"Quick, Mother!"

GET MY POWDER WITH OLIVE OIL"

MOTHER, olive oil explains Z. B. T.'s advantages over other powders. Olive oil makes Z. B. T. superior in "slip"... more protective against chafing. Olive oil helps make Z. B. T. moisture-resistant. Olive oil makes it softer, longer-clinging. For your baby's happiness and comfort, mother, choose the powder with the special advantage of olive oil. Many leading hospitals use it. 25¢ and 50¢ sizes, at drug stores everywhere.

Wait, Mother—Ask Your Doctor First

NEVER GIVE YOUR CHILDREN UNKNOWN "BARGAIN" REMEDIES TO TAKE UNLESS YOU ASK YOUR DOCTOR. UNKNOWINGLY YOU MAY BE RISKING THEIR HEALTH—JUST TO SAVE A FEW PENNIES

A mother may save a few pennies giving her children unknown, unproved preparations. But the life of a child is precious beyond pennies. So—Ask your doctor before you give any remedy you don't know all about.

When giving the common children's remedy, milk of magnesia, never ask for "milk of magnesia" alone—but always ask for "Phillips."

Because for three generations Phillips' has been favored by many physicians as a standard, reliable

and proved preparation—marvelously gentle for youngsters. Many children like Phillips' in the newer form—tiny peppermint-flavored tablets that chew like candy. Each tablet contains the equivalent of one teaspoonful of the liquid Phillips', and a big box costs but 25¢ at your drug store.

A bottle of Phillips' liquid Milk of Magnesia costs but 25¢. So—it is a fact that anyone can afford the genuine. Careful mothers ask for it by its full name "Phillips' Milk of Magnesia."
