Inch. Climatic conditions throughout ther winter, spring and summer have been entirely favorable to all growing crops. In the western part of the state, or the orchard of Michigan, but few fruit trees were winter willed. It was the first spring in years that reports of the "fallure of the peach crop because of a severe winter or late frosts" were not made. There are more farmers in Michigan now than ever before, and a greater acres age is being given over to all crops. The wheat acreage last fall was considered in the light of a wheat-growing state, but this very favorable yield, together with the prospect of increasing acreage during succeeding years, leads millers to the belief that the state will increase in importance as a fall theat growing the company restraining the city from removing the company's poles.

Drug Store It Beats the World

for Rheumatism

The Cure is San - Jak

In health or disease there is need of an internal bath. This is best consisted by drinking a glass of pure water with one of two teaspoonths of SAN-JAK thrity to surty minutes before breakfast, washing the blood. This passes quickly from the atomach and stimulates the bowels to increased persistalists, overcoming constipation and its attendant ills. It is quickly absorbed and entaining the blood stream bathes the cells of the liver and heart, then passes to the brain and washes out the cobwebs and awakens to new life every cell in the body.

EAN-JAK diletes the ropy secretions and dissolves all abnormal is the blood and urine. SAN-JAK greatly promotes eliminaurine. SAN-JAK greatly promotes elimina-tion; creates downward persistains, stimu-lates a flow of digestive intees. It dissolves the sticky mucous in the mouth and threat ellowing the manipranes to be bathed in their natural scaretions. SAN-JAK is the great medium of embange in the body, by each abling the kidseys is absorb and eliminates alleatine sulphates which are the products of intestinal decomposition and in runal weak-ness or the run cause of Bright's disease.

Man does not wer out like a piece of machinery by constant distribution for he is not reserving. When he looks his ability to self reserving this in process of making young blood, the serve tissue is not sufficiently neurished and his strength and health fall.

SAN-JAK is the only medicine which will enable you to keep a perfect balance be-tween the elimination and renewal of the body. Decay of the body at any time of life is unnatural. Permanent wasts of the system can be avoided by the use of IAE-JAK

Rheumatism, catarrh and bladder trouble, the source of trouble to humanity, is due to a too low or high specific gravity of the water, which may be regulated to normal by taking SAS-JAK. welling under the eyes, grayish white or waxy color of the skin denote granular disease of the hidneys. its place in the ground. It is no wonder that he was sometimes discouraged, disappointed, almost despairing. He has been called "the weeping prophet" because he lived in such dark and evil times, but the only wonder is that he ever had such glorious gleams of hope, and that his prophetic eye ever pierced through the darkness of the night tempest and saw the sliver iming beyond, and the rays of the coming dawn. He was a "meliorist" rather than an optimist. He saw the evil, but he was ever working to make it better. Like a dector in a hespital he looked at disease from the curative standpoint.

Athletes Who Made Good.

Watter Barnes of Roston, who keeps a close watch on things athletic in New England, says:

Burr, Fish, Withington and Fisher, the successive Harvard foothall captains, have been notable examples of the scholar in athletics at Harvard. Hamilton Fish's appointment as an instructor in government at Harvard is an index of his mental caliber."

Insurance Commissioner C. A invited President Taft to attend the Paimer, of Michigan, chairman of the laying of the cornerstone for its new building. Sept. 20. rainer, or aircugan, chairman of the special committee appointed by the national convention of insurance commissioners to investigate certain industrial insurance companies, has districted a meeting of the committee for Detroit, Monday, August 14, at the

At that time representatives of 11 Insurance companies will be given a hearing on the report the committee has prepared as a result of its investigation of their methods of doing business. It is understood that the report contains sensational charges and the meeting promises to be an important one.

Decause the commissioners have left unpaid the \$645 assessed for improve ments, the \$400,000 Ryerson library at Grand Rapids has been advertised for sale:

The Michigan Central depot at Bowagiac was robbed of \$117. A hobo was arested a short time later, and it is claimed the money was found in him.

report contains sensational charges and the meeting promises to be an important one.

The companies involved are the Continental Casualty Co., Chicago; North American Accident Insurance Co., Chicago; National Casualty Co., Detroit; Phoenix Preferred Accident Co., Detroit; Standard Accident Insurance Co., Detroit; Standard Accident Insurance Co., Detroit; United States Health and Accident Insurance Co., Saginaw; German Commercial Accident Co., Philadelphia; Massachuser Seits Accident Insurance Co., Boston; Ridgley Profective association, Boston.

This meeting has been called and according to inside information there will be sensational developments. It is known that representatives of the commanies have been cited to appear before the committee at that time. The indicated action was determined on at a recent meeting of the committee in New York city.
