THE CONGRESSIONAL DELEGATION.

First District—Edwin Denby, R. Second District—W. W. Wedemeyer, R. Third District—M. G. Smith, R. Fourth District—E. L. Hamilton, R. Fifth District—E. J. Diekmann, R. or Edwin F. Sweet, D. Eleventh District—Francis H. Dodds, R. Twelfth District—H. O. Young, R.

*Re-elected. While the normal majorities of recent elections in Michigan have been reduced somewhat, the entire Republican state ticket has been elected by a decisive vote. There developed no such evidence of dissension in the party's ranks as effected such a revolution in Maine, New Hampshire, Massachusetts and other eastern states, and in some sections of the west.

Even in the contest for representatives in congress, but one district, the First, entirely within the city of Detroit, proved close, Frank E. Doremus, Democrat, running Congressman Edwin Denby a race that appears by unofficial figures to have been successful.

The legislature shows Democratic gains, but not so general as to have any effect, and Congressman Charles E. Townsend, the choice of the Republicans in the primaries, is insured a seat in the United States senate to succeed Senator Julius C. Burrows, whose term expires in March.

Early reports of the result in the state by counties follow:

Iron. Nine precincts out of 14 give Osborn 878; Hemans, 158.

Kalamazoo. Eighteen precincts out of 34 give Hemans 1,671; Osborn, 1,556.

Kent. Forty-two precincts out of 67 indicate Osborn will carry the county by 2,000. Hemans carried it by 8,588 in 1908. The same precincts give Sweet (Dem.) but 1,000 majority. Ottawa county will give Diekmann 505 majority over Sweet.

Lenawee. In 5 out of 36 precincts Osborn has a majority of 112. Wedemeyer (Rep.), 846; Helme (Dem.), for state senator; 154; Graves (Rep.), a majority of 640. Hemans is 2,000 behind his majority two years ago. It is thought Helme will carry the vote for state senator.

Marquette. Twenty precincts out of 40 in Marquette county give Osborn 2,701; Hemans, 347.

Muskegon. Thirteen precincts out of 39 give Osborn a majority of 432; Ross, 647; McLaughlin, congressman, 487; Vandervoer, for state senator, 628; Ghes, for state representative, 505.

Oakland. Indications are that Osborn carried Oakland county by a small majority two years ago. Warner carried it by 258. For congress Samuel W. Smith is ahead, but his majority of 1,282 two years ago will probably be reduced. Frank T. Newton, for state senator, holds the normal Republican majority. For representative D. A. DEMOCRATS CARRY NEW YORK, NEW JERSEY, MASSACHUSETTS AND OHIO.

Republicans Retain Majority in Congress, Despite Opposition Gains in All Sections.

Democrats Gain in Congress. Early returns received indicate that the Democrats have gained 10 seats in the national house of representatives. This is partly offset by gains by the Republicans in one New York district. The returns would indicate that the Democrats still lack seven seats of the 22 now necessary to give them control of the house. Gains by the Democratic gains are three in New York, one in Kentucky and one in North Carolina. The probable Democratic gains are three in Iowa, five or six in Illinois and one in North Carolina.

Dix Elected to New York. John A. Dix, Democrat, has been elected governor of New York over Henry L. Stimson, Republican, by between 55,000 and 60,000 plurality. These figures may be reduced or increased by returns from up-state rural districts.

New York city gives Dix a plurality of 100,000, which more than offsets the greatly reduced plurality in the rest of the city. The election of Dix is the greatest victory for a Democrat for governor less than 60,000 plurality.

Below Mr. Dix on the ticket the regular governor, Charles D. Clark, is followed by Democrat, Thomas F. Conway, Democratic nominee for lieutenant governor, running only slightly behind Dix.

The complexion of the legislature, which will select a successor to Senator Chauncey M. Depew, will be settled only by more complete returns. The Republicans will hold a working majority in New York city Herbert Parsons, Republican, as was William L. Bryan, Theodore Roosevelt's home district in Oyster Bay, L. I., gave Dix a plurality of 204 against a plurality of 73 for Hughes in 1908.

In Utah Charles T. Talcott, Democrat, defeated Hillington, Vice-President Sherman's nominee for congress, by 3,768.

Wilson to New Jersey. Returns from the election in New Jersey were very slow in coming in, but figures indicate the election of Woodrow Wilson, Democrat, for governor, the only state office to be filled by a Democrat in the election. Over William F. Ryan, his Republican opponent.

Early returns on the vote for congressman and members of the legislature are too meager to give an indication of the complexion of the complexion of the legislature which will choose a successor to Senator Keam in the state senate. The election of a victory on joint ballot. Later returns give the Democrats a plurality of ten in the legislature.

Harmon in Ohio. A remarkable delay in the counting of the returns in Ohio is due to the fact that because of some scratching of ballots, incomplete official returns from outside precincts are being received. It is approximately five votes to a precinct for Governor Harmon, which if carried would give him a plurality of more than 40,000.

Landslide in Illinois. Returns indicate a landslide in Chicago, where the election of Woodrow Wilson, Democrat, for governor, the only state office to be filled by a Democrat in the election. Over William F. Ryan, his Republican opponent.

Connecticut Democrat. Baldwin, Democrat, is elected governor of Connecticut. The election of a victory on joint ballot. Later returns give the Democrats a plurality of ten in the legislature.

Delaware Republican. Indications are that the Republicans have carried the state in Delaware. This means the re-election of Senator James H. Hamilton for congress.

West Virginia. Democrats of West Virginia have made large gains in every section of the state. The election of a victory on joint ballot. Later returns give the Democrats a plurality of ten in the legislature.

Republicans Victorious in Idaho. Scattering returns indicate the election of the entire Republican ticket headed by Governor for governor, but by required majorities.

Tennessee Elects Fusionist. With east Tennessee giving Hooper, Republican, a handsome majority with the exception of the mountain counties, which went overwhelmingly for Taylor, Democrat, the Republican claim Hooper is elected by 20,000 majority, regardless of what west Tennessee may show for Taylor.

Pennsylvania Safety Republican. State estimates are coming in slowly. Twenty-two precincts in Allegheny, including Allegheny in which is located Pittsburgh, but not including Philadelphia, give the Republican for governor an estimated plurality of 10,000 over Berry (Keystone) (Dem.) Democrat, is running far behind.

Prohibition Passed in Alabama. Prohibition passed a part in the election in Alabama today and many people remained away from the polls rather than vote against the Democratic candidate, Bennett (Opp.) Democrat, is elected governor of Alabama, over J. O. Thompson, Republican, by 20,000 to 30,000 majority at least. Thompson received a big vote because of being a prohibitionist.

The race between Congressman John L. Bennett, Democrat, and M. W. Howard, Republican, in the seventh district is close and an official count is necessary.

MRS. CRIPPEN ALIVE?

FORMER EMPLOYER OF CON- DENMED MAN ASSERTS WOM- AN STILL LIVES.

HE OFFERS \$50,000 REWARD

Philadelphia Doctor Declares One of His Salesmen Saw Belle Elmore in Kansas City in September—Dentist to Hang Tuesday.

New York, Nov. 7.—Dr. J. M. Munyon of Philadelphia announced at the Waldorf-Astoria hotel that he believes Belle Elmore Crippen is alive and has offered a reward of \$50,000 to anyone who would produce her.

He says he will give the \$50,000 to Mrs. Crippen herself if she will come forward and save the life of her husband, who is to be hanged for her murder in London next Tuesday.

"I have believed all along that Mrs. Crippen would appear in time to save her husband," said Doctor Munyon, "but now it looks as though she is keeping in hiding to carry out the most consummate plan of revenge in the annals of women's crimes of jealousy or aise is carrying an advertisement game too far.

"Six weeks ago one of my salesmen, who knew Mrs. Crippen well, while her husband was employed by me, wrote me from Kansas City that he saw a woman get on a train there whom he believed to be Mrs. Crippen. I did nothing at that time, but a few days ago when I received a letter from a Philadelphia lawyer named Tobin saying he had good reason to believe Mrs. Crippen is alive, I determined to act. I have had two letters from Tobin so far and expect to have a personal interview with him in a day or two.

"I never could be persuaded that Crippen killed his wife. He was too gentle a man to do such a thing."

Crippen's Appeal Denied. London, Nov. 7.—Dr. Hawley H. Crippen, convicted of the murder of his wife, will be hanged on November 8. The criminal court of appeals decided against him on all points of his appeal and confirmed the order of execution, which will be carried out tomorrow. The court ruled the temporary separation of the jury did not affect the trial.

Taken Decision Calmly. Changed as he was physically, Crippen maintained his composure even in the trying moment when he heard his doom pronounced. When the court's decision was announced, a warder touched the prisoner on the shoulder, and the letter, without a word or gesture, turned and left the dock. He was conducted at once to Pentonville prison.

SLAYS CHILDREN AND SELF

New Jersey Official Shoots His Two Little Daughters and Then Commits Suicide.

Elizabeth, N. J., Nov. 7.—Edward R. French, superintendent of the public service corporation, and one of the most prominent residents of Elizabeth, shot and killed his two daughters, aged ten and twelve years, and then turned the pistol on himself, inflicting a wound from which he died several hours afterward.

Members of his family and friends believe he was insane as a result of a nervous breakdown brought on by close application to his work.

FIVE DEAD IN MINE BLAST

Gas Explosion in Alabama Shaft Results in Death of Miners—But Few in Colliery.

Pittsburgh, Ala., Nov. 5.—An explosion of gas in the mines at Yolande of the Yolande Coal and Coke company killed five white men. The fact that but few men were in the mines at the time is the cause of the small fatality list.

Sonoma Girl to Be Retired. Boston, Nov. 5.—Sonoma Girl, the famous trotting mare, has been retired from the turf by her owner, Miss Lotta Crabtree of this city. The mare's last race, it is expected, will be at Phoenix, Ariz.

POLE NOT YET FOUND

RASMUSSEN DECLARES

Danish Explorer Quoted As Saying That Neither Peary Nor Cook Made the Discovery.

Copenhagen, Nov. 7.—Neither Cook nor Peary has a shadow of truth in his claims.

No living explorer or Eskimo has been within hundreds of miles of the north pole.

This is the startling conclusion reached by Knud Rasmussen, say missionaries to Greenland, who have returned here. The missionaries, who are deemed religious and reliable, say too that they bring details of Rasmussen's cross-examination of the two Eskimos, Ahwahval and Eturishuk, upon whose testimony Doctor Cook relied for corroboration of his claim that he reached the north pole.

After closely questioning these two and other Eskimos, Rasmussen is absolutely certain that the pole is still un conquered. Rasmussen, an experienced arctic explorer, is the Danish Inspector of Greenland. His mother was an Eskimo, his father a Dane.

Whatever Rasmussen says about arctic exploration is accepted with the greatest faith here. He was a partisan of Doctor Cook at one time. So, if the missionaries quote him correctly, his report will reopen the entire polar controversy.

ROOSEVELT SPEAKS IN IOWA

Ex-President Greeted by Vast Throngs at Every Stop—Pleads for Election of Republican Ticket.

Des Moines, Ia., Nov. 5.—Col. Theodore Roosevelt rounded out a day of campaigning for the insurgent cause in Iowa with a speech last night to an audience of 4,000 at the Auditorium.

The ex-president gave an emphatic endorsement of United States Senator Cummings, Charles G. Glick, nominee for congress, and all the other Republicans who are running on the state ticket.

Before making his speech at the Auditorium, Colonel Roosevelt talked to 10,000 school teachers who are holding a convention here at the Coliseum on "American Ideals."

Colonel Roosevelt reached Des Moines where he started in with his speeches for Glick. He spoke to large throngs at West Liberty, Iowa City and Marengo. Everywhere along the route—the ex-president was loudly cheered.

TIDAL WAVE SWEEPS NOME

Volcano Believed the Cause—Sea Rushes In, Wrecking Houses and Flooding Streets.

Nome, Alaska, Nov. 7.—A considerable part of this city is under water as a result of the unprecedented surf that swept in from the ocean, washing a number of boats ashore and destroying 17 houses.

It is believed by many here that the high sea, which was not accompanied by any wind, is due to volcanic activity.

For several years the water here has been remarkably low, and this resulted in the building of houses close to the shore. It was these that were swept away by the sea.

No lives were lost, but many persons had narrow escapes. The water swept far up the streets, those near the shore being completely inundated.

IOWA LOSES IN POPULATION

Decrease of 7,082 Shown by Census Returns—Result Is No Surprise to Officials.

Washington, Nov. 7.—The population of Iowa is 2,224,771, according to the enumeration in the thirteenth census. This is a decrease of 7,082, or 0.3 per cent, under 2,231,853 in 1900. The increase from 1890 to 1900 was 319,572, or 16.1 per cent.

The decrease did not surprise census bureau officials, as it was in line with what was expected in the agricultural regions of the middle west.

Unless the present basis of apportionment is retained it is probable that Iowa will lose one of her 11 members of congress.

Director Durand attributes the falling off to the fact that the land already is fully occupied and a general tendency toward larger farms.

THURSDAY, NOV. 10, 1910. SCHOOLS IN PUBLIC PARKS.

Boston's finance commission has placed their plan for erecting a series of public schools in one of Boston's public parks. If the suggestion should be acted upon by the board of public works, it would probably result in a unique experiment. A schoolhouse to be built in a portion of the city where property is highly valued and even at a high price it is difficult to get a suitable site. In Washington, D. C., the city has an area of 3,560,125 square feet in such location as to make an ideal site, says the St. Paul Dispatch. The commission argues that the school building will occupy about 12,000 square feet of the park, and that the remaining area will be used for other purposes. The school building will be a maximum number of children and promote the object of the park.

MARVELS OF THE EARTH

Fast on the Alaskan Rocks. To make sweet pickles from cucumbers, peel, cut into slices of one inch. To each seven pounds of the cucumber and one pound of sugar, a pint of elder vinegar, 12 whole cloves, a quarter of an ounce of stick cinnamon and two-thirds of an ounce of sugar, spices and vinegar into a porcelain lined kettle, bring to the boiling point and simmer for three hours. Seal and put in a dark, cool, dry place.

CURIOUS RELIC IS FOUND. A curious and interesting specimen of the fish of a famous old island town, the relic is an ancient circle one-sixth of an inch in diameter. Overhang excavating the Lord's Alaskan ports and venturers, resting on the wall with the naked eye, but perfectly distinct with the aid of glasses.

RAISES SIX-INCH GERANIUM. Richard Denver, a worker at Colma, Cal., has perfected a geranium that is six inches in diameter, which is the largest ever raised in floral culture. Denver also has produced a geranium which is a half-inch in diameter, which is the smallest ever raised in floral culture.

Where Rich Croesus Lived. A woman recently left the hospital with a new nose made from a flap of skin taken from her own forehead. The operation was successful and the patient is now recovering.

NOT INTENDED THAT WAY. In the outskirts of Peekskill, N. Y., is a small chapel with the unique name "Gates of Heaven." A sign bearing the name is on the front of the building.

SIXTEEN HEAD CABBAGE. A western man claims he is insane and brings forward as proof the fact that he was married three times in three months. "Insane" is an inadequate word, we opine.

HORSE AS POLICEMAN. An amusing incident was related to the Dudley (Ind.) magistrate recently, when a horse was also charged with playing the role of Strained twines eight times over.

QUEER DROWNING SEQUENCE. The story of a most remarkable string of drowning fatalities comes from the town of Pease Lake, N. Y. The first was a man named Parrell who drowned while bathing in the River. The second was a man named Parrell who drowned at the same spot next day.

PARTRIDGE WITH QUININE. A flock of 15 young quails about three months old. Several weeks ago a flock of 15 young quails were shot by a man named Parrell. The quails were found to be infested with quinine.
