Approves Good Roads Bond Issue.

Resolutions approving the proposi-ion to bond the county for \$500,000 for good roads and commending the use of wide tires for wagons drawing heavy loads were passed by the Genesee County Pomona Grange. A resolution also was passed urging the establishment of a United States seed testing laboratory at Lansing. An in-vitation was extended to the Michigan State Grange to hold its next session in Flint. State Master N. P. Hull delivered an address at the

meeting.

The Flint real estate board has lined up solidly behind the proposition to bond the county for good roads, and the agitation, although of comparatively recent origin, is gaining great headway in the county.

May Form New County in U. P. That the upper peninsula will have a new county in the near future is a possibility, steps to this end having been taken by the Western Land & Securities Co. of St. Paul, which re-cently created the new town of New Seney.

It is planned to take in a portion of

Schoolcraft and a portion of Alger counties, and create the new county. As the matter will have to come be-fore the legislature, it is likely steps will be taken at the forthcoming session. An election to ascertain the sentiment of the people, will be nec-

> WHAT THIS STATE'S SENATORS AND REPRESENTATIVES IN CONGRESS WILL HAVE TO DO.

ALASKA'S SALVATION IS IN THE HANDS OF SEN. SMITH.

Senator Townsend Will Be Kept Busy With Heavy Work in Inter-State. Commerce Committee Daily Hearings.

In the first regular session of the sixty-second congress Michigan con-gressmen will be engaged in committee on a vast number of important duties.

Senator William Alden Smith, as chairman of the senate committee on territories, will be in charge of the great amount of legislation required for Alaska. In fact, the salvation of Alaska is held to lie in the hands of the senior senator from Michigan. As member of the committee on commerce, on foreign relations and naval affairs, further widely varied mat-ters will be up before Senator Smith, the arbitration treaties, navy expan-sion and questions of industry and

Senator Townsend, chairman of the committee on coast and insular survey, will find still heavier work for him on the inter-state commerce committee which is holding daily hearings on the trust question, seeking to create a body of laws that will regulate industrial corporations. The junior senator is also on the commit-tees for conservation of national re-sources and inter-oceanic canals, having to do with the Panama canal. Doremus to Go to Panama.

Representative Doremus of Detroit member of the inter-state and foreign commerce committee, is going to Panama to secure data on which to base rules for the conduct of the canal. He has also before the house his bill providing a public utilities commission for the District of Columbia, which commission shall also serve as adviser to any municipality in the United States seeking aid on any public utilities problem. The bill is to come up for passage this session.

Representative Wedemeyer of Ann Arbor, a member of the territories committee, will be in the thick of the Alaskan work.

Representative J. M. C. Smith of

Charlotte, on the labor committee, will have to help decide whether or not labor shall dominate the war and not abor said dominate the war and navy departments, or whether labor— reforms—may be inaugurated despite the protests of labor. The question of government action in the McNa— mara_case_may be laid before this committee.

During the early rounds McFarland fairly smothered the little Harlem fighter with a dazzling variety of punches from which there was no es cape. Once he sent Murphy flat on his back, but Tommy was up in a trice apparently none the worse for wear. Time and again Murphy was all but fought out of the ring and appeared to be in great distress, but the well defined punch was not forth-

PLEAD GUILTY TO DYNAMITE CRIMES

CONFESSION BY THE MCNAMARA BROTHERS COMES AS A STUNNING BLOW.

GOLDEN RULE APPLIED BRINGS' FORTH CONFESSION.

James, the Youngest Brother, Will Get a Life Sentence-John 14 Years-Further Confessions Expected.

The most sensational criminal trial ever started in America since the trials of the Molly Maguires or the Chicago Haymarket bombthrowers, came to a dramatic end in Los An-geles, Cal., when James B. McNam-ara pleaded guilty to dynamiting on October 1, 1910, the Los Angeles Times building, in which terrible explosion 21 persons lost their lives in flame and agony, and his brother, John J. McNamara, pleaded guilty to dynamiting the Llewellyn Iron Works in Los Angeles a few days later. The accused men had entered pleas

of not guilty. They had repeatedly protested to all the world that they were innocent victims of a plot. against union labor framed by promi nent Los Angeles men and Detective William John Burns and his agents.
Union labor leaders all over the
United States had railied to their defense and raised a huge defense fund
\$400,000 or more and some of the
ablest lawyers in the west had taken charge of their defense. Socialists in Los Angeles had made their cause their own, awaking popular sympathy to such a degree that election of a Socialist mayor in the municipal elec-tion of December 5 had come to be feared by the conservative elements of the city, the candidate being Job Harriman, one of the lawyers for the McNamara defense. So great was local sympathy that bloodshed at the

polls was feared.
So, when the brothers changed their pleas voluntarily, though on advice of Clarence S. Darrow and Joseph Scott, two of the ablest of their lawyers, the astonishment was not confined to Los Angeles or the Pacific slope, but ran with electric flash to the bounds of the nation.

the bounds of the nation.

Startling as was the sudden confession of guilt on the part of the McNamara brothers, more amazing to the people of Los Angeles was the information that big business menhad brought about the surrender in a navel way.

novel way.

That the application of the golden rule, and the principle of conciliation founded on religious convictions started the ball rolling toward the admission of guilt by the McNamaras, was the theory, supported and confirmed by more than a dozen business men who participated in the movement which stands out foremost as the reason for the abrupt conclusion of the trial which was begun nearly two

day at 2 p. m.

House—Convened at noon.

Committee to notify president that congress was in session appointed. Rep. Littleton, on point of personal privilege, answered attacks upon him charging him with being "a steel trust ally." Estimates amounting to \$745, \$34,563 for the fiscal year were submitted for appropriation legislation. Impeachment of Littleton asked by Anti-Trust league secretary. Rep. Sulzer intro-duced joint resolution providing for the abrogation of the 1832 treaty with Russia. Five new members were sworn in Scores of bills and resolutions introduced, including proposed repeal of Sherman anti-trust and Cana-dian reciprocity laws.

A sensational development of the day was a petition by Henry B. Martin, of the Anti-Trust league, for Mr. Littleton's impeachment and expulsion on the charge of going over to the steel trust in the investigation of that corporation by congress and betraying the interests of the people. The demand was in the form of a memorial and was accompanied by a

resolution.

In the executive gallery of the house guests of President Taft were seated and the public gallery was well filled with card holders from the state department.

CLAY,

I wish to speak of the wonderful cure that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was taken with severe pains in my back and sides. I could not breathe without difficulty. I tried all the different doctors from far, and pear, but they said it was no use to doctor as I would die anyway. I was at the end owny rope and was so miserable with With Suitable Arrangement of Tile Seepage it Is Possible to Secure Practically Spring Flowing From Pond would die anyway. I was at the end obmy rope and was so miserable with pain and the thought that I must die that words cannot tell how I felt. One day a friend told me of the wonderful help she had received from Dr. Kilmer's Swamp-Root. She gave me one of your pamphlets which I read and determined to try Swamp-Root. After taking haif a bottle I felt better. Have now taken ten bottles and am well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that have kidney, liver or bladder trouble, that Dr. Kilmer's Swamp-Root is the best medicine on the market.

All persons doubting this statement can write to me and I will answer them directly.

Yours very truly, CROSS SECTION

Michigan Wheat Market Falls Off.

During November 258,960 bushels of wheat were marketed in Michigan, according to the crop report issued. The estimated total number of bushels of wheat marketed in the four months, August to November, is 6, 500,000 bushels. The total number of bushels yet remaining in the possession of the growers is estimated at 8,144,000. It is the prevailing opinion of the crop correspondents that wheat is not in as good condition as a year ago.
