 - a) If there is no such transfer forthcoming, the Superintendent shall then arrange for an involuntary transfer.
 - b) When determining which elementary teacher shall be first involuntarily transferred from the affected building, seniority shall be the deciding factor. In the event that teachers have equal seniority, building seniority shall be the deciding factor.

ARTICLE III

- 3) Middle School/High School. When there is an excess of teachers in the Middle School or the High School, the building administrator will survey the affected staff to ascertain if a teacher is interested in a voluntary transfer.
 - a) If there are no transfers forthcoming, the Superintendent shall then arrange for an involuntary transfer.

In the event a program cannot be maintained, then tests set forth above will be applied to the teacher with the next least amount of seniority.
 - c) In the event that teachers have equal seniority, building seniority shall be the deciding factor.
 - 4) No involuntary transfer shall cause a teacher a loss of compensation. For the purpose of this provision, compensation shall mean base salary plus any differential paid under Appendix B of this Agreement, excluding additional compensation for counselors.
 - 5) Any teacher involuntarily transferred shall be given a written statement establishing a priority for him/her on any opening that may occur in the building, department, or grade level from which s/he has been transferred, providing that s/he qualifies for the position. It is understood that a teacher who accepts a voluntary transfer when it appears that an involuntary transfer may have to be effectuated in his/her building shall have the same rights as a teacher involuntarily transferred under this provision.
- F. If the students are being reassigned to more than one building, teachers at the closed school(s) will be able to state a preference for the building to which they wish to be transferred. The preference will be considered according to ARTICLE III, Section 12 Subsection B. 7.

G. Superintendent-Initiated Transfer

 - d) At any conference held in Article III, Section 12, Subsection 2. a, b or c above the teacher shall be entitled to FEDERATION representation, if the teacher chooses to have it present.

ARTICLE III

- H. The parties mutually agree that the BOARD shall have the right to involuntarily transfer up to four (4) teachers per year for the purpose of maintaining or improving a program, but subject to the following conditions:

Section 14. Layoff and Related Matters

- A. The FEDERATION recognizes the BOARD'S responsibility to operate the school district effectively and efficiently within the bounds of certain financial and legal restraints and the BOARD'S legal charge to adopt, maintain, and modify programs and to determine the number of staff needed for such programs.
- B. If the BOARD enters into vocational education consortium it may not directly result in the layoff of any presently employed teacher. However, this provision is not intended to prevent the BOARD from reducing a school's staff due to declining enrollment or budgetary limitations.
- C. Prior to finalizing the reduction of staff, the Superintendent or his/her designee, will meet with the FEDERATION to explain and discuss the proposed reduction. The following information will be provided by the Superintendent:
 - 1) A seniority list (by rank order).
 - 2) Tentative information on attrition.
 - 3) Tentative information on highly qualified status.

 - c) Any teacher may bump a teacher with less seniority if s/he is certified to teach half or more of the lesser seniority teacher's schedule provided another on staff teacher has the appropriate certification/endorsement to teach the remainder of the less senior teacher's schedule and there would be no curtailment of program(s).
 - d) In the event teachers have equal seniority, the BOARD shall identify the teacher whose subsequent bumping will proceed to the least senior teacher. If after bumpings are plotted a tie exists, the BOARD will decide which teacher is identified for layoff.
- 3) Any teacher who is identified and unable to bump another teacher shall be laid off.
- 4) Except when it is not possible, each teacher to be laid off will be given at least sixty (60) day's written notice.

 - H. When openings occur after the last day of the current school year, teachers who have been laid off and teachers on leave of absence who have requested to return to the district and whose term of leave has expired, shall be reemployed in order of seniority, provided that they meet the employment requirements of Article III, Section 14, Subsection D. 2 b of this provision.
- 1) The BOARD shall notify at the same time all teachers on the layoff list of any available openings. Such notification shall be by certified mail and sent to the last known address supplied by the teacher. Such retraining will consist of paying tuition at the current reimbursement rate and books up to \$125 for a period not to exceed one (1) year.
 - 1) The purpose of such retraining is to enable teachers to meet the employment requirements of Article III, Section 14, Subsection D. 2 b of this provision. Laid off teachers who obtain another teaching position do not qualify for tuition payments under this provision.
 - 2) Initial tuition payment will be made upon the affected teacher presenting evidence that s/he has enrolled in retraining courses. Payments for courses taken at a later date will be made upon submission of evidence of successful completion of prior courses and enrollment in additional retraining courses. Payment for books will be made upon presentation of receipts.
 - 3) Monies expended under this provision will not be deducted from the tuition reimbursement provision of this Agreement. However, if a laid off teacher has received compensation for retraining under this provision and is recalled prior to suffering any loss of wages, such amount of retraining compensation, excluding books, will be deducted from the total amount of money allocated for tuition reimbursement in ARTICLE VI, Section 3.
- J. The FEDERATION President will be the last teacher to be laid off.
- K. In those instances where the BOARD cannot adopt, maintain and modify programs because of a layoff of teachers, the BOARD may transfer teachers in accordance with the following procedure which shall constitute an exception to the transfer provisions as set forth in ARTICLE III, Section 12, of this Agreement.
 - 1) If the BOARD initiates a transfer it shall transfer the lowest seniority teacher who meets the requirements set forth in Article III, Section 14, Subsection D. 2 b of this section to the building where the program is to be adopted, maintained, or modified.

The teachers affected by the planned changes shall remain in a teaching position until the additional training has been completed.
- 1) Those teachers who can become certified for a program by acquiring twelve (12) or less semester hours will be identified.
 - 2) From among those teachers identified the one(s) with the least seniority shall be selected for additional training.
 - 3) The BOARD'S expense under this provision shall consist of tuition, books, and mileage for teachers required to undergo additional training.
 - 4) The BOARD and the FEDERATION agree to study the problem of long term retraining (where it would take more than twelve (12) semester hours in order to become certified for a program).
- M. In a year when teachers are laid off no additional layoffs shall occur because of the adoption of new programs.
- N. The BOARD shall notify all teachers, including those on layoff, of new programs planned by the BOARD. Such notice shall be given when new programs are in the planning stage.

 - 1) For work on an advanced degree (applicant must take a minimum of ten (10) semester hours of graduate credit each semester).
 - 2) Independent research, which must be under the supervision of the school district or an accredited college or university.
 - 3) Any other reasons, such as travel or writing.
- C. A sabbatical leave may be granted for a period of not more than one (1) school year or less than one semester/trimester.

Moreover, the teacher will receive all fringe benefits except sick leave, and when such teacher returns from leave s/he shall be entitled to an increment, just the same as s/he would if s/he had remained teaching in the district.

APPENDIX D

G. A teacher on sabbatical leave will report to the Superintendent as follows:

- 1) The teacher will immediately request approval from the Superintendent for substantial changes in the planned program of the leave as outlined in the approved application.
- 2) An interim report will be filed at the midpoint of the period for which the leave is taken. This report will contain sufficient information to enable the Superintendent to determine that the leave is being utilized in the approved manner.

H. Requirements and status upon returning from sabbatical leave are as follows.

- 1) At the expiration of a sabbatical leave the teacher will be restored to his/her former position (grade level or subject) in his/her former building unless s/he informs the Superintendent, in writing, that s/he will accept a different position and/or building.
- 2) Each teacher returning from sabbatical leave will file a final written report with the Superintendent not later than sixty (60) days after the day on which the teacher again takes up active service. The report will include the names of institutions attended, course pursued, credits received, experience gained, the itinerary of travel, together with the teacher's appraisal of the professional value of the activities while on leave and the manner in which the knowledge and experience gained may be applied to the benefit of the school system. The teacher will not be considered as having completed the requirements of the sabbatical leave until his/her final report has been approved by the Superintendent.
