

Brandt started off his speech by saying, "the eyes of the world are once again turned on our city. Our city stands in the center of world interest and diplomatic discussions."

Brandt started off his speech by saying, "the eyes of the world are once again turned on our city. Our city stands in the center of world interest and diplomatic discussions."

Brandt started off his speech by saying, "the eyes of the world are once again turned on our city. Our city stands in the center of world interest and diplomatic discussions."

Michigan Police To Study Traffic Probe Problems

Police officers from Michigan communities will study traffic accident investigation problems during a week-long course opening today in Kellong Center.

The relationship of accident investigation to the total program of accident prevention will be stressed, according to course officials.

The course is one in a special traffic series sponsored by the School of Police Administration and Public Safety, the Highway

No Sweat GI!

The Veterans Assn. has extended the sign-up date for the Detroit Lions-Chicago Bears football trip to accommodate members who want to go but have not signed up because their checks have not arrived. All such members are asked to attend a special meeting in 316 Student Services Wednesday at 7:30 p.m.

Traffic Safety Center and Continuing Education Service. Agencies cooperating in the series are the Michigan State Police, Michigan Assn. of Chiefs of Police, Michigan Sheriffs Assn., Michigan Department of Public Instruction and the Michigan Municipal League.

All members are also required to take the test. Requirements for membership are: intramural swimming, current senior lifesaving and a 2.0 all college grade-point average.

NEWS IN BRIEF

A-Test Ban Talks Bog Down

GENEVA (AP)—A breakdown of the East-West negotiations on arms test suspension clearly became a possibility Sunday in view of rejection by each side of proposals put forward by the other.

The United States rejected a Soviet plan on the ground the Russians sought to extract a promise to end tests without giving guarantees on a control system.

The Soviet Union turned thumbs down on a counter-proposal advanced by the U. S.

Hungarians Elect Red Parliament

BUDAPEST (AP)—Just two years after the bloody uprising against Soviet domination, six million Hungarians elected a Communist Parliament Sunday in an atmosphere of indifference.

Voters got the impression that everyone concerned, even top officials of the satellite regime, were just going through the motions.

The ballots carried only the names of candidates selected by the Communist-led People's Patriotic Front (PPF). About 70 percent of those on the official list are party members.

Reds Release American Tourist

BERLIN (AP)—American tourist George S. Milroy was freed Saturday night after being held as a pawn by the East German Communists for a month in the East-West diplomatic tug-of-war over Berlin.

The Communists gave no explanations for the sudden change of attitude after attempting unsuccessfully to force American recognition of the satellite regime by insisting the United States negotiate directly with the East Germans for Milroy's release.

The U. S. mission in Berlin snubbed the bid and stuck by the position that responsibility for protecting American interests in Germany rests with the Russians under postwar Big Four agreements.

Soviet Union, India Sign Trade Pact

LONDON (AP)—A five-year trade agreement between the Soviet Union and India was signed in Moscow Sunday.

Radio Moscow said the two governments agreed to "increase trade to the maximum extent possible." The announcement gave no estimate of volume.

The agreement contains a most favored nation clause for trade between the countries and establishes a clearing procedure without conversion of Indian rupees, in which payment will be made, into gold sterling or any other currency," the radio said. "This is in accordance with the desire of both countries to carry out trade on a balanced basis without any expenditure of foreign exchange."

Critic of French Policy Honored

PARIS (AP)—Francis Mauriac, 78, persistent critic of France's foreign policy, was awarded the Grand Cross of the Legion of Honor Sunday. His elevation to the legion's top rank was approved by President Charles de Gaulle.

COEDS FROM PARANAMA City College gather around a pool during preliminary judging to select a Queen for the annual Tournament of Roses and the Rose Bowl game. One of them will reign at this year's festivities.

Minnesota Gophers Bury Spartan Gridders in Big 10 Basement, 39-12

By HARDY CHRIST
State News Sports Editor

With every game, Michigan State's gridders are making history, but unfortunately it's the kind that you would rather bury deep into Spartan athletic history and forget.

In one of the darkest days of modern MSU football history, the Spartans suffered a 39-12 defeat to Minnesota Saturday at Memorial Stadium in Minneapolis to wind up in the Big 10 cellar for the first time since entering the conference.

With a final record of no wins, five losses and one tie, the Spartans wrapped up their 1958 Big 10 season in last place. It was the first time that a Duffy Daugherty coached squad failed to win a game in conference play.

Not only that, but the loss to Minnesota was the Spartans' fifth straight. You have to go way back in the record books — to the year 1917 — to find a longer losing streak. That year the Spartans lost nine in a row.

And the defeat was the worst suffered by a Michigan State team since 1947, when the Uni-

versity of Michigan imposed a 55-0 shutout.

Spotting Minnesota two quick first period touchdowns, the Spartans bounced back with two of their own to make it a tight 13-12 halftime as the first half ended.

But a series of fumbles and intercepted passes in the second half broke the game wide open and the game was a run-away for the victory-starved Gophers.

The win for Minnesota was its first of the season against seven losses, and during a two-year span, it broke a 10-game losing streak.

The Gophers capitalized on the first of numerous Michigan State errors to open the scoring early in the first period.

Dean Look, in punt formation on his own 25-yard line, received a bad pass from center and couldn't get his kick away. The Gophers took over, and in nine plays the score was 6-0. Quarterback Tom Johnson went the final yard into paydirt.

By Gerths' one-point extra point boot was perfect and the Gophers led, 7-0. Minnesota drove 46 yards for

its second score minutes later, with fullback Roger Hagberg crashing through the center of State's line for the final yard.

After a 15-yard penalty against Minnesota, the two-point conversion was no good.

Then a fire ignited under the Spartans, as they came back with touchdowns in each the first and second quarters.

Halfback Al Luplow returned a Minnesota kickoff from his own four to the Gopher 43-yard line and the Spartans were in business.

With chunks of 13 and 17 yards picked up by fullback Park Baker and quarterback Mike Panitch, halfback Herb Adderley turned the left end for the final 11-yards and a Spartan score. Cpt. Sam Williams' extra-point boot was wide.

A seemingly-revived Michigan State squad wasn't through yet. Starting from their own 30-yard line, the Spartans drove for their second touchdown early in the second quarter.

Runs by Adderley, Baker and Luplow, a pass interference penalty against Minnesota, and a 17-yard pass from Panitch to

Williams put the ball on Minnesota's one-yard line. From there it took Panitch three tries before going over for the score.

Going for the two-point conversion, the Spartans missed and the score stood at 13-12 at halftime.

Then came the ill-fated third and fourth quarters. State received a break of its own early in the third stanza, with Bob Berlich falling on a Minnesota fumble on the Gopher 34-yard line. But unable to advance near the goal-line, they gave up the ball on downs.

The Gophers were seemingly getting nowhere themselves, and were forced to punt from their own 44. Greg Montgomery, in the safety position for State, fumbled the punt and Minnesota recovered on the MSU four-yard line. The Gophers scored in two plays, and Gerths added another with his perfect extra point placement.

Another Spartan error led to the Gophers' fourth touchdown. Panitch fumbled and Minnesota recovered on the Michigan State 26, where the Gophers traveled the yardage in four plays to

make it 26-12. The two-point, extra point conversion was no good.

The Gophers, aided by more Spartan mistakes, picked up two more scores in the final quarter. Dick Johnson stepped in to intercept a pass from Spartan quarterback Tom Wilson and returned to the MSU one-yard marker. Arlie Bonstad burst over for the score, and Gerths' extra point placement was perfect.

Finally, with only minutes remaining in the game, Propper Lysbacher of Minnesota made a 17-yard punt return to the Spartan 11 and Johnson panned to end Dick Larson for the final touchdown. The two-point conversion try was unsuccessful, but the final score, 39-12, showed that it wasn't needed.

In the final statistics, Minnesota intercepted six Michigan State passes, one short of the Big 10 record for a single game, and recovered four fumbles.

In the other statistic departments, however, the Spartans held the edge. State picked up 17 first downs to only 11 for Minnesota, and led in passing yardage, 105 to 51.

The Gophers led in rushing yardage, with 197 yards to Michigan State's 169.

Not only are Spartan losses in final scores mounting, but Saturday the casualty list also leaped upward.

Capt. Williams, with a badly bruised hip, didn't see any action during the second half, and Fred Arbanas received a twisted ankle. Both are doubtful starters in the season's final game Saturday.

Halfback Look re-injured his back early in the game, and only limited service in the second half. Henry Young, the punter, suffered a back strain the first time he ran the ball and was through for the day.

Others who received minor injuries include Adderley, Low, John Middleton, Wright, Paul Rochester and Fred Boylen.

The Spartans will get the final chance to pick up the third victory of the season Saturday against Kansas State in a non-conference game.

Last Saturday Kansas State won a 14-6 decision over the State.

Interesting Eye Hi-Lites

about contact lenses and general eye problems as elicited by questions commonly asked in our offices. For more detailed information submit your questions to Dr. Joseph B. Gutsstein. (See address below)

Dr. Gutsstein, local Lansing Optometrist, graduate of College of City of New York and of Columbia University, formerly Associate Professor of Optometry at St. Louis College of Optometry and Assistant Professor of Optometry at Chicago College of Optometry, both in Chicago.

Author of "A Student's Guide to Optometry" and "Practical Optometry in New York, New Jersey, Illinois, Indiana and Michigan. He has the honorary degree of D.O.S.

QUESTION: I have recently begun to wear contact lenses. My friend in the dormitory across the hall, who wears contact lenses, says that all my tearing and interference with reading should not be. What do you think?

ANSWER: I think that wearing contact lenses does not make a person a professional expert on the subject. Consult your doctor about your symptoms and problems; not your friend. Incidentally, excessive tearing and inability to read are normal, recurring symptoms in contact lens wearing and will subside with increased wearing time.

QUESTION: Which are better safety glasses, regularly hardened glass, safety lenses or plastic lenses?

ANSWER: In any corrective-protective eye program the primary considerations are: a) maximum protection (of the eyes) b) maximum (or most efficient) corrections of the eyes

On both these counts modern plastic lenses are vastly superior to—regulation, glass safety lenses. This does not include additional (non safety factors) such as better appearance of lenses due to normal (instead of excessive) lens thickness nor does it include the remarkable savings of weight accomplished by plastic lenses.

QUESTION: Will colored contact lenses eliminate the need for sunglasses?

ANSWER: Not completely. The serious light absorption power of the colored contact lens is questionable since the contact lenses are so thin and so close to the eyes. Their main benefits are cosmetic, such as changing the color of the eyes and practical benefits such as increasing visibility in handling, locating on the eyes etc.

SAE Faces Jackson Inmates in IM Tilt

Sigma Alpha Epsilon's intramural football team will travel to Jackson Nov. 23 for a game with the inmates at Camp Waterloo, a Michigan House of Correction project.

The IFC asked for teams to take the trip after receiving a letter from the camp which stated that the inmates had a team but no games. Other fraternity teams may also play the inmates.

Michigan State will host the 1959 Big 10 swimming championships in its spacious new intramural building pool.

Kumiega Leads Green Team To 21-6 Win Over Whites

By JIM WALLINGTON

Led by the running of halfback Tony Kumiega, Buck Nystrom's Green freshman football squad beat the Whites 21-6 Friday in the second Green-White game which was speeded with long runs, sensational pass catching, timely interceptions and hard hitting by both teams.

Kumiega was the game's running star, ripping off runs of 97, 54 and 15 yards in the Green attack.

White end Pat Murphy received a hand from spectators when he caught a pass after lunging five yards through the air and landing on his side.

Ben Bethel, Bill Dorsh, Leroy Miner and Gary Ballman ended threats by both teams with pass interceptions. Hard hitting by the squads caused the game to be stopped seven times because of injuries.

The Green squad had to come back to beat Gordie Serr's 11. The White team scored first in the initial period with Mitch Newman barreling in from the three yard line. Larry Hudas set up the score with a 40 yard run after Bethel intercepted a pass.

The Green's scored late in the same quarter when Kumiega hauled in a punt on the three yard line and rambled down the sidelines 97 yards to paydirt. Gary Ballman, a transplanted White, plunged into the end zone for the conversion.

Starting from their own 36 after half, four Green backs contributed yardage in a 11 play touchdown drive. Carl Charon tumbled the ball over from the four. Kumiega racked up 32 yards, Ballman 23 and Leroy Loudermilk 8 in the drive that saw but one pass.

Ed Davison took a Loudermilk pass for a 32 yard touchdown play to wrap up the game for the Green's. Art Brandstatter converted with a perfect piece kick.

Both teams threatened many other times only to have their offense sputter with touchdown territory in sight. In the second quarter the White's took over on the enemy 30 after Kumiega failed to get a punt away.

After Newman dropped a pass in the end zone and Al Lipinski was dropped for a five yard loss, Dorsh intercepted a pass to end the threat.

From here Loudermilk led his Green mates back to the White six with long pitches to Dick Oxendine for 36 yards and to

Brandstatter for another 30. But the Whites held to end the half.

Another drive saw the White's travel from their own 27 to the Green 30 on the pass catching and running of Newman. The drive came to an abrupt stop as Ranny Mark and Oxendine caught White backs for long losses.

The Greens rushed right back after the punt. Kumiega took a pass and pranced 54 yards to the White 11. Again the attack failed when Hudas recovered Kumiega's fumble on the next play.

Brandstatter again impressed spectators with his kicking. He sent one kick-off sailing into the end zone. He also booted the conversion perfectly.

Ballman repeated his sensational long running romping for 46 yards on kickoff returns and 55 on his pass interception.

Oxendine also kept up his steady performance with yeoman end play on defense and offense. Loudermilk showed that his first game play was no fluke as he ran and tossed the pigskin with authority as well as mixing up his plays smartly.

The final Green-White game is scheduled for Nov. 24 in Spartan Stadium. Serr promises that the contest will be the best in the series because it is the last chance the freshmen have to show their talents.

JIMMY BROWN ... sets rushing record ...

Jim Brown Sets Rushing Record In Cleveland Win

WASHINGTON, (AP)—Jim Brown smashed pro football's single-season rushing record Sunday with a dazzling show of power and speed which propelled the Cleveland Browns to a 20-10 victory over the Washington Redskins.

Brown galloped 152 yards in 27 bursts through the Redskins' defense.

That raised his total gain against eight games to 1,163 yards, 17 more than the old mark set by Steven Van Buren of the Philadelphia Eagles in 1949.

Van Buren needed 12 games to cover 1,164 yards.

Brown, the sensational pro sophomore from Syracuse, still has four more to go in the National Football League's regular season.

The 6-foot-2, 225-pound fullback scored both Cleveland touchdowns as the Browns staged a 10-point onslaught in the fourth quarter to take the lead in the NFL's Eastern Conference.

NFL Roundup

Gedman, Lions Maul San Francisco, 35-21

DETROIT, (AP)—Halfback Gene Gedman, forgotten man in the Detroit Lions' attack, passed for one touchdown, plunged for another and scored still a third by catching a pass as the Detroit Lions beat the San Francisco 49ers 35-21 Sunday.

This bruising National Football League contest was marred by dozens of player fights that started with the opening kickoff and lasted all afternoon.

Gedman, lost all season in the shuffle of Detroit backfield stars, stunned the 49ers with an 81-yard touchdown pass on his first throwing attempt of the season.

The surprise play pulled the defending world champions back into the game and the former Indiana star went on to triple threat stadium as 54,524 spectators roared foggy Briggs Stadium with thunderous approval.

The play came in the first period just 49 seconds after San Francisco seized a 7-0 lead. Later, Gedman scored on a two-yard run, passed 30 yards to Dave Middleton to set up Detroit's fourth touchdown, then caught a 25-yard pass from Tobin Rote for the final score.

This was by far Gedman's greatest day since he joined the professional ranks in 1953 and it gave the comeback Lions their third victory in their last four games after failing to win their first five.

For San Francisco, the team that battled the Lions for the Western Division title last season, this was the fifth loss in eight games.

San Francisco 7-8 4-16-21
DETROIT 14-14 0 7-33

Colts Jolt Bears Title Hopes, 17-0

CHICAGO, (AP)—The Baltimore Colts Sunday combined the running of Alan Ameche and the passing of George Shaw with a great defense to hand the Chicago Bears a 17-0 shutout—their first in 149 National Football League games.

The last time the Bears were blanked was by 14-0 by the New York Giants in 1946.

The Colts, who crushed the Bears earlier this season 51-38, took a stranglehold on the Western Conference lead with a 7-1 record while the Bears' bid all but collapsed with their third defeat.

At one stage of the game, which attracted Wrigley Field's largest crowd of the season—48,664—Quarterback Shaw hit on 9 passes in a row including 6 straight in a 93-yard scoring surge at the outset of the second quarter.

CLARENCE PEAKS ... scores four TDs ...

Former Spartan Griddler Scores Four Touchdowns

PHILADELPHIA, (AP)—Philadelphia Eagles linebacker Clarence Peaks scored four touchdowns in his second year of the season.

It was the Bird's finest offensive show since they won 49 points against Washington in 1954.

Van Brocklin, the passer whom the Eagles gave up a 1 yard; choice and two red players, completed 19 of 29 passes for 318 yards and two touchdowns.

His passes set up three four TD scores by Peaks, former Michigan State punter, and Bobby Walston scored the Philadelphia touchdowns. Walston booted seven conversions.

Harriers Cop Fourth Straight Conference Title With 43 Points

IOWA'S "DEACON" JONES is congratulated by Michigan State's Fuddy Kennedy after the Spartan runner was outpointed by the Hawkeye. Jones edged out Kennedy in the final ten feet with a 2:18 performance. Last year Kennedy was beaten by only a few feet by Minnesota's Bud Edelen.

Spartan Squad Makes Bid For IC4A Crown Today

By DARWIN BENNETT
Special to the State News

CHICAGO—Michigan State captured its fourth straight Big 10 Cross Country title here Friday, as the Spartans raced over Washington Park's four-mile course to score 43 points to runner-up Iowa's 59.

Despite Captain Fordy Kennedy's failure to out-sprint Iowa's Charlie "Deacon" Jones—who won individual honors with a 20:18 performance—all seven members of MSU's harrier squad finished ahead of the Hawkeye's fifth man.

The Spartans have thus completed one of the three victories needed to complete a grand slam—triumphs in the Big 10, IC4A and NCAA meets.

Coach Fran Dittrich was not satisfied with Michigan State's performance, however, claiming the course was too flat and the Spartans usually turn in a better effort over a hilly course.

MSU flew to New York Friday afternoon to compete in today's 50th annual IC4A Championships, to be held over the Van Cortlandt course. This five-mile course is extremely hilly.

In the duel between Kennedy and Jones, the Spartan runner took over the lead at the two-mile mark and never relinquished it until the final 100 yards.

The Deacon moved in to challenge Kennedy, who held on gamely until the last ten yards. Kennedy, who hails from Scotland where grueling races are the rule rather than the exception, thrives on a hilly course and in order to win, must drive his opponent into the ground in the first two miles.

Kennedy ran the first mile in 4:54 which was nearly perfect but ran the second in only 5:30—here is where he lost the race—for a 10:24 clocking for two miles.

Still holding onto his slim lead over Jones, Fordy passed the three-mile flag with 15:22 elapsed on the clock and made his bid for first place but faltered when Jones' scorching finish.

Last year, Minnesota's Bud Edelen edged Kennedy in the same event and the Spartan runner bounced back in the IC4A and beat Ron Delany of Villanova by 90 yards with a 21:48 time.

Sophomore Bill Reynolds continued to cut a wide swath through opponents finishing second in the team and eighth in the field with a 21:07 effort.

Jim Moran, who has been improving with every meet, cupped tenth by virtue of a 21:12 time. Close behind him came Dave Lean with a 21:20 clocking and Bill Lake, who ran far below his best with a 21:22 time.

Tony Smith and George Talu finished fifteenth and twentieth, respectively.

Iowa was third in the team standings with a total of 64 points. Illinois scored 77 to take fourth, and Minnesota earned fifth with 102.

Northwestern and Wisconsin both entered runners but neither listed full teams and therefore

did not count in the team standings.

In the IC4A today, Michigan State will be seeking its third straight title but faces the challenge of an unbeaten Army squad.

With forty-four member colleges and universities entered in the meet, the Spartans will find it rough going in the defense of their crown.

Last year's win was an important one—it gave MSU the fifth win it needed to take permanent possession of the twenty-year-old IC4A cup.

Scoring 86 points, State finished their second cup, the most collected by any school in IC4A cross country history. They retained the trophy cup in 1937.

After today's clash at New York, the harrier squad will get a week's rest until next Monday when they host the NCAA meet at MSU's John Akers golf course.

Kennedy Favored In IC4A Meet

NEW YORK (AP)—Michigan State, with four of its scores from last year back, is the heavy favorite to win the IC4A Cross-Country Championship for the third straight year today over the 5-mile Van Cortlandt park course.

The Spartans' 140-pound Crawford Kennedy is the choice to repeat his 1937 victory. If he wins, it will mark the fourth straight year a Kennedy has hit the tape first. Crawford's brother, Henry, won it in '55 and '56.

All told, 45 schools have entered teams. Notre Dame last year's runner-up, also will be back. The Irish turned back Michigan State in the '57 NCAA Championships, but the route was one mile shorter than the IC4A trail.

Ed Moran of Penn State and Peter Clouse of St. John's are rated the main threats to Kennedy.

Intramural Schedule

PRACTICE FIELD
8:40 AHSU II vs. Les. (contempt)
7:25 Rockets vs. Operators
8:10 ANSA vs. Pershing Rifles
8:35 W. Shaw I vs. W. Shaw
9:40 W. Shaw 2 vs. W. Shaw 3

TOUCH FIELD
8:40 Rafter 1 vs. Rafter 2
7:35 Goodlanders vs. Rafter 3
8:10 Bryan 2 vs. Bryan 3
8:35 Bryan 4 vs. Bryan 5
9:40 Bailey 1 vs. Bailey 2

JENISON FIELD
8:40 Butterfield 4 vs. Emmott 7
7:25 Minute Men vs. Beards
8:10 Butterfield 3 vs. E. Shaw 2
8:35 Emmott 1 vs. E. Shaw 4
9:40 Bower vs. Howland

Southan Nets Four As Booters Win, 11-3

By LARRY GUSTIN

Michigan State's soccer team reached a new high in scoring Saturday when it defeated Indiana, 11-3, in the season finale at Bloomington.

Capt. Art Southan, top scorer last year, connected for four goals to deadlock Erich Stredler for the individual goals championship. Stredler tallied twice and the two finished the season with 11 goals apiece.

It was a great day of scoring for three of the six departing veterans. Southan scored his four and, Al "Phantom" Sarria tallied three times. John Asman got just one but it was his first in three years of play.

The scoring went like this: Southan broke a 0-0 deadlock at 7:15 of the opening quarter with a goal from eight yards out. Stredler scored from 25 yards away at 14:50 and Sarria added his first from 18 yards out seven minutes later.

In the second period Art humped a head shot into the net at 8:10. Stredler tallied at 16:10 from 22 yards out and Bruce Oline faked the right fullback to score at 18:15.

Sarria booted one in at 20:45 of the second quarter, but Indiana scored once on State goalie Noel Drago before the half. It was 7-1 at the half.

Sarria added his third from eight yards away at 11:00 of the third quarter, and Southan got his third on another head shot from 20 yards away at the 19-minute mark.

Southan's last goal came from

point-blank range at 8:10 of the final quarter. In the closing moments, Sarria fed Asman, who booted his first varsity goal at 17:15. Indiana scored twice in the last quarter.

The contest etched two scoring records. The previous high mark had been 10 against Illinois several weeks ago. The biggest margin of victory before Saturday's game had been seven in a 7-0 defeat of this same Indiana squad in last year's finale.

Coach Gene Kenney said, "This was the finest game we have played. It was unbelievable, our passing was so sharp. This was the best game Michigan State has ever played."

"It would be impossible for me to single out a top standout. Southan and Sarria and Stredler were all great, and so were Leo Vander Horst, Neil Butler and just about everyone else."

The game etched three year collegiate careers of Southan, Sarria, Vander Horst, Butler, Asman and Gornie Tatter.

It was the 22nd straight game without defeat for the booters who have also won their last 14. The Spartans finished with an 8-0-0 mark for their first perfect season. In 1956 they were 50-0-1 and in 1957 they were 6-0-2.

Coeds Cop Canadian Swim Meet

The Michigan State Women's swimming team beat the University of Western Ontario Friday night at London, Ontario, 70-28.

High scorer for the Spartan swimmers was Nancy Miller, just elected captain of the team.

Scoring 13 points, she won first place in the synchronized stunt competition, first in the and second in the fifty-yard out-synchronized solo competition, tie for, to triumph in dual competition.

Miss Miller, Denise Dornow, Judy Pettigrew, and Bonnie Backport won freestyle relay. Anderson, Kerol Dornow, and Pettigrew won medley relay.

Upsets Again Plague College Football Teams

More and more so-called "upsets" are dominating Big 10 football play, and Saturday was no exception. Numerous underdogs once again came up with wins over favored opponents.

The University of Minnesota won its first game of the 1958 season against seven losses by Michigan State, 39-12. Indiana outlasted a favored adversary at Michigan, 16-14, to move into fifth place with two wins and two losses.

Fullback Ted Smith's touchdown and extra-point run was too much for the Wolverines. Michigan's Harry Newman grabbed a Stan Nookin pass for its only score, but the Wolverines couldn't push across the two-point conversion.

Ohio State University defeated a highly-favored Iowa squad in a free-scoring contest. Iowa, who has already won the Big 10 championship, suffered its first defeat of the year.

The Buckeyes' Bob White and Don Clark were too much for Iowa, with White scoring three times and Clark twice.

Iowa's quarterback Randy Duncan set a new Big 10 passing record with 23 completions in 33 attempts for 249 yards.

The Hawkeyes also set a Big 10 total offense mark for the season by grinding out 421 yards to bring their season per game average to 416.5.

Two favorites, Purdue and Wisconsin did come up with wins.

Purdue's Bohermakers ground out a 22-6 victory over Northwestern. It was the Bohermakers' third conference win against one loss and a tie.

The Badgers from Wisconsin stopped a determined Illinois squad, 31-12, to bring their Big 10 record to four wins against a loss and a tie and put them in second place.

CHESTERFIELD NEW CAREERS FOR MEN OF AMERICA: NUCLEAR PHYSICIST

Coming a world run more and more by nuclear power. Experts predict atomic plants will produce 38% of all electrical energy required by the U. S. in 1980. Wanted: more physicists for research and development.

CHESTERFIELD KING goes forward with the Men of America as they plan and build for the future.

Top Length, Top Value, Top-Tobacco Filter Action...

NOTHING SATISFIES LIKE CHESTERFIELD KING

Meet at Albion Novice Debators Win Five Tournaments

Novice debaters, members of the Forensic Union, took part in a debate held in Albion, November 15. The topic discussed was "Shall we ban the further development of nuclear weapons in the U. S.?"

Members of the five undefeated teams were Ellie Whipple, Lansing sophomore and Mary Barrone, Grand Rapids freshman; Beverly Rossow, Fair Haven senior and Joan Deppa, Grand Ledge sophomore; Nancy Noyes, Rochester freshman and Dave Rheubottom, Lansing freshman.

Nancy Williams, Battle Creek senior and Janet Ross, Detroit freshman; and Pete McPherson, Lowell freshman and Iren Biefeld, St. Clair shores junior, the debaters won over fifty percent of their debates.

The judges for the tournament were two Lansing sophomores, members of the Forensic Union, Barry Boughton and Charles Herbert, and members of the speech department, Dr. Huber Ellingworth, Jack Carter, Cal Downs and Murray Hewgill.

On November 14, committee hearings were held at Albion and the chairman was Charles Herbert. The examining committee were students and faculty of various colleges and universities in Michigan.

Witnesses were Capt. Albert Bigelow, skipper of the "Golden Rule," Dr. Alfred Kelley, Wayne University; Dr. Ivan Dykstra, Hope College; Dr. David Singer, U. of M.; and Dr. Phillip Clark, genetics department, MSU.

Others are Joseph Flanagan, Chicago senior; Bill Hampton, Bloomfield Hills junior; Dave Shannon, Niles senior; Dick Schmitt, Grosse Pointe Farms senior; and Jennings Bard, Knoxville, Tenn., junior.

The initiates are Mike Oldham, Birmingham junior; Jim Herrman, Lansing junior; George Frank, Bloomfield Hills senior; Bob DeBruyn, Zeeland junior; and Jim Douglas, Detroit senior. More are Bob Slade, East Lansing senior; Dave Ryckman, Griffith, Ind., senior; Tom Kolek, East Lansing senior; Dave Ball, Ferguson, Mo., senior; and Rook Shank, Toledo, Ohio, senior.

The students and Father Pious, of Ettal monastery, attended the play at the Oberammergau military post theatre.

Ettal Church and monastery dates from 1330, and trains young men for all walks of life. The monastery boys and the MSU Players met and talked at a coffee hour after the performance.

The student group also met Father Pious again two days later on a visit to the monastery during a sightseeing tour to Oberammergau, home of the world-famous Passion play, which is given every ten years by the villagers of Oberammergau in fulfillment of a vow made in 1633 to express their

gratitude for the cessation of a plague.

The Players also saw ancient Linderhof Castle, built by the "Mad King" of Bavaria, Ludwig II, the Oberammergau Passion Play Theatre, and the small wood carving shops.

The Oberammergau area is also famous as the location of the building of the world's first jet aircraft by the Germans during the Second World War. The MSU group leaves soon for Stuttgart and then travels north to Heidelberg.

The Players are touring under the auspices of the United Service Organizations, the U. S. Department of Defense, the American Educational Theater Association and the "Cap and Gown Series" of the Continuing Education Service.

15 Initiated By Blue Key At Banquet

MSU's chapter of Blue Key, national honor fraternity, initiated 15 new members Thursday night at its Fall Initiation Banquet, held in the Green Room of the Union.

The purpose of Blue Key is to join student leaders in one organization so they may work in close cooperation to benefit their school through service projects.

The new members, junior and senior men, were selected for their outstanding service to the university and attainment of high scholastic standing.

The initiates are Mike Oldham, Birmingham junior; Jim Herrman, Lansing junior; George Frank, Bloomfield Hills senior; Bob DeBruyn, Zeeland junior; and Jim Douglas, Detroit senior.

Others are Joseph Flanagan, Chicago senior; Bill Hampton, Bloomfield Hills junior; Dave Shannon, Niles senior; Dick Schmitt, Grosse Pointe Farms senior; and Jennings Bard, Knoxville, Tenn., junior.

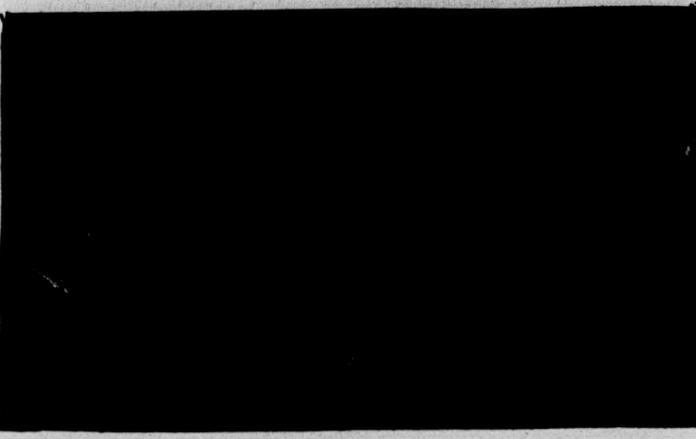

General Blizzard Grips Mountains

BY THE ASSOCIATED PRESS
The season's first general blizzard seized the Rocky mountains with heavy snow and below-zero temperatures Sunday, but other parts of the nation had continuing mild autumn weather.

The Weather Bureau said that the season's first major snow storm was organizing quite slowly and was expected to reach maximum intensity today.

AF Cadets Complete Qualification Exams

AFROTC cadets recently completed the Air Force Officer Qualifying Test which is given each year. Of the cadets taking the test 163 passed all categories except pilot, 17 passed all except observer, 10 passed of four category only and 26 failed the exam. Make-up tests will be given.

DR. STUART CHENOWETH, play director from the department of speech explains some of the stage equipment to several young men from the Ettal monastery at Oberammergau, Germany.

Performance Well Received First German Civilians View Play At U. S. Post in Oberammergau

Seventeen students and a priest from a monastery high in the Bavarian Alps were the first group of German civilians to see MSU Players in "The Tender Trap."

The play is being performed at U. S. military bases in Germany during an eight-week tour. The group will also perform in France before leaving for home early in December.

Court Orders Integration

FORT SMITH, Ark. (AP)—U. S. District Judge John Miller said Sunday he would proceed in an orderly fashion in carrying out the latest integration orders of the eighth U. S. Circuit Court of Appeals.

The Appellate court last Monday handed down an opinion barring the leasing of Little Rock's closed high schools for use as private, segregated schools and directed that the district judge and the Little Rock School Board take positive — but unspecified — steps to desegregate the schools.

Miller said there would be no delay on his part in setting a hearing for the Little Rock case — which has been stalled by Gov. Orval E. Faubus' order closing the public high schools to avoid integration.

The district judge gave no indication when he might schedule a hearing. He said the yet unexecuted mandate of the appellate court might mention a hearing date.

The circuit court of appeals should issue its mandate within 13 judicial days — every day except Sunday — of its Nov. 10 decision, Miller said.

Construction Spending Up 7 Percent

WASHINGTON (AP)—Spending on new construction will rise 7 percent next year to a record \$52,500,000,000 on a wave of home and highway building, the government estimated Sunday.

Outlays this year will be about \$48,800,000,000. That also is a new high, but was achieved with the help of price increases. In physical volume, 1958 building did not match the 1955 level.

A boom year in housing was foreseen. About 1,200,000 new homes will be started, the departments predicted, compared with about 1,170,000 in 1958. But residential building activity may taper off in the second half of next year.

The annual official construction forecast has a high accuracy rating. This year's estimated activity is just a shade higher — less than 1/2 of 1 percent — than the commerce-labor forecast made in November a year ago.

The departments said their estimate of a 3 1/2 billion dollar increase in 1959 assumes that a rise in national production will continue, with credit adequate for construction generally but growing tighter for residential building.

Downtown Tampa Reports 'Snowfall'

TAMPA, Fla. (AP)—It was 88 degrees — hottest ever recorded in Tampa this late in the year, but a bunch of children were having a snowball fight.

The snow was artificial, but it looked like the real thing. It was deposited in a three-foot-layer on a quarter block of a downtown street by ice blowing trucks Sunday. By Wednesday five blocks of Christmas lane — near Franklin street — will be covered with four feet of the white stuff.

The snow project — called the Tampa Christmas Snow Show — is sponsored by merchants and businessmen to stimulate Christmas spirit and trade. The snow will remain for at least a week.

Many of the children who romped in the snow had never seen any snow.

Scientist Probes Too Deeply

TYLER, Tex. (AP)—If Johnny Pierce, 19, survives his searching — and sometimes startling — amateur experiments, neighbors are convinced he'll one day be a great scientist.

Just now he's in the hospital. Doctors said he may experience severe after effects from handling a borrowed radium needle. Official concern relaxed, however, at a disclosure Saturday

Construction Spending Up 7 Percent

WASHINGTON (AP)—Spending on new construction will rise 7 percent next year to a record \$52,500,000,000 on a wave of home and highway building, the government estimated Sunday.

Outlays this year will be about \$48,800,000,000. That also is a new high, but was achieved with the help of price increases. In physical volume, 1958 building did not match the 1955 level.

A boom year in housing was foreseen. About 1,200,000 new homes will be started, the departments predicted, compared with about 1,170,000 in 1958. But residential building activity may taper off in the second half of next year.

The annual official construction forecast has a high accuracy rating. This year's estimated activity is just a shade higher — less than 1/2 of 1 percent — than the commerce-labor forecast made in November a year ago.

The departments said their estimate of a 3 1/2 billion dollar increase in 1959 assumes that a rise in national production will continue, with credit adequate for construction generally but growing tighter for residential building.

night that Pierce did not spread lethal rays of radioactive Cobalt-60 among a small circle of Tyler associates.

Johnny at first told investigators he bought a mail-order capsule of cobalt in Canada, converted it to liquid form and accidentally spilled the stuff on his hands.

Health authorities said that made it dangerous even to shake hands with him.

Later Johnny admitted borrowing the radium needle from Mother Frances Hospital, where he works part time as a student x-ray technician.

Tyler residents learned, meanwhile, what happens if the deadly beta rays of cobalt should get loose in a city of about 65,000 persons.

Men with radiation detectors spent two days snooping around. As a result they ordered several

persons to scrub hard with soap and water.

Dr. Jesse Goldfeder, who set off the investigation as chief of Tyler's city-county health unit, said Pierce "opened up a radium needle thinking it was solid inside and found the radium was in powder form. That's when he spilled some of it on his hands."

"Later he ate some food. We don't know how much he may have got inside him."

The State Health Department in Austin dispatched a special equipment here to check the extent of his suspected injury.

Goldfeder said the youth was "confined as a health hazard" and barred newsmen from his room.

The case aroused little interest here. Except for those caught in the scrub-up campaign, none appeared to be worried — and those only casually.

YOU'VE SEEN A LOT OF FORECASTS, BUT...

Look At This Growth Picture!

Yes, that's the bright flame of the gas utilities and Reddy Kilowatt, representing the electric utilities, shown above as they outdistance good old "G.N.P." — Gross National Product. It's a dramatic way of forecasting the tremendous growth of sales of electricity and gas during the next ten years.

Here is important news to you. The electric and gas utilities are among the most rapidly growing industries in the country. It is likely that Public Service's unit sales of electricity and gas will increase by 100 per cent by 1968. This is more than twice as great as the predicted growth of G.N.P. during the same period.

Of course, these facts mean greater opportunity for you... opportunity to grow with a rapidly growing company in a rapidly growing industry.

New Jersey offers excellent living and working conditions. So be sure to see the Public Service man the next time he is on campus.

Kellogg to Host Nursing Convo

Continued improvement of nursing homes is the goal of the annual fall Michigan Nursing Home Assn. Conference meeting here today and tomorrow.

About 100 owners and operators are expected. Frank Marsh, Grand Rapids, the association president reported. Joining to present the Kellogg Center program is the College of Business and Public Service.

General sessions will cover such topics as "Nursing Problems" and "General Home Problems" while workshops will cover "Medical Records," "Rehabilitation."

Tyrone Power Dies in Madrid

MADRID, (AP)—Movie stars and stagehands paid their final respects Sunday to Tyrone Power at a memorial service at the U. S. Torrejon Air Base.

The 45-year-old actor suffered a heart attack on the motion picture set of "Solomon and Sheba" during a duel scene Saturday and died an hour later. Sunday his body lay in state in the Torrejon Base hospital with only members of the "Solomon and Sheba" company and close friends being admitted.
