Almost the entire force of ice harvesters, including many Italians and foreigners who reported for work in answer to the company's advertisement for men, were sitting around the boiler warming themselves when the explosion occurred.

Only Nine Victims Identified. Nine of the victims have been identified as follows: William Dunn, engineer at the plant, thirty-five years old; Edgar Allen, an employee, twenty-eight years old; John Raymond, carpenter; Leo Fernandez, employee; Martin Smith, employee; Wm. ### Thousands Shake the Hand of the President

### Crowds Drenched in Rain at Usual White House New Year Re- ception.

Washington, Jan. 3.—Despite a heavy rain which drenched the crowds, 5,625 persons waited for hours in line to shake the hand of President Taft at the big New Year's reception to the public.

In addition to the members of the diplomatic corps, officials of the government and officers of the army and the navy, whose attendance is in a measure compulsory, a great throng of citizens of all ages and all walks of life waited patiently to pay their respects to the chief executive.

At the hour set for the reception Taft's call announced the coming of the President and Mrs. Taft descended the stairs and took their places in line within the blue room.

The gowns of the receiving party were especially handsome. Owing to the recent death of their son, the Secretary of War and Mrs. Dickinson were absent.

In the blue room were the wives of the assistant secretaries of state, and the navy; the families and household guests of the cabinet members and several of the close friends of the President and Mrs. Taft who had been asked to assist. The group included three children of President Taft's predecessor, Miss Isabel Roosevelt, Kermit Roosevelt and Mrs. Nicholas Longworth.

### Postal Banks Are Opened

### Taking of Savings Deposits Is Be- gun—Depositors Will Receive Two Per Cent. Interest.

Washington, Jan. 3.—Uncle Sam became a full-fledged banker today when an experimental postal savings bank was opened in every state and territory in the Union, in accordance with the postal savings bank bill passed at the second session of the sixty-first congress. The postoffice designated to accept deposits are all of the second class, and are located in communities where the laboring element of the population is large. For the past month Postmaster General Hitchcock has had the various postmasters who will handle deposits in Washington instructing them in regard to the details of the new system. The postal banks will be conducted on strictly banking lines, with the exception that there will be no pass books; certificates of deposits being issued in duplicate. Depositors will be paid two per cent. interest yearly. The postal funds, placed in designated banks by the board of trustees, will yield the government 2 1/2 per cent. It is believed that this quarter of one per cent. difference will be sufficient to meet all necessary expenses of conducting the postal savings depositories.

### 1,500 Shoemakers Strike.

Fifteen hundred persons are idle in Lynn, Mass., as a result of small strikes in different departments of three local shoe factories. ### Gotch Will Not Wrestle

### Retired Champion Emphatically Denies That He Has Any Inten- tion of Re-entering the Game.

Humboldt, Ia., Jan. 3.—"As I have stated before, I am out of the wrestling game for keeps. There never has been an interview coming from me in which I stated that I would go to the mat with Hackenschmidt or any other wrestler. Even if I was credited with saying that whatever Farmer Burns says goes, the fact that my fiancée objects to my re-entering the game is to a certain extent the cause of my quitting."

There are 144 convicts now enjoying their liberty from the prisons of this state under the parole system. Who are living up to the conditions under which they were released, according to the annual report of the state board of pardons and paroles. The board has released a total of 502 convicts on parole during the fiscal year, as compared with 593 the previous year.

There were 10 women convicts paroled this year and 11 last year. Particularly interesting are figures which the board presented showing the earnings of these paroled prisoners. During November of this year the total earnings of the 414 were \$16,359.33, or an average monthly wage of \$39.54, and when it is taken into account that women, young men, old men and cripples are included in the number, they are making provision to their families, employments and acting like good citizens. It is said that the daily wages of these people run from 35 cents a day up to \$5.

The board is exceedingly well satisfied with the year's work. A few changes in the laws are deemed necessary, and the board members, but in the main it is declared the parole system has worked very well and good results have been obtained. The percentage of violators to the total number released is 26.82 and it is considered a very good showing. The total number of violators this year was 126, while last year the number was 159. There have been 73 parole violators returned this year and 82 were returned the previous year.

Among persons drawn for January term of circuit court are: Fred M. Gibson, Clinton; Antonio N. O'Connell, Cambridge; Wm. Cumbers and T. F. Wellwood, Franklin; Robert J. McCaskey, Mason; W. G. Schneider, Tecumseh; Alva Bellard, Woodstock.

Alonso Clark aged 93 years died at the Clinton hotel at Clinton last Friday and was buried on Sunday. Mr. Clark was a pioneer of the village where he was engaged in various business enterprises and finally became a banker. He bought up nearly all the stock of the old woolen mill, set the wheels running, afterwards selling at a big advance. He invested heavily in Chicago real estate and a large drug house, all of which brought him large dividends. Retiring to Clinton he decided to improve the village and built the Clinton one of the finest small hotels in the state. The home has never paid and probably never will, but it has been kept running through his generous patronage. Mrs. Clark died in July 1909. He leaves one son and one daughter who reside in Chicago.

Will Payne who has been traveling in the east for the Ohio Spring Bed Co. and his home at Warren, Pa., has induced the firm to let him have Ohio, Indiana and northern Michigan in place of the eastern territory and he will hereafter make his home here. This arrangement will be a pleasure to his wife who will be near her parents Mr. & Mrs. Henry Leonard.

Fred B. Blosser of Seattle, Wash., writes that Mr. & Mrs. Roland Hall were seen to be seen. Roland married a Bell Lake City girl, and like his wife he has just completed work at Spokane and is stopping at Seattle for the present. He also writes that Mr. & Mrs. Ed Nield were seen in Seattle in the City of Mexico a year or more ago, expect to travel there for California in February. They liked the climate but presume the Mexicans are on a very agreeable people to live among.
