The ill-fated train was ditched by spreading rails at Nowicki Siding, a few miles south of Metz, and the terrified refugees were forced to abandon the cars and rush for safety, either down the track with burning forests on each side, or into the plowed fields near the siding.

Eleven of the victims were women and children who were mable to escape quickly enough from the gondoin car which they were occupying. Their car which they were occupying. Their charted bodies were found there Fri.

Hoxen As government bank examiner, it had been revealed that a person of the name of Leslie E. Whiting had been one of the heaviest borrowers from the National Bank of North America, at one time owing the institution as much as \$310,000. There was hardly a week went by in the year 1907, the restimony showed, that Whiting did not borrow \$100,000 or more, giving ice stock, principally, as security. It always appeared in the records as presented, however, that the conduction of Mr. Moxey stanting the name of Leslie E. Whiting had been revealed that a person of the name of Leslie E.
