Let's look at the WOMEN Men Marry

Blondes, brunettes, red heads.

Tall, short, and five feet five.

Slender, medium—and larger.

Quiet, lively, clever, clinging, dominating.

THE women men marry are as various and different as the men who marry them.

But there is one quality which unfailingly attracts all men—the essentially feminine quality of immaculateness of person.

The smart woman knows that the greatest danger to this quality is the unpleasant odor of underarm perspiration.

She knows that her daily bath cannot protect her. She must give her underarms special care. And for this nothing is quicker and surer than Mum!

A light fingertipful of Mum under each arm, and you have all-day protection.

You can use it any time—after you're dressed just as well as before. For Mum is harmless to clothing.

It's soothing and cooling to the skin, too. Indeed you can use it right after shaving the underarms.

Another thing—Mum does not prevent perspiration; just its ugly odor.

The daily Mum habit pays, as thousands of women will tell you. Hadn't you better try it? Bristol-Myers, Inc., 75 West St., N. Y.

USE MUM ON SANITARY NAPKINS and know what it means to be free from the fear of unpleasantness.
