for Rheumatism

mind you of slowness of tissue repair. Erup-tions of the skin and catarth of the mucaous: membranes show diminished nerve power in

The Cure is

San - Jak

In health or disease the re is need of an internal bath. This is best obtained by drinking a glass of pure water with one or two tesspoonfuls of SAN-JAK thirty to surty minutes before breakfast, washing the blood. This passes quickly from the stemach and stimulates the bowels to increased persistal. All, overcoming con dipation and its attendant ills. It is quickly absorbed and extending the blood stream sather the calls of the liver and heart, then passes to the brain and washes out the orbivers and awakens to new life errery cell in the body.

SAN-JAK dilutes the ropy secretions and displices all abnormal in the blood and urine. SAN-JAK greatly promotes elimination, executes downward persistairies, silmulates a flow of digestive luless. It displices the sticky meaons in the month and thurst the sticky mucous in the mouth and threat, allowing the membranes to be bathed in their natural secretions. SAN-JAK is the great medium of exchange in the body, by enabling the kidneys to absorb and eliminate alkaline sniphates which are the products of intestinal decomposition and in reconstructions. destinal decomposition and in renal weak-

Man does not wear out like a piece of machinery by commant disintegration for he is self renewing. When he loses his ability to self renewing to fail in process of making young blood, the nervy times is not semi-cliently nourished and his strength and health fail.

will enable you to keep a perfect betance between the timination and reasonal of the body. Decay of the body at any time of life is unnatural. Permanent waste of the system can be avoided by the use of SAN-JAK. Rheumatism, estarrh and bladder trouble: the source of trouble to humanity. Is due to a too low or high specific gravity of the water, which may be regulated to segmal by taking SAR-JAR.

Swelling under the eyes, grayish white r waxy color of the skin denote grazular itsease of the kidneys. The cure is SAM-Sold by

A BATTLESHIP'S WIRELESS OPERATOR AND HIS OFFICE

lic is taken into the confidence of republic's highest officials, through the medium of the news-papers and public addresses. And no wonder, for such a state of things is assuredly in sharp contrast to the practices that prevail in many foreign countries, where it seems to be the policy of high officials to never

people anything until they have to or antil there is grave danger that they will learn it from some other source and where letters and elegrams are censered in a manner unheard of But for all that it is not the policy of our government to have many secrets from the sovereign American people whose servant it is. Uncle Sam is capable of keeping his own counsel when occa-

don demands it and what is equally important he

the wiser. There is need, too, for dependable meth-ods of secret communication for it would doubtless surprise the average could he know how many people there are who are constantly trying to find out things Uncle Sam does not wish to disclose or at least are trying to find them

USE OF THE DICTAGRAPH FOR SECRET on the subject. When mention is made eavesdroppers of this kind one naturally thinks of the secret agents which every foreign power who has the "key" to is supposed to maintain in the United States for the disguise. In case se of keeping tab on the government's it is desirable the presimoves and of those even more active volunteer spies who though not in the pay of any foreign ular codes of the Unit government are always snooping around trying ed States army or navy, find out something that will be of value to the oreign country to which they are attached by private code of his own, ties of one kind or another. However, these com-prise only a portion of the busybodies upon whom atch must be kept. Even more dangerous, in a way, are the agents of speculators and Wall street gamblers who are constantly seeking advance information as to court decisions and govreports, etc. Our readers may remem-

dent could use the regbut he has a special which is probably the vehicles of com tion used by the govern-

might tap in on long-"tips" as to the government crop reports that is an exclusive telephone system that centers at have, whenever they are issued, an important influence upon prices in all the produce exchanges and cotton exchanges in the land. Similarly there and cotton exchanges in the land. Similarly there camped in Washington during the past winter a number of scouts for the speculators any one of whom would probably have paid many thousands of dollars for advance information as to the findings of the United States Supreme court.

Is an exclusive telephone system that centers at the executive offices, and whereas its radius does not extend beyond the limits of the national capital 4t is of immense service in keeping the nation's rules in close touch with every government official. This special system has no "hello girl" and by means of it the president may, upon taking the findings of the United States Supreme court the findings of the United States Supreme court.

It is believed, howon again.

The woman won the first game, the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and with trembling fingers the little woman won the first game; the Black Knight the second, and who the states are "picked tons" rules in close touch with executive offices, and whereas its radius does not extend beyond the limits—of the national capital and a wall wireless messages are "picked tons" rules in close touch with executive offic

official. This special system has no neito girl and by means of it the president may, upon taking and by means of it the president may, upon taking his place in his specially constructed sound-proof the family official of the army of the great of the tobacco combine and other trusts.

But, after all, the gravest responsibilities that are imposed upon Uncles Sam's secret methods of communication comes are interested to the event-of a crisis that threated are communication comes of any class of the control of the great libest and the solder of any blood between them, and complications of record of the regular much planning and preparation of the great libest solder of the great libest sold

memi-required much planning and preparation on the part of the president and the high officials of the army and navy and yet to quietly did the preparations go forward that—on-third of our standing army was hurrying to the RIG Grande which consists of a master station, the preparations go forward that—on-third of our standing army was hurrying to the RIG Grande which consists of a master station, the protection of the sets the following army was hurrying to the RIG Grande which consists of a master station the granded which consists of the granded which consists of the granded which

that was set before him. I long to the window at the peep of dawn, it was raining.

In the evening, the little boy

SHE WAS WISE Hope

sented in every character of protection and defense, from the beautiful pastoral character of the twenty-third psalm, to the words of Moses' song that thunder cut, "The Lord is a man of War; the Lord is His name." In times of danger Israel had often forgotten the Lord and sought other helpers and found them wanting. They had looked toward Egypt and found it a broken reed; they had made allegiance with the heathen to their sorrow. So now the command of the prophet rings out, "Flee to your Stronghold, ye prisoners of hope."

"A few days after birth we noticed an inflamed spot on our baby's hip which soon began spreading until baby was completely covered even in his eyes, ears and scalp. For eight which soon began spreading until baby was completely covered even in his eyes, ears and scalp. For eight comparison:

"I think," said Lou, "ours was a front the tired face, "but he'll be home overy nice party. And we had ice cream twice, if you remember."

"Oh, I don't know," quoth Elise—she insists upon being called by her the best in this locality, nevertheless, the disease began spreading until baby was completely covered.
