## Up and coming

Thumb area busy with special events

**CASEVILLE'S PERCH FESTIVAL** begins Friday and runs through Sunday, April 24. See Page 17 for festival information.

**A TEEN DANCE** is planned for Friday, April 22 at the Pigeon VFW Hall, sponsored by the Pigeon Area Jaycettes. A WHNN Disc Jockey will provide music.

**P.A.C.E. DINNER DANCE** for Pigeon Area Community Events Council members and guests is coming Saturday, April 23 at the Pigeon VFW Hall. Turn to Page 16 for more information.

**SPRING FASHION SHOW** for area women is planned for Wednesday, April 27 at the Pigeon District Library. Watch for more details.

**MOONLIGHT MADNESS** will strike area merchants on Friday, April 29 as the Pigeon Chamber of Commerce offers this popular sale from 7 to 10 p.m. The Pigeon Rotary Club will provide something extra -- Pork Burgers, for sale as a full dinner or snack.

**SCHEURER HOSPITAL ANNUAL DINNER** is coming up Wednesday, May 11 at Laker High School. Featured on the

menu will be Chicken Cordon Bleu and a full salad smorgasbord, plus very special entertainment by "Smokey and the Bandits," a barbershop quartet with a

humorous twist. Tickets will be on sale April 18 at Scheurer Hospital plus at several town locations. All proceeds will benefit Scheurer Hospital.

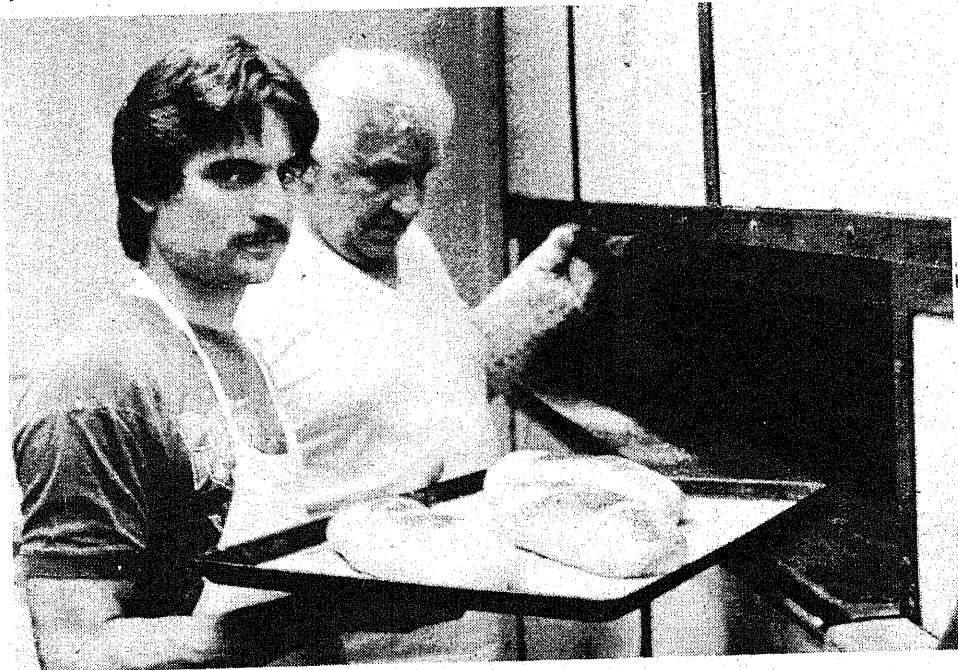

**MARCH WINNER:** Dorothy Collison, Scheurer Hospital OR-OB technician, receives her hospital pin and congratulations from Administrator George Desmarais for being chosen hospital employee of the month for March.

She was chosen from among nominated workers by the hospital committee, and follows January winner Norris Diebel and February's Winona Shetler. At the end of the year, an employee of the year will be picked for service to patients and community, during the first year of this award.

### Spring registration scheduled for Delta

Registration for spring classes for Delta College is planned for April 28 and 29, with evening and off-campus class registration planned for April 26 to 28 beginning at 6 p.m.

**CASEVILLE BAKERY:** Nature's Way Bakery has opened for business in Caseville, on M-25 near the Putt-Putt miniature golf course.

Here, Baker-Manager Steve Yantiss looks over a tray-ful of homemade breads as they're popped into the massive 18-pan rotating oven. Business owner is Terry Walther.

The bakery is open from 5 a.m. every day except Mondays, and features breads, doughnuts, fried cakes, jelly rolls, custard-filled rolls and other homemade items. Weekly specials are planned in the future. Coffee is also available to go, they say. "Stop in and say hello, and try our delicious varieties of baked goods," they invite.

**ROLLIE'S DAY:** Monday was Rollie Smith Day in the Village of Pigeon -- and nearly 200 friends and neighbors of the longtime local youth supporter were on hand at the installation of the new sign denoting "Rollie Smith Drive."

He and his wife, Ollie, were warmly applauded for their work spanning nearly 40 years. Smith has been a Little League sports umpire and youth organizer. "Pigeon is a wonderful place to live," Mrs. Smith noted during the brief ceremonies. Smith was presented with the official proclamation establishing Rollie Smith Day and was given a large photo and street sign picture. The couple then invited persons in attendance to a reception at First United

Methodist Church.

The photo shows Village President Norris Diebel shaking Rollie Smith's hand,

as Ollie Smith and Council member Ken Licht look on. Licht is holding the framed gift given to the Smiths.

## Elkton Rotary gives \$50 challenge gift

Members of the Elkton Rotary Club want to help the Elkton Historical Society build up its list of old-time information -- but they want other local groups to help out, too.

Rotary Club members have given \$50 as a challenge gift to the Historical Society

and invite other area clubs to do the same. The money will be used to buy recording tapes, which will be used to capture talks with senior citizens recounting the village's history. Mrs. Jake Deering is coordinating the tape-recording for the Historical Society.

The Historical Society is also looking for items to be displayed in the upcoming case in the village hall. Anyone with old items -- including photos -- should contact any Historical Society member or President Ron Nimtz.

The group's next meeting is Tuesday, April 26, when Progress-Advance Publisher Mark Rummel will meet to help discuss old village newspapers. Meeting time in the village hall is 7 p.m., and interested persons are invited to attend.

## No Caseville Board changes

Both incumbents are seeking re-election to four-year terms on the Caseville Public School Board, following Monday's filing deadline.

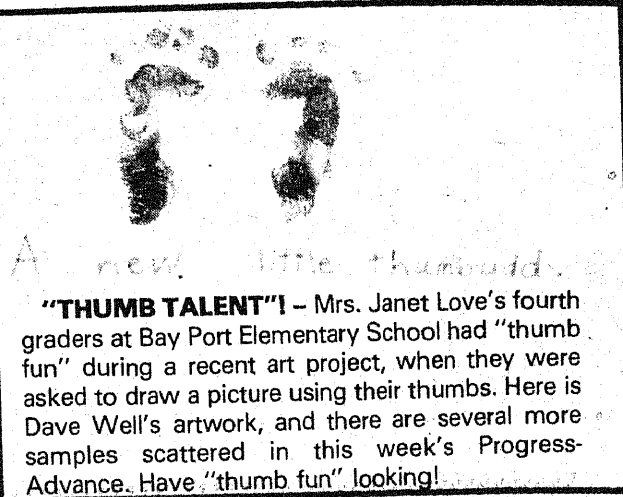

Jacqueline Miller and Fred Fortsch are seeking the terms at the June 13 school election. No other candidates sought the terms, according to Caseville Supt. James Stahl.

## Lakes are Sunday CC topic

Three Great Lakes stories are the subject of the Pigeon Conservation Club's public meeting at 2 p.m. this Sunday, called "Great Lakes Marine History -- A Visual Experience."

Films and slides of Great Lakes events will be shown at the Pigeon VFW Hall during the two-hour program, as presented by three amateur lakes historians.

"Legacy at 30 Fathoms" (examining the schooner Dunderberg's 1868 sinking), "The Morrell Encounter" (exploring the Daniel Morrell sinking off Harbor Beach in 1966) and "Fury of the Great Lakes" (discussing storm risks) will be presented. A free-will offering will be taken during the family show.

## Winners named at tourney

The Bowl-Down-Cancer Tournament, sponsored by the Huron County Unit of the American Cancer Society, was conducted in nine bowling establishments in the county.

County-wide prizes were awarded to the three top men and women scorers. The top series, 707, was rolled by Chuck Currie of Harbor Beach. The second spot was claimed by Roy Mausolf, also of Harbor Beach, with a 706 series. David Dutcher rolled 703 at Country Lanes in Sebawaing to take the third spot.

Thelma Gaeth of Sebawaing scored 698 for the top female prize. Kathleen Pettit took second place with 693 rolled at Biff's in Kinde. The third place prize went to Marjorie Becker with a 674 at Sebawaing.

Other winners at the lanes were:  
Almac Lanes: Lee Kahler and Mary Ann Kubacki;  
Pigeon Lanes: Nick Henne and Bonnie Adams;  
Elkton: Fred Santos and Sally Buschlen;  
Ubyly: Roy Tyl and Shelly Alent;  
Kinde: Ed Siedlecki;

Bad Axe Lanes: Randy Marquardt and Carol Masjeske;  
Harbor Beach: Cindy Russell.

The Air Force personnel at Port Austin also participated in the tourney without declaring winners.

Bowlers paid \$1 entry fee each time they bowled during the two-week tournament. Funds raised from this event are used by ACS for education, research and patient services in the effort to conquer cancer.

## Pigeon residents travel, visit

Mr. and Mrs. Alvin Rathje had as Sunday visitors Mr. and Mrs. Elmer Mossner from Saginaw and Mrs. Albert Kueffner and daughter Frieda from Frankenmuth.

Over the Easter holidays guests of Mrs. Lydia Teuschar were Mr. and Mrs. Carl Shetler from Bradner, Ohio, Frank Shetler, Mrs. Elsie Stum from Bad Axe, Mis Marjorie Teuschar from Goshen, Ind., Tonya and Cindy Teuschar of Fort Wayne, Ind., Mrs. Emma Riemenschneider and Miss Marie Ruby.

The Sunday Night Study Group from Cross Lutheran Church meet Sunday evening at the home of Mr. and Mrs. Norman Nelson. The topic: "Cult Explosion of the '80's."

Mr. and Mrs. Vincent Freeman had as guests Sunday their daughter and husband, Mr. and Mrs. Mel Manen and grandson Patrick from Bay City.

The Just-A-Mere Farm Bureau group will meet

Thursday evening, April 14 at the home of Mr. and Mrs. Adolph Schuette.

Mr. and Mrs. Dwight Gascho and children are visiting with relatives and friends in Mississippi.

Mrs. Elmer Born and daughter Vickie attended the second birthday of Nathan Schulz of Sebawaing on Saturday. Nathan is Vickie's godchild.

Correction: from last week's paper - That Dana and Bryan Young spent several days with their cousins the Claire June children in North Branch.

Elmer Born and son Rick, Steve Schulz and son, Matthew and Richard Pionk attended the Pick-up Pull at the Silverdome on Saturday evening.

Friday night visitors of

Mr. and Mrs. Joe McArdle and children were Mr. and Mrs. Frank McArdle and children from Royal Oak.

Mrs. Harold Schulz spent two weeks with Mrs. Richard Woolley in Lincoln Park, while her husband and Mrs. Schulz's brother was in the hospital. On Saturday, April 2, Harold Schulz and Mr. and Mrs. Michael Terek attended the funeral. Mrs. Schulz returned to her home with them.

Visiting on Sunday with Mrs. Vivian Toner in Elkton was Mrs. Ada Dean.

Easter holiday guests of Mrs. Ida Spence were her daughter and husband, Mr. and Mrs. Tom Miller from Southfield.

**COOKIE TIME IS HERE!** Top sales leaders for Pigeon Girl Scout Cadet Troop 802 and Junior Troop 895 got together Monday, in anticipation of delivery of hundreds of boxes of the annual Girl Scout Cookies within the next few days.

Top Junior sales leader is Gina Apley, left, who sold 343 boxes to hungry customers. With her are top Cadet sales leaders Lisa Ankiam with 207 boxes and Cheryl Baur with 150 boxes sold.

Other top Juniors were Julie Leipprandt with 296 boxes and Christy Damm with 220. Proceeds from the sales help support local funding of Scouting projects.

## King won't run again for Laker Board

Incumbent Board President Gary King will not seek re-election to the Elkton - Pigeon - Bay Port School Board of Education, but three other candidates are

seeking the two four-year posts.

Incumbent Virginia Leipprandt of Pigeon is seeking re-election, while newcomers James

Clabuesch of Pigeon and Lavern Chiotti of Elkton also filed nominating petitions by the 4 p.m. Monday deadline.

King said Tuesday that additional work and personal responsibilities made it impossible for him to seek re-election to his second term. "I'm just one of those guys who, if I'm going to get involved, I'm going to do it right. I can't devote the time this (Board) requires, so I decided in the past week to not run again."

The annual school election is set for Monday, June 13. Candidates are elected at-large from the entire district, according to Supt. Harry Brunet.

### OBSERVATIONS BY THE PUBLISHER AND OTHERS

**TWENTY SIZZLERS FOR SUMMER** -- Did your favorites win Academy Awards Monday night? A national movie critic has presented a listing of the 20 movies he believes will be big box-office favorites during the upcoming summer months. Here are several, for your perusal: "Return of the Jedi" (episode three of the Star Wars saga), "Superman III," "Jaws 3-D," "Twilight Zone" (based on the classic TV series), "Never Say Never Again" (The real James Bond - Sean Connery - is back!), "Staying Alive" (the Saturday Night Fever sequel with John Travolta), "Psycho II" (also based on a sequel to the original Hitchcock classic), "Porky's: The Next Day" (in a not so classic sequel), "Man with Two Brains" (supposedly Steve Martin's best ever) and "Space Hunter" (the first 3-D space movie).

It will be interesting to see which ones, if any, really catch on in the growing movie business!

- 30 -

**STAYING BUSY** -- Former Gov. William Milliken will be seen in several parts of the state in an interview-comment show he'll present weekly, beginning soon. Whether or not we'll be able to get the former Republican governor's program here will be decided soon.

- 30 -

**LOTS OF ACTIVITY** -- The Caseville Perch Festival starts Friday and offers contests, a parade, special meals and more fun. Also upcoming are the Pigeon Area Community Events (P.A.C.E.) Council's annual dinner-dance next Saturday, April 23, plus the annual Scheurer Hospital Dinner on Wednesday, May 11. Watch for details and enjoy everything going on in the Western Thumb! Get involved!

## Softballers give Pigeon \$225

The Interfaith Softball League has presented \$225 to the Pigeon Village Council, in appreciation of summer-long use of Pigeon playing fields -- and the Council gave something back to the softball league, too.

Council voted to accept a bid of up to \$320 to have Softball League members build a new set of bleachers for the main ball diamond at Pigeon Recreation Park, similar to the existing seats. Large crowds have made seating space difficult to come by during games of the 18-team league.

League representative Don Faupel thanked the village for use of the fields, saying \$75 was presented to each village per night games are played each week. Inter-

faith Softball involves nearly 400 players on 18 teams. Games begin May 9 this year, Faupel said at Monday's Pigeon Council meeting.

**MICHIGAN WEEK:** Jessie Otto is coordinating this year's May 17 dinner, including Pigeon, Sebawaing, Owendale and Gagetown leaders. A smorgasbord will be featured at Scenic Golf & Country Club, with State Rep. Dick Allen (R-Caro) as keynote speaker.

**CABLE TV:** Pioneer Cablevision spokesman Ron Snider told Council via letter that the system's antenna "head-end" site will be at 6116 Pigeon Road, on land

owned by Arnold Krohn. Work is proceeding on schedule for the plant, to service about 750 possible homes in Pigeon and Elkton. Pole use leases have been signed and the system should begin selling to customers by July 1.

**SUMMER REC:** Village President Norris Diebel asked village residents to tell Council members what they'd like for summer recreation programs this year, if any.

"I hope people in the community would give us an idea of what they want this year," he said. "It (participation) has been falling off in past years."

## Caseville Talent contestants needed!

Adult contestants are needed for the Third Annual Caseville Talent Show, this Friday, April 15!

Many youngsters have signed up in their categories, but more talented adults are being sought to fill vacancies in Division III and IV, according to organizer Shelly Lisowski. Trophies plus "Caseville Funny Money" prizes will be given.

Interested persons should phone Helen Kopack at 856-2880 or Mrs. Lisowski at 856-4398, before Thursday's 6:30 p.m. rehearsal at the Caseville School Gym.

**LONG-DISTANCE BALLOON:** Mrs. William Baines found a busy balloon along the shoreline near her Sand Point home April 8. It had been launched the previous day by kindergarten Nathan Eldridge of Second Street School in Edmore, near the center of the state. Here, Mrs. Baines shows it to her neighbor Percy Larter. She's already written to young Nathan, telling him his balloon traveled half-way across the state overnight, she says.

## Muzzleloaders meeting tonight

There will be an organizational meeting for all muzzleloaders at the Elkton Village Hall on Wednesday, April 13 (today) at 7:30 p.m. There will be a film and a discussion on rules and regulations of the National Muzzleloaders Association.

## Retired School meet coming April 20

The Huron Association of Retired School Personnel will meet April 20 at the Elkton Civic center. This is the meeting postponed from March 23.

The business meeting will begin at 11:00 a.m. with a polluck lunch at noon.

The afternoon program will follow with Duane Johnston of Bad Axe showing slides of Central America and Mr. Progler discussing insurance for extended or nursing home care.

## As we see it editorially

## Tough decision faced Elkton Council

When do personal considerations require a community to completely "shop at home?" How far should a group follow that procedure, and in fact take away business from an in-town merchant and give it to someone else?

These days of cost-consciousness are difficult on families, always trying to get the most -- and the best -- for their dollars. The same is true of village and township governments, as the Elkton Village Council proved last week.

The village's longtime insurance carrier was one of two final bidders to continue the \$1 million-plus coverage of all liability, worker's compensation and other insurance coverage. The company has an office in Elkton and had provided needed coverage for many years.

Another agent -- with local roots, we might add -- stayed in the mystifying bidding throughout the many types of policies and coverages a village needs. He worked hard and spent many hours assessing existing policies, to see what his own companies could offer.

When the final figures were in, the nearby -- but not in-town -- agent had reduced the annual Elkton premium by \$3400 over the former insurer.

## RECOLLECTIONS

## of by-gone days

By GEORGE KEIM

Dear Editor:

When I used to walk to school back in 1918, I used to come down E. Michigan Ave., where there was a big ditch by the sidewalk that was usually full of water.

Along side of Berne St., there was a big ditch full of cattails and it used to be full of water, especially in the spring. On the corner where the gas station is, there was a blacksmith shop, a big water hole and the Farmers Elevator.

I don't know where she got the idea, but my mother used to tell me not to get my feet caught in the railroad track. There were several buildings and Hirschberg's Store on the corner, where you could buy groceries, shoes, dry goods and clothing. Then came the bank and Brown's Store where you could get most anything. Following those were Haist's Tailor Shop and John Diebel's Hardware. In the building where the bowling alley used to be before Edighoffer had his shoe store there was a grocery store and a restaurant, where Anderson later had a store and an empty lot where Casey Jones later built his garage.

Then came Doeppers and Dan Fisher's Blacksmith Shop and his house. A small store run by W.A. Tibbits was where we used to buy our writing tablets and colors on our way to school. There were hitching posts all along the street and lots of times there were horses, buggies and wagons too. On James Street, there was a big white house where Bill Steadman lived. I never dreamed I'd ever own such a big house but we've had it now for almost 10 years.

Jake Wagester lived on the corner and didn't like it if we walked across his lawn. By the school where Dan Swartzendruber now lives was an open lot. We weren't allowed to fight on school property so many a battle took place on that lot.

I don't know if our teachers ever read the Bible, but in Proverbs 26:3 it says: A whip for a horse a bridle for an ass and a rod for the fool's back.

Well, she didn't have a rod but a rubber hose and there must have been a lot of fools because she used it quite a bit. From experience, I can say it stung like fire!

## Letter to the Editor

Jaycettes say "Thanks!"

Dear Editor:

On behalf of the Pigeon Area Jaycettes, I would like to extend many thanks to all of you in the community and surrounding areas of Pigeon who cared enough and took the time to write to the MUSE Company, protesting the dangerous computer game entitled "Firebug."

Due to your efforts and the participation of all others who wrote, "Firebug" has

now been taken off the market completely. Together we can make a difference and together we did!

Also, any group or organization who would like to be the presentation on Burns Awareness should contact Tammy Elenbaum at 1447 Brown Rd., Pigeon 48755, phone 453-2439.

Sincerely,  
Tammy Elenbaum

Now came the moment of importance for Council members. Maybe these moments are one of the reasons so few people have been running for village and township elected positions in recent years. Do you spend more and keep the business completely in town, or do you save your village residents' money and gain coverage from the lowest bidder?

It was not an easy choice, obviously. Those people who sit on the sidelines and think aloud what THEY'D do don't really know what it's like until they're sitting in that Council seat. In the end, without a great deal of public comment, Council members went with the lower premium from the nearby agent. Premiums totaling about \$11,400 will be paid this year, instead of about \$14,800.

We're totally confident both agents could -- and would provide -- top-notch quality and coverage. We're also certain that the in-town agent will especially sharpen his pencil next year, when 1984-85 bids are taken. All in all, that's good for village residents.

But don't think for a moment those six Council members had an easy choice. It's not easy or simple or straight-forward. They did what they felt was best for the community, which was not the simplest or most-direct path to follow.

Pete Progress says:

"Were things not  
as they are,  
but as  
WE are!"

My guess is that not too many of you spend your free time hanging around pay telephones. Neither do I. Pay phones annoy me; actually, telephone operators annoy me and I always seem to talk with an especially annoying one when using a pay phone.

About the only time I break down and use a pay phone is when I'm on campus, and it's not hard to find phones on campus. Walk in any building and there's a phone on at least one of the floors. Central does keep up with the times as most of its public phones have those finger-touch buttons. But finger-touch phones are touchy. If you even pass a finger over a number, it is registered as one of seven digits (unless you're dialing long-distance).

Pay phones are equipped

to do just about anything; it's the operator who can foul up a call. The other day I was placing a long-distance call on a pay phone which accepts no money -- just credit card numbers, third person calls (forget that, Ma Bell changed her mind) and collect calls. The operator didn't accept my credit card number saying, "Not acceptable as read." When I asked what she meant, she cut me off. After trying again, my call was placed, meaning my card number was invalid at 10:05 a.m. but valid at 10:06 a.m. I won't even elaborate on how my name is slaughtered on collect calls.

Take my advice. Call third-person. Just have the operator check with your mom -- tell her Ma Bell's the name.

Be sure to have a super week!

## Things to do in April

April seems to be a month for doing things. We start right out by trying to fool someone on April Fool's Day. Did you find your shoes tied together on that day?

We've celebrated Easter with Alleluias and eggs.

What else should we do in April? Consider these:

Buy your 1983 fishing license.

Head to Caseville and take part in the Perch Festival. Get fly rod, reel, flies and creel ready for the opening of trout season.

Dip some smelt.

Plant sugar beets and oats.

If you didn't plant peas and potatoes on Good Friday, do it now.

If you did plant on Good Friday, the seeds have probably rotted in the mud by now so be ready to replant.

Get machinery ready for corn and bean fields.

Swing the golf clubs to be prepared and the first warm, dry day.

Wash windows.

Bundle up for baseball.

Take in a track meet.

See a softball game.

Attend a tennis match.

(Any of the above four items is guaranteed to raise school spirit and support).

Be generous when your Cancer Crusader comes knocking.

Plant a tree.

Write a note to someone you haven't heard from since receiving a Christmas card from her.

Take a walk along the beach or in the woods.

Volunteer to help at the hospital or a nursing home.

Watch for migrating swans, ducks and geese.

Order tickets for a Tiger game.

Reminisce about the marble games you used to play.

Visit a playground to see if kids are still playing them today.

Rake the yard.

Go to an auction sale.

Have a garage sale. (To get rid of what you bought at the auction?)

Put away the snowmobiles and get out the motorcycles and golf carts.

Order chicks.

Buy a new jump rope. Get two -- one for your daughter and one for yourself.

Fly a kite.

Enjoy your Girl Scout cookies.

That list ought to keep everyone busy for the rest of the month. Just remember -- April showers bring May flowers. And what do May flowers bring? Pilgrims, of course.

Inspector Gordo's Minute Mystery

THE CASE OF

Orange bird

For years, Mrs. Sydney, the wealthiest dowager in New York City, had vainly tried to outwit Inspector Gordo. As the famous criminologist selected a cigar from the tray held by the Sydney butler, a wicked gleam came into his hostess's eye. It was time for playing stump-the-detective.

John DeMott, Paul Houk and Lee Roach were partners in a successful New York jewelry business," began Mrs. Sydney. "Last January they flew down to the Bahamas to spend two months at DeMott's lodge."

"One afternoon DeMott took Houk, an avid fisherman but a non-swimmer, out on his 50' cruiser. Roach, whose hobby was bird-watching, remained behind."

"Roach says he was sitting behind the lodge when he spied an exotic orange bird, a species new to him, fly by. He followed it to the front of the house, and through binoculars watched it building a nest, high in a palm tree."

"Quite by chance, he moved the binoculars out to the water and saw DeMott and Houk struggling on the yacht. Roach says DeMott shoved Houk overboard and held his head under the water."

"DeMott claimed that Houk had leaned over the side to gaff a fish, and, losing his balance, fell into the ocean. He drowned before DeMott could reach him."

"The coroner ascribed death to drowning. At the trial, it was simply DeMott's word against Roach's."

"The jury deliberated less than five minutes," concluded Mrs. Sydney. "No doubt, my dear inspector, you won't need so long to realize who was lying."

Do you know who was lying?

## OUTDOOR Report

By DUANE GUENTHER

Perch and smelt runs head the list of outdoor activities that are going to be in full swing this week. Early reports have placed peak runs in Port Huron area, and feeder creeks along the east side of the Thumb should be full of the silvery fish by this weekend.

Good bets for these tasty, little fish include Elk Creek at Sanilac State Park, Mill Creek at Forestville, Sucker Creek at White Rock, Elm Creek just north of White Rock, Ooka Creek south of Port Hope, Willow Creek at

Huron City, along the shore at Grindstone City, Pinnebog River at Port Crescent State Park and the Pigeon River at Caseville. In past years, some success has been found all along the east shore of Saginaw bay, on the west side of the Thumb.

Water temperatures are beginning to warm, and as soon as they hit 40° to 42° the water should be alive with smelt. Remember, where there is smelt, there is trout. We are just coming into the prime time for surf and pier fishing in our area.

Perch were hitting at the Caseville breakwall last weekend. Although the size was less than spectacular, most fishermen were landing a good fish now and then, that helped to make up for the numerous "grinders" that seem to suck up your minnow as soon as it hits the water.

Bird hunters should remember that the training season for dogs ends this Friday. For the next three months, dogs are not allowed in game area. This protects the new hatches of game birds.

## Surplus foods aid needy in county

Surplus beans, potatoes, onions, canned goods and other non-perishable goods are being used by the Human Development Commission to help people with emergency food needs, says commission director Mary Ann Vandemark. An emergency food need is defined as a situation when, due to a special circumstance, no food or money for food exists in the home, she adds.

The food for this special program is provided by Project AIM and an Emergency Services Funding Grant from the Department of Social Services.

Distribution sites in Huron County for this food are: RLDS Church in Owendale, St. Roch Catholic Church in Caseville and the First United Methodist Church in Bad Axe.

In addition to the emergency food program, HDC is continuing to distribute surplus cheese and butter to eligible low-income individuals on a monthly basis until supplies are exhausted, Vandemark says.

Funds to cover distribution expenses do not accompany the surplus cheese and butter given to HDC. The distribution has been possible so far because of donations of time, space and refrigerator use by local service groups, schools and concerned individuals, adds Vandemark.

## New arrivals!

Dr. and Mrs. James R. Weir of Royal Oak have welcomed a son, Jared Richard, into their family, following his birth on Friday, April 1 at Sinai Hospital, Detroit.

Grandparents are Mr. and Mrs. Gilbert Wichert of Pigeon and Mr. and Mrs. Gerald Weir of Saginaw. The infant's great-grandparents are Mr. and Mrs. Erich Kraft of Pigeon, Mrs. Irene Wichert of Pigeon and Mrs. Nell Weir of Saginaw.

A baby boy, Joel Nathaniel, has joined the Mr. and Mrs. Joel (Melanie) Leipprandt family, following his birth Friday, April 8 at 6:18 a.m. at Foote Hospital, Jackson.

The newborn weighed 8 lbs. 10 oz. and measured 21 1/2 inches long.

Grandparents are Rev. and Mrs. Martin Seitz, formerly of Pigeon, now of Byron and Mr. and Mrs. Ted Leipprandt of Pigeon. Great-grandparents are Mrs. Lillian Leipprandt of Pigeon and Mrs. Louise Sandefur of Jacksonville, Fla.

EYE  
OPENERS

By Dr. Douglas A. Buehler, Optometrist  
THE OPTOMETRIST'S INSTRUMENTS

This modern optometric office has many precise, scientific instruments. Among them:

RETINOSCOPE is used to measure the refractive or seeing state of your eyes. While you gaze at a distant or near object, the optometrist shines a small light from the scope into your eyes and analyzes the motion of the reflected light and shadows to determine how you see.

REFRACTOR contains samples of all the lenses available, and combinations thereof, to correct refractive or seeing errors.

OPHTHALMOSCOPE is used to check the health of your eyes and look for possible eye diseases. The doctor can examine the retina, cornea, lens, fluids in the eye, arteries and veins, and the entrance of the optic nerve. Sometimes the first signs of hardening of the arteries, diabetes, or high blood pressure are discovered during this part of the eye examination.

## Recognize any of these young faces?

... YOU MIGHT ... because many of these youngsters are now grown-up residents of this area, following their graduation from Pigeon High School in 1958.

Members of the class are planning their Silver Reunion for Saturday, Aug. 20 at Sherwood-on-the-Hill Gagetown, with a social hour at 6 p.m., class composite and photo at 6:30 p.m., dinner at 7 p.m. and dancing at 9 p.m.

Graduates are asked to plan their vacation schedules around the Aug. 20 date so that as many can attend as possible, according to the Planning Committee of Dennis and Carol Diener, Keith and Alice Wurst, JoAnn Abbott and Jerry and Bonnie Nowaczyk.

By the way, these youngsters were in second grade when this photo was snapped in about 1946!

44 Years  
of Service

We wish to thank the many, many fine people in the Pigeon and Thumb Area, for their patronage during our 44 years of business here at the Polewach Store.

We have enjoyed serving you and working with four generations of area shoppers.

We have always maintained the philosophy of offering a large selection, high quality and excellent service. We also thank our past and present employees for their professional work.

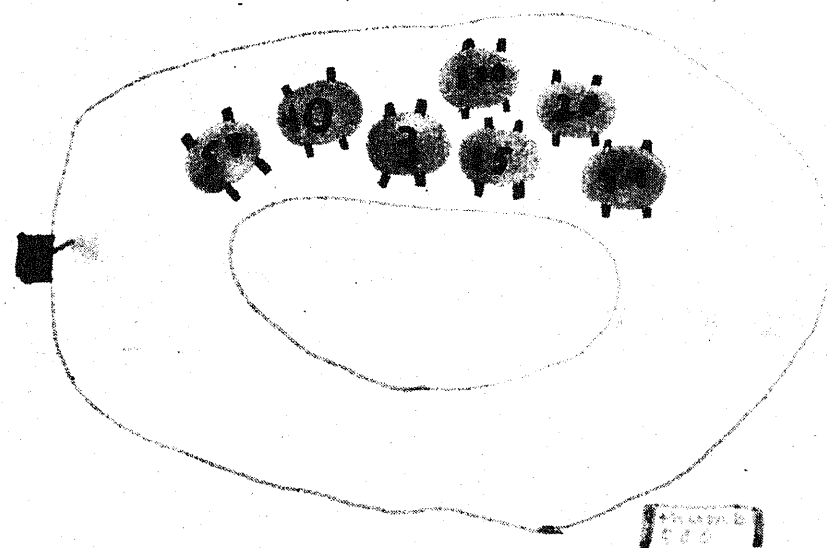

Best wishes to the new owners, Dave and Joyce Jarvis. We're certain you will give them the same wonderful support we have enjoyed. Thanks again!

## GRAND OPENING AND OPEN HOUSE

**WHERE:** Reimann-Snyder's, 1 1/2 miles North of Bad Axe on M-53

**WHEN:** Sunday, April 17th, 1-5 P.M. (Ribbon Cutting at 1:00 P.M.)

**WHY:** For Browsing Only, Refreshments, and a free gift to all the ladies.

This Sunday we will be conducting an Open House and Grand Opening of our store and new addition. We would like to extend an invitation to you and sincerely hope that you will be able to attend. Sunday will be for browsing only. Beginning Monday we will be starting our Grand Opening Sale and it will continue through April 30th.

You will find the most complete furniture store in the Thumb Area now more complete than ever before. A new drapery department has been added along with the complete line of quality Pittsburgh Paints. Our new bedroom and dining room displays will let you shop in a comfortable atmosphere and you will be amazed at our new bedding department. Our entire staff will be on hand to answer your questions and factory representatives will also be with us.

Our new addition will be taking the place of our former store in Pigeon. Because of difficulty in obtaining land we were unable to relocate our store after the fire on April 11, 1983. We feel with the new addition on the Bad Axe location, it will give the people of this county and surrounding area a much larger selection from which to make their home furnishing purchases. We would like to extend a sincere thank-you at this time to the people that did patronize our Pigeon location and have supported us in our move to the one larger location.

We sincerely hope you will be able to attend our open house on Sunday, April 17th, between 1 and 5 p.m. and don't forget to register for the door prizes that will be given away that day also. If for some reason you can't attend, be sure and stop at your earliest convenience. We would sure like to see you, and have you see our new facility.

## SOUND-OFF!

Call 453-2323 anytime day or night to record your SOUND-OFF message. Selected statements will appear weekly in The Progress-Advance...so watch for yours!

The Elkton Woman's Civic Club has spent a lot of money and effort to improve the Flowing Well south of Elkton. We have more work to do there, which will be completed before the Strawberry Festival. We are very disturbed that people are dumping their household garbage in and beside the barrel, which we have placed there to stop littering. Please, please stop this disgusting act.

It sure doesn't take guts to belch out four-letter words. A three-year-old will repeat what his peers say.

We live on Sand Road in Caseville. It needs attention. Can't you grade it out and pave it? We need help down

here, when it gets rainy and muddy it gets hard to get through. What can be done?

We would like to congratulate Nickie S. on her new little baby girl, Sara. Love ya, Dena and Stacie.

I think they should fix Gagetown Road. It's very hazardous and dangerous. Signed, concerned.

I also saw "48 Hours." It was one of the best shows I've ever seen. The language was not that bad.

The stealing going on at Laker School is really sick. Setting bad example. What can be done, and when will it

begin? It's not safe to keep any valuables now.

How can you blame people for voting down taxes, when they take our tax money to build an airport? We already have two in the county and only a handful of our population benefit from it. If this money was used for roads and bridges, which we need desperately, it would go farther.

I understand the Elkton PTO Carnival is going to be extra-good this year, on April 30. I hope all the parents, neighbors and interested people come this year to make it a big success.

I'm in the process of planning a garage sale. Is Pigeon going to have a Community Garage Sale again this spring?

Last Monday night in Pigeon, a man lost his wallet with a large amount of money in it and all his credit cards, driver's license, important papers, etc. It's hard to believe anyone would keep the wallet and its contents, especially in a town like Pigeon where people are so friendly and honest (may I say one of the nicest places in Huron County).

To the person who took the wallet, wouldn't you want it back if it was yours? Did you ever think the money was to pay some bills? If you think you are doing something without anyone knowing about it, remember — God sees everything and one of his commandments is "Thou shalt not steal."

I think it's a crying shame that Burger King has to stoop so low to try to become number one, when McDonald's will always be number one. I mean, have you ever heard of the Burger King Marching Band?

## Pigeon news

Mr. and Mrs. Orville Eidt returned home after spending their sixth winter vacation in McAllen, Tex. at the El Rancho Motel Apartments.

While there they visited the "Children's Haven International" in Reynosa, Mex., Padre Island and other border cities in old Mexico. Enroute home, they spent the Easter weekend with their granddaughter and her husband, Rev. and Mrs. Robert Freysinger in Charlotte. On Sunday they attended the Easter service at the Brookfield United Methodist Church where Bob is the pastor. He had 12 baptisms of youth an adults that day. Pastor Bob was appointed to the Brookfield and Center Eaton United Methodist Churches last October after attending the Methesco Seminary in Columbus, Ohio.

Mr. and Mrs. William Parker were also guests of their daughter and son-in-law that day and also attended services.

## Thumb Area Club notes

### CASEVILLE AMERICAN LEGION AUX.

The Caseville American Legion Auxiliary met April 6 for a potluck dinner followed by a social hour.

The meeting was opened by President Marion Parent and a prayer was read by Chaplain Bettymarie Labrum.

A special workshop is planned at the Harbor Beach Hall on Saturday, April 23 from 9 a.m. to 3 p.m. It was noted that the auxiliary has donated \$400 to the legion for some new furniture.

A closing prayer was read by Chaplain Labrum. The meeting was closed by President Marion Parent.

### PIGEON WORTH WHILE CLUB

The April meeting of the Pigeon Worth While Club was held at the home of Betty Wurst.

Representing the club at the state convention April 26 in Traverse City will be Mary Jane Voelker and Mildred McIntyre. At the

county convention in Port Austin on May 7, Mary Jane Voelker, Marie Leppand and Marian Rathé will represent the group.

For the evening program, Judy Cobb from the Ben Franklin Store, Pigeon, spoke about "stenciling."

The fashion show project for April 27 was discussed, as was selling baked goods and cold drinks at the Farmers' Festival.

### OWENDALE RLDS WOMEN

The Women's Department of the Owendale RLDS Church was given a presentation by John Champagne, director of Champagne Funeral Chapel, Elkton, at a recent meeting.

He talked about making funeral arrangements in advance, especially in making wishes known to family members and explained how to discuss death with young children. The ladies toured the casket selection room following the talk.

Following the presentation, the group traveled to the home of Connie Dubs of

Owendale, where a short business meeting was conducted. The district workshop was discussed.

Members were reminded of the Mother-Child Tea set for May 6 at the church from 7 to 9 p.m., with a dessert luncheon and program planned.

A luncheon was served by Connie Dubs and co-hostess Charlene Craig of Pigeon.

### ELKTON SENIOR CITIZENS

Forty-three members of the Elkton Senior Citizens met at the Civic Center for lunch, with Dr. Wilson offering the table prayer.

Club President George Southworth welcomed two guests from Pigeon, Iola Bean and Lena Henke. Also welcomed were Sherman and Eva Day, the first "snowbirds" to return.

Music was led by Harold and Bea Gregor, ending with the hymn, "Because He Lives." Dr. and Leda Wilson were honored with the Anniversary Song on their 55th anniversary.

Get-well cards were signed for Ossie Wilson, a patient in Huron Memorial Hospital and Hazel Humphrey, who has just been released.

Laura Jimpkowski is recuperating at home.

Grapefruit and parsnips donated by the Days were distributed. Ray English introduced Gwen McLaughlin from the Huron Medical Care Facility, who showed pictures of various departments and described treatments available to patients. Pictures were also shown of the new park built for the patients and their families.

An open meeting will be held next week.

## Elkton news

Mr. and Mrs. Roy Scites and Mr. and Mrs. Gibson of Warren and Detroit visited in the home of Mr. and Mrs. Irven Coote on Saturday.

Mrs. Gloria Wheeler of Essexville spent the Easter holiday with her parents, Mr. and Mrs. Irven Coote.

## AB 31 (Sub-No. 7) NOTICE OF INTENT TO ABANDON SERVICE

The Grand Trunk Western Railroad Company hereby gives notice that on or about April 25, 1983 it intends to file with the Interstate Commerce Commission, Washington, D.C., 20423, an application for a certificate permitting the abandonment of its line of railroad known as the Cass City Subdivision (portion) extending from railroad milepost 92.84 near Pigeon, Michigan to the end of its line, milepost 99.63 at Caseville, Michigan, a distance of approximately 6.79 miles, in Huron County, Michigan. The line for which the abandonment application will be filed includes:

Stations	Near Milepost
Caseville	99.63

The Grand Trunk Western proposes this abandonment due to the decline in business which has produced revenue from this service well below the level of operating expenses required to provide service upon this line.

This line of railroad has appeared on the system diagram map in category 1 (S 1121.20 (b) (1)) since June 10, 1981.

The interest of railroad employees will be protected by Oregon S.L. Abandonment, 360 I.C.C. 91 (1979), conditions.

Any interested person, in response to this notice, is entitled to file with the Interstate Commerce Commission written comments concerning the proposed abandonment or protests to it.

Protests to the proposed abandonment (or discontinuance) shall at a minimum contain:

- (1) Identification of protestant including its name, address and business;
- (2) Statement of protestant's interest in the abandonment or discontinuance proceeding; whether protestant uses the involved service; and if it does not, information with respect to the group or public interest it represents;
- (3) Specific reasons for opposing the abandonment, including information with respect to protestant's reliance on the involved service, with allegations of fact supported by an affidavit of personal knowledge of the facts;
- (4) Any rebuttal of information or material submitted by applicant; and
- (5) Request for oral hearing and reasons therefor, if desired.

\*In addition, any comment or protestant may provide a specific statement of position and summary of evidence with regard to any or all of the following:

- (1) Intent to offer financial assistance;
- (2) Environmental impact;
- (3) Impact on rural and community development;
- (4) Suitability of the properties for other public purposes; and
- (5) Recommended provisions for protection of the interests of employees.

Written comments and protests will be considered by the Commission in determining whether an investigation is needed to assist in determining what disposition to make of the application. In the event an investigation is conducted, then the commenting party of protestant may participate in the proceeding as its interest may appear.

Those parties filing protests to the proposed abandonment (or discontinuance) should be prepared to participate actively in either oral hearings or via the submission of additional material in the form of verified statements. Parties seeking information concerning the filing of protests should refer to 49 CFR 1121.36.

Written comments and protests should indicate the proceeding designation AB 31 (Sub-No. 7) and should be filed with the Deputy Director, Section of Finance, Room 5417, Interstate Commerce Commission, Washington, D.C., 20423, no later than May 26, 1983. Interested persons may file a written comment or protest with the Commission to become a party to this abandonment proceeding. A copy of each written comment or protest shall be served upon the representative of the applicant, John C. Danielson, General Attorney, Grand Trunk Western Railroad Company, 131 West Lafayette Boulevard, Detroit, Michigan, 48226, telephone (313) 962-2260. The original and two copies of all comments or protests shall be filed with the Commission together with a certificate of service.

If no protests are received within 30 days after the application is filed, the Commission will grant the abandonment request and issue a certificate which permits the abandonment to occur within 75 days after the application is filed.

The line sought to be abandoned will be available for subsidy or sale for continued rail use, if the Commission decides to permit the abandonment for discontinuance, in accordance with applicable law and regulations (49 U.S.C. 10905 and 49 CFR 1121.38). Applicant will promptly provide upon request to each interested party an estimate of the subsidy and minimum purchase price required to keep the line in operation. The carrier's representative to whom inquiries may be made concerning sale or subsidy terms is John C. Danielson, General Attorney, Grand Trunk Western Railroad Company, 131 West Lafayette Boulevard, Detroit, Michigan, 48226, telephone (313) 962-2260.

Persons wishing further information concerning abandonment procedures may contact the Interstate Commerce Commission's Section of Finance, Office of Proceedings or the Commission's Rail Services Planning Office or refer to the full abandonment or discontinuance regulations at 49 CFR Part 1121.

A copy of the application will be available for public inspection on or about April 25, 1983 at Flint Station, Flint, Michigan, Hours: 8 A.M. - 4 P.M., Monday through Friday, R.D. Jensen, Agent. The carrier shall furnish a copy of the application to any interested person proposing to file a protest or comment, upon request.

## Elkton Village names '83-'84 committees

Elkton Village President Randy Haley has announced committee appointments for the year 1983-84.

### Concert series tickets on sale

Area residents in the Western Thumb area are invited to participate in the 1983-84 Bay City Community Concert series, which will bring four exceptional music programs to the Central High School Auditorium. Handling series' membership locally is Wanda Eichler, who can provide information about the series to interested persons. Slated to appear this year is the Swedish National Or-

Serving with Haley is President Pro-Tem Neilan Hoffman. Other Council members and terms are:

**Two-year Council Members:** (terms expiring in 1985) are Fred Santos, Sr., Neilan Hoffman and Claren (DeDe) Russell.

**One-year Council Members:** (terms expiring in 1984) are Wayne Knechtel, David Fisher, Barbara Thompson and President Haley.

**Other elected village leaders** include Clerk Darlene Ginter, Treasurer Dennis Learman and Assessor Phyllis Tamblin.

Village Committees (with chairmen listed first) include:

**Water Works, Street Lights:** Knechtel, Hoffman and Russell.

**Streets, Sidewalks & Drains:** Fisher, Hoffman and Thompson.

**Finance:** Hoffman, Thompson and Fisher.

**Planning, Regulations & Ordinances:** Russell, Hoffman and Fisher.

**Labor Relations:** Fisher, Russell and Santos.

**Parks, Cemetery, Farm & Recreation:** Santos, Thompson and Fisher.

**Housing, Environment & Sanitation:** Thompson, Russell and Knechtel.

**Police:** Thompson, Santos and Russell.

**Ambulance:** Knechtel, Santos and Hoffman.

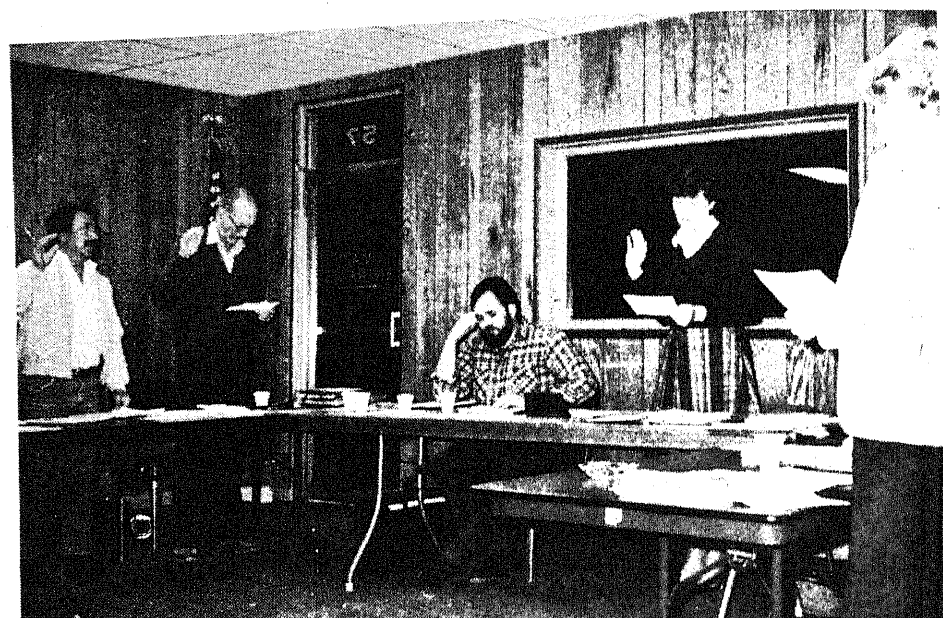

**Emergency Services Coordinator:** Diana Seley and Claren Russell (assistant).

**Ambulance Coordinator:** John Champagne.

**Police Chief:** Duane Alexander.

**DPW & Street Commissioner:** Walter Forster, supt., and Harold Renn, Sr., assistant supt.

**Attorney:** Presently unnamed.

**SWEARING-IN:** Elkton Village Clerk Darlene Ginter, center, swears in incumbent Council members Fred Santos, Sr., left, Neilan Hoffman and first-time member Claren Russell at last Tuesday's meeting.

## Elkton awards to new insurance carrier

Elkton Village Council members faced a tough decision last week and finally decided to award the village's insurance bid to an out-of-town agent.

The \$11,412 annual premium will be paid to the Lee Steinman Agency of Pigeon, Council members decided at the April meeting last Tuesday. His bid was several thousand dollars lower than the final bid of the Thumme Agency of Elkton, whose final bid was \$14,818 for all village coverage for the year beginning April 1.

Finance Committee members had received four bids in recent months, but determined only the Thumme and Steinman bids to fully comply with village needs. The difference between the bids is \$3406. "We didn't like to go with an out-of-town agent, but we're here to do the best we can with village residents' money," one Council member said following the meeting. "It was a tough decision."

**WATER BUSINESS:** Council members adopted the village's new water ordinance as presented by Village Attorney Michael Dennis. Also, DPW workers will install remote-reading

meters to all available residences for a \$20 fee. This change was started last August and is now being finalized. Water hook-up deposits of \$75 will be enforced from now on.

**PARKING:** No parking signs will remain on the south side of Weber Street near Active Industries, while new two-hour parking limits will be enforced on the north side of the street. Several workers have been parking there, blocking driveways and not using Active's normal parking lots nearby.

**AMBULANCE:** Coordinator John Champagne gave the Jan. 1-March 31 quarterly report for the Elkton-Oliver Ambulance Service. A total of 25 runs were made, including 14 emergency, six non-emergency and five transfers. Runs totaled: 13 in Oliver, three in Grant, two in Lake, three out of area and one each in Chandler, Colfax, Caseville and Winsor Townships.

Now, 12 full Ambulance Service volunteers are on the membership roll, with three on standby. A total of 106 hours and 992 miles driven were recorded in the quarter. Rates may be revised in coming weeks, as expenses rise, Champagne told Council.

"These people are

volunteering more than just their regular time," Champagne said. "They're giving the village and township excellent, considerate service."

**T-BALL OKAYED:** On a recommendation by citizen Sue Dean, Council approved expenditure of nearly \$700 to provide a T-ball diamond for young boys' and girls' teams. The diamond will be built of clay and leveled ground at the northwest corner of the old diamond at Ackerman Memorial Park.

Also, DPW crews will add two fence openings between the park and Elkton Elementary School, to provide easier access between the facilities. Additional electrical service will be provided at the park, to give more power during the Strawberry Festival and other events.

**BIDS:** Smith and Brown Street black-topping bids will be sought, to be due June 7. And, the Village building's roof needs repairs and possible recoating, which will be sought by bids before May 2.

**GARBAGE, CEMETERY:** During the March meeting, Council awarded the trash pick-up contract to Cove Sanitation of Bad Axe, for \$2.60 per month, or \$858 per month for the village's 330 residences.

## ACCEPTING BIDS

Bay Port, Michigan 48720

One Bay Port area couple had that opportunity recently, during a six and a half week trip to the countries of Honduras, Costa Rica, Nicaragua and Guatemala.

Several factors motivated Pat and Merlin Yoder to embark on the journey, they say. Merlin had served as a volunteer church worker in Costa Rica from 1970 to 1972 and he was interested in renewing acquaintances made then, as well as noting changes in the country since that time.

The couple says another reason for going was to "get an education" about the political situation and its results there.

The first stop for the couple was a refugee camp in Honduras, populated by approximately 10,000 people who fled the fighting in neighboring El Salvador.

The location of the place, called Camp Mesa Grande, is about 25 miles from the El Salvador-Honduras border. The refugees were moved to this location from an earlier position so close to the border that gunfire from nearby fighting could be heard in the camp.

Yoder was able to speak with some of the refugees by using Spanish which he learned during his work in Central America. He says conversation was difficult however because he didn't really speak the language to any extent since he left the area 10 years ago.

He learned from the refugees that many of them have been displaced since the fighting began in 1979. They left because it was getting too dangerous to live there, the refugees explained. Leaving the country was the option they chose, rather than siding with either the government or the guerillas.

Crossing the border was not an easy task. Many of the refugees traveled at night and hid during the day to avoid detection, says Yoder.

Their problems were not over when they reached the border, he points out. He was told by the displaced Salvadorans that the Honduran army often drove these persons back across the border unless international observers, such as UN workers, were present to pick them up and escort

them safely to the refugee camp.

The government of Honduras accepts the refugees' presence there with reluctance and guards the camp to ensure that their stay is temporary.

Yoder says he got the impression that the refugees equally feared the guerillas and the Salvadorian army from the conversations with camp residents. This idea doesn't correspond with the view of the Salvadoran government that the refugee

camp is a group of guerillas, notes Yoder.

Food is provided to the camp by the United Nations High Commission on Refugees. Corn (used to make flour), rice, beans, eggs and cattle to be butchered are trucked to the camp by the UN organization.

Other church organizations work with people in the camp, including the Mennonite Central Committee.

## Yoders impressed with spirit found in refugee camps

(MCC), which is in charge of housing, a water project, latrines and a garden project, and a Catholic organization called "Caritas" which is responsible for education and nutrition.

Most of the people in the camp live in tents, with about 20 people living in areas 25 feet square. MCC has helped the people construct some wooden, prefabricated buildings but the Honduran government has ordered them to stop, claiming that the buildings are too permanent.

Although the refugees view the situation as temporary, they work hard at improving conditions in the camps.

"They are a very industrious people," says Yoder. "Most of the people are organized and working."

"They find out what their skills are and then put them to work making hammocks, pots and pans, sombreros, shoes, clothes and cement blocks used to build latrines among other things."

Yoder was impressed by the community spirit he saw in the camp. That spirit and the hope of an end of the fighting in El Salvador enabling their return home

makes life bearable despite the situation, adds Yoder.

The Yoders also traveled to a Honduran village where dentists with an interdenominational organization called World Gospel Mission pulled teeth for poverty-stricken people. Over 1,150 teeth were pulled in a period of four days by the dentists, Yoder says.

One woman had 15 teeth pulled during one sitting, and when questioned by the dentist about how many teeth were to be pulled, another woman answered, "One." The dentist had no problem locating the tooth to be pulled, because when she opened her mouth only one tooth was there.

The Yoders were present in Nicaragua at the same time the Pope was visiting there, although they only saw him on television. The Sandanista government provided buses to transport people from the countryside to take part in the Mass celebrated by the Pope. Many people refused the government transportation, choosing instead to travel in trucks or on foot to the nation's capital.

The government there has been successful in several areas, Yoder says. A literacy campaign launched

by the new Nicaraguan government has reduced illiteracy dramatically.

Food is relatively inexpensive, although some items are rationed. Eggs, for example, are priced at about one-fifth the cost in neighboring democratic country, Costa Rica, Yoder says.

The final stop on the trip was in Guatemala, where they visited nurses, sponsored by MCC, who work with the Miskito Indians. The natives there were the poorest and most exploited people the Yoders met in Central America.

Many of these people were killed or injured by government troops, says Yoder. The Indians formerly were scattered throughout the

mountains, but have recently gathered in villages for the protection offered by the group.

On one occasion the Miskitos were given permission by the Guatemalan Government to settle on land in a government military reserve. After a two-year period, during which the Indians cleared the land and began to plant some crops, the government forced them to move and took control of the area.

Although the minimum wage there is \$3.50 per day, many Indians are actually paid \$1.50 per day by the landowners for tasks such as picking coffee.

The government also forced Indians to cut down huge trees bordering roads and

repair roads with hand tools, though such actions benefited the landowners, not the Indians.

The Yoders say that

although they learned a great deal on the trip and wouldn't trade the experience, they are glad to be back home.

## Huron County provides up-to-the-minute tornado rules

To know what to do when a tornado warning is received, or a tornado is observed, may mean the difference between life and death, according to Michael L. Gage, director of the Huron County Emergency Services Office.

He reminds people that when tornado season is upon Michigan from April through July, this is the time to know exactly what to do in the event of severe weather conditions, whether you're at home, school, in the car or elsewhere.

The best action to take upon receiving a tornado warning is to take cover.

### AT HOME

Do not take time to open a window. It is a property saving suggestion, not a life-saving one. The precious few minutes available should be spent in taking cover. The theory is that opening a leeward window could help minimize destruction. But there is absolutely no way a person can know for sure which way a tornado will strike. The action could maximize destruction if a person opens the wrong window.

Take shelter in an interior room without an exterior wall on the lowest floor. For persons in the process of building a new home, the estimated cost for adding an interior room addition as part of the new residence is about \$1500.

In homes with basements, the basement is the lowest floor. Basements are considered preferred places of shelter.

### IN SCHOOLS

In schools with permanent structures, children should seek shelter along a hall on the lowest floor away from doors and exterior walls.

They are advised to avoid straight hallways, especially those with doors, windows or other openings on either end. The safest halls are those with turns, L-shapes. A structural engineer is the best source of information for school officials in deciding the safest course for each particular school.

In schools with temporary classrooms or room module additions, persons should leave the temporary rooms and seek permanent structures.

### COMMERCIAL BUILDINGS

Many commercial buildings are unsafe, because of their load bearing walls, built for economy, not safety. Stress on a wall causing it to will result in the room collapsing inward also.

### MOBILE HOME PARK

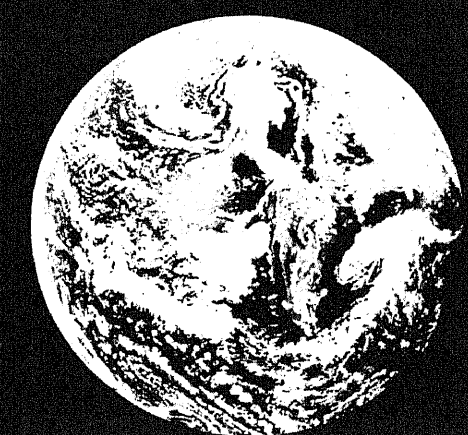

Anyone living in a mobile home during a tornado is in a life threatening situation. The best shelter is a permanent structure.

A culvert could be constructed as a community center and would also act as a safe haven during a storm. The culvert could be reinforced on its sides with earth.

If a permanent center is not available, then people should seek a permanent building. Some park residents have good community relationships with neighbors and may enter their homes in the event of a tornado warning.

### AT SHOPPING CENTERS

Probably the best suggestion is to stay in the center along an inside interior wall, not in a straight alley or hallway between entrances.

**Of all the winds that sweep this planet's surface, tornadoes are the most violent.**

Glass/clad buildings and structures are not designed to be tornado safe. There probably is a safer area toward the interior of the building, away from the glass exterior.

### IN FACTORIES AND INDUSTRIAL PLANTS

On receiving a tornado warning, a lookout should be posted to keep safety officials advised of the tornado's approach. Advance preparation should be made for shutting off electrical circuits and fuel if the tornado approaches the plant.

Workers should be moved to sections of the plant offering the greatest protection.

### RADIO INFORMATION

Tornado watch and warning information for Huron

County and the surrounding areas is given over WLEW Radio, Bad Axe, 1340 AM - 92.1 FM.

Report all unusual weather information to your local law enforcement agency or call Huron County Emergency Services office in Bad Axe.

### Eligible for WIC?

A supplemental food program for women, infants and children is provided by the Huron County Health Department with the goal of insuring a better quality diet for participants.

Women who are pregnant or breast-feeding infants or who have infants and children under age five may call the health department to determine their eligibility, say spokesmen of the department.

## Nitrogen solution. Why it could be your best buy.

There is a very good chance nitrogen solution may be your best nitrogen buy. It offers so many advantages over other nitrogen forms.

You can tank-mix with herbicides or clover seed and save one or more trips across the field. You get a timely professional application with uniform coverage and improved N placement.

And only nitrogen solution offers three forms of nitrogen, for quick seedling boost as well as long-lasting availability.

Before you make any fertilizer decision, contact us for our recommendations and prices. Helping you produce more is what we're here for.

### ARTS AND CRAFTS DISPLAY

Registrations are now being taken for the Arts and Crafts Show to be held at the library during National Library Week, April 18 to 23. Persons are asked not to display quilts since the annual quilt display will be conducted again this year during Farmers' Festival Days in July.

This year items will not be sold at the exhibit.

Items being placed on display may be brought to the library on Saturday, April 16 between the hours of 9 a.m. and 5 p.m. or on Monday, April 18 before 2 p.m., set-up time.

Registration began on Monday, April 11 and will continue to the time of set-up on Monday, April 18 by contacting any committee member. Committee members this year are Mrs. Floyd Barrett, Mrs. Charles Dutcher, Mrs. Paul Baur and Mr. Duane Wurst.

### SATURDAY STORY HOUR

"Stories of the Wild" will be featured at Saturday Story Hour on Saturday, April 16, at the library.

"Little Black Sambo", "A Wise Monkey Tale", and "Grabanski's Wild Animals" will be the stories on that day. Jane Himmel will be in charge and also plans a take home project for the children.

Story Hour begins at 1 p.m. All early elementary age children are invited to attend.

### PRESCHOOL STORY HOUR

"Rain" will be the theme of Preschool Story Hour on Tuesday, April 19 at the library.

Featured stories include "The Rain Puddle".

"Henry's Awful Mistake" and "A Drop of Water". Jane Himmel and Naomi Jantzi also plan exercises, fingerplays, flannelgraphs, games and songs for the children.

Two sessions of Story Hour are conducted weekly. The first session is from 9:00 a.m. to 10:00 a.m. and the second is from 10:30 to 11:30 a.m. All area preschoolers are invited to attend the session of their choice.

### MEET OUR STAFF

This week in our "Meet Our Staff" section we are featuring Mrs. Naomi Jantzi, library aide.

Naomi started working at the library on March 1, 1983. She is married to John Jantzi and they live on Gagetown Road near Pigeon with their two boys.

Naomi's jobs in addition to circulation include helping with Story Hour, School Classes, keeping scrapbooks up-to-date, calling overdue books and fines, and helping with the Summer Reading Program and Used Book Sale.

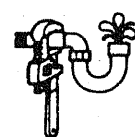

Naomi's hobbies including reading, music, knitting, crocheting, and bird watching.

### FREE BOOK BAGS

To celebrate National Library Week, April 18 to 23, the library will be giving a free book bag to patrons coming in to check out books.

Children accompanied by adults will receive a book bag when they check out a book. Book bags will not be given out to school classes.

So come in during National Library Week, check out a book or two, and receive your free gift from the library.

## Village Minutes

ELKTON VILLAGE COUNCIL

REGULAR MEETING . . . . . APRIL 5, 1983

The regular meeting of the Village Council of the Village of Elkton was called to order by President Haley at 7:30 p.m. Council members present Thompson, Santos, Hoffman, Knechtel, Fisher and Claren Russell.

Motion by Thompson supported by Knechtel to approve election results of the following trustees for two year terms: Claren Russell, Neilan Hoffman and Alfredo Santos, Sr. Carried.

Officials were then sworn in by Clerk Darlene Ginter.

Motion by Santos supported by Thompson to approve with the correction of the cemetery lots the minutes of the previous meeting. Carried.

Finance committee chairman Neilan Hoffman read committee report and stated that Mr. Lee Steinman of Steinman Agency was allowed to give firm bid as of April 5, 1983 by committee action of items he did not include in his previous bid. Mr. Steinman presented the additional items to each council member. Mr. Hoffman then let Mr. Thumme review Mr. Steinman's additions being he was the original holder. Mr. Thumme said he had a reduction in the liability policy of \$904.59 making his bid \$14,818.00 from an original bid of \$15,722.59. Steinman Agency bid totaled \$11,412.40. Motion by Fisher supported by Hoffman to accept Steinman Agency bid of \$11,412.40 effective April 1, 1983. Five years, one day. Motion carried.

Neilan Hoffman water committee representative gave water committee report. Motion by Santos supported by Hoffman to accept the water ordinance as presented by attorney. Carried.

Motion by Thompson supported by Russell that we carry on with remote water meters with a \$20.00 installation fee and a \$75.00 water deposit as stated in Section 19 of ordinance. Carried.

Randy Haley asked that LaVern Chietti be granted a variance on the deposit being his situation was an isolated problem. Motion by Russell supported by Knechtel that Mr. Chietti have his water turned on with no deposit. Carried.

Dave Fisher, chairman of the street committee read report of his committee. He requested that there be 'No Parking' on north side of Weber Street and 'Four hour parking' on the south side of said street. The alley will be tabled for further study. After much discussion, the above recommendation was amended. The 'Four hour parking' will be changed to 'Two hour parking' on a trial basis. Motion by Santos supported by Russell for the above amendment. Carried.

John Champagne, ambulance co-ordinator, gave first quarter ambulance report. He reported that 10 EMT's are going to Cass City for additional training. John asked if council would approve a stand-by of eight miles out of town for four to five hours weekly on weekends. He said at this time volunteers will not do this but he wanted to alert council. Council was not in favor of this at this time. John would like to meet with committee and review rates.

Finance committee will advertise for applications and interview attorneys. Resumes will be due April 14, 1983 and if more than three applicants are received a special meeting will be called for on April 19, 1983.

Motion by Russell supported by Thompson to approve all appointment except Michael Dennis, attorney. His will be a month basis at this time. Carried.

Motion by Fisher supported by Hoffman to approve payment of bills presented. Carried. Wait will check with Clara Finckbeiner about canvas for pavilions. Barrel covers were tabled pending report for Neilan Hoffman. Motion by Santos supported by Knechtel to approve T-Ball diamond at approximate cost of \$700.00. Carried.

Motion by Fisher supported by Hoffman to approve purchase of a service box and rental of one port-a-john for the Strawberry Festival and approve the tentative plans of the Jaycees for the festival. Carried. (Final approval will come from Walt Foster).

Dave Fisher complimented DPW department on the plaques they made for Main Street. Ron Snider from Pioneer Cablevision told President Haley that construction is beginning on May 1, 1983 and hook-up on July 1, 1983.

Motion by Fisher supported by Santos that village will pay for expenses for anyone attending meeting on April 14, 1983 in Harbor Beach. Carried.

Fred Santos, parks chairman reported on a proposed construction of an all purpose building at the park. Estimate cost if \$12,000.00. Motion by Russell supported by Thompson to form a committee with two representatives from each organization in the village to contemplate construction of the building. The parks committee will be our representative. Carried.

Adjourn at 10:10 p.m.

### THE MIRACLE OF A BABY IS THE CONTINUATION OF LIFE

A baby is God's opinion  
that the world should  
go on.

— Author Unknown

Here's a tiny new face  
Often taking its place  
In the home of some people you've known.  
Whether neighbors' or friends'  
Or relations' depends;  
Or it might even be in your own.  
It's tradition's intent  
That this blessed event  
Should continue the family name,  
And we never can know  
If the future will show  
It will earn the distinction of fame.  
But give thanks to the Lord  
That this living reward  
Represents His most wondrous invention;  
For this baby appears  
Just to add to our years,  
So our lives will receive an extension.

— Gloria Nowak

### Prayer Breakfast hosts speaker

The Wednesday, April 13 meeting of the Elkton Prayer Breakfast will feature Laurie White as guest speaker.

Mrs. White, a life-long resident of Huron County, is actively involved at the Bad Axe Free Methodist Church in the "Reach Out in Love" program which involves evangelism, prayer, service

and discipleship. She also leads a Ladies Bible Study entitled "You Can Be the Wife of Happy Husband," based on Doreen Cooper's book.

Free babysitting is provided at the Elkton United Methodist Church. The session begins at 9 a.m. at Dunn's Restaurant, Elkton.

### UMW President to visit Thursday

Mary Jane Jewell, Detroit Conference president of United Methodist Women, will speak at the First United Methodist Church, Pigeon this Thursday, April 14 at 7:30 p.m.

Mrs. Jewell, who lives in Pontiac, will share slides about India where she and

Mary Jane Jewell

her husband, a physician at Children's Hospital in Detroit, traveled last fall. While in India, the Jewells attended the International Congress of Christian Physicians in Bangalore, India, saw medical work in Vellore (Vellore Christian Medical College) and Ludhiana (Ludhiana Christian Medical College and Hospital), and visited friends in Nepal.

A time of fellowship and refreshments will follow the presentation. The United Methodist Women of First Church invite all area church women to be present for this special evening.

### Church news

#### RLDS SENIOR CITIZENS

Members of the Eastern District RLDS churches conducted their monthly meeting at the Bay Port church, beginning with a potluck dinner with John Abbe blessing the food.

May Day presided at the business meeting welcoming members and one guest, Mrs. Chester Bartlett of Midland.

John Abbe announced the Owendale Church dinner will be on April 8, where benefits will go for the Grandparents Organization and Sheltered Workshop.

Happy Birthday song was extended to Mrs. Henry Deering and Mrs. Leonard Faltyn and the Anniversary song to Mr. and Mrs. Kenneth Gardner.

Mrs. Faltyn gave a book report, "When It's Hard to Forgive," by Goldie Bristol. The May 2 meeting will be hosted by the Owendale RLDS church.

#### CHANDLER GUILD

Mrs. Rae Young presented a Bible Study lesson from Psalm 19, Wednesday evening when the Chandler Presbyterian Guild met in the home of Mrs. Roy Drummond. Mrs. George McPhee was co-hostess.

Mrs. McPhee opened the meeting with prayers. Mrs. Drummond read the least coin selection and Jean Kasserman read an article from A.D. Mrs. Young is still collecting clothing for the needy.

Roll call response was a plant exchange.

The May meeting will be with Margaret Fleming.

### Revival meetings begin

Revival meetings will be starting on Sunday, April 17 at 7 p.m. at Fairhaven Mennonite Church, Bay Port. Services on April 18 to 20 will begin at 7:30 p.m.

The evangelist will be William Miller of Indiana.

### Sixty Seconds

### Whose are you?

#### Read Ephesians 2:4-10

Paul, a servant of Jesus Christ, called to be an apostle, set apart for the Gospel of God . . . Romans 1:1

"Who are you?" A common question, but not necessarily an easy one. We all want meaning in life, purpose and a reason to be. In our families, in school, at work and in society we strive in order to gain recognition.

Everybody seeks to be SOMEBODY. Yet many say they feel more like a NOBODY. They don't know who they are. WHO we are depends finally on WHOSE we are. That is the Bible's answer to all who may or may not be experiencing an identity crisis.

If we belong to someone important and powerful, our status and personhood are secure.

Give us a name, and we have the one thing, more than any other, that opens doors for us.

When Paul wrote to the Christians in Rome - people whom, for the most part, he had met personally - he told them WHO he was by telling them WHOSE he was; an apostle sent by the One who had risen from the dead.

He represented Jesus, who was designated as God's son with power.

Easter made Paul a somebody. We also are somebodies, because we belong to Him who died and rose again.

"See what love the father has given us, that we should be called children of God; and so we are." 1 John 3:1

Risen Lord, we rejoice to be Yours. Help us to be faithful servants for the furtherance of the Gospel. Amen.

ASK DR. COE  
By Dalton P. Coe, D.D.S.

All too frequently patients present themselves to our offices with severe burns of gums, cheeks and tongue. The burns are usually caused by acetylsalicylic acid - aspirin. In attempts to treat toothaches it is not uncommon for people to crush or place a whole aspirin over the affected tooth. Unless the aspirin is swallowed, it not only gives no pain relief, but also makes matters worse. Because it is an acid, aspirin will burn the skin, causing it to turn white and slough off. This then exposes the underlying flesh to infection from bacteria present in the mouth. In addition this same acid acts like acid secreted by bacteria which caused the original tooth decay. Its presence on the tooth may actually increase the dental pain!

A second substance which is often abused as a home remedy for toothaches is alcohol. Alcohol consumed to alleviate a toothache generally causes some unusual, if not amusing personality changes, but does precious little to cure the pain. Alcohol is a desiccant to the oral tissues. That is to say it draws water from the skin cells of the mouth. On a long term basis, the use of alcohol can be a contributing factor to acid ulcer. If it is used for to treat post extraction pain, it may contribute to the formation of dry sockets. A dry socket is a painful condition whereby the clot is lost from the extraction site, exposing the underlying lineal nerve to oral lubricant.

Even hydrogen peroxide which in diluted solutions is used to treat trenchmouth, can be damaging. Hydrogen peroxide is a mild acid. If it is used full strength, as it comes from a bottle (about 3%) it may cause slight burning sensation. It should always be diluted with an equal amount of water. Hydrogen peroxide should not be used as a post extraction rinse because it reacts with blood to free oxygen at the same time distributing the blood clots. This may again lead to dry sockets.

Dental pain should be investigated when it is first noticed. Home remedies should only be applied when they are recommended by your family dentist.

## Woods & Waters

by Duane Guenther

### A little more sand please ...

There is something about food and the out-of-doors that go hand in hand.

Ask any deer hunter how his season was, and he will usually remember the supper of venison tenderloins smothered in fried onions, more readily than the total number of deer he saw that year. That is if he had a good camp cook.

Talk to a duck hunter about yesterday's great flights around Maisou Island, and he will probably mention the monumental breakfast that he consumed at the Country Kitchen or the Dutch Kettle.

Take a fishing trip up north, with a few friends, and before you get out of Bay City, the guy in the back seat is screaming, "When are we going to eat?"

Some sportsmen pride themselves on their ability to subsist on a Spartan-like menu during their forages into the great outdoors. After weeks of beef jerky and granola bars, they return home to raid the refrigerator like ravenous bears, eating everything in sight, while extolling the virtues of food-self-denial. Don't look at me! I'm not one of them.

I discovered, at a very early age, that learning to cook and being able to plan menus effectively, added zest and down-right enjoyment to any outdoor activity. Through the years, I have had some of the world's greatest teachers.

The first, was one of the best cooks on the face of the earth, my Mom. Leaving home at a very early age, she took the foods of her French descent, coupled them with the wholesome fare of a lumber camp where she first worked, and adding the favorites of a German husband, she combined her skills and knowledge into a palate-pleasing, culinary art.

I knew she was special, when on my first camping trip as a Boy Scout, under her guidance and direction, I nonchalantly prepared a breakfast of crepes (my family called them egg pancakes) stuffed with homemade pork sausage, while the remaining wild-eyed, slobbering jawed members of our troop, munched sand-filled peanut butter sandwiches amid much wailing and gnashing of teeth.

Although I never cooked while I was at home, (my mother was from the old school that waited on their men-folk hand and foot) I certainly paid close attention to what was going on in the kitchen. I soon found that there wasn't any big mystery to food preparation if you weren't afraid to tackle it.

Later on, my learning was confined when my older brother took me under his wing, and I began my duck hunting apprenticeship. It didn't take me long to discover that besides shooting, setting decoys, handling a boat, building blinds and dressing properly, a good duck hunter must also know how to eat.

We would begin a hunting day at our Mom's kitchen table. There we would fortify ourselves with mountains of crepes, fried eggs, ham, sausage and toast with homemade jam, washed down with cup after cup of steaming, black coffee. Later, hunkering down in the blind, with horizontal sheets of frozen rain rattling off my Hodgeman Hood, I would unhappily munch a soggy, bologna sandwich while I cast an envious eye on my brother's lunch pail.

He had a way of pulling surprises out of his pail that made Christmas morning look like an average rainy Monday. First there would be the wide mouthed thermos bottle filled with hot chili or spaghetti with miniature meatballs. Next, he would partake of special, layered sandwiches, complete with lettuce, Swiss cheese and other tantalizing condiments. One day I watched

*I discovered, at a very early age, that learning to cook and being able to plan menus effectively, added zest and down-right enjoyment to any outdoor activity. Through the years, I have had some of the world's greatest teachers.*

in complete horror as his hand disappeared inside and slowly returned with a small can of Vienna Sausages packed in wine sauce. Desserts would be plastic containers filled with fruit pies, or creamy cakes, and his drinks would always be bouillon or other good smelling liquids.

Mental notes and calculations were quickly made and stored away. In a very short time, my Herter's shell box, which doubled as a lunch pail, became a delicatessen of gourmet delights that enchanted my duck hunting days for years after.

A rather short, foul-smelling Indian guide, on a fly-in fishing trip to Ontario, added to my knowledge of outdoor food preparation. While I watched in amazement, he turned a lake-side, flat rock into a dining table of culinary prizes.

Using a canoe paddle as a work table, his flashing knife reduced a half-dozen fat walleyes into choice filets. One large, black, cast iron frying pan, holding sizzling grease, received the filets that were freshly dipped in a flour and egg batter, while a second pan turned thickly sliced potatoes and onions into a golden brown side dish.

A can of beans, with its top opened, but still attached to form a handle, bubbled from its warming spot, nestled in the hot coals of the fire.

The meal was topped off with a pail of boiled coffee that received a splash of cold lake water to settle the grounds before it was poured into our waiting cups. Roughing it? Yes, but in style ...

Fortune continued to smile on me, and when the time came to marry, not only did I find a good-looking, warm, sensitive, excellent dancer for a wife, but miracles upon miracles, she turned out to be a sensational cook.

Early family camping trips were spiced with delectable morsels of her German-Russian heritage, plus item after exotic item gleaned from cookbooks, food magazines and cooking friends. Returns to the camp after hunting or fishing ventures, are always met with nostril-pleasing aromas and wholesome foods that are prepared with zest and pride.

If you like, on your next hunting or fishing trip with me, you may savor your slightly soggy, sand-filled, peanut butter sandwich. But, as for me, I think I'll have some lacy-crisp potato pancakes, smothered in hot applesauce, complimented with a couple of Eggs Benedict simmering in hollandaise sauce.

Oh! By the way! Would you pass the claret -- and a little more sand for my partner -- please.

## Caseville School

in the news!

By DAVID WATTS

The boys' basketball team split a pair of games with USA 2-3 and 4-2. The seniors are presently touring New York City and Washington, D.C.

CASEVILLE SPLITS

WITH USA

The Caseville Eagles split a pair of non-league baseball games with visiting USA. The Eagles dropped the first game 3-2 but came back to win the second game 4-2.

Mike Duffy was the losing pitcher in the first game while Brian Gembarski picked up the win in the second battle. Gembarski notched nine strikeouts.

An angle on Michigan angling

Steelheaders, smelt-dippers and other anglers can get a line on just where their favorite Michigan sport fish are biting this spring by calling the Michigan Travel Bureau's toll-free 24-hour Conditions Report Line. Within Michigan, fishing buffs can dial 800-292-5404. Out of state anglers dial 800-248-5708.

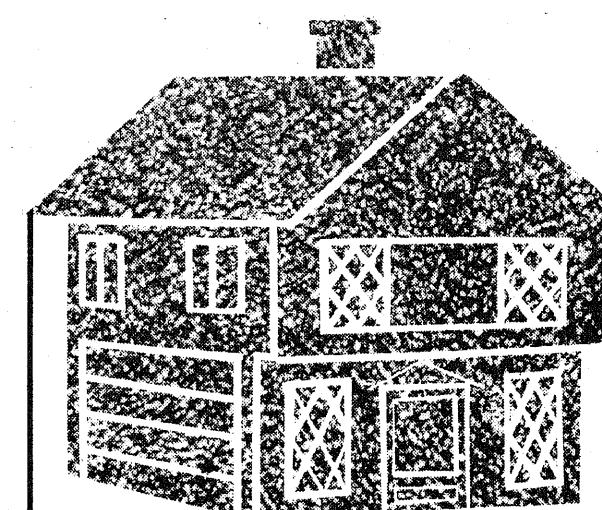

Those who call will hear a recorded message that tells current fishing conditions, where they're biting, what they're biting on, and a word about festivals and other travel happenings in Michigan. The report is updated weekly or as often as conditions demand, and can be called any hour of any day.

Mike Duffy led Caseville with four RBI's. Brian Siegfried stole seven bases.

SENIOR TRIP  
Seniors are enjoying a five day trip to Washington, D.C. and New York. They will be expected home early Friday.

Aboriginal research club meets

The Thumb Aboriginal Research Club will have its monthly meeting on Monday, April 18 at 7 p.m. in Room 201 of the USA High School, near Sebewaing. There will be films, a speaker and refreshments. The public is welcome.
