## **PREAMBLE**

This Agreement entered into this July 1, 2017 by and between the Board of Education of the Utica Community Schools, Sterling Heights, Michigan, hereinafter called the "Board" and the Utica Education Association hereinafter called the "Association."

## **WITNESSETH**

WHEREAS, the Board and the Association recognize and declare that providing a quality education for children of the Utica Community School System is their mutual aim and that the character of such education depends on many factors which include quality, morale, cooperativeness an dedication of the teaching staff, administrators and the community, and

WHEREAS, the Board has a statutory obligation, pursuant to Act 379 of the Michigan Public Acts of 1965, to bargain with the Association as the representative of its teaching personnel with respect to hours, wages, terms and conditions of employment, and

WHEREAS, the parties following extended and deliberate professional negotiations, have reached certain understandings which they desire to memorialize,

In consideration of the following mutual covenants, it is hereby as follows:

## **BASIC PHILOSOPHY**

We believe that quality education is a responsibility shared by the home, school, student, and community. Schools are centers of community endeavor to improve the quality of living and learning for all citizens. This philosophy makes quality education a dynamic process and a collaborative effort.

Schools must promote the ideas of democracy. The preservation of a free society depends upon the ability of its citizens to protect individual liberty, encourage social justice, make informed choices, and develop new ways of solving problems.

Students must recognize that they have a responsibility to learn and that there are appropriate ways of dealing with feelings and problems. Only as students develop confidence and trust in their own abilities to master skills, gain knowledge, and solve problems will they progress to a point where they will make larger contributions and be productive and responsible citizens in later years.

Students deserve instruction designed to actively involve them in their own learning. Programs should be flexible and designed to allow for changes in purpose and to reflect changing social needs. Students should be encouraged to reason and think creatively. Lasting self-esteem is a result of experiencing success with quality learning challenges.

We need to increase each student's awareness of the rapidly changing world. Let each child realize that education is a life-long process which should enable him/her to be a self-disciplined, self-motivated, responsible, thoughtful, contributing member of the local and the global community.

### **GRIEVANCE PROCEDURE**

#### **A. Definition:**

1. Any claim by a teacher or the Association that there has been a violation, misinterpretation, or misapplication of the specific and expressed terms of this Agreement, a violation of the right to fair treatment under the terms of this Agreement, established Board policy governing teachers, or a complaint concerning disciplinary action not covered by the Tenure Act, shall be a grievance and shall be resolved through the procedure set forth therein.
2. An aggrieved person shall mean the person or persons who are members of the bargaining unit covered by this contract and shall include probationary employees. (See Appendix A for Teachers whose employment is not governed by the Teacher Tenure Act)
3. A Party of Interest shall mean the person or persons making the complaint and/or any person who might be required to take action, or against whom action might be taken, in order to resolve the grievance.
4. The term "Days" in this Article shall mean teacher work days, except where otherwise indicated.
5. Forms for filing and processing a grievance shall be designed by the Superintendent of Schools and the Grievance Committee. They will make provisions for the description of the alleged contract violation (time, place, circumstance, etc.) suggested solution and other such information that both parties deem necessary. Such forms shall be prepared by the Superintendent, and shall be given appropriate distribution so as to facilitate the operation of the grievance procedure.
6. The following matters shall not be the basis of any grievance filed under the procedure outlined in this Article. Any complaint for which there is another remedial procedure or forum established by law or regulation having the force of law, including any matter subject to the procedures specified in the Michigan Teacher Tenure Act.
7. The primary purpose of this grievance procedure is to secure as rapidly as possible equitable solutions at the closest supervisory level possible. Both the Association and the Board agree that these proceedings shall be kept as confidential as may be appropriate at each level of the procedure. Nothing contained herein shall be construed as limiting the right of any teacher with a legitimate grievance to discuss the matter informally with his/her immediate supervisor as described in Level One of the procedure.
8. It is important that grievances be processed through the steps as rapidly as possible. The number of days indicated at each step should be considered as the maximum and every effort should be made to expedite the process. If the Association as the moving party fails to comply with the time limit, the grievance shall be considered settled on the basis of the Board's last written answer to the grievance. If the Board as the responding party fails to comply with any time limit, at any step, the grievance shall automatically pass to the next step in the grievance procedure. The parties may, however, in writing mutually agree to extend the time limit at any step.

9. At Level Three and above, there shall be a meeting between the Board's representative and the Association or its designated representative, in an effort to resolve the grievance. The aggrieved person shall not be present at such meetings unless the representative of the Board and Association mutually agree that this presence is necessary.
10. The Association may position a grievance at Level Three, if in their opinion, the grievance represents a class action.

**B. General Principles:**

1. Any teacher who is a member of the bargaining unit covered under this contract, or any group of such teachers, or the Association believing that they are aggrieved, may file a grievance in accordance with the principles and procedures designated in this Article.
2. In processing grievances, release time may be granted only upon mutual consent by the aggrieved person, the Association, and the Superintendent. Such release time shall be without loss of pay.
3. The Association shall establish a Grievance Committee. Any member of the Grievance Committee who shall be a party of interest to any grievance, shall be disqualified and a substitute shall be named by the Association, except in any case where such a large group of teachers is involved, as to make this impractical. No more than three (3) members of the Grievance Committee or three (3) members of Administration may be present during grievance proceedings except by mutual consent of the Association and the Board representatives, provided however, legal counsel or officials of the M.E.A. may participate at Level Three and above.
4. A grievance may be withdrawn at any level without prejudice.
5. If, in the judgment of the Grievance Committee, a grievance affects a group of teachers, the committee may process the grievance at the appropriate level up to Level Three.
6. Upon failure of the aggrieved person or Association to file the grievance within the limits specified in the succeeding section of this Article, it shall be conclusively presumed that said incident or grievance has been satisfactorily resolved.
7. The President of the Association must, in writing, supply the names of the Grievance Committee to the Board before the Board has a duty to deal with them. The Association may change or add a designate representative by giving ten (10) days prior, written notice to the Board. Such change shall not affect any grievance in process.

### **C. Procedure:**

The appropriate administrator shall initial and date the form. If a dispute shall arise as to the time of filing, such initialing shall be conclusive evidence of the date of its receipt. The filing with the Grievance Committee and initialing of the copy by the appropriate administrator must occur within five (5) work days of the decision rendered at Level One or the expiration of time limit at Level One. The appropriate administrator shall meet on the grievance within five (5) work days of receipt of the written grievance at Level Two. This meeting may be attended by not more than the grievant, two representatives of the Association and two representatives of the Board. Within five (5) work days from the meeting the appropriate administrator shall render a decision in writing to the grievant.
3. LEVEL THREE - In the event the Association is not satisfied with the disposition of the grievance at Level Two, or in the event no decision has been rendered within five (5) work days after the meeting at Level Two, the grievance procedure may be further invoked by presenting the written grievance through the Grievance Committee to the Superintendent of Schools or designated representative. Such action must be taken within five (5) work days of receipt of the decision at Level Two or of the expiration of the time limit for rendering such decision. Within ten (10) work days from receipt of the grievance at Level Three, the Superintendent or designee shall hold a meeting with the Association to discuss the grievance. A decision shall be rendered by the District within ten (10) work days of the meeting held at Level Three.
4. LEVEL FOUR - In the event the Association disagrees with the decision of the Superintendent at Level Three, such grievance may be appealed to arbitration. Written notice of such appeal is to be given to the Superintendent or designee within ten (10) work days of the decision at Level Three.

If the parties are unable to mutually agree upon an arbitrator within ten (10) days after the written request for arbitration, the dispute shall be processed under the auspices of the American Arbitration Association; the conduct of said hearing shall be controlled by its rules. Neither party shall be permitted to assert in such arbitration proceeding any ground or to rely on any evidence not disclosed to the other side at least by the third step.
  - b. The arbitrator shall have no power or authority to add to, subtract from, alter or modify the terms of this Agreement nor to change any practice, policy, or rule of the Board, nor to substitute his/her judgment as to the reasonableness of any such practice, policy or rule. The arbitrator shall be limited to deciding whether or not there has been a violation of the terms of the Articles, and sections of this

Agreement and any binding past practices which exist between the parties. The Arbitrator shall not create obligations and conditions binding on the parties from this Agreement, it being understood that any matter not specifically set forth herein remains within the reserved rights of the Board.

- c. The decision of the arbitrator shall be final and binding upon all parties within the arbitrator's jurisdiction. The arbitrator shall be requested to issue his written decision within thirty (30) calendar days after conclusion of testimony and argument. Both parties agree to be bound by the decision of the arbitrator. The fees of the American Arbitration Association and the fees and expenses of the arbitrator will be paid one-half (1/2) by the Association and one-half (1/2) by the Board, and all other expenses shall be borne by the party incurring them.
5. EXPEDITED ARBITRATION - Both parties to this Agreement may mutually agree to process a grievance at Level Four to expedite arbitration. The arbitration shall be conducted under the auspices of the American Arbitration Association; the conduct of said hearing shall be controlled by its rules.
- a. Neither party shall be permitted to assert in such arbitration proceeding any ground or to rely on any evidence not disclosed to the other side by the Level Three.

Appendix A

**ARTICLE VIII**  
***DISCIPLINARY SUPPORT AND PROTECTION OF TEACHERS***

**A. Protection of Teachers:**

1. Acceptable student behavior is a primary concern of the Board. It is the aim of the Board, administration, and instructional staff to promote through its policies and regulations the highest possible standard of conduct and an atmosphere for good instruction. The Board shall promulgate rules and regulations setting forth the procedures to be utilized in disciplining, suspending or expelling students for misbehavior. Such rules and regulations shall be distributed by the employer to teachers at the commencement of the school year.
2. Each staff member is expected to take an active part in promoting proper student behavior in the classroom and throughout the school building and grounds. Teacher authority and effectiveness in the classroom are enhanced when students discover that there is administrative backing and support of the teacher. The Board recognizes its responsibility to give reasonable support and assistance to teachers with respect to the maintenance of control and discipline of students.
3. Any case of assault and/or battery upon a teacher shall be promptly reported to the Board or its designated representative. The Board shall provide legal counsel to advise the teacher of his/her rights and obligations with respect to assault and/or battery, (but shall not render any additional legal services) and shall render all

Cooperation is needed between parents, school personnel and students to insure that every student attends class. Excessive tardiness or absenteeism may be deemed sufficient grounds to deny student advancement, promotion or graduation.
2. Teachers may use such force as is necessary to protect property, themselves, a fellow teacher, district employee or administrator, or a student from attack, physical abuse or injury.
3. The principal will provide the teacher a written response which should outline the action taken regarding the teacher's complaint.
5. When the seriousness of a specific incident or persistent disobedience makes the continued presence of the student in the class a disruptive influence on the educational process, a teacher may remove a pupil from the class to the principal's office or other supervised area. In such cases, the teacher will furnish the principal, as promptly as employment obligations will allow, full particulars of the incident in writing. A student temporarily excluded from class for incidents of serious

misconduct will not be readmitted to class until after the building administrator and teacher have a conference to discuss the incident causing the student's exclusion. However, the teacher may waive the required conference.

## **ARTICLE XIII**

### ***LEAVE OF ABSENCE***

**A. General Principles:**

1. Leaves will be granted in accordance with specified provisions for each type of such leave as hereinafter provided.
2. Compensated leaves will be provided for the primary purpose of protecting an employee's income and assignment during protracted periods of unavoidable absence, as hereinafter provided in this contract.
3. All leaves shall be for a definite period with a specific termination date. Teachers being granted such leave shall be required to report to duty upon the termination thereof.
4. Leaves will be granted when approved by the Board for periods exceeding one (1) semester. The teacher must submit reaffirmation of intention to return or a renewal application at least sixty (60) days prior to the expiration of the leave.
5. Leaves of one (1) semester or less will be granted when approved by the Superintendent.
6. The parties agree that abuses which defeat the purpose for which the leave exists are in violation of the ethical standards of the teaching profession and are intolerable to the public responsibility reposed in the Board.
7. It is agreed that the use of leave days will be strictly confined to the legitimate purposes specified in the leaves as outlined herein. It is understood that any teacher found to have violated these restrictions will be charged with a major offense which exposes him/her to possible disciplinary action.

**8. Annual Accumulation:**

a. Teachers shall be entitled to paid leave accumulation per school year based on the following schedule:

Years Worked	1	2	3	4	5	6	7	8	9
Paid leave days credited to the teacher	15 days	15 days	15 days	15 days	7 days	7 days	7 days	7 days	11 days

Each teacher shall receive eight (8), four (4) and six (6) days respectively at the beginning of the first semester. Each teacher shall receive the remaining days at the beginning of the second semester.

b. If a teacher leaves the employ of the UCS during a school year, their leave will be pro-rated. Should a teacher use sick leave days to which the teacher is not entitled, the teacher shall reimburse the District for those days; those days shall be deducted from the teacher's total, e.g. sick leave bank adjustments.

9. **Longevity Accumulation:** Unused paid leave left over at the end of the school year shall be accumulated to each teacher's credit.

**B. Non-Compensated Leaves:**

1. **Military Leave:** Military leaves will be granted and re-employment will be governed by the provisions of the Universal Military Training Act.

2. **Medical Leave:** Leave of absence will be granted for incapacity when the following conditions are met.

a. Teachers are responsible to inform the School Administration of the health-connected reason for any absence as promptly as possible. A tenure teacher may, at any time prior to the expiration of the paid-for sick leave, request in writing extended leave of absence terminating at a specified date.

b. Should extension of a leave terminating at the end of the school year be required, a renewal application, along with the physician's certification, must be submitted before the close of school.

c. In the event a teacher, who is absent on leave which terminates at the end of a school year, recovers and is released by the attending physician so as to return to work before the expiration of the leave, then said teacher shall have to notify the Human Resources office in writing of this intention to return. Such application must be supported by a report from the attending physician certifying that the teacher is fully recovered and capable of performing the functions and duties of his/her position. This notice shall be given as much in advance of the teacher's intended return as possible.

d. Upon the effective date of the physician's release, the teacher shall immediately report for duty (Appendix A) or be promptly referred to the Board's selected physician for examination.

e. Teachers who do not report recovery when released by the attending physician for return to duty or who refuse to accept an available opening offered or who fail to request extension of leave, and do not report for duty upon such expiration, shall be subject to termination as an employee.

### 3. **Child Care Leave:**

- a. Leaves of absence may be granted for six (6) months to one (1) year.
  - b. The date of leaving shall be agreed upon by the employee and their principal or supervisor based upon the best interests of the school and the employee, provided they are able to fulfill all conditions of employment, with consideration given to the closeness of a vacation period, report card marking, or to the end of the semester. In the event agreement is not reached, the date of leaving will be determined by the Superintendent. The continuity of instruction and the personnel needs of a school as well as the health of the employee, are factors which will be considered in establishing the termination date.
  - c. An extension of a leave may be granted provided that the application for such extension is made before scheduled return to work from the child care leave. A written notification by the teacher of their intent to return to work shall be submitted to the Human Resources Department at least sixty (60) days prior to the expiration of the leave. Any combination of child care leave and extension of same cannot exceed two (2) years. An employee will not receive scheduled increases in salary or seniority credit during such leaves.
  - d. Return from child care leave prior to the termination of the leave may be approved. Refusal to accept an appointment they are offered, for which they are qualified, will result in termination of employment.
  - e. An employee adopting a child may receive a leave under this provision which shall commence upon entry of an order by the probate court awarding custody to the adopting party.
4. **Consent:** Leaves for periods of up to one year other than those provided for in the above sections may be granted when possible and shall be for a definite period with a specific termination date. Employees being granted such leaves shall be required to report for duty upon the termination thereof. Denial of consent leaves shall not be a matter for grievance procedure. Consent leaves are limited to five (5) at any given time.
5. **Career Change:** A teacher may be granted a leave of absence for up to a maximum of one (1) year for the purpose of exploring the possibility of making a "career change". Teaching in another public school system shall not be considered a career change unless the employment is out of state. Requests for career leaves shall be submitted prior to May 1st.
6. **Public Service:** A teacher shall be granted a "Public Service" leave when elected or appointed to a full-time public office. Such leaves shall be one (1) year or the length of term of office and may be renewed upon request.

### C. **Understanding Non-Comp:**

1. Non-compensable leaves and/or days off without pay shall adjust service credit on a day per day basis.
2. Any teacher who works at least sixty (60) school days during the preceding school year shall receive an incremental step on the salary schedule at the beginning of the following school year as described in Appendix II K.

#### **D. Compensated Leaves:**

    - 1). If, at 5:00 p.m. on the second Friday of each school year, the Human Resources office is in receipt of more requests for a given day than can be honored, a lottery will be held to prioritize the request for each "high demand" day. The first forty (40) 'eligible' requests shall be honored and all other requests shall be placed in standby order according to the draw. The Association President or designee shall be present to witness the lottery.
    - 2). Requests for other leave days or additional requests for "high demand" days shall be honored or placed in standby order according to date of receipt in the Human Resources Office.

  - b. In all cases of business leave, the request for approval must be for sound, pressing and unavoidable reason and may be subject to verification at the request of the School Administration, if deemed warranted by the teacher's previous attendance record. This may be used for necessary personal business which cannot be conducted on other than a school day, such as attendance at a meeting set for the closing on the purchase of a home. This day may be used for pressing and true emergency which compels the teacher's absence for reason beyond his/her control.
  - c. Business leave, in all cases except unforeseen emergency, requires at least two (2) days advance notice.
  - d. To avoid unanticipated loss of wages, it is advised that teachers consult with their immediate supervisor and their Association Representative regarding the leave prior to its use.
7. Requests for exceptions to the above policies shall be referred to the Human Resources Department whose determination shall be final and not subject to the grievance procedure.

**8. Jury Duty:**

- a. Personnel selected for jury duty are expected to serve unless disqualified, and will not be penalized in loss of pay, sick days, or other benefits for absences in such service provided a statement from the court, certifying the days of service, is filed with the Board.
  - b. The individual will remit to the Board the amount of salary compensation received for such duty from the court.
  - c. Teachers required by subpoena to appear in court on a matter directly related to district business shall be excused on paid School Business and not charged from their own accumulated paid leave time. Human Resources may require documentation to determine if the appearance is a bonafide district matter.
9. **Workers' Compensation:** Workers' Compensation shall be provided by law. This law requires that a person must use his/her own personal sick leave for the first 14 days and must contribute additional portions of sick leave to reach full compensation. The Board will pay to the teacher the difference between the amount paid to him/her by the Worker's Compensation Insurance and his/her regular salary, and will charge the employee's sick leave accumulation proportionately for a period equivalent (to the nearest half day) to the supplementary payment.

- D.** Members will each donate one (1) day of sick leave to the bank of the first day of each semester. However, if the sick leave bank is above 3,200 days at the beginning of any semester, donation by each member will not be made. This is considered the teacher's membership in the bank. If a member is in the thirty (30) working-day sick leave bank waiting period pursuant to Article XVI. F. or is in the sick bank when the day is taken, that member is covered for that illness or disability. If a member does not have a day to contribute, he/she will be out of the bank.
- E.** A person withdrawing from membership in the bank will not be able to withdraw the contributed days.
- F.** The first thirty (30) days of illness or disability will not be covered by the bank, but must be covered by the person's own accumulated sick leave or absence without pay.

  - 2. Members who do not have thirty (30) accumulated days of sick leave to use will be placed on unpaid medical leave until the thirty (30) day waiting period is completed. If during that unpaid medical leave status an Act of God occurs, it will be an unpaid day for the member and will count as part of the thirty (30) day waiting period.

- G.** A maximum of one hundred fifty-four (154) days for each incident shall be allowed. A person who is on lay-off or on a non-compensated leave of absence shall not be able to withdraw days from the sick bank except as specified in Article XV. H.

- J.** A medical report will accompany sick leave withdrawal forms, which will be made in duplicate, the original to be filed at the Human Resources Office in the personnel file of the applicant. A duplicate will be kept on file by the Sick Bank Committee at the Association Office. - N.** A teacher who qualifies to withdraw days from the sick bank shall establish his/her rate of compensation effective the date the disability commences.
- O.** Employment status, such as full-time, part-time, etc., is determined by the previous school year if the disability begins prior to the start of a school year.
- P.** An employee withdrawing days from the sick bank shall be entitled to increments but shall not be eligible to receive sick leave day accumulation or extra pay for co-curricular activities. If an employee meets all the requirements for salary track change as specified in Appendix II of this Agreement while withdrawing days from the sick bank, they shall be placed on the appropriate salary track immediately upon return to work. The teacher shall have one (1) day deducted from his/her sick leave balance for each month in which he/she is in the bank for the majority of the scheduled work days. In no case when a teacher exits the sick bank will the teacher be charged for days that have been used but not earned. Teachers in the bank at the beginning of a semester will be given their semester allotment, less the deducted days, upon their return to work.
- Q.** Sick leave bank cannot be used during layoff or other non-compensated leaves.
- R.** Elective surgery does not qualify for sick leave bank.
- S.** If a teacher exhausts the one hundred-fifty-four (154) day draw from the sick bank, that teacher is not eligible for the sick bank until he/she has worked one hundred eighty-four (184) school days.
- T.** When a teacher is drawing days from the sick bank and becomes additionally disabled and/or incapacitated by another sickness and/or illness, he/she shall not be required to wait an additional waiting period but shall be limited to the balance of the days remaining of the one hundred-fifty-four (154) days from the first disability or illness.
