To Alkalize Acid Indigestion Be Sure You Get Phillips'

With "acid indigestion" it stands to reason that the longer it goes, the worse it gets—and the harder it is to alkalize. Therefore, act at the first sign of distress.

If you would relieve and "head off" nausea, "upset stomach," heartburn, gas, the thing to do is alkalize immediately.

Try this quick-acting way: take two Phillips' Milk of Magnesia tablets—or two teaspoons of the liquid which have the same alkalizing effect.

Almost at once you feel "acid indigestion" curbed. "Acid headaches," acid breath, pains from acid indigestion—all are given amazingly fast relief. You feel like a different person.

When you're going out carry your alkalizer with you—always in tablets. They taste like peppermint. They cost 25¢ for 30. When you buy insist on Genuine Phillips'.
