MRS. YOUNG SAYS CITY WAS FLEECED

Testifies \$112,000 Paid for Sabin School Site Was "Exceedingly High."

ATTACKS SECRET BUYING.

Connects Trustee Lipsky with Discussions Regarding West Side Deals.

Mrs. Ella Flagg Young, superintendent of schools, testified yesterday before the committee investigating the purchase of school sites. She said Trustee Harry A. Lipsky would be the man most likely to select the sites in his district, several of which the committee has taken under consideration.

She connected Mr. Lipsky's name with several preliminary discussions regarding the possible purchase of west side sites. She testified that in the case of the Gage tract at Douglas boulevard and Lawndale avenue she tried three year sago to get the board to buy a site. She said she suggested several which would do. But the board waited until the only site available was the one that Joseph and Julius Weisskopf and Morris Sabath political friends or relatives of Congressman A. J. Sabath, sold to the board at a price far above the one originally offered

Believes Board Sometimes Fleeced. Incidentally, she said she believed the board was fleeced at times in the purchase of sites. She said the policy of buying land for the future took away from the needs of the pupils of today, for which, she said, the present board should make provision.

Mrs. Young was not sworn. She said that in former years her recommendations for sites were closely guarded.

"I learned a short time ago," she said, that the report I sent to the chairman of the buildings and grounds committee was copied and distributed to all the members of the committee. I have been careful never to mention any definite location unless there was only one anywhere around

'I did not select the site of the Henry O. Shepard school at Mozart and Fillmore streets. I asked Mr. Lipsky if we couldn't get land in that neighborhood, and he said he thought we could. [This is the site on which Sam and Paul Rissman made a small fortune by selling to the school board.]

Tells of Herzl School Site.

"Three years ago I recommended the purchase of a site for the Herzl school, now being erected at Douglas boulevard and Lawndale avenue," Mrs. Young continued. "There were several sites available, but none was purchased. In December, 1912, I recommended the site in question, but I was told it was too expensive. I had supposed the board had given it up. Then one member came to me and said the board was about ready to build there." Mrs. Young said she had to urge Mr. Lip-

much for any of its sites?" asked Attorney Hobart P. Young.

"I think in some cases the board of education has been fleeced," Mrs. Young said. I believe it is true in the purchase of the Sabin site at Hirsch and Leavitt streets. The land was covered with buildings that didn't appear to be worth the powder to blow them up. I believe the board paid \$112,000 for the site. It is an exceedingly high price,

"I believe that such occurrences are due to the method by which sites are purchased," she continued. "I believe the method pursued is responsible for all this troubl What do you believe is the remedy?"

"I believe the board should go into the open market and purchase its property.'

Julius Feldstein Testifies. Julius Feldstein, west side gambler, who bought property adjoining the Goethe schoo destined for the board of education, also testified. He corroborated some of the testimony of Sam Goldman, but swore that othe parts of it were not true. Trustee Joseph A. Holpuch asked that Feldstein's opinion that Goldman's testimony was worthless be placed in the records, so that it would be known by the members what sort of a mar

Feldstein admitted he ran a gambling room in the back of his cigar store for "business men." He admitted he gambled on every game he thought he could beat. He is called the "gambling king" of the west side.

Names Max Bernstein.

Feldstein linked the name of Max Bernstein to another piece of property which Mrs. Young had asked the board to buy. He said Bernstein was the inspiration for his in vestment in property adjoining the Goethe school. Bernstein, he said, did not tell him it was wanted by the board. He merely asked him if he was in the market for land and the deal went through. It was Feldstein himself, he said, who noticed that it would be a good piece of property for the board. He said he would sell it now for the price he paid for it plus the interest on his investment. He said he paid \$8,000 for it. Why did you put \$15,000 in the deed?"

asked Mr. Young. I thought I could borrow more on it," said Feldstein.

"Did you get any valuation on the land?" "Just in the way of the general price in the neighborhood."

Supported "Manny" Abrahams. Did you know Manny Abrahams?" asked

Yes. We were enemies for eight or ten years until he ran for alderman last year. I was with him then.

You supported him for alderman?" "I voted for him. I didn't fight him."

Goldman has previously testified that a reconciliation was brought about by letting Feldstein "in" on the school site deals to the extent of \$15,000. He said Manny wanted check the gambling war and that Feldstein was collector for the district. The latter said he would believe Goldman under oath on a dark night

A. R. Shannon was put on the stand. He ecommended a committee of two real estate men and a contractor to assist him in purchasing school sites. He said he had long wanted to be relieved of the responsibility fer the purchases.

BABES BRING FAMILY TRAGEDY

Father Complains of Increases and Takes to Drink.

It was rumored yesterday that on the night | Husband, Mother, and Infant Over-

John Lindstrom is a carpenter. His wages are not large. His wife and he got along on his salary, however, and lived happily in their small home at 3143 Seminary avenue.

Then one day there came a baby. John was a proud father, but he soon found that although he worked harder he got little more chased for a song.

He worried, according to neighbors, and took to drink. Then, two years later, the second baby came. She brought happiness only to her mother, and thereafter it was no unusual thing to hear quarreling in the Lindstrom flat
