# Millions of Immigrants Come to America + +

Great Immigrant Army.

sence tends to lower our standards

far has the tendency gone that for the fiscal year recently closed it is shown that 88 per cent. of all comers have been from the races of South Europe and Eastern Asia. The men who are wont to look far ahead in the problems of national well being are be lems of national well being are be like on the franks. Sweden combined to the end of the last "Heavens, they're coming around on me." He trembled before his own adacity and rested his burning creek likes of the franks on instant against the cool softness of the whispered in desperation, "climb breaths.

Sweden combined with the record of land Gauls and Goths and Vandals and swung her up to the open door of the coming around on me." He trembled before his own audacity and rested his burning creek likes of the franks on instant against the cool softness of the monlight and instant against the cool softness of the himself shall set right every wrong. The tree before his own the tree before his own and the freek likes burning creek likes burning creek likes burning cree

For the year ending June 30 last, 1,041,570 immigrants landed in this country. Of these \$68,193 weer from the Mediterranean sea countries, only 173,377 were from all the rest of the world—83 per cent. as against 17 per cent. Even this 17 per cent. cannot be counted as having a tendency to continue the present American type, for in it is included such distinctly different races as Japanese, Chinese, Mexicans, Africans. ainese, Mexicans, Africans.

The point is therefore that the hole influence of immigration is

toward breaking down the America citizenship as it exists today by put-ting in its stead the blood of races that heretofore have had nothing to do with its making. These people have been coming to America for such a short time that the effect that they are destined to have in the course of mown quantity. If the stream of immigration continues in a with the present tendency the Amer-ican of the future is to be a new creature under the sun, but whether improved by the process or mongrel,

Diverting the Tide. The necessity of adopting some means to divert the tide of immigration from the congested centers to the country, where advantages not to be found in the larger cities are afforded, ion has been compiled,

howing the states and territories to

### Hearts by Freight

Advertising IS the greatest single goods, your store, your service. In industry, business and com-

LET THE OFFICE BOY WRITE THE ADS.

By GEORGE S. BANTA, B. My only reason for telling you in this heading to let the office boy write the ade is because such a course would lead to better advertising in many instances. We have a habit of seeing that the office boy does the unimportant details entrust-ed to him, but too many merchants who assume to write their own ads either do not do it at all or else do it so hurriedly and at such irregular intervals that they get only a fraction of the good they ought to from the money they spend.

How long will it take business men to dearn that there is no element of mystery or magic about advertising? Talk all you will about wonderful things that have been done, but there never The business man deals with five M's—money, materials, machiner, men and merchandise. It is not a could be analyzed into brains and work as its two factors. No gardener expects a good crop of onions unless he sows his seed Men are not of such certain quantities as money, materials and ma-

in the proper season and at-tends the plants carefully through the days of heat and rain. Your garden methods will apply to your advertising and A machine will do a known quantity of work in a known time. you won't get great things from It unless you apply your mind to raising original ideas to attract people your way and then working these ideas out with a rea onable expenditure of work great question is one of distribut the getting of things from where t Mind you, I say "work." have known merchants to pass up great opportunities to display the merits of their wares because to have grasped the op-portunity would have taken

me time and work. It goes without saying that such a man is not at heart a great advertise.

er. He is very unlike the mall order man, who, at a recent lows state fair, used up six carloads of melons feeding the of that he paid a \$400 fine to the fair management for giving his melons away without a license. And he did it cheerfully. But that man has his eyes open and his hand ready to turn everything to account in extend-ing his business. He has extend-ed it phenomenally from a few hundred dollars to more than a million just by advertising. Still; I contend, it was just plain 8-R-A-I-N-S and W-O-R-K that
