

Events Begin Saturday

375 Athletes Arrive For 38th 'S' Relays

By IVANHOE DONALDSON
State News Sports Writer

Janison fieldhouse will be the scene of one of the nation's top indoor track programs Saturday, when the 38th relays of the Michigan State Relays takes place at 7 p.m.

The preliminaries to some of the running events and the first jump final will start at 7 p.m. The finals of all the running events will start at 7 p.m.

The relays are the oldest and largest of the midwest's indoor collegiate track programs. Michigan State and MSU track coach Ed Dutton disclosed that 23 colleges and universities will send approximately 375 athletes to Lansing for the 18-event program this year.

Defending champions in ten events are due back for attempts to retain titles, including individual and five relay events.

The two largest squads at the relays will be Western Michigan with 41 and 39 in teams respectively. The squads are defending champions in a total of five events.

Western has entered the distance medley and the two-mile relay events it won in 1960, with many of the same members doing the running this year. The

Nine Die in Train Derailment

BOWIE, MD. (AP) A special train carrying some 300 passengers derailed Thursday, and at least nine persons died in the tangled wreckage of seven derailed coaches.

At least 50 of the race-bound passengers on the 10-car Pennsylvania Railroad train were taken to hospitals.

The engineer, Howard W. Turner, 42, of Camden, N.J., told police his brakes failed to stop the train as it approached the crossing.

Turner said he was traveling about 30 miles an hour when the train derailed and tipped on its side down an embankment between the main line and the spur.

The next two coaches followed the engine and were tilted at a steep angle.

The next three, four and five followed the spur and derailed but did not overturn. They were badly smashed and one of a gaping hole torn in its side.

The last two derailed coaches tumbled on the main line as the four coaches which stayed on the rails. Two tracks of three-track main line were torn up but the other remained in place and trains still were able to operate on it.

The passengers were entrained in Bowie, where a 48-day wintering meet is in progress. A nine race program for Saturday was run as scheduled.

THE WRECK was thrown around like a bomb, said Harry A. Smith, Philadelphia, one of the passengers in the derailed club car.

The train originated at Philadelphia where some 175 passengers boarded. Others got on at Chester, Pa., Wilmington, Del., and Exton, Aberdeen and Baltimore, Md.

The rails were twisted in the wreck and cross-ties broken to splinters at the snow-covered scene. The weather was clear and mild.

JFK Unwraps Recession Plan

Joblessness Zoomed; Business Rise Due

WASHINGTON, (AP)—President Kennedy—discussing that joblessness zoomed in January—Thursday unfolded a broad range plan to "abate the waste and misery" of unemployment and revive the spattering economy.

Saying some minor business improvement is expected this year, Kennedy told congress further deterioration is possible "if we fail to act."

Saying some minor business improvement is expected this year, Kennedy told congress further deterioration is possible "if we fail to act."

As might be expected, Kennedy's economic message, which he delivered to congress Thursday night, was a call for a dramatic economy.

In his anti-recession message to Congress, Kennedy asked swift action to boost social security benefits, make the minimum wage extend to more workers, and set up a program to help cure areas with chronic unemployment.

THE PRESIDENT also served notice he will send congress detailed proposals for permanent revisions in the unemployment compensation system, and tax reform ideas intended to stimulate business investment and job openings in the recession.

And he announced new steps he is taking with available funds and under his presidential authority to stimulate defense and other buying, particularly in depressed areas.

Kenney did not say what part of his program to reduce unemployment to the American economy would not. But he urged Congress "to strengthen the program."

THIS COULD IMPLY a possible request for a temporary increase in income taxes which would be automatically granted unless congress acts.

Kenney's message to congress was the most detailed since he took office in January. It was the first since he took office in January.

12-Day Nightmare Ended

Santa Maria Releases 600 Captives in Brazil

BELEM, BRAZIL (AP) The passengers of the hijacked liner Santa Maria came ashore Thursday with tears and shouts celebrating their deliverance from a 12-day nightmare of captivity at sea.

Capt. Henrique Galvao sailed his 20,000-ton prize close to a Recife dock, and let the nearly 600 passengers board tug to go ashore.

The Brazilian government made no announcement, but the best available information indicated it had promised Galvao he could sail out to sea again in defiance of the Portuguese government—if he could muster sufficient crew. Brazil was offering asylum to the 300 or so crewmen, most of them Portuguese, if they wanted to forsake the ship.

A Brazilian admiral said the ship might be impounded if it lacked sufficient crew to sail safely out of the port. The U.S. Caribbean command quoted the Brazilian Navy as saying 85 per cent of the crew wanted to quit the ship, and the remaining 15 per cent would not be enough for safe passage.

In addition, one ship's turbine was reported in need of repairs. But Galvao claimed a victory over Portuguese Premier Antonio de Oliveira Salazar.

The laughing, waving passengers had been anxious, fearful and impatient only a few hours before while they gazed within tantalizing sight of land.

SOME CRIED "Get us off when a lobster boat carrying reporters pulled up along side at the Santa Maria rose at anchor about three miles out to sea."

Portuguese and Spanish shouts shouted through the periscope of the third-class section, that they had been mistreated, were without water and had been given little food.

The resolution, introduced by Judy Bradley (South Williams), Carl Ludy (Butterfield), Dan Warner (East Snow), and Bill Hartwig (Married Housing) calls for students who are not freshmen to be able to live where they wish if they are over 21 or have parental consent.

The resolution also asks that residence hall contracts be more easily broken.

A resolution was also submitted to congress by Bill Mahan (Married Housing) which calls for the Clin Memorial health center to expand its facilities to allow married students to fill prescriptions for their dependents at the health center pharmacy.

In other congress business, WKAR presents Program Series On Education.

WKAR will present "Oral Essays on Education" a series of 18 half-hour programs beginning Sunday at 8:30.

These programs will feature the thoughts of distinguished Americans on contemporary problems in education and are presented by WKAR in conjunction with its "Inside America" series heard on Saturdays.

Program topics will range from cultural influences in education to financial support of schools to a defense of our teachers and teaching methods.

KENNEDY AT CONFERENCE—President Kennedy faced the nation's press again Tuesday night at his second nationally televised news conference. (AP Wirephoto)

Liberalize Housing, Rules Student Congress Bill Urges

A resolution which would liberalize student housing regulations at MSU was introduced at Student Congress Wednesday night.

The resolution, introduced by Judy Bradley (South Williams), Carl Ludy (Butterfield), Dan Warner (East Snow), and Bill Hartwig (Married Housing) calls for students who are not freshmen to be able to live where they wish if they are over 21 or have parental consent.

The resolution also asks that residence hall contracts be more easily broken.

A resolution was also submitted to congress by Bill Mahan (Married Housing) which calls for the Clin Memorial health center to expand its facilities to allow married students to fill prescriptions for their dependents at the health center pharmacy.

In other congress business, WKAR presents Program Series On Education.

WKAR will present "Oral Essays on Education" a series of 18 half-hour programs beginning Sunday at 8:30.

These programs will feature the thoughts of distinguished Americans on contemporary problems in education and are presented by WKAR in conjunction with its "Inside America" series heard on Saturdays.

Program topics will range from cultural influences in education to financial support of schools to a defense of our teachers and teaching methods.

The first program in the series is titled "Education in Our American Culture" and will feature Dr. Margaret Mead, internationally known anthropologist and author.

Dr. Mead will explore the relationship of our culture to our educational structure; what society expects from our teachers and what our teachers are like.

Campus Jobs Aid Students In Bill Paying

Approximately 400 MSU students earned over \$250,000 last year in campus jobs.

The 1961 who were employed during the year received an average of \$256 each for the year for a total student employment budget of \$2,842,861.00.

Students are employed by the dining food service, building and utilities, and some academic departments and are limited to 20 hours a week work.

Mr. Marx figures do not include students employed in the greater Lansing area at non-university jobs.

UB Offers Rider Sign-up

In just another month, the University of the snow-bound north will be described as multitudes of students once again begin their annual spring migration south to the sunny beaches of Fort Lauderdale and "Where the boys (and the girls) are."

For those who are Florida-bound for spring vacation from Michigan State, the Union board ride bureau will include a sign-up place for both drivers and riders.

All other designations will remain for drivers only.

Two weeks before spring vacation a map will be placed at the Union board desk with the most direct route from East Lansing to Fort Lauderdale.

See TRAIN Page 1

Foresters To Shave Off Beards

The 47th annual "Forester's Shave-off" presented by the Forestry club will be held Saturday night from 8:30 to 11 p.m. at Dem Hall.

The sponsors, dominated by Spartan squad, could pull a few surprises of their own in Saturday's competition.

The home team are speedsters Zak Ford and Don Voorhes and distance runner Gerald Young.

Ford, junior from Glenview, Ill., is a possible shaver in the 75-yard dash. Phil Beck, Jackson junior, Mahlon Verma, Jamaica sophomore and Voorhes are also entered in the 75 yard dash.

Voorhes, a hard running sophomore from Frankfort, is a dark horse in the rough 300 field. Ford and Beck are the favorites.

Prizes will be given for growing the longest, longest, and longest beard. An extra award will be given for the best try.

Prizes will be given for the best try, cleanest shave honors. A cheek-to-cheek test will prove the smoothest shave. Prizes will be Remington automatic shavers.

Clarence Schmidt's orchestra will provide the music for the atmosphere of "the good old days." The dress is very informal, no ties are permitted and beards are not necessary.

Tickets are available at the door at \$2.00 per couple. Free refreshments for all.

Ceylon Film To Be Shown

A speech and a film on Ceylon will be featured at the Friday meeting of the International Club, at 8 p.m., room 31 in the Union.

According to Abraham Adeline, club president, Sugalah Simaduri, Ceylonese undergraduate student, will be the speaker.

See TRAIN Page 1

Mathmen Seek Answer For Teacher Need

A tentative draft of a bill designed for mathematics graduates was one of the topics discussed at the meeting of the American Mathematical Society with the Mathematical Association of America last week in Washington.

Since there is a shortage of math graduates at the present time, the purpose of the degree would be to increase the number of qualified mathematics teachers.

The draft of a bill would not require an original thesis as part of the degree but would allow the student to write a thesis on a library research.

Professor Tomber of the MSU mathematics department said that the university already has a similar program in effect.

The main difference between that and the proposed program is that students graduating from the MSU program are not required to write a thesis at all and receive a diploma of advanced graduate study.

Dr. Smythe to Lecture on African Elite

Dr. Hugh H. Smythe, a faculty member of the Brooklyn College sociology and anthropology department, will speak on "African Leadership and America" 8 p.m. Friday in the Kellogg center auditorium.

This is the second in a series of lectures that are being presented by the African Language and Area Center (ALAC) and the Political Science Department at MSU.

Smythe, in cooperation with his wife, recently published "The New Nigerian Elite," a book based on study in North and West Africa between 1957 and 1960.

This address will be concerned largely with the Nigerian elite, in which MSU now has a vital interest. Dr. John C. Messenger, assistant professor of social science, said.

Messenger, who is connected with the ALAC and this is the second of the lectures the center plans to present on Africa over the next two years.

The center will bring in outstanding men monthly, men who have the deepest interests in African affairs," he said.

Smythe has degrees in sociology, anthropology, and international relations—among them a Ph.D. from Northwestern with emphasis on Africa and the Caribbean.

A consultant for a number of organizations here and abroad, Smythe has published extensively in American, European, Asian, and African journals and has been an editor for "Sociological Abstracts," "The Journal of Human Relations" and "Africa Today."

The ALAC, which began its work in September, hopes to create interest in African countries offered at MSU.

Messenger, who teaches one of the few classes on Africa now available to students, said the center will work toward a full curriculum on African culture. He said considerable interest has been shown by students to get these classes.

Classrooms Will Be Open For Studying

The last time University classrooms were available for between-class studying during the day was an unorganized affair, according to Dan Hobbins, AUSA president.

The rooms are in Anderson hall and the "head building" (A-4) on the south campus.

A poster listing study room locations will be placed in the main entry hall.

The study rooms have been arranged for students through the AUSA.

Open House for Winter Grads

Pres. and Mrs. John A. Hobbins will host open house Sunday, Feb. 12, for all students graduating winter term.

The open house will be from 3 to 5 p.m. Sponsors of graduates are invited.

Hannah, Board of Trustees Want More Money; Appeals Unheard

Pres. John A. Hannah, members of the administration and the Board of Trustees have repeatedly and urgently requested the legislature to specifically allocate funds for Michigan State. This, they say, is absolutely necessary in order that the budget for 1961-62 may be properly arranged. Unfortunately, the requests have apparently not been heard.

In his budget message to the legislature in January, Gov. John Swainson recommended that MSU receive \$31,509,000. The university had asked for \$37,586,732. The only allocations the Governor made were for East Lansing and Oakland. The other requests, for agricultural extension and the experiment station, were not allocated specifically but were lumped with this campus' funds.

After talks with various members of the legislature and the executive branch, Philip May, vice president for finance, said no one would say if the allocations would be made. Until the funds are allocated, or earmarked, the necessary readjustment of the budget by MSU cannot be made.

Michigan State has long been a leader in agricultural experimentation, which is only a small part of the work of the university. If the funds are not earmarked shortly, the university will find itself in an embarrassing position confronting the farmers who look to scientific findings.

We urge the legislature to heed the request of the President, the administration and the Board of Trustees and to earmark the funds asked for.

Cheating: Who Is Responsible?

During final exams last term, a recognized excellent student received an anonymous phone call. "Thanks a lot," said the mysterious caller. "I just rode you through the accounting exam. I surely hope you had those answers right."

This particular student received an A on the exam. We presume that the grateful caller also received an A.

This is not a unique incident. There are a significant number of students here who would have trouble making it through exams without the aid of "handouts" passed to them by "friends" and "acquaintances" who sit at neighbors' desks.

In the exams referred to above, students from several sections were crowded into one room. It is not unusual to see students from one section sitting at desks in another section. This practice would not be likely to occur if the seating arrangements were made in accordance with the lecture hall. In fact, he made little attempt but rather spent the time at his desk reading.

IN A SITUATION such as this, even the most honest student could not avoid an occasional view of his neighbor's paper unless he wore blinders or looked at the ceiling. Less honest individuals had the opportunity to examine thoroughly the papers of those in front and on both sides of them. It was almost impossible for any student

to guard adequately against cheating by covering his paper.

Situations such as this are detrimental to poor and excellent, honest and dishonest, students alike. Even when exam surroundings are not conducive to cheating, floating copies of previous tests which will be reused offer dishonest individuals an opportunity to distort curves and lower the ratings of honest students.

WHO IS CHIEFLY TO BLAME? Is it the dishonest student who looks, or the honest student who doesn't conceal his paper sufficiently? Is it the individual instructor who doesn't proctor his exams thoroughly and who uses the same exam repeatedly, allowing copies to escape? Or is it the department which schedules the exams and permits them to be given in such unfavorable conditions?

The Educational Policies committee with student and faculty members recently released a report on cheating with suggested ways for handling the problem. The report must still be presented to the Academic Senate for possible additions and corrections.

The report will attempt to clarify the views and policies of the university in regard to cheating. This is a rational approach to a persistent problem. We will watch the progress and results of this report with interest.

"We're Here For The Post-Inaugural Non-Gala"

Letters to the Editor

Protest & Defend Solicitation

Protests Chest

To the Editor:
In regard to the editorial which slammed our president Charles Loveland, the men of Butterfield are seriously considering filing a libel suit. Mr. Loveland's stand was ordered by a unanimous vote of the Butterfield general council. This was a stand representative of the entire hall.

We are not opposed to Campus Chest, as the bombastic interpretation of the infamous Bob Gustafson suggests. We are opposed to the slanders who seem to be trying to run this worthy organization.

First, soliciting of any sort, for no matter how worthy a cause, is annoying and tends to remove any charitable ideas with a simple anger.

Second, Campus Chest has in the same breath that it dropped Spartade suggested soliciting. We feel that this definitely shows inefficiency and laziness on the part of the management of Campus Chest. Besides, Spartade was an activity in which students could participate and enjoy themselves while helping a worthy cause.

Third, we feel that soliciting in this manner no matter how ideal it sounds, puts unfair social embarrassment on individuals who cannot afford even a trifling fifty cents.

Fourth, the spirit of participation as so glowingly defined by Mr. Gustafson cannot hope to be found in door to door soliciting.

Fifth, state law forbids soliciting on state property as an unexcused annoyance.

Soliciting is going to ruin the worthy Campus Chest because values in the belief of the difference between right and wrong will result soliciting as a cover for inefficient and incompetent management.

Dennis Donovan

Defends Chest

To the Editor:
Mr. Dworken concerning your letter in this column on January 27, exactly what course is wanted writing are you taking? A main theme of your letter was that "the sovereignty of Butterfield Hall has been grievously assaulted." It continues in criticism of the "arbitrary and totalitarian association" — the MHA. You fail however, to set forth any more nearly acceptable reason for not cooperating with Campus Chest.

Perhaps you were unaware of the true function of the organization. Campus Chest is the only legal money raising body on campus. It gains funds by voluntary contributions of students. These contributions are then donated to university-oriented charities.

In reaction to the very meager results of last year, this year's plan was to have volunteers from the various dorms, Greek

By Kavanaugh

To the Editor:
Though too busy to go to answer a drink to the use of my God-given right. Good breeding demands no boozers I think. And not play refuse in my plight!

To my Webster-read friends "read just the first line." And my use of the word "position" is clear. This meaning is found in "un-arranged" number 9. So the Bible's not banned shall we cheer?

The "mentorship kick" was manifested in your subconscious mind. Purchase in your subconscious mind.

I never mentioned the word, "impugning God's grace." I must say you were not very kind.

It's amusing to end to my "mentorship" crew. To see you admit that were right. For by "mentorship" as you enter our pen. Move over we're packed in too tight!

You further prove what I always contend. That we all play censor sometimes. Except for the man with no values to tend. And he will find fault with my rhymes.

Public office is out, but I really don't mind. For my vocation is free from recession. But I'll never desert from fighting (through kind). The exploitation of sex on concession.

The Church in our land has a function you see. To censure—not censor—the saint and the thief. To teach morals to men whether mighty or me. And whether wealthy or men on relief.

For both of us live in the land of the free. And your opinions I ever will treat. With courtesy, which I also expect from you. Because Democracy is a two-way street.

Philip B. Kleinberg

Fr. E. E. Kavanaugh

On HUAC Student Refused Speech on HUAC

Reprinted from the Michigan Daily By Kenneth McEldowney Assoc. City Editor

McCarthyism is not dead; there still exist the minds of people an irrational fear of un-Americanism, of Communism. It is still not altogether safe, for one to speak out against the name of J. Edgar Hoover, head of the FBI, or the Un-American Activities Committee. If he dares to, he will be branded at best as a Communist.

This was all brought to light quite recently when I and a friend traveled to Battle Creek to speak out against the film "Operation Abolition" which deals with the demonstrations against HUAC hearings in San Francisco. I was to speak at the program sponsored by the PTA.

The person in charge of the program feared my presence on the panel, which was to discuss Communism, would cause disorder and demonstrations. My representative, Alan J. (R-Mich) a member of HUAC, said that if I appeared on the panel that he would be sent to Washington to speak against me.

FINALLY THE PTA decided against my appearing on the panel, but assured me that I would present fairly both sides of the issue on public safety as opposed to private safety in regards to the Communist threat and HUAC.

After the movie was shown, the host said, as do Hoover and the Committee, that students involved were either Communist or Communist dupes and that the Communist threat be combated at all costs. The side of the man who believed they were demonstrating against force in the United States, HUAC, that is mental to true democracy and freedom, was not given.

Following the panel discussion the speaker asked if there were any questions. I stood up and gave the student's argument against the film that has been reported in Washington Post, the Reporter and other publications.

Following the meeting, I was subjected to comments such as "Why don't you go to Battle Creek to Khrushchev? He'll take your side." I should run you out of town as a traitor to a democracy, you can't talk that way.

IT'S VERY EASY to live for name recognition in a University community and have your name all the time believing that others interested agree with you. But once you remove yourself from the artificial well-informed community and put yourself to a typical student's level, the town situation is radically different.

In a town such as Battle Creek, where the Communist threat is a real one, the men who work in one of the factories are factory workers. Their access to Communist clubs their newspaper and radio are picture magazines.

For them the Communist threat is a real one as they hear someone who is in a position of some influence say that there is a very real danger. The situation what they are told by either the statements issued by the government or the "Abolition" propaganda must be taken most reverent respect. After all, the man who was arrested by a committee of the party how could it not tell the truth?

WHEN THEY hear statements of this nature they tend to disbelieve them. This tendency on the part of many to believe that the individual in the rank of the student is able to restrict himself in the way of the safety of the nation. For the student is something that few will deny. The teacher or not there is sufficient danger in the abridgement of liberties. I believe that the "Operation Abolition" and publications of the Hoover Report and others are designed to suade the public that such a situation is possible for personal liberties to be named the name of freedom.

St. Lawrence Plaindealer Commercial Advertiser. Published Every Wednesday at 7:30. Canton, Mich. Spartans Or Shamble-Bums? Spartan Hockey Players Go On Wild Bender. With an exuberance seldom seen in Canton following any athletic event, the Michigan State University hockey team, celebrating its 6-to-2 defeat by St. Lawrence University at Appleton Arena Saturday night, went on an all-night bender, taking off in a special bus for home at 6 o'clock Sunday morning.

Canton Paper Slams MSU Pucksters

A weekly newspaper in Canton, N.Y., the St. Lawrence Plaindealer, reported on Nov. 26 that the Michigan State hockey team "went on an all-night bender" before taking off for home. The paper stated in an editorial that "these members were drunk, stole bicycles and a car, broke windows, lapped over an oil tank and staggered to their school bus to go home." "Canton will be just as happy to see a much quieter place of town than the one that was here last night," Eric Heinzen said. "A REPORT such as this is a

quite possible some of the team members did have something to drink, but no one was reported drunk." Hockey coach Arno Bassone told Cunningham he saw no players "staggering on the bus." "This in the upper over the aftermath of Nov. 26 hockey game in Canton, one finds there really was no shouting and no 'wild bender.'" "In fact, according to Cunningham, there were no complaints from anyone except the newspaper editor." "Some people even commended the behavior of the team after reading the report in the Plaindealer. These people saw the players that night and said they were orderly."

WHAT WOULD HAPPEN IF ALL ADVERTISING STOPPED

Stores would begin cancelling orders. Very quickly, many factories would close down plants and lay off millions of employees. Without advertising, our national economy, our national life, would be bleak indeed. In many ways, advertising is the power plant of our society. MORE CUSTOMERS FOR MORE PRODUCTS—America's creative genius and wonderful ability for organization has resulted in a tremendous flow of goods of all kinds. This creates a crucial need for masses of people anxious, willing and able to buy and consume these goods.

WHAT ARE THE "NEEDS" OF THE PEOPLE?—One of advertising's greatest tasks is to create dissatisfaction in people's minds with what they have, and persuading and coaxing them into buying what they neither need nor want. ADVERTISING—PUBLIC SERVANT—Frequently, the advertising industry is called on to direct public-service jobs for the Government as well as for private public-service organizations. ADVERTISING LOWERS PRICES—Does advertising raise the cost of goods? On the contrary. Through newspapers, television, magazines, radio and billboards, an advertiser can talk to a prospect for a tiny fraction of a cent.

Wesley Foundation Opens New Center

Methodist students are beginning their first full term in the new Wesley foundation student center building...

The chapel of the Apostles dedicated Oct. 9, 1955, was given to the foundation by the church...

The lounge was occupied in December, a time for students to hold their Christmas party and light the lamp for the first time...

Mr. Jordan said that foundation also hopes to set up a study general library area where any student could come and study.

Why is there a need for such an expensive building? "Demand is the reason," Mr. Jordan said.

Until the fall term, Methodist students had used the Wesley house, 343 Park Lane, an old residence, for their activities.

Regular foundation activities include a Sunday evening forum program preceded by a Sunday study class...

Cagers, Tankers, Matmen On The Road

Team Goes North To Marquette

Michigan State takes a break in its Big Ten schedule Saturday as it travels to Marquette, Mich., to play a strong Northern Michigan team at Marquette. It will be the first time in four years that a MSU team will be on the road. The Spartans will play an away game at Marquette.

In the previous trip in 1957, the Spartans took an unofficial vacation during the trip and played several games in the Upper Peninsula against an above-the-fray team.

NORTHERN MICHIGAN will take a 12-1 season's record into the game Saturday, along with a status as one of the top small college teams in the nation. The Spartans would like nothing more than to add a victory over the Big Ten opponent, especially if it is to its list.

The possibility of the Spartans being not as potent as some other teams might think State is presently suffering from one of its worst seasons in many years, will probably not be to its peak performance as in Northern. The combination of the heart-breaking loss to Illinois last Monday and the fact that this is a non-conference game contributes to the fact that the Spartans will probably be under its top showing.

The only team that has managed to defeat Northern this season was Bradley, which is tied third in the nation 5 by a 17-7 score.

The Wildcats feature a strong line team, along with a fine line, a mean combination in the league. Against Wisconsin-Lakeview recently, they tallied 10 points. The leading Northern players are senior Wayne Wilson, a 6' 7" forward, who in an individual game scored 31 of 33 points this season, and forward Steve Thomas, who scored 29 points in one game this season and guard Gene Gharran, a 5' 10" senior.

THE SPARTANS will carry usual starting line-up into game with Dick Hall and Jack Lammers or Hal Brown at forwards, Ted Williams at center and Dave Fahn at Art Schwann at guard position.

An encouraging note for the Spartans was seen on Monday, as State played perhaps its last game of the season against Ohio State, Duane and Kilbride, who were in place of the injured team, turned in an excellent performance with 11 points in the second half. Kilbride should add to the depth of the Spartans, which seemed to lack earlier in the season.

A sell-out crowd of 5,300 is expected for the contest. The game is considered to be the top of the year for Northern.

Cunningham Signs

ST. LOUIS, (AP) — Outfielder Cunningham — usually one of the last to sign — became 30th St. Louis Cardinal to sign. He took an estimated \$2,500 cut to about \$30,000.

DUKE KILBRIDE ... added bench strength for Spartans ...

Six Officials Observe MSU

Six Japanese agricultural information specialists and news commentators, T. Nakamura, of the Japan Broadcasting Company will visit Michigan State during the week of Feb. 20.

They will observe how information specialists are trained at MSU.

The six specialists, K. Fukumoto, Z. Kozaki, T. Minato, T. Nomi, S. Noda and K. Onizuka, are Japanese prefectural officials.

Prefectures are geographical and governmental divisions comparable to our states. Holesya Kumata, associate professor, department of General Communications Arts, said that the group will observe informational work.

The group will be accompanied by Wallace Gaddis, an American technical leader.

Dispute Over Tennis

NEW ORLEANS, (AP) — The U.S. Lawn Tennis Association took another step today toward ending its long "cold war" with the professionals and approving open tournaments.

A special committee headed by Perry Jones of Los Angeles, former Davis Cup captain, decided after a bitter closed-session battle to submit a two-point recommendation to the USLTA executive committee.

The executive committee, policy-making arm of the organization, meets tomorrow night. The general meeting is scheduled Saturday.

Members of the open tennis committee were sworn to confidentiality, secrecy, but it was learned unofficially that the group went on record as favoring a trial run of open competition.

The stand is not much different than that taken a year ago when the plan, with U.S. support, was defeated by the Paris meeting of the International Lawn Tennis Federation.

Swimmers Are Favored Risk Dual Meet Record To Defeat Fighting Illini Against Pitt Grapplers

With eyes towards their first Big Ten championship in four years, Michigan State's steam-rolling Spartans will try to add Illinois to its growing list of victims in swimming competition. The two teams meet Saturday in Champaign, Illinois.

"We should find more competition with Illinois than in last week's contest with Purdue," commented State swimming mentor Charles McCaffrey. "But we still should take the meet, which will help us prepare for next week's battle with Michigan."

The more headstrong State swimmers are strong favorites to repeat last year's 74-31 victory, and extend their 8-0 lifetime record against Coach Al King's Fighting Illini.

On the basis of scoring efforts against a mutual opponent, both squads had little trouble in beating Purdue. In an early season victory, Illinois left the Boiler-makers in their wake with a 76-20 trouncing.

However, State's performance was equally impressive. McCaffrey's charges took ten out of eleven first place finishes. In the process of winning, they broke two pool, one varsity, and three dual meet records.

SPARKED MAINLY by sophomores, Illinois has relied on only eight lettermen to carry the load. First year man Jim Spreitzer has looked good in all sprint events.

The former Evanston High School star missed qualifying for the U.S. Olympic team by only one-tenth of a second in the 100 meter freestyle. He placed sixth in the 1960 AAU Indoor Championships with a time of 2:04.3 in the 220.

"Illinois will be strong in the freestyle events, and should be able to field strong freestyle relay and medley relay teams," McCaffrey admits. "The varsity medley relay team has had a good 3:55.6."

"But Jeff Mattison, Bill Shingleton, Bill Stewart, and Jurgen Matt after establishing a new dual meet record against Purdue last week should give them a good fight," the optimistic coach related.

Also fine performances by Dick Brackett and Bill Stewart have added greater strength and depth to State's contingent.

BRACKETT, a junior from Willmette, Ill., came into his own last week. His time of 4:33.2 in the 440 freestyle is 16

DICK BRACKETT ... freestyle hopeful for State ...

seconds faster than Illinois best freestyler John Fornot.

A Spartan victory will insure the team's hold in the first division of the Big Ten race behind unbeaten Indiana. A victory will also put the pressure on perennial power-house Michigan, whom MSU meets in its stiffest test of the season next week at home.

With a 5-0 dual meet record at stake, MSU's wrestling squad takes to the road this weekend to meet the tough Pitt Panthers this Saturday afternoon in Pittsburgh.

The Spartans enter the meet with little knowledge as to what type of team they will face. Pittsburgh, although only 3-2 for the season, is always a stand-out on the wrestling circuit. They have six out of last year's eight had trouble coming up with a winning combination.

In last year's NCAA wrestling finals, the Panthers finished in eighth place—a very respectable showing. State tied for 17th.

MSU'S HEAD COACH Fendler Collins figures the meet to be a toss-up, primarily for two reasons.

(1) Pitt refuses to wrestle all ten weights. They have eliminated the 115 and 191-lb. classes mainly because they are weak at these spots. Since the Panthers are a non-conference foe, they reserve the right to do this.

(2) The final results will depend heavily on where Pitt uses its best wrestlers. The Panthers have juggled their top men all season long to make up for weaknesses. They are about due to find the right line-up.

Pittsburgh's top performers are 130-lb. Larry Lauble, two-time NCAA runner-up and U.S. Olympic team member, 147-lb. John Zolickoff, and 157-lb. Dave Kelvington.

Michigan State, due to the cancellation of the two matches, will use a new line-up. Oke Johnson will move up to the 121 lb. class for the first time this season in place of George Hobbs. Hobbs is out with an infected gland, the same illness that sidelined Johnson one week ago.

Spartans Jerry Hoke (130-lbs.) and Norm Young (137) will be at their usual positions, but junior Doug Millman replaces Gary King in the 147-lb. class. Bob Schluter (157), Duane Wolfert (167), John McCray (177) and Mike Senzig (heavyweight)

team did not put in a good performance. The Panthers are the only team to beat the Spartans last year, 15-11.

This doesn't mean that the Spartans will have an easy time this year. "It is possible if Kelvington defeats Young 137 and their other big men win, we could lose the meet," Collins said.

Assistant coach Gray Wolfert on the other hand, is much more optimistic. "I see our chances are very good," Peninger said.

round out the rest of the State line-up.

Surprisingly, the undefeated Wolfert was not even scheduled to make the trip. He was upset by Schluter and Alex Valenoff in two challenge matches this week, but Valenoff could not go due to academic problems.

THE OUTCOME of the meet could depend a great deal on where the Panthers start Kelvington. Wrestling for the better part of the season in the 157-lb. class, Kelvington is more at home at 137. Last year he beat Spartan Norm Young, 10-5, in the 137-lb. class.

However, according to coach Collins, the Pitt meet of last year was nothing to go by. "It was our poorest meet of the season," Collins said. "The

JERRY YOUNG
... two miler to compete in Relays ...

MSU Relays

(Continued from page 1) line time of 9:56.3, returning to the field.

Other two Spartan entries in the meet are:

Jerry Young, Berkeley junior and Big Ten cross country champion is a strong contender in the two mile run. Young's main opposition will come from Houston's Pat Chobsey, Bob Henderson of Missouri, Jerry Anderson of Western and teammate Billy Rembold.

THIS FIELD could threaten the meet record of 9:12.7 set by Michigan's Tom McEwen in 1956.

The Spartans will also pose a threat to the defending Kansas State 240 yard shuttle hurdle relay team. Tom Jefferson, Bill Mann, Tom Peckham and Charlie Harrison will probably be the helm handling in this event. These high-stepping hurdlers will also run in the 110 yard and high hurdle events, where Bill Mann and Tom Jefferson are possible contenders.

Other Spartan hopefuls are Bill Acker, Birmingham sophomore in the pole vault, Sonny Akpata in the broad jump, Tom Peckham and James Roe, both sophomores, are possible point men in the high jumps. State's mile relay could also pose a possible threat in this event. The relay will probably consist of Phil Beck, Bill Boyd, Larry Sharron and Don Voshell. Zack Ford and Bill Green are also possible runners.

SONNY AKPATA
... MSU's representative in running broad jump ...

Relays Tickets

Student and Employee tickets for the Michigan State Relays on Saturday evening, February 4, will be available at the Junction Gymnasium ticket office beginning today. The office will be open from 8 a.m. to 12 noon, and from 1 p.m. to 5 p.m. daily.

Coupons from the Winter Term Student Activity book must be exchanged for a seat reservation. In addition, the Student Activity ID Card will be required for admission at the gate. All seats will be reserved for the finals in the evening; the preliminaries in the afternoon will be free. Regular price of admission will be \$1.50, according to Warren Burt, ticket manager.

The relays are put on for the explicit benefit and entertainment of the students. All students are urged to come out and view the meet.

Spring Soccer Team Planned

Soccer fans in the greater Lansing area will have an opportunity to witness the sport this spring if a proposed team is established.

The team, which will be composed of MSU graduate students, family members as well as residents of the Lansing area, has made plans to enter in the Western Michigan Soccer League which has teams in Grand Rapids, Kalamazoo, Battle Creek and other cities.

The WMSL was organized four years ago and has been growing rapidly. It has recently been divided into two divisions.

Any persons interested in participating either as a player or manager can receive further information by calling James Neval at ED 2-629, or ED 2-6449. A meeting is planned for Thursday, Feb. 9 in Room 208 of the Men's IM Building at 7 p.m.

Until the weather permits, Mr. Neval of the IM department will help provide the facilities.

Persons interested in soccer as a recreational activity will also be welcomed at the practice.

Wolverines Here Pucksters to Meet Powerful Michigan

Michigan State's hockey team meets with its oldest rival tonight at the Ice Arena at 8 p.m. in the first game of a week-end series.

The Spartans will be facing a tough Wolverine team which occupies second place in the Western Collegiate Hockey Association with a 9-4-1 record.

Michigan's team is headed by centerman, Goethe West, defenseman, Berenson and goalie, Galt.

The Spartans are looking for a good game, and in many ways the best hockey game of the season.

The Spartans will be facing a tough Wolverine team which occupies second place in the Western Collegiate Hockey Association with a 9-4-1 record.

Three Students In Skate Finals

Three Michigan State students are competing in the national figure skating championships in Detroit.

The students are: Art Thompson, a sophomore, who is competing in the men's singles; and two women, who are competing in the ladies' singles.

Art Thompson is looking for a good performance, and in many ways the best hockey game of the season.

A New Champion

MIAMI BEACH, Fla. (AP) — A new champion in the world of professional boxing was crowned Tuesday night when a 2-1 decision was handed down by the judges.

The 21-year-old contender, Muhammad Ali, defeated the defending champion, Sonny Liston.

Ali, who is known as "The Greatest," is a former heavyweight champion and is looking for a good performance, and in many ways the best hockey game of the season.

West Point Here For Pistol Match

The United States Military Academy pistol team, present American champions, and the Ohio State University pistol team will meet in a triangular match with the Mid-west champs of MSU. The match is scheduled for Saturday morning beginning at 10 a.m. in the basement of Demonstration Hall.

The West Point team is headed with six All American shooters from last year. Their coach, Mr. Joe Benner, is an Olympic pistol champion.

The teams will arrive Friday night about 9:30 at Capital Airport. They will spend the evening at Kellogg center.

Going into the match will be a MSU team that is undefeated in the Midwest since 1957.

Sailing Club

There will be a meeting of the Sailing Club every Tuesday at 7:30 p.m. in 34 of the Union. There will be discussions on learning to sail, racing rules and tactics, and sailing films will be shown. All kinds of the club invited all interested persons to attend.

Fencers in Tri-angular Meet; Illinois, U. of Chicago at IM

The Universities of Illinois and Chicago invade East Lansing this weekend to meet with the MSU fencing squad in a triangular meet.

The meet will be held at the IM building at 1:30 Saturday afternoon.

Two weeks ago, the Spartans put their opener by a 14-13 score to the University of Detroit. Coach Charles Schmitter did manage to find a bright spot in the defeat in the showing of his sophomores and juniors. They accounted for over half of State's points in winning seven of its twelve bouts.

Schmitter was disappointed by the showing of his seniors in the meet. They won but 6 of 15 bouts during the meet.

Illinois is rated one of the top teams in the country this season, with an experienced squad. Chicago will also bring a strong crew into the meet.

In order for the Spartans to give a good showing, the seniors will have to show more than in the previous meet.

Domineering "Bucks"

CHICAGO (AP) — Top-ranked Ohio State is on a Big Ten statistical stampede befitting its undefeated pace toward a second straight conference basketball title.

They lead in scoring with 87.4 points a game, in defense with an average field of 59.2, and in shooting percentages with averages of 46.4 from the floor and 82.0 from the free throw line.

The free throw accuracy is a record pace, far ahead of the season mark of 74.1 per cent set in 1956 by Illinois. The Buckeyes, however, still have to measure up to the conference record of 49.1 from the field they set last year and Illinois' 81.2 point average in 1956.

DUAL FILTER Tareyton

Van Hoosen Will Hold Party Sat.

Van Hoosen hall has invited the men and women of Owen graduate dorm to join them at a skating and dancing party Saturday evening from 7:30 until 12 midnight.

According to Mary Ellen Graham, social chairman at Van Hoosen, the group will skate on the Red Cedar behind Van Hoosen from 7:30 until 12 midnight Friday evening from 7:30 until 9 p.m. and will be warmed up with hot chocolate and hot dogs. An informal record dance will then take place in the recreation room of Van Hoosen until 12 midnight. Refreshments will include cookies baked by the girls of the living unit.

"Greenfield Village" is the theme of the Beatnik party which will be held Saturday evening at the Sigma Phi Epsilon house.

Theta Chi fraternity will treat their dates to a "Rowdy Night" dinner and a toboggan party Saturday evening.

The dinner, according to Wayne White, Theta Chi's social chairman, will be very informal and relaxed. He compared it to Friday night in the men's dorms and when they are able to eat without coats and ties.

At 7:30 p.m., the Theta Chi and their dates will go to Bancroft Park to toboggan, returning to the house later for hot chocolate.

Mason hall and W. Shaw will have a "Monte Carlo du-Cafe" theme for their street cafe, gambling party Friday evening. The party will be held from 8 p.m. until midnight in the lower lounge of Mason.

Barb Jackson, Mason's social chairman, said that one room would be used for a gambling casino and another for dancing.

The house of Phi Sigma Kappa will be covered with socks Friday evening in the theme of their party Friday evening from 9 p.m. until midnight. The Brothers and their dates will dance in their socks to records, pop corn in the fireplace and be entertained by a folk-singing alumni.

"My Blue Heaven" is the theme of the pajama party Friday evening at the Alpha Sigma Phi house, according to Hank Kopek, social chairman.

Decorations will be "bedroom style" and the music will be provided by a stereo.

Delta Sigma Pi fraternity will hold its annual Rose Dance at Holiday Inn Saturday evening from 8 p.m. until 12 midnight.

The queen of the fraternity and two members of her court will be chosen. Entertainment will be provided by the band of Dick Dee.

Chi Omega and Sigma Chi will battle in a hockey game Saturday morning and then enjoy lunch together.

Fraternity Elections

Delta Upsilon recently elected James Wilson, Gastonia, N.C. graduate, as its new president. Other officers are vice-president Larry Anderson, Grosse Ile, sophomore; secretary, James Held, Mount Clemens, sophomore; and Jack Suler, W. Unity, Ohio Senior.

The newly elected Phi Tau president is Doug Watson, Elm-hurst, Ill. senior. Dick Bunting, Blissfield junior, is the new vice president. Jack Jandzinski, Elma N.Y. sophomore, secretary, and John Fox, Lansing senior, is the new corresponding secretary.

Gamma Mu chapter of Alpha Kappa Psi, professional business fraternity elected Tim Durbin, Midland junior as its new president.

Others officers are John Bond, Logan, Ohio sophomore as vice-president; Bob Sheldon, Midland sophomore, secretary, and Mike Conway, Detroit junior as the new treasurer.

Mr. Paul E. Sands, graduate assistant of personnel and production administration is the faculty advisor for the group.

Play Among Pre-Schoolers

Pre-School Is Unusual Lab

By MARCIA BAKER
State News Women's Editor

The laboratory pre-school has been useful not only to students on campus, but also to the families throughout the East Lan-

sing and Lansing area. The pre-school, which is under the administration of home management and child development in the College of Home Economics, is used for observa-

tion purposes for students who wish to gain experience in their associations with the children and as a research laboratory.

IT PROVIDES valuable experience for the children enrolled, for in few other places could they have such a varied program of activities.

Outside, there is a well-equipped playground which provides an opportunity for vigorous play. Art, music and literature are daily experiences at the school, and trips to points of interest on campus create a vivid interest in the outside world for the child.

The staff of the preschool consists of the instructor in charge a consultant on educational policies, one head teacher for each group of children and an assistant teacher.

The school is used by students who are usually Home Economic majors, but some students from the College of Education and Psychology departments do their observation work at the pre-school.

The beginning student in home economics writes reports of her observations and discusses these with classroom instructors. Those who are par-

14th Annual

Flower Show Theme 'Around the World'

By CATHE MAHONEY
Assistant Women's Editor

The fourteenth annual flower show sponsored by the Floriculture Forum, will take place Friday evening from 6:30 p.m. until 10 p.m. and Saturday from 10 a.m. until 10 p.m. in the Union ballroom and sun porch. "Around the World" is the theme of the show this year.

One of the classes of competitive displays will include crests and designs for sorority, fraternity and living units who wish to enter their crests in a floral arrangement.

The other will be for living units or organizations who wish to enter arrangements.

One of the main attractions of the show will be a demonstration from 8 p.m. until 10 p.m. each evening by design school students creating arrangements. Commentary will be by Dr. C. E. Wildon, professor of design at the University, and Hal Pumphrey of Barnes Flowers.

At 10 p.m. Saturday these arrangements will be auctioned. In the past, the flowers have been sold for much less than their real value.

Two other features of the show will be a display of arrangements made by classes in floral design and commercial entries, which will be shown on the sun porch.

Almost all the flowers in the show, which are worth nearly \$3,000, are contributed by the floral industry. In the past, such displays as a fully planted garden, large fountains and full-sized trees have been used. Party theme tables, such as weddings, and Thanksgiving, have often been used.

Judging of the entries will take place Friday evening at 8 p.m. Mrs. Vela Overton of Van Peenan Flowers, Mrs. Joe Frarrar of Bancroft Flowers and Mr. Dick Karialtske of Norm Kessel Flowers will do the judging.

The Show which in the past has been scheduled on football game days is held in connection with Farmer's Week this year. From three to four thousand people are expected to attend. Floriculture Forum is a student organization of flower art, and the president is Chuck Ciaramitaro. Co-chairmen of the show are John Hora and Joy Johnson. Other chairmen include: floral stock, Dan Van Slyke; judges, Winifred Burgon; reception, Mike Rogers; design, Jack Stokes; publicity, Pete Thiessen; and floor plan, Fred Flassig.

Michigan State Coeds Serve on Mademoiselle Fashion Board

Representatives of Mademoiselle's national College Board will include 10 MSU co-eds this year.

Mary Ann DesRochers, Bridgeport junior; Diane Linda Upham, Sturgis freshman; and

Mary Isabel Woods, Lansing junior, are the underclassmen included in the group.

Seniors chosen are Sue Dinnwiddle, Detroit; Jannette Filley, Dowling; Claireen Hamilton, Marshall; Joan Hutchinson, Detroit; Susan Marie Price, Marquette, N. Y.; Norma Rutkoskey, Grand Rapids; and Judith Turner, Lansing.

Pinnings

ALPHA CHI OMEGA
Diane Mehling, Grosse Pointe sophomore, to Don Delozier, Grosse Pointe sophomore and Psi Upsilon, Nancy Westphal, Marquette senior, to Al Schmitter, Mansfield, Ohio senior and Phi Kappa Psi.

DELTA TAU DELTA
Jim Wise, Allegan junior, to Lori Bonine, Kalamazoo sophomore; Bob Howse, Pontiac senior, to Karel McCurry, Birmingham sophomore; Larry Maris, Midland junior, to Carol Carr Grand Haven sophomore and Alpha Phi.

ASHER HOUSE (Women)
Diane Cook, Lansing senior, to John Klarich, MSU graduate and Phi Kappa Psi.

Miss Yokochi said that the major difference in the American and the Japanese child is that the American is more able and more encouraged to express himself.

She said that she noticed this especially when the children are eating lunch.

"CHILDREN in Japan are expected to remain silent throughout the meal, while the American child asks many questions about the food. It would be possible for the Japanese children to ask the same questions if they were given the opportunity," Miss Yokochi said.

Any child between the ages of two and a half and five is eligible to enter the pre-school. These children come not only from faculty families, but from East Lansing, married housing, Lansing and other nearby areas.

The guest editors will be brought to New York for two weeks in June to help write, edit and illustrate Mademoiselle's 1961 August College issue. Their transportation will be paid to and from New York and they will receive a regular salary for their work.

In addition to their work on the magazine, guest editors will interview outstanding men and women in their chosen field to help clarify their career and will visit fashion showrooms, publishing houses and advertising agencies and will take part in the parties Mademoiselle is planning for them.

The Russian club which was organized fall term, recently held its first organization meeting and elected new officers for the remaining part of the academic year.

The new president is Sue Guro; vice-president, Gail Pense; secretary-treasurer, Zita Kuz; and publicity chairman is Lawrence Radick. Meetings of the club are held every other Wednesday. Those who are interested in acquiring a better understanding of Russian culture and civilization are invited to attend. A knowledge of Russian is not necessary.

Chi Omega's Elect Officers

Chi Omega sorority, Xi Gamma chapter, has recently elected Sue Johnson, St. Clair Shores junior as president.

Other new officers include: Vice-president Barbara Hammer, Grosse Pointe junior; Sharon Goul, Troy junior as treasurer; and secretary Jean Giroux, Grosse Pointe junior.
