DULL finish
does what candlelight does!

You know—of course you know—that the gentle glow of candle-light is magically flattering to your skin. Now—with Houbigant *Dull Finish* Face Powder—you can give your complexion the same soft flattery in any light, at any time! For Houbigant *Dull Finish* Face Powder ends unlovely shine and makes your eyes and coloring more vivid by contrast.

With the *Dull Finish* of Houbigant Face Powder, you can face the electric brilliance of a drawing-room or the hard light of the summer sun, serenely confident that your complexion is charming—and not merely "powdered!"

NOW \$1 (Or you can try it in the Demi-size for 55¢)

Its effect is lastingly lovely; this superb face powder adheres for hours to the fine-pored skin of your cheeks, throat and shoulders as well as to that more oily, large-pored, troublesome panel that extends from your forehead-to-nose-to-chin.

Houbigant *Dull Finish* Face Powder, in the famous odeurs *Quelques Fleurs* and *Ideal*, can be had at all drug and department stores. In the six shades that comprise the full range of skin tones: the new *Rachel Foncé* (Dark Rachel), *Rachel*, *Naturelle*, *Rosee*, *Blanche*, *Ocre* (for summer tans).
