Elkton domes to take shape

Three "dome" storage facilities are ready to take shape at the Co-Op Elevator's Elkton Plant -- providing the Thumb Area's first example of the unique grain-storing system.

Co-Op General Manager Ted Leipprandt said footings were poured for the first dome, just east of the plant, last Monday, April 14. Footings were installed the 16th when the ring wall was poured.

Next comes the fascinating part...

A huge vinyl "bag" or "balloon" will be attached to the steel footings, to be blown up with air, possibly this week. Then, two coatings of polyurethane will be sprayed on inside for strength and insulation -- and about eight inches of concrete will be applied for more permanence.

When completed, each dome could hold 70,000 pounds of pressure at the top -- and will hold 200,000 bushels of grain at a cost much lower than other storage systems, Leipprandt says.

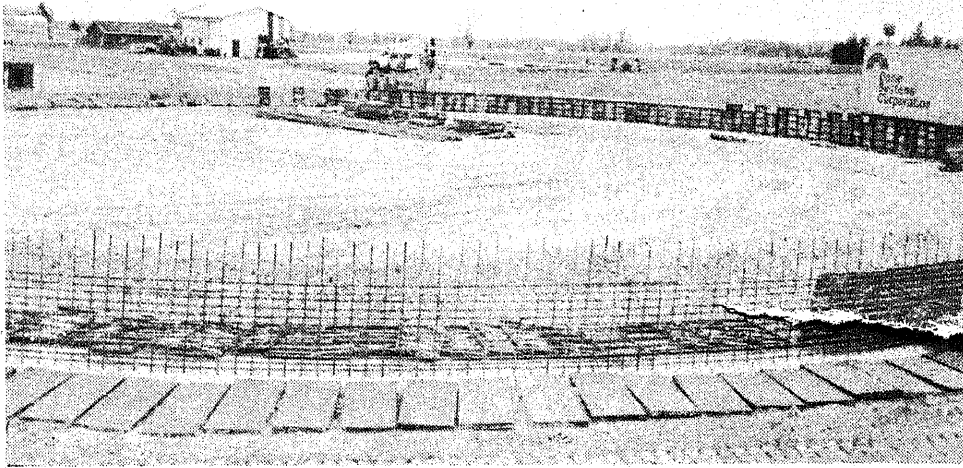

When completed, as soon as July 15, the 600,000 bushel capacity added will bring the

Co-Op's Elkton Plant capacity to more than 2 million bushels -- and putting Co-Op Elevator ahead of B&W

Elevator in Breckenridge as the largest capacity in the state.

Since the domes also have

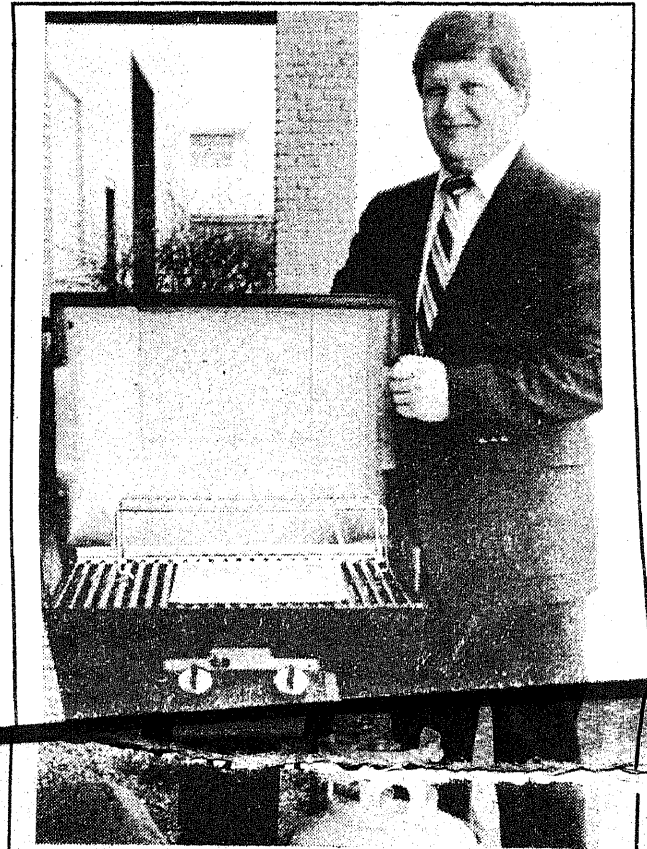

large doors, they can be used for other kinds of storage, too, if needed in the future, Leipprandt says.

GOING UP: Additional storage space is under construction at the Elkton Plant of Co-operative Elevator. The round shape will provide the foundation to new dome style storage buildings.

Huge vinyl "balloons" are inflated and covered with polyurethane insulation and steel to give the domes their unique shape.

Elevator officials hope construction will be complete in mid-July.

Young fishermen let 'er fly in casting contest

CASTING CALL: About 42 children enjoyed the warm weather last Saturday as they demonstrated their casting skills in a new event during this year's Caseville Porch Festival. Here four-year-old Katie Lisowski aims for the target as other contestants in the background try their luck.

WINNERS: Contest organizer George Bednerek presents new rods and lures to age division winners Levi Zagorski, left and Barry Ellinger, right. Levi, 6, the son of Steve and Judy Zagorski of Caseville, won the age 5-8 division. Barry, 12, son of Paul and Tanna Ellinger, won the 9-12 age division. Absent from the photo was Jeff Ryan, 14, of Clarkston, winner of the age 13-15 group. He had already gone fishing (maybe hoping to win the biggest perch contest also) when the photo was snapped, Bednerek said.

CHALLENGE OF ARAWN

By RUSSELL TRUEMNER
Bay Port 5th Grade

King Henry asks to see you in the throne room. King Henry says, "There is a new trouble at hand. Arawn, the new evil, has my daughter. He also has Wolf Knight and Time Master working for him. He wants us to meet him at the Enchanted Forest of Ravenscure. There only the Time Master's magic will work. That is why, Wizard, I'm glad that you can move time forward. The Wolf Knight will be a tough match for you, Warrior. That is why I give you the Sword of Golden Lion. And Wizard, I had the master wizards who wrote the spell, move time backwards. It will go to the exact day, hour and minute you want it to."

The Wizard replied, "Thank you, Your Majesty. I will treasure it and keep it forever at my side."

You say, "Thank you. I will keep it forever at my side." King Henry says, "Let's get moving NOW! We don't have much time."

As you, King Henry and the Wizard to go meet Arawn, you run into an invisible shield. The Wizard says, "I'll have to use combat magic and I'll lose my power for a full day. But that means good news. Because this means Time Master is near."

You say, "But we are not that close to the Enchanted Forest."

"Right," says the Wizard. "That means Arawn sent Time Master out to spy on us. Warrior, I suggest that you give the king the battle axe and your shield, in case the Wolf Knight is with Time Master, okay?"

"Okay," you say. "Wait, before the Wizard can say the

magic words 'Let me try first with my sword,'

"Be my guest," says the Wizard.

You draw the Sword of Golden Lion. You hack away at the shield. Your arms are getting tired. You finally penetrate the shield.

King Henry shouts, "Look! There they are."

Time Master and Wolf Knight walk up to the Wizard and Time Master says, "Arawn told us to meet you here without a fight because he has a challenge for you. Follow us." As you go through the forest, you know why Time Master and Wolf Knight don't ride horses. The twigs are almost reaching out for you. Soon you reach a clearing, then you see Arawn.

"I challenge you to a fight," said Arawn. "If we win, we get your kingdom. If we lose, you keep your kingdom and get your daughter back. Do you agree?"

"Yes, we agree," replies King Henry. "Let it begin with the Warrior and Wolf Knight. Warrior, choose your weapon."

You choose the devil's dagger to fight Wolf Knight. Wolf Knight draws a heavy sword. You dodge his thrusts and he blocks yours. The fight is tiresome. You never had a fight like this. You don't know if you can keep up for much longer. Then you score a lucky hit. Blood starts pouring out. Wolf Knight is dead. Now the Wizard is using every spell he knows. Then he uses Sorcerer's sleep. Then he turns Time Master into a table and uses Merlin's fire to set Time Master ablaze. Now King Henry and Arawn are fighting. Arawn has a sword. Arawn strikes at King Henry but misses. King Henry strikes and kills Arawn. Soon you, the Wizard, King Henry and his daughter are riding home. As you are riding, you know the kingdom is safe for awhile.

The end. King Henry asks to see you and the Warrior in the throne room. King Henry says, "A messenger said that a new evil, Arawn, kidnapped my daughter. He also said that Wolf Knight told him to say all this. Plus he has Time Master working for him. Warrior, here is the Sword of Golden Lion. Wizard, I give you the spell to move time backward. Arawn also says that he has a challenge for us. He wants us to meet him at the Castle of Mystery. Warrior, your weapons will work best. That is why you should bring all your weapons. Wizard, I built that and only good magic will work there. Well, what are we waiting for -- Christmas? Let's get moving!"

Along the way, you run into a fire. You say, "I'll have to use my water abilities, but I have never used it before so it might backfire."

Just as you are about to say the magic words, King Henry's horse whines and jumps through the fire unharmed.

"It's an illusion," you say. You start to move again. This time you run into an invisible shield. You use combat magic.

You rest a day, and start going again. Just then King Henry shouts, "LOOK! THERE THEY ARE!" and rushes off to get Wolf Knight the Time Master. You and the Warrior rush off to help King Henry.

Then Wolf Knight walks up to you and says, "Arawn told us to meet you here. King Henry, your castle is not like it was before except that only good magic will work. Follow us."

As you go along, King Henry says, "What have you done to my castle it look like a junky old heap of wood?"

"We told you we changed it," replied Time Master. Those were the very first words he said.

When you get inside, King Henry says, "At least the pathways are the same."

Just then, you see Arawn. he says, "Hello, my challenge is --"

King Henry stops him short by saying, "Shut up; where is my daughter?"

"She's fine, but she won't be for long if you don't except my challenge. Now here are the reasons. If we win, we get

your kingdom and I marry your daughter. If we lose, you get your daughter back. This is a fight to the finish. Do you except my challenge?"

King Henry says to you, "We don't have a choice. Let it start with Warrior and Wolf Knight. The Warrior chooses the devil's dagger. The fight is evenly matched. The Warrior dodges Wolf Knight's thrusts and Wolf Knight dodges the Warrior's thrusts. Finally, the Warrior gets a lucky hit. Wolf Knight is dead.

Now you use Sorcerer's sleep. Then you use Shift Shape and turn Time Master into a table. Then you use Merlin's fire and set Time Master ablaze.

Now King Henry kills Arawn. Then the Castle of Mystery turns back the way it was.

King Henry says, "Let's stay for awhile. I'll give you a grand tour." After awhile, you, King Henry, the Warrior and King Henry's daughter are riding home. You know that the kingdom is safe for awhile.

Victory eludes high-scoring Laker nine in opener

SWINGING FOR THE FENCE: Laker's Cathy Wurst eyes a pitch as she attempts to put the aluminum bat on the ball. RICH SWARTZENDRUBER PHOTO

Despite scoring 22 runs in last Thursday's doubleheader, the Laker softball team lost their first two Thumb B games of the year to Vassar.

In the opening game, the visiting Vulcans pounded 19 hits to hand Laker hurler Rhonda Baur an 18-11 loss.

Vassar opened up an early lead with seven runs in the first inning and added three more in the second.

In the nightcap, Lakers out-hit Vassar 9-6, but lost on the scoreboard, 16-11. The first seven Vulcan batters reached base on walks as starting Laker pitcher Shelly Henne pitched the first two innings. Jenny Bollenbacher hurled the final four innings for Lakers.

Bethanne Beachy provided the offensive fireworks for Lakers with a triple, two doubles and a single in the second game.

The Lady Lakers are now 0-2 in Thumb B play and 3-3 overall.

Jvs WIN: The Laker junior varsity squad flexed its muscle with 10-0 and 28-3 victories over Vassar.

Winning Laker pitchers were Dana Young and Connie Schulz.

Gina Esch led Laker hitters with a pair of home runs.

Sturm wins race at SVSC meet

Several Laker athletes distinguished themselves in competition last Friday at the Saginaw Valley State College Invitational Track Meet.

Julia Sturm was the winner of the 800 meter run with a time of 2:26.17. Kris Elenbaum set a school record to finish fourth in the Shot Put with a toss of 30' 2 1/2". Sixth place finishers were the 800 relay team (Elenbaum, Sturm, Renee Bushey and Tricia Kauffman) and 1600 relay team (Sturm, Traci Beer, Kelli Damrow and Lisa Buschlen).

In the boys' division, Todd Schember placed third in the Discus and sixth in Shot Put, and fifth place finishes were registered by Ken Ziel in Discus and Craig Haag in Pole Vault.

Both Laker track teams

bowed to Caro in a duel meet at Caro last Thursday. The girls were outpointed 93-59, while the boys were upended 77-65.

Top Laker finishers included:

Laker nine advances with win in Huron County tournament

The Laker Baseball team outscored Ubyly 12-9 last Saturday at the Huron County Tournament to advance in further competition this weekend.

Designated hitter Chris Wurst lived up to his role as he pounded a home run and double to drive in five runs for Lakers. Bryan Parrish added a pair of doubles and a single and Bryan Wertz rapped a double to pace Laker hitters.

Shawn Parrish was the winning pitcher for Lakers with relief help from Bryan Parrish in the final inning. Joe O'Mara was tagged with the loss for Ubyly.

Bryan Parrish started the Thumb B baseball season with a bang for Lakers as he belted a leadoff home run. Lakers went on to upend the visiting Vassar Vulcans 6-5 in the game with a pair of runs in the bottom of the last stanza of the six-inning contest.

Chris Wurst batted in four runs in the game including the game winner, with a double and single. He also picked up the win on the mound for Lakers, striking out three while giving up four hits. Paul Dunham hit a solo home run for Vassar.

Brian Morley was the losing pitcher for Vassar. The Vulcans bounced back in the nightcap to defeat Lakers, 10-1.

Vassar hitters crossed the plate seven times in the second inning and added four more in the top of the sixth.

Bryan Parrish hit three singles in as many trips to the plate for Lakers. He also

gave up 12 Vassar hits and took the loss on the mound. Steve Wolfram scored the lone Laker run on a second-inning homer.

Vassar's winning pitcher was Fred Reinfeldler.

Lakers are now 1-1 in league play and 3-4 overall.

Laker Tennis Team Tops In Invitational

The Laker Tennis team swept all five flights to win the Yale Invitational Doubles Tournament last Saturday. Trailing the champion Laker's 15 points were Imlay City with four points, Yale with three points and Bad Axe with two points.

Flight Championship match winners were: Randy Heckman and Jeff Sturm (L) over Greg Dennis and

Dennis Hutchinson (IC) 6-2, 6-0; Tony Garza and Kendall Wertz (L) over Jeff Jasmer and Erik Eida (Y) 6-1, 6-2; Oliver Grandpierre and Dan Bivens (L) over Joe Ankley and James Dean (IC) 6-2, 5-7, 6-0; Chris Williams and Jay Anthes (L) over Laura McDonald and Tim Muldoon 6-1, 6-1 (Y); Jeff Rosenthal and Steve Deneen (L) over Todd Armstrong and Brian Hillis 6-1, 6-1 (Y).

Walks plague Caseville in softball losses

The slide down the winless hill continued last week for the Caseville Softball team. Last Saturday, the Lady Eagles were upended by Port Hope, 11-8 in the county tournament and last Thursday Caseville dropped a double header to CPS, 22-12 and 25-17.

Yvonne Miller and Erin Barton each took a turn on the mound for Caseville against Port Hope. Both Eagle hurlers had control problems and contributed to a total of 17 walks given up in the game.

Walks again plagued Caseville against CPS last Thursday. In the rematch of

a double header, starter Amy Conrad and Yvonne Miller gave up 13 walks in the loss. Miller was the losing hurler in the opening game.

Miller belted a double and Conrad added a pair of singles to lead Caseville hitters in the first game.

In the second contest, Colleen Kopack hit a double and Conrad rapped three singles at the plate for the Eagles.

Caseville was surprised in the first game when an Eagle player was thrown out of the contest in her first time at bat for wearing a necklace.

Does your child have SCOLIOSIS?

Don't feel bad if you don't even know what it means. That's part of the problem. Most people don't even hear the word until it's too late, because scoliosis is difficult to detect in its early stages by anyone but a trained spinal expert like a Doctor of Chiropractic.

What is it? The term scoliosis refers to the lateral or side to side curvature of the spinal column. Without early detection and stabilization, scoliosis frequently becomes a progressive disorder with serious long-term detrimental effects.

Research shows that most adults who have scoliosis, developed the disease between the ages of 4 and 10. It has gone undetected in its early stages for a number of reasons. There is usually no immediate pain involved which means a child doesn't complain about it. Unfortunately, most people, of all ages, do not have routine chiropractic check-ups, nor are general physical examinations directed at scoliosis detection. Until recently, little attention was given to spinal care. Today, all schools routinely check the

children for spinal curvature. In many areas chiropractors performing these screenings have helped improve early detection and stabilization without body braces or surgery. Chiropractors, the experts in conservative spinal health, have spearheaded the research in the diagnosis and treatment of scoliosis. Most Doctors of Chiropractic agree that the best time to detect scoliosis is before the child enters the growth "spurt", typically before the age of 10. For this reason, we suggest that if you have not had your children checked for scoliosis by a Doctor of Chiropractic, that you do so without delay. The curvature can often be corrected or reduced through regular chiropractic adjustments.

INACTION
Scoliosis affects some 600,000 children between the ages of 10-15 in the U.S. It affects girls 7 times more frequently than boys. Without correction, scoliosis is progressive and relentless leading to abnormal function (heart and lungs), abnormal behavior (psychological due to abnormal appearance and ability), permanent nervous system malfunction and a shortened life span. With scoliosis, prevention is certainly worth the "pound of cure".
