Good Morning! How Do You Like Our New Face—It's Offset

Freshman Killed In Auto Accident

A 19-year-old freshman was killed at 2:43 a.m. Wednesday when he lost control of his car and crashed into a light pole near the Grand River Avenue-Michigan Avenue intersection.

Rosary will be said at 8:30 p.m. Thursday at the William Vasu Funeral Home in Royal Oak. Funeral services will be held at 9:30 a.m. Friday in the funeral home, to be followed by church services at 10 a.m. in the Holy Name Church of Birmingham. Burial will take place at the Holy Sepulcher Cemetery in Southfield.

The car then slid sideways narrowly missing the Lathrop Pure Oil gas station and crashed into a light pole, police said.

ROGER C. BOUCHARD

Bouchard, who was alone, died instantly of head injuries, said coronor Jack Holmes.

The car was totally demolished. Surviving Bouchard are his parents, Mr. and Mrs. Constant L. Bouchard of Birmingham; a brother, Richard; and a sister, Janine.

Traffic Changes Made

Traffic changes affecting Brody residents and motorists traveling Harrison Road have been announced by Lt. Allen H. Andrews, Dept. of Public Safety. Beginning this morning at 7:30 a.m. motorists traveling south on Harrison Road are prohibited from making left turns into Kellogg Center. A sign will later be installed at the intersection, and will be operational between 7:30 a.m. and 6 p.m., the effective hours of the new ordinance.

Contrary to previous traffic ordinances, northbound traffic on Harrison Road is now allowed to make left turns into the Emmons entrance of the Brody group at any time. The pedestrian-actuated traffic light at the Brody group will be in operation only between 7:30 a.m. and 6 p.m.

Carl J. McMonagle, University traffic engineer, and consulting traffic engineer to E. Lansing, again urges students to make use of the traffic light. The push button does not always cause immediate activation of the light, due to heavy traffic at the Kalamazoo and Michigan traffic lights, but will operate as soon as traffic has been given a chance to clear.

AUSG Petitions Available

Petitioning for posts of class officers, All-University Student Government president, and AUSG representatives will be open until 4 p.m. Monday. Candidates must have an all-university average of 2.37 or higher and must be carrying 12 or more credits.

Petitions are available at the Union news desk or in the Men's Division or AUSG headquarters in Student Services.

A meeting for all candidates will be held in 328 Student Services Monday at 7 p.m. Campaigning for elections begins Thursday.

Honored Alumnus Albert Case Dies

Albert H. Case, distinguished alumnus and retired mining executive died March 18. Case Hall was named for Mr. Case and his wife, Sarah A. Case.

EDUCATOR SPEAKS OUT—James M. Conant, former president of Harvard and author of several books on education, talks of his Carnegie Foundation study of America's colleges. He met with President John A. Hannah and other University educators Wednesday.

U.S. Educator Conant Visits MSU on Study

The great diversity between states and institutions makes it impossible to generalize on the American method of preparing teachers, James M. Conant, a leading educator, said here Wednesday.

Conant, former president of Harvard and author of several books on elementary and secondary education in the United States, was in East Lansing to gather information for his study on methods of educating teachers. Conant has spent the last eight months traveling throughout the country to investigate different institutions and states.

"I am only discussing the various methods with the colleges," he said. "I do not want to evaluate them." He is conducting his two-year study under a grant from the Carnegie Foundation. He studied secondary schools under an earlier four-year Carnegie grant.

From that study Conant wrote "The American High School Today" and his recent "Slums and Suburbs." He expects to have a book ready on this study by the fall of 1963.

'Aloha' Set; Tickets Gone; Muu Muu Out

Dinner tickets for Aloha Week were sold out at registration Tuesday afternoon, Tom DeWitt, area publicity chairman announced.

Although the 3,000 dinner tickets are gone, 9,000 entertainment tickets for the Hawaiian festival remain and may be purchased for \$1.50 each at the Union ticket desk.

No Muu Muus will be worn to classes for Aloha Week as previously announced in a circulation distributed at registration.

DeWitt said Aloha Week committees originally believed they had University permission to wear the costumes to class.

"The University has consented to let students wear Hawaiian attire to special events and on campus, but not to classes," he said.

Register Til Friday For Water Safety

Registration for the Red Cross water safety instructors course can be made through Friday with Mrs. Harriet Young, IV 4-7461. Part one of the course will be given Saturday from 9 to 12 a.m. Part two is scheduled for May 7, 8, 9 and 10 from 6 to 10 p.m. Both sessions will be held in the Women's IM Pool.

Steelworkers, Industry Near Contract Agreement

PITTSBURGH (AP)—Conrad Cooper, chief negotiator for the steel industry, indicated Wednesday that the industry and the United Steelworkers have reached a general agreement on a new basic steel contract.

Cooper told a news conference Wednesday that a contract has been agreed upon. However, it was learned on excellent authority in Washington that a new two-year contract has been reached.

It calls for about 10 cents an hour hike in vacations unemployment and pension benefits, but no direct wage raise.

The contract also calls for a reopening after the first year for possible renegotiation of wage rates.

President Kennedy reportedly has been informed of the steel settlement and is said to regard it as responsible and non-inflationary—an agreement in a range that ought not to require any steel price increase.

A few hours before Cooper's announcement, the USW announced that three major union groups will meet in Pittsburgh over the weekend.

USW President David McDonald said top negotiating teams for both sides will continue talks Friday.

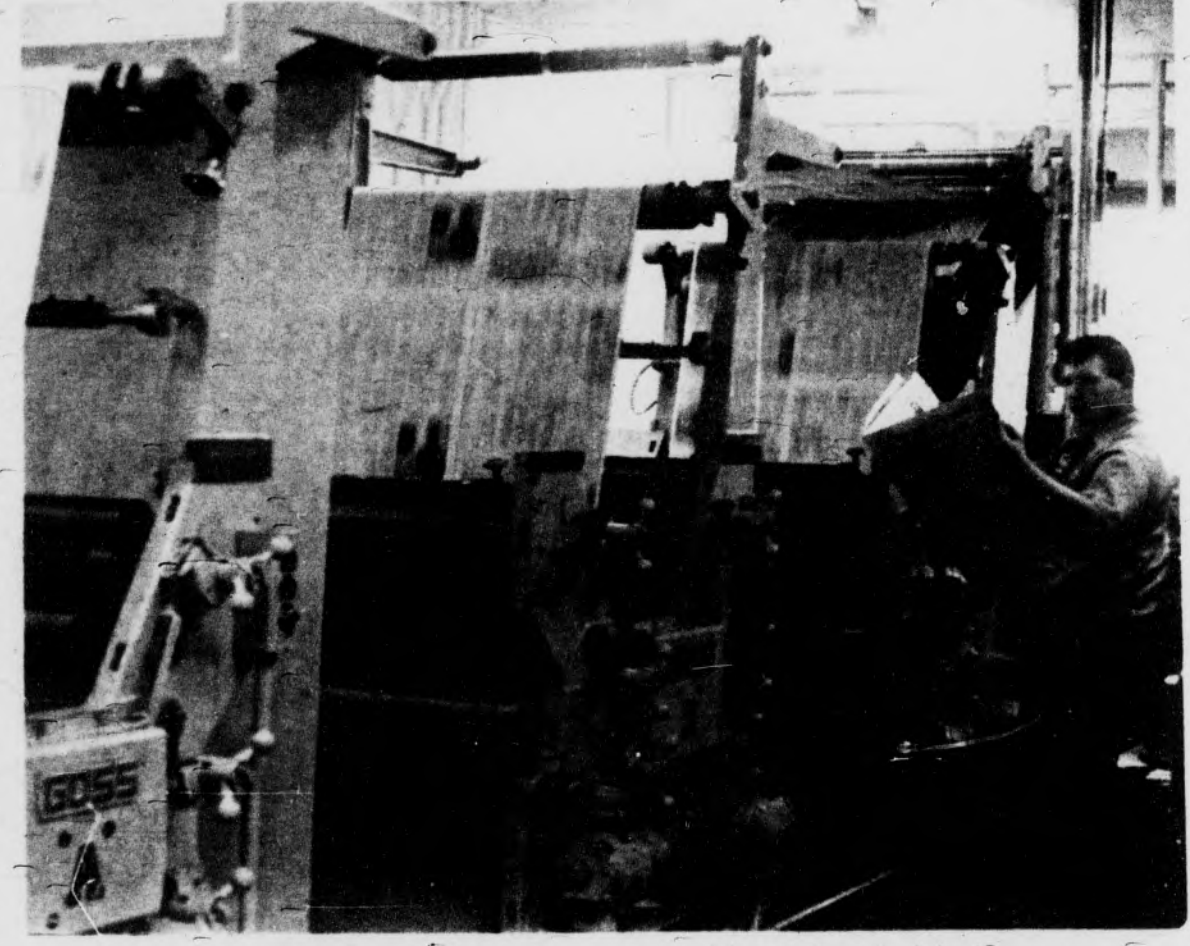

Both sides asserted they intended to strive for a settlement well before the present pacts expire June 30.

Smith Trial Slated

Wolcott Smith, East Lansing's freedom rider, was to stand trial Wednesday in Hinds County Court, Jackson, Miss., for his part in last summer's rides in Jackson.

Smith, a junior in mathematics and physical sciences, was arrested July 29. He is charged with provoking a breach of the peace.

Smith was first tried July 31 in a municipal court of no record and was sentenced to four months and a \$200 fine. No decision from that court can be appealed. To appeal, Smith was released on \$500 bond after 32 days in prison and asked to be retried in a court of record.

2nd to Use Process In State

It's Modern All the Way

Today's issue marks a major change for the State News—we've gone from letterpress to offset.

Before the switch, an eight-page paper was printed from moulded lead type that weighed about 640 pounds.

Today's State News was printed from thin aluminum plates that weigh just a few ounces.

The paper also does a lot of traveling.

The press on which the State News is printed is located about 65 miles away in Greenville, Michigan.

The same press also is used to print the Greenville Daily News.

Copy, headlines and news are pasted up on full size sheets at the new composition room here and later sent to Greenville for further processing.

The general process, called lithography, takes advantage of the fact that water and grease won't mix.

The printing surface is entirely flat. That is, there is no difference in level between what is to print and what is to remain white paper.

An image is put on the surface with grease and then dampened. But the moisture will remain only where there is no grease.

Then the surface is alternately dampened and inked by two sets of rollers, each set leaving behind either moisture or greasy ink on the respective parts of the surface.

The paper then is pressed on the whole surface and it picks up the ink.

In the State News process, a rubber covered cylinder is introduced between the plate and the paper. The image is printed on the rubber and transferred onto the paper.

This addition is called "offset lithography" or simply "offset". The offset process gets its name from this roller that is "offset" from the plate.

Offset's application to newspaper printing is rather new. The Greenville paper was the first daily in Michigan to use the process.

The State News will be the second daily in the state to use offset printing.

Here's how the State News is printed: First the ads are pasted up on a dummy page, exactly the way they will appear.

Next, the full size page goes to the pasteup department where copy set on justowriter and headlines from the Headliner are put into position until the page is filled. The justowriter is a machine similar to a typewriter that sets the body type used in copy. A Headliner reproduces headlines photographically.

This pasted up page will be photographed actual size on a large piece of sheet film.

The finished negative is put into a mask—a kind of frame—to assure proper placement on the light sensitive aluminum plate.

All of the air is forced from between the plate and the negative thus eliminating light leakage and imperfect images when the plate is exposed to a powerful arc light.

Following this exposure, the image on the plate is developed like an ordinary photograph and the plate is ready for the presses.

The plate is put on the press and the page is ready to be printed.

As the press begins to roll, a thin layer of water is put on the plate and quickly recedes from the parts of the plate which are printed with the image.

Ink, being essentially a grease, will not stick to the wet parts of the plate on which the image has been recorded.

The ink transfers the image to the paper on which the image has been recorded. The ink transfers the image to the paper which in turn transfers on the paper. This—very roughly—is how the State News is printed.

L-C Tickets Ready for Friday

Distribution of Lecture-Concert Series tickets will begin at 9 a.m. Friday, at the second floor check room of the Union.

Beginning Friday, coupon one may be turned in for tickets to the Isaac Stern concert Wednesday or for the Van Cliburn performance on April 11.

Tickets for the Old Vic Company's April 9 performance of Romeo and Juliet or the April 10 showing of Saint Joan may be exchanged for coupon two, beginning at 9 a.m. Tuesday.

Students Question Balloting Methods

By JIM WALLINGTON and PAUL SCHNITT

Many students expressed dissatisfaction over AUSG's handling of the balloting at registration Monday to Wednesday on two proposed amendments to the AUSG constitution.

The student governing body was criticized for such voting procedures as:

1- Handing out ballots to students without verification if they were graduate or undergraduates and entitled to the ballots. Separate ballots were given to graduates and undergraduates.

2- Allowing ballots to be left behind by students who did not want to vote and not picking up the discarded ballots.

3- Having no direct supervision over the ballot boxes. These procedures left the door open for possible organized moves by special interest groups to either defeat or help pass the amendments.

Students were asked to vote on the questions whether or not graduate students should have representation in AUSG, whether defendants in the All-University Judiciary were entitled to public hearings, and whether a defendant could waive a two day wait-

ing period before hearings. Elections commissioner Kent Cardell, Birmingham junior, explained AUSG's position on the balloting procedure.

"We had to go on their honor," Cardell said. "There was no way to check whether they were carrying six credits or more. How many students would have wanted to stop and pull out their ID's again?"

Cardell said he did not have a large enough staff to either stop election inspectors at the ballot boxes during the first few hours of the balloting or to keep the area clear of discarded ballots.

"I had enough volunteers signed up for the whole three days," Cardell said. "But many didn't show up. Many didn't appear until Wednesday."

There was also dissatisfaction over the location of the voting tables. Many were displeased at having to vote in a crowded corridor and at the end of registration.

Cardell said registration was chosen as election days because it was the only time all students could vote.

"We wanted majority of students to vote and get their feelings over to us," Cardell said.

See AUSG Page 2

BALLOTS ON THE FLOOR—A student picks ballots up off the floor at the All-University Student Government voting post where they were discarded at registration by students who didn't want to vote on the referendum which would give graduate students representation in AUSG. The student could have deposited them in the ballot box to help defeat or pass the referendums. Right; students deposit their own ballots in the boxes at the AUSG voting station during registration without authorized supervision by AUSG personnel.

A Little Nip Means One Way Trip -- Back Home

by JIM COFFEE
Of the State News Staff

Before you smuggle a pint into your room or take a nip to warm your bones before you head for the Union, think twice—at least if you're on campus. The University has a strict policy regarding the enforcement of its liquor laws, said Dr. John A. Fuzak, dean of students, in an interview.

Although no standard procedure is followed in dealing with students who break the Board of Trustees' rules making it illegal for anyone to "possess, consume, or bring onto University property any alcoholic beverage," various methods can be employed in dealing with student violators, according to Fuzak.

Prior to the spring of 1961, the fact that a student possessed any alcoholic beverage while on University property was sufficient cause for his dismissal. In fact, suspension was automatic.

Now, however, a question as to the degree of an offender's guilt is taken into consideration before any disciplinary action is proposed by the All-University Student Judiciary (AUSJ) and Fuzak.

The old ruling was revised last year. Now only students who "knowingly and willingly" break the rules will be punished, according to Fuzak.

"For example, a first-term student misses orientation week," he said. "Then he is caught with beer in his possession during registration week. Now, I think there is reasonable doubt as to whether he 'knowingly and

willingly' violated the University ruling.

"Or suppose Johnny's mother goes to market and leaves a case of beer in the back of the family car. Then John, who lives with his parents in Lansing, uses the car and is caught making an improper turn on campus. Of course, the beer is discovered," said Fuzak.

Prior to the change of the original ruling, John would have been dismissed immediately from the University, but now he can present his case and hope for leniency.

Fuzak next presented the theoretical case of a student apprehended on University property with beverage alcohol in his possession.

First, the student is interviewed by either Dean Fuzak or John W. Truitt, director of the Men's division of Student Services. This helps to determine the nature of the violation and to determine if any special help, such as psychiatric treatment, need be given to the student.

Special help is needed only in rare instances, Fuzak added, with a grin.

Next, he is referred to the AUSJ, before which he presents his case. A student may bring "counsel" to his hearing, but his "counsel" must be affiliated with the University, Fuzak said.

What this means is that a student cannot hire special legal aid for his appearance before the AUSJ. But he can bring, say, one of his professors, or his academic advisers to act as a character witness.

If the student is found guilty by the student judiciary, a recommendation is then made to

Fuzak by the AUSJ as to what disciplinary action should be taken.

Fuzak made it clear that the sole responsibility of meting out disciplinary measures rests with him. In most instances, he said, he does abide quite closely with the AUSJ's decision.

In some instances, a student may wish not to appear before the student judiciary. He would rather plead guilty to Fuzak and have Fuzak decide what measures to take.

In cases such as this, the offending student signs a statement which says he is guilty of the offense and will abide by Fuzak's decision.

This is to prevent the student from charging at a later date that he was mistreated and denied a hearing before the AUSJ, Fuzak said.

"If a student feels the AUSJ did not give him a fair hearing and has 'sufficient basis for appeal,'" he can have the Faculty Committee on Student Conduct review his case.

Instances such as these are infrequent, Fuzak said, and generally occur only when all the evidence of the case is not brought to light at the AUSJ hearing.

The offender can be expelled, suspended, or put on probation. Expulsion means 'the student will never be readmitted to the University. All cases involving expulsion are reviewed by President John A. Hannah.

If a student is suspended, Fuzak said, he can apply for readmission at a later date, and his "application will be seriously considered." In effect, this means that if the suspended person has a satisfactory academic record, he can probably

3 Profs Awarded Science Honor

Three Michigan State University professors have received the highest-ranking fellowships offered by the National Science Foundation.

Dr. Max T. Rogers, professor and acting head of chemistry, Dr. Harold Hart, professor of chemistry, and Dr. Richard S. Rudner, professor of philosophy, will study in England during the 1962-63 school year under NSF Senior Postdoctoral Fellowship.

Only 125 of these fellowships were offered during the year for the entire United States. They allow recipients to go anywhere they wish for non-profit research, match salaries up to \$15,000 and pay certain research and travel costs.

Rogers will do research on nuclear magnetic resonance spectroscopy in collaboration with physicists at the National Physical Laboratory, London. This organization is comparable to the U.S. Bureau of Standards.

Hart will be working with Sir Alexander Todd, Nobel Prize winner, at Cambridge University. He plans to do research in heterocyclic chemistry and possibly in biochemistry.

Rudner, who is concerned with the philosophy of science, will also be at Cambridge. He will do research on the logic of induction.

gain readmittance to the University.

There are various degrees of probation, and they vary in their severity, Fuzak said.

In order of descending strictness, these are strict disciplinary probation, and warning probation.

"We try to make all disciplinary action have a positive, rather than a negative, affect on the student. We want him to learn something from such an experience," he said.

DR. HAROLD HART

DR. MAX ROGERS

DR. RICHARD RUDNER

AUSG

(Continued from page 1)

"This they cannot do if the election is held anywhere else, like in the dorms or at Berkeley Hall." "We could not get any area inside. The registrar's office told us that only registrar's material is handed out inside."

Only 5,000 students out of a student body of over 20,000 took part in the last spring election of class officers, AUSG officers and student representatives, he said.

Cardell also explained that he attempted to channel the flow of graduate and undergraduate students with signs pointing out which way they should go to get their respective ballots.

However, "the administration tore them down," he said.

Some student's comments on the operation of the balloting included:

"I could have voted 10 times. All these ballots shouldn't be strewn around like this."

"They should give the ballot to the person who really wants to vote and let him vote right there. You can have a situation where a few students strongly for or against the issues can stuff the ballot boxes."

"If you are going to vote," an East Lansing junior said, "you can't have it this way. They should have set it up downstairs and those who wanted to vote could vote."

Another student said he left the balloting area not wanting to vote and found ballots outside the IM building. He said he then went back into the building and deposited the ballot without being questioned by election officials.

Another student said that Cardell has asked him to empty the ballot boxes Monday morning, although he was not a member of student government. He said Cardell was the only person on duty

at the time. Cardell said the person was one whom he knew well and trusted. "I would have trusted any of my friends and not hesitated to ask them to help me."

MSUO Drops Student Gov't

MSUO, the Oakland Michigan State campus, is without student government after a lack of candidates forced its senate to declare an indefinite moratorium on government and to cancel elections set for March 16. Student judiciary operations were also suspended, leaving the Oakland campus with no judicial structure other than the administration processes.

J. Duncan Sells, MSUO dean of students, said student representation must be restored, and he promised to appoint a steering committee to prepare for its establishment.

Little Jack Horner sat in the corner eating his humble pie.

He stuck in his hand, pulled out a loafer and said this is ridiculous!

Dr. Weidner's New Book, 'World Role Of Universities,' Urges Overseas Changes

"American universities need to look forward to a new era of far greater mutual interchange with scholars and institutions abroad," writes Dr. Edward W. Weidner, professor of political science, in "The World Role of Universities," a new book published by McGraw-Hill Book Co.

"No institution of higher learning," says Weidner, "can afford to be isolationist if it is to be true to its name as a university."

Weidner is reporting on four years of intensive field and documentary research centered at Michigan State University.

Working under the author's direction, an experienced team of social scientists interviewed some 2,000 persons both in the U.S. and abroad.

The study, undertaken by MSU, was financed by a grant from the Carnegie Corporation of New York.

Weidner this year is a visiting senior scholar at the East-West Center, University of Hawaii.

He said that the U.S. government, foundations and businesses are involved in a multi-million-dollar effort not only to assist other nations through educational development but to broaden the education of Americans.

American universities are playing a major role in this effort.

"American universities," writes Weidner, "have drifted on the seas of international exchange programs without rudder and direction, without compass and destination." However, he believes the need for universities to participate in these programs is evident.

He recommends basic changes in philosophy to overcome some of the difficulties besetting American university programs overseas. These include:

DR. EDWARD WEIDNER

but for the role it can play in advancing knowledge.

Foundations should revise their methods of operation, providing for continuous review and more field work.

The social scientists reviewed more than 380 programs operated in this country and abroad by 184 universities and colleges.

They found "disappointing" the majority of "student abroad" programs.

Weidner suggests that a study-abroad program should "give students, who participate, academic and educational experiences abroad they could not reasonably expect to receive at home." This has not always been the case, he indicates.

University-run technical assistance programs, according to Weidner, "have made friends for the U.S., but they failed to achieve a long-term effect on the host institutions overseas."

In selecting personnel for overseas service, he suggests that these criteria be applied: professional competence, including mastery of the subject; competence in the role to be played as teacher, consultant or administrator; competence as an educator; ability to adjust profes-

American universities should develop their own criteria for participation in overseas programs to fulfill their international undertakings and at the same time perform their unique functions at home.

A university should not undertake a project unless it can commit itself to full participation.

The U.S. government should assist universities at home and abroad to further their own aims, not primarily to fulfill narrow political objectives of the government.

A separate agency should be set up to deal with all aspects of international exchange in higher education; alternatively, regional centers should be established.

More funds should be provided to expand present programs for study abroad and to make the opportunity available to all qualified students.

Cultural exchange should not be promoted as a means of "broadening" persons by trips abroad.

U of Nigeria 8 Political Internships Offered For Summer

15,000 Books Richer Now

The University of Nigeria library is some 1,500 books richer, thanks to the generosity of State students and faculty.

The drive to obtain books for the African institution was sponsored by Delta Sigma Theta sorority with the cooperation of International Program.

The University of Nigeria in the Eastern Region of that nation opened in October, 1960 and is one of the world's fastest growing centers of learning.

The University of Nigeria library has a capacity of 500,000 volumes but at present has only a few thousand in its collection.

The books donated by students and faculty included university-level volumes on social science, engineering, humanities, literature, home economics, agriculture and many other topics.

Michigan State is conducting an advisory assistance program to the African institution under financing by the Agency for International Cooperation.

Dr. George Axinn, coordinator of the Nigerian project, reports that books for the Nigerian library will be accepted anytime in A-4, Wells Hall. Books should be fairly-recent college-level textbooks.

to demonstrate club and individual projects.

Among the exhibits to be shown are a combination analog and digital computer, rockets and a radio frequency plasma torch.

The displays will be open on the second floor Union concourse from 7 to 10 p.m. April 6 and from 9 a.m. to 5 p.m. April 7.

Eight summer political internships are being offered this year to qualified college students by the Michigan Center for Education in Politics (formerly the Michigan Citizenship Clearing House).

The internships are available with the following organizations and individuals:

Michigan Chamber of Commerce, Michigan AFL-CIO, Republican State Central Committee, Democratic State Central Committee, Congressman James O'Hara, Republican Policy Committee of the House of Representatives, Senator Philip A. Hart, and Congressman Robert Griffin. The latter three will be served in Washington, D.C.

Juniors, seniors, and first-year graduate students who are currently attending a college or university in Michigan are eligible to apply for a summer internship. The internship lasts for an eight-week period, and a salary of from \$60 to \$80 per week will be paid. The deadline for applications is Sunday and winners will be announced about April 15.

For further information and an application form, contact the political science department, 457 Berkey.

The All American Team Package turn in contest

ENDS MONDAY, APRIL 2

Groups, Fraternities or Sororities can still win

Individuals can still win . . .

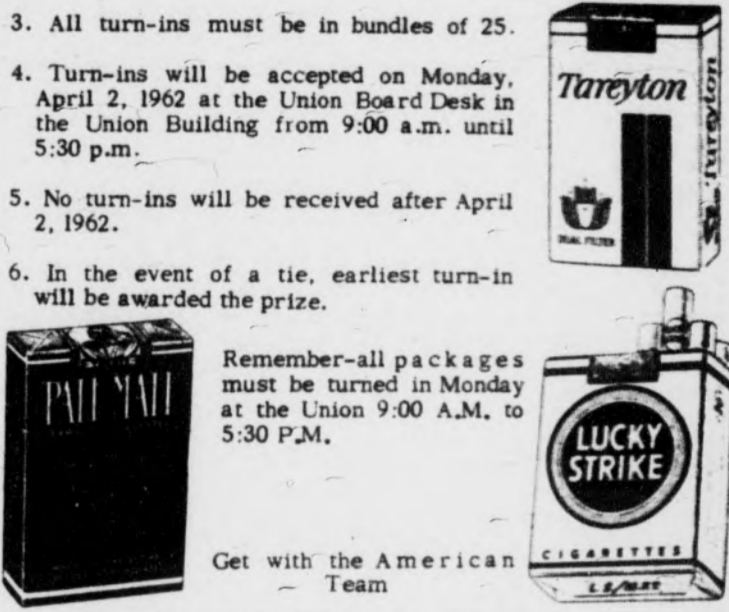

A Motorola Multi-channel Stereo Hi-Fi. This high quality set will be awarded to the individual having the highest number of turn-ins.

Rules To The Contest

1. Package turn-in contest open to all university students on or off campus.
2. Each empty package of Pall Mall, Lucky Strike or Dual Filter Tareyton submitted has a value of five points.
3. All turn-ins must be in bundles of 25.
4. Turn-ins will be accepted on Monday, April 2, 1962 at the Union Board Desk in the Union Building from 9:00 a.m. until 5:30 p.m.
5. No turn-ins will be received after April 2, 1962.
6. In the event of a tie, earliest turn-in will be awarded the prize.

Remember-all packages must be turned in Monday at the Union 9:00 A.M. to 5:30 P.M.

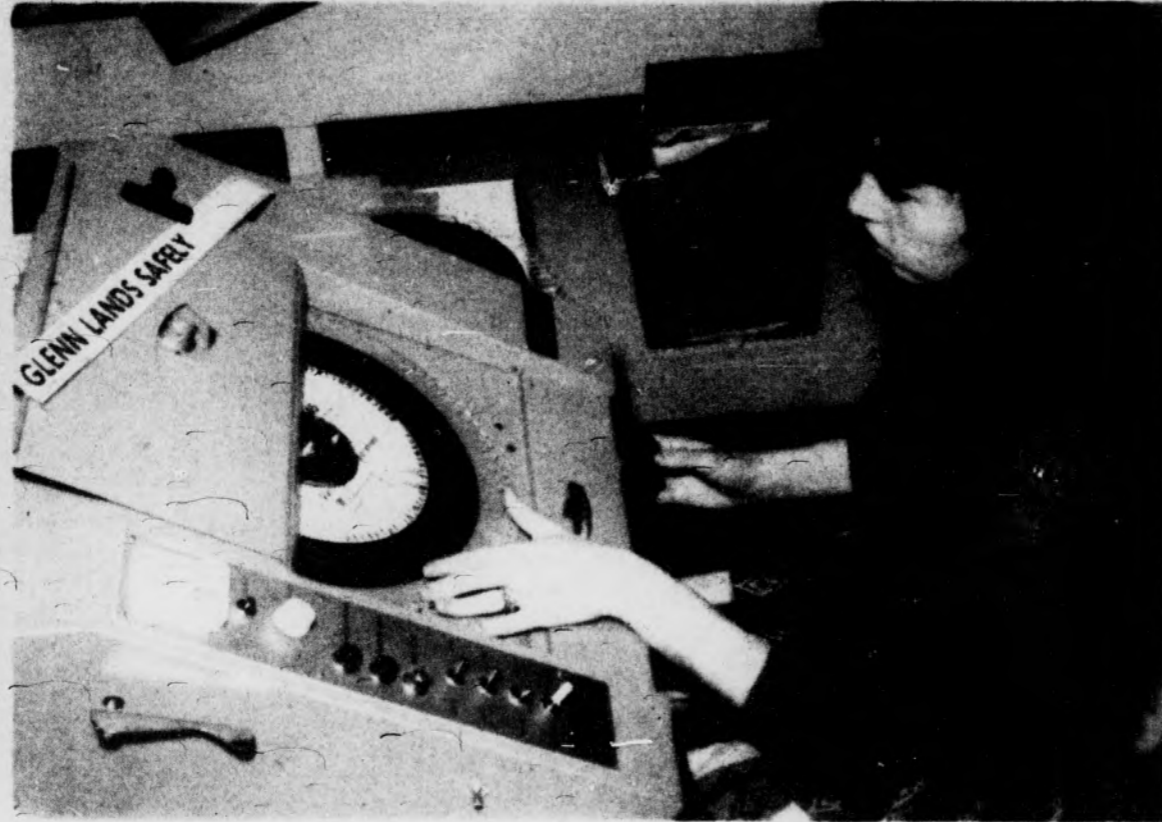

Get with the American Team

Here's How Your State News Now is Produced

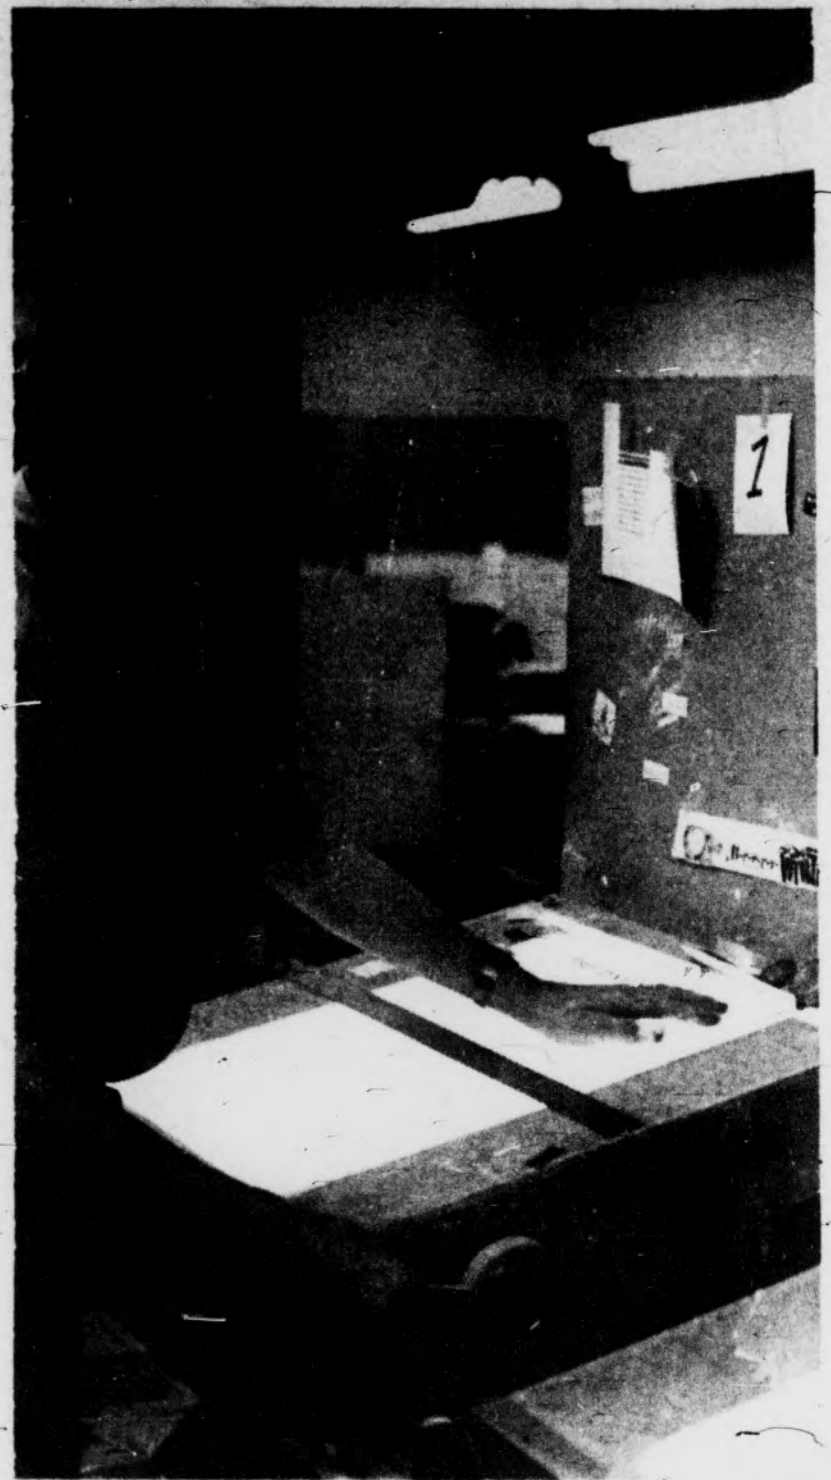

CHECKING NEWS COPY--Mrs. Raymond Vollmer checks a proof typed on the Justewriter. The taped machine automatically evens out the right and left margins of the news copy which has been cut on tape. This machine produces the body type.

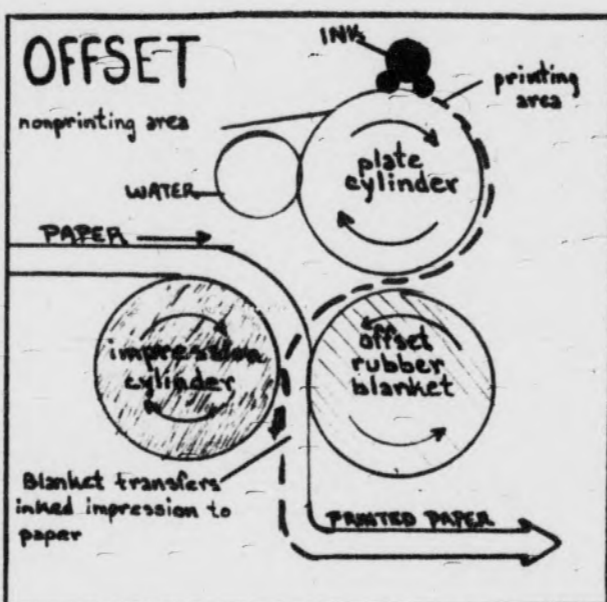

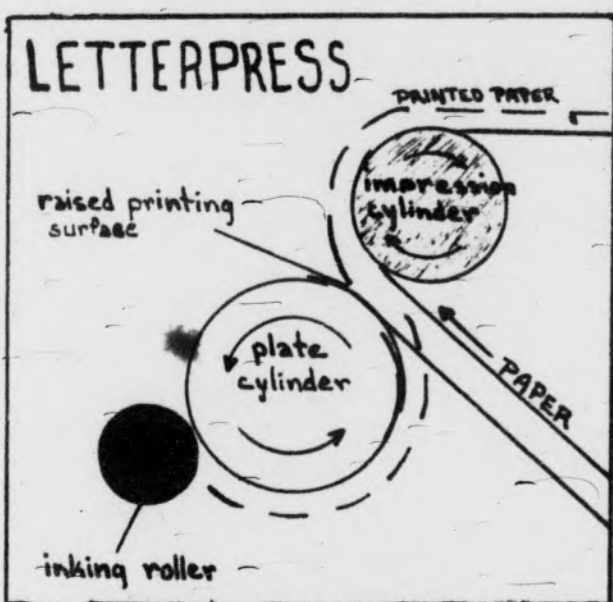

PHOTOGRAPHING THE HEADLINES--Mrs. Alan Gilbert spins the letter disk of the Headliner, a photographic machine which prints each letter on photographic paper.

The paper is developed inside the machine and comes out similar to the headline tape in the left of the picture.

FULL-SIZED PASTE-UP--Layout man, Raymond Eastman, of the Greenville plant, places ads and copy on a full-sized sheet, which will later be photographed full-size.

THE OLD AND THE NEW--Last term, the State News was printed by this method, left. Now it is being produced by the offset method, one of the newest methods

in daily newspaper printing. --State News Illustration by Cherie Mitchell.

PREPARING FOR THE NEGATIVE -- Chas. Webb Greenville Daily News pressroom foreman, gets ready to lay the negative in the back of the camera which will take a picture of the paste-up dummy.

RETOUCHING THE NEGATIVE--Al Esparza eliminates any minor flaws in the negative by working on a light-table.

PREPARING THE PLATE FOR THE PRESS--A light sensitive plate on which the negative image has been exposed is prepared for press by Harold Jewell, Greenville pressman.

FINAL PRESS CHECK--Ready to start the press, Charles Webb sets the compressed air valves which will apply pressure to the printing surface.

CHANGING PAPER ROLLS--The State News requires two-and-one-half tons of newsprint to make its 21,000 paper run. Terry Garn, night pressman, places a new roll on the press.

THE FINISHED PRODUCT--Harold Jewell takes a stack of complete papers from the press. Total press-run time is just over two hours.

Tankers Travel To NCAA Meet

By LIZ HYMAN
State News Sports Writer

Nine Spartan swimmers will compete in the three-day NCAA Championships at Ohio State Thursday and the Spartans will be gunning to better its fifth place finish of a year ago.

The 38th annual tank meet will pit 47 college teams from schools throughout the nation.

Events today include the 200-yd individual medley, the 1500-meter freestyle and the one-meter diving. Spartan tankers in these events are Bill Wood, Blazewski and Van Lowe, respectively.

Individual State swimmers to compete in the 3-day meet are Shaar in the butterfly events, Driver in breaststroke events, and White, the two Woods, Mattson and Rowe in freestyle events.

State's favored event is the 400-yd freestyle relay. Mattson, Rowe and the two Woods broke all American records in the Big Ten championships this past sea-

son. The Spartan team could prove to be a threat in other freestyle competition. In the Big Ten championships, Mattson took second place in the 50 and 100-yd freestyle events and Mike Wood placed first in the 220 and third in the 100-yd freestyle. White and Rowe also are able competitors.

All around stiff competition is expected from defending team champion Michigan as well as from Ohio State and Southern California.

Individual threats this year are Yale's Mike Austin in the 50 and 100-yd freestyle events and Princeton's 400-yd medley relay team.

SONNY FIRED—Sonny Grandelius, former Michigan State All-American back and one-time assistant coach here, was fired March 17 from his head football coaching job at University of Colorado for allegedly maintaining a "slush fund" to assist players beyond rules approved by the NCAA. William Davis was named to replace Grandelius, although he has only five years of high school experience.

State-Navy Hook Up For Tennis Tangle

By Jay J. Levy
State News Sports Writer
Michigan State's tennis team meets the Navy squad Thursday at Annapolis as the Spartans wind up their spring training tour. The netmen have compiled a 3-win, 2-loss record and this will be their last tuneup before the season opener against North-

western April 20.

The squad has notched victories over Davidson, North Carolina State and East Carolina, while dropping meets to Duke and North Carolina.

The team won its first meet, 6-1, over Davidson in an abbreviated encounter halted by darkness.

Their first setback came against Duke as state bowed 6-3, but the Spartans came right back to whip North Carolina State 9-0.

At Chapel Hill, the Spartans managed but two victories as they lost to North Carolina 7-2. Tom Wierman in the singles and the doubles team of Brian Eisner and Dick Colby were the only winners for State.

The netmen picked up their third victory on Tuesday as they romped 9-0 over East Carolina at Greenville. The Spartans won every match in the minimum two sets. The summaries at Greenville were:

- Singles**
1. Eisner def. Felton, 6-1, 6-1.
 2. Colby def. Dunn, 7-5, 6-1.
 3. Jamieson def. Shaw, 6-0, 6-1.
 4. Damsen def. Tanner, 6-3, 6-4.
 5. Wierman def. Starr, 6-1, 6-1.
 6. Lickman def. Muecke, 6-2, 6-1.

- Doubles**
1. Eisner - Colby def. Felton-Tanner, 6-1, 6-0.
 2. Damsen-Wierman def. Dunn-Muecke, 7-5, 6-0.
 3. Lickman-Lau def. Starr-Shaw, 6-4, 6-4.

After their naval engagement, the Spartans will return to East Lansing. The team is expected to arrive at 10 p.m. Saturday.

Linksmen Tee Off In Sunny South

By JACK R. ZERBY
State News Sports Writer

Coach John Brotzmann's golf team will be in North Carolina Friday on an eleven day spring training practice sojourn.

In addition to holding practice sessions at the University of North Carolina and North Carolina State College, the Spartans played a match with the U. of North Carolina team on March 23, losing by a 27-3 count. The team will return March 30.

The 1962 squad will be bolstered by the return of four veterans, Buddy Badger, Gary Barrett, Lew Mc Daniels, and Don Cochran. Coach Brotzmann will also have Tom Gorman and Clinton Townsend on hand as he attempts to equal or better the 14 - 4 - 1 record posted in 1961.

Golfers lost from the 1961 squad include Captain C.A. Smith, Tad Schmidt, Larry Mc Millan, Marty Kleva, and Gene Hunt, who battled to the semifinals of the 1961 N.C.A.A. tournament before losing a close match to N.C.A.A. champ Jack Nicklaus, now a professional.

The 1961 team finished third in the Big Ten Meet at Bloomington, Indiana, as Smith placed sixth, Hunt and Badger tied for eleventh, and Barrett finished in 17th place.

The four returning linksmen have invaluable experience in actual collegiate competition. Badger averaged 79 strokes for eighteen holes in 1960, and posted a 75.6 average in 1961. Barrett lettered in 1959 and averaged 76.8 in four matches last

Rowers Start Indoor Practice

The rowing club starts its season Monday afternoon with practice in the IM Physical Fitness room. The team will be stroking on the Red Cedar Tuesday, at 3 P.M.

Dave Eakin, president of the club, and the faculty adviser, Dr. Maynard Miller, have scheduled three meets in May. They will row against Purdue, the Detroit Boat Club, and Wayne State.

"Our greatest problem is the lack of experienced rowers at State," Eakin said. "MSU isn't known for its rowing team, and even men with experience don't come here with the idea of rowing on a team."

The membership has risen to twenty, but more men are desired. "We are limited at present only by our equipment -- two thirty-year-old boats," Eakin said.

The club, which still awaits varsity status, has trouble financing its improvement. A new eight man shell costs nearly \$2500 and rowing blades run \$35 each.

The veteran squad members include Eakin, captain, Bruce Nichols, coxswain, and rowers Dan Reid, Cal Fox, Mike Wilson, Rick Knoblauch, and Ted Barnum.

COLLEGE STUDENTS IN THE VACATION RIOTS

What touches off the vicious vacation riots in resort towns from coast to coast? What madness causes the drunkenness, open immorality, violent battles with police? What sudden mob impulse can motivate a crowd of 30,000 educated young men and women into a rampage of destruction? Perhaps it's a new way to "let off steam" ... a savage kind of self-expression. But why are so many college students—presumably the nation's most "adult" and sophisticated young people—involved? Why do they knowingly risk their futures, even their lives for a few hours of wild abandon? In the new April McCall's, don't miss the unbelievable, yet true, report on the spread of this insane activity ... the terrible price you may have to pay if you're involved ... and how you can help stop the insanity.

Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

Blue-Jeanned Ranchwrecker

LESSON 10 - Girls should be real

Bird watching manuals clearly state that this is the study of living birds. It has nothing whatsoever to do with stuffed birds, models of birds or photographs of birds. The girl watching purist observes this same rule. In other words, girl watchers do not consider it a true function of their art to watch girls in movies or magazines.

The real, live girl is only and always the object of his quest, the subject of his contemplation. As experienced girl watchers (such as the cowboys above) know, there's no substitute for the real thing. (Pall Mall smokers know it, too. There's no substitute for Pall Mall's natural mildness—it's so good to your taste!)

Pall Mall's natural mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!

IM Sports Round-up And Spring Schedule

Team competition will be held in softball, tennis, golf, and track for all leagues: Dormitory, Fraternity, and Independent, this term. Bowling and volleyball teams will compete in the Independent League only.

Individual championship competition will be held in fencing, horseshoes, tennis, golf, skish, paddleball doubles, plus the sports skills: baseball throw and Sigma Delta Psi tests.

The following schedule is effective for the Spring Term of 1962 only. All of the dates and times listed are tentative and subject to change. For additional information, contact the Intramural Office.

Monday, Apr. 2 - Entries are being accepted for the paddleball ladder doubles tournament, Dormitory, Fraternity, and Independent softball, independent bowling, and independent Volleyball.

Tuesday, Apr. 3 - A meeting of all softball managers will be held in room 208 Men's Intramural Building at 7:30 p.m.

A meeting of all the individual championship participants and independent volleyball and bowling managers will be held in room 208 Men's IM at 8:30 p.m.

Thursday, Apr. 5 - All men interested in officiating IM softball officials meeting at 7:30 p.m. in room 208 Men's IM.

Friday, Apr. 6 - Dormitory, Fraternity, and Independent softball, independent bowling and volleyball rosters are due in the IM Office by 5 p.m.

Monday, Apr. 9 - Dormitory softball, independent volleyball, and the IM paddleball doubles ladder tournament begin tonight.

Tuesday, Apr. 10 - Independent league softball and bowling begin.

Thursday, Apr. 12 - Fraternity softball begins.

Monday, Apr. 16 - All Dormitory athletic chairmen should start their hall's tennis tournament this week to enable the all-hall representatives to be determined by April 28 for the tennis team rosters.

Friday, Apr. 21 - All Fraternity team tennis rosters are due in the IM Office by 5 p.m.

Tuesday, Apr. 24 - Fraternity team tennis tournament begins at 5:30 p.m.

Friday, Apr. 27 - Dormitory and Independent team tennis rosters due in the IM Office by 5 p.m.

Monday, Apr. 30 - All Dormitory, Fraternity, and Independent teams plus individual Golf Green Fees and rosters are accepted for the IM Golf tournaments. Team competition will be held in the three leagues plus individual competition.

Entries are now being accepted for the tennis singles tournament.

Tuesday, May 1 - A scratch meeting will be held for all Dormitory track managers at 5 p.m. in room 208, Men's IM.

Dormitory track and field preliminaries are held at 5:30 p.m.

Dormitory and Independent team tennis begins at 6 p.m.

Thursday, May 3 - Dormitory track and field finals are held at 5:30 p.m.

Friday, May 4 - The deadline for entering the tennis singles tournament is 5 p.m.

Monday, May 7 - Entries are now being accepted for the IM Fencing tournament.

Tennis singles tournament begins at 6 p.m.

Tuesday, May 8 - A scratch meeting for all Fraternity team track managers will be held at 5 p.m. room 208, Men's IM.

Fraternity track and field preliminaries will be held at 5:30 p.m.

Wednesday, May 9 - Fraternity track and field finals will be held at 5:30 p.m.

Thursday, May 10 - The deadline for Fraternity, Dormitory, and Independent team golf rosters and green fees is 12 noon.

Saturday, May 12 - The IM Skish tournament will be held in the outdoor pool at 10 a.m.

Fraternity, Dormitory, and Independent golf teams will start the team golf tournament and continue through tomorrow, May 13.

Monday, May 14 - The baseball throw contest will begin today and continue throughout this week.

Tuesday, May 15 - The IM horseshoes tournament begins at 5:30 p.m.

Wednesday, May 16 - The deadline for entering the IM Fencing tournament and for paying golf green fees for the individual golf tournament is 5 p.m. Rosters are to be turned in and fees paid at the IM Office.

Saturday, May 19 - The individual golf tournament will be held through tomorrow, May 20.

Monday, May 21 - The IM fencing tournament will be held this week. No dates have been set.

Friday, May 25 - The IM paddleball doubles ladder tournament ends at 5 p.m.

Michigan State fencer Bob Brooks, who captured the 1962 Big Ten epee crown, competed only in swimming and cross country during his high school career at Bay City Handy.

State '9' Stops Soldier Boys

By Mike Skinner
State News Sports Writer

Six runs in a wild third inning gave Michigan State's baseball team its third win in five tries Tuesday as it smacked Fort Lee, 7-3.

The Spartans, who are on their annual spring training trip, were scheduled Wednesday to square off against the Travelers again in a doubleheader.

Picked by Coach John Kobs to hurl the opener was sophomore Doug Miller, a home-grown East Lansing product. Either John Elias or Gary Ronberg was to get the nod in the second game.

State tangles with Massachusetts in an afternoon affair Thursday.

Against the Travelers State tallied all the runs it needed in the third despite banging only two hits. The winners combined six walks, three stolen bases, an error and two wild pitches, plus George Azar's single and pitcher Jack Nutter's two-bagger for six runs.

Nutter, a strong armed right-hander from Manton, has been outstanding on the mound for the Spartans in his two outings. In 14 innings he has given up only one run and seven hits.

He owns a two-win, no-loss record.

State opened its Southern tour in North Carolina where it split a four game series with the Camp Lejeune Marines.

After rain washed out a game Monday, Michigan State swimmer Mike Wood, a junior from Jackson, won the 1962 Big Ten 220-yard freestyle title in a record time of 2:01.3.

John Chandik, Hockey All-American

Goalie John Chandik, Port Colborne, Ont. junior, was recently named to the All-America college hockey squad by coaches of the American Hockey Association.

The 5-9, 130 pounder, who saved 728 shots while allowing only 91 goals during 24 season games and conference playoffs, was almost a unanimous choice of 200 voting coaches, said Spartan coach Amo Bessone.

Chandik, who Bessone calls "the best goalie in college hockey," also made the all-Western Collegiate Hockey Association playoff team.

Hank Has Doctor As His Second For Tiger Bout

NEW YORK (U-P) - Henry Hank, Detroit middleweight who meets Dick Tiger of Nigeria at Madison Square Garden Saturday night in the first fight there since the ill-fated Griffith-Paré bout last week, will have a doctor in his corner.

Hank said Wednesday Dr. Robert Bennett of Detroit will act as one of his seconds in the 10-round bout.

The hard-hitting middleweight said this "has nothing to do with last Saturday's fight between (Benny) Paré and (Emille) Griffith," which left Paré in a coma after a 12-round knockout.

The Hank-Tiger bout will be nationally-televised. Hank is ranked fifth in the division by the NBA, Tiger No. 1.

Kennedy sums up his first year in office

"I don't think most Americans realize," says JFK, "the way the situation has changed." In this week's Post, in an authoritative article based on talks with the President and his chief advisers, Stewart Alsop tells how Kennedy has revamped U.S. strategy. What was behind his struggle with the Pentagon. And how the new plans are working out.

Gymnasts, Fencers In NCAA Tourneys

State's gymnastics and fencing teams waste no time concluding their seasons after vacation as both travel to NCAA tournaments in the next two days.

Coach George Szypula's gymnastic team competes Thursday at Albuquerque, N.J. while coach Charles Schmitter's fencers travel to Columbus, Ohio, for the opening matches Friday.

"We have a good chance to win the nationals since we are among the top five teams in the country," said assistant gymnastics coach Yoshio Hatano.

Defending champion Penn State and fast rising Southern Illinois were tabbed as co-favorites in the 20th annual gym meet. Other top contenders according to Ha-

tano are Big Ten champ Michigan, and California.

A total of 41 teams are entered with California's full 10-man team the largest. Illinois, Southern Illinois and Sacramento State entered seven man teams while the Spartans have entered five.

Southern Illinois Fred Orlofsky is back to defend his title in the still rings but is expected to have stiff competition from State's Big Ten Champ Dale Cooper. Cooper, a soph from North Hollywood, Calif., is referred to by Szypula as "just about the best in the country."

Others making the trip are Steve Johnson, Big Ten champion in the trampoline, Larry Bassett, conference runner-up in the parallel bars, Gani Browsh, fourth

in NCAA free exercise a year ago and Jerry George.

Hatano said Cooper, Johnson and Bassett have a good chance to win their events.

"We had more first places in the Big Ten championships than any other team and we beat Illinois, which is unusual in itself," he said.

Penn State's five-man team is anchored by Champion Weiss, the defending all-around champion, who won his title last year by .32 of a point over Orlofsky.

Runner-up in the Big Ten Fencing championships behind Illinois, the Spartans figure to score high in the NCAA. Among the fencers making the trip are seniors Bob Brooks, foil and Joe Antonetti, sabre; Capt. Dick Schloemer and sophomore Neils Marin, foil.

Matmen Finish 9th In NCAA Finals

Oklahoma Johnson and John Baum took third places in the N.C.A.A. wrestling tournament at Stillwater, Okla., Saturday to give State a tie for ninth place.

Johnson, who scored eight of the Spartans 18 points, captured

third place in the 115-pound class when he defeated Iowa's Frank McCann on the referee's decision. The match ended in a 1-1 tie and in overtime Johnson was awarded the victory.

He won by default from Gil Sanchez of Colorado State University in the consolation semi-finals to compile a 4-1 tourney record.

Baum, a heavyweight who earned seven points, outpointed Rory Weber 3-1 in the consolation finals to get his third place. In winning three other matches and losing one, the senior defeated Toledo's Merrel Solowin 2-0 in the semis and lost to Iowa's Sherwin Thorson 2-1.

Baum, who scored 61 points during the season, the highest ever for a Spartan grappler, received the annual MSU Walter Jacob Award for the highest point scorer during the year.

Other State scorers in the nationals, won by powerful Oklahoma State, were Tom Mulder and Alex Valcanoff. Mulder scored one point in the 137-pound class by beating Oregon State's Ron Findley. Valcanoff scored two points, but lost to Wisconsin's Ron Parr in the consolation semi-finals.

Dietzel Okays Bowl Games

NEW YORK (AP)—Paul Dietzel, who has been spooled by a steady bowl diet during his coaching career, is not opposed to a season game for Army—under certain circumstances.

"If all, Army people would have to want the game," the new head coach at West Point said Wednesday. "Our team

would have to be an outstanding one—one that would give a good account of itself. And the players themselves would have to be given the right to vote 'yes' or 'no.'

"I'd never take a team to a bowl that wasn't solidly in favor of going there."

Army traditionally remained aloof from bowl games but in recent years the resistance has been waning. West Point officials already had made travel plans to Pasadena, Calif., for a Rose Bowl date with UCLA in 1947—the last team on which Doc Blanchard and Glenn Davis played—but the venture was squelched when the Pacific Coast and Big Ten signed their pact. Illinois went instead.

The Sheikdom of Yemen was once a part of the ancient kingdom of Sheba.

Paret's Condition Remains Critical

NEW YORK (AP)—Boxer Benny (Kid) Paret "is maintaining the slight improvement which he showed Tuesday," a medical bulletin issued by Roosevelt Hospital said late Wednesday.

The bulletin added the condition of the fighter, shorn of the world welterweight title and beaten senseless in 12 rounds by Emile Griffith at Madison Square Garden last Saturday, "remains critical."

The 25-year-old Cuban-born Paret has been in a coma since the fight.

The hospital bulletin said: "Mr. Paret's condition remains stable. He is maintaining the slight improvement which he showed Tuesday. His condition remains critical."

Earlier, the hospital reported Paret had made "some purposeful movements" with his arms, and that his coma had lessened. Griffith, after picking up his \$15,000 purse for the bout, has gone into seclusion, probably at the suburban estate of his co-manager, Howard Albert.

Paret's purse of \$50,000—less a \$2,000 advance he received to apply to payments on a Miami home—is still waiting for him at the Garden. It is the largest check Paret has ever earned.

Efforts to locate Paret's mother in Cuba, through the Swiss embassy there, have so far drawn a blank. New York Governor

Rockefeller had requested the state department to grant her a visa to come to the fighter's bedside.

In Albany, the New York state legislature announced a study to determine whether boxing should be outlawed after a bill was introduced to abolish the sport.

The move came after release of a state athletic commission report that upheld the referee's judgment and the medical precautions in the fight.

Tigers Lose To Reds, 4-2

LAKELAND, FLA., (AP)—The Cincinnati Redlegs scored two runs in the 10th inning for a 4-2 victory over the Detroit Tigers in an exhibition game Wednesday. A dropped throw by Norm Cash, singled by Frank Robinson and Gordon Coleman and a passed ball gave Cincinnati the winning margin.

Leo Cardenas accounted for the first two Redleg runs. He opened the first with a double and was singled home by Octavio Rojas. Cardenas led off the third with a Homer.

Moe Drabowsky blanked the Tigers for six innings but the former Chicago Cub hurler lost control in the seventh inning and it led to two Tiger runs.

Kennedy outlines his cold war strategy

Last year in Moscow, Khrushchev spelled out his master plan in no uncertain terms. But what is Kennedy's strategy? In this week's Post, in an authoritative article based on talks with the President and his chief advisers, Stewart Alsop reports on Kennedy's long-range thinking. And tells how such crises and Cuba, Vietnam and Berlin shaped the President's views.

The Saturday Evening POST MARCH 1962 ON SALE

Check your opinions against L&M's Campus Opinion Poll '68

1 Would you volunteer to man the first space station if odds on survival were 50-50?

Yes No

2 How many children would you like to have when you're married?

None One Two Three Four or more

3 Do men expect their dates to furnish their own cigarettes?

Yes No

Get lots more from L&M

L&M gives you MORE BODY in the blend, MORE FLAVOR in the smoke, MORE TASTE through the filter. It's the rich-flavor leaf that does it!

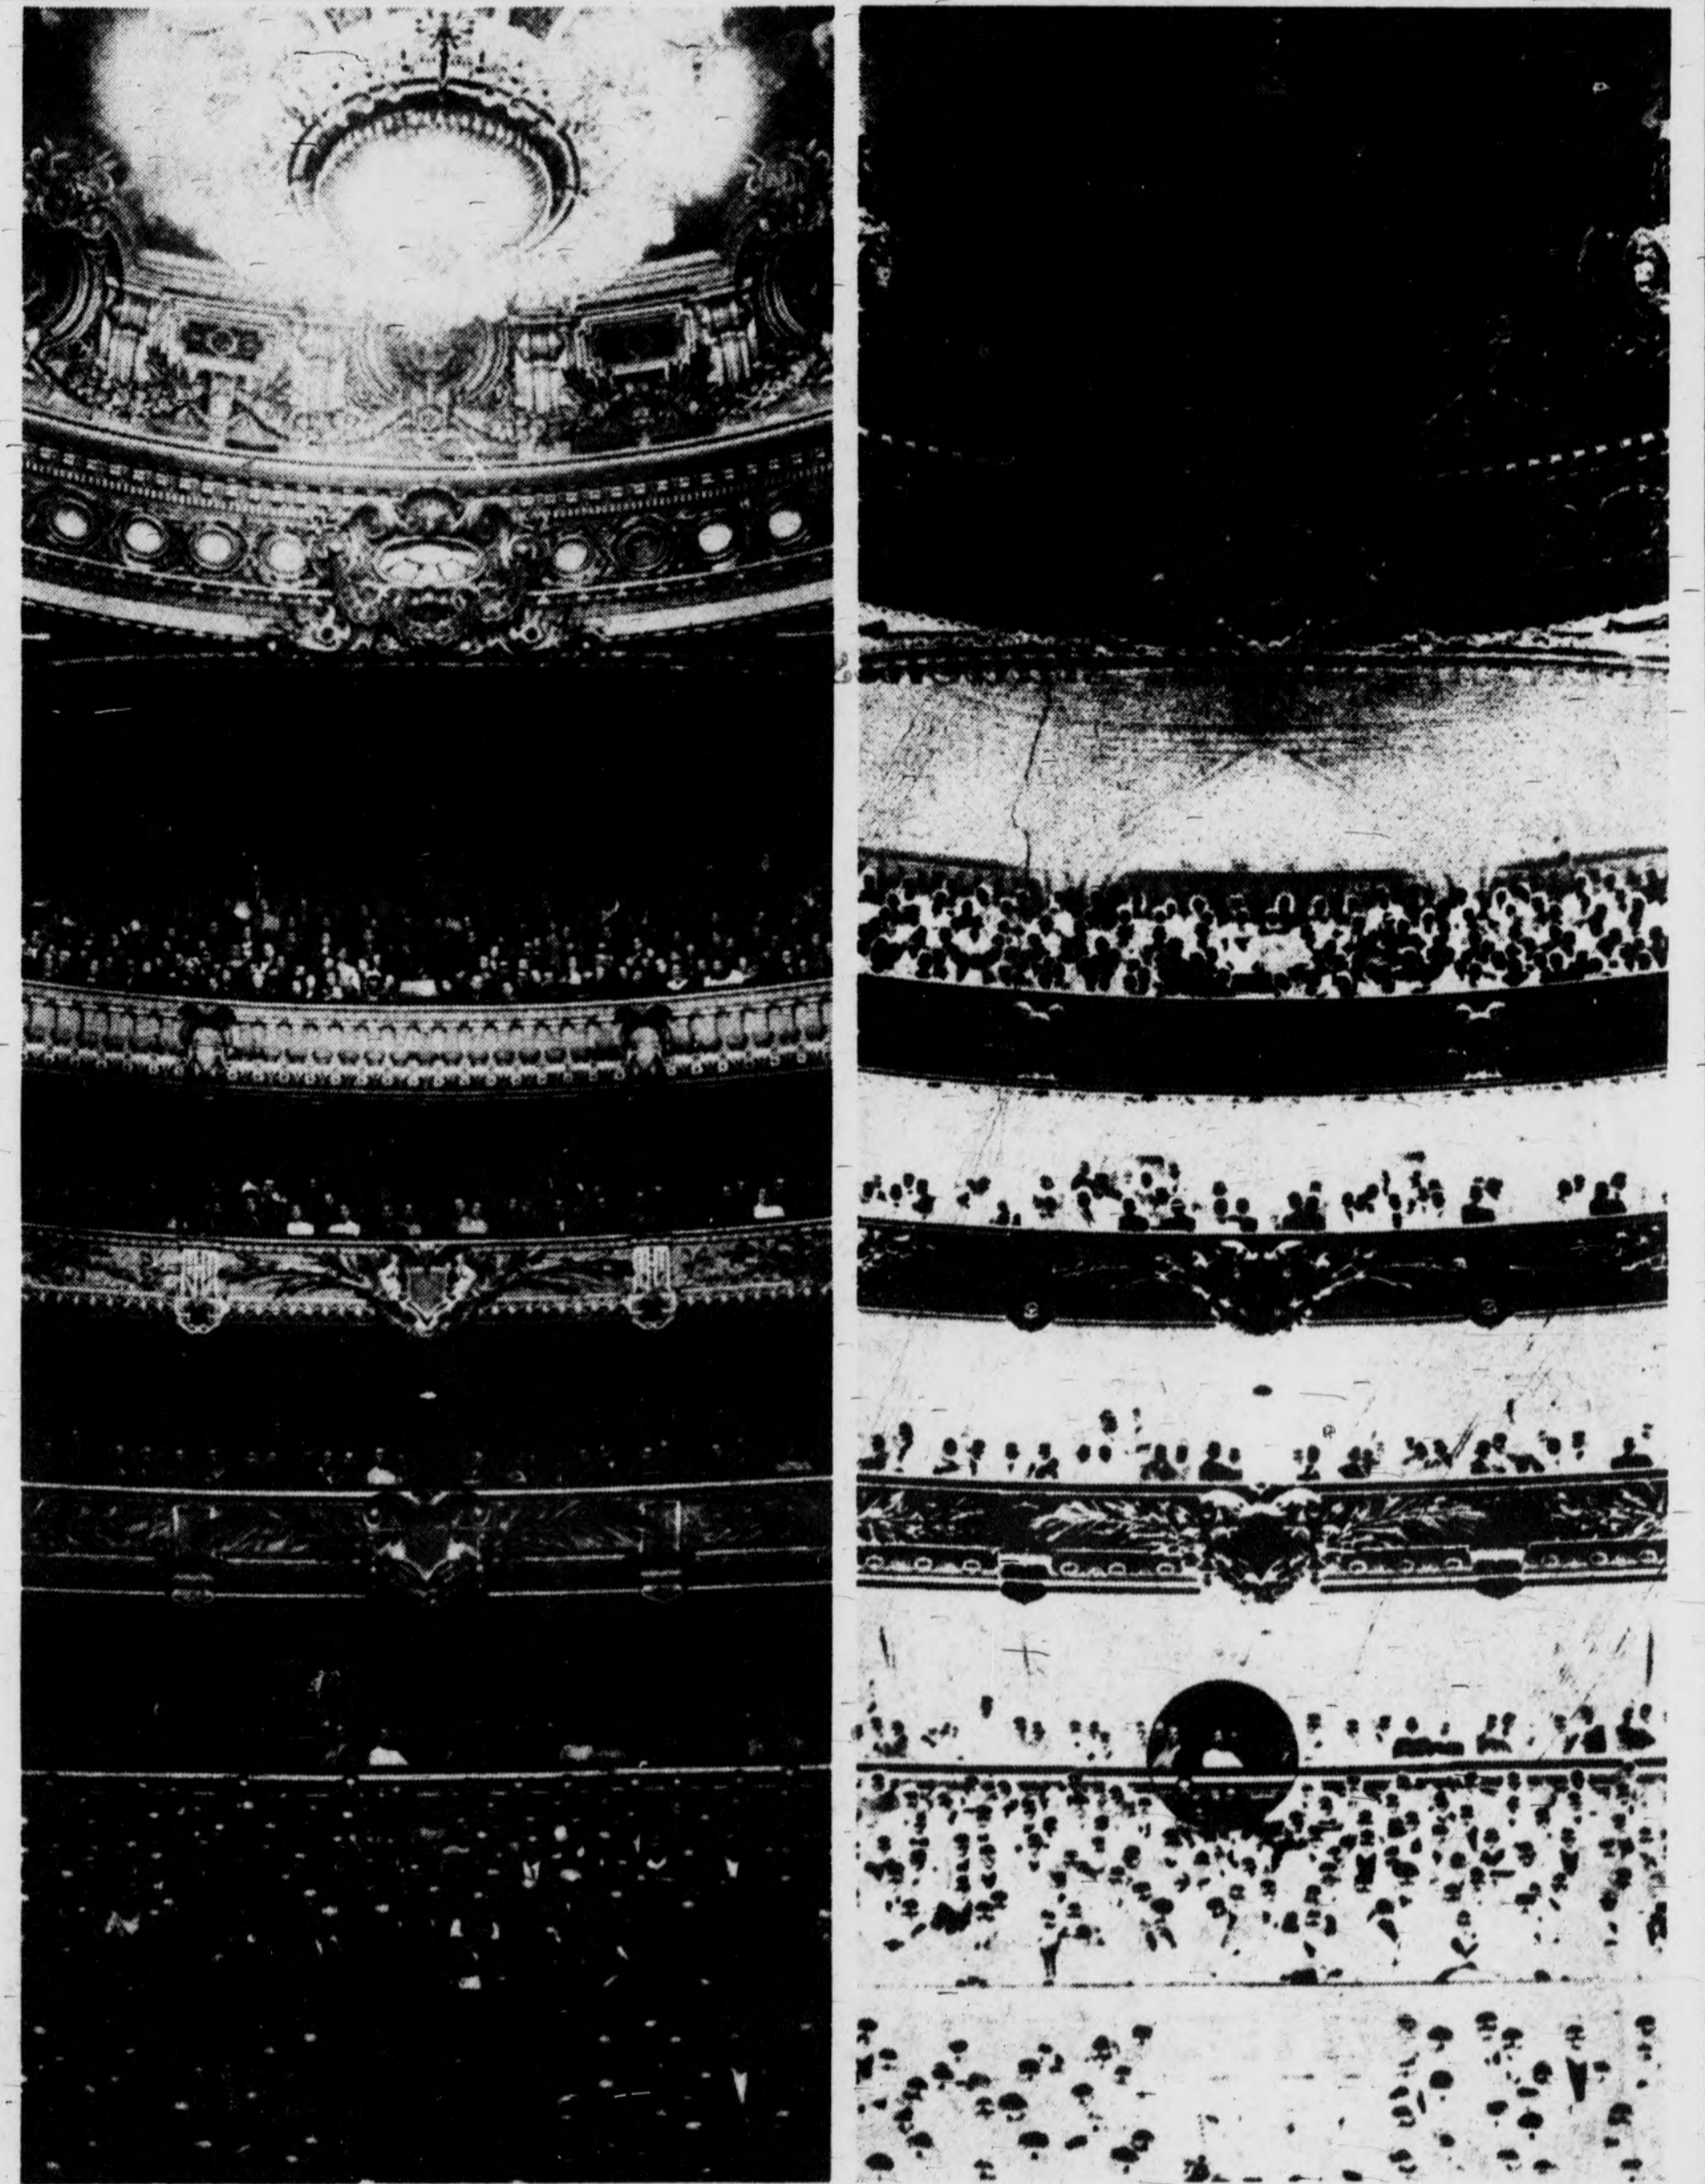

HERE'S HOW 1029 STUDENTS AT 100 COLLEGES VOTED!

1 Yes 96% No 4%

2 One 31% Two 31% Three 26% Four or more 12%

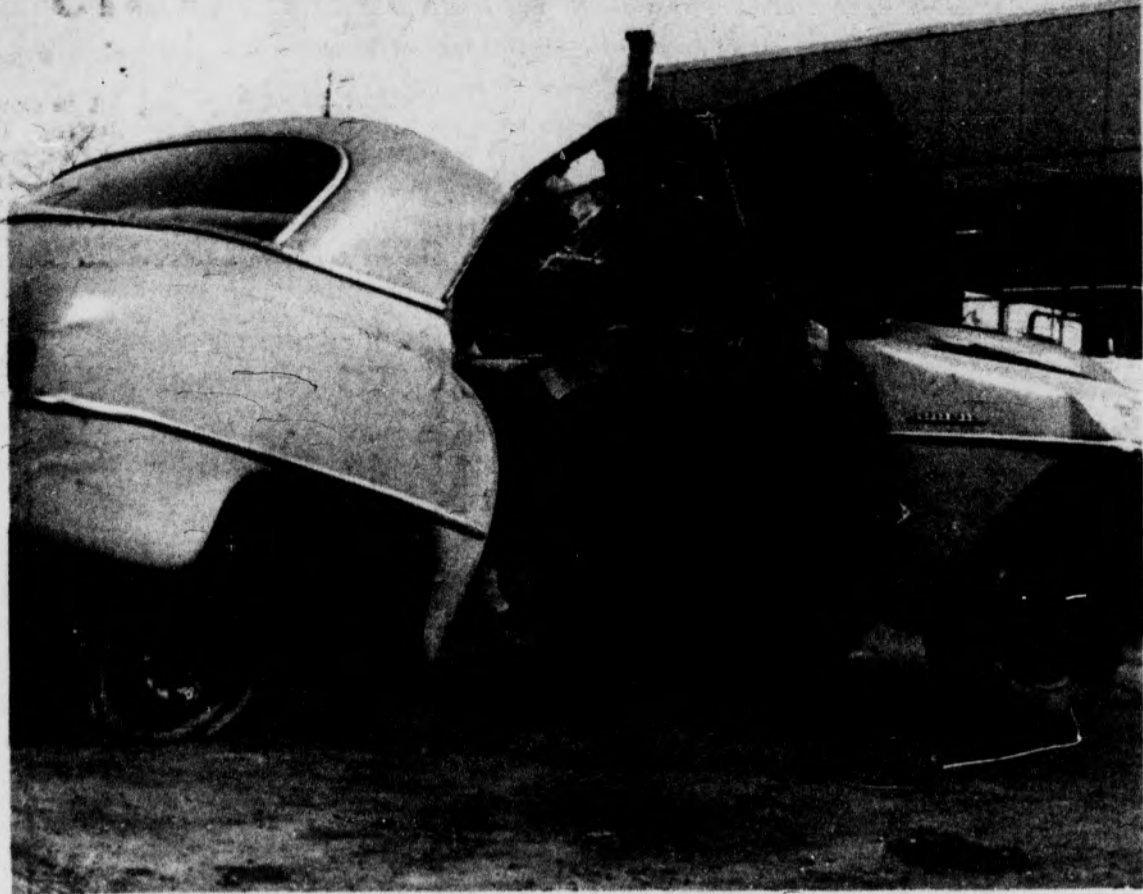

3 Yes 73% No 27%

L&M's the filter cigarette for people who really like to smoke.

When everybody's watching... Somebody can usually find something wrong!

When you're there for all the world to see, when you're in the public eye, somebody's bound to find fault with you. Some people would call the honest, highly trained voice of an operatic soprano just a lot of noise. Others get their dander up about advertising. But the overwhelming number agree that advertising is useful, informative, sound and in good taste. We're with them. The whole point, of course, is to look, listen and evaluate for yourself, OK? Members of the Michigan Council of the American Association of Advertising Agencies, 4-160 General Motors Building, Detroit 2, Mich.

STUDENT FATALITY—Roger Bouchard, 19, Birmingham freshman lost control of this car a little after 2:30 Wednesday morning at the corner of Michigan and Grand River, according to E. Lansing police. The car struck a light pole after Bouchard, who was traveling alone, failed to make the curve onto Michigan Ave. —State News Photo by Skip Mays

Food Packers' Association Will Honor Harold Tukey

Dr. Harold B. Tukey, who will retire June 30 as head of the Department of Horticulture, will be honored at Benton Harbor April 24 by the Michigan Frozen Food Packers' Association. The horticulturist will be given the association's annual award for meritorious service to agriculture at the annual banquet. The group will cite Tukey who has headed MSU's horticultural program since 1945. His citation will be made for "building a department that has had major impact in the evolution of the food production industry in Southwest Michigan and the United States over the past decade."

Nike Zeus System Is Evans' Topic

D.W. Evans, of the Nike-Zeus Engineering Department, Lear Inc., Grand Rapids, will speak on "Missile Defense and the Nike-Zeus System," Thursday at 4 p.m. in 404 Electrical Engineering.

Global Glimpses

Cuban Airliner Crashes; Search Begins
HAVANA, - A Russian-built Cuban airliner carrying 18 passengers and 4 crewmen crashed into the sea shortly after taking off from Santiago Tuesday night for Havana and all aboard were killed.
A transport ministry official said Wednesday Navy and civilian disaster teams and helicopters working off Santiago, about 500 miles southeast of Havana, had been unable so far to locate the wreckage.

Fronzizi Makes Last Ditch Stand
BUENOS AIRES, - With their battle-gearred troops poised for action, Argentina's three top military chiefs handed president Arturo Fronzizi an ultimatum Wednesday demanding that he resign. The president again refused and the three said grimly that he would be held responsible for the consequences.
Fronzizi signed a decree summoning congress into emergency session.

Poll Tax Legislation Near
WASHINGTON, - House backers of an anti-poll tax amendment expressed optimism today that the senate-approved bill can be steered to final passage without too much difficulty.
They also felt sure that no other civil rights legislation is likely to come out of congress this session.
The bill to outlaw the poll tax in federal elections, which is still levied in five states, is in the friendly hands of a house judiciary subcommittee headed by Rep. Emanuel Celler, D-N. Y.

U.S. Bolstering West Berlin Economy
WASHINGTON, - The United States is stepping up its campaign aimed at bolstering the morale and economy of West Berlin, officials reported today.
They said 19 American firms with subsidiaries or branch offices in West Germany will be approached soon with the suggestion that they open offices in Berlin. This will follow a similar invitation extended to 25 American firms about a month ago by Gen. Lucius D. Clay, President Kennedy's personal representative in Berlin.

Lord Home Pessimistic Over Ban
LONDON, Britain's Foreign Secretary, Lord Home, said Wednesday "time is running out" in the effort to get an agreement with the communists to ban nuclear tests.
Home, who returned from the Geneva Disarmament Conference was pessimistic about the chances of getting the Soviets to agree to effective controls.
He said Soviet Foreign Minister Andrei Gromyko told him he would "not accept control, verification- or espionage."

27 Doctors Back Kennedy Plan
WASHINGTON, - Twenty-seven physicians formed a voluntary committee today to rally doctors behind President Kennedy's plan for health care for the aged under social security.
While they were at it, the doctors also took some healthy swipes at the American Medical Association, major foe of the Kennedy plan.
Most of the doctors are AMA members, but not all, and the extent of physician non-support of the AMA was cited by Dr. Caldwell B. Esselstyn, medical director of the Rip Van Winkle Clinic at Hudson, N. Y., and president of the group health association of America.

France's War Still Rages
ALGIERS, - The rightist secret army vowed vengeance Wednesday against Moslem soldiers of the French army who fired on a crowd of European demonstrators Monday. In all, 53 persons perished.
As an uneasy quiet descended over the rebellious city, the secret army distributed tracts in French and Arabic assailing the Moslem soldiers and warning: "All our armed operations henceforth will be acts of justice...nothing and no one will stop us."

Floods Threaten Iowa City
SIOUX CITY, - A threat of heavy flooding pressed down on the Sioux City area late today from rivers swollen from the melt of the winter's deep snow.
The weather bureau warned of the strong probability of flooding in Sioux City Wednesday and Thursday.

1st Lady Is Cheered in London
LONDON, - Mrs. Jacqueline Kennedy smiled at cockney wolf whistles, lunched with Queen Elizabeth II and went antique hunting in five crowded hours Wednesday.
Wearing a cherry-pink suit and a mink hat, Mrs. Kennedy went to the palace from the home of her sister, Princess Lee Radziwill.

1,000 FFA Boys Told Future Jobs Limited

The future for careers in farming are limited. In the agricultural industry there are tremendous opportunities, however. Delegates to Michigan's annual Future Farmers of America convention heard this prediction repeatedly this week.
More than a thousand blue-jacketed, FFA boys learned that there will be fewer farmers in the future but these will need to have a variety of technical skills, and be well-trained managers and keen businessmen. A vital need for dynamic rural leadership that can develop both farming and a greatly expanding agri-business industry will become even more evident the young farmers were informed.
The Wednesday banquet for the Future Farmers, representing more than 11,000 fellow members in 230 local chapters, was a highlight of the three-day session. More than 1,200 attended the annual event conducted by the state officers with State Reporter Robert Papin of Alcona as toastmaster.
Only a day from Tokyo, speaker Frank Merriman advised the delegates that they were living on a fast shrinking globe. Merriman, a Deckerville farmer and member of the Board of Trustees, completed a three-week tour of the Near East just hours ahead of his scheduled appearance.
