20 Years ago Latvia won independence by defeating both bolshevik and German armies in the World war. In next Sunday's Graphic Section Donald Day, Tribune foreign correspondent stationed at Riga, the Latvian capital, will sketch briefly the two decades of the country's growth as an independent republic.

"We Agree!"
MCLAUGHLIN'S MANOR HOUSE COFFEE
DOES MAKE YOU FEEL
LIKE A MILLIONAIRE

BILL MILLER, First Officer and CATHERINE WINGFIELD, Stewardess on the American Airline Flagship, "Rhode Island"

"WE'RE TAKING OFF in ten minutes for the coast. And there's nothing like a good, hot cup of Manor House Coffee to start you out keen and alert, as you must be when you're the crew on an American Airliner. We're always glad to put that beautiful, big ship down in Chicago, where we know we can enjoy the more delicious flavor of Manor House."

ENJOY THE Fuller, Richer FLAVOR OF MCLAUGHLIN'S MANOR HOUSE COFFEE!

You don't have to be a pilot to enjoy the richer, more flavorful goodness of Manor House. But you do have to live within 200 miles of Chicago, because we only use the world's first choice coffees in blending Manor House. And there aren't enough of them to go further. Those first choice coffees are skillfully blended by a secret method that has been handed down in the McLaughlin family for three generations. So treat your family to Manor House now. Ask your grocer for a pound of that delicious, fragrant coffee right away.

FRESH when you buy it
STILL FRESH and full-flavored
STILL AS FRESH as when you bought it

"I MAY NEVER be a millionaire, but I feel like one every day by enjoying that swell coffee," grins Vic Lundberg, American Airline mechanic. "Manor House costs only 1/4 of a cent a cup more than the cheapest coffees. And I can easily afford that! The 'extra lift' I get from Manor House is as important to me as it is to any pilot."
