WITH war clouds hovering over Europe and Asia today, there is a growing interest throughout the world in the Armies and Navies of the various nations—the fighting forces composed of loyal patriots who stand ready to defend the peace of their native lands. What is the defensive strength of each nation? How many men are under arms today in England, France, Italy, Germany, Austria and other countries?

To familiarize the public with these facts the Chicago Tribune presents this timely and unique game—"The Men Behind the Flags." The game will consist of a series of composite pictures. Each set of pictures, when cut apart and put together properly, will make complete portraits of members of military or naval forces. Clues below each picture will present interesting information about the fighting strength of the various countries of the world. These clues will also help you identify the portraits.

You are invited to cut apart these pictures, put them together and name them. To do so it is not necessary to know anything about the armies and navies. Clue pictures of the fighting men giving the names of their countries will be published each Sunday to help you.

The Chicago Tribune will pay \$10,000 in cash prizes to the persons who send in the best sets of answers. It costs you nothing to compete. There are no subscriptions to solicit. No essays to write. The game is solely for the amusement and enlightenment of our readers. This offer is open free to every man, woman, boy and girl. Note the Prize List printed here. Note that you have an opportunity to win a First Prize of \$1,500.00; a Second Prize of \$1,000.00; a Third Prize of \$500.00; or any one of 425 other big cash prizes.
