

Air Cooled WALK-OVERS

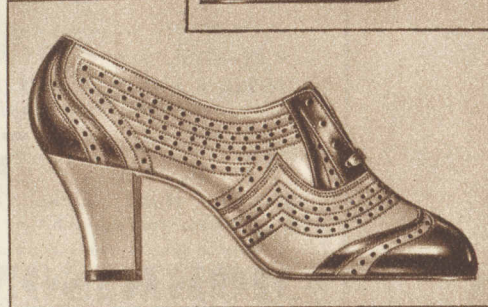

THE perforations tell the story. Decorative? Decidedly! But they have a far more important function. They go through the lining, admitting cool, refreshing air with every step. Styles pictured are of Sea Sand Beige with Leaf-brown trim.

IN A WORLD BY THEMSELVES, these gentlemen of the ledges, posing at the 38th, 39th, and 40th floors, are moving up and up on the walls of the Board of Trade building.

UNMINDFUL OF TRAFFIC BELOW, or that bit of the Wrigley building in the upper right hand corner, this window washer plies his trade on the sunny side of Tribune Tower.

SCALING THE HEIGHTS is just part of the day's work to these knights of the brush. They're safely roped to Mather tower with backs turned to Wacker drive.
