WHEREAS, the Board and the Association recognize and declare that providing a quality education for the children of Charlevoix-Emmet Intermediate School District is their mutual aim and that the character of such education depends predominately upon the quality and morale of the teaching service, and

WHEREAS, the members of the teaching profession are particularly qualified to assist in formulation of educational practices and programs designed to improve educational standards, and

WHEREAS, the Board has a statutory obligation, pursuant to the Public Employment Relations Act, Act 379 of the Michigan Public Acts of 1965, to bargain with the Association as the representative of its teaching personnel with respect to hours, wages, terms and conditions of employment, and

THEREFORE, the parties have reached certain understandings which they desire to confirm in this Agreement.

ARTICLE I

RECOGNITION

- A. The Board of the Charlevoix-Emmet Intermediate School District recognizes the Charlevoix-Emmet Intermediate Education Association as the exclusive bargaining agent for all personnel, regularly employed, certified, and/or approved by the State Department of Education, and/or considered to be a professional employee in a position requiring a minimum of a Bachelors degree or its equivalent. Exceptions are the Superintendent and other administrative personnel unless providing direct service to students or consultative services to teachers.
- B. The term "Teacher" when used hereinafter in the Agreement shall refer to all employees represented by the Association in the bargaining or negotiating unit as above defined.
- C. The Board agrees not to negotiate with any teachers or teachers' organization other than the Charlevoix-Emmet Intermediate Education Association for the duration of the Agreement. Nothing contained herein shall be construed to prevent any individual teacher from presenting a grievance and having the grievance adjusted without intervention of the Association, if the adjustment is not inconsistent with the terms of this Agreement, however, the Association Chairperson shall be notified of any grievance filed by an individual teacher.
- D. Nothing contained herein shall be construed to deny or restrict any teacher rights he/she may have under the Michigan General School Laws or Teacher Tenure Act.
- E. Nothing contained herein shall prevent the Board from modifying, revising, combining, or eliminating any position of employment in this article pursuant to the conditions of this Agreement.
- F. Any new position created during the life of this Agreement will be added to the unit providing it fits the description of "Teacher" as used in this Agreement.

ARTICLE II

BOARD RIGHTS

A. The Board on its own behalf and on behalf of the electors of the District, hereby retains and reserves unto itself without limitations, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws of the constitution of the State of Michigan and of the United States, including but without limiting the generality of the foregoing, the right:

1. To the executive management and administrative control of the school district and its properties and facilities, and the duties, responsibilities and assignment of teachers and other employees, during the working day.
2. To hire all employees and, subject to provision of law and this Agreement, to determine their qualifications, and the conditions for their continued employment, or their dismissal or demotion, and to promote and transfer all such employees.

B. The Board shall continue to have exclusive right to establish, modify, or change any condition except those covered by provisions of this Master Agreement. This subsection shall not be interpreted as a waiver of any of the rights of the Association under the law.

C. The listing of specific management rights in this Agreement, is not intended to be nor shall be restrictive of or a waiver of any rights of management not listed and specifically surrendered herein whether or not such rights have been exercised by the Board in the past.

ARTICLE III

ASSOCIATION AND TEACHER RIGHTS

- A. Pursuant to the Michigan Public Employment Relations Act, the Board hereby agrees that every employee of the Board shall have the right to freely organize, join and support the Association for the purpose of engaging in collective bargaining or negotiating and other concerted activities for mutual aid and protection. As a duly elected body exercising governmental power under the laws of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by the Act or other laws of Michigan or the Constitution of Michigan and the United States; that it will not discriminate against Association members with respect to hours, wages, or any terms or conditions of employment by reason of their membership in the Association, their participation in any activities of the Association or collective professional negotiating with the Board of their institution of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment.
- B. The Board agrees to furnish the Association available information concerning the financial resources of the District.
- C. Employees shall be entitled to full rights of citizenship and no religious, race, or political activities of any teacher or the lack thereof shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher, provided that a teacher shall not seek to advance racial, political or religious views during the prescribed hours when on professional duty.

ARTICLE IV

FINANCIAL RESPONSIBILITY

- A. On or before the 30th day of September of each year, the Association shall notify the Board of the amount of the annual dues payable by members of the Association, and the equivalent amount payable by non-members pursuant to Section 10 (1) (c) and (2) of the Public Employment Relations Act, except as subject to Sections C and D of this Article. The Board shall thereupon deduct such amounts in equal installments, as nearly as may be, from the paychecks of each Teacher who has executed an individual contract of employment, and promptly pay such amount over to the Association or its delegates. Upon remitting such amounts, the Board shall have no further liability or responsibility with respect thereto.
- B. The parties agree that every Teacher suffered or permitted to work will be required each school year to sign an individual contract of employment as provided in Section 569 of the School Code and that every such contract shall contain the following:
- “This contract (see Appendix 4 and 5) is subject to a collective labor agreement heretofore or hereafter negotiated by the Board and the exclusive bargaining representatives of teachers employed by the Board. The terms of such collective labor agreement are incorporated herein and by accepting this contract, you agree to be bound by all such terms, including wage deduction provisions thereof.”
- C. Those teachers who made application and/or were members during the 1982-83 school year shall remain members or pay a service fee not to exceed the dues of the Charlevoix-Emmet Intermediate Education Association to the extent permitted by law. And, further, that any employees who hereinafter join the Association or new members employed by the District shall be bound by this Section. Those teachers who were not members of the Association during the 1982-83 school year are not bound by this Section.

Financial Responsibility, continued

D. In the event that the employee shall not pay a service fee directly to the Association or authorize payment through payroll deduction, the Association may take any necessary action to require the employee to pay such service fee and dues.

The District shall be held harmless from action initiated by the Association or its representatives or agents or employees and shall not incur any obligation as a result of such action.

ARTICLE V

PROFESSIONAL LEAVE

A. At the beginning of each school year a teacher shall be credited with thirty (30) days leave which may be used as follows:

1. The illness or disability of the Teacher and for maternity or child care purposes as a result of a pregnancy for which the Superintendent may request the statement of a physician.
2. Personal business with the prior approval of the Superintendent.
3. Leave because of death of a family member or of a person of importance to the Association member.
4. Each teacher shall be granted two visitation days each year for the purpose of enriching professional capabilities. Visitation days shall be approved by the appropriate administrators prior to making such arrangements.
5. Up to thirty days per pregnancy can be used for maternity/child care purposes unless more time is necessary for medical reasons. In such cases, sick days shall be used in the same way as for any other illness.

B. Long Term Disability

1. An employee who becomes disabled will be eligible for Long Term Disability once sick leave has expired. Retirement credit will be paid on that portion of LTD benefits, self-funded by the District for the remainder of the school year in which the disability occurs.
2. Individuals with five or more years experience with the Intermediate School District will begin to accumulate sick leave in addition to 30 days. Such credit shall be given retroactive to the first day of employment. Accumulation will begin in year six of employment and will be credited at five days per year.

Professional Leave, continued

For example: In years one through five, each employee shall have thirty credited days. In year six, the number would increase to 35 and in year seven 40. Five days would be added for each succeeding year. After 30 years with the District, the maximum number of sick days would be 155. Days of sick leave in excess of thirty taken in any year would reduce the total accumulated number of sick days.

- C. A professional development fund will be established for each staff member with an annual amount of \$600 per year. Uses could include but not limited to:

- Professional dues with the exception of union dues
- Licensing or certification fees
- Professional journals
- Professional materials
- Conference expenses

These funds are not intended to be used for items that would typically be purchased from a supply budget. Individuals must obtain prior approval for expenditures from this fund.

With prior approval of the Superintendent, to determine the appropriateness, professional employees shall be allowed up to six (6) days annually for conference attendance. The number of days may be extended at the discretion of the Superintendent.

If the financial condition of the District requires a layoff of personnel, the amount placed in individual professional development funds may be reduced. The amount placed in the conference fund may be increased following an annual review by the Board.

Staff members will be required to justify incurred expenses with receipts of payment as needed for annual audits. The amount for part-time employees will be the percentage of time worked times the annual amount per full-time employee budgeted. All expenses in excess of the amount budgeted will be the responsibility of the individual employee.

Professional Leave, continued

Unused allocations may accumulate for up to three years to be added to the current year per individual employee. A first in-first-out accounting method will be used to determine amounts in individual conference funds.

- D. The Board agrees to reimburse with the approval of the Superintendent any employee who enrolls in a course related to his/her instructional objectives under the following conditions:
1. The employee must have completed eighteen (18) semester hours beyond Bachelor level toward continuing certification, if applicable, for the position.
 2. Reimbursement for tuition and required test or texts will be given upon completion of the course.
- E. The Board shall grant to any teacher a leave of absence, without pay, for child care, medical emergencies, and other unforeseen circumstances. The following conditions apply:
1. The Teacher must notify the Superintendent, in writing, sixty days prior to beginning of the leave. The sixty day notification may be waived by the Superintendent in case of an emergency.
 2. The leave shall be granted for a period of not to exceed the remainder of the school year and may be renewed at the discretion of the Superintendent.
 3. Should a replacement be needed, termination of the leave shall be at the written request of the Teacher sixty days prior to return.
 4. Insurance benefits will be continued at the Board's expense for a period of one calendar month each sixty school days worked during the school year. This benefit is non-cumulative from year to year. After that, insurance options may be paid by the Teacher for the remainder of the leave at the Teacher's option. The Teacher shall be notified prior to the discontinuation of benefits in the event that the Teacher's eligibility for benefits paid by the Board has expired.

Professional Leave, continued

5. In the case of the disability of a member, the Board agrees to provide insurance benefits for the remainder of the contract year. Benefits may be extended by the Board beyond this period. For purposes of this Article, the contract year ending and beginning dates are defined as September 1 through August 31.
 6. The Teacher upon returning to the staff will be placed at the next one-half step on the salary schedule providing 90 school days of prior service have been completed during the school year. The Board, at the recommendation of the Superintendent, may grant an additional one-half year credit on the salary schedule for days completed in addition to 90 days. A Teacher returning from leave under this Article shall be placed in a professional position substantially the same as he/she occupied prior to such leave.
 7. Where possible, a pre-service training period should be arranged for the substitute employee to help assure a continuity of service.
- F. At the recommendation of the Superintendent, the Board may grant a leave of absence for advanced professional study at an accredited college or university. Such leaves shall be contingent upon obtaining the services of an acceptable, qualified replacement for a vacated position as determined by the Superintendent, and shall be limited to one (1) in any school year. No Teacher shall be granted more than one such leave. During the leave, the Teacher shall receive a health insurance package but no salary. Upon the satisfactory completion of the advanced study, the Teacher will be restored to a professional position with the District. Reimbursement for tuition and required texts and tests incurred during the leave will be provided to the Teacher following the first regular Board meeting in September, dependent upon the Teacher signing a contract with the District for a one (1) year period. Following the leave, the Teacher shall be placed on the next higher step on

Professional Leave, continued

the salary schedule, if applicable. Individuals returning from a leave may be eligible to purchase retirement credit as explained in the guidelines of the Michigan Public School Employees Retirement System.

- G. Teachers who are called for jury duty or to appear as a witness in court will continue to receive pay as if they were on regular duty during the time of service. If the employee receives a fee, the amount of the fee shall be deducted from the regular pay.
- H. A military leave of absence shall be granted to any Teacher who shall be inducted or shall enlist for military duty in any branch of the armed forces of the United States. Upon return from such a leave, employees shall be placed at the same position on the salary schedule as they would have been had they taught in the District during such period. Any teacher who has completed military service with an honorable discharge prior to employment in the District shall be credited one step on the salary schedule for each year of active service up to a maximum of two (2) years.
- I. The employer shall grant the Association ten (10) leave days for the use of its representatives to conduct Association business or participate in Association activities. It is understood that the Association shall reimburse the District for the cost of substitutes, if necessary, for the day(s) so taken. The Association shall give the Superintendent or his/her designee forty-eight (48) hours notice before using such leave.

ARTICLE VI

TEACHING CONDITIONS

The parties recognize the optimum school facilities for both student and teacher are desirable to insure the highest quality of education which is the goal of both the Board and the Association. It is also acknowledged that the primary duty and responsibility of the Teacher is to instruct and that the organization of the services and the school day is directed toward insuring that the energy of the Teacher is primarily utilized to this end.

- A. The Association recognizes that abuse of sick leave or other leaves, chronic tardiness or absence, willful deficiencies in professional performance reflect adversely upon education and create undesirable conditions. Alleged breaches of discipline or violation of the code of Ethics and the Education Profession shall be promptly reported to the offending employee and the Association.
- B. Schools not providing adequate facilities when so determined by the Director of Special Education, Superintendent of the local school district and the Teacher involved shall be requested to provide alternative methods of the delivery of services.
- C. The Teacher shall notify the immediate supervisor and an I.E.P.C. shall be called when persistence of misbehavior or other disruptive effects makes continued services hazardous to other students, the Teacher, and/or program support personnel.
- D. Teachers shall be expected to exercise reasonable care with respect to the safety of pupils and property but shall not be individually liable, except in case of gross negligence or gross neglect of duty, for any damage or loss to person or property.
- E. Teachers shall not be required to work under unsafe or hazardous conditions or to perform tasks which endanger their health, safety, or well-being.
- F. A special meeting may be called by mutual agreement of teachers and the administration.

Teaching Conditions, continued

G. Teachers will be reimbursed for damage to personal property incurred during the performance of duties. Such damage must be shown to be more than the wear and tear, soiling, or breakage that would routinely be expected, or resulting from personal negligence.

H. No material shall be placed in the teacher's personnel file without him/her being informed of same. No disciplinary action may be acted upon until the Teacher has been given full particulars including the identity of the complainant(s) and has had an opportunity to receive counsel from his/her Association representative.

If the Teacher disagrees he/she shall have ten (10) days to file a written rebuttal or explanation to material in his/her file. If any material in the file is found to be inaccurate or in error based on mutual agreement, such material shall be either corrected or expunged, whichever is appropriate.

ARTICLE VII

LAYOFF AND RECALL

A. It is hereby specifically recognized that it is within the sole discretion of the Board to effectuate reductions in personnel attributable to program reduction or elimination, declining enrollment, declining funding, impacting Federal or State Law rule changes or interpretations, or other conditions which the Board determines to necessitate a reduction in personnel. The Board of Education may implement staff reductions upon sixty (60) calendar days written notice to the affected employee(s).

The sixty (60) calendar day notice shall not apply to teachers working in the summer on extended school year programs. Regarding the summer school program only, the Board will provide at least ten (10) calendar days notice of layoff to affected teachers. In no event will a teacher be laid off from a summer program after August 1st.

B. "Seniority" shall be defined as years of uninterrupted service in the bargaining unit with the District, beginning with the first day of contracted service except where the interruption is caused by a leave of absence or a layoff during which time seniority will be retained but will not accumulate. A year's seniority shall be defined as the number of work days stated in the Master Agreement, or, if employed by the first day of the District calendar, the number of days required to accrue one year service credit from MSPERS. Fewer days will be prorated. Teachers promoted to positions outside the bargaining unit shall have their accumulated seniority frozen, as of the time of transfer to the non-bargaining unit position. Seniority accumulated may be utilized for returning to the bargaining unit, if necessary through displacement of a less senior certified bargaining unit member.

Layoff and Recall, continued

- C. By the end of the first semester of each school year, the Board will provide the Association and each bargaining unit member with an up-to-date seniority list of all personnel possessing seniority under this Agreement. If a teacher believes the list to be inaccurate, he/she shall have thirty (30) calendar days from the date of distribution of the seniority list to make written objection to the Board and the Association. If no written objection is received, the published list will be regarded as conclusively accurate for that year. Prior to any affirmed layoff or abolition of position an update will be presented to the Association. If no written objection is received within ten (10) days, the published list will be regarded as conclusively accurate.
- D. "Certified" shall be defined as holding all certificates, endorsements, licenses and/or approvals required by law and Michigan Department of Education regulation to serve in the position assigned. Further, it is the teacher's responsibility to file such certificates, endorsements, licenses, and/or approvals with the Board. "Certified" shall also include position specifications issued by governmental authority in connection with receipt of full categorical, membership or grant funding for a particular program operated by the Board. The certification status of a teacher on file with the School District shall be considered conclusive for all purposes under this Agreement.

The teacher shall provide written notice to the Board and Association of any change to his/her certificates, endorsements, licenses, or approvals after the original filing of same with the Board. This shall include notice of any additional endorsements, certificates, renewals, approvals, as well as expirations, revocations and any limitations thereon. The teacher shall further notify the Board and Association, in writing, in the event that he/she petitions the State Board of Education for nullification or limitation of his/her certificate, one or more endorsements thereon or a grade level certification appearing on the certificate.

Layoff and Recall, continued

E. The certification of a teacher to be laid off shall be the certification on file with the Board at the time the notice of layoff is sent. The certification of a teacher to be recalled from layoff shall be the certification on file with the Board at the time the notification of recall from layoff is sent. It is the teacher's duty to make sure the Board's records are correct and to notify the Board, in writing, of any inaccuracies or changes.

F. Layoffs shall be implemented in the following order:

1. Non-certified staff in the specific position being reduced or eliminated shall be laid off first on the basis of seniority, provided that there are more senior certified bargaining unit members remaining to perform the remaining work.
2. If reduction is still necessary, then probationary teachers shall be laid off on the basis of certification and qualification, provided that there are certified bargaining unit members remaining to perform the remaining work.
3. If reduction is still necessary then teachers in the specific positions being reduced or eliminated (e.g. Speech Therapists, Teacher Consultants, etc.) shall be laid off in accordance with seniority, and certification, providing that previous evaluations have been satisfactory.

In the event of equal seniority, certification and qualification, the following shall be the determining factors: background and attainments, experience, ability, attitude, past performance, attendance, interest, capabilities, and evaluations.

4. Senior teachers whose positions have been eliminated shall have the right to displace the least senior bargaining unit member occupying a position which the displaced teacher is certified to hold. Should there be no such individual, the displaced teacher shall be placed on layoff status.

G. Teachers shall be recalled in inverse order of lay-off for new position openings for which they are certified in accordance with the procedures specified in this Article.

Layoff and Recall, continued

1. All recall is to be by certified mail to the teacher's address of record. It is the responsibility of the teacher to insure that the Board has a current address of record. The teacher shall have ten (10) working days to respond to any recall offer from the date of receipt of the offer. Bargain unit members may refuse recall to a position which is not at least equal in hours to the position held prior to layoff and remain eligible for recall.
2. A bargaining unit member, not including probationary teachers, is allowed the option to decline recall one time while under a conflicting employment contract with another Michigan K-12 or Intermediate School District. However, not later than April 1 of the school year in which recall is declined under this provision the bargaining unit member shall either submit a written resignation for acceptance by the Board -or- shall file a written statement with the Board confirming his/her intent to return to active service with the Board if offered a position for the ensuing school year. Failure to comply with the provisions of this paragraph shall result in loss of seniority and re-employment rights.

A bargaining unit member, not including probationary teachers, who can obtain a release (without penalty) from a conflicting employment contract with another Michigan K-12 or Intermediate District shall not be eligible to decline recall under the above provision. This portion of the provision may be waived at discretion of the Superintendent.

3. Bargaining unit members with date of hire after July 1, 1994, if on layoff, will remain on the recall list for a period not to exceed five years from their effective date of layoff. At the expiration of the recall period, all rights to re-employment are automatically lost.

Layoff and Recall, continued

- H. It is the goal of the District to work with staff to avoid potential layoffs. The District will make every effort to insure that members of the Bargaining Unit will be continued in employment. This goal is most effectively accomplished through long term planning for the delivery of services. The District will invite involvement of staff representatives to serve on educational planning and advisory groups and will provide incentives for retraining and the update of skills.
- I. In the event of a potential layoff, not directly related to a reduction of funding for the ISD, a mutually agreed upon sabbatical may be granted at one-half salary and an insurance package for up to one year. To qualify for paid sabbatical leave the Association member shall have demonstrated his/her willingness to avail themselves of training opportunities mutually agreed upon by the Board and the Association member. Approved of such leave request will be at the discretion of the Superintendent.
- J. Existing insurance benefits will be continued at the Board's expense for a period of one calendar month each sixty school days worked during the school year. This benefit is non-cumulative from year to year.

ARTICLE VIII

VACANCIES AND TRANSFERS

- A. The Board recognizes that it is desirable in making assignments to consider the interests and aspirations of its teachers. Requests by a teacher for transfer to a different class or position shall be made in writing.
- B. The Board declares its support of the concept of filling vacancies including vacancies in supervisory positions, from within its own teaching staff, whenever feasible.
- C. A vacancy shall be defined for purposes of this contract as a situation where a vacant position was previously held by an employee or when a new position covered by this Article is created.
- D. Vacancies shall be filled on the basis of experience, competency and qualifications of the applicant, length of service, and other relevant factors.
- E. Special talents or expertise needed for the implementation of a new program, but not found on the District staff, should be sought through retraining of existing staff, whenever possible.
- F. Whenever a new position or a vacancy arises, the administration shall post the position so present staff members may apply for the opening. The chairperson of the Association shall be notified by mail and a job description and qualifications for the position shall be posted on the bulletin boards at the Service Center. Vacancies shall be posted for a minimum of ten (10) working days.

Vacancies and Transfers, continued

During summer vacations or other periods of extended absence, Teachers wishing to be notified of vacancies shall leave their address with the Superintendent. The Superintendent's office will notify the Teacher of vacancies. In vacancies occurring caused by a bargaining unit member terminating employment after August 1, a member of the Executive Board of the Association will be contacted and the ten (10) day notification period will be waived. Individuals who have requested to be notified of summer vacancies will be notified through US mail.

ARTICLE IX

SUBCONTRACTING

- A. The duties of any bargaining member or the responsibilities of any position in the bargaining unit shall not be altered, increased, or transferred to persons not covered by this Agreement.
- B. The Employer agrees that supervisors or non-unit personnel shall not be used at any time to displace employees regularly employed in the bargaining unit, except in emergencies when bargaining unit members are not available or have refused to do the work as assigned. For purposes of this provision, an emergency shall be defined as an unforeseen circumstance or a combination of circumstances which call for immediate action in a situation which is not expected to be of a recurring nature.
- C. The Employer shall give bargaining unit members preference for work they have customarily performed. In accordance therewith, the Employer will not subcontract work unless (a) the skills and equipment needed to perform the work, specified are unavailable in the school system or cannot be obtained in a reasonable time or (b) the schedule for such work cannot be met with the equipment or skills available for such work.

ARTICLE X

TEACHER EVALUATION

The Board recognizes the need for evaluation and that the procedure for evaluation of teachers shall be established by the joint effort of the Association and the Superintendent. Because evaluation is a continuing process and therefore must be ongoing, such procedures will include but not be limited to:

- a) At least one formal observation with the prior knowledge of the staff member shall be conducted annually on non-tenured staff. Tenured and continuing contract staff will be similarly evaluated at least once every three years.
- b) A written report of the observation.
- c) A written Teacher's response if desired by the Teacher.
- d) Copies placed in the Teacher's personnel file, and given to the Teacher.
- e) Mutual discussion of the observation between observer and Teacher.
- f) A summation of local districts staff and administrative input as to the Teacher's performance may be prepared by Administration and discussed with the Teacher. A written response may be made by the Teacher if desired and attached. Copies shall be provided to the Teacher and placed in the Teacher's personnel file. Part of the summation shall include a statement of satisfactory performance, unsatisfactory performance, or performance needing improvement.
- g) The guidelines established by the State Tenure Commission shall be followed.
- h) Upon entrance into the District, those teachers who do not have an immediate supervisor designated shall be assigned an "advisor." This advisor shall have continuing contract status and a minimum of three (3) years successful experience in the same or a closely related discipline.

Teacher Evaluation, continued

The advisor shall be selected by the Administration based upon training and experience. It shall be the duty of the advisor to assist and counsel the probationary teacher and to acclimate the new teacher to the profession and the District. The advisor will function as a resource person and will not be involved in any evaluation process of the probationary teacher. The advisor shall assist the probationary teacher until the Teacher is granted tenure and shall receive no additional reimbursement for functioning in this capacity.

- i) The Supervisor shall schedule, upon the recommendation of the Teacher, up to three (3) hours per month to provide inservice training for aides or para-professionals assigned to the Teacher's program. Such training is to take place in the absence of the children. The scheduling shall not conflict with other inservice training.

ARTICLE XI

ARTICLE XII

GRIEVANCE PROCEDURE

- A. A claim by a Teacher or the Association that there has been a violation, misinterpretation or misapplication of any provisions of this Agreement or any issues dealing with terms or conditions of employment may be processed as a grievance, except as excluded in other provisions of this Contract.
- B. The Association shall designate one (1) representative to handle grievances when requested by the grievant.
- C. Teachers who believe that they have been wronged by violation of this Agreement shall report the alleged grievance to their immediate supervisor within ten (10) school days. At their discretion the grievants may ask that a member of the Association accompany them to the informal meeting. If as a result of an informal discussion with the supervisor a grievance still exists, within ten (10) school days the Teacher may invoke the formal grievance procedure included herein by submitting to their immediate supervisor the Grievance Report form as included in Appendix 3.

A copy of the Grievance shall be transmitted to the President of the Association and to the Chairperson of the Grievance Committee.
- D. Within ten (10) school days of receipt of the grievance, the immediate supervisor shall meet with the representative regarding the grievance and shall indicate the disposition of the grievance in writing within ten (10) school days and shall furnish a copy thereof to the Association.

Grievance Procedure, continued

- E. If the Association is not satisfied with the disposition of the grievance, or if no disposition has been made within ten (10) school days of such meeting (or ten '10' school days from date of filing, whichever shall be later) the grievance shall be transmitted to the Intermediate School Superintendent. Within ten (10) school days the Superintendent shall meet with the representative of the Association on the grievance and shall indicate the disposition of the grievance and shall furnish a copy thereof to the Association.
- F. If the Association is not satisfied with the disposition of the grievance by the Superintendent, or if no disposition has been made within ten (10) school days of such meeting (or ten '10' days from the date of filing, whichever shall be later) the grievance shall be transmitted to the Board by filing a written copy thereof with the Secretary of the Board. The Board, no later than its next regular meeting or ten (10) calendar days, whichever shall be later, may hold a hearing on the grievance, review such grievance in executive session, or give such other consideration as it shall deem appropriate.
- Disposition of the grievance in writing by the Board shall be made no later than ten (10) school days thereafter. A copy of such disposition shall then be furnished to the Association.
- G. If the Association is not satisfied with the disposition of the grievance by the Board, or if no disposition has been made within the ten (10) school days provided, the grievance may be submitted to arbitration before an impartial arbitrator. If the parties cannot agree as to the arbitrator, the arbitrator shall be selected by the American Arbitration Association in accord with its rules which shall likewise govern the arbitration proceedings. The Board and the Association shall not be permitted to assert in such arbitration proceedings any ground or to rely on any evidence not previously disclosed to the other party. The arbitrator shall have no power to alter, add to or subtract from the terms of the Agreement.

Grievance Procedure, continued

Both parties agree to be bound by the award of the arbitrator and agree that judgment thereon may be entered in any court of competent jurisdiction.

- H. The fees and expenses of the arbitrator shall be shared equally by the Board and the Association.
- I. The time limits provided in this Article shall be strictly observed but may be extended by written agreement of the parties. In the event a grievance is filed after May 15th of any year and strict adherence to the time limits may result in hardship to any party, the Board shall use its best efforts to process such grievance prior to the end of the Teacher's individual contract term of employment or as soon as possible thereafter.
- J. If individual teachers have personal complaints which they desire to discuss with their immediate supervisor or the Intermediate School Superintendent, they are free to do so without recourse to the grievance procedure. However, no grievance shall be adjusted without prior notification to the Association and opportunity for an Association representative to be present, nor shall any adjustment of a grievance be inconsistent with the terms of the Agreement. In the administration of the grievance procedure, the interests of the teachers shall be the sole responsibility of the Association.

ARTICLE XIII

PROFESSIONAL COMPENSATION

- A. The salaries of teachers covered by the Agreement are set forth in the salary schedule which is incorporated into this Agreement (see Appendix 1 and 1A).

The Association and the Board mutually agree that meeting the needs of the constituent school districts within the ISD is a priority function of the ISD. A current ISD need that has been identified is traditional Alternative Education. Due to potential limitations in funding for this program, a modified salary schedule has been developed for classroom teachers in this program. (see Appendix 1A) These Alternative Education classroom teachers are members of the bargaining unit and all other rights and benefits accorded members of the Association by this Agreement will be guaranteed to these classroom teachers.

It is understood that existing programs and services employing Association members, or expansion or duplication of such programs and services will not be considered Alternative Education programs under this subsection.

- B. The Employer shall provide a package of benefits as determined by the Association for a full twelve-month period from September 1 through August 31 for each bargaining unit member and his/her eligible dependents.

1. For the 1997-98 school year, the Employer shall provide a Plan A amount of \$628.48 monthly for individuals needing health insurance. This package currently contains full family health, dental and vision coverage, as well as long-term disability and life insurance for the employee.

For the individuals not requiring health insurance, because of being covered on another policy, the per person amount shall be \$378.72. This package provides long-term disability and life insurance coverage. Options are available that allow the individual to select any combination of vision and/or dental insurance, if needed. Remaining dollars

Professional Compensation, continued

may be placed monthly in one of the tax deferred annuity plans available to employees through payroll deduction.

For individuals employed part-time, these benefits will be prorated, based on a seven hour day, 35 hour week, and 186 day schedule. In the 1998-99 school year, the schedule will be based on 188 days. In the 1999-2000 school year, the schedule will be based on 190 days. The individual may choose to pay, from personal funds, the unfunded portion of the insurance package.

2. For the 1998-99 and 1999-2000 plan year (July 1 - June 30) the dollar amounts listed above will be increased by the Consumer Price Index for Medical Care (Total) category, United States City Average, as listed for the previous calendar year. Dollar amounts will be continued in this fashion until a successor agreement is ratified by both the Employer and the Association.

3. Once the dollar limits for the plan year and the insurance rates have been announced, the Association has the ability to modify benefits based on dollar constraints and will determine the makeup of the insurance benefit package including carrier and level of benefits. If the cost of benefits is less than the dollar limits, surplus dollars shall be placed in escrow and, at the option of the Association, may be used to fund deductible amounts required by the insurance carrier, maintain future year benefit levels, or may be placed in individual professional development fund accounts. The Association may choose to continue with the present insurance carrier, but the cost of this coverage in excess of the dollar limits in addition to dollar amounts placed in escrow would be the responsibility of the individual employee through salary deduction.

If the Association is unable to develop a health insurance benefit package consistent with the dollar constraints listed above, the Master Contract will be opened to select an alternative carrier. The goal of such negotiations would be to provide a fully paid

Professional Compensation, continued

health insurance package that is mutually agreed upon and is consistent with the financial guidelines.

4. The Executive Board of the Association shall have the responsibility to determine plan package and benefit levels and shall notify the Employer by June 1 prior to the benefit year. In the event that rates are unavailable by that date, it is agreed that the Association and the Employer will work to insure continuity of coverage.
- C. The School Board shall provide individual liability and malpractice insurance protection for staff members. Such insurance shall protect staff members from suits or other legal action arising out of the execution of their duties as Intermediate staff members up to the maximum of the policy to cover the Board and employees.
- D. All contractual permanent teachers will be eligible for benefits on a pro-rated basis.
- E. In the event of each involuntary transfer the Teacher shall be compensated a one-time moving expense of \$500 if the transfer is to a location which is twenty-five miles or more, one way, from building to building.
- F. Staff members required in the course of their work to drive personal automobiles to fulfill Intermediate School District services shall receive the Internal Revenue Service mileage rate in effect including increases, decreases and retroactive adjustment (see Appendix 2).
- G. In the 1998-99 school year, an Employer paid contributory annuity in the amount of one half percent (.5%) of an Association member's gross contractual salary will be paid into an existing and approved ISD annuity of the Association member's choice, provided that the Association member has contributed at least that amount him/herself into that plan. The Employer shall contribute this amount, one half percent (.5%) paid, in the last pay period of the fiscal year.

In the 1999-2000 school year, this Employer paid contributory annuity will be increased to one percent (1%) of the Association member's gross contractual salary, paid in a like fashion.

ARTICLE XIV

MISCELLANEOUS PROVISIONS

- A. This Agreement shall constitute the full and complete commitments between both parties and may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of the parties in a written and signed amendment to the Agreement.
- B. This Agreement shall supersede any rule, regulations, or practices of the Board which shall be contrary to or inconsistent with its terms. The provisions of this Agreement shall be incorporated into and be considered part of the established policies of the Board.
- C. If any provisions of this Agreement or any application of the Agreement of any employee or groups of employees shall be found contrary to the law, then such provision shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- D. Procedures for the make up of "Act of God" days are covered in the personnel handbook. It is the intent of the parties to develop a procedure compatible with our local districts as nearly as possible.
- E. The Board and the Association agree that part time positions may be of mutual advantage to both parties. Individuals may submit a request that part time or job sharing be considered. Terms and conditions of part time positions will be consistent with the Master Agreement unless mutually agreed by the Board and Association. Such part time positions shall be for a specified period of time which may be extended only by the mutual agreement of the affected Teacher and the Board. The request would be made in writing to the immediate supervisor or the Superintendent.

Applications for this credit will only be honored for those submitted applications within the duration of this contract.
