LIKE A PEN from ANOTHER WORLD

Come to Open the New School Year—and to Aid Fall Business in Its Pick-up

102% Greater Ink Capacity—
A Visible Ink Supply—A Twice as Useful Point—New, Exclusive Laminated Pearl Style

In order to hold as much ink as this sacless marvel, an ordinary rubber sac pen the same length would have to be as big around as a cane. For the Parker Vacumatic eliminates 14 old-time parts, including not only the rubber ink sac, but the piston pump and valves found in other sacless pens. The Parker Vacumatic contains none of these—that's why it's guaranteed mechanically perfect!

So don't confuse this miracle writer with so-called vacuum fillers built on squirt-gun principles. And remember this is the only pen that has all the

shimmering Beauty of laminated Pearl and Jet—the only transparent style with VISIBLE ink supply that doesn't LOOK transparent.

Says Everett Genthler (student at College of Physicians and Surgeons, Boston)—"When we medics used rubber sac pens, we had to carry bottles of ink to lectures and exams. The Parker Vacumatic has ended that nuisance. Do you wonder we've gone for it in a big way?"

Believe it or not—thousands more people every day are replacing their old-type pens with this utterly new creation because it does what no other pen can do for them.

Don't penalize your earning or learning by clinging to an obsolete pen. Stop today at the nearest department, sta-

tionery, drug, or jewelry store and see how this pen fills Vacuatically with a DOUBLE supply and a VISIBLE supply.

Try its Two-way Point of Platinum, Gold, and Iridium. Polished like a jewel, and slightly turned up at the tip, it can't scratch or drag, even under pressure. Go and try it today. The Parker Pen Company, Janesville, Wisconsin.

Parker VACUMATIC

Over-Size, \$10, \$7.50 Other Vacumatic Pencils, \$2.50 Styles, \$5

To Make a Pen a Self-Cleaner—Use Parker Quink—a new creation in ink. Contains a harmless, secret solvent that dissolves sediment left by ordinary inks that clog and gum. Any store can supply Quink—or write us for 20,000-word Bottle Free. Address Dept. 189.
