WITNESSETH

WHEREAS the Board and the Teachers desire a quality education for the children of this district, and

WHEREAS respect and cooperation between the Board, Association and the Teachers will assist in providing a quality educational program to the district's children, and

WHEREAS the Board has a statutory obligation, pursuant to ACT 379 of the Michigan Public Acts of 1965, to bargain with the Association as the representative of its teaching personnel with respect to hours, wages, terms and conditions of employment,

THEREFORE, the parties following extended and deliberate negotiations have reached certain understandings which they desire to memorialize.

In consideration of the following mutual covenants, it is hereby agreed as follows:

ARTICLE I RECOGNITION

- A. The Board hereby recognizes the Association as the exclusive bargaining representative, as defined in Section 11 (eleven) of Act 379, Public Acts of 1965, for all certified personnel (including classroom teachers, guidance counselors, technology integration teachers) and student and family specialists (social workers) employed by the Board, excluding substitutes, athletic director, supervisory and executive personnel and office and clerical employees.
- B. The term "teacher," where used hereinafter in this Agreement, shall refer to all employees who are employed by the Pinckney Community Schools as above defined.
- C. Except where noted differently in Appendix E, the terms and conditions of this agreement shall also apply to the student and family specialist (social worker) positions.

ARTICLE II BOARD RIGHTS

The Employer, on its own behalf and on behalf of the electors of the school district, hereby retains and reserves unto itself, without limitations, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws and the constitution of the State of Michigan and of the United States, including, but without limiting the generality of the foregoing, the right:

- A. To the executive management and administrative control of the school system and its properties and facilities and the activities of its employees.
- B. To manage and direct the working forces, including the right to hire, promote, suspend, discharge and demote employees, transfer employees, assign work to employees, determine the size of the

work force and to layoff employees.

- C. To determine the services, supplies and equipment necessary to continue its operations and to determine the methods, schedules and standards of operation, the means, methods, and processes of carrying on the work including the institution of new and/or improved methods or changes therein.
- D. To adopt rules and regulations.
- E. To determine the qualifications of employees.
- F. To determine the number and location or relocation of its facilities, including the establishment or relocation of new schools, buildings, departments, divisions or subdivisions thereof, and the relocation or closing of offices, departments, divisions or subdivisions, buildings or other facilities.
- G. To determine all financial and educational policies.
- H. To determine the size of the management organization, its functions, authority, amount of supervision and table of organization.

The exercise of the foregoing powers, rights, authority, duties and responsibilities by the employer, the adoption of policies, rules, regulations and practices in furtherance thereof and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of this Agreement and then only to the extent such specific and express terms whereof are in conformance with the Constitution and the laws of the State of Michigan and the Constitution and laws of the United States.

ARTICLE III ASSOCIATION SECURITY

- A. The Board agrees not to negotiate with any Teacher's organization other than the Association for the duration of this Agreement. Nothing contained herein shall be construed to prevent any individual Teacher from presenting a grievance and having the grievance adjusted without intervention of the Association if the adjustment is consistent with the terms of this Agreement and provided that the Association has been given an opportunity to be present at such adjustment.

ARTICLE IV ASSOCIATION AND TEACHER RIGHTS

- A. Pursuant to Act 379 of the Public Acts of 1965, the Board hereby agrees that every employee of the Board shall have the right to freely organize, join and support the Association for the purpose of engaging in collective bargaining or negotiations. As a duly elected body exercising governmental power under color of law of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any Teacher in the enjoyment of any rights conferred by Act 379 or other laws of Michigan or the Constitution of Michigan and the United States; that it will not discriminate against any Teacher with respect to hours, wages or any terms or conditions of employment by reason of membership in the Association, participation in any activities of the Association or collective professional negotiations with the Board, or institution of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment.

Any grievance which may arise under the specific charge of discrimination must state clearly the manner in which all parties were treated differently than said grievant which forms the basis for the

charge of discrimination.

- B. The Association and its members may use school rooms at reasonable hours for meetings with the Administration's approval and by scheduling such use with Central Office.
- C. No Teacher shall be prevented from wearing insignia, pins or other identification of membership in the Association.
- D. A bulletin board in the Teachers' lounge in each building shall be made available to the Association and its members.
- E. The Association shall be furnished on request all regularly and routinely prepared information concerning the financial condition of the school including annual financial statement and adopted budget. In addition, the Board and the administration will grant reasonable requests for any other "readily available" and pertinent information which may be relevant to negotiations or the processing of any grievance.
- F. Board policies will be maintained and accessible through the district webpage. A hard copy is available in Central Office for review.
- G. The Board agrees to provide to the Association up to twenty (20) days per year to permit selected Association members the use of said days for the purpose of attending various Association functions excluding those of non-teaching (non-certified) affiliates. The Association shall reimburse the Board its actual substitute rate for days 11-20. None of these twenty (20) days shall be utilized for overt strike support in other school districts.
- H. The PEA Grievance Chairperson shall be released from regular classroom duties when necessary to facilitate the processing of grievances in conjunction with administratively called meetings.
- I. The Association may use interschool mail and Teachers' mailboxes for Association mail provided that no clerical employees are expected to handle such mail.

ARTICLE V PROFESSIONAL COMPENSATION

- A. The salaries of Teachers covered by this Agreement are set forth in Schedule A which is attached to and incorporated in this Agreement. Such salary schedules shall remain in effect during the term of this Agreement.
- B. Teachers hired from outside of the bargaining unit shall be placed on the salary schedule based on their prior years of teaching and/or administrative experience in other K-12 educational institutions. Normally, Teachers shall be granted one step credit for each two (2) years of prior experience up to Step 5.
 - 1. However, the Board reserves the right to hire Teachers with greater experience at a step above Step 5, but not greater than their years of experience, if the Board deems it necessary in order to hire a suitable candidate.
 - 2. Furthermore, the Board also reserves the right to hire all Teachers at Step 0, should the Board deem that the financial condition of the district necessitates this.
 - 3. Should a new hire be placed on the salary schedule in accordance with B.1 or B.2 above, the Association shall be notified of the variance.

- C. Salary Step Determination: Initial salary step placement for all new Teachers to the district shall be as outlined in Section B of this Article. The initial and subsequent salary step placement of a Teacher shall be adjusted on a yearly basis at the beginning of a school year, as negotiated and subject to 2011 PA 54. Said salary step adjustment shall further be based on total accumulated district seniority as computed (on paid days) and maintained for district seniority purposes in Article XIII and that actual placement be made using the arithmetic mean as follows:
- 0.000yr to 0.250yr = no step increase
0.251yr to 0.750yr = 1/2 step increase
0.751yr to 1.000yr = full step increase
- D. Paychecks will be paid electronically to the bank account designated in writing by the employee. Initial paychecks will be provided on the first district payday that occurs after Teachers have returned to their daily assignments (excluding orientation days). Teachers will receive twenty-six (26) paychecks (year round paychecks) for periods established by the Board.
- E. After completion of the thirteenth (13th), nineteenth (19th) and twenty-fourth (24th) year of contract teaching and administrative experience (combined district and non-district), a Teacher shall annually receive a longevity increment which shall be \$550 after the 13th year, shall increase to \$1,500 after the 19th year, and shall increase to \$2,750 after the 24th year. For the duration of this contract, these payments will not be paid. This shall be paid as additional salary. The amount shall begin to be paid as part of a Teacher's fourteenth (14), twentieth (20), and twenty-fifth (25) year contract. Said increments shall be prorated for less than a full year and/or teaching schedule. A Teacher's signature on his/her annual contract salary statement shall constitute confirmation that his/her salary including longevity is correct.
- F. Substitute Duty
1. The administration agrees to make reasonable efforts to obtain volunteers for substitute duty; however, absent a volunteer, assignments to such duty shall be made on an equitable basis. Teachers who have either volunteered or who are assigned to substitute during another teacher's absence shall receive \$15.00 per class period as assigned.
 2. The administration will continue to put forth efforts to have substitutes so that undue disruption of a regular teacher's day for substituting is minimized. Such efforts may be grieved through level three (3) of the grievance procedure.
- G. Direct deposit shall be available to employees, upon written request, for deposit to employee accounts in financial institutions that have cooperative agreements with the Board. Teachers utilizing payroll deductions and later electing to cancel their participation shall be prohibited from reapplying for payroll deductions until the commencement of the following school year. Employees may opt for payroll deduction to purchase MPSERS retirement credit pursuant to applicable laws and regulations and upon the employee submitting a properly executed salary reduction agreement.
- H. Upon authorization of the Teacher and subject to those terms and conditions imposed by the insurance carrier, the Board agrees to make payroll deductions for Tax Deferred Annuities. The Tax Deferred Annuities shall be limited to ten (10).
- I. Pay: Extra Class
- A 7-12 teacher who voluntarily accepts an additional class assignment shall have added to her/his

contract one-seventh (1/7) of the annual contract for Schedule A and Article V, F.

- J. The following guidelines have been developed as a result of mutual desire by both the Board and Teachers to provide curriculum coordination and articulation through the use of Teacher "curriculum coordinators". It is further agreed that curriculum coordinators will serve on a K-12 Curriculum Committee to be "chaired" by a district administrator.

Duties for curriculum coordinators (K-8) shall be developed and form part of this article prior to the appointment of coordinators. Payment to curriculum coordinators shall be made according to one of the following options as determined by the Board of Education:

- Option A: \$25,000 will be allocated for K-12 Curriculum Cabinet stipends. The P.E.A. will determine the individual amount of allocated stipends.
- Option B: As a result of budget constraints, \$4,600 per year for High School Coordinators to be distributed according to "Duties and Guidelines" document (with appropriately reduced responsibilities).
- Option C: Severe budget restraints may result in the funding of neither Option A nor B above.

Curriculum coordinators will be notified no later than September 15 of each school year of the Board's intent to implement Option A, B or C.

Should a Teacher terminate his/her responsibilities as coordinator during the school calendar-year, payment shall be pro-rated in ten (10) equal parts.

ARTICLE VI TEACHING HOURS

- A. The duty day, excluding special committee work as per Article XVI, Section D, for classroom Teachers shall not exceed 445 consecutive minutes at any program level. Said regular duty day shall be inclusive of those contract provisions as set forth in paragraph B below.
- B. Teachers shall be:
1. At place of duty prior to class time as established annually.
 2. All Teachers shall have a duty free lunch period of twenty-five (25) minutes.
- C. The elementary Teachers shall not be required to have noon playground duty.
- D. Teachers at the elementary level shall not be required to supervise children during lunch periods. However, on the rare occasion that the building administrator is out of the building, or otherwise unable to oversee the lunchroom, Teacher(s) may volunteer or may be asked to volunteer to serve in this leadership capacity. The Teachers(s) shall be compensated in accordance with #54 in Schedule B.
- E. Elementary (K-3) teachers, in coordination and scheduling with their principal, will provide students a daily 25-minute recess period (brain-break), Monday – Thursday, supervised by teachers on a rotating basis. Teachers will rotate student supervision, with two teachers for three or four classrooms of students at recess. Teachers not supervising students will utilize this time for planning/preparation.

- F. Each elementary teacher shall be released for classroom preparation/conference purposes, during five (5) periods per week (totaling 225 minutes per week). Kindergarten teachers shall be released for an average of 225 minutes per week for classroom preparation/conference purposes.
- G. It shall be an objective to equalize the length of the teaching day within the elementary school system.
- H. Teachers do not have to report when school is called off due to inclement weather or other emergency conditions as defined by the State School Aid Act. Such cancelled days and instructional hours not already scheduled in the school year calendar shall be rescheduled to comply with State requirements by adding all such days and instructional hours to the end of the school year. Teachers shall report to work on the rescheduled days and hours.

In the event that the District decides to delay the opening of school as the result of inclement weather or other emergency conditions, Teachers shall be expected to report not less than thirty (30) minutes before the time set for the instructional day to commence. Such days and hours will be counted as instructional days and hours, to the extent allowed under the State School Aid Act.

ARTICLE VII TEACHING LOADS AND ASSIGNMENTS

- A. The normal teaching schedule in the senior high school will include six (6) unassigned regular class-hour preparation periods per week. The normal weekly teaching schedule in the middle school will include six (6) unassigned regular class-hour preparation periods per week.
- B. There shall be no more than one (1) regularly scheduled class per teaching station except in those areas designed to accommodate multiple teaching stations. Variances from this policy shall only be made by mutual consent between the Teacher and building principal.

ARTICLE VIII TEACHING CONDITIONS

The parties acknowledge that the primary duty and responsibility of the Teacher is to educate children and that the organization of the school and school day should be directed at insuring that the energy of the Teacher is primarily utilized to this end.

- A. Establishing and maintaining excellence in education is the primary goal of the Teachers and the Board of Education of Pinckney Community Schools. Both parties recognize the importance of acceptable pupil-teacher ratios in the equation of educational excellence. In continuous efforts to reach this commitment both parties agree to the following class size language:

- 1. Elementary School:

Specials teachers (art, computers, health, physical education, and vocal music) will have no more than thirty (30) students per class and no more than one (1) student per student work space. While it is the Board's intention to keep the above referenced classes below the thirty (30) maximum, late enrollments and move-ins during the school year may make it necessary to exceed this maximum by no more than three (3) students per team. Band classes may be unlimited.

3. Pathfinder School and High School:

- B. The daily student load assigned to a respective staff member at Pathfinder School and the High School level shall not exceed one hundred eighty (180) students, except for physical education classes, health taught as a unit which is part of a physical education class and music classes, in which case said exempt classes may not exceed the individual class size plus three during any given class period; music classes, as stated, are unlimited. Daily student load figures stated shall be prorated for classes with "Article VIII, Section A" class sizes greater than 30 pupils. The above stated "Article VIII, Section A" class sizes may not be exceeded on an individual class period course basis by more than three (3) students. Student aides shall not count as part of any of the aforementioned student loads. However, should an individual course for a Teacher exceed the maximum, then the Board will review and remedy the situation by utilizing one, or a combination of, the following:
1. Level individual courses taught on a period-by-period basis in order to reduce all courses taught during an individual period to within class-size limits as listed in Article VIII, Section A, or
 2. Hire additional secondary teaching staff to reduce all courses taught on a period-by-period basis to within class-size limits as listed in Article VIII, Section A.
- C. The Board agrees at the elementary level to limit the total number of split classes district-wide to a number equal to two (2) per operating elementary building. Operating elementary buildings shall exclude buildings used exclusively to house kindergarten students.
- D. An individual Teacher may waive individual class size limits and/or daily load limits at his/her discretion.
- E. It is further agreed to between the parties that:
1. If a lack of facilities to adequately house students in accordance with Sections A, B and C above exists due to an "Act of God", growth in student enrollments, or if the district would be required to discontinue any existing student program offerings in order to accommodate for a shortage of facilities, then the language agreed to in Sections A, B and C above shall be relaxed to the extent necessary to accommodate the prevailing conditions until the beginning of the next semester that the condition or conditions no longer exist, and further;
 2. If the school district's financial condition is such that the June 30 year end audit establishes a

General Operating Fund deficit (provided the school district has not passed prior to the opening of school increased millage which would cover said deficit and operating funds necessary for the ensuing school year) which may require the district under the rules and regulations of the State of Michigan to file a deficit elimination plan with the State of Michigan - Department of Education, then the Board of Education may exercise its responsibility to offset such by setting aside the language agreed to in Sections A, B and C above until the beginning of the next school fiscal year in which an actual deficit no longer exists.

F. The following shall apply with respect to the utilization of aides:

1. Classroom aides will be assigned to qualified classrooms as soon as possible but no later than Monday of the fourth week of school (counting the first partial week as a full week) with additional Teacher adjustment of aide time to begin on the first Monday of November and continue on the first Monday of the month through the first Monday of June (except that no new personnel will be added to staff after the first Monday of May adjustment).
2. Regarding the absence of a classroom aide:
 - a. A substitute aide will be provided on the second consecutive day of the regular aide's absence and thereafter until the absent aide returns to work.
 - b. When an aide will be absent on a pre-arranged date, a substitute will be provided beginning on the first day of absence and thereafter until the absent aide returns to work.
3. Special education students assigned to a general education Teacher shall be counted as part of the Teacher's student load.

G. It is the responsibility of the Board to supply each Teacher with the necessary supplies, equipment and educational materials that are required for the attainment of the educational goals that have been prescribed by the Board.

H. The purpose of the K-12 Curriculum Cabinet, composed of the related department chairpersons, will be to collaborate with the administration in the development of curriculum and the accompanying program of studies within the Pinckney Community Schools.

Teachers serving as Department Chairpersons shall represent their division on the K-12 Curriculum Cabinet and on content area committees. They shall meet on a regularly scheduled basis with the Assistant Superintendent for Curriculum/Instruction relative to curriculum development. The Assistant Superintendent for Curriculum/Instruction shall chair divisional and K-12 Curriculum Committees.

The elementary faculty will meet in the spring in general session to elect Departmental Chairpersons for lower and upper language arts, mathematics, science, social studies, K-5 music, physical education, art, computers/technology, and special education.

The middle and high school departments will meet in the spring to elect Departmental Chairpersons for language arts, mathematics, science, social studies, art, music, physical education, home economics, special education, counseling, industrial arts/applied technology, foreign language (H.S.), business/computer, media, etc.

Building administrators will serve as ad hoc Curriculum Cabinet members based upon their time availability for participation.

The Curriculum Cabinet (following elections) will meet in late spring to determine the succeeding year's area(s) of curriculum study and accompanying revision based upon curriculum budget parameters. The Cabinet will seek consensus in its decisions and recommendations, but in the event consensus is not possible, decisions may be made by majority vote. Recommended area(s) of study will be submitted to the Superintendent of Schools for approval.

Upon Superintendent approval, the representative Department Chairpersons or the area(s) to be revised and the Assistant Superintendent for Curriculum/Instruction will convene to determine the structure of committee. In K-12 Curriculum Committees, the content area department chairpersons and the Assistant Superintendent for Curriculum/Instruction will be standing members of that committee. Upon completion of the curriculum, recommendations from divisional or K-12 committees are submitted to the Assistant Superintendent for Curriculum/Instruction for processing.

The recommendations of the committee shall be forwarded to the Superintendent of Schools with a copy to the Association. The Superintendent of Schools will then make a formal recommendation to the Board of Education.

All changes in curriculum ultimately require approval of the Pinckney Community Schools Board of Education. In the event the Board of Education does not approve the recommendation, it will send the matter back to the committee for further study accompanied by the reasons for non-approval.

- I. The Board shall attempt to make available in each school, a lunchroom and lavatory facility exclusively for professional and non-professional staff use, as well as a professional staff lounge, furnished, in which smoking shall not be permitted.
- J. Telephone facilities shall be made available to Teachers for their reasonable use. Personal long distance phone calls may be made, but only at the Teacher's expense. Personal long distance phone calls shall not be charged to the employer.
- K. Parking facilities shall be provided for Teacher use. Parking lots and walkways to and between buildings on the same site shall be lighted and maintained in such a manner that Teachers shall not have to continually contend with excessive mud, water, snow or ice.
- L. Religious or political activities of any Teacher or the lack thereof outside the scope of his/her teaching assignment shall not be grounds for any discipline or discrimination with respect to the employment of such Teacher.
- M. Navigator Upper Elementary School, Pathfinder School and High School Teachers will have no more than three (3) preparations unless mutually agreeable to the parties involved.

It is not the intention of the district to assign any member of the High School teaching staff more than three preps at any point during the course of the school year. However, the need to maximize staff as a result of scheduling needs may require the formation of staff assignments having four preps. This situation will be limited to one year and will not involve the same staff member for two consecutive years unless agreed upon by both the district and the teacher. Any teacher facing the probable four prep schedule shall be informed of such a schedule by the end of the preceding school year by the building principal.

- N. In the event that the Pinckney Community School District and the Livingston County Educational Service Agency determine that the Pinckney Schools will provide services to medically fragile/ special education students (defined as medically fragile or special education students not currently served in a regular education classroom setting) in a least restrictive environment (LRE), the Board and Teachers agree to bargain the issues dealing with medically fragile students in a least restrictive environment (LRE). This shall not preclude the Board from enrolling the student and determining

the educational placement as per the student's I.E.P.C.

- O. The Board will allocate time for K-12 teacher participation in I.E.P.C's and student staffings as was piloted at the High School beginning in 2000/01. A substitute for both a special education teacher and a general education teacher will be provided and a monthly schedule developed to allow staff to participate in these meetings during the workday. It is the intent that most I.E.P.C's and related student staffings will be planned within this schedule, however, if an I.E.P.C. or administratively initiated student intervention cannot be scheduled within the time above, the teacher may opt to arrive later or depart earlier than their 445 minute contractual obligation the following day(s). The teacher must still fulfill the student contact requirement.

ARTICLE IX VACANCIES, TRANSFERS AND PROMOTIONS

A. VACANCIES

1. A vacancy shall occur whenever a bargaining unit member vacates a unit position as the result of resignation, dismissal or transfer. Newly created bargaining unit positions shall also be considered a vacancy. A leave of absence by a Teacher for the entire school year shall also be considered a vacancy.
2. Bargaining unit vacancies shall be publicized by the Human Resources Office with a posting in each school, a copy mailed to the Association President, and placed on the district's website. The posting of vacancies in each school building shall serve as constructive notice to each bargaining unit member of a position vacancy. Failure to have a posting announced on the website will not be grievable.
3. Vacancies shall be posted for seven (7) calendar days. Vacancies on or after August 15 and prior to the end of the second week of school shall be posted on the website for twenty-four (24) hours (4 p.m. to 4 p.m.)

B. TRANSFERS

Should a promoted Teacher return to a unit position within the first two years, he/she shall be entitled to such rights as he/she may have had under this Agreement at the point that he/she left the unit.

ARTICLE X BUSINESS AND LEAVE DAYS

- A. Personal Business Days: Each Teacher shall be allowed four business days per year with pay which may be used for any reason and without explanation, upon giving forty-eight (48) hours notice

to the immediate principal. No more than two (2) separate applications per shift at Country Elementary and Farley Hill Elementary; no more than three (3) separate applications per shift at Navigator School and Pathfinder School; and no more than four (4) separate applications per shift at Pinckney High School shall be granted by said administrator for the same day or days. The administrator may exceed these quotas at his/her discretion and may allow a business day with less than 48 hours notice in the event of extenuating circumstances. Any unused personal business days shall be accumulated as sick leave days.

- B. Sick Leave Days: Each tenure Teacher shall be allocated twelve (12) full days with pay per year for sick leave. Each probationary Teacher shall be allocated up to seven (7) full days per year with pay for sick leave. Teachers shall only be permitted to use sick leave in half or full day increments. Usage of less than ($\frac{1}{2}$) day shall be charged to the Teacher as ($\frac{1}{2}$) day. Usage of more than ($\frac{1}{2}$) day and less than one (1) full day shall be charged to the Teacher as usage of one (1) full day. Unused sick leave shall accumulate from year to year without limit.

A teacher may use accumulated sick leave when he/she is incapacitated from the performance of his/her duties by sickness or injury. A teacher may also use their accumulated sick leave to provide care for a member of their immediate family. Fathers may utilize up to ten (10) days of their accumulated sick leave to care for their spouse and newborn after the birth of a child. Teachers may utilize up to twenty (20) accumulated days for family illness in a school year (July 1 - June 30). A teacher needing extended time off for family illness should consider a medical leave of absence (See Article XIX).

Parents may utilize up to ten (10) days of their accumulated sick leave to care for a newly adopted child. Additional time for childcare for an adoption may be requested pursuant to Article XXII.

- C. A Teacher leaving the school district shall receive payment for said accumulated days on the following basis:
1. At times of voluntary separation, \$33.00 per day up to 45; \$50.00 per day for those in excess of 45.
 2. At retirement, all accumulated days at \$50.00 per day.

In the event of a Teacher's death, the above payment will be made to the Teacher's estate.

- D. A Teacher whose unused leave day accumulation exceeds forty-five (45) days (before the next year's allowance is granted) may request at the close of the school year or during the week of October 15 of the following school year to have the number of accumulated leave days reduced down to forty-five (45) and thereby receive payment for those days within thirty (30) calendar days from request. Schedule B

(Extracurricular Stipends)

- A. All percentages for extracurricular Schedule B duties are based upon Steps 0 through 4 of the BA salary schedule. The step a coach/sponsor is placed upon shall depend upon the number of years of consecutive experience in the Schedule B position. If a coach/sponsor is unable to maintain consecutive experience because of conditions beyond his/her control, consecutive experience credit will be retained. If a coach/sponsor decides not to maintain consecutive experience because of conditions within his/her control and does not résumé that Schedule B position within five (5) years of the date he/she last served in that position, then the coach/sponsor shall be treated as if he/she has no experience credit if he/she again resumes that position, unless the Superintendent agrees otherwise in writing.

When calculating the pay for the Schedule B extracurricular positions, the following steps shall be followed:

STEP 1: Determine the appropriate placement on BA steps 0-4.

STEP 2: Multiply the appropriate BA step by the percentage figure applicable to the Schedule B position.

STEP 3: Reduce the amount determined in Step 2 by 4.762%. (The result is the appropriate payment.)

Steps will be frozen (no advancement of steps) for the 2015-16 school year.

- B. Where a Teacher has a Schedule B position which is an integral part of his/her regular teaching assignment, then he/she shall be treated as being on BA Step-0 for purposes of calculating the Schedule B payment. There shall be no step increases for these positions.

When a Schedule B position which has been an integral part of a regular teaching assignment is discontinued as an integral part of that assignment, the affected Schedule B Teacher shall be given experience credit of up to 4 years for prior experience whether or not those years were an integral part of a teaching assignment.

- C. Any Teacher continuing in a Schedule B position which has not had increment steps prior to 1988-89, but now does have steps, shall be placed on Step 1.
- D. Schedule B shall not apply to any positions sponsored by Community Education.
- E. Athletic coaching positions will be hired through PESG or similar vendor.

- B. At the time of hire, Student and Family Specialists shall start at step 0, but may be placed by the Board up to step 5 on the salary schedule based upon previous relevant outside experience. The initial and subsequent salary step placement of a Student and Family Specialist shall be adjusted on a yearly basis at the beginning of a school year. Said salary step adjustment shall further be based on total accumulated district seniority as computed (on paid days) and maintained for district seniority and that actual placement be made using the arithmetic mean as follows:

0.000yr to 0.250yr = no step increase

0.251yr to 0.750yr = 1/2 step increase

0.751yr to 1.000yr = full step increase

1. Student and Family Specialists shall receive paychecks in 26 equal pays starting with the first pay period after they return to work.
 2. After completion of the thirteenth (13th), nineteenth (19th) and twenty-fourth (24th) year of employment in the district, a Student and Family Specialist shall annually receive a longevity increment which shall be \$550 after the 13th year, shall increase to \$1,500 after the 19th year, and shall increase to \$2,750 after the 24th year. For the duration of this contract, these payments will not be paid. This shall be paid as additional salary. The amount shall begin to be paid as part of a Student and Family Specialist's fourteenth (14), twentieth (20), and twenty-fifth (25) year contract. Said increments shall be prorated for less than a full year and/or work schedule.
 3. Sections H and I of Article V shall apply to this position; all other sections of Article V shall not apply.
- C. The work year for Student and Family Specialists shall consist of up to 210 work days per year. Generally, the work week shall be a 40 (forty) hour work week on average, with hours similar to the teachers' day, but flexible to accommodate evening presentations, meetings, workshops, etc. The work schedule will be at the direction of the building administrator, with appropriate notice of evening or weekend responsibilities, unless extenuating circumstances prevent timely advance notice. This position does not qualify for overtime compensation. Section H of Article VI shall apply to this position; Sections A-G are not applicable.
- D. Article VII, Article VIII sections A-F, H, M-O shall not be applicable to this position. Article VIII Sections G and I-L shall apply to this position.
- E. Student and Family Specialists may apply for other similar positions within the district and will be given consideration for any said positions. Student and Family Specialists are not positions requiring teacher certification and do not acquire tenure in positions. A Student and Family Specialist who possesses teacher certification may apply for a teaching position and will be granted an interview if they meet the qualifications, however, selection to any other position will be at the discretion of the Board. Subject to this paragraph, Article X shall apply to this position.
- F. Student and Family Specialists shall have seniority in the district from date of hire, with one year of seniority for completion of a full work year and pro-rated for employees working less than a full work year or employees working less than full-time. This seniority list shall be separate from the teacher seniority list. Seniority shall not accrue during times of unpaid leave and layoff, and shall be lost if the employee retires, resigns or is discharged for cause. "Ties" in seniority shall be governed by Article XII, Section O. A teacher applying and being selected for a Student and Family Specialist position shall have their teacher seniority frozen at the level they are at on the teacher seniority list at the time of transfer, and will then be placed on the Student and Family Specialist seniority list from date of transfer.

Should it become necessary to lay off a Student and Family Specialist, the Board shall provide at least twenty-one (21) calendar days notice to the employee being laid off. Student

and Family Specialists shall be laid off by inverse order of seniority.

Recall of Student and Family Specialists shall be by seniority with the most senior laid off employee being recalled first, provided they meet the qualifications for the position. The Board shall file written notice of recall from layoff by sending a registered or certified letter to said Student and Family Specialist at his/her last known address. It shall be the responsibility of each Student and Family Specialist to notify the Board of any change in address. The Student and Family Specialist's address as it appears on the Board's records shall be conclusive when used in connection with layoffs, recall, or other notice to the Student and Family Specialist. If a Student and Family Specialist fails to report to work within ten (10) calendar days of the date of the sending of the recall, unless an extension is granted in writing by the Board, said Student and Family Specialist shall be considered as a voluntary quit and shall thereby terminate his individual employment contract and any other employment relationship with the Board.

A Student and Family Specialist who is to be laid off pursuant to this Article has the right to be administratively placed in a teaching position for which he/she is certified and qualified to fill and which is occupied by a Student and Family Specialist with less seniority.

A Student and Family Specialist on a Board approved leave shall be subject to the layoff provisions of this Agreement. However, the Student and Family Specialist shall not be subject to actual layoff until his/her return from said leave.

The Association shall have the right to review the reduction list prior to notification of the individuals involved. After the reduction list has been prepared, the Association and administration shall review said list in an attempt to resolve potential misunderstandings which could result in conflict.

A person on layoff who rejects recall to a temporary vacancy or to a position which is less time (on an FTE basis) than the position from which they were laid off, shall not lose rights to recall.

Laid off Student and Family Specialists may sign up for substitute teaching work and be given first consideration. Rejection of substitute work shall not effect the Student and Family Specialist's right to recall.

- G. The Student and Family Specialist will be allowed twelve (12) sick days and four (4) personal business days per work year. All other provisions of Article X shall apply.
- H. Student and Family Specialists shall be considered probationary employees during their first four (4) years of employment. If their performance is deemed by the Board to be unsatisfactory, the Board may choose not to renew their contract by giving written notice by May 1 of a school year. A Student and Family Specialist shall be evaluated at least annually in their first four (4) years of employment and at least once every three years thereafter.

All monitoring or observation of the work performance of a Student and Family Specialist shall be conducted openly.

No Student and Family Specialist shall be disciplined, reprimanded, reduced in rank or compensation or denied renewal of contract without just cause. Any such discipline, reprimand, or reduction in rank or compensation including unjustified and undocumented adverse evaluation of Student and Family Specialist performance asserted by the Board or any agent or representative thereof shall be subject to the grievance procedure hereinunder.

set forth. When disciplining or questioning staff members regarding delinquency in professional performance, the administration shall take reasonable measures to carry out the questioning or discipline privately.

- I. Article XII, Sections A-G and I-N, P-S shall apply to this position; Section H shall not apply. Add to Section A, "While the teacher may be relieved of responsibility with this student, the Student and Family Specialist may have continued responsibilities with this student and/or the family as long as the district has legal responsibilities for this student.
- J. Article XIII, Sections A-D and F.1 shall apply to this position; all other sections of Article XIII shall not apply.
- K. Schedule A shall not apply to this position.
- L. Prior to making a home visit, the Student and Family Specialist and the building administrator will mutually agree as to whether the Student and Family Specialist will be accompanied by another district employee or support person from another agency.
