MICHIGAN STATE UNIVERSITY

CAMPUS MAP

1966-67

It is a pleasure to welcome visitors to the campus of Michigan State University, for we are proud of the campus and its natural beauty, and proud of the University's role in American education.

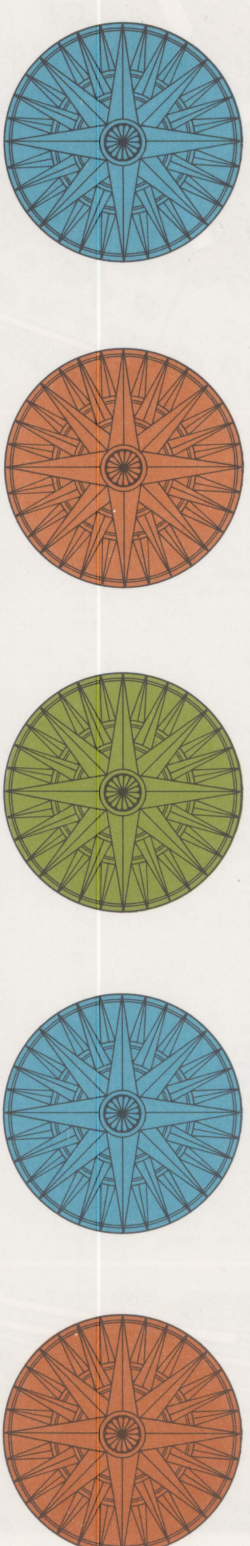

Here, in 1855, was established the first college in the world devoted to teaching agricultural science. From this beginning there developed the nationwide land-grant system of colleges and universities which offered a "liberal and practical" education to the young people of America.

This fall, Michigan State welcomed to its campus more than 38,000 students. Approximately 19,600 of these students live on campus in residence halls and apartments. At the center of the campus, around Circle Drive, you will see some of the women's residence halls, the student Union, Cowles House where the President lives, and the older buildings such as Morrill Hall—named for Justin Morrill, author of the Land-Grant Act. Still farther around the Drive is our modern Library, which contains more than a million books, and across from it, the Museum with three floors of educational exhibits.

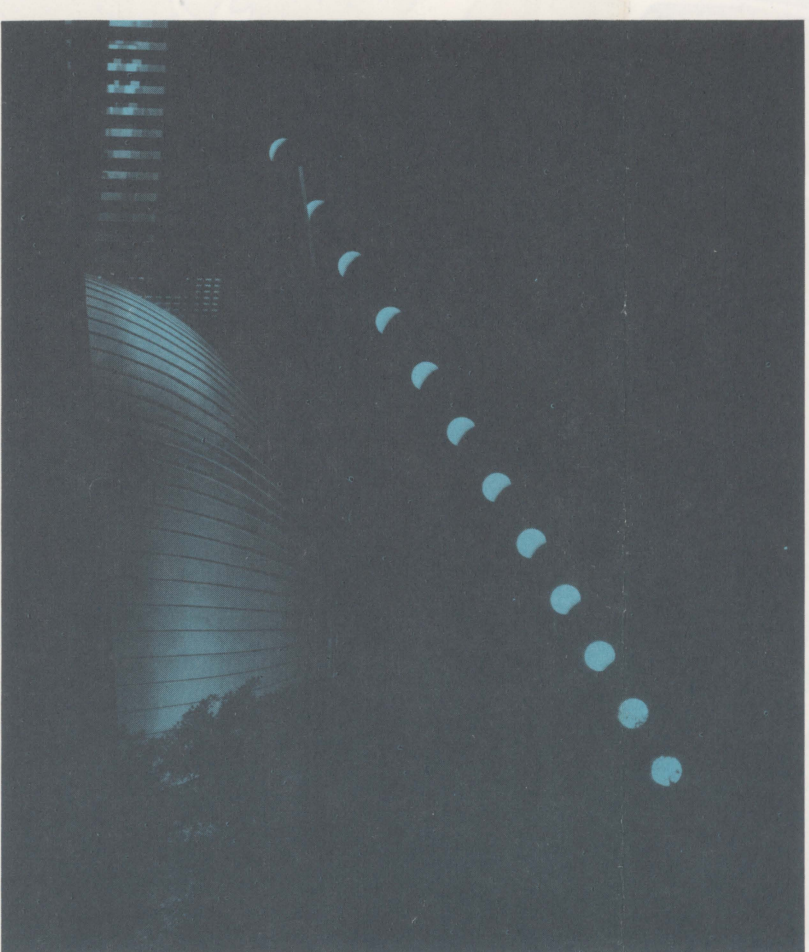

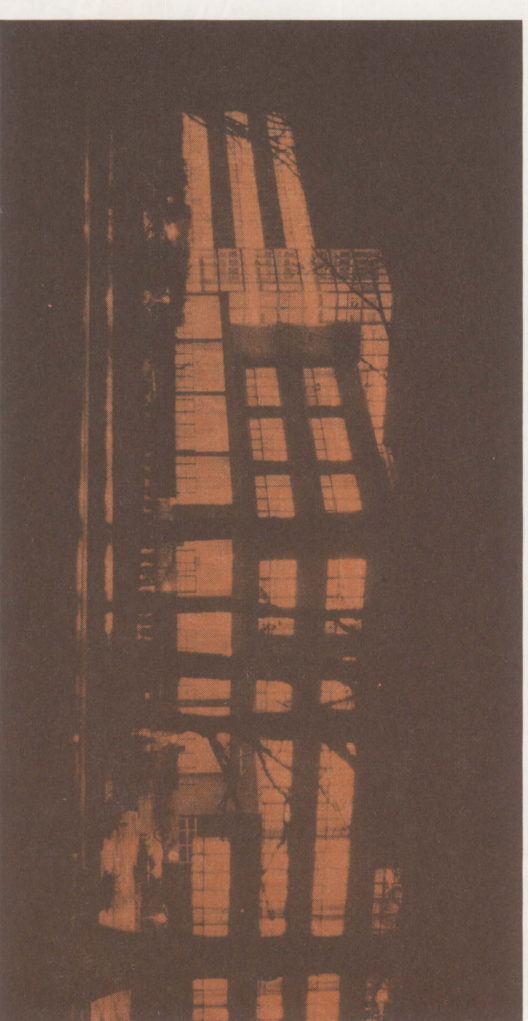

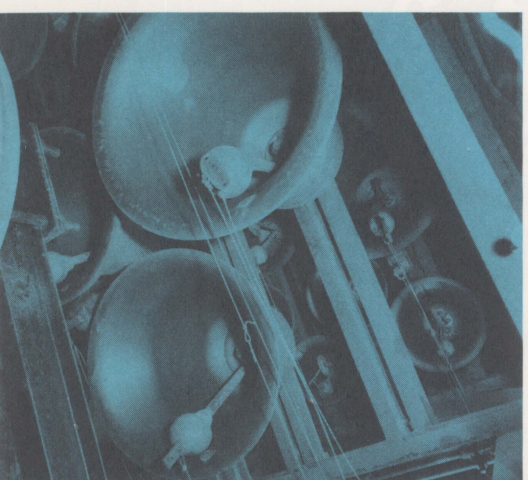

To the east, near the Red Cedar River, is the Alumni Chapel with fragments from some of Europe's great churches imbedded in its walls, and nearby is the Kresge Art Center, whose gallery houses special art shows.

Across the river a modern science campus has developed, with a planetarium, cyclotron, chemistry and biochemistry buildings, a Veterinary Medicine Clinic, and a variety of research buildings.

At the east and west perimeter of the campus are the new academic-residence halls in which the students live and study. A new 12-story residence complex—Hubbard Halls—was occupied for the first time in September. Buildings and offices are open from 8 a.m. to 12 noon, and 1 to 5 p.m. Please feel free to visit.

(Far left) The Beal-Garfield Botanic Garden attracts many visitors each year. (Left) The Bells of Beaumont Tower ring out daily over the campus. (Right) The lights of the MSU Library beckon students to study until late in the evening. (Lower left) Everybody likes to feed the ducks on the banks of the Red Cedar River. (Lower right) An eclipse of the moon taken over the dome of the Abrams Planetarium.

ACTIVITIES FOR CAMPUS VISITORS

BEAUMONT TOWER

This familiar landmark stands on the site of the first building where agriculture was taught as a science on any university campus. The tower's carillon is played daily during the school year. During the summers there are Sunday recitals at 4 p.m. Visitors are welcome inside the tower and bell chamber at these times.

KRESGE ART CENTER

A gift from the Kresge Foundation, the Center contains a fine gallery where the public is invited to see important art exhibitions. Open daily, 9 a.m. to 12 noon and 1 to 5 p.m.; Tuesday evenings, 7 to 9 p.m.; Saturdays and Sundays, 2 to 5 p.m.

FOREST AERIS GOLF COURSES

The west 18-hole course is located on 150 acres west of Harrison Road. It has a practice driving range, practice greens and watered fairways and tees. The new 18-hole course is located directly east of Harrison Road. The first nine holes of the east course will be open for play early in 1967. Work on the second nine is now in progress. Open to the public on a graduated fee basis.

The courses are a gift from Mr. Ayers, a former member of the Board of Trustees.

BEAL-GARFIELD BOTANIC GARDEN

Founded in 1873, this is the oldest continuously operated garden of this type in the United States. The Garden includes approximately 5,000 species organized in economic, systematic and ecological groupings.

HORTICULTURE GARDENS

Take a pleasant stroll through the beautiful seasonal displays of flowers, including tulips and roses, planted in a formal design around a central pool.

ALUMNI MEMORIAL CHAPEL

This interfaith chapel is for the use of students and alumni of MSU. The building was paid for by alumni donations and erected in memory of more than 400 MSU students who gave their lives in the Armed Forces. Visiting hours are posted in the chapel entrance.

CENTER FOR INTERNATIONAL PROGRAMS

A unique feature of this building is the "Con-Con Room." In it has been placed the furniture used by the delegates to the historic state constitutional convention of 1962-63. The original setting has been reproduced as closely as possible. Besides providing a center for international programs, the building contains seminar-lecture rooms, offices, Student Bookstore and the Crossroads Cafeteria.

LIBRARY

MSU's modern library contains more than 1,200,000 volumes and has an annual circulation in excess of 800,000. A research library is under construction which will provide room for an additional 1,750,000 volumes and 4,000 more readers.

ICE ARENA

You may skate throughout the year, at this ice skating rink. Skating hours are posted in the arena.

ABRAMS PLANETARIUM

The planetarium, one of the largest and best equipped in the nation, has an exhibit hall and black-light gallery open to the public on weekdays from 9 a.m. to 12 noon, and 1 to 4:30 p.m.; Public programs in the 260-seat Sky Theater will be resumed in February, 1967. (For schedule information, please call 355-4672.)

UNION

A center of student life on campus, this building contains a cafeteria, banquet and conference room facilities, barber shop, art gallery, music room, bowling alley, billiard room and information desk.

MUSEUM

The development of life through geologic time, North American plants and animals, primitive cultures of the world, and Michigan history are graphically illustrated by three hours of exhibits. The Museum is open from 9 a.m. to 5 p.m. daily, and from 1 to 5 p.m. Saturday and Sunday. On Saturdays when football games are played it is open from 9 a.m. to 1 p.m.

CANOE LIVERY

In the lower level of Bessey Hall canoes are rented by the hour to students and visitors. Hours are posted at the canoe shelter.

KELLOGG CENTER

One of the largest and best equipped conference centers in the nation, Kellogg Center is headquarters for MSU's Continuing Education Service for adults and also serves as the nation's largest laboratory for hotel and restaurant students. It contains dining, conference and guest rooms.

GENERAL INFORMATION

University hours may be arranged for groups at least one week in advance by contacting the Continuing Education Information Office, Room 7, Kellogg Center, phone 355-4588.

INFORMATION DESK — Union Lobby

DINING FACILITIES

KELLOGG CENTER—(daily) service dining in the State Room; self-service cafeteria.

OWEN GRADUATE CENTER — cafeteria service for all meals; snack bar to 11 p.m.

CROSSROADS CAFETERIA (in the Center for International Programs) — snack and luncheons 7:30 a.m. to 4 p.m.; Monday through Friday.

UNION CAFETERIA — 11:15 a.m. to 1:15 p.m.; 5 to 7 p.m.; Monday through Saturday; Sunday dinner only, 12-2 p.m. Grill open 7:15 to 11 p.m.

ICE ARENA — grill, 7:30 a.m. to 4 p.m., Monday through Friday.

OFF-CAMPUS PLACES TO VISIT

KEILLOGG BIOLOGICAL STATION, located on Gull Lake near Battle Creek and Kalama-zoo, covers an area of 1500 acres. It includes a bird sanctuary, a farm, and a feed research project. Visitors especially enjoy the bird sanctuary.

HIDDEN LAKE GARDENS, located in the scenic Irish Hills of southeastern Michigan at Tipton, exhibits valuable plant collections and creates landscape arrangements for the visitor's enjoyment.

The Museum's "Country Store."
