

If you think this year's Elkton - Pigeon - Bay Port High School Homecoming is busy, just wait until you see next year's!

Laker High Principal

James Ballard is coordinating special plans to commemorate the 25th graduating class from one of Michigan's most successful -- and long-lasting -- con-

solidated school districts. The year-long commemoration recognizing the Class of 1985 would include:

■A rare Saturday after-

noon Homecoming football game next October;

■ Invitations to all Thumb B Association school marching bands to join in the Saturday morning

Homecoming Parade. Plus, past cheerleaders, majorettes and an Alumni Band would be invited to participate;

■ A huge noon time

barbecue, to give past classes a chance to meet informally:

■ A 2 p.m. game kick-off, featuring past Homecoming queens and kings, football teams and coaches;

■ An Alumni Dinner-Dance later that evening, with proceeds to raise funds for a Laker High School Alumni Scholarship.

Ballard's silver anniversary proposal was received warmly from Laker School Board members at last Tuesday's meeting, who allocated up to \$500 in start-up expenses. Ballard said the money will be used for mailing expenses in contacting former class members, teachers and other school boosters.

The 1985 Graduation guest speakers would be past valedictorians and salutatorians, perhaps the first leaders from that initial 1961 graduating class, Ballard says.

"Laker High School is a shining star in the State of Michigan," he told the Board last week. "It's a consolidated district that has done very well. We want to celebrate the fact that it has succeeded, and very well."

Laker Supt. Harry Brunet noted all three EPBP Superintendents, the four High School Principals and past coaches and faculty members would be invited. An estimated 3100 students will have graduated from the school by next year, observers say.

Ballard is seeking persons interested in forming a Community Committee to help plan many possible parts of the year-long observance. Interested persons should call him at Laker High School at 453-2348 weekdays.

One of these young gentlemen and ladies will be picked as 1983 Elkton - Pigeon - Bay Port High School Homecoming King and Queen, during Friday night's football game hosting the Reese Rockets.

ABOVE, Senior men King candidates pictured kneeling, from left, include Dave Cunningham, Dave Voelker, Jeff Desotel and Leonard Garza. Senior Queen candidates, seated from left, are Amy Buchholz, Michelle Danks, Tammy Ginter and Melissa Bivens.

AT RIGHT, Sophomore Court members are, from left, Jamie McBride and Debbie Ginter. Junior Court members are Buck LePage and Lori Diener, as selected by Laker students.

The fourth annual Laker Homecoming Parade kicks off from Pigeon ELeментарy School at 6:30 p.m. Friday, marching to the VFW Hall south of Pigeon. Game time is 8 p.m. for football.

BELOW, Laker Homecoming Week organizers Kris McArdle and Dawn Schuette look over their schedule. A powder puff game was featured, and jersey day, baby day, tourist day, pajama day and paint your face day were part of the fun at school. A 1 p.m. Homecoming Pep Assembly is planned at Laker Field Friday.

The Progress-Advance has earned five more excellence awards from the Michigan Press Association, bringing to 23 the total state awards won since 1979. The total is more than any other Huron County paper has won.

This year's honors include a Second Place Certificate for Sports Coverage, a Third Place Certificate for Human Interest Story, a Third Place Certificate for Use of

Graphics and Third Place Certificates for Editorial Writing and Editorial Page. All awards are in the small newspaper class (weekly Class D) with circulation under 3000 copies.

About 300 Certificates were awarded in Michigan this year, as presented to 81 weekly and 38 daily papers from among 1392 entries received.

The Tuscola County Advertiser was chosen for first place in General Excellence in its category this year. It was awarded four awards in all. The Cass City Chronicle won one second-place award in its category, the Sanilac County News in Sandusky two awards (one second- and one third-place) and the Huron Daily Tribune in Bad Axe two third place awards.

In past articles we have discussed anxiety in children and its control while in the dental office. What about big children? Let me describe a couple of fictitious characters, Bob and Carol.

Bob is about 6'4", very athletic, successful in life, good looking, a real world beater in all respects - almost all respects. When Bob walks into the dental office, he is jovial and laughing. His voice is loud! When Bob is taken back to the dental chair, he becomes very quiet, his skin becomes almost gray in color. He begins to sweat profusely. He grips the arms of the chair so tightly, the tendons and muscles in his arms are bulgy and his knuckles turn white. All of this before the dentist even enters the room.

Carol on the other hand is very quiet upon entering the dental office. She looks very stern - almost mad. If she says anything at all, it usually is "I'd rather have a baby than be in a dental office!" When Carol is placed in the dental chair, she sits there coiled like a spring. Ready to go off with one wrong touch. A veritable Jack-in-the-box with teeth!

Both Bob and Carol's saliva glands work as if they could put out the Great Chicago fire. Their tongues continuously do a Charles Atlas number on the dental mirrors, handpieces, cotton rolls - or anything else in their mouth. By the end of the appointments, Bob and Carol are physically and mentally fatigued. They've been working very hard - harder than they needed to!

We are all children when it comes to fear of pain. The devices techniques and medications used to help youngsters through their dental appointments, can also be used for adults.

Fortunately, there is very little stigma today regarding the use of medications to reduce anxiety. If you know someone who is like Bob and Carol, tell them there is help. There is no need for anyone to suffer from anxiety as well as dental disease. Modern dentistry can help with both.

Who will be crowned Eagle Queen?

One of the young ladies holding the football will be crowned 1983 Caseville High School Homecoming Queen, during festivities at halftime of Saturday's game against the North Huron Warriors.

Queen's candidates are: back row from left, Katherine Briesmeister, daughter of Mr. and Mrs. Frank Briesmeister; Sandra Johnson, daughter of Mr. and Mrs. Walter Johnson, and Aileen Simet, daughter of Mr. and Mrs. Brian Simet.

Court members, kneeling from left are: Junior Class Representative Melinda Goslee, daughter of Mr. and Mrs. Bill Goslee; Sophomore Roseann Strozski, daughter of Mr. and Mrs. Gerald Strozski, and Freshman Erin Barton, daughter of Mr. and Mrs. Dennis Barton.

Float construction is underway now, for the 10:30 a.m. Homecoming Parade Saturday morning. The parade starts at the corner of M-25 and Michigan Ave., down M-25 to the Pine Street corner and to the school.

Week-long activities end Saturday night with the 24th Annual Homecoming Dinner at the school at 6:30 p.m., sponsored by the Class of 1984. A dance is planned following dinner to 11:30 p.m.

Elkton honors Officer Lonnie Hedley

By RICH SWARTZENDRUBER
Elkton Police Officer Lonnie Hedley has earned a plaque and medal of heroism from the Elkton Village Council and Police Chief Duane Alexander, at last Tuesday's council meeting.

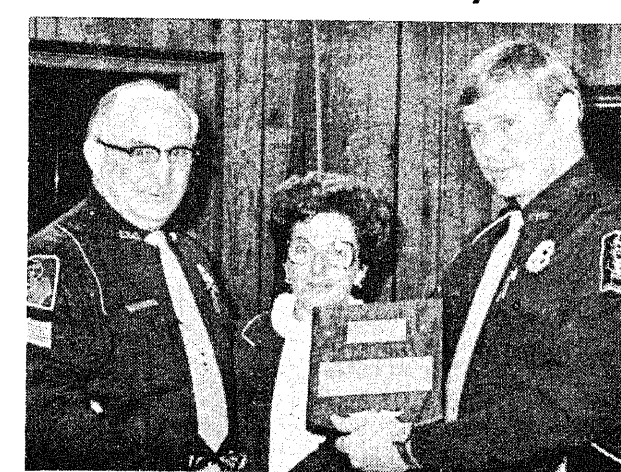

Hedley was commended for his performance of the Heimlich Maneuver to clear an obstruction in the throat of Carmen Torres earlier this year. Hedley relieved her choking, assisted by several nurses.

Alexander received a letter from Mary (Torres) Sorenson of Mt. Pleasant expressing gratitude for Hedley's actions at a family

reunion at Ackerman Memorial Park.

FEWER PHONES: Council, after consulting Oliver Township officials, decided to drop one of the two emergency phone lines to the Huron County Sheriff's Department. The second line had been available if two emergency calls were made simultaneously. Council President Randy Haley said he was informed dispatchers couldn't remember an occasion when the second line was used.

The village will save about \$54 per month and Oliver Township, which shares expenses for the emergency line, will save about \$27 monthly, they said.

HEDLEY HONORED: Elkton Police Chief Duane Alexander and Council member Barbara Thompson present Officer Hedley with his plaque.

OBSERVATIONS BY THE PUBLISHER AND OTHERS

MAIL SLOWDOWNS - We didn't get all the items for this week's paper which we normally get, due to the Columbus Day observance Monday. I think the best idea in the world is to get rid of Columbus Day (no one except the government observes it anyway) and replace it with Dr. Martin Luther King Day. Then we're honoring someone properly and not adding an unneeded holiday. After all, Columbus came here by accident anyway!

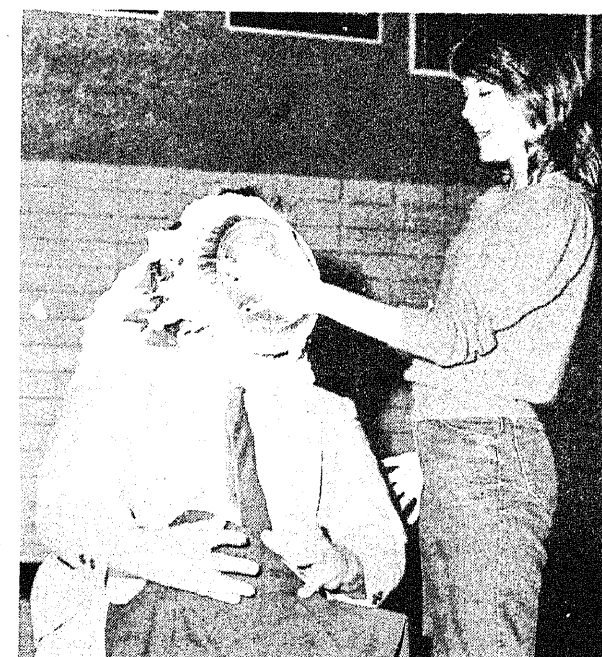

MORE THAN EVER - Last week's paper carried our annual Postal Service publisher's report. It again tells a story we're proud of - more families are reading The Progress-Advance than ever before!

A total of 2898 proven families are buying and getting the paper now, it shows. We're actually distributing more than 3000 copies many weeks - to 10,000 readers. Thanks, one and all - and keep on reading!

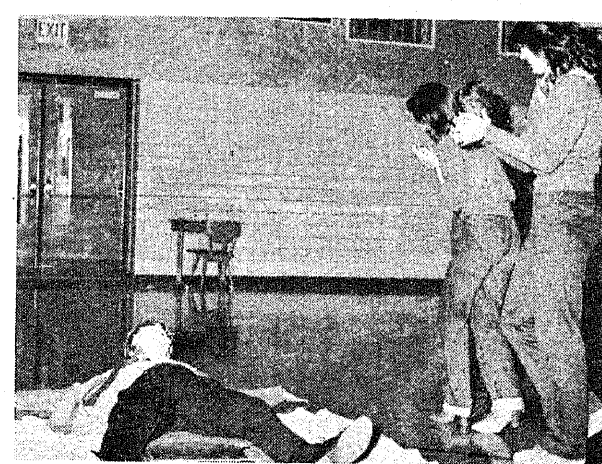

Caseville's Principal given entire pie!

1. Caseville High School Principal Paul Ellinger was the lucky (?) winner of a cream pie (either whipped cream or shaving cream...) during last Friday's Eagle Pep Rally at the school. Here, he awaits volunteer Sandy Johnson's efforts...

2. SPLAT! He takes it between the eyes...

3. Oh no! He fell over backwards! "I didn't really hit him that hard," a horrified Sandy J. said after while.

4. Don't worry, he's all right and well. Ellinger stood up, flashed the V for victory sign, which is exactly what the Eagles did against Deckerville later on Friday night. And the crowd of students at the pep assembly loved it all!

The Lady gets \$45 million in aid

A recent commentary in this space talked about an East Coast lady who has fallen on hard times and needed some assistance. Apparently, the generous people in this most generous nation on the face of the earth have responded amazingly.

Incredibly, donations ranging from children's nickels and dimes to a \$1 million check have poured in, to help the older person. She's 96 right now, and the major operations she needs will begin later this month. Hopefully, they'll be completed before she turns 100, in 1986.

Can you imagine \$1 million in a single donation? THAT'S a generous person!

An amazing total of \$45 million has been collected thus far, for the elderly lady. It includes \$250,000 in literal "nickel and dime" donations from children - all to aid the special lady. The Farmer Jack's grocery chain based in Detroit asked its shoppers to give pennies and nickels - and \$55,000 came in for the lady.

Even New York Yankee owner George Steinbrenner donated more than \$500,000 to the lady. His motivation is more obvious, since she resides close to his world in New York City.

The special lady has attracted attention from all over the world. She has become weaker and is even turning a shade of green with age. But the \$45 million already donated is a good start toward the \$230 million needed in all, to make her well again.

And it will let this lady go on living, possibly for another 100 years.

The lady is Lady Liberty, of course, that wonderful, shining light in New York Harbor - the Statue of Liberty. President Reagan wisely urged American citizens to pay for her upkeep and repairs, rather than simply allocate money from our nation's general funds. After all, that's how the Lady came to be in the first place.

French school children helped pay for her construction back in 1885 and 1886. Then, U.S. children paid their pennies toward construction

of her pedestal almost a hundred years ago. It's been a public affair ever since.

The \$230 million needed will also restore Ellis Island as a public center. The one-time immigration check-in facility will be a wonderful adjunct to Lady Liberty.

It's nice to see people help others.

It's wonderful that a special lady gets special attention.

It's amazing that people in today's fast-paced world can take time out, open their purses or wallets for a dollar or two, and actually give funds.

It's memorable that millions of people who first saw the Statue of Liberty from a crowded boat deck as immigrants think enough of their adopted land to give hard-earned funds to that land.

It's important that this job be finished. Your dollar or two will be most helpful, too.

Pete Progress says:

"People who say they sleep like a baby usually don't have one!"

RECOLLECTIONS

of by-gone days

DEAR EDITOR,

In your Sept. 28 issue, an item in the 50 years ago column said that the Lutheran Band had a birthday surprise for Mrs. Fred Schultz. I was working for them at that time.

It was during the Depression and jobs were hard to get. Some men were working for \$15 per month and some only got their board and tobacco. I was getting \$25 per month and I was getting top wages for farm work.

I had a Model A Ford and I was in the garage doing some fixing on it, when all at once I heard almost the nicest music I ever heard! The band was playing an old German hymn that we used to sing in our church. The yard was full of cars and everyone was happy, and I felt happy myself.

The house was full of people and the women had brought a lot of cake and other refreshments. There was a lot to eat. It was after 12 o'clock when the last ones left. I had to stay up, since it was my job to see that the

gates were shut so the cattle didn't get out.

As I said, the Depression was on and a lot of people were discouraged, but everyone was in the same fix.

Whenever I hear some of our young people talk about how hard times are, they just don't know what hard times really are. But if they would have lived back then, they would have done just as we did.

And when times picked up, we appreciated things a lot better. I talked with Otto Schultze last Sunday and he remembered being there. He played in the band. Those days, nobody had any money but what we had, you could buy something with it. In 1 Timothy 6:10, it says the love of money is the root of all evil. So if you love the stuff, it doesn't matter if you have a lot or a little. It's wrong to love it.

My folks used to say it's not a sin to be poor, but at times it's a little unhandy.

Sincerely yours,
GEORGE KEIM

College takes on another dimension on Parents' Day. Naturally things are different with another 8,000 to 16,000 persons in town, but the real difference is how "outstanding" these parents are to the students.

Parents, like college freshmen, want to fit right in - not stand out in the crowd! But like freshmen, they stand out!

The first thing that sets parents apart from the college student is their dress. Most parents opt for the collegiate look: jeans, sweaters and CMU apparel. Nonetheless, most parents don't quite pull off the "natural" college look. Designer jeans in this case just don't make it!

Of course parents love to buy college things. If it has the college emblem on it, they buy it. The college stu-

dent doesn't mind this in the least. In fact, the student can always provide a list of items that need to be purchased - food, food, food and food!

When it's Parents' Day, traffic is very heavy. Nobody seems to know quite where it is they go to, but wherever it is, the scenic route is the only route. Parents also bring the family car or the motor home, and that's about the only time the student actually drives around town on a full tank of gas.

It's too bad that Parents' Day is only once a year. Only once a year does the college town take on this new dimension, and only once a year is the college student assured of a Saturday dinner not derived from a box.

Be sure to have a super week!

The next meeting was scheduled for noon on Nov. 2 at Bad Axe Lanes and Lounge.

Inspector Gordo's Minute Mystery

THE CASE OF THE

Artic explorer

Sir Richard Swartz, young bachelor and famed explorer of the North Pole, was found murdered in his bedroom.

The \$500,000 in thousand-dollar bills, which he was known to keep in his wall safe, was missing.

The police concluded that the criminal or criminals had concealed the money in the house, perhaps in something brought along for the purpose, expecting to recover it later.

This sunnise was founded upon Sir Richard's eccentric precautions. A visitor might gain admission to his estate unchallenged. But no one, including his servants, could leave without being challenged by a series of private guards.

On the day of Sir Richard's possessions were put on auction, Inspector Gordo joined Inspector Nancy in the explorer's museum.

"The sale starts in here," said Nancy. "But every stick in the house will be sold today or tomorrow."

An auctioneer had begun to enumerate for the crowd of buyers the museum's objects, describing them as Sir Richard's favorite mementos of his five trips to the Arctic. The objects included a group of stuffed animals - two polar bears and a penguin - three stuffed fish, and an assortment of Eskimo clothing, utensils, and weapons.

"The murderer has to be in the house," said Nancy. "But my men can't watch all the rooms."

"Rest at ease," said Gordo. "He or an accomplice is in this room, ready to make a purchase."

How did Gordo know?

Michigan's bean harvest is about 85% completed, with Huron County lagging slightly behind other areas due to last week's rains.

Yields are averaging 12 hundredweight (cwt.) per acre here, while some areas have been seeing 13 to 14 cwt., says the Michigan Bean Shippers Association.

The Interstate Commerce Commission will investigate the abandonment petition by Grand Trunk Railroad for the "Cass City substation" area from Imlay City north to Pigeon.

The ICC chose to not grant the railroad's petition whether to allow the railroad to terminate service by Jan. 30, according to a spokesman in Cong. Bob Traxler's office (D-Bay City). Service would completely stop by July, 1984. Presently, Grand Trunk hasn't carried freight on the line for nearly three weeks.

The rail line runs 50.24 miles from Imlay City to Pigeon. The company asked for the abandonment Aug. 19, with persons objecting allowed to file protests within 30 days.

Among the protestors were: the Co-operative Elevator Company of Pigeon; Agri-Sales, Inc., with elevators along the line at Gagetown and North Branch; Cass City Chamber of Commerce; Village of Cass City; Cass City Industrial Development Corp.; Pillsbury Co., with elevators at Owendale and Cass City; Traxler himself; Farm Bureau Services, Inc., with a fertilizer blending plant at Gagetown; the Michigan Department of Transportation, and others.

Grand Trunk says it lost \$855,000 over the past three years in servicing the line - \$24,000 in 1980, \$266,000 in 1981 and \$665,000 last year. It says rail shippers are not the only way to move freight into the area, since Pigeon and Clifford have Chesapeake and Ohio Railway service, and since all towns have truck service.

To restore the line to safe operating condition would cost \$604,000, the railroad says, and higher fees to cover the needed changes won't be paid. Traffic was up slightly in the first six months of 1983 over 1982, officials say.

Foreclosed farmland is flooding the U.S. Agriculture Department credit agency faster than it can dispose of the land, according to a report in USA Today. The Farmers Home Administration farm inventory stood at 1027 properties at the end of August, compared with 538 in 1982 and 223 at the end of 1981.

Index of Prices Received by Michigan farmers for all farm products averaged 130% of its 1977 base for the month ending Sept. 15, says the Michigan Ag Reporting Service. That's unchanged from the previous month, MARS says.

However, prices for farm products showed a 9% increase from the previous year.

Index of Prices Paid for commodities, services, interest, taxes and farm wages rose one point from last month, to 161% of its 1977 base. That's nearly 3% higher than the previous year.

Nationally, the September index of prices received went down 2% from August to 137% of its 1977 average. The index was about 1% above last year. Lower prices contributed for cattle, hogs and potatoes. Higher prices for soybeans, lettuce and apples partially offset the fall, MARS says.

The driver of the tractor that crosses the finish line LAST wins the World Championship John Deere 2-Cylinder Slow Race, set last Sunday in Makoti, North Dakota. The 23rd annual Makoti Exposition in the town of 200 people races classic two-cylinder tractors manufactured between the 1920s and 1950s. The slowest driver will prevail - but he must keep moving.

We haven't heard yet who won the race (maybe it's still going on!)

MOVED IN: As this year's sugar campaign begins, the new Sebawaing Office of the Michigan Sugar Company has been occupied at the Sugar Factory site. The building replaces the old structure razed two weeks ago.

'83 HOME-GROWN CONTEST!

Now THAT'S a big pumpkin!

Kim and Tonya Koroleski of Bad Axe show the 210-pound pumpkin grown by Stanley Koroleski this year near Uby, our biggest entry yet in the Home-Grown Contest.

The biggie was grown with "special care," Mrs. Koroleski said and measures 88 inches long and almost 30 inches high. It was photographed in the back of the family car, since "it's pretty hard to move around," according to Mrs. Koroleski.

Kim is four and Tonya is 1½. **SWEET POTATO:** Joe Ruby of Pigeon brought in two other large entries, which will be featured in photos next week. He grew a 3 lb., 2 oz. Sweet Potato, and it measures 10 inches

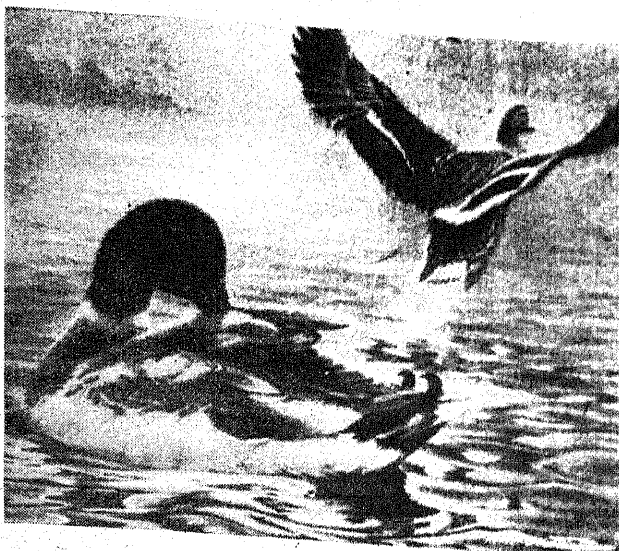

long. It's girth is 14 inches around.

SQUASH: Joe also showed a 104 pound Banana Squash that is 41 inches long and is 55 inches around.

"We've had quite a good garden this year," Joe said, in an understatement.

Let us know about your garden goodies. We'll photograph selected ones in the Home-Grown Contest.

Waterfowl stamp announced

The Michigan Duck Hunters Association has released their 1983-84 Michigan Waterfowl Habitat Print and Stamp. It's the second in a continuing series, and features a design donated by state artist Heiner Hertling.

The MDHA is the only private organization raising funds exclusively for the preservation of wetlands within the state. It calls itself "the forerunner of wetland conservation in Michigan for the past decade."

Copies of the print and stamp are available from Michigan Waterfowl Habitat Print, c/o Chandler's of Saginaw, 114 S. Hamilton, Saginaw, 48602.

CHOCOLATE STEAMER

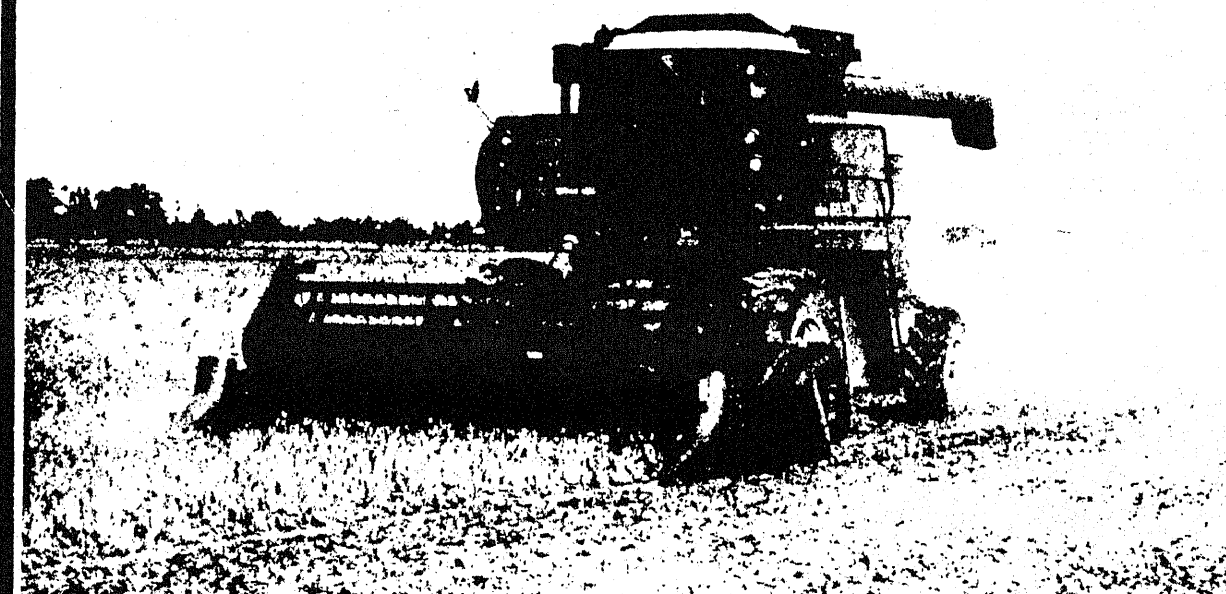

After brisk walk in the woods while enjoying the fall colors this chocolate drink will warm you. This also makes a delicious dessert.

4 c. milk
2 T. freeze-dried coffee
2 T. chocolate syrup
1/8 t. salt
1/2 t. vanilla

Combine milk, coffee, syrup and salt. Heat to serving temperature. Add vanilla and brandy extract, if desired. Serve with whipped cream and chocolate curls. Yield: 1 quart.

Helpful tip ... To keep a bobbin and matching spool of thread together, slip a pipe cleaner through both and twist to hold them.

FIRE PREVENTION

Area elementary students learned valuable lessons in Fire Safety when Pigeon Jaycettes Nancy Buchholz, left, and Cyn- dy Rathje, right, presented the Junior Fire Marshall Pro- gram this week to area schools.

While the children enjoy the filmstrip, movie and games, the most memorable part of the program is the keepsake fire hats they are able to take home with them.

The Junior Fire Marshall program has become a popular local activity for area school children. For the first time, other area Jaycette chapters are presenting the program in Elkton, Bad Axe, Sebawaing, Harbor Beach and Port Austin, to a total of 2,000 county youngsters.

PROTECT-- Your Home!

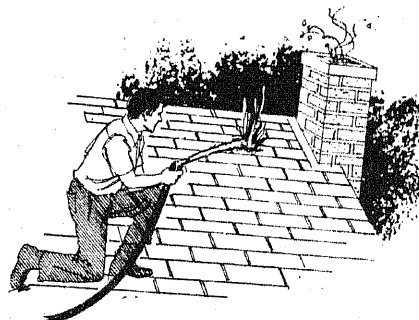

Most people don't think about fire prevention until it's too late. Fires can happen any time, any place. That's why individual prevention programs are so vital to minimize their cause. Each of us can reduce the threat of fires and the tragic loss of lives and valuables by being alert to rules of safety and practicing them and by having a good insurance policy to back them.

Pigeon Village Council

REGULAR MEETING OF THE PIGEON VILLAGE COUNCIL

The meeting was called to order by President Norris Diebel. Councilmen present were James Armbruster, Dryden Haist, Tony Kula, Kenneth Licht, Fred Orr and Paul Walsh. The minutes of the previous meeting were corrected and approved. The Financial Report was approved as presented by Clerk Joe McArdle. The Building Inspector's Report was approved as read by President Diebel. The Council voted to formally accept the resignation of Police Chief Mark Nieschultz. The Police Report was read by President Diebel. The Council voted to hold a Special Meeting on Wednesday, Sept. 28, 1983 at 7:00 p.m. to interview applicants for the position of Village Marshall. A Public Hearing will be held at the Sept. 28 meeting to create a Commercial Redevelopment District involving the property owned by Jim McCormick Motors at the intersection of M-142 and Caseville Road. The Council granted the Pigeon Chamber of Commerce permission to use Council Chambers for their weekly meetings. The Council voted to go into closed session to discuss pending litigation with Village Attorney Michael Dennis.

Following the closed session, the meeting was reopened to the public. The Council discussed the present Junk Haul situation. With the landfills closing, other arrangements must be made. Council will hold a public hearing at the Oct. 10, 1983 regular meeting to gain some input from the citizens as to what type of service they need.

The Summer Recreation Program has ended for the summer. Council learned that it drew a good response and operated on a budget of \$375.00. Council voted to replace the garage doors at the Village Garage with new ones and to repair or replace the southeast water pump. The Sewer Lagoon has been partly repaired at a cost of \$6,680. Council authorized the DPW Superintendent Don Otto, to have the job finished.

Council discussed replacing the Village Tractor and Backhoe. It will be included in next year's budget.

Council granted Cross Lutheran School permission to barricade the alley that runs behind the school from 7 a.m. to 4 p.m. during school days. The meeting was adjourned at 9:18 p.m.

Respectfully submitted,
Norris Diebel, president
Joseph J. McArdle, clerk

MINUTES OF PIGEON VILLAGE COUNCIL SPECIAL MEETING AND PUBLIC HEARING PIGEON, MICHIGAN

Meeting opened by President Norris Diebel and roll call was taken. Present were James Armbruster, Dryden Haist, Tony Kula, Kenneth Licht, Fred Orr and Paul Walsh. The council interviewed the following applicants presented to the council by the Police Committee: John Baird, Bob Lane, Michael Stec and David Wicher. Being 8:00 p.m., President Diebel suggested that the council think about the interviews for awhile and go into the public hearing.

At 8:10 p.m. a public hearing was held to create a Commercial Redevelopment District for Jim McCormick Motors, Inc. property located at the Southwest corner of M-142 and Caseville Road for the purpose of building a new automobile dealership. With no village residents there in disagreement, it was motioned by Haist and supported by Armbruster to classify the property. Roll call vote was taken: Armbruster, yes, Haist, yes, Kula, yes, Orr, yes, Licht, yes and Walsh, yes. Carried.

Motion by Orr supported by Walsh to authorize the clerk to apply for a permit from the Department of Transportation to close off state highway M-142 on Oct. 14, 1983 from 6:30 to 7 p.m. for the Laker homecoming parade. Carried. A discussion for Cable TV in the Village Hall was tabled for now.

The council was informed that a representative from Sen. Levin's office will be at the Village Hall at 1:00 p.m. on Sept. 29, 1983 to inform the members of the Chamber of Commerce and Village Council about what is available in grants and loans for Village planning and zoning and improvements to help the Village grow. President Diebel suggested that Clerk McArdle and several council members attend.

Clerk McArdle informed the council that he was told the best way to set up new planning and zoning ordinances is for the council to appoint a commission of three or more residents of Pigeon on a commission to put together a proposal and bring it to the council study, change or correct and present it for public hearing. It was tabled until further notice.

After a lengthy discussion on the Village Marshall applicants, it was motioned by Fred Orr, supported by Dryden Haist to appoint David Wicher as the new Village Marshall. A roll call vote was taken: James Armbruster, yes, Dryden Haist, yes, Tony Kula, yes, Kenneth Licht, yes, Fred Orr, yes, Paul Walsh, yes. Motion carried by a five to one vote. The council agreed to a starting salary of \$7.25 per hour and after a six month probationary period, an increase to \$7.50 per hour with up to four hours of overtime at time and a half with council or police committee approval. The council agreed to leave the other details up to the Police Committee.

Being no further business, the meeting adjourned at 9:07 p.m.

Respectfully submitted,
Norris Diebel, president
Joseph J. McArdle, adm.-clerk

Safe hunting means wearing orange

Jack and Ted were neighbors. As soon as they discovered their mutual interest in the out of doors, they became hunting buddies. It didn't make any difference if it was a cold, dreary duckblind on Saginaw Bay, or the grouse-rich wood of Gladwin County, or that favorite deer hunting cabin in the Pigeon River State Forest region, when Jack went hunting Ted went along and vice versa. So, on this cold, snowy Saturday late in November's deer season, when a group of six hunters worked up plans to drive to a large swamp in northern Michigan, it was not peculiar that Jack and Ted elected to be the line drivers.

In outlining the hunt, two of the older members of the party were dropped off at the edge of the swamp. Instructions were given to find a good spot that offered both cover and an open view of the swamp's terminal point. Two other hunters were to patrol the sides of the swamp, and Jack and Ted were to walk through the middle in an effort to move any deer in the direction of the waiting hunters.

All six men were veteran deer hunters, and time and again they went over safety precautions that were to be adhered to during the hunt. All of the men were wearing bright colored clothing, although Ted and one of the older hunters had red plaid outfits rather than hunters' orange which was worn by the remaining four.

Shortly after the drive began, Jack stumbled and twisted his ankle. After resting for about 15 minutes he resumed his part of the drive. He was sure that he had fallen behind, and try as he could to make up time, his tender ankle kept his pace agonizingly slow.

As Jack was navigating around a large clump of cedars, off to his left he heard a twig snap. He cleared the last cedar just in time to watch a fat doe and a sleek, young forkhorn buck bound out from some hiding spot and stop behind the screen of three young spruce trees. Jack melted back in the cedars and brought his deer rifle to the ready position. He strained his eyes to pick up some sort of movement from the area around the spruce trees. He was sure that Ted had moved well ahead of him by this time, and whatever movement he saw would be a deer. Suddenly, the trees parted and a form moved into sight. In a split second, Jack brought the rifle to his shoulder, thumbed off the safety and started to squeeze the trigger.

As the thunderous roar of the 30-30 filled his ears, Jack's eyes filled with horror. The form that he was so sure was the forkhorn buck began to materialize as the somber red-black plaid of Ted's hunting coat. Jack sprang to the side of this beloved hunting buddy who was now withering in pain from the large, gaping hole left by the slug that had torn through his side.

Ted died before they could get him out of the woods and to a hospital. He had just fallen victim to the leading contributing factors of known hunting accidents. Most of

these accidents involve members of the same hunting party not keeping track of where their companions were. The wearing of hunter orange is reducing this type of accident, but hunters must continually know where their partners are.

The introduction of mandatory hunter safety classes in 1971, coupled with the hunters orange law in 1977, have brought about a dramatic reduction in hunting accidents in the state of Michigan.

"Nearly everyone is aware of the general safety value in wearing hunter orange to prevent hunters in line-of-fire from being mistaken for game," says Michigan Department of Natural Resources Hunter Safety Coordinator Jim Dabb. "However, wearing hunter orange has played an important role in preventing specific kinds of accidents."

Hunter covered by shooter swinging on game: Accidents in this category would not occur if hunters always knew the location of their partners and took shots only in their proper zone of fire. In this case, hunter orange has been a big help to hunters, particularly when they are moving through dense brush in a group, similar to Jack and Ted.

Hunter out of sight of shooter: Not every accident in this category could be prevented by hunter orange clothing, however, no other color makes a hunter more visible at a distance than hunter orange.

Hunter moving into the line of fire: The need for every hunter to know the location of all other members of the hunting party cannot be over emphasized. Hunter orange can be an important factor in helping friends who hunt together keep track of each other in the woods.

The preceding were only three of the 17 different methods by which death or injury occurs as tabulated by the DNR's Hunting Accident Report.

The total number of hunting accidents for 1982 numbered 89, including 12 fatalities. While the number of fatalities were up slightly from recent years, the total number of accidents is the fewest recorded since 1938 when there were 54.

Below is a synopsis of Hunting Accidents during the past 40 years.

Thumb area OUTDOORS

By DUANE GUENTHER

There is good news for small game hunters. The DNR wildlife biologists report that we should have better pheasant hunting and a bumper crop of squirrels and rabbits this fall.

The DNR will release about 10,000 fame-farm-reared pheasants on Southern Michigan Game and Recreation areas before the Oct. 20 small game opener. Since release of the birds is not part of the put-take program, only a small game license will be required to hunt them.

The prediction for a better pheasant hunting season comes from last winter's mild weather, which allowed a good carryover of

pheasants, while the cold, wet spring nesting season had a negative effect on production. There are pocket areas, though, where the pheasant population has increased noticeably over the last fall season.

The mail carriers, who keep track of the number of pheasant broods they see along the roads each August, still say the farmland of the central Thumb -- Huron, Tuscola, Sanilac and northern Lapeere Counties -- is the best.

Duck hunters report that the first wave of flight ducks are appearing on the Bay. Last weekend saw excellent action on bluebills and mallards. While most of the mallards that appear in your decoys are hatched locally, the bluebills are visitors from the north.

Changes in the weather that always appear during the middle of October will usher in the best part of the duck season. Those hunters who keep logs will verify that the premier time for waterfowling in our area is the last week of October and the first week of November.

YOU ARE HOLDING A SYMBOL OF
FREEDOM IN YOUR HANDS

Where the press is free and every man able to read, all is safe.

— Thomas Jefferson

You thought it was just a newspaper that you are now looking at, but these folded and printed sheets of paper, which come regularly to your home, represent freedom. It's not the paper itself, which is probably a very inexpensive grade, but the words and pictures on it that comprise a visible and tangible symbol of the many freedoms you enjoy every day of your life. You are able to read the news of the world and your own community, accurately and fairly reported, without any form of censorship. Turn a page and you'll see the writers' opinions freely expressed without fear of reprisal. Right before your eyes is the directory of the local houses of worship, which will facilitate your choice of a place to thank God this coming Sabbath for the supreme gift of liberty; which He has given you through your faith and among other things, your newspaper.

'Clothe a Child' benefit Sunday

The annual benefit "Musical" for the Bad Axe Interfaith Council "Clothe A Child for Christmas" project

is slated for Oct. 16, 7:30 p.m. at Laker High School auditorium.

The "Sweet Adelines" from the Bad Axe area are

scheduled to sing both secular and sacred music. There is no admission charge, but an offering will be received to raise funds for the project.

Pigeon PTO
hosts parents

The Pigeon Elementary School PTC (Parents and Teachers for Children) hosted an Open House on Monday, Oct. 3, drawing over 150 parents, students, teachers and staff members.

At a short business meeting, the PTC members voted to join the Elkton PTA and Bay Port PTO to hear Mary Paonessa, a sex education speaker, on Nov. 7. The group also voted to appropriate money for a student assembly and to eliminate judging at this year's Halloween party.

Parents were then invited to visit each child's classroom, after which refreshments were served.

EYE
OPENERS

By Dr. Douglas A. Buehler, Optometrist

FOCUSING

AFTER 40

The eyes are living organs which change every day of our lives.

Shortly after birth, the eyes' ability to focus (accommodate) is very great and continues that way until about the age of 18. This focusing ability allows healthy eyes to adjust without difficulty from seeing distant objects to seeing near objects.

Around age 18, however, the lens begins to lose its flexibility. By the 40s, difficulties arise in making the adjustment from far to near seeing tasks. This is a natural process of aging. There is no known treatment, diet or exercise to prevent this. Generally, the first sign of the change noticed is the blurring of near objects, especially when reading or sewing.

This blurring is usually correctable with glasses, which will take the focusing strain off your eyes. After a thorough examination, your optometrist will prescribe your first pair of "reading glasses" or suggest bifocals.

Melodic melodeon featured
Sunday at First UM

A Civil War era Melodeon, recently rebuilt by Al Robinson of Pigeon, was featured in last Sunday morning's worship service at First United Methodist Church, Pigeon.

The antique reed organ, built in 1860, has undergone a year-long restoration after 60 years of deterioration and vandalism.

The musical instrument is owned by Rev. and Mrs. Charles H. Beynon, Jr. of Birmingham, who plan to return it to the rightful place in the "parlor" of their residence, says Robinson.

SOUND-OFF!

Call 453-2323 anytime day or night to record your SOUND-OFF message. Selected statements will appear weekly in The Progress-Advance...so watch for yours!

Congratulations, Ed and Mark, for giving that girl all her money back when you found her purse. I'm sure she appreciated it, even if she didn't say so. It's nice to see some honest young people. We never read much about the honest teenagers in Bay Port.

Laker fans are so proud of their teams and coaches, not only for winning the games but for the super attitudes of coaches in setting an excellent example for these young men. But isn't it too bad North Branch didn't bring their five men, they talk about?

I wonder if that person who sees that "eyesore in town" ever owned an apartment house? The landlord spent over \$5000 in the last few years remodeling and re-wiring that house and lost over nine months' rent because he let people in who were highly recommended by responsible people. And then he didn't get his rent and had to fix up the whole place before anybody else could get in. He had to pay the taxes and insurance on it. Now he has good renters and as soon as he can, he intends to paint and repair the outside of the house. He just has to swallow his pride until he gets the money to fix it up.

I hope the Laker teams just keep on winning. Don't change your ways.

Congratulations, Russ and Jeanie, on your new business in Pigeon. I know you can do it. Good luck.

The employees and their Caseville contractor employers, fellow service establishments, realtors and Caseville Chamber members wish to thank the person interviewed, who called TV 5 news to get the free publicity for the best kept secret in the Midwest, seen Tuesday night, Oct. 4, for our sleepy town. That should help us grow, as people will be coming by land sea and air. And thanks for drawing attention to the need for funds for improvements at airports at Sebawaing and Bad Axe. We love you.

I was one of over 100 people at the Caseville Township meeting Monday night. They have a "Thank you for not smoking sign" up which is very good. The majority did not smoke, but there were a few ignorant ones up who did, with no consideration for other people's health. After all, we non-smokers should have rights, too.

Our colors are green, our team is mean, our spirit is great so celebrate. Come on and prove it and get it done, show the Rockets we're number one! Good luck to the Varsity Football Team at Homecoming '83. The Varsity Cheerleaders, Tammy, Teri, Joely, Laurie, Leanne, Melissa, Cindy, Susie and Bernadette.

I'm sorry if I caused any problems with anybody in

what I wrote in SOUND-OFF last week.

POSITIVE PEOPLE of Caseville: Why are you allowing a few negative, rude people to "take over" your public meetings??? Be of good courage and speak up in support of the airport!!

NOTICE: Mutual Savings will not charge to collect your Edison and Consumers Power bills.

Why not start saying good things about our community, instead of finding fault? This is a good place to live. Let's keep it that way.

Eagles keep on winning ways

CASEVILLE EAGLES UP RECORD

The Caseville Eagles upped their record to 5-0 Friday night when they defeated the Deckerville Eagles, 8-7.

Deckerville opened the scoring late in the second quarter with a 15-yard pass from Steve Ladd to Duane Paehlig. The conversion kick was good.

Caseville got on the board early in the second half on a 14-yard screen pass from Dan Osentoski to Jerry Winkler. Winkler added the two-point conversion.

Caseville put together 227 yards total offense with Jerry Winkler leading the attack with 74 yards on 14 carries. Wayne Simmons added another 58.

Shawn Parady was the leading rusher for the Deckerville Eagles with 56 yards on 17 carries, coming with the rest of his team for 142 yards total offense.

This win puts Caseville in sole possession of first place in the NCTL Thumb D League. They will be taking on the North Huron Warriors Saturday at 1 p.m. for Caseville's annual Homecoming Game.

EAGLE DUFFERS WHIP DOGS

The Caseville Eagles Golf Team won its first match of the season Wednesday evening, beating the Owen-Gage Bulldogs by 35 strokes. The

Laker team was also at the match, defeating the Eagles by one stroke.

Dan Murdoch and Pete Delmotte were the low golfers for the Eagles, each shooting a 46. Brian Gembarski helped the Eagle efforts with a 47.

The Eagles also attended the Reese Invitational last Saturday, placing fifth. They will take on Reese in a golf match this Monday.

CASEVILLE GIRLS NOW 4-2

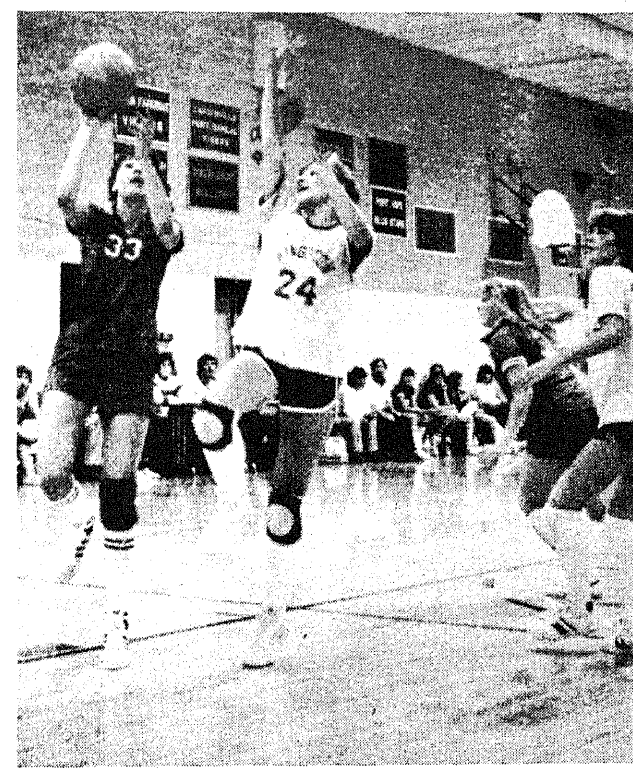

The Caseville Varsity Girls Basketball team grabbed two victories to boost their league record to 4-2.

In the first game Caseville traveled to Peck and came home with a 47-42 Eagle victory.

Peck jumped out to an early lead and was ahead of the Eagles 15-9 at the end of the first quarter. By the end of the second quarter, Peck still maintained a six-point lead. Caseville exploded in the fourth quarter, outscoring the Pirates 14-3 to capture an Eagle victory.

Guard Sandy Johnson was high scorer with 13 points, Aileen Simet chipped in 10 points and 15 rebounds, Michelle Stahl had eight points and 15 rebounds and Chris Barton added six points.

Coach Randy Bingham, pleased with his team's effort, said, "Chris Barton, Julie Barton and Brenda Johnson came off the bench and did a super job!"

SOARING (SCORING): ABOVE, Michelle Stahl (33) puts up two points for the Eagles, against Kingston Thursday night. She had 15 on the night.

ABOVE RIGHT, Michelle Simet scores two of her 16 points against the Cardinals.

MARK RUMMEL PHOTOS

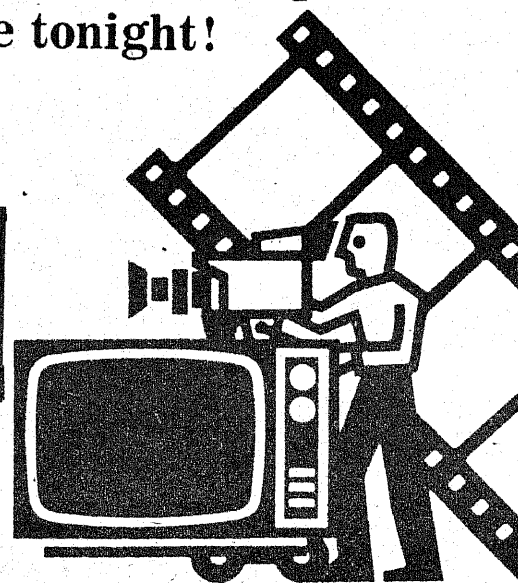

In JV action, Caseville lost to Peck, 34-18. Leading scorers for the Eagles were Tina Bieri and Gail Gembarski with six points each. Caseville bounced back from their defeat with a 34-21 win over the visiting

Kingston Cardinals. The Eagles jumped out to an early lead and outscored the Pirates in every quarter except the third. Tina Bieri led the team with 12 points, Erin Barton pumped in 10 points and Gail Gembarski added eight points.

Pigeon District Library outlines weekly activities

PRESCHOOL STORY HOUR

"Berenstein Bears" stories will be featured at the Oct. 18 Preschool Story Hour at the Pigeon District Library.

"The Berenstein Bears Moving Day," "The Berenstein Bears Visit the Dentist," and "The Berenstein Bears and the Old Spooky Tree" will be featured stories.

In addition, Jane Himmel and Peggy Karl also plan exercises, fingerplays and songs for the children.

Two sessions are held weekly, from 9 to 10 a.m. and from 10:30 to 11:30 a.m. All

area preschoolers are invited.

PARENTS COFFEE HOUR

Kenneth Dietzel, coordinator of the WIC program (Women, Infants and Children) will present an informal session during the preschool parents coffee hour at the library from 9 to 10 a.m. and from 10:30 to 11:30 a.m.

WIC is a supplemental food program for Women, Infants and Children up to age five. This program is federally funded through the U.S. Dept. of Agriculture

and is operated locally as part of the Huron County Health Department.

Dietzel will discuss what the WIC program is, how it operates, and who can qualify for the benefits. All parents of preschoolers are invited to attend these sessions.

SATURDAY STORY HOUR

"Types of Houses" will be the theme of Saturday Story Hour on Oct. 15 at the library.

Featured stories will be "The Little House," "The Brownstone" and "Pete's

House."

Jane Himmel will be in charge and also plans games, a take-home project and other activities. Story Hour begins at 1 p.m. All early elementary age children are invited to attend.

CIRCULATION REPORT

Circulation at the library continues to show an increase of items distributed each month. During July the library showed an increase of 802 items over the same period last year, August increased 760 items and during the month of September a total of 635 more items were circulated. Miss Richmond wishes to thank the many patrons who visit the library regularly and make such increases possible.

A total of 4,370 items were circulated during September including 2,057 adult materials, 576 junior adult, 999 childrens, 38 pieces of audiovisual equipment, 157 toys and 545 videocassettes. Book fines totaled \$112.40 and \$119.40 was taken in from the copier machine.

Twenty-eight new registrations were recorded including seven from Windsor, four from McKinley, four from Caseville, one from Fairhaven, four from Oliver, three from Sebewing, one from Grant and four from Lake Township.

Eight sessions of Preschool Story Hour were held with 259 participating. The parents of Angie Lang, Levi Zagorski and Scott and

Annie Lunkberg provided birthday treats during the month.

Four sessions of Saturday Story Hours and Film Festivals were conducted and 30 children participated.

Rathje, Lakers run over Red Hawks

By RICH SWARTZENDRUBER

The Laker Green Machine lived up to its billing as the best Class C football team in Michigan with a 55-22 thrashing of Cass City.

The hapless Red Hawks were powerless to stop Laker's John Rathje, who has established himself as one of the premier running backs in the state.

The Lakers took a commanding 21-0 lead at the end of the first quarter and ensured the victory with a 41-8 advantage at halftime. Even more amazing than the ease with which Lakers dominated the Red Hawks is the fact that Rathje scored all six of the first half Laker touchdowns!

Rathje crossed the goal line four times on runs of 11, 89, 66 and 4 yards, in addition to hauling in two touchdown passes of 55 and 31 yards. He rolled up 216 yards on 11 carries, despite playing very little in the second half.

Laker quarterback Dave Cunningham was 5-9 for 126 yards and two touchdowns in the passing department.

Buck LePage earned 56 yards on 5 carries and completed 1-2 passes during a stint at the quarterback position in the second half.

Dave Wisenbaugh ran for 43 yards on five attempts after coming off the bench in the second half.

Laker Coach Bill McLellan was faced with an unusual problem at halftime which most coaches rarely experience - what to tell a team leading by 33 points at the break. He said after the game that he simply informed his players the second-string would be starting in the second half.

Although he had no desire to run up the score, McLellan said he couldn't tell his reserves not to do their best. "(The reserves) practice all week long - I'm

not going to tell them to go out there and lay down," stated the Laker coach.

The second string marched down the field on their opening drive in the second half, but fumbled on the Cass City 11 yard line.

Lakers traded two touchdowns in the second half with the Red Hawks. Rob MacDowall crossed the goal line on a four yard run in the third quarter, and Wisenbaugh scored on an eight yard scamper in final period. Bob Guigar ran in a

two-point conversion after Laker's final touchdown. Ed Gentile booted 5-6 PAT attempts.

McLellan praised the performance of the offensive linemen who carved out huge openings for Laker ballcarriers. He equally lauded the defense for shutting down the Cass City offense.

Mark Manenti, a 6'3" - 220 pound lineman who plays both offense and defense for the Green Machine, should be considered for All-State

honors for his performance throughout the season, added McLellan.

The Laker mentor notes that Lakers still face some tough competition this season.

Vassar remained undefeated in the Thumb E by rebounding from an 18-0 deficit to defeat North Branch 19-18 Friday night. Undeclared Reese is also expected to test top-ranked team in the Laker homecoming contest Friday night.

Laker Look-out

By MELISSA BIVENS and TINA DANNIS

THIS and THAT...

1983 Homecoming Sweat-shirts are still on sale... all classes began working on their floats to the theme of "Breakfast Cereals"... the cheerleaders are selling flowers for students to purchase for their favorite person... the 1984 Lakonia Yearbook sales have been extended another week... juniors and seniors had practices for a Powder Puff football game played Monday, Oct. 10... the deadline for signing up for the Preliminary Scholastic Aptitude Test (PSAT) is Friday, Oct. 14. This test is a preview of the SAT test, which most college-bound students will take.

OCT. 5: The teachers sent out progress reports to deserving students, marking the halfway point of the first marking period; the National Honor Society held its first meeting of 1984 and elected the following officers: President John Rathje, Vice President Dave Voelker, Treasurer Teri Damm, Secretary Tina Dannis, Nice Guy Brian Elston and Nice Gal Tammy Ginter. The group discussed a tutor program for students having difficulty in certain academic areas, with Brian Elston and Tammy Ginter headed the project.

OCT. 6: Classes voted for Homecoming '83 representatives.

OCT. 7: Class reps and Homecoming Courts were announced at the pep assembly: sophomores, Jamie McBride and Debbie Ginter; juniors, Buck LePage and Lori Diener; seniors (king), Jeff Desotell,

Dave Voelker, Dave Cunningham and Leonard Garza; seniors (queen), Tammy Ginter, Melissa Bivens, Michelle Danks and Amy Buchholz.

OCT. 8: The Laker High School Marching Band was one of 27 school bands invited to march at half-time of the CMU vs. EMU football game. Congratulations to them on a great job in representing our school!

Views On Dental Health

EDWARD HOLTZHUSE, D.D.S.
Probing the Pockets

Stephen K., a 45-year-old accountant, noticed that his gums bled when he brushed his teeth or bit into an apple. He visited his dentist who commenced examining him by inserting a little "perio" probe between his teeth and gums to find the extent of the "pockets." After an X-ray examination showing the amount of tooth-supporting bone loss, he was given the bad news. He had advanced periodontal disease and would lose at least three teeth which were beyond help and have to undergo extensive care to hopefully save the other 29.

Of the 125 million adults who still have their teeth (20 million have already

lost theirs), about 100 million have periodontal disease. And in 32 million, it is in an advanced stage meaning that they too will become toothless unless they undergo extensive treatment.

There is no need for periodontal tooth loss. Learn to clean your teeth properly and they should last a lifetime like they are supposed to.

Prepared as a public service to promote better dental health. From the office of Edward P. Holtzhuse, D.D.S., 33 North Wright Street, Elkton. Phone: (517) 375-4255.

Laker Golfers move up in standings

The Laker golf team hosted Caseville and Owen-Gage in a triangular meet at Scenic Golf and Country Club last Thursday. The home team shot 189 to nip Caseville with 189 and outdistance the 215 shot by Owen-Gage.

Brian Elston of Lakers was medalist with a score of 43. Other Lakers were Sandy Fritz with 47, Bill Craig

shooting 48 and Rod Wertz who had a 50.

Caseville was led by Dan Murdoch and Pete Delmotte with 46 apiece. Other Eagle scores were 47 by Brian Gembarski and 50 by Matt Kraus.

Joe Lopez shot 48 to show the way for Owen-Gage. He was followed by John Patnaude, Richard Shemko and Gary Erickson.

Lakers finished the dual session with a 6-5 record.

The Thumb B League meet was held at Verona Hills on Monday. The league's number one team, Bad Axe, took top honors following by the number two team, Vassar. Lakers had

been down in the standings but moved up to the fourth spot by placing third in the League meet.

Brian Elston again led the Lakers, shooting 93 for 18 holes. Mike Hazard had 97, Sandy Fritz shot 99 and Bill Craig had 104.

The Bad Axe team dominated the meet with Chris Peters shooting 75 to claim the individual medalist honors. He was joined on the All-Conference team by teammates Bill McAlpine (83), Greg Gay (84) and Jim Szaga (88). Tim Gilchrist (86) of Vassar also was named to the honor team.

The area Class C Regional meet will be played at Verona Hills this Friday, Oct. 14. Lakers will compete with 11 other teams, trying to qualify for the MHSAA Finals to be played on Oct. 22 at Portland.

Holly Berry Fair coming!

Huron County's largest craft fair, the Holly Berry Fair in Caseville, is set for Saturday, Nov. 5 in the Caseville School gymnasium from 9 a.m. until 4 p.m.

Nearly 80 exhibitors from all over the state will display and sell their crafts. Displays this year will include handcrafted musical instruments, dolls, macramé, candles, ceramics, wreaths, stained glass, quilts, wooden crafts and doll furniture, as well as paintings, baked goods and candies, imported gifts and more.

The sponsoring organization, the Caseville Library Club, will raffie a 30-inch handcrafted "bride doll." Cash drawings are scheduled at 11:30 a.m. and 2:30 p.m.

Doughnuts and coffee will be available in the morning and lunch will be served throughout the day.
