THE SOUTHFIELD EDUCATION ASSOCIATION

AGREEMENT

PREAMBLE

This Agreement entered into this 2nd day of September, 1975 by and between the Board of Education of the City of Southfield, Michigan, hereinafter called the Board, and the Southfield Education Association, hereinafter called the Association,

WITNESSETH

WHEREAS, The Board and the Association recognize and declare that providing a quality education for the children of Southfield Public Schools is their mutual aim and that the character of such education depends predominately upon the quality and morale of the teaching service, and

WHEREAS, the members of the teaching profession are particularly qualified to assist in formulating objectives and programs designed to improve educational standards, and

WHEREAS, The Board and Association have a statutory obligation to bargain one with the other, as representatives of the public and members of the bargaining unit, with respect to hours, wages, terms and conditions of employment, and

WHEREAS, the parties, following extended and deliberate negotiations, have reached certain understandings which they desire to memorialize,

In consideration of the following mutual covenants, it is hereby agreed as follows:

ARTICLE I - RECOGNITION

The Board recognizes the Association as the sole and exclusive bargaining representative for all personnel in the bargaining unit described as follows:

All certified teaching personnel under contract or on leave including diagnosticians and social workers but excluding: Superintendent, Associate Superintendent, Assistant Superintendent, Administrative Assistants, Administrative Coordinators, Directors, Principals, Assistant Principals, House Supervisors and Administrative Interns.

The term teacher, when used hereinafter in this agreement, shall refer to all employees represented by the Association in the bargaining unit as defined above, and reference to male teachers shall include female teachers.

ARTICLE II - DEDUCTIONS FOR PROFESSIONAL DUES

A. Membership in the Association is not compulsory. Teachers have the right to join, not join, maintain, terminate their membership in the Association, or pay a fee as herein established.

B. The authorized deduction of dues or fees shall be made from a regular paycheck each month, for ten (10) months, beginning in September and ending in June of each year. The Board agrees to remit to the Association all monies so deducted, accompanied by a list of teachers from whom deductions have been made.

C. Each teacher of the bargaining unit having paid dues shall be entitled to vote upon and present items for the contract whether an active member or not.

D. Teachers in the bargaining unit shall, on or before the sixtieth (60th) day following: the beginning of the school year, beginning of their employment, or the execution of the collective bargaining Agreement whichever is later, as a condition of employment or of continued employment, either:

1. Become members of the Association, or
2. Pay to the Association an amount of money equal to the dues of the Association (including the National and Michigan Education Associations.)
3. Teachers hired during the school year shall be required as a condition of employment, to tender (through direct payment or deduction authorization) only a pro-rata amount of fees. Such pro raturum shall be based on a maximum of ten (10) months (school year) and/or the number of months remaining in the school year. (Within a month, it is the majority of days left that shall govern.)

4. Part-time or specially-certificated teachers in the bargaining unit shall be required to join the Association or pay a service fee thereto.

In the event that a teacher shall not pay such fees or dues to the Association or authorize payment through payroll deductions, the Board shall cause the termination of employment of such teacher.

E. In the event a teacher shall not pay the required amount as scheduled, the Board and the Association shall:

1. The Association shall notify the teacher of non-compliance therewith by certified mail, return receipt requested. Said notice shall detail the non-compliance and shall provide ten (10) days for compliance and shall further advise such teacher that a request for discharge may be filed with the Board in the event that compliance is not effected.
2. If the teacher fails to comply, the Association may file charges, in writing, with the Board and may request termination of the teacher's employment. A copy of the notice of non-compliance and proof of service shall be attached to said charges.
3. The Board, upon receipt of said charge and request for termination, shall conduct a hearing thereon. To the extent said teacher is protected by the provisions of the Michigan Tenure Act, all proceedings shall be in accordance with said Act. In the event of compliance at any time prior to discharge, charges may be withdrawn. The Association, in the processing of charges, agrees not to discriminate between or among various persons who may have refused to pay the fees.
4. Any teacher whose employment will be terminated because of his nonconformity to this section (Association Security) may be continued in normal function until the end of the semester. In case of an appeal by such teacher, termination shall not occur until such appeal has resulted in a final decision by an agency or court of competent jurisdiction.

F. If any court of competent jurisdiction or administrative agency holds that this "Association Security" clause is invalid, illegal or unconstitutional, or that it violates any Federal or State law, or that it is in conflict with any Federal or State law and/or regulations, or if the Legislature enacts a law forbidding the "agency shop" clause, or any part thereof (which this Article does not conform to or with,) this Article shall be null and void.

G. In the event the Board, acting on the request of the Association discharges or attempts to discharge an employee for failure to comply with these provisions, the Association shall assume all costs, provide attorneys, indemnify and save harmless the Board against any and all claims, demands, suits, expenses or other forms of liability, of whatsoever kind and nature that shall arise out of action taken by the Board for the purpose of complying with the provisions of this Agreement.

H. The Board agrees promptly to advise the Association of all additions, deletions, or change in status of members of the bargaining unit.

ARTICLE III - TEACHER AND ASSOCIATION RIGHTS AND RESPONSIBILITIES

A. Nothing contained herein shall be construed to deny or restrict to any teacher rights provided him under the Michigan General School Laws or other applicable laws and regulations. The rights granted to teachers hereunder shall be deemed to be in addition to those provided citizens of this State.

B. The parties recognize that not all terms and conditions of the employment relationship are specifically contained in this Agreement. The parties agree that certain forms of conduct are not herein contained. For the purpose of providing guidelines and adhering to them, the parties agree that teachers shall be judged by the code of ethics established by the education profession, as developed by the National Education Association. Administrators shall be judged by the code of ethics established by the national organization most nearly representative of their assignment (i. e. National Association of Secondary School Administrators) and the Board to be judged in accordance with the provisions of the Code of Ethical Procedures of the Michigan Association of School Boards.

C. The Association will repay in kind any materials used by its members in the conduct of Association business.

D. The Association and its members shall have the right to use school buildings and facilities at all reasonable hours for Association business subject to the existing or amended rules and regulations governing the use of school buildings and facilities.

E. Duly authorized representatives of the Association shall be permitted to transact official Association business on school property at all reasonable times, provided that this shall not interfere with or interrupt normal school operations.

Outside resource people or non-employees of either party are not to enter any building without first reporting to the office, unless they are participating in a meeting of which the administrator of that building has been previously informed.

In order to more effectively represent the teachers, the President and Association Representatives, shall not be assigned any non-instructional duties. Should a scheduling conflict prevent the implementation of this paragraph, the parties shall confer as to a solution. Any misuse of this released time by the building representatives, et. al. shall be brought to the attention of the Association President by the Administration for his study and appropriate action. Association Representatives in the buildings with less than ten (10) teachers shall not be released from non-instructional duties unless it can be done without placing a difficult burden on the rest of the staff. The Association agrees not to increase its representation ratio from the present level of one Association Representative for every twenty (20) teachers or major fraction thereof in each building during the life of this contract.

F. A minimum of ten (10) square feet of bulletin board in each building's faculty room shall be designated for Association use.

G. Teachers shall be permitted to wear insignia or pins of Association membership on school premises.

H. The Association shall be provided a mail box at the Southfield-Lathrup Senior High School. From this point, mail shall be picked up and distributed on a regular basis. All inter-school mail directed to the Executive Director shall be delivered and deposited therein, also. One copy of all general mailings and postings to teachers shall be deposited therein.

I. The Board agrees to send to each building sufficient copies of the Board minutes and the Superintendent's reports on the day of the Board meeting to equal the number of Association representatives in each building. These copies are for the use of the faculty and responsibility for distribution shall be the building administrator's. Should circumstances prevent these minutes and reports from being sent on time, a representative, to be designated by the Association, shall be notified by the Superintendent's office. A list of Association representatives shall be presented to each building administrator at the beginning of the school year. Subsequent changes shall be brought to his attention immediately.

J. The Board will continue its policy of non-discrimination against any teacher by reason of his race, creed, color, national origin, age, sex, marital status or membership in, or association with, the activities of any employee organization. Further, the Board will continue to recognize full citizenship rights of teachers..

K. Within the limits of professional behavior, the private life of any teacher is not an appropriate matter for the concern or attention of the Board as long as the teacher's effectiveness in his school duties is unimpaired.

L. The Association will continue to admit teachers to membership and will represent teachers without discrimination by reason of race, creed, color, national origin, age, sex, marital status. Further, the Association shall continue to recognize full citizenship rights of the members of the bargaining unit.

M. Teachers are expected to comply with reasonable rules, regulations, and directions from time to time, adopted by the Board or its representatives which are not inconsistent with accepted professional behavior necessary to carry out their duties and responsibilities, and are not in violation of the provisions of this Agreement.

N. The inter-school mail service and the teacher's school mail boxes shall be for the exclusive use of the Board and the Association, and all mail including inter-school mail shall not be removed from envelopes, but delivered intact to the recipient, provided that:

1. General communications shall be labeled or signed by the sending party.
2. General communications shall be made available immediately to the Superintendent and the principals of the buildings in which they are distributed.
3. Abuse of this privilege shall result in its withdrawal.

O. Professional teachers voluntarily attend many school and community functions. In order to maintain a high standard of educational opportunities, teachers recognize that it is part of their professional responsibility to engage in activities involving the expenditure of time beyond that of the normal working day without additional compensation.

P. The Board agrees to furnish to the Association in response to reasonable requests from time to time all regularly available information concerning the financial resources of the district, tentative budgetary requirements and allocations and such other information as will assist the Association in developing programs on behalf of the Teachers, together with all information necessary for the Association to process any grievance or complaint. After reasonable written request, the Board will have twenty (20) days to furnish the Association all materials not readily available.

Q. Teachers shall exercise reasonable care with respect to the safety of pupils and property and shall not be individually liable for any damage or loss to person or property except in cases of proven negligence and/or neglect of duty.

R. It is expected that each teacher shall fulfill the conditions of his contract.

S. The Board will discuss with the Association upon request its viewpoint on any new or modified fiscal, budgetary or tax program, construction program or revisions of educational policy prior to their adoption.

T. The Association shall select two (2) Teacher representatives to act as a liaison to the Curriculum Development Council.

There shall be at each building a Curriculum Council established by the building principal and Association representative. The purpose of the Council shall be to coordinate and implement building curriculum and provide communication between building faculty, administrators and teacher curriculum advisors.

U. When clerical personnel are on duty in the Library Services Department, at least one professional staff member shall be assigned responsibility for their work.

V. Major alterations in program design in any particular school shall be implemented only after consultation with the school staff to be affected.

W. The Board and the Association shall continue to jointly develop a plan to increase the number of minority group teachers employed by the Board.

ARTICLE IV - RIGHTS OF THE BOARD

Subject to the provisions of this Agreement and except as expressly provided otherwise by the terms of this Agreement, the Board and the Superintendent of Schools reserve and retain full rights, authority and discretion, in the proper discharge of their duties and responsibilities, to control, supervise, and manage the Southfield School District and its professional staff, to determine and administer educational policy, to operate the schools and to direct the professional staff, and otherwise retain all rights, authority and discretion which are vested in the Board or in the Superintendent under governing law, ordinances, rules and regulations as set forth in the Constitution and laws of the State of Michigan and of the United States.

B. Extension of Employment.

1. The following may, upon administration recommendation and Board approval, have their contracts extended up to two days following the closing of school at a prorated salary. Notification to personnel involved shall take place on or before the first of May:
 - a. Social Workers
 - b. Diagnosticians
 - c. Special Education classroom teachers
 - d. Department Chairmen
2. The following may, upon administrative recommendation and Board approval, have their contracts begin up to three days before the opening of school at a prorated salary:

 - d. Counselors
 - e. Department Chairmen
3. Provided the Board of Education is not in a deficit position, all secondary counselors shall have their contracts extended two days following the closing of school, at a prorated salary. The elementary counselors shall have their contracts extended one (1) day following the closing of school at a prorated salary provided the Board of Education is not in a deficit position. Notification to personnel involved shall take place on or before the first of May.
4. The Board agrees to give consideration to the extension of services for one Social Worker per week day at prorated salary for the duration of the period beginning at the end of each school year and ending upon the beginning of the subsequent school year. The scope of this program shall be jointly established between the Director of Special Services and the Social Workers involved.

C. The salary schedule is based upon a normal weekly duty load as hereinafter defined in Article VI and VII and in the Calendar.

D. All teachers newly employed shall be given up to four years' credit on the salary schedule set forth in Appendix A for all outside teaching experience in any school district in the State of Michigan and other teaching experience acceptable to the Board. Newly employed school Social Workers shall be given up to four years' credit on the salary schedule for experience as a Social Worker or teacher.

Teachers who return to the district will receive full credit for experience previously gained in the district. Credit up to two years will be given toward the maximum of four years service in the Peace Corps, Volunteers in Service to America, or military services.

Newly hired teachers must file their valid certificates and their official transcripts of credits with the personnel office by November 15.

Teachers hired after December first (1st) must file their valid certificates and their official transcripts within thirty (30) calendar days of the beginning of contractual employment. Failure to file the certificate and/or transcript will result in disciplinary action by the Board.

A teacher hired for the second semester shall be placed at the beginning level, or at his appropriate experience level.

At the beginning of the following school year such teacher shall advance one-half (1/2) step on the salary schedule. The salary for a half-year's experience shall be determined by dividing by two the sum of the two salaries listed for the two experience levels between which the half-year would fall. Teachers who are hired new to the district who have accumulated one-half year experience will also be credited on the salary schedule in the same manner.

E. A joint committee made up of four persons, two each from the administration and the Association will be continued for the purposes of recommending university credit courses to be conducted in the school district. Reimbursement for tuition shall be provided up to a maximum of eighteen thousand dollars (\$18,000) for the 1975-76 school year.

Prior to registration, the joint committee shall determine the amount of reimbursement to be received by each teacher who successfully completes these courses. The committee shall recommend programs and procedures for future university course reimbursement.

F. Compensation for employment occurring before or after the school year defined in Appendix C shall be paid at summer school rate. Such earnings shall be paid at the next regularly scheduled pay period following completion of the work and will not be allocated through the ordinary forty (40) week contract signed as a teacher.

G. Speech correction teachers shall begin teaching not earlier than two weeks after the opening of school, nor continue beyond two weeks prior to the close of school in June. The time thus made available shall be used for record keeping, screening of students, and similar professional activities.

H. Teachers required in the course of their work to drive personal automobiles from one school building to another or on other approved school business, which shall be subject to Board policy, shall receive a car mileage allowance of fifteen cents (15¢) per mile. Reimbursement shall be requested at least once every three (3) months, and shall cover a period no longer than three (3) months.

I. A teacher engaged during the school day in negotiating in behalf of the Association with any representative of the Board or participating in any professional grievance negotiation, when such meetings have been arranged by mutual consent, shall be released from regular duties without loss of salary.

J. Teachers who successfully complete hours of graduate credit from an accredited institution of higher education as published in "Accredited Institutions of Higher Education" by the American Council of Education, for the Federation of Regional Accrediting Commission of Higher Education, shall be placed on the higher and appropriate salary schedule upon verification as described in Section K. Any credits gained by virtue of successful completion of institutes and verified as graduate credit from such a college or university shall also apply to placement on the higher and appropriate salary schedule upon verification.

K. Salary adjustments into a higher salary scale for advanced training must be requested on the provided form and sent to the personnel office not later than November 15, in order to receive salary credit for the first semester, or April 15, for the second semester.

L. Teachers will be given the option of receiving their salaries on the 21 or 26 pay basis each year by virtue of declaration of choice on an appropriate form supplied by the Board. If the form is not returned, or no choice designated, the individual will be assigned on the 26 pay basis. If the 26 pay is selected checks will be mailed at two week intervals throughout the summer to the address designated by the employee. If the 12 month plan is selected, it will not be possible to withdraw accumulated monies in advance.

Personnel who terminate employment prior to the last day of school will have their pay re-computed on a daily rate basis from the first day of employment of the current school year to the date of termination of employment. The additional amount due will be included in the final check.

Under either plan, each day of absence without pay will be computed by dividing the contractual amount by 200 days, thus determining the amount of daily deduction.

To the extent possible, pay checks will be issued on the last school day prior to a school holiday during which a pay period shall occur.

Individual teachers may request and shall receive paychecks in sealed envelopes or folded in some manner to insure privacy.

M. Teachers working less than 1/2 time shall receive 1/2 increment of experience credit on the salary schedule and prorated fringe benefits accordingly. Those teachers working 1/2 time or more shall receive full increment of experience credit on the salary schedule and full fringe benefits. Part-time teachers' salaries shall be prorated in accordance with the amount of time such teachers are employed relative to the full-time teachers in their assigned buildings.

N. The librarians in any library not directly serviced by the Library Services Department shall be employed for one week before the opening of school for students in the fall at prorated pay.

O. Should administration approval be granted for the school library to remain open longer than five days prior to the closing of school, an additional day will be added to the term of the librarians' regular teacher contract for each day the library remains open beyond that date.

P. The Board will continue to provide special services personnel and work cooperatively with the staff toward reducing referral time. The Board will continue to make every reasonable effort to provide adequate special education facilities.

ARTICLE VI - TEACHING HOURS

A. The classroom teacher's normal duty hours in the school shall be as follows:

	SHS	SL-HS	Jr. HS	Elem.	Child Dev.
Teachers report for duty no later than: (a.m.)	7:30	8:00	8:05	8:30	8:30
Teachers shall leave school no earlier than: (p.m.)	3:10	3:40	3:30	3:45	4:30

B. In order to maintain an open channel of bilateral communication between the building administrators and the staff, teachers shall reserve after duty hours of the second and fourth Monday of each month for building faculty meetings. The Child Development Center teachers shall reserve second and fourth Fridays of each month for staff meetings. Agenda, frequency, duration, and place of such meetings shall be mutually set up by the building administration and the Association Representative.

Nothing herein shall require that a meeting be held. However, when meetings are arranged, attendance is required. (Exceptions due to illness, family jeopardy or required university course work not available at any other time during that term are illustrative of valid reasons for absence.)

C. Each elementary school building shall be allocated released time equivalent to two (2) days per teacher per year to be used for curriculum development work shops or inservice training. Such time shall be jointly arranged between the staff and principal of each building and submitted to the Assistant Superintendent in Charge of Curriculum for disposition.

Examples of appropriate usage follows:

1. An individual teacher working on a curriculum project.
2. A group of teachers from the same building working on a curriculum project or involved in in-service training.
3. Others deemed appropriate by the principal and building staff.

These days shall be for building in-service or usage only.

ARTICLE VII - TEACHING LOADS AND ASSIGNMENTS

A. In accordance with sound educational practices, it is recognized that teachers (with the exception of the Child Development Center) shall be given time during the school day when students are in attendance in order to prepare for classroom instruction. In a normal work week or the prorata part thereof, elementary teachers shall have a minimum of 180 minutes of preparation and conference time, two-thirds of which shall be in periods of not less than thirty (30) minutes. Secondary teachers shall have at least five (5) full unassigned preparation and conference periods per week.

B. Teachers shall not be asked to substitute for absent or tardy teachers except in the case of emergency. An emergency shall be defined as a period of time when a teacher is unable to be at his teaching station, and the administration or teacher has followed the agreed procedure to acquire a substitute. Insofar as practicable substitution shall be rotated. Those teachers asked to substitute shall be selected on the following basis.

- First:** Teachers or other certified personnel in the bargaining unit who are scheduled for duty during that period.
- Second:** Teachers or other certified personnel in the bargaining unit who are assigned to other than classroom teaching assignments.
- Third:** Teachers on preparation period, provided compensatory time be given for such preparation time used. Nothing herein contained shall indicate that such compensatory time is to be taken from the regular teaching assignment.

C. All secondary school teachers shall have a duty free uninterrupted lunch period of at least forty-five (45) minutes. These lunch periods shall not begin before 11:00 a.m., nor end later than 1:30 p.m. Exceptions due to modular scheduling or to other building variables which may affect the beginning and ending time of this lunch period shall be arranged satisfactorily between the building administrator and the Association Representative for that building prior to school opening.

All elementary school teachers shall have a duty free, uninterrupted lunch period totaling not less than 250 minutes per week. Exceptions shall be arranged between the building administrator and the Association Representative for emergency conditions or inclement weather. However, on no day shall these uninterrupted periods be less than thirty (30) minutes per day. Teachers may leave the building during the lunch period in accordance with the policy as developed by the building administrator and the Association Representative. Emergency provision for supervision of elementary children during lunch period shall be developed by the building administrator and Association Representative.

D. Since pupils are entitled to be taught by teachers who are working within their area of preparation, teachers shall not be assigned teaching duties outside of the scope of their teaching certificates or their major or minor fields of study. However, in the event that it is deemed necessary by the Board to assign teachers outside such fields of study, the Board shall consult with the Association and teachers prior to implementation of the decision.

E. All special subject teachers should meet with students in a class situation or on special duty assignment for the same period of time per week as prescribed for regular classroom teachers at each particular educational level.

Special Education students will be provided special subject classes or integrated into regular sections based upon the needs of the student(s) as arranged jointly by the staff and administration. Special subject teachers will be given tentative school assignments for each school year prior to the conclusion of the previous year. Scheduling of special subject classes shall provide adequate passing time between classes.

F. Classroom teachers will prepare all fourth Friday attendance sheets when necessary, except the final copy.

G. The parties recognize that students are entitled to be taught by fully qualified teachers while at the same time recognizing a professional responsibility to assist in the preparation of student teachers. Therefore, supervision by a teacher of a student teacher shall be voluntary. No teacher shall serve as a supervising teacher more than one-half his total teaching time each year. Should the college or university provide funds for this service, such funds shall be regarded as an honorarium and shall be distributed to those teachers involved with a particular student on a prorated share according to the time for which the supervising teachers were responsible.

H. Selection of instructors for Summer School shall be based upon academic qualifications within course content area and experience. In order to provide an equitable distribution of available Summer School teaching assignments and to provide a sound educational program, qualified teachers will be selected for employment with tenure teachers having priority over probationary teachers, according to the following:

1. Teachers applying who have taught Summer School in Southfield the preceding summer. (Limit two summers)
2. Teachers applying who have never taught Summer School in Southfield but who had applied the preceding year.
3. Teachers applying who have never taught Summer School in Southfield.
4. Teachers applying who have taught Summer School in Southfield but not the immediately preceding two summers.
5. Teachers applying who have taught the two preceding summers in Southfield.

If after following the above procedure positions remain unfilled, teaching personnel outside the system may be employed for that summer's assignments. Application must be filed in the Superintendent's

office on or before the fifteenth day of April in order that assignments can be made at the earliest possible date. Final approval by the School Board of the summer school staff shall be upon recommendation of the Superintendent. Notification of the teachers applying shall take place in writing on or before the first of May or as soon as necessary information is known.

I. The parties recognize that efficient staff utilization is a desirable goal. They recognize further that time spent traveling between schools adds to the direct cost of school operations. Therefore, to the degree practicable, teachers shall be assigned to as few buildings as possible. Also, to the extent possible, vocal music, physical education, art, and library teachers shall be moved for no less than half a day at a time. Instrumental music class scheduling shall reflect adequate time for traveling between buildings and for setting up and dismantling equipment between classes.

Each elementary school shall continue to provide balanced curriculum offerings. Special subject teachers shall continue to be provided in buildings where appropriate. When the staff and principal of a building agree to an alternative staffing program, special subject teachers shall be integrated into such a plan, or transferred at their option, and the balanced curriculum offering shall not be jeopardized.

J. As a book selection is a part of the librarian's (media center specialist) normal duty, time shall be provided for group meetings of librarians (media center specialists) during the regular duty hours for this purpose. However, such time shall not exceed five (5) hours per month, and every effort should be made to keep the instructional materials center open during this time.

K. It is recognized that elementary teachers may occasionally require emergency relief. When such relief is required, the building administration will be responsible for providing temporary supervision.

L. Conference Days: When conference days with parents are scheduled in elementary schools, the interview shall be during duty hours. Each parent who desires a conference with a particular teacher will be given the opportunity by the teacher to have such a meeting.

Each building principal and Association Representative will be allowed to develop a conference system including suggested dates and frequency that would reflect the needs and desires of the particular building. However, in no case shall the number of conferences held per day exceed reasonable limits. Under this system, each teacher will be provided a regular lunch hour. It is recognized by both parties to this agreement that the number of days of instruction must comply with the rules and regulations of the Department of Public Education, State of Michigan, and that conference periods must be arranged within those guidelines.

Conference days for the Child Development Center shall be arranged to provide for parent conferences and home visits as may be required by Federal Program Guidelines and as shall be mutually agreed to by the staff and administrator.

M. Kindergarten Teachers shall not be responsible for the initiation of records for students.

N. All teachers employed by the Board for a regular teaching assignment shall have a Bachelor's Degree from an accredited college or university and meet the present or amended Michigan Certificate Code requirements.

O. Teacher in-service programs shall be jointly planned by the Administration and the Association.

P. Every effort will be made to assign reading clinicians only in instructional and directly related non-instructional duties during normal school hours.

Q. The criteria for determining the order of employment of teachers in summer curriculum projects will be:

1. Those teachers who directly participated in the development of the project.
2. Teachers who will be involved in the immediate implementation of the project. In any single school or department, if a choice between individuals is necessary, the principal and the staff will make the decision.

R. At the direction of the Superintendent, principals and staff will jointly prepare non-instructional duty schedules and make assignments. Such assignments are to be rotated to the degree practicable. All non-instructional duties performed at lunch hour may be rotated at least weekly, as determined by teachers, principal and Association Representatives.

In those buildings where bus duty is necessary such duty shall be shared as nearly equally as practicable. The Board agrees to arrange bus schedules to provide that under normal operating conditions buses shall depart from schools within fifteen (15) minutes after school is dismissed.

Special subject teachers are expected to assume a fair share of extra duties as above defined.

Kindergarten and Child Development Center teachers shall be exempted from all non-instructional duties, other than those involving their own students. Special Education teachers who eat with their students will be exempt from noon hour duty.

S. All else being equal, assignments for the Adult Education, Driver Education, and Summer School programs will be made by the Board on the basis of preference to teachers possessing regular teaching certificates, regularly employed in the district during the

normal school year. No teacher shall be required to work a split shift or teach less than two hours in any Summer School program. A teacher shall not be prevented from accepting a teaching assignment which is one hour in duration if the course programming has been so designed.

T. An aide employed to provide instructional assistance for a teacher in the classroom shall do so only under conditions which allow that teacher to maintain supervision and control. Teachers shall not be responsible for the direct supervision of aides employed for non-instructional duties.

U. The equivalent of two one-half (1/2) days shall be available to each secondary school for the use of building in-services of the entire staff, as planned and arranged jointly by the staff and principal and submitted to the Assistant Superintendent in charge of Curriculum for disposition. Students shall not be in attendance during those times.

ARTICLE VIII - TEACHING CONDITIONS

A. The Board and the Association agree to the following maximum class loads:

1. Elementary (K - 6)

a. The maximum number of students per teacher in the kindergarten section shall not exceed 27.

b. Sufficient teachers shall be assigned to each elementary school to keep the maximum number of students in the lower elementary level (grades 1 - 3) to 28 per class section, and the maximum numbers of students in the upper elementary level (grades 4 - 6) to 29 per class section.

c. In the event a class section reaches the maximum the teacher, the principal, and the Association Representative shall meet to plan a means for reaching a solution. One of the following solutions shall be established:

1) Rescheduling students

2) Transfer of students

3) Other solutions as mutually agreed upon.

Such mutually agreed upon solution shall be implemented in the event the maximum is exceeded.

d. Should the number in any class section exceed the maximum by six additional students, then another class shall be formed.

c. The teachers involved have agreed to different sizes in order to better meet the needs of children, e.g. Reading Readiness groups in first grade.

d. At no time shall the class size exceed reasonable physical limits of the room or facilities (especially for small classes).

e. In schools or classes containing high concentrations of students with special learning problems, class size shall be reduced to a number which permits optimum learning opportunities for such pupils. The Building Curriculum Council shall develop, co-ordinate, and implement programs for them. These matters shall be communicated to the Assistant Superintendent in charge of Curriculum. If additional funds are necessary, a recommendation shall be made to the Administration for approval by the Board.

4. F. The Board and the Association pledge themselves to seek to extend the advantages of public education to every student without regard to race, creed, sex, color or national origin and to seek to achieve full equality of educational opportunity to all pupils.

G. Normal maintenance of facilities and equipment is the duty of each teacher as part of his employment. Conditions of severely inadequate ventilation and temperature levels in classrooms will be brought to the attention of the Administration for its disposition.

H. Each teacher will be issued, for personal use, a copy of all texts used in each of the courses of his assignment.

I. Each teacher shall be assigned for personal use, a locked facility and will also be assured work space when necessary.

chairmen in the building, and back up to his conference period if at all possible. This time should be arranged during the first two periods of the day.

Secretarial assistance shall be provided through the curriculum office.

D. In each junior high school there shall be appointed a teacher to coordinate industrial arts, home economics, music and art. This teacher shall be released from one period of non-instructional duties, the equivalent of one class period.

E. Each elementary special teacher's chairman (art, vocal music, physical education) shall be given at least one hundred eighty (180) minutes per work week for his duties to function in the coordination of his speciality.

ARTICLE X - VACANCIES AND PROMOTIONS

A. Once during the school year the Board agrees to post appropriate notices in connection with its screening program for positions of counselor and administrative interns, in the offices and faculty rooms in every school building for at least ten (10) days when school is in session.

B. When vacancies occur in positions of department chairmen, teacher curriculum advisor, or athletic director, notices of such vacancies shall be posted in all administrative offices and faculty rooms of each building for ten (10) days when school is in session before the position is filled. The administration will give due consideration to all applications so filed.

C. During the posting period vacancies under A and B above may be filled on a temporary basis.

D. Any qualified teacher may apply for the program or vacancies described in paragraphs A and B above and the Board agrees to give due consideration to all applications so filed.

E. Teachers who have applied and have been interviewed for positions other than classroom teaching shall be given continued consideration for unexpected openings during the subsequent school year and before a new screening program is completed. When such openings occur the building principal shall be informed by the personnel office of those persons from the previous screening so that he may include them in his considerations before making an appointment recommendation.

F. After April 1 any professional position within the bargaining unit which becomes vacant shall be filled on a temporary basis until the end of the school year. Such vacated positions shall be posted for a full ten (10) school days in administrative offices and faculty rooms of each building before a permanent assignment is made for the fol-

lowing school year. In the event positions become vacated at a time following ten (10) school days prior to the closing of school, all teachers requesting transfers shall be given the opportunity to apply.

G. All vacancies within the bargaining unit prior to April 1 shall be filled with appropriately certified individuals according to the following order:

1. Tenure teachers according to seniority on leave or laid off and who are qualified for the available position.
2. Non-tenure teachers according to seniority on leave or laid off who desire to be recalled and are qualified for the available position.

ARTICLE XI - TRANSFERS

A. The parties agree that involuntary transfers are to be minimized.

B. In the event that involuntary transfers of teachers are necessary, lists of available positions in other schools shall be posted in the same manner as provided in Article X.

C. Every effort will be made to avoid reassigning probationary elementary school teachers to different grade levels or schools unless the teacher requests such a change. Whenever such change is contemplated, the Association will be consulted.

D. Any teacher who shall be transferred to a supervisory or executive position and shall later be returned to a teacher status, shall be entitled to such rights as he may have had under this agreement prior to such transfer to supervisory or executive status.

E. A teacher may request a voluntary transfer at anytime. Transfers shall be subject to administrative approval. Persons requesting transfers for the following school year or those to be assigned to a different grade level or subject area shall be so notified as to such disposition as soon as the decision is made. Both parties agree that teachers should be notified prior to the end of the school year, if the decision is made by that time.

F. When a reduction in the number of teachers in a particular school is necessary, Section C shall not prevail. To the extent possible, all volunteers shall first be transferred. Based on the need within the area of specialization, transfers will be made on the basis of years of service in the district. When, however, years of service in the district are equal, years of service in the building shall be the basis for determining transfers, those lowest in the time of service being transferred first. Notice of transfer will be given to the teachers concerned as soon as practicable.

ARTICLE XII - STAFF REDUCTIONS

A. In the event it becomes necessary to reduce the number of teachers due to program elimination or reduction, or to reduce the number of teachers in a given subject area, field or program or eliminate or consolidate position(s), the Board shall follow the procedure listed below:

1. Teachers not holding a regular Michigan Provisional or Continuing certificate will be laid off first, provided there are fully qualified, fully certified teachers to replace and perform all of the needed duties of the laid off teachers.
2. If reduction is still necessary, then probationary teachers with the least number of years of teaching in the Southfield Public School System will be laid off first, provided there are remaining fully qualified fully certificated teachers to replace and perform all of the needed duties of the laid off teachers.
3. If further reduction is still necessary, then tenure teachers with the least number of years of teaching experience in the Southfield Public Schools System will be laid off first, provided there are fully qualified, fully certificated teachers to replace and perform all the needed duties of the laid off teachers.

B. Prior to any reduction of Tenure Teachers the Board shall demonstrate to the Association that such reduction of staff is necessary due to an anticipated substantial decrease in revenue and/or students enrolled. The number of teachers to be reduced shall be determined by the projected reduction in revenue and/or enrollment.

Lay-off of probationary and tenure teachers shall be determined according to seniority in the district.

Seniority in the district shall be based upon:

1. The effective date of employment.
2. The date of Board approval of employment.
3. The date of the letter of intent.

Part-time employment shall not interrupt years of service. Sabbatical and military leaves shall not be considered as interruption of years of service. Seniority for all other approved leaves shall be computed from the first day of employment minus the time of such leaves. Seniority for teachers re-employed by the district shall be determined by the date of such re-employment, not original employment.

C. Those teachers to be recalled, shall be notified of recall within fifteen (15) calendar days of final determination of actual revenue to be received by the district.

D. Teachers shall be recalled by seniority to the first vacancy for which they are certified and qualified. Qualified shall be defined as major or minor. Also, teachers recalled to senior high school positions must meet North Central requirements for that position within one year.

E. Vacancies created by staff reduction shall be posted. Voluntary transfer requests shall be processed as provided in Article XI of this agreement.

F. The parties agree a teacher's eligibility for recall shall terminate if he:

1. Accepts permanent employment within the public or private sector that is comparable or similar.
2. Resigns his employment.
3. Fails to respond to his recall notice within five (5) days of his receipt of such notice by registered mail, and/or fails to report to the teaching assignment to which he is recalled. The Board will not be responsible for incorrect addresses or non-receipt of recall notices.

G. No new teachers will be hired by the Board until all laid off teachers eligible under the provisions of this Article for that position have been recalled or decline the opening.

H. A laid off teacher may, if he elects to do so, continue his insurance coverage set forth in Article XV as permitted by the carrier and upon prepayment of premiums by the teacher.

I. Notification of any reduction in staff for a given school year must be made not less than sixty (60) calendar days prior to the last day of school in the previous regular school year.

Under no conditions shall a teacher be laid off during any school year without receiving prior notice within the limits described above. The effective date for staff reductions shall be the last day of the school year.

J. All teachers laid off pursuant to a necessary reduction in staff shall be placed at the head of the substitute list of the District, provided that a written request for such placement is made by the affected teacher.

K. Before official action on a reduction of teachers is taken by the Board, it will give notice in writing to the Association of the contemplated reduction and afford the Association the opportunity to consult with the Board or its administrative representatives and to make recommendations concerning the magnitude of the reduction.

L. In the event that factors not provided for within this Article need clarification, the Board and Association shall jointly meet to review further criteria to determine status.

ARTICLE XIII - LEAVE DAYS

A. Each teacher shall be entitled up to thirteen (13) days of leave without loss of pay annually accumulated at the rate of 1.5 days for each month. The thirteen (13) leave days for the school year involved will be advance credited on the opening day of each new school year.

In each school year two of these days may be taken as personal leave days, without loss of pay and without explanation. However, these two days may not be taken on the opening or closing days of school, nor days immediately preceding or following legal or religious holidays.

Some illustrative examples of legitimate reasons for granting such leave days are:

1. Personal illness, physical disability and/or emergency medical procedures.
2. Illness in the immediate family, which shall be interpreted as father, mother, husband, wife, child, sister, brother, mother-in-law, father-in-law, or any human dependent of the immediate household residence.
3. Observance of religious holidays and holy days.
4. Attendance at a ceremony awarding a degree to the teacher for such portion of the day as is necessary.
5. One day, except when travel requires additional time, for attendance at the school graduation of a son, daughter, husband, or wife.
6. Time necessary for the conduct of personal affairs which cannot normally be handled outside school hours, such as performance of religious obligations, court appearances, and medical and dental appointments when such appointments cannot be made at any other time.

7. Required appearance for income tax hearing.
8. Closing of a home mortgage.
9. Taking time off to get married.
10. Reasons deemed appropriate by the immediate supervisor and the Superintendent who may be advised by the Association.

B. Illustrative examples of absences not considered legitimate under this policy are:

1. Taking a trip, either for personal reasons or to accompany a spouse on a business trip.
2. Visiting or entertaining relatives or friends.

C. Unused leave days will be cumulative to 213 days. A statement of accumulated leave days will be issued at least quarterly.

D. Absence due to injury or illness incurred in the course of the teacher's employment by the district, shall not be charged against the teacher's leave days, except for that portion of his salary not covered by Workmen's Compensation.

E. The Sick Leave Bank shall be maintained. Each teacher upon initial employment shall deposit one leave day from his individual leave bank. Each year the Board shall deposit in the Sick Leave Bank, to the extent available, a sufficient number of unused leave days of teachers who terminate their employment with the school district in order to maintain a level equal to one day for each employee in the bargaining unit. Withdrawals may be made from the bank upon written application to the Leave Day Committee by a teacher who had exhausted his own leave days or under other provisions stated in this contract.

The Leave Day Committee shall be composed of two members of the administrative staff and two members of the Association and shall meet no less frequently than monthly. The Committee shall be empowered to approve or disapprove all such applications and determine the number of days allowable if approved. The teacher receiving such an allowance from the bank shall not be expected to repay the days so provided.

F. Additional leave without loss of pay not chargeable against the teacher's leave day allowance shall be granted for the following reasons:

1. Education Conference Attendance: Attendance is an integral part of the Board's plan for in-service growth of personnel. All staff members will be considered for conference attendance.
2. Court Appearance: Court appearance as a witness in any case connected with the teacher's employment, the school, or whenever the teacher is subpoenaed to attend such proceedings.
3. Leave for Death in the Family: A maximum of five (5) days leave, which will not be cumulative, shall be allowed for death in the immediate family, which shall be interpreted as father, mother, husband, wife, child, sister, brother, mother-in-law, father-in-law or dependent of the immediate household residence. Such leave will be subject to the approval of the superintendent, who may be advised by the Association.
4. Leave for Death of Relative or Friend: Upon permission of the superintendent one (1) day will be allowed when requested, for the death of a relative outside the immediate family or for other persons where the closeness of relationship warrants. An additional two (2) days may be allowed, but will be deducted from leave credit. If no leave day credit is available, there will be a full deduction of these two (2) days from the teacher's pay.

G. A teacher who is exposed on the job and is subsequently absent from work because of mumps, scarlet fever, measles or chicken pox shall have days charged against leave days restored from the sick bank upon the presentation of evidence of on-the-job exposure to the Leave Day Committee.

H. Teachers who abuse the privilege of leave without loss of pay shall be subject to appropriate discipline by the Board which may be advised by the Leave Day Committee.

I. A teaching contract assumes full service except for necessary absences as covered under this Article. Therefore, personal leave without remuneration is granted only for reasons in Section A of this Article.

J. If the building principal and the Association Representative agree that there is an abuse of sick leave with regard to a particular teacher and have advised the teacher of such an agreement, such teacher shall be asked to provide a doctor's statement for subsequent absence due to illness.

K. Teacher absence from school is to be reported by the teacher involved to an agent of the Board of Education to be designated from time to time. Teachers shall notify the Board of Education's agent at least one hour prior to the check-in time of the day that they are to be absent, or the day before, when possible. Failure to do so may require a day's salary to be withheld at the direction of the building principal and/or the Superintendent of Schools. The above procedure is to be adhered to as closely as possible. If the length of expected absence is known, the matter should be made clear to the Board of Education's agent.

ARTICLE XIV - LEAVES OF ABSENCE

A. Sabbatical Leave: Leave may be granted to teachers of the professional staff of the Southfield School District upon the recommendation of the Superintendent of Schools, who may be advised by the Association, and finally upon approval of the Board, when in their considered judgment the professional competence of the staff member and general welfare of the public schools will be benefited.

1. Any teacher who has served continuously in the Southfield Public Schools for a period of at least seven (7) years and has a teacher's permanent or life certificate, may be granted a sabbatical leave of absence, not to exceed one (1) year for the following purposes:
 - a. Approved study
 - b. Approved educational travel
 - c. Other activities approved by the Board
2. Any teacher on sabbatical leave shall receive a salary equal to one-half of the contractual amount he would have received had he remained. Such salary will be paid on the regular pay periods during the leave. He shall also receive insurance benefits as if he were not on leave.
3. Notice of intent to apply for leave of absence shall be made on or before March 15th of the school year previous to the school year for which leave of absence is requested. Request for such leave must be made on or before April 15.

The total number of teachers on sabbatical leave in any one year shall not exceed two per cent (2%) of the contractual staff. Disposition of the request for leave shall be communicated not later than May 15.

4. Before beginning the sabbatical leave, the teacher shall enter into contract to return to active service in the Southfield Public Schools for a period of at least one (1) year after the expiration of such leave. A teacher who does not fulfill this agreement shall repay to the Board within two (2) years the amount received by him during the sabbatical leave. This rule does not apply in cases where the person becomes incapacitated, or in cases wherein the rule is waived by the Board.

If the application of a qualified teacher, for sabbatical leave in one year is denied due to an excess of two per cent (2%) provided in 3 above, he shall have his application considered first in the succeeding year should he reapply and be eligible.

5. Teachers on sabbatical leave shall be allowed credit toward retirement for the time spent on such leave in accordance with rules and regulations established by Board of Control of Public school employee's retirement funds.
6. A teacher upon return from a sabbatical leave shall be restored to his teaching position, or to a position of like nature and status. Increments shall be added as if the teacher had been teaching in the school district during the time of sabbatical leave. Said teacher shall be entitled to participate in any other benefits that may be provided by rules and regulations of the Board made pursuant to law.
7. To protect the Board against the teacher's failure to return to his teaching position provided he is physically and mentally capable, the teacher shall execute a non-interest bearing note in the amount of the salary payable while on leave. This note shall be paid off by one of two methods.
 - a. The face amount of the note shall diminish by an amount equal to one-tenth ($1/10$) of the original face amount for each eighteen (18) days of service rendered.
 - b. The note shall, upon failure of the teacher to return to the system to teach, be payable in twenty (20) installments, beginning with October 1st of the year the teacher should have returned and continuing for the next twenty-two (22) months, excluding the intervening July and August. During such payments there shall be added to each payment an amount to cover interest so that the effective rate of interest the Board receives will be four (4) per cent on the unpaid balance, effective January 1st of the year the sabbatical was actually used.

The teacher shall, after notifying the Board that he will not return, have the option of paying the note in full with no interest prior to September 1st of the school year he would have assumed his normal teaching station.

8. During the sabbatical leave the teacher shall not be allowed to hold any full-time paid teaching position. However, this section shall not be construed to deny any teacher the right to fellowships, scholarships, grants-in-aid, or other scholastic stipends.

B. Leave of absence without pay may be granted for any of the following reasons:

1. Health/Maternity Leave: Subject to the right of the Board to terminate a teacher for just cause in those instances where a teacher's health warrants it, a health leave shall, after one (1) year of service be granted up to a maximum of one (1) year plus an unfinished year, at the end of which leave, the teacher must either return or resign, unless a special extension is recommended by the superintendent. When the teacher's health permits his return, he shall so request the superintendent in writing and submit a statement from a physician certifying the teacher's fitness to return.
2. Adoption Leave: A female teacher who is on tenure and is adopting a child, may be granted a leave which shall commence upon entry of an order terminating the rights of the natural parents by the probate court. A teacher returning from leave provided in this paragraph shall be placed on that step of the salary schedule from which she went on leave. The leave shall be granted for a period of one (1) year, and may be renewed for an additional year.
3. Military Leave: Any teacher covered by the salary schedule who leaves the school district to perform active service in the Armed Forces of the United States, is entitled to re-employment rights in the position he is vacating, or one of like status and pay scale, provided:
 - a. The position vacated is other than temporary.
 - b. He is honorably discharged from the Armed Forces.
 - c. He is still qualified and competent to perform the duties of such teaching position.
 - d. He applies for re-employment within ninety (90) days after discharge, or if hospitalized, when discharged as a consequence of his active service in the Armed Forces, within one (1) year after such discharge.

In the event of re-employment, the following provisions shall apply:

- a. Accrual of seniority shall be granted.
- b. Increments shall be added as if the teacher had been in the school district's employ during the time of such active service in the Armed Forces.
- c. In the case of a certified teacher, his status under contract shall be the same as when employment was terminated at the time military leave was granted.

Further, all provisions of this policy shall be in accordance with state and federal laws governing military leaves of absence.

4. Paternity Leave: Upon recommendation of the Superintendent and verification of the pregnancy with a physician's statement a paternity leave may be granted to a tenure teacher. At the option of the teacher, this leave may begin anytime during pregnancy or immediately after, and extend for a period of one year and may be extended for one more year, upon the request of the teacher and approval of the Board of Education.

C. Leaves of absence without pay granted for the following reasons shall be given credit on the salary schedule as though the teacher had taught in the system during that period: exchange teaching; Overseas Dependent Schools; Peace Corps; Volunteers in Service to America.

These leaves may be granted for a maximum of one (1) year. The leave may be extended for one (1) additional year, upon receipt of a written request from the teacher, recommendation of the superintendent and approval of the Board.

D. Leaves of absence may be granted without pay for the following reasons without gaining credit on the salary schedule: serving in professional organizations (SEA, MEA, NEA); approved work experience in business, industry and/or government; campaigning or serving in public office; educational research, study or travel.

These leaves may be granted for a maximum of one (1) year. The leaves may be extended for one (1) additional year, upon receipt of written request from the teacher, recommendation of the superintendent and approval of the Board.

E. Return from Leave: Upon return of the teacher from leave, all benefits accrued before leave will be restored. Sixty (60) days prior to expiration of the leave, the teacher will notify the Superintendent in writing of his intentions. Failure to do so shall be considered as

resigning from service in the district, and may prevent reinstatement. The Superintendent, upon notification, will take the necessary steps to complete the termination of leave. A teacher, upon return from leave, shall be restored to a position for which he is qualified.

F. Any teacher who while on leave of absence takes employment as a teacher in another district or in any other way violates the terms of his leave shall be deemed to have terminated his relationship with the Southfield Public Schools and there shall be no further obligation upon the Board.

ARTICLE XV - INSURANCE PROTECTION

A. The Board agrees to furnish to all teachers the following insurance protection:

1. Life Insurance: The Board shall select the insurance carrier and support the full cost for the teachers of twenty-five thousand dollars (\$25,000) group term life insurance during the 1975-76 school year. Such program shall pay to the teacher's designated beneficiary the sum of twenty-five thousand dollars (\$25,000) upon death with provisions for double indemnity in the event of accidental death.
2. Health Insurance: The Board agrees to provide semi-private hospitalization coverage for each teacher (and dependents) who is not otherwise covered, and agrees to pay the premium for Michigan Education Special Services Association Super Med II (exclusive of optional benefits - Loss of Time benefits, additional Life Insurance, Dependent Life Insurance, and Long Term Disability.) At the teacher's option, a Michigan Hospital Service Plan (Blue Cross - Blue Shield Comprehensive Hospital, semi-private only, with Riders XF, SA, MVF-2, Riders ML, SD, Blue Cross - Blue Shield Master Medical Riders MM-M, and MM-DED) may be selected instead.
3. Dental Insurance: The Board shall continue to provide Plan D (60% co-payment) Class I and Class II, MESSA/DCI Dental Service Plan to May 31, 1976.

The Board shall provide Plan E (80% co-payment) Class I and Class II, and Orthodontic rider 0-7, MESSA/DCI Dental Service Plan, including internal and external coordination of benefits effective, June 1, 1976.

B. The Board shall provide information about insurance benefits at the time of initial employment, and/or upon teacher request and shall enroll the person in the program of his choice.

C. Teachers not wishing health insurance through the school shall be allowed to apply twenty dollars (\$20.00) per month, at the expense of the Board, toward any of the MESSA options or MEA sponsored auto insurance. If husband and wife are both teachers in the system, one will be eligible for full family health insurance and the other, this option.

D. The completion of a full contract year shall entitle a teacher to twelve (12) months of insurance benefit coverage. In the event of termination of employment following the school year, the teacher shall be entitled to one summer month coverage, at Board expense for each semester, or major fraction thereof, completed during that school year. If a teacher is laid off, insurance benefits shall continue to remain in effect to the maximum extent possible, through the under-writing company, at the employee's expense after the period of coverage to be provided at the Board's expense, as above described.

E. Teachers on Leave of Absence may continue under group coverage for twelve (12) months. During such time the teacher shall be responsible for submitting premium payments directly to the Board.

F. Subject to the terms of the contracts with the respective insurance carriers, it is the intent of the parties that insurance benefits provided in Article XV, shall commence on the first compensable working day for teachers and the coverage shall remain in effect continuously for the duration of this agreement and in accordance with Section D above. Teachers on sabbatical leave will be covered as provided for in Article XIV, Section A-2 of this agreement. There will be no coverage for teachers on any other type of leave.

G. There shall be no duplication of health insurance. The teacher must notify the personnel office of any personal coverage or coverage from spouse's insurance plan. If the teacher is covered by any other health insurance, the Board's obligations under this provision shall be waived.

H. It is agreed that teachers shall not knowingly cause the Board to provide health insurance coverage that is duplication of such coverage already held by the individual teacher. The Association shall encourage teachers to voluntarily abide by this policy and shall assist the Board in its enforcement.

I. The terms of any contract or policy issued by an insurance company hereunder shall be controlling as to all matters including but not limited to benefits, eligibility and termination of coverage.

J. The Board, by payment of the premium payments required to provide the coverage shall be relieved from all liability with respect to the benefits provided by the insurance coverages as above described. The failure of an insurance company to provide any of the benefits for any reason, shall not result in any liability to the Board or the

Association, nor shall such failure be considered a breach by either of them of any obligation.

K. The benefits stated above shall be by way of a fringe benefit with no provision for reimbursement for those employed who do not qualify or do not select such benefits, except as provided by C above.

ARTICLE XVI - TEACHER EVALUATION

A. All evaluation or observation of the work performance of a teacher shall be conducted openly and with full knowledge of the teacher.

B. By mutual appointment, every teacher, accompanied at his request by a representative of the Association, shall have the opportunity to review the following documents in his official personnel folder, located in the Personnel Office, in the presence of an administrator:

1. Any document prepared by the teacher himself.
2. College transcripts.
3. Any progress evaluation forms prepared by the principal or supervisor.
4. Other miscellaneous documents which in the opinion of the administration are not privileged or confidential.

C. A teacher shall at all times upon his request be entitled to the presence of a representative of the Association when he is being reprimanded or disciplined for any delinquency in professional performance. When a request for the presence of an Association representative is made by the teacher or administrator, no action shall be taken with respect to the teacher until such representative of the Association is present. Such representation must be provided within two (2) school days.

D. The Board reserves all its rights under the statutes and laws of the State of Michigan including the Michigan Teacher Tenure Act, to discipline, demote, reprimand in writing, and discharge employees for reasonable and just cause. Any discipline, demotion, written reprimand, or discharge, including reduction in rank, compensation, or other status for disciplinary purposes shall be subject to the professional grievance procedure hereinafter set forth in Article XIX, unless rescinded by the Board, any statement and notice given to a probationary teacher, pursuant to the Michigan Tenure of Teachers Act, shall be fully effective for the purposes of such Act, whether or not a grievance is instituted pursuant to this paragraph.

E. Probationary teachers shall be observed at least twice during the school year, by November 1 and March 1 of each probationary year. Probationary teachers who begin their employment after the regular opening of the school year shall have the above schedule adjusted to provide two observations during each probationary year.

F. At least two observations shall be conducted by both the probationary teacher's appropriate supervisor and the Tenure Committee. Each observation shall be made in person for a minimum of at least forty consecutive minutes beginning at the start of the class period. More and longer uninterrupted observations are encouraged.

G. The teacher, administrator and observer, if other than the administrator, shall confer following each observation, such conference to be scheduled to occur within a reasonable time following the observation. The purpose of such a conference is to aid the probationer through critique, suggestions and discussion.

H. No later than March 25th of each probationary year, a written evaluation report shall be furnished to the superintendent, covering each probationary teacher. This report will contain the principal's recommendation regarding employment for the ensuing school year. This report shall be signed by the probationer, signifying his awareness of content. If the report contains information not previously made known to and discussed with, the probationary teacher, the administrator and Tenure Committee shall discuss such information prior to submitting the report to the superintendent. The principal's recommendation shall be accompanied by the building Tenure Committee's recommendation if available. A copy of each report shall be given to the probationary teacher. In the event a probationary teacher is not to be continued in employment, the Board shall so advise the teacher in writing in accordance with the Michigan Tenure Law.

I. The probationary period for teachers new to Southfield staff and who are entering their first teaching post, is two (2) years. A third year of probation may be required by the Board at the recommendation by the building principal. Under the Michigan Tenure Law, teachers who have completed in a satisfactory manner, their probationary period in another school district in Michigan will after one (1) year of probationary service in the Southfield Schools be eligible for continuing tenure.

J. Probationary teachers may be discharged upon recommendation of the Superintendent and approval of the Board. The statutory written statement and notice will be delivered to the teacher not less than sixty (60) calendar days prior to the effective date of the school year. A teacher may prior to the effective date of discharge, request an interview with the superintendent to review the reason for discharge. The statement and notice delivered to the teacher shall be fully effective whether or not an interview is requested or takes place.

K. The Board in recognition of the merits and values of the Advisory Tenure Committee and Tenure Coach system will support a program of such committees and coaches selected by the building faculty and approved by the administration to assist in the evaluation of probationary teachers. It is agreed by the parties that Appendix D will be adhered to.

ARTICLE XVII - PROTECTION OF TEACHERS

A. The Board continues to recognize its responsibility to give all reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom. Whenever it appears that a pupil requires the attention of Special Services, social workers, law enforcement personnel, physicians, or other professional persons, the Board will continue to take reasonable steps to support the teacher with respect to such pupil.

B. Subject to the policy and procedures developed and published by the building principal and faculty, a teacher may exclude a pupil from one class when the grossness of the offense, the persistence of the misbehavior or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable. In such cases the teacher will furnish to the principal full written particulars of the incident, as defined above, as promptly as his teaching obligations will allow, but no later than the end of the following school day. The principal, at the request of the teacher, will communicate his disposition of the problem or indicate his intent to act on the matter, in writing, before the end of the following school day, following receipt of the written report of the teacher.

C. Suspension of students from school may be imposed only by a principal or his designated representative. School authorities will endeavor to achieve correction of student misbehavior through counseling and interviews with the child and parent when warranted. Transfer of the student to another teacher will be discussed with the teachers involved, or other measures short of suspension will first be exhausted. In the development of pupil placement assignments, consideration will be given for pupils who are being serviced by the school social worker. Efforts will be made to divide these pupils as equitably as possible among classroom teachers. All available resources of the school will be taken into account.

D. Complaints by a parent directed toward a teacher shall be called to the teacher's attention if a permanent record is to be made of such a complaint.

E. If any teacher has a complaint against him lodged with the police department, or issued as a result of any action taken by the teacher while in the performance of his regularly assigned duties and performing properly, lawfully and in accordance with written Board policy and written administrative regulations, the Board shall refer the matter to its insurance carrier with the request that all necessary assistance be rendered to the teacher in his defense.

F. Time lost by a teacher in connection with a complaint or suit, as mentioned in this Article, shall not be charged against the teacher, should the teacher be found innocent or the charge dismissed.

G. Should a teacher incur injury or damage to himself or his personal property as a result of an accident suffered in the course of his employment, the Board shall refer the claim to its insurance carrier for appropriate disposition.

If the disposition results in a claim being paid by the Board's Insurance Carrier, any deductible required will be paid by the Board.

Such protection shall also apply to loss of personal property as long as:

1. Prior notice and written approval of the principal has been obtained for the use of said property in the building.
2. Loss is the result of forced entry into the area where the property was locked up and/or stored.

H. Teachers authorized to participate in school activities before or after school hours shall be regarded as extensions of employment for purposes of insurance coverage.

ARTICLE XVIII - NEGOTIATION PROCEDURES

A. It is contemplated that matters not specifically covered by this agreement but of common concern to the parties, shall be, upon consent of both parties, subject to professional negotiations between them from time to time during the period of this agreement.

The parties will undertake to cooperate in arranging meetings, selecting representatives for such discussions, furnishing necessary information and otherwise constructively considering and resolving any such matters.

B. At least sixty (60) days, and not more than ninety (90) days before the close of school prior to the expiration of this Agreement, the parties will likewise begin negotiations for a new agreement covering wages, hours, terms and conditions of employment of teachers employed by the Board.

C. In any negotiations described in this Article neither party shall have any control over the selection of the negotiations or bargaining representatives of the other party, and each party may select its representatives from within or outside the school district.

D. The Board shall neither subcontract nor assign instructional duties which are normally assigned to teachers, to individuals outside the bargaining unit, unless specific, mutual, written agreement is made between the Association and Board.

ARTICLE XIX - PROFESSIONAL GRIEVANCES

A. A grievance is a complaint lodged by a teacher in the bargaining unit or by the Association concerning any:

1. Alleged violation, misinterpretation or misapplication of this Agreement.
2. Disciplinary action or dismissal.

B. All grievances shall be handled by the following procedures:

Step 1 - The teacher shall within five (5) days of the alleged occurrence, discuss the grievance informally. A teacher not satisfied with the results of the personal conference with his supervisor may take his grievance to the Association representative for consultation. The Association, upon consideration, will determine whether or not to represent the teacher. If the Association decides to represent the individual, the Association representatives may visit the supervisor within fifteen (15) days of the alleged violation in a further effort to resolve the grievance.

Step 2 - If the grievance is not resolved at Step 1, it shall be reduced to writing, clearly stating the claim basis for the grievance and shall be signed by the teacher and presented to the supervisor in duplicate by the Association representative within ten (10) school days after the original informal conference under Step 1 of this procedure. The written grievance may be presented to and discussed with the supervisor by not more than two representatives of the Association accompanied by the teacher at the discretion of the Association. Within five (5) school days after receiving the written grievance, the supervisor shall communicate his decision in writing together with the supporting reasons, to the Association representative.

Step 3 - Within five (5) school days after delivery of the supervisor's decision, the grievance may be appealed to the Superintendent by the Association. The appeal shall be in writing and shall set forth specifically the act or condition and the grounds on which the grievance is based and shall be accompanied by copies of previous decisions. Within five (5) school days after delivery of the appeal, the Superintendent shall investigate the grievance and shall communicate his decision in writing, together with the supporting reasons to the Association, and to the supervisor. As part of his investigation, the Superintendent may give an opportunity to be heard to the aggrieved teacher and also to the Association.

At the time of his written response the Superintendent shall have the option of allowing appeal to be lodged directly to Step 5. In any event, the Superintendent shall indicate in his written response the appropriate step for appeal, should the Association or teacher elect to appeal.

Step 4 - Within five (5) school days after delivery of the Superintendent's decision, the grievance may be appealed to the Board of Education by the Association. The appeal shall be in writing and shall set forth specifically the act or condition and the grounds on which the grievance is based and shall be accompanied by copies of the previous decision.

Within ten (10) school days after delivery of the appeal the Board shall give the Association an opportunity to be heard. The Board shall render its decision in writing, together with the supporting reasons, within fifteen (15) days after the delivery of the appeal.

Step 5 - If the grievance remains unresolved at the conclusion of the previous step it may be submitted to binding arbitration at the request of the Association, provided written notice of the request for submission to arbitration is delivered to the Superintendent within twenty (20) school days after the date of the response of the Superintendent or Board at the previous step.

Following the written notice of request for submission to arbitration the Association and a committee of the Board shall attempt to select an arbitrator. If mutual agreement on the selection of an arbitrator cannot be reached within fifteen (15) school days after the date of request for submission, the arbitrator shall be selected according to the rules of the American Arbitration Association. The arbitrator shall render his opinion only with respect to the particular grievance submitted to him and such opinion shall be binding upon both the Board and the Association.

The Arbitrator's fee and expenses shall be shared equally by the Board and Association.

C. If a grievance arises from the alleged action of authority higher than the immediate supervisor, the grievance may be originally presented at the appropriate step of the grievance procedure. The supervisor shall receive a copy of the grievance from the Association representatives.

D. Failure at any step of the grievance procedure to communicate the decision on a grievance within the specified time limits shall permit lodging an appeal at the next step of the procedure within

the time which would have been allotted had the decision been given. Failure to comply with the time limits in Step 1 shall bar the grievance. Failure to file a grievance within the time specified shall bar the grievance. Failure to appeal a decision within the specified time limits shall be deemed an acceptance of the decision and shall bar further appeal. Time limits may be extended in any specific instance by mutual agreement, in writing.

E. Nothing contained herein shall be construed to prevent any individual teacher from presenting a grievance and having the grievance adjusted without intervention of the Association, if the adjustment is not inconsistent with the terms of this Agreement, provided that the Association has been given the opportunity to be present at such adjustment of grievance after Step 1.

F. In the case of an individual teacher electing to represent himself in a grievance, the term Association, or Association Representative shall mean teacher in Steps 2, 3, 4, and 5 of this grievance procedure.

G. In all steps of this procedure, it is understood that the Association except as provided in Section E above, the supervisor, and the Superintendent, may request other persons to be present.

H. The filing of a grievance shall in no way interfere with the right of the Board to proceed in carrying out its management responsibilities, subject to the final decision of the grievance.

I. If the Board and/or its representatives believe there has been a violation of a specific Article or section of the Agreement, it may so notify and confer with the Association as to a resolution of the issue.

J. In the event that a teacher or the Association pursues a complaint with the courts, Tenure Commission, or some other legal or statutory remedy, such complaint shall not be applicable to the grievance procedure.

ARTICLE XX - CONTINUITY OF OPERATIONS

During the term of this Agreement the Association will not authorize, sanction, condone or acquiesce in, nor will any member of the bargaining unit take part in, any strike as defined in Michigan Public Act 336 of 1947 as amended by Michigan Public Act 379 of 1965. In the event of any strike in violation of this Agreement, the Association will post notices immediately at any or all schools affected, advising that such strike is unlawful, in violation of this agreement and unauthorized by the Association, and the Association shall advise the striking teachers to return forthwith to their regular duties. The Association shall further take any and all other action reasonably within its power to bring the strike to an end. If the Association takes the foregoing steps and has not acted in violation of its obligations under this Article, it shall not be liable in any way for such strike.

ARTICLE XXI - MISCELLANEOUS

A. The Board agrees at all times to maintain an adequate list of substitute teachers. Such list may include teachers on maternity leave from this system only following the sixth week after the pregnancy has been terminated. Once a teacher has reported unavailability it shall be the responsibility of the administration to arrange for a substitute teacher.

In the event that innovative programs to function in lieu of substitutes are developed by the building administration and staff, such programs may be implemented if agreed to by both the Board of Education and the Association.

B. Teachers who know that they will not return to teach in the district for the ensuing year shall verbally advise their supervisor if asked, of that fact. Such notification is informal and not binding on the teacher or the Board.

As prescribed by law, each teacher shall provide to the Board evidence of a negative tuberculin examination annually.

All certificates of health required by the Board subsequent to the physical examination at initial employment and not for the purpose of returning from a health leave, extended illness exceeding two weeks, or for securing use of the leave bank, shall be at Board expense by a doctor appointed by the Board.

D. A certified teacher, regardless of status, who wishes to terminate employment should hand in a written notice to the superintendent's office as soon as his decision is final, but only after such action has been reported to and discussed with his principal or immediate supervisor. A teacher shall not discontinue his services with the Board of Education at any time after sixty (60) days before September first of the ensuing school year, except by mutual consent. In the event of re-employment such employment shall be considered as a teacher new to this school system. However, the Superintendent of Schools is authorized to review each individual case to ascertain what circumstances may exist that warrant consideration beyond the normal case.

Applications for use of these days shall be processed through regular conference attendance channels and shall be signed by the Association President signifying his approval. No deduction from the individual's leave day accumulation shall be made for days so granted. It is understood that the only expense to the Board is the regular compensation of the teacher and employment of substitute teachers. In addition, the Association President shall be released one-half (1/2) time each day for the performance of Association business. Such release time shall occur after noon of each day. Prior to the end of each school year the administration and Association shall mutually agree as to an acceptable teaching schedule for the ensuing year.

H. This Agreement shall supersede any rules, regulations or practices of the Board which shall be contrary to, or inconsistent with, its terms. It shall likewise supersede any contrary or inconsistent terms contained in any individual teacher contracts heretofore in effect. All future individual teacher contracts shall be made subject to the terms of this agreement.

I. This Agreement is subject in all respects to the laws of the State of Michigan with respect to the powers, rights, duties, and obligations of the Board, the Association, and teachers in the bargaining unit and in the event that any provisions of this Agreement shall at any time be held to be contrary to law by a court of com-

petent jurisdiction from whose final judgment or decree no appeal has been taken within the time provided for doing so, such provision shall be void and inoperative; however, all other provisions of this Agreement shall continue in effect.

J. Copies of this Agreement shall be prepared at the expense of the Board and will be presented to all members of the bargaining unit now employed or hereafter employed by the Board.

K. Each teacher shall have on file details of class routine and a two day lesson plan for use in case of emergency absence for which no regular lesson plan is available.
