Tiny Oscillator invented by Hugo Lieber, New York scientist, enables 80% of the deafened to hear through the bones. Worn almost invisibly behind the ear on the mastoid, many people are having the happiness of hearing again restored. Tell your hard of hearing friends to investigate this new hearing technique at the offices of Sonotone Corporation, 59 E. Madison Street, Suite 1909. Telephone State 7007. Home consultation without obligation.

WEARING DU PONT RAYON... 19.75

Below — This soft short jacket comes with the lace shouldered dress.

INVITATION FASHIONS! Both have fabric personality—sleek, unweighted texture created in Du Pont Rayon yarn. Both are designed to make shorter women look taller and decidedly slender. Left—in "Stardust Crepe" with dots like beading—sheer sleeves—bird of brilliant clasps. Sizes 36 to 42. Right—a double duty dress with charm shoulders in lace. Sizes: 16½ to 26½. Colors—black, winter green, wine, or jewel blue. WOMEN'S FROCKS—FOURTH FLOOR
