Easy to use! Slip your blade into Maximax and slide the case up and down the cord for 30 seconds. Maximax hones both sides of the blade, both up and down and side-ways simultaneously, producing keener, truer shaving edges than the best new blade you ever used. No other sharpener can have this action. It's patented.

Get the habit of using Maximax every morning, and your shaving troubles are over. Maximax turns an ordinary scratchy blade into a pair of barber-edges to give you a smooth, skin-line shave. If you are seeking the perfect shave—your search ends here!

The Calendar said:
"stay in"
MIDOL said: "step out!"

YOU know what it means to give up all pleasure certain days each month, and to give-in to miserable inactivity, because of periodic functional pain. But you may not know it is unnecessary.

You may not know about Midol!

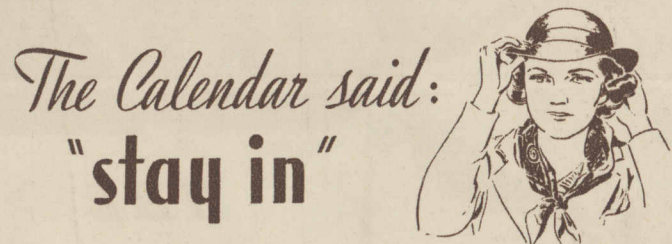

Doctors have discovered that severe pain during days of menstruation is not natural to most women; in Midol, science offers a way to relieve it quickly. Unless you have some organic disorder calling for a physician's or surgeon's attention, Midol in all probability can help you.

Most women who try Midol find it permits them to go through their dreaded days physically and mentally carefree. Midol is offered for this sole purpose. It acts promptly. In all but unusual instances it brings relief. Many women declare they have no pain at all, or even discomfort, since they learned to rely on Midol.

Get Midol, and "step out" when the calendar says "stay in". Instead of giving up to suffering, let Midol take care of the pain. A few Midol tablets should see you comfortably through your worst day. Drugstores have Midol on the counter in convenient purse-size tins.
