Who wants to lay out money for a fall suit in July?

No one should, but despite that, hundreds of clear thinking, comfort loving fellows do look after their fall suit requirements during our Summer Clearance Sale. It's the time to save, and save considerably and get, too, what you want. On the other hand, it may keep you from a few out of town holidays and stinting on vacation. To avoid that, we remind you that the agreeable way to take advantage of the Suit Clearance Sale without leaving you short for anything that might come up, is to open a

3-Month Extended Clothing Charge Account

This agreeable method of making a major purchase is open to any man who wishes to make use of it. It differs from a regular charge account only in that arrangements are made before or at time of purchase to make payments over a period of three months instead of in one lump sum. Payments on purchases made in July, for example, would be arranged as follows:

A small deposit is paid date of purchase. Balance in three equal payments—August 15th, September 15th, October 15th.

Sale!

Featuring these imported P. J.'s at this extremely low price

SILK PAJAMAS

London turned down coat collar.

\$4.65

3 for \$12.50

Striped and checked patterns in grey, blue, brown, green, canary and maroon.

The luxuriousness of the silk and the calibre of the workmanship to which it has been subjected would normally entitle these imported P.J.'s to an impressively higher price. However, our recent trip to the Orient enabled us to go to the source of the fabric, and select odds and ends of unusually fine silks, which we had tailored there over our own design.

French-Back Four-Button Bandeaux Imported Silk Shorts

Special at

\$1.65

3 for \$4.50

You have only to test the silk between thumb and forefinger to realize that these shorts of silk that we went to the Orient for are greatly underpriced. The fabric smooth, firm and cool and their styling—full cut and with French back—provides you with the comfort that shorts made to order for you would be hard put to equal.
